

*Hallelujah, praise the Lamb
Hallelujah, praise the Lamb
I will sing His praise again
Hallelujah, praise the Lamb*

*Hallelujah, praise the Lamb
Hallelujah, praise the Lamb
I will sing His praise again
Hallelujah, praise the Lamb*

Then cheer, my brother, cheer,

*1 We're floating down the stream of time,
We have not long to stay;
The stormy clouds of darkness
Will turn to brightest day.
Then let us all take courage,
For we're not left alone;
The lifeboat soon is coming
To gather the Jewels home.*

Refrain:

*Then cheer, my brother, cheer,
Our trials will soon be o'er,
Our lov'd ones we shall meet, shall meet,
Upon the golden shore.
We're pilgrims and we're strangers here,
We're seeking a city to come,
The lifeboat soon is coming,
To gather the Jewels home.*

*2 Sometimes the Devil tempts me,
And says it's all in vain
To try to live a Christian life
And walk in Jesus' name;
But then we hear the Master say,
"I'll lend you a helping hand,
And if you'll only trust me,
I'll guide you to the land." [Refrain]*

*3 The lifeboat soon is coming,
By eyes of faith I see
As she sweeps thro' the waters
To rescue you and me,
And land us safely in the port
With friends we love so dear.
"Get ready," cries the Captain;
"Oh, look, she's almost here." [Refrain]*

*4 Oh, now's the time to get on board,
While she is passing by;
But if you stand and wait too long,
You shall forever die;
The fare is paid for one and all,
The Captain bids you come,
And get on board the lifeboat,
She'll carry you safely home. [Refrain]*

Its like that song: People get ready there is a train
a coming. It has been going on since the 60's. There is
no hiding place from that kingdoms throne. It is time to
get ready.

Ich weiss einen Strom,

*Ich weiss einen Strom, dessen herrliche Flut
Fliesst wunderbar stille durchs Land
Doch strahlet und glänzt er wie feurige Glut
Wem ist dieses Wasser bekannt?*

CHOR

*O Seele, ich bitte dich, komm
Und such diesen herrlichen Strom
Sein Wasser fliesst frei und mächtiglich
O Glaub's, es fliesset für dich.*

*Wohin dieser Strom sich nur immer ergiesst
Da jubelt und jauchzet das Herz
Das nunmehr den köstlichen Segen genießt
Erlöset von Sorgen und Schmerz.*

*Der Strom ist gar tief und sein Wasser ist klar
Es schmecket so lieblich und fein
Es heilet die Kranken und stärkt wunderbar
Ja machet die Unreinsten rein.*

*Das Wasser des Lebens, das ist diese Flut
Durch Jesum ergiesset sie sich
Sein kostbares, teures und heiliges Blut
O Sunder, vergoss Er für dich.*

*"Wen dürstet, der komme und trinke sich satt"
So ruft der Geist und die Braut
Nur wer in dem Strome gewaschen sich hat
Das Angesicht Gottes einst schaut.*

*I dreamed of a city called Glory,
So bright and so fair.
When I entered the gates I cried, "Holy"
The angels all met me there:
They carried me from mansion to mansion,
And oh the sights I saw,
But I said, "I want to see Jesus,
The One who died for all."*

*Then I bowed on my knees and cried,
"Holy, Holy, Holy."
I clapped my hands and sang, "Glory,
Glory to the Son of God."
I bowed on my knees and cried,
"Holy, Holy, Holy."
Then I clapped my hands and sang, "Glory,
Glory to the Son of God."*

*As I entered the gates of that city,
My loved ones all knew me well.
They took me down the streets of Heaven;
Such scenes were too many to tell;
I saw Abraham, Jacob and Isaac
Talked with Mark, and Timothy
But I said, "I want to see Jesus,
'Cause He's the One who died for me."*

*Then I bowed on my knees and cried,
"Holy, Holy, Holy."
I clapped my hands and sang, "Glory,
Glory, Glory."
I clapped my hands and sang, "Glory"
I clapped my hands and sang, "Glory"
I clapped my hands and sang, "Glory"
"Glory to the Son of God"
I sang, "Glory to the Son of God."*

The Eastern Gate

*I will meet you in the morning
Just inside the eastern gate
SO be ready faithful pilgrim
Lest with you it be too late.*

CHORUS

*I will meet you (in the morning)
I will meet you (in the morning)
Just inside the eastern gate over there
I will meet you (in the morning)
I will meet you (in the morning)
I will meet you in the morning over there.*

*If you hasten off to glory
Linger near the eastern gate
For I'm coming in the morning
So you'll not have long to wait.*

*Oh the joy of that glad meeting
With the saints before us wait
He'll be with us at that meeting
Just inside the eastern gate.*

It makes a difference when you see that Eastern Gate in Jerusalem, it looks like a pretty sorry sight right now: A muslim graveyard right down from it, all cemented shut. But Jesus is coming in this generation, on the mount of Olives and He will walk over and enter the Eastern Gate, He is not going to walk over no graveyard.

On Calv'ry's hill of sorrow

*On Calv'ry's hill of sorrow
Where sin's demands were paid,
And rays of hope for tomorrow
Across our path were laid.*

*I see a crimson stream of blood,
It flows from Calvary,
Its waves which reach the throne of God,
Are sweeping over me.*

*Today no condemnation
Abides to turn away
My soul from His salvation,
He's in my heart to stay.*

*When gloom and sadness whisper,
You've sinned—no use to pray,
I look away to Jesus,
And He tells me to say:*

*And when we reach the portal
Where life forever reigns,
The ransomed hosts' grand final
Will be this glad refrain.*

*Until you know that loving hand
That reaches down to fallen man
And picks him up above the plan
Where he has trod
Until you know just how it feel
To know that God is really real
You know nothing
Until you know the love of God*

I have been looking at something for the last 2 weeks. I want to see what God is looking at in this hour. What got me on it was, I was reading somewhere, this guy said that he knows what happened before the big bang. You and I know what happened. I believe in that big bang and I don't believe it because the scientist say it, I believe it because I see it in the Bible. There is a big bang in the Bible and it is when God created the universe. So this guy was saying that he knows what happened before the big bang. The thing of it is God knew of every dust particle

there are trillions and trillions of dust particles and God knew exactly what He had in mind and knew what He saw, He saw the end picture.

We are going to go back to where He saw that. It was not at the big bang when everything was establish. When man creates an explosion we don't have control over the particles, they go wherever but God knew exactly where ever particle is going to stop. He had an objective in mind when that big bang happened. He didn't create a big bang just to have an explosion.

That is what I want to talk about today, I want to go back before the beginning and what happened before the beginning. In order, to do that we have to go into the scriptures.

Heavenly Father we just want to go into your Word, help me say it in such a way to help people see the picture of who you really are. Your Word declares it that we may know You and Jesus Christ whom you sent. That is our only ambition for people to get to know you through your Word. We ask that you would give that increase and we ask it in Jesus name. Amen

Before we go into Ephesians 1, I want to read from *John 17:3 And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent.* Our main ambition here is to get people to know God and to show who God really is. There are so

many version out there who God is, some think - He is three, He's two, or He's one. Also, is Jesus God, and all of that. We know who God is, we have gone through this schooling for 20-25 years, just to learn who God is and who He is not.

I want to go to Revelation 17: 1, you will never hear what we are saying unless you sober up.

And there came one of the seven angels which had the seven vials, and talked with me, saying unto me, Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters:

You and I know that that great whore is the Roman Catholic Church. She originated from Constantine's era at 325 AD and the source of her creation is that trinity baptism.

With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

You can go out and tell people and they will not hear you, first of all they have to sober up, and in order to sober up, they have to realize that they are drunk, they are drunk with that false religion. This delusion, it is a delusion this trinity thing, you cannot place it together. We know who God is, and who He is not. He is not three people, that is why you have to go back to Ephesians 1, before that big bang happened. We have to prove it by the scripture to who God really is. The furthest back that you can go is Ephesians one. You

can try to go back before that, to try to figure out what eternity is, you can try it in your mind but you go crazy. For us to try to understand that someone has always been; always existed, you can't do it. You have to have something to latch onto. I don't know if I will be able to describe it in the way that I see it.

Like I say, you have to have go to Ephesians 1, to what Paul said. It is a scripture that I just can't get away from the last 2-3 years, because Ephesians one is the foundation of everything that has ever happened. If you don't know Ephesians one then you can't really navigate through the jungle that we are in. It is Ephesians one that puts the foundation down for mankind. Otherwise you will believe that everything just happened to be.

First of all who is God! Here is that great mind, that great eternal spirit, He was not even God at that time, because God is an object of worship, and there was no one there to worship Him, just that great Elohim, that great self-existing one. That great eternal spirit, just him and him alone, out there filling all. He is not a person, He cannot be put into a form. No man has ever seen God, but we know that He is here. He is everywhere present and nowhere absent, He is all powerful and all knowing, and this God made the plan back there before time. We were created in His image and in His likeness. That does not mean that He has two eyes like we do, and a nose and a face, what it

means is - His thinking capacity. Like you and I think, let's say we want to bake something, you have to plan ahead you have to make sure that you have all the ingredients that you need. This is just a minute example. God He is all powerful, Omnipresent, and all knowing. He is that great eternal spirit.

Let's take a Hutterite colony for an example that is where we come out from and that is mostly our mission. I pretty much saw Acadia and MillsHof colony being established because I was hauling cement there. Let's take Acadia colony for an example it is a fairly new place. At first, when they bought it all that was there was just a piece of land with a grain shed on it. They bought it specifically to build a Hutterite colony. Behind the scene someone had a blueprint, a specific plan with what buildings will be built, where and how. It had to be someone that had a plan and that is what God did in the beginning He had a plan the only difference it God is unlimited, we are limit in out ability. God is all powerful but we only have a limited amount. God is all knowing and we only have a limited amount of knowledge. At the end of the day it is so that we may know God and Jesus Christ who He sent. That is why we put so much emphasis on the true Christian water baptism in the Jesus name. That is why we are so against satan's counterfeit baptism in the titles of Father, Son, and Holy Ghost.

That is also the colony where the bishop from the Oiler faction is out off. I think they call themselves the number one group, let me tell you how you become the number one group - If you have a reverence and a respect for the Word of God. I don't know if he is the smartest person, but it is not about being smart it is about what Jesus said: *In that hour Jesus rejoiced in spirit, and said, I thank thee, O Father, Lord of heaven and earth, that thou hast hid these things from the wise and prudent, and hast revealed them unto babes: even so, Father; for so it seemed good in thy sight. Luke 10:21.* That's the category that you and I fall into 'babe such as would learn'. That is why we know something that has eternal value. In order, to be in that category you have to constantly exercise yourself to be small in your own eyes. Like King Saul, as it is written, when he was small in his own eyes God could use him and when he became proud and arrogant God had to discard him. It is still the same today, I hope and pray that someday that God will find someone in the Hutterite nation that He can use for His Glory that will stay small in his own eyes like King David. There are millions that can identify with that song:

I thought number one would surely be me.

I thought I could be what I wanted to be.

I thought I could build on life's sinking sand.

But Lord I can't even walk without you holding my hand.

*Oh Lord, I can't even walk without you holding my hand
The Mountains too high and the valleys too wide
Down on my knees that's where I learned to stand
Oh Lord, I can't even walk without you holding my hand.*

Do you know bishop Arnold?

Lorraine speaks: Yes, I do know him. He said something that stuck out to me when I was still in the colony, there was a movement among the younger generation they were searching for something. He said: As preacher we have to ask ourselves what do we not have to give to these young people that they have to go look for it somewhere else. That is one thing that I remember about him that stuck out to me.

Sam speaks: Maybe you should go back and tell him this here message is exactly what they are looking for. In fact, it is what every human being is looking for and that is the message for their hour, like the forefathers they stood for the message for their hour and many of them died for it, and we have been revealed a lot more in this hour, but then again it is going to cost you to stand for the message of your hour.

What we are trying to do here is go back to where God made this blueprint, everything is included in Ephesians 1, all the commotion that is going on in this earth today which has been going on for millions and

millions of years. Before there was even a star there were angels present. We can find this in Ephesians, and that is as far back as we can go. This guy said, he knows what happened before the big bang, but he doesn't know because he does not have the scripture. I didn't go reading what his opinion was. When I read it, it just did not leave me alone, and I thought I need to go back and tell the people what happened before the big bang. There was something going on and here it is. It was God planing.

3. Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ:

4. According as he hath chosen us in him before the foundation of the world, that we should be holy and without blame before him in love:

5. Having predestinated us unto the adoption of children by Jesus Christ to himself, according to the good pleasure of his will,

6. To the praise of the glory of his grace, wherein he hath made us accepted in the beloved.

7. In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace;

8. Wherein he hath abounded toward us in all wisdom and prudence;

9. *Having made known unto us the mystery of his will, according to his good pleasure which he hath purposed in himself:*

10. *That in the dispensation of the fulness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth; even in him:*

11. *In whom also we have obtained an inheritance, being predestinated according to the purpose of him who worketh all things after the counsel of his own will:*

12. *That we should be to the praise of his glory, who first trusted in Christ.*

He hath chosen us in him before the foundation of the world. That was before that big bang, and like I said if you try to go back further than that, you can't, I have tried it and you can't, because you have to have something to latch onto. That is as far back in the scripture that I can latch onto. Back to where God that eternal spirit made that great blueprint. He didn't need a computer, nor a piece of paper, all He needed was that great mind of His, *according as he hath choses us in him before the foundation of the world*, and you never want to take your finger of from this: that we should be holy and without blame before him in love. That is the reason why He created us, that is why He put man here, if mankind would just zero in on this scripture, the reason that we are here on this planet is

that we should live, holy, and without blame before him in love. Mankind would flourish. God created us as free moral agents free to make a choice, not like the planets, they just rotate in their orbits, but mankind, and the angels they are going to be tested to see if they are going to make the right choice.

When you read this scripture you will notice that it is all singular, there is no Jesus there, there are no angels there, when He made that blueprint. It is just God, and God alone. Who like we said earlier, was not even called God, it was just that great eternal spirit, that self-existing one. He has all these attributes, He has the attributes to be a real father, but there is nothing and no-one there to be a father to, He has the attributes to be a healer, but there is nothing there to heal. What good are all these attributes when there is nothing out there to express them. That is why before He created an angel, the planets or man, He had to make a blueprint or a plan to how it will all play out. Jesus Christ was back in that plan because God knew that certain angels would fall and that man would fall, and He would need to have a son, Jesus Christ to redeem mankind back to Himself, and that is what the purpose is for Jesus Christ, and why after God, Jesus Christ is the most important person in the universe, because He is going to need Jesus Christ to redeem everything back to Himself. It is all according to the good pleasure of His will. There was no-one else there.

If Jesus would have been there it would read according to the good pleasure of their will, but it is singular, it's just that eternal spirit. If you don't see that then you can get confused by certain scriptures. It can get confusing if you read it without knowing these simple facts. For example, when Jesus said, before Abraham was, I was. Unless you get this down into your DNA, that that self-existing eternal spirit was making a blueprint and a plan for creation: *To the praise of the glory of his grace, wherein he hath made us accepted in the beloved.* That beloved is Jesus Christ because God knew when He made that plan, that Jesus Christ will have to come on the scene and bring us back to relationship with God again - *In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace;* When you read it you will find that Jesus keeps coming up, before Jesus even was, before there was a planet, before there was an angel. Before there was anything God had that great plan in mind. Paul saw all that, God gave him the revelation, and was revealed to write it. Here is the essence of it all: *In whom also we have obtained an inheritance, being predestinated according to the purpose of him who worketh all things after the counsel of his own will.*

That is the key that He works out everything after the counsel of his own will. The Bible was written before the foundation of the world. Jesus Christ was

slain before the foundation of the world. YOU and I were in the mind of God before the foundation of the world, we were sitting here back in His mind, when He planned out His creation, before there was an angel before He created one atom, Ephesians 1 is as far back as you can go. What happened before that and what that eternal spirit did before that I do not know, it is beyond my comprehension. I cannot go there, somewhere in the eons of ages, God, had all these great attributes and planned out His creation and once He was done planning it out, He had to get it into motion. The first thing that He did was He created angels. Once He was done with that plan He started to set it into motion. It says, that He is going to make sure that that plan that He made is going to be fulfilled right to the T.

In that plan, He made the angels and then later on man, free moral agents, we are not robots, and He created us *that we should be holy and without blame before him in love*. That is all that He expects from us. In order for you to see the picture, and I am saying this for the purpose because we are going to put this on a podcast. There are a lot of opinions to who God is, but you and I have been schooled, and we can go back to eternity as far back as that great council and like I said that is as far back as you and I can go. It was Him and Him alone back there no one else.

In order to back up what I am saying we are going to go to Job 38. That is where you are going to see a picture, I do not know how long it took Him to create the angels but I know how God works He is the same yesterday today and forever. He creates one angel and then He enjoys that one angel and then maybe after a billions of years He created another angel. There was nothing to hold time yet. Time began where He created the universe, before then there was no time yet. So it did not depend on time, all I know that there are a lot of angels out there legions and legions of angels, it says in Daniel 7: *A fiery stream issued and came forth from before him: thousand thousands ministered unto him, and ten thousand times ten thousand stood before him:* There are millions and millions of angels and how long it took God to create them I don't know, but I know it wasn't a puff and there were all these angels. He created one, the first on was just a lowly angel, and He kept going higher and higher, and I can prove all that to you. I have scripture to prove it, if you don't have scripture to prove it, then you are just like a lot of people walking in a deluded state of mind and will believe anything.

Just to back up what I am saying that these angels were not created in time, God created the angel before time begin, in other words they were not created in time but before God created the planets. I am going to read *Job 38:1-7*

1. *Then the Lord answered Job out of the whirlwind, and said,*

2. *Who is this that darkeneth counsel by words without knowledge?*

3. *Gird up now thy loins like a man; for I will demand of thee, and answer thou me.*

4. *Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding.*

5. *Who hath laid the measures thereof, if thou knowest? or who hath stretched the line upon it?*

6. *Whereupon are the foundations thereof fastened? or who laid the corner stone thereof;*

7. *When the morning stars sang together, and all the sons of God shouted for joy?*

Job thought that he knew something but he found out that he actually did not know much. So somewhere at one time there was no earth, it is like when you build a house first you would plan out the blueprint, then you would look for a piece of land that you want to build that house on, then you would put the foundation in. So there was a beginning point for the house the same here when God laid the foundation of the earth. The key to what I want to bring out here is this verse: *When the morning stars sang together, and all the sons of God shouted for joy?* This is your angelic host.

I want to prove something to you here that before those angels can go into service they have to be tested. If you will notice that it is all still singular: *Where*

wast thou when I laid the foundations of the earth?

Even though there was a host of angels there, millions and millions of angels when He laid that foundation, it is still Him and Him alone doing it. That is the key, God cannot use these angels until they are tested. Once you see that it is a beautiful picture. When He created the universe, that big bang, He knew where every particle is going to stop; He knew exactly what He was doing. Just visualize it, the whole universe full of dust particles. God had an objective in mind because He made that blueprint back in Ephesians one, before there was angel, before there was anything. Here in Job He has that whole angelic host created, and Lucifer was the last one that God created. He sealed up the sum.

When they load up a trailer, they load it up with cabinets and before you can put that seal on the order has to be complete. You cannot put that seal on if it is only half full and the order is not completed. It is when the order is complete and that last cabinet has been put on there that you can apply that seal to the trailer. When all these angels were created, Lucifer was the last angel that God created. Here are all these angels but they are free moral agents. Angels have a spirit whereas the planets they don't they just rotate around their orbit. Here are these angel now and God is going to test them. When God created man it was no longer singular as in I, it was plural and in us.

We are trying to find out who God is and who He is not. We already know and are trying to explain to people who God is and who He isn't. He is that great eternal spirit, the creator. Jesus Christ did not create nothing, and to this day Jesus Christ cannot create nothing. Jesus is the redeemer, when He gave His life on calvary, He redeemed everything back to God, the whole creation. When He comes back to rule and reign for a 1000 years, and by the end of the 1000 years everything will be redeemed back and Jesus is then going to hand the kingdom back to God.

God promised to send a deliverer that will redeem everything back again that was lost because of sin. That is why we can never praise Jesus enough we can never lift Him up enough, because He is the man. When we brag it is about Jesus it is Him and Him alone. Without Jesus we would be lost. That is why Jesus is so important, to us anyway. Some people thing that they are important. We are just doing our little part down here, and hopefully at the end of the day we will be found faithful.

The Lord told us to start up this website and that is what we are doing. There is nothing about us that has any virtue. Like that song says: I can't even walk without you holding my hand.

Before the foundation was laid, God had created all these angels but there was nothing to test them with, so God created this planet, I know that there are

lots of other planets out there, but these planets were created to keep time with, before that there was no time. I don't know how long it took but just to prove something to you. Let me explain it to you this way. There is this little dust particle named earth and what God does He touches it with gravity and that gravity around that particle starts pulling in dust particles, and that is the way that this planet was created and that is the same way He did with Mars, Venus and all these planets and all these things out there in the universe. He just touches certain ones and they attract these other dust particles. If you go through the mountains you can see layers upon layers. It is electricity, like a pulse, a gravity pulse. I don't know how many pulses it makes, but I do know that God, when He created He knew exactly where every dust particle is going to end up.

Just to prove what I am saying is right, if they put a satellite up there and it runs out of batteries gravity will pull that satellite in, just like it did back there when God created it all. Each planet pulled in its share of dust particles. All over the universe all the planets pulled in their dust particle. It is like a giant vacuum cleaner. I have been driving through the mountains and I can prove all that. We have been looking at these layers, and layers. I do not know the whole scoop of it but I see layers and layers, and I could see how God did that. It is still here today. It's still out there visible to

see. I want to covered this because there is a lot of controversy out that Lucifer was the first angel that God created. They will say that because He is called son of the morning it means he was the first angel that God created. You have to go to the scripture, because this is serious stuff. In Ezekiel the king of Tyrus is used as to bring out Lucifer's hour, when Lucifer was still in the garden of Eden. If you go to *Ezekiel 28*:

12. *Thus saith the Lord God; **Thou sealest up the sum**, full of wisdom, and perfect in beauty.*

13. *Thou hast been in Eden the garden of God; every precious stone was thy covering, the sardius, topaz, and the diamond, the beryl, the onyx, and the jasper, the sapphire, the emerald, and the carbuncle, and gold: the workmanship of thy tabrets and of thy pipes was prepared in thee in the day that thou wast created.*

14. *Thou art the anointed cherub that covereth; and I have set thee so: thou wast upon the holy mountain of God; thou hast walked up and down in the midst of the stones of fire.*

15. *Thou wast perfect in thy ways from the day that thou wast created, till iniquity was found in thee.*

What we want to capitalize on here is the fact that Lucifer sealed up the sum, meaning he was the last angel that God created. All you have to do is get sobered up a bit, and use ordinary events to help you understand.

In Revelation, it says that the inhabitants of the earth have been made drunk with that trinity spirit, no matter what the Word says. I know what I am talking about, you are living in a delusion, I have been there, and nobody can tell you anything because you are convinced that you are right. I had to sober up and get baptized in Jesus name, and get rid of that trinity spirit by the grace of God.

Back there when those angels were still one they all stood together, they were perfect, but you see at that time they were not tested yet. Thou wast perfect in thy ways from the day that thou wast created, until Lucifer was tested, and he made the wrong choice and iniquity was found in him.

When you work with boilers they have to be tested at 562 lbs, but the operating pressure is 200 lbs, let's say you would keep putting pressure on the boiler it would eventually explode. If it has a weak point it will bust around the 200 mark. There might be a weak piece of steel in there or something and it will explode before its operating pressure.

When God was finished creating the angels He created the universe and all the angels were present when that big bang happened. I don't know how long it took, but there were billions of years.

Prior to Lucifer's fall there were some angels that fell first and to prove it to you I want to go to *Jude 1:6*.

And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day.

Back in Job every angel was there and they were perfect in all their ways. God made them to be free moral agents and they were free to do what they wanted. They could stay within the confines what they were created to be or they could go do their own thing. This is what happen here these angels left their estate, they did not stay within their God created ability. They were all giving a job to do and all they would have had to do is stay within the confines of that role. They had a choice to make, and could step out of their role anytime but with consequences. It brought about lawlessness, like Obama. There was no sense of accountability. It's like this immigration thing, they think they can just go into a country and abuse the system. That is what these angels were doing, and really what is going on in America today is everyone is being tested. They don't know that, but that's what's going on. They are being tested to see if they will have a role in the millennium, people like Mark Levin and Ted Cruz, and all these people that are standing up for the Constitution, they are going to have a reward.

These politicians that support a diabolic agenda they are not going to get no reward. You have to see that there is nothing new under the sun. Everything is

repeating itself, in that God is testing people. He has given mankind, just like He gave these angels here, a freedom to go do their own thing. There is something in that scripture back there and when I read that it stuck out to me, those angels knew what they needed to do, but they had to make a choice - am I going to stay within my created area, or go do my own thing. All they would have had to do is stay within the confines of their ability, but see they did not have the fear of this Word. It says: *And the angels which kept not their first estate, but left their own habitation.* The reason I am going over this thing is because we are all going to be tested, and the choice that we make will determine the outcome.

I want to go over Isaiah 14, and the reason I want to cover that is because when Lucifer fell there were already angels down in Hell. Prior to the angels that fell and were judged in Jude there was no Hell. Why would there have been a Hell if there was no need for a Hell, when everything is in harmony. When God judged these angel God had to create Hell, and Hell is in the centre of the earth. How did God create Hell - that is where you get these mountains from. We were at a museum and this guy was telling us how old all the mountain ranges are, and about the 2 ice ages and it explains everything and lines up with what you and I know in the scripture.

We already know what the scripture says about the angels in Jude falling, and how God had to create Hell, now let us read about the fall of Lucifer. Lucifer was one day found not to be faithful. He failed his test. To prove to you and back up what I am saying: *Isaiah 14:9-16*

9. *Hell from beneath is moved for thee to meet thee at thy coming: it stirreth up the dead for thee, even all the chief ones of the earth; it hath raised up from their thrones all the kings of the nations.*

10. *All they shall speak and say unto thee, Art thou also become weak as we? art thou become like unto us?*

Here it lets us know that there was already a Hell and that there were already subjects in Hell. If you read it you can see that Hell was already created and had occupants.

11. *Thy pomp is brought down to the grave, and the noise of thy viols: the worm is spread under thee, and the worms cover thee.*

12. *How art thou fallen from heaven, O Lucifer, son of the morning! how art thou cut down to the ground, which didst weaken the nations!*

13. *For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north:*

14. I will ascend above the heights of the clouds; I will be like the most High.

15. Yet thou shalt be brought down to hell, to the sides of the pit.

16. They that see thee shall narrowly look upon thee, and consider thee, saying, Is this the man that made the earth to tremble, that did shake kingdoms;

Lucifer decided one day that he is going to ascend above the heights of the clouds and I will be like the most High. Some people say that he was so close to God, that he could do everything that God could do, except he could not create anything, and that is giving him a lot of power.

It says that he is the most anointed cherub. So he was a very powerful being. When Lucifer fell he knew the consequences of his decision. God does not change He is the same today, yesterday, and forever, He let those angels see what happens when they step out of their created role from what happened to those angels in Jude.

You have to go back to Ephesian to see what God created us to be: that we should live holy, without blame before Him in love. They knew what was right and wrong, I know that they did not have the Bible like we do, but they had something that governed them. I do not know how long God allowed Lucifer to do his thing, God didn't call him into check until he decided he wants to be like the most High. He still has that

same ambition today. Here is the thing when Lucifer fell one-third of all the angels fell with him, it has nothing to do with the ones in Jude, because the ones in Jude, they are still tied up, but those angels that fell with Lucifer they are roaming around and we know them as demons. They got thrown into Hell but are not chained like those angels in Jude. One-third of the angels went with Lucifer, and here is where you and I have to use that as a lesson - If you support evil, and I'm going to use what is being done in our day, if you hear someone preach another gospel than that we have been taught and you support it, that is the same thing those angels did that went along with Lucifer.

We have covered that leavening of the Word of God. We know that God gave the children of Israel 7 ceremonial feast, and the second one represents that throughout the Grace Age, a period of 7 church ages, you and I cannot participate of that leavened bread. They were commissioned to not even have it in their homes, that represent the 7 church ages. What I am saying here is these angels that fell with Lucifer they were not even questioned. It doesn't say in the Bible why, when, or how. All it is in there is they fell along with Lucifer. That is going on right now too, if you don't practice evil but you are siding with it and that makes you a partaker of it.

Let's say that someone in the pulpit is preaching contrary to scripture and you might tolerated it one

time, twice, or three times, but there is something inside of you that keeps gnawing away at you, that you can't go along with that and eventually you are going to have to make a cut. You have to make that decision for yourself even if you stand alone, you still have to make that decision - that is not right and I am not going to go along with it, even if I stand alone then I'll stand alone. So you pull away from it, and that is what happened to those angels. The Lord allowed Lucifer to do things that are shady but in it the Lord allowed it to test those angels to see what side they are going to choose. I can't prove it to you, but I know that one-third of the angels went with him. They did not just go with him because of the colour of their hair. They choose to support that evil entity, which was becoming very obvious.

After brother Jackson left the scene I saw what was coming to Faith Assembly, and I wanted to warn those people, but the Lord let me know - No, we have to let this thing run its course, I am testing everybody. Then He gave me the vision about Gideon. God is testing people when God took brother Jackson off the scene, all these ministers are coming out with this, that, and the other, and in the meantime God is sitting back and watching to see what is going on. He is not forcing anyone, He is not twisting no arms. Some He might put a stumbling block in the way. He has done it

to me a few times. He did not make me He just let me know that that is the wrong direction to take.

Going back to that great council that He had with Himself. It was only Him and Him alone back there, Jesus was not there when He planned it out, while He counselled with Himself Jesus was in the mind of God.

We are being tested here now to see if we are going to be able to go into the Millennium to rule and reign with Jesus Christ, to see if we are going to qualify to be in the Bride. I want to show you something in Genesis, we have covered how God made a blueprint, that blueprint is creation and then He created the angel and once he was finished with that He created the universe, something to keep time with and a testing ground for the angels and eventually man as well. We know that there are two different groups of angels thereby resulting in two judgements of Ice ages and these are the angels of Jude and then Lucifer along with the angels that went along with him.

When God created man He could use the angels to assist Him because they were tested already.

In the beginning God created the heaven and the earth. The beginning that it is referring to here is the creation of the universe. The planets, like brother Jackson said, is God's time clock. In today's world everything is digital but back when I grew up we had these stop watches, when you took them apart there were a bunch of gears in there to keep time with. The

planet earth is God's laboratory in which He tests, first the angel of Jude, then the morning stars along with the rest of the angel and then finally man. We know that there are two classes of angels according to *Job 38: When the morning stars sang together, and all the sons of God shouted for joy.* There are two entities there the morning stars and the sons of God. The angel saw when God created the Heavens and the earth.

Here with the creation of man the angels are now involved, Jesus is not there nothing but these angels. He is speaking to these angels that have passed their test, and here God is including them. These angels were found to be faithful and true and now He can use them. They are part of His family. Here it is speaking plural, back when He had that great council, and when He laid the foundations of the earth it was Him, and Him alone. It is important to see that and understand it, so we know that we are being tested, mankind is also being tested.

And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. Genesis 1:26

Here God is calling on the angels to assist Him in creation. Angels and mankind are created to make a choice, they are created as free moral agents. They are

free to make a choice, between right and wrong, and what He created us for is to live holy, and without blame before Him in love.

The American Constitution is almost like the Bible, it is such a fool proof document. God had America in mind when He had that great council, there is not much written about America in the Bible just in Revelations 13. There is nothing in the Bible about you and me but by the spirit of God He directs you. My life journey is not written in the Bible but by His spirit and before the foundation of the world, He had me predestinated and He knew exactly what I was going to do. When He put me under pressure He knew that I am not going to compromise. That is why it says predestinated, but before He could predestinate you and I He had to foreknow what we are going to do and the decision that we would make, that is the foreknowledge of God when He planned out His council.

God gave George Washington a vision and in that vision He told him of the three perils that would come upon America, and in that vision it says, "Let every child of the republic learn to live, for his God, his land and the union." This is basically the same thing as in that great council, that He created mankind to live holy and without blame before Him in love, God raised up America, that people can live for their God, a holy and upright life, and the government will protect the people

that they can do just that. That is how the Constitution came about, the founders set it up in such a way to protect the individual's right. That is why America is such a special country. Sure now it has been infiltrated with every devil in Hell to try to destroy it but that does not mean that God is not in charge.

At the end of the day according to George Washington's vision America is going to stand, because that is what God saw back in that council. You have to see what God is looking at, if I could help people see that the only thing that matters is what God is looking at, because what God is looking at will eventually come to be.

God was looking at Calvary, so there had to be a beginning point, and when the fulness of time came Gabriel was sent to Mary and Mary conceived of the Holy Spirit, and it happened, it just happened because it was in the mind of God. When He acted out that council which He had counselled with Himself when He alone existed, that thought that rested in the mind of God was released and it came to be, it came into existence.

It is the same with America there will come a time when the American Constitution will be restored to what it was meant to be. We know that by the vision that God gave to George Washington. He saw that third peril and when it was over the towns sprang up and it says, that the republic will stand. Before that will

happen you will see blood shed and it is in the process towards that.

I know they are trying to promote the convention of the states, but its beyond that now. God is not looking at that right now. The convention of the states was put in by the founders, and that should have been implemented for the last 200 years before all these perverted Presidents came it. The states they should have rose up and used that clause. As things are right now you could not even begin to implement it, because the governments in America are so corrupt and are so leaning left, that it will take more that that. You have to stay with logic, and we know that George Washington's vision has to come about, and that is what God is looking at.

We have to go back to that great council, that God and God alone made that blueprint, and He is going to see to it that everything is going to go according to the council of His own will. That means if someone is going to try and mess with that plan they will bear the consequences of it, like the devil he has been trying to mess with that plan before he even fell.

A lot of people put a lot of weight on Churchill that he was such a great man, it was God that raised up Churchill, because of the council of His will. Hitler was doing things that was not in the council, that one man should rule the world, so God raised up Churchill to combat that thing.

Here in America in the 1960 America was in decline so He raised up Reagan. It is not because they are such great people, it is God that raises them up. Even before Reagan was born, it was foreknown. Something was inbuilt that he would read all these notes, and be the makeup of that sort of a person to kind of put on the brakes against the decline of America. Had it not been for Reagan then this country would have been taken over already. Reagan had their number these Marxist, he fought them out in California, so God used him to put the brakes on it, because it was not time yet for that third peril to come about.

God never gets the glory for it, but He does here with you and me, we gave Him the glory. God gave Churchill the characteristics, the spunk to stand up. He raised up Reagan, and Mark Levin. He raised up these people in their hour. He raised us up to stand against all these opposing forces. We are not worried about all the critics and what they say do or think. We were not created to please men, but God. We are just moving ahead day by day and saying the things that God puts on our hearts to say. We are not compromising we are not giving in. We are solid. We were created for this hour that we are now living in to take a stand. That is how God does it He raises up one individual like He did in Moses hour to lead the children out of Egypt. In

America He raised up Donald Trump had Hilary gotten in then the country would be lost.

I just read it on commentary today that the world marvels at the accomplishment that that man as achieved in America and around the world. There was a guy in the states, he is passed on already, but he had a prophecy that Trump is going to be President and they are going to try to impeach him but will not succeed. He might be doing somethings that I don't necessary agree with but at the end of the day it seems to work out.

All that happened back at the great council, you have to see that, if you don't see that you are just out here floating in space. It didn't just happened, No, everything was planned out in that great mind of God. It is important to know that when that big bang happened God knew exactly where every planet is going to stop, and He wanted a planet earth for a testing ground, where He is going to test these angels first to see if they will be found faithful and He gave them all a specific job to see if they are going to stay within their estate. That is why these Ice Ages came about, when those angels were tested because they made a decision to leave what God created them to do, it caused chaos and God had to bring about judgement.

First, He had to create a place for these fallen angel, which is Hell, for that it needed tremendous

heat and then these Ice Ages resulted. I don't know how He does it all, I just know that He does and then all the animal kingdom died. Then after million and maybe billions of years when the climate allowed it He resurrected them again, and started again, this time He's going to test the morning stars, and when Lucifer went down, Hell widened its borders. How does Hell widen its borders - God has to push out more mountains to make room. We drive through these mountains and canyons and to us it just confirms what we already know. You can see how they were pushed up. At one time the planet was only one-third the size. There was only one continent and no big ocean. God had to blow it up twice, first with those angels in Jude and then with Lucifer and his angels. If I had all the graphics here I could prove it to you but it is all in the Bible.

Ephesian 1, is so very important, it is Him and Him alone. You have to understand who God is: That great eternal spirit, always was and will be. One day I want to go in to how God has set about redemption. When God does something the devil is right there to pervert it. It is up to you and me to stand guard. God placed these types in the Bible, like the feast of unleavened bread for seven church ages we are not to partake of any false doctrine. It is so important to you and I, it even says who's soul will partake of leavened bread will be cut off for the common wealth of Israel.

That is why it is so important to you and I to stick with that Word, and don't let anyone come in to pervert it. Like what happened after brother Jackson left the scene all these men started coming out with perverted teachings. Things that were firmly established in our heart and soul, for those 15-20 years that brother Jackson was preaching I knew it was vitally important. I said to myself - I am going to make sure that I don't miss one convention. I am going to catch every service and I would tape it until it went down in my DNA. There was something inside of me that knew that it was important, and to cherish it. Now today I have it if someone comes along they can't take it away, and if someone tries he has already lost before he can start. They come along so sleazy. They don't come along and tell you what their motive is. Like they don't come out and say - I want to put away everything that brother Jackson ever taught. They don't come out and say that, they come along with _ 'is it really'. Like that serpent in the garden, and if you sit back and you analyze it, it is that same spirit. They come about it in a round about way. That is why we are being tested and we have to stay with that unleavened Word. The minute you don't is you are done. We are still being tested today.

There are two things that stood out to me this week. That we may know God. How do we know God - we know Him by His Word. God is the creator and

Jesus is the redeemer. When Jesus was in that garden He had to make that decision on His own, He prayed not my will but thy will be done. That is contrary to what these angels did in Jude. They wanted to do their own thing. In order for Jesus to bring it all back He had to surrender His will to the will of the Father. He had to make that tough decision. That rebellion that these angels started had to be conquered and Jesus did it all. In order to bring the universe back. God had to have an instrument to do it with and it was Jesus Christ that is why we can never take any credit. It was Jesus Christ and He had to do it alone. These angels know it, they will never let you praise and lift them up, they will be very embarrassed they know that that place belongs to Jesus Christ. Yet there are a lot of people out there that can't wait to be lifted up and to be glorified. We can only do our part sometimes you wonder are we doing enough, but we can only do so much and hope someday it will touch someone.

God put His Word above His very name. That is why He gave mankind His Word. That is why Jesus is called the Word of God because in that garden He said: not my will but thy will be done. Jesus let that Word direct Him. God cannot even change His Word.

Heaven Father we thank you for this opportunity to look into you Word, I pray that you will give that increase, use us for your honour and glory. Do with us as you see fit, in Jesus Christ Name we pray. Amen
