

On a hill called Calvary, Jesus my Lord suffered for me.
Carried the cross all the way my sins to atone.
Then they nailed Him to a cross, great was the pain and the loss
He suffered it all, (He suffered it all)
Because He loved me. (Because He loved me.)

Chorus

Because He loved me, my Savior died, on the cross was crucified
No greater love for mortal man has ever been known.
Oh praise His dear name, He loved me so, now I am His, He's
mine, I know
He suffered it all, (He suffered it all)
Because He loved me. (Because He loved me.)

Verse 2

Then they carried Him away, placed Him in a lonely grave
Surely they thought that this would be the end of this man.
But on that third and glorious day, God came and rolled the stone
away,
He rose from the dead (He rose from the dead)
Because He loved me (because He loved me).

God sent His son, they called Him, Jesus;
He came to love, heal and forgive;
He lived and died to buy my pardon,
An empty grave is there to prove my Saviour lives!

Chorus

Because He lives, I can face tomorrow,
Because He lives, all fear is gone;
Because I know He holds the future,
And life is worth the living,

Just because He lives!
How sweet to hold a newborn baby,
And feel the pride and joy he gives;
But greater still the calm assurance:
This child can face uncertain days because He
Lives!

- Chorus

Because He lives, I can face tomorrow,
Because He lives, all fear is gone;
Because I know He holds the future,
And life is worth the living,
Just because He lives!
And then one day, I'll cross the river,
I'll fight life's final war with pain;
And then, as death gives way to victory,
I'll see the lights of glory and I'll know He lives!

- Chorus

Because He lives, I can face tomorrow,
Because He lives, all fear is gone;
Because I know He holds the future,
And life is worth the living,
Just because He lives!

I want to read something in Ezekiel 18: this is something that the Lord has been dealing with me on all week. When I listen to the messages that we've had like the one titled, 'Walking with Jesus', I

know that there are a lot of people that have never experienced something like that, but that is one of the things that the Lord dealt with me early on when He saved me, He just gave me a scripture, 'I can only reward you for what you have allowed me to do through you'. So that has been on top of my radar. No matter what I do, it does not amount to a hill of beans because you are not going to get an award for it anyway; Its like going to work and not getting paid. That is just the grace of God that He dealt with me early on, as a Christian: that no matter what I do on my own it will not amount to nothing, it is only by what I allow Him to do through me. Like I said that has been my ambition: to do what He wants me to do.

So during the week He will deal with me and this week He dealt with me on this scripture: If a man lives 99 years of his life ungodly, and in the hundredth year he turns around, that is just the grace of God, and when you listen to these messages that we are having, there are people that will get discouraged and think, 'Man what have I done'. Like that Mumma from Sunnyside he would die with cancer and he was lamenting on how he never did nothing for the Lord. He just wasted his time away. There is only one life that we live so you might as well make it count and that has been my

ambition in life, if I go through life I might as well try to do something for the Lord. I know a lot of people they go through life and they don't care, they just live from day to day. They don't worry about their salvation, they are not even Born Again.

Well, I have always been concerned about my salvation and I have always tried my best to do whatever I could, I could have probably done a lot more but at the end of the day it has always been my ambition to do something for the Lord. Like that song:

*Muss ich geh'n mit leeren Händen,
so vor meinem Herrn zu steh'n?
Kann ich keine Seel' im bringen,
keine einz'ge Garbe seh'n?
"Must I go, and empty-handed?"
Must I meet my Savior so?
Not one soul with which to greet Him:
Must I empty-handed go?*

Hopefully here with this message I can encourage someone, that you can always start somewhere. If you spent ninety years doing nothing then hopefully you can spend your ninety-first year. Here it says in Ezekiel 18: 19

19. Yet say ye, Why? doth not the son bear the iniquity of the father? When the

son hath done that which is lawful and right, and hath kept all my statutes, and hath done them, he shall surely live.

20. The soul that sinneth, it shall die. The son shall not bear the iniquity of the father, neither shall the father bear the iniquity of the son: the righteousness of the righteous shall be upon him, and the wickedness of the wicked shall be upon him.

21. But if the wicked will turn from all his sins that he hath committed, and keep all my statutes, and do that which is lawful and right, he shall surely live, he shall not die.

22. All his transgressions that he hath committed, they shall not be mentioned unto him: in his righteousness that he hath done he shall live.

23. Have I any pleasure at all that the wicked should die? saith the Lord God: and not that he should return from his ways, and live?

24. But when the righteous turneth away from his righteousness, and committeth iniquity, and doeth according to all the abominations that the wicked man

doeth, shall he live? All his righteousness that he hath done shall not be mentioned: in his trespass that he hath trespassed, and in his sin that he hath sinned, in them shall he die.

No matter what the dad does, you are not responsible what your dad does, and neither is he responsible what you do. Each of us are responsible before God what we do with our lives. You cannot stand in the gap for nobody else you can pray for them but at the end of the day God is going to hold me responsible to what I have done with my life. In one scripture it say that God does not take pleasure in the destruction of the wicked.

27. Again, when the wicked man turneth away from his wickedness that he hath committed, and doeth that which is lawful and right, he shall save his soul and live.

28. Because he considereth, and turneth away from all his transgressions that he hath committed, he shall surely live, he shall not die.

Lets say if a man lives ninety-nine years a wicked life and in the one-hundred year he turns around God is not going to remember his wickedness, He will wipe it off. That is what I'm

trying to say, if you spend ninety-nine years living for the flesh doing your own thing, you can always turn around, you can always start somewhere but if you never start, you will never get anywhere. It is the same as when you lived a righteous life for ninety-nine years and all of a sudden you decide that it is not worth it: I'm going to turn back then all that righteousness that you have done is not going to amount to a hill of beans.

That's basically my thought, I know that there are a lot of people that are going to get very discouraged when they hear that a person has tried, his best, all his life to be mindful to what the Lord is doing and requires. Sure I know that I have failed Him so often sometimes I get faint in my heart, but at least at the end of the day you repent and you keep on going and dust yourself off, but your main ambition in life is to serve the Lord.

What this conversation is about is to try to encourage people that there is still hope for you no matter how bad you have been. If you take your dad if he goes over his life on the numerous occasions that the Lord tried to call him, but you can always start somewhere if you never start; never repent; never try to dust yourself off and start then you have nothing.

I want to read this scripture here Matthew 10: 39-42. These are the scripture that the Lord deals with me during the week and it takes shape in your mind what this is all about that there is still hope.

39. He that findeth his life shall lose it: and he that loseth his life for my sake shall find it.

40. He that receiveth you receiveth me, and he that receiveth me receiveth him that sent me.

41. He that receiveth a prophet in the name of a prophet shall receive a prophet's reward; and he that receiveth a righteous man in the name of a righteous man shall receive a righteous man's reward.

42. And whosoever shall give to drink unto one of these little ones a cup of cold water only in the name of a disciple, verily I say unto you, he shall in no wise lose his reward.

That means you are going to go down the road of life and keep doing your own thing, well that guy is going to lose it, but he that loses his life will find it. When you start working for the Lord, you are looked upon like scum and that is losing your life; you are rejected; made fun of. What all this is saying is this:

we know who we are, we are called of God, and we are not going to turn back we are just going to go straight ahead. Now we don't have that many friends and people mock us, and they go around and ask people, 'what do you think of that guy' and getting an answer, 'Oh I think he's crazy' but if one of them decides to step out and says, 'well, I believe him, he is right on course'. What that man is now doing is this: *He that receiveth you receiveth me, and he that receiveth me receiveth him that sent me.*

All that person has to do is turn around be identified with these people. Like Moses, he chose to be identified with the children of God. He did not care about the pleasure of Egypt.

One day, he decided to be identified with the children of God, and here is the same thing: God is so fair and honest, he bends over backwards to give that man an opportunity. People don't have to go through what I had to go through in life, they don't have to be homeless and all of that. All they have to do is to believe what we are saying: I believe that guy, I believe he is right. It says: *whosoever will save his life shall lose it: and whosoever will lose his life for my sake shall find it: Matthew 16:25. He that receiveth you receiveth me.*

We are not doing our own thing here, we are just being led day by day by the Lord. Sure we are still

Human Beings we don't sprout wings. We don't go down the street thinking we are special: Hey look at me kind of thing. We are not in that category. We are just ordinary people, but our radar is set to do the will of God. *He that receiveth a prophet in the name of a prophet shall receive a prophet's reward; and he that receiveth a righteous man in the name of a righteous man shall receive a righteous man's reward.* Can you imagine, let's say all the things that William Branham had to go through in life, and just by believing what he had to say you put yourself into that category. God only knows what the reward will be. We believe that God sent Brother Branham and we know what he had to go through in life to bring forth a message. We believe that. We also believe that God anointed Brother Jackson to continue that work and we get that reward to, because we believe that. *He that receiveth a prophet in the name of a prophet shall receive a prophet's reward.*

Now I want to go further, if people believe us they get that same reward, they may not know Brother Branham like you and I do but if they believe what we are saying in this conversation here and this website, because the Lord told us to start-up this website. That person that really believes it without a shadow of a doubt, like my brother John, he sometimes believes me and then the next day he

will turn against me. That is not believing. When you believe somebody, you stand with that person no matter what other people say or do. You throw in your lot even though everyone says he is crazy, his stuff makes sense; its rational.

He that receiveth a prophet in the name of a prophet shall receive a prophet's reward; and he that receiveth a righteous man in the name of a righteous man shall receive a righteous man's reward.

The long and the short of it is this: I want to be identifies with that guy. When I look back upon my life I always went towards those people that had a spiritual outlook; people that were looked down on and I would make an effort to go and visit with those people because they had something.

Like this guy that we saw yesterday what he was saying made sense, this Vern Wiebe over in Sidney. Things have to be normal. Like God everything that He does and we were created in His image and the things He does are normal. When you go through the Bible the things that He does, how He does and how He has dealt with mankind through time, and because we are created in His image we can easily pick it up and it makes sense of things.

I know when this thing was up with J.K when he took these two guys from Lakeside to court and people were not allowed to speak to them. They

were called - renegades. I thought, 'Man I don't want to talk to them if they are renegades', but you see I went out of my way and I went to see them; I listened to their side of the story. What I found out was they were not the renegades, they were just trying to expose this guy for all his fraudulent dealings. They called those two renegades, but really J.K. and his crowd they were the true renegades. I told my father-in-law that too: They are not the real renegades, I'm finding out you are the real renegades, they are just trying to expose something here and you are trying to tell everyone that they are renegades, yes, I said, they are renegades according to your plan; according to what you are trying to implement here.

I decided that I wanted to be identified with them. I even went down to the Supreme Court with that Danny. Sure I don't know where he is today, but at that time in the Hutterite nation you were outcasted because you were identified with them.

In fact, one day I came home from Winnipeg and I stop in to visit with Danny and then next day my father-in-law calls me up: I heard you went to see these renegades. I flat out told him: Yes, I went to check them out and I found out who the true renegades are. They had their spies down there so they would report whoever would go to see them. I

did not care. It's the same here today, how many people will want to be identified with us because of what we stand for. They don't have to go through what we had to go through. I had a conversation on, 'Walking with Jesus', I have been contending to walk with Jesus all my life. There were a lot of nights that I was homeless, penniless, and did not know what tomorrow would bring; kicked out from your own family in -39 °C degrees, but you see people don't have to go through all of that all they have to do is believe what we are saying; that we are right on course and they get the same reward.

All they have to do is to be identified with us. That has been what the Lord has been dealing with me on, so that people don't get discouraged. Let's take your dad for example, when you get older you sit at home and you go over your life, thinking what have I done, I have wasted my life away and I haven't done a thing for the Lord, well all you have to do is to believe us and all of that is erased, because to believe us there is a price to pay, to be identified with us. People believe we are lost, and if all of a sudden someone decides to be identified with us and does not care what other people say do or think, but it doesn't stop there, you also have to do what we stand for and what we stand for is Water Baptism in the name of the Lord Jesus Christ by immersion. If

you believe what we are saying, then you will eventually go and do it. It's not just getting on the band wagon there is a price to pay. So eventually what you do is you set your mind and your sights on: I am going to get baptized I don't know how but I want to get baptized.

Like you when you read that book, 'The Seven Church Ages', you felt that you had to get baptized in the name of the Lord Jesus Christ by emersion and it was on your priority list, because you believed that book; you believed that God sent a prophet and you did not rest until you did get baptized in Jesus Name. It's the same here you not only believe what we are saying, you believe what we stand for: We stand for God sent a prophet, and you are going to believe that too. If you want to get on the band wagon and receive that prophets reward and it is not just lip service: I want an easy ride so I'll believe him and then do nothing to connect the dots.

Its like this he believes in water baptism in Jesus name; God sent a prophet and I believe it too. Then you keep it on your radar and you do something about it. Day after day you look for a way where the Lord will make it possible for you to one day get baptized in Jesus name. It might not happen to day but if you keep it on your agenda you will follow through with it eventually.

Like Moses he decided one day that he doesn't care much about the pleasures and the things of Egypt, and he went and killed that Egyptian. He saw how they were being mistreated, he decided one day he wanted to be identified with the children of God and eventually he had to run. In his heart of hearts he one day just made up his mind, that he would rather be identified with these people down at these mud pits than to enjoy the pleasures of Egypt. The Lord saw his heart and He made it possible for him to be seen when he killed that Egyptian and when he went to correct these Israelites because they were arguing with each other and he corrected him that did the wrong and he replied to Moses, *Who made thee a prince and a judge over us? intendest thou to kill me, as thou killedst the Egyptian?* God allowed someone to see him and it is the same today, we may try to hide that we are hanging out together, but someone will see us, because the Lord wants this thing exposed; He wants this thing out in the open. They probably know more about us than we do, but we are just following that stream; following the Lord like I have been for the last 20-30 years. I'm guided by that unseen hand, and that is all part of it. Then He tells me to put my house up for sale. We are just following His direction. There are a lot of people that talk: Have

you heard about that guy yet, - Oh, he's crazy. Are people willing to be identified with that. That never changes like back in the days of Brother Branham and these Full Gospel group and all of a sudden you are identified with Brother Branham: In the '60's when his ministry was shifting gears and they kind of ousted him but there were people that wanted to be identified with him. Then when Brother Branham went off the scene then it was a disgrace to be identified with Brother Jackson and there is that same test again: to be identify with the man because I know what he is saying is true and there is something in your heart that moves you because you have a love for truth and eventually you just follow that pattern. Then all of a sudden you would be called names like 'blackbirds' and when Brother Jackson goes off the scene and Faith Assemble does their spiel well it's not hard to be identified with Faith Assembly because there is no price to pay but to go over to Brother Tim Reliford then you are being pegged again. It's the same today.

I was reading in the news this girl she was supposed to sing at Donald Trumps inauguration and they put pressure on her and now she apologized to the LTGB community, that she is not going to be singing, she is ashamed to be identified with Donald Trump. The Lord raised up Donald

Trump; the Lord puts up and the Lord puts down. He put Obama up eight years ago, there is nobody in that office that God does not put up. I may not like it and agree with it. I'm glad those eight years are over. Now that Donald Trump is in as President, I have to accept that and the sooner I accept it the better of I'll be. These people are trying to intimate people not to support him. They are trying to boycott him but what they are doing they are boycotting God, because God puts up and God puts down. I guess there were enough people that the Lord heard their cry and He began to shift gears, so to speak.

Like Mark Levin he says America is back. Now God is turning things, and rightly so, if God would not intervene there would be no nation left that has any morals. I believe ten years ago when Obama became President, when Scott Walker did this things in Wisconsin with the Unions he went in and dismantle this Union practically single handed, the Lord was beginning to put that George Washington vision into motion, bit by bit. What you see in America is that vision that George Washington had. If you look around and you see all these immigrants coming in, that is part of that vision that he had, that dark cloud coming over America, that is what you see today. There is no way you can stop it, as time goes on God is going to purge the land from all this

stuff, according to that vision there is going to be blood shed like there has not been before. It says right there in that vision that there is going to be more blood shed than the two previous wars. We believe these things and we can sit back and relax we don't have to worry how it will be. God is in charge.

Also if you take the part where China is taking over the south China sea, my Bible tells me the kings of the East, it does not say the King, but the kings of the East, so all these Oriental Countries, they have to come together as one nation almost - Taiwan, Koreas, China, and Vietnam, these are all Oriental people, they are the kings of the East, they have to come together in order for them to come up against Europe. This is all scriptural so for me to go and protest and fight against it, I'm going against the Word of God.

It says here, I may go of the topic here but I'm trying to make sense of it all. In *Ephesians 1:11* *In whom also we have obtained an inheritance, being predestinated according to the purpose of him who worketh all things after the counsel of his own will:* Back there when God had that great council with Himself every decision was made: Everything happened in the mind of God back in that council; the Bible was written back in that great council; the

Lamb was slain before the foundation of the world. Everything happened back in Ephesians: God knows the program. He knew Adam and Eve was going to fall; He knew that He will have to bring Jesus Christ on the scene; He knew that it will have to take Jesus shed blood to purchase mankind back again. *Who worketh all things after the counsel of his own will:* All you have to do is read the Bible. You don't have to worry about what is coming up the road. You don't have to worry what China is going to do with claiming the South China sea. It is all in the Bible. If you read the Bible and the Book of Revelation - it says the kings of the East is going to go up to Europe, because Europe is that beast and that beast is then put together that Nebuchadnezzar saw in that dream about that statue. That Roman Empire is being put together. Like it says in Revelation, *the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.* It is now all being put together, and it is no use to get worked up over. There is no use in getting worked up over what is happening in the United States because we know that George Washington had a vision and that vision came directly from God. When you read that vision the first two woes happened exactly the way it is written and that vision is not going to stop, that third woe is going to

happen exactly how it is described in that vision. That vision is just like as if it was written in the Bible. There are a lot of things that are not written in the Bible. When a man of George Washington's caliber gets a vision and then General McClellan gets the same vision. Those two men had the same vision so that means it is - yea and amen.

You can go back and read when Pharaoh had that dream about the corn and the cows and Joseph came along and interpreted the dream and he said, *And for that the dream was doubled unto Pharaoh twice; it is because the thing is established by God, and God will shortly bring it to pass - Genesis 41:32.*

What this conversation is about we have nothing to get worried about. I just thought about that all week they might get discouraged because I know a lot of people they just wasted their life, and just lived for the flesh but now all they have to do, these scriptures that we read here if you lived ninety-nine years and wasted away and somewhere along the way you turn around and say: I believe that guy; I don't think he is crazy like everyone says; I'm going to throw in my lot with him; I'm going to believe what he is saying is true. We know that it is true, we have proven it, and he not only says it in his heart he is going to do whatever he can and follow through with it. It is not only going to be lip service just to get an

easy ride. To be identified there is a price to pay. When I see something is right, and it's the right thing to do, I just go and do it. I don't care what public opinion is. I have been seasoned and tempered and these things don't bother me. Like God told Ezekiel 3: 8-9 - *Behold, I have made thy face strong against their faces, and thy forehead strong against their foreheads. As an adamant harder than flint have I made thy forehead: fear them not, neither be dismayed at their looks, though they be a rebellious house.*

God made Ezekiel's forehead strong and harder than flint and that is the way I am, if I see that it is the right thing to do I don't care what people say do or think. That is what people will have to do: I believe he is right and I'm going to do it; It makes sense and I'm going to follow through with it no matter if I lose my position; No matter if I lose my job. You see that is: believing a prophet in the name of a prophet and then he will receive a prophets reward. Like I said, it is not just going to be lip service your life will have to follow up with it. We believe that water baptism is the beginning of beginnings, and to do that right now in the Hutterite Community you are going to be booted out. They will accept anything except that but I believe as time goes on they will accept it, because the shaking of all things is up the road: Haggai 2.

When the shaking of all things takes place, people will be looking around for the real thing. You don't have to pay the price that I had to pay, you can just go out and get baptized. God is going to shake that Hutterite god; He is going to famish them and choke it off, and all that will remain will be the Word of God.

That dream that Nebuchadnezzar had about this statue and then he saw this stone being carved out of the mountain, that is not just going to happen overnight it is in process now. The process is already happening where that hand is slowly coming down. It's a shaking of all things and this European things is coming together, but at the same time this rock that is going to demolish all these kingdoms that is already in process. It is not here yet but the process of it is going on.

If you read Ezekiel 38 & 39, He is going to shake the fishes of the sea, and the fowls of the heaven, and society is going to be pitched into a complete different environment. It also says, that He will famish the gods of the earth and He will be sanctified in the eyes of the nations. This is all going on right now in the time that we are living in. It is all in process but people are so arrogant and so blind they think that things are just going to continue. We know what is coming up the road; we know that the coming of the Lord is in our generation. So this

process that you see going on is all a preparation for the coming of the Lord: That stone that is going to demolish all these earthly kingdoms.

The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever: Revelations 11:15. We have nothing to worry about. When you go over these songs like the one that says: In heaven there will be no more heartaches - Well, since the '90's I haven't had no more heartaches. When you are surrendered to the Lord it does not matter what happens and what does not happen the Lord has your whole life in His hand and all you have to do walk with Him. Like that songs says, 'Guided by that unseen Hand'. You get away from all these heartaches and all these sorrows, all these financial woes, because you are guided by that unseen Hand. You think that Hand is going to guide you into a trap. He will warn you like He warned me what was happening with all these churches since Brother Jackson left the scene - He warned me with that vision that I had about Gideon; then He warned me about the minefields, and because I was sensitive I believed the Lord. When I look back now it is exactly what has happened. Had I not had the vision I would be caught up in that same thing, you are caught up in somethings and you don't know why, you don't feel

like you belong there and you don't know why, but since I had that dream about the minefields I don't have to guess anymore, I need to get out of there and I run from it, because I don't want to get contaminated and that is just the way it works.

That is my thought for today so that people don't get discouraged when they see that they have wasted away. God is rich in mercy and you could spend all your life living for the flesh and turn around in your old age and say: I believe that guy and I want to be identified with him, because the Lord raised us up. We just didn't happen to be. The Lord has been dealing with me since I was seven years old for this purpose; for this website. I'm only having this conversation because this is what the Lord dealt with me during the week just so people don't get discouraged and give-up. The message is this you can always start now, if you have messed up there is always a starting point but if you never start you never get anywhere. That is what I'm trying to get across you have to start somewhere. There is no use in getting discouraged all you have to do is to set your face a flint to this: I believe that guy and what he is saying and believe me we are not going to send someone off course.

When I heard Brother Jackson I knew that I could trust him; I knew in my heart of hearts I trust

that man, and that is all he ever asked from anyone: Just trust me I'll get you through. You can go over the things that he taught, believing it and now you can see all these ideologies coming out and you have to take a stand - I'm going to stick with what Brother Jackson taught. Like I have said, not everything that he said is going to happen but that is where you go back to the scripture. The things that he did teach that are scriptural you want to hang onto.

What the Lord wanted me to talk about in this conversation is this: There is still hope, if you have wasted away you can always start somewhere and be identified and then you can be a part of this and go to the Marriage Supper of the Lamb. You can be part of that rapture. You will not have to go through this hell that is coming. Just set your face a flint and God will make a way. If you want to get baptized in Jesus name He will make a way. He already has it all planned out and we have to do is what He shows us to do. As long as there is life there is hope. Amen

Guided by, the unseen hand

There's an unseen hand to me
That leads through ways, I cannot see
While going through, this world of woe
This hand still leads, me as I go

I'm trusting to, the unseen hand
That guides me through, this weary land
And some sweet day, I'll reach that strand
Still guided by, the unseen hand

I long to see, my Savior's face
And sing the story, of his grace
And there upon, that golden strand
I'll praise him for, his guiding hand

I'm trusting to, the unseen hand
That guides me through, this weary land
And some sweet day, I'll reach that strand
Still guided by, the unseen hand
Still guided by, the unseen hand
