

## ***The God of all Comfort***

*When angry storms around me rage,  
Life's greatest trials I must face,  
My ship is tossed, seems all will be lost,  
Then the God of all comfort,  
speaks peace to my soul.*

### ***Chorus***

*When the God of all comfort,  
speaks peace to my soul;  
Rough seas are calmed,  
the winds cease to blow.  
No matter how dark may be the night,  
everything will be alright;  
When the God of all comfort,  
speaks peace to my soul.*

*When a broken heart leaves me hurting inside,  
Like rain my tears, fall through the night.  
His voice I hear, "There's no reason to fear,"  
When the God of all comfort, speaks peace to my soul.*

***I would rather live for Him***

*You may wonder why I choose to live this way  
And you may wonder how I make it through the day  
Well I found me the answer when I fell down on my knees  
I would rather live for Him more than anything*

*Oh I would rather live Him  
More than anything I know  
More than houses and land or riches untold  
Than to live in this world and lose my soul  
I tell you my friend I would rather live for Him more than  
anything.*

*All these earthly things they will ruin and decay  
But it don't matter I don't need them anyway  
For my treasure is over somewhere on the blue  
I have given Him my everything  
Now its all up to you.*

*Heavenly Father we just want to take this time to look into your Word, to see what you would have for us to say, use us for your honour and your glory, take the things that are going to be said and do with it as you see fit. Give that increase in Jesus name we pray.*

*Thy word is a lamp unto my feet, and a light unto my path.*

*I have sworn, and I will perform it, that I will keep thy righteous judgments. I am afflicted very much: quicken me, O Lord, according unto thy word. Psalms 119:104-105*

What keeps us going is that Word: I have put the Word above my name. You can sit here and talk all you want and if your life does not follow up with that Word. Then it is just being a hypocrite and there are a lot of those around, we don't have to join their ranks.

We are still on that same topic. Like I was saying I have never had the freedom to talk about it. I am not trying to defend myself, I am who I am. As long as I am in good standing with the Lord that is all that matters to me.

When you mentioned brother Tim and the title that he used: Thy Word is a lamp unto my feet, and a light unto my path. I thought that it is hypocritical. There he is showing partiality by letting this guy back in that has a different view, the very thing that he spoke out about and stood up against at one time, he is letting down that standard.

I was thinking about that and on the subject that we are on now, what motivated me to do what I did was that

Word. I will read it to you again, I know that I have been over in twice, but it must be important to the Lord, because this is a time right now where everything is being exposed. The Lord is taking the wraps off everything and that is important in our era. The people that we come out of, this very thing, the wraps are taken off a lie, and it walks hand in hand what God is doing in America. He is taking the covering off. There shall be light in the Evening Time. When light comes then everything that is dark is being exposed. Everything that is hidden will come to light. Like when the sun comes up and all of a sudden you see things that you did not see at night. This is exactly what is going on here and that is why this conversation is so important to the Lord because what we are doing is we are exposing a lie, that has been perpetrated for 44 years. Falsely accusing someone of doing something that he did not do; accusing someone of doing something just because he is standing for that Word. This is real we are still walking, we are not imagining something, to us this is real.

There are a lot of other things that I could talk about especially in this hour but this is what the Lord wants me to talk on, it seems that it is important to the Lord, so we are going to keep chipping away at until the Lord moves me on to something else.

Jesus said: The Words that I speak are not my words, I only do what I see the Father do. He also said: that the very things that you see me doing you are going to do. In order for that to be a reality you have to be connected to

that vine. You can't be out here trying to do something to lift yourself up. When people need to do is to put all the emphasis on this Word that is why I keep saying that when Jesus comes back He is called the Word of God, because when push came to shove He placed this Word above His reputation. He made that decision to follow what the Word said, and that is what you and I should do too. We have a choice but we chose to follow the Word. When you step back and analyze everything. Sometimes you just have to step back, you have 50 or more years of life here on this earth, and after that there is eternity and the reason we are here is to prove ourselves worthy of that Heavenly kingdom. Like Jesus said in *Luke 20:35*

*But they which shall be accounted worthy to obtain that world, and the resurrection from the dead.*

That is what lets me know that we are here on earth to be tested to see if we are going to be found worthy to enter in. Why would you not go through life and do everything that you can so that you can be found worthy and the only way that you can be found worthy is to stay with this Word; like it says in *Psalms 138:2 thou hast magnified thy word above all thy name*. When Jesus was in the garden He put that Word above His reputation. That is what you and I have to do, we have to really saturate ourselves with that Word, because at the end of the day the King comes in at the marriage supper. He comes in to see if we line up with that Word, and we have to prepare ourselves for that moment. So when the King comes in and checks us through with that Word, that we will not be

one of those that will be cast out into outer darkness. It is going to be either or. So while we are here we should exhaust all our energy so that it does not happen to us. If we will pass this test then we will be able to go on over into the eternal age, so it is worth the effort, especially knowing what we know. God has used this planet as a testing station; as a laboratory.

How He tested those angels like it says in that song: *Gott meines lebens Meister - Sie sind die hoh vertrauten des Herren Zabaoth*. They were tried, they were tested and they were found to be worthy and then God could use them once they were tested and tried for His honour and glory. Those that failed they are demonic they are nothing but a problem, they are not part of the ones that are trusted. You and I have to examine ourselves to try to do what we can so that we can pass the test and be found worthy and trusted. Right now we are still going through this laboratory, to see if we will come out a winner. I don't know how we are going to come out at the end of the day, hopefully we are going to make it. I know I have to say what the Lord puts on my heart; I have to be faithful to what He has called me to do. Like Jesus said: I only do what I see my father do. Jesus said: The works that I do you shall do also even more works than I do, you do, because I go to the father. So we have to do today what He puts on our hearts to do. We know that God has good things in store for us, and we are just walking with Him on a day to day basis.

I am going to read this scripture here I know we have been over it but it is important to the Lord that we go over it again. I have to do what He wants me to do and like I said: The Lord saved me back in 1973 and when He saved me He gave me a scripture - I can only reward you for what you have allowed me to do through you. That runs hand in hand with what Jesus said: *John 14:10 Believest thou not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself: but the Father that dwelleth in me, he doeth the works.* So here it is walking hand in hand with that, when the Lord gave me that scripture: I can only reward you for what you have allowed me to do through you. Jesus only did what the Father told Him to do. Early on right out of the gate the Lord burned this into my DNA, you can go out and do your own thing but you're not going to get nothing for it. If you get yourself out of the way and allow me to speak through you then you are going to get a reward, otherwise I can't reward you. So what is the point in going through life and not getting a reward.

A prime example of that is we went down to pick up this truck and there is no reward for it we are not getting paid for it. It took a lot out of us, we did it out of goodwill like charity but at the end of that trip there was no reward, we got a tank of fuel, but this trip down to Florida we are going to get a reward we will get paid over a dollar a mile. You have to be careful with this charity. I know here it is a different situation. There is something in it for us but this going down there was very tiring, especially just coming

home from a trip and driving all night to pick up this truck.

It is the same here what is the point in doing something when there is no reward for it. What is the point in going out there, do my own thing and not getting a reward for it in the end. There is a reward for allowing God to work through us and of course you are going to get ridiculed and made fun of. People don't know that every-time that they talk bad about us it works for our benefit we get blessed, because the Bible says so in *Matthew 5:11-12 Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.*

*Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you.*

You are going to get terminated and put in the outs from your own family because it says those of your own household will be our biggest foes. So you live by the Word of God. You can live godly but if you live godly in Christ Jesus you are led by that unseen hand, and He will guide you into uncharted waters. It is just part of the program. Paul said in *Philippians 3:10 That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death.*

That is where I find the greatest pleasure. We are being persecuted and ousted from our family but in it there is a reward, it does not bother us even if we have to stand alone. Mark 10:29-30.

Anyway that is what the Lord burned into my DNA: I can only reward you for what you have allowed me to do through you. Then six months later He gave me my job. We work for the Lord and He is going to train us now for His service because we are His property now. I am not my own anymore. He saved me and He gave me eternal life, now I belong to Him. God created us and Jesus came to redeem us, so I am not my own anymore He saved me for a reason. When He saved me He gave me a job.

I going to go over how the Lord gave me my job. I was sitting in church and you know how it is on the colony. On Sunday morning they go to church and they have a 'fu'r red' then they have the 'tecs' and my dad was reading it. It actually started when he was reading it while we were all standing and here is what he read. I am going to read it to you in German first because that is the way it was read.  
Hesekiel 3:17-21

17. Du Menschenkind, ich habe dich zum Wächter gesetzt über das Haus Israel; du sollst aus meinem Munde das Wort hören und sie von meiner wegen warnen.

18. Wenn ich dem Gottlosen sage: Du mußt des Todes sterben, und du warnst ihn nicht und sagst es ihm nicht, damit sich der Gottlose vor seinem gottlosen Wesen hüte, auf daß er lebendig bleibe: so wird der Gottlose um seiner Sünde willen sterben; ***aber sein Blut will ich von deiner Hand fordern.***

19. Wo du aber den Gottlosen warnst und er sich nicht bekehrt von seinem gottlosen Wesen und Wege, so wird er um seiner Sünde willen sterben; ***aber du hast deine Seele errettet.***

20. Und wenn sich ein Gerechter von seiner Gerechtigkeit wendet und tut Böses, so werde ich ihn lassen anlaufen, daß er

muß sterben. Denn weil du ihn nicht gewarnt hast, wird er um seiner Sünde willen sterben müssen, und seine Gerechtigkeit, die er getan, wird nicht angesehen werden; ***aber sein Blut will ich von deiner Hand fordern.***

21. Wo du aber den Gerechten warnst, daß er nicht sündigen soll, und er sündigt auch nicht, so soll er leben, denn er hat sich warnen lassen; **und du hast deine Seele errettet.**

When my dad was starting to read the text I began to feel it starting to trickle. I am trying to walk you through it, as he read it those words were alive and at first it started to stream slow like a river and then it intensified. Only God can do that, they come from the throne of God. When he was done he started to elaborate on it. That is how they do it on the Hutterite colony. As he read it over again only this time it was not just a trickle it was like a flood a living stream of water. That Word became so powerful it went right into my soul and into my spirit. 17. *Du Menschenkind, ich habe dich zum Wächter gesetzt über das Haus Israel; du sollst aus meinem Munde das Wort hören und sie von meiner wegen warnen.* 18. *Wenn ich dem Gottlosen sage: Du mußt des Todes sterben, und du warnst ihn nicht und sagst es ihm nicht, damit sich der Gottlose vor seinem gottlosen Wesen hüte, auf daß er lebendig bleibe: so wird der Gottlose um seiner Sünde willen sterben; **aber sein Blut will ich von deiner Hand fordern.***

This is where you need to put your finger on - his blood will I require from your hand. When Jesus went to the garden He had to go according to the Word. He said in

*Luke 22:42 Saying, Father, if thou be willing, remove this cup from me: nevertheless not my will, but thine, be done.*

He knew He was going to have to be crucified and mutilated. It is that Word. Here is the same thing if I don't do what the Lord asks me to do then the blood of those people will be required from me. That Word became so real to me I thought man I do not want their blood to be on my hands.

I am going to read it in English now. Ezekiel 3:17-

*17. Son of man, I have made thee a watchman unto the house of Israel: therefore hear the word at my mouth, and give them warning from me.*

*18. When I say unto the wicked, Thou shalt surely die; and thou givest him not warning, nor speakest to warn the wicked from his wicked way, to save his life; the same wicked man shall die in his iniquity; **but his blood will I require at thine hand.***

*19. Yet if thou warn the wicked, and he turn not from his wickedness, nor from his wicked way, he shall die in his iniquity; **but thou hast delivered thy soul.***

*20. Again, When a righteous man doth turn from his righteousness, and commit iniquity, and I lay a stumblingblock before him, he shall die: because thou hast not given him warning, he shall die in his sin, and his righteousness which he hath done shall not be remembered; **but his blood will I require at thine hand.***

*21. Nevertheless if thou warn the righteous man, that the righteous sin not, and he doth not sin, he shall surely*

*live, because he is warned; **also thou hast delivered thy soul.***

Here it clearly says if you do not go warn them then God is going to require their blood from your hand and that is a powerful thing, and the only way that I can get rid of this is if I go warn them, then I am rid off it; I am free of it, and then I am standing good in the eyes of God again and I don't have to worry about having their blood on my hands.

This happened in 1973-4 around June-July. Anyway God gave me a vision about these two people that were not married yet, it so happened that she was a girl that I used to have a crush on. I explained how God gave me my commission and here is reality setting in and the vision that was shown to me was: I saw this couple committing adultery, just as plain as this table is sitting here. In a vision you see everything so plain and so vivid and I knew that they were committing adultery. Then the Lord reminded me of this scripture about going to warn people and I knew that I will have to go warn them and if I don't God is going to require their blood from my hand.

That happened about 11pm at night when I saw this. It was right then and there that that scripture was being activated in my spirit and it was either I go warn them or God is going to hold me accountable. They didn't know that I saw what they were doing. In fact, they didn't think anyone saw what they were doing, but God saw everything and He related it to me, and I knew that He wanted me to go warn them. It is like this, we were reading

thy word is a lamp unto my feet and a light unto my pathway, you can't just say it and not mean it there has to be substance to it, something that will back up that scripture is real.

So that all happened at 11pm at night and I thought how am I going to go warn them because I could feel the guilt of it, if I do not go warn them. In the eyes of God I'm just as guilty if I do not go and warn them. I don't think that I slept that night at all, and I was going over what would be the earliest possible opportunity that I could get rid of this, because this thing is horrible - having this blood on my hand. The only way that I can get rid of it is if I go and warn them, and once I go warn them then and only then can I be rid of it. If I don't warn them then I have to live with this horrible thing of their blood being required of my hand.

So all night I planned what I am going to do and how can I warn them, and the only way was: I knew that at 7am everyone goes down for breakfast, so I knew that she is going to be at home by herself. She was from a different colony and she was staying at her aunt, because her aunt had a baby and she was there to help her aunt look after things. That's how they do it on the colony, they get someone in to help them for 2-3 weeks or more. This girl was there helping out at her aunts and I figured I would go warn her while everyone was down for breakfast, I thought it best if no one was there. At the earliest possible time for me to go warn her was when everyone was at the kitchen having breakfast, and that is what I did. I waited

and then I went to the home where this girl was staying and I walked in, I knew which room was their guest room so I walked over to the guest room and she was still in bed under the covers.

So when I walked in, the first thing I did, I called her by name and I spoke very softly. Just to let you know this was the girl that I used to have a teenage crush on and I had thought that someday I might be able to get her, but that was before I knew the Lord and the Lord didn't want me to have no part of this teenage crush because He had a different plan my life. You know how it is when you are young filled with your own ideas. So the first thing I said was: I don't want you anymore I only thought that I wanted you. Then I proceeded to tell her I know what you two did last night, I didn't come out and say: I saw you two committing adultery, and that I had a vision about it. I simply kept repeating: I know what you two did last night and I kept repeating it. Maybe what I should have said: the God of Heaven came to me last night, He gave me a vision and I saw you two committing adultery, and the only way that I can get rid of it is if I go and warn you other wise He is going to require your blood from my hands. That would have been the straight forward simple language but I didn't do it that way. I was on my knees and I did not touch her, I could not touch her because what I saw was a curse thing laying there. I touched the bed and I kept repeating it and repeating it, and she said: If you don't get out I'm going to report you, I'm going to tell my aunt if you don't get out right now. I just kept saying barley above a

whisper: I know what you two did last night. I just told her I know what you two did last night. I kept saying it until I knew that she knows, that I know that they had committed adultery, because she gave a jerk and she was shocked that I knew what had happened last night. It was around 7:15am when I told her, because I wanted to get rid off this as soon as I can. I had to say it until she gets it, and if I couldn't get through to her, then I would have to say: I saw you two committing adultery last night, the Lord gave me a vision, last night at 11pm, and He is going to hold me accountable if I do not warn you about it.

God knows my makeup I was trying not be too outspoken, so I just said: that I know what you two did last night. Instead of using plain language which would have been: I saw you two committing adultery last night. When she gave a jerk I knew that she knew exactly what I was saying, and she was shocked that I knew that they had committed adultery by giving that jerk. If she would have been innocent she would not have given that jerk. That is all that I needed and the minute she came to the realization that I knew what they had done, in that instance, that warning went through, and am free now and their blood is no longer on my hands. I have warned them from their wicked ways.

The Lord was putting me through this schooling, first He gave me my commission and He let me know that I can go out and do my own thing but I am not going to get paid. The only way that I am every going to get a reward is if I let God use me for His glory. He gave me a job to do

and I went to warn them and it was burned into my DNA, it is something that I can't get away from. I got this job from the Lord: Son of man, I have made you a watchman.

When did He make me a watchman, - It was way back in Ephesians one when He had that big council, when He made that blueprint for mankind and all of creation, when He said that His plan is going to be fulfilled right to the T.

That is how He is going to blend me into that great plan that He made back in Ephesians one. The Bible was written before the foundation of the world. The Lamb was slain before the foundation of the world. Back in that great council there was no earth yet, it was only Him and Him alone, everything else was only in that great mind of God that was ever going to happen from there on out, but it was back in that council that everything happened, everything was planned out back there and He is going to see to it that everything is going to go according to that blueprint. I am repeated it and He created me for that particular job back in that council and here He is going to fit me into my job now. The first thing He let me understand is this: Sam, I can only reward you for what you allow me to do through you. First He had to save me and give me eternal life, and then He warned me that He can only reward me for what I allow Him to do through me, and then He gave me my job as a watchman. It's progressing and He burned it into my DNA what my job is going to be.

I was thinking about Joseph. God had a job for Him to do and it was also established back in that council. The

Bible was written before the foundation of the world. When Joseph was about 17 years old, and you go back and read the history about the sons of Jacob, they had a sister named Dinah. *Genesis 34:1-2*

*And Dinah the daughter of Leah, which she bare unto Jacob, went out to see the daughters of the land.*

*And when Shechem the son of Hamor the Hivite, prince of the country, saw her, he took her, and lay with her, and defiled her.*

This guy wanted to marry her and the sons of Jacob made a deal with them, that they can become part of them if they circumcised themselves, so they agree to circumcise all their males and on the third day. When they were weak they came upon the city and slew all the males. Joseph witnessed all of that but he did not partake in it but he saw it and the effects of it. It affected him so much, I believe he was pretty close to his sister, she was the only one that he could fellowship with because his brothers didn't like him. What God was doing was He was preparing him for that rendezvous with that Potiphar's wife. God knew that Joseph would have to go to Egypt and He was preparing him, and this whole thing what happened to his sister went into his DNA. When Potiphar's wife wanted to get Joseph to lay with her he ran because he knew what the consequences were from all of that because he got schooled back there with what happened to his sister Dinah.

The same was what the Lord spoke to me on: I can only reward you for what you have allowed me to do

through you. Then I got schooled again when I was sent to warn those young people about committing adultery. That is my job now and I cannot get away from it. The Lord made sure early on that it was going to go down into my DNA, no matter what happens down the road, this is what the Lord called me to be, and to this day this is my job. I can't get out of it.

The next thing that they did I went to talk to him about it and he got fuming mad, and said, that he is going to go to the authorities and report me for attempted rape. That actually shocked me that anyone would want to do that, when all I want to do is to get rid of this blood on my hands. They knew that I knew that they committed adultery, to shut it up and to protect themselves what do they do - they go around to tell everybody that I tried to rape her. I warned them both, and it does not matter what people say do or think about me as long as I stand good in the eyes of God.

What they did to protect themselves, because I guess they thought that I was going to go and tell everyone, so they made up a story that I tried to rape her. Which was not my intentions, because I just needed to warn them to get rid of this.

They told everyone that I went there at 7 o'clock in the morning to try to rape her, and I was thinking about that for the last couple of weeks. Let's be rational here and do some detective work now. First of all, I had only been a believer for about a year, why would I want to rape anyone. If someone comes into your bedroom at 7 o'clock

in the morning to try and rape you why would you not scream because her aunt was right next door. Everyone with rational thinking would automatically say and think why didn't she scream. The next thing is if you are innocent why would you accuse someone of trying to rape you, that is a giveaway right there.

Then he accused me of listening at the widow and being a peeping Tom. Lets do a little bit of detective work here now, and say that I was this peeping Tom that he accused me of being and was listen and looking in at the window and heard and saw activity going on. Then that means that he is actually saying that they did, in fact, commit adultery, and I'm the guilty one for being a peeping Tom, but it so happened that that guest room did not have a window. So I could not have been listening at no window because that room did not have a window. They caught themselves in their own demise, and there are a lot of ignorant people who do not want to search out the truth because they would rather believe a lie. See what they do is they go on defence mode and it proofs to you and I that it actually happened and they are trying to hide it. It is a dead giveaway for someone that is rational. I didn't say much when he started to threaten me to go to the authorities of attempted rape. That is the first thing that I heard about this attempted rape thing.

It's the same with Joseph he was 14 years in prison for a false accusation from Potiphar's wife trying to rape her. This is basically they same thing. Joseph was sent to prison and he was in there for the amount of years for God

to serve a purpose, and here again, I could have gone out and defended myself but I found no need for it. There again *His Word is a lamp unto my feet and a light unto my path.*

You can go to *Romans 12:19 Dearly beloved, avenge not yourselves, but rather give place unto wrath: for it is written, Vengeance is mine; I will repay, saith the Lord..*

That is the reason that I did not go and protect myself: I didn't go fight for my rights. *Hebrews 10:31*

It is a fearful thing to fall into the hands of the living God.

When he threatened me to go to the authorities, when you are a young Christian and all of a sudden you're threatened, you see this big mountain and you imaging all these things, like being thrown into prison. So I backed off from this and I more of less told the Lord in not so many words that He will have to get someone else for that job, that is not the job for me. Here this guy is accusing me off attempted rape, when I did no such thing. All I did was I wanted to get rid of: I will require their blood from your hand if I do not go and warn them.

That is all I was after. I had no intention of raping nobody. What good would that do going into someones bedroom when there is someone right next door, how far would I get with that. All that was fabricated to protect their own skin. If I try to go and defend myself the Lord can't go do His part. He said: *Vengeance is mine I will repay.* What He is saying don't worry about it you just go down the road of life and do what ever I tell you to do. You did your part, you went to warn them, you are free.

There is nothing to worry about and the Lord has been faithful. He took that guilt that was on me from the time that He gave me that vision to the time where she felt the shock, where she realized that I knew what they had done. Until I went to warn them that guilt was on me what the scripture says their blood will I require of your hand. So that is what I did and I was free the moment I did that. The scripture also says, don't try to protect yourself just go do your thing, do what I ask of you and don't worry about what people are going to say, do, or think. That is what I did and I was free.

Everyone believed them, they actually believed that I attempted to rape her. I was thinking about that woman at the well. She did not go into a defensive mode when Jesus met her and told her of the things that she ever did. In fact, she went back into the city and called the people together. She did not go denying the things that Jesus told her about her life that she full well knew were true.

*Come, see a man, which told me all things that ever I did: is not this the Christ? John 4:29*

*And many of the Samaritans of that city believed on him for the saying of the woman, which testified, He told me all that ever I did. John 4:39*

This episode could have been a tremendous asset to the Hutterite people. That there is someone here that knows things, that God has revealed this act too and the outcome could have been a blessing to a lot of people, but they chose to go on defence, and live a lie and the worst part of telling this lie and accusing me for 44 years of

attempted rape is getting all her relatives and plus a lot of other people to believe this lie and therefore have this curse upon them. We know what Jesus said in: *John 3:19-21*

*And this is the condemnation, that light (**truth**) is come into the world, and men loved darkness (**the lie**) rather than light (**the truth**), because their deeds were evil.*

*For every one that doeth evil hateth the light (**truth**), neither cometh to the light (**truth**), lest his deeds should be reproved.*

*But he that doeth truth cometh to the light (**truth**), that his deeds may be made manifest, that they are wrought in God.*

According to this here scripture this women that accused me of attempted rape not only brought condemnation to herself and all her relative but to all those that believed this lie. This is very serious in the eyes of God, and if I go to *2 Thessalonians 2:10-12*

*And with all deceivableness of unrighteousness in them that perish; **because they received not the love of the truth, that they might be saved.***

***And for this cause God shall send them strong delusion, that they should believe a lie:***

***That they all might be damned who believed not the truth, but had pleasure in unrighteousness.***

Did you know that there are people who would rather believe this lie than they would believe the truth. This is

very serious in the eyes of God and one day they are going to have to answer for it. There will be no escaping from that one. Why would anyone not want to be free from this guilt and shame? Now if anyone would care for her, especially her relatives, they would talk to this woman that accused me of this lie, that she would make this right before it is too late.

Anyway, as time went on everybody looked at me accusingly as if to say - look at that animal. It didn't matter to me because I am innocent in the eyes of God and that is all that mattered.

The reason I know that they believed her was there were incidents that I only later on realized what their intentions were. Afterwards there were girls they thought that I was available for sex. I was an electrician and I got asked over to this one girl's home to fix a lamp. I told her when I get time, then I will come over and check it out in the afternoon. When I had time I went there and asked where that lamp is that was not working and it was in her bedroom, so I checked it over and what she had done was she unplugged the lamp, just for an excuse for me to come over and then she said, 'Sam, you can do with me whatever you want'. As if to say you can have sex with me if you want. That is how I know that people believed them.

Then this other girl she invited me over, saying her light is not working in her bedroom, when I went there to have a look and what she had done was she had unscrewed the lightbulb, so I just re-screwed the bulb and it worked. She was laying on the bed as if to say - I'm

available. At the time it did not know but later on when I looked back I realized what it was all about.

It is very important to the Lord why I never had any physical contact with that women that accused me of attempted rape. I not so much as touched her. God has a way of protecting His own, and that is one thing that God protected me from. Now I know, and understand why that is and it concerns her dad, and someday I am going to elaborate on it. Did you know her dad, that Jake from Blumengart?

Lorraine speaks: Yes, I know him, he used to come to Miami Colony to preach and to put and take people out of their punishment sessions. I was only 7 years old and I used to sit at the front bench in church. I don't think I can ever forget the way that man could yell. He looked so hard and mean a total lack of compassion. I felt bad for those people, he was taking them through the grinder without a heart, I don't think those people ever recovered from the way he treated them. It wasn't like the story in the Bible where these people wanted to stone this women and Jesus told them - he that is without sin cast the first stone, and all her accuses disappeared. Jesus, then turned to the women, and with compassion said: Neither do I condemn thee go and sin no more.

That also reminds me of something that her cousin Lena told me when I was living in Brandon. I got to know her in Brandon and she was driving me to where I was staying one day and we talk for a while out in her car. She started talking about her former husband that he had

mental issues and somehow you came up in the conversation and she said that she can see the signs when someone has mental issues and she mentioned this episode that you are talking about here with me. How they had to put locks on the doors because of what they were accusing you of, and I remember telling her: No, I don't believe that because I know Sam and that is not who I know him to be. The little I knew you at that time I knew that that story did not match up to the person that I knew. It did not make sense to me. That tells me that these people who fell for it would rather believe a lie then go search out the truth.

Sam speaks: Yes, Lena and that girl that accuse me of this attempted rape are cousin and that whole clan believes that lie, that is the story they where told and that is what they believe. What these people have done is they have not only brought condemnation unto to themselves but to all her relatives that fell for that lie. That is very serious because my Bible tells me, that those that believe a lie will be damned, because they did not want the truth.

As time went on they eventually got married so they had this Hulba which is a shower before the wedding. I knew what everyone thinks about me, but in the eyes of God I am innocent and it does not bother me what people say or think, so I went home to where the party is, everyone is welcome. They had this shower that was taking place for this couple that was getting married, so I walked in where they had a get-together up stairs and I went and sat down, and everyone looks at me with a

thought going through their head: what is he doing here. They didn't believe me they just took the easy way and believed them, that they are innocent but in the eyes of God I am innocent.

So this guy his soon-to-be brother-in-law that John from Blumengart, Katherine's husband, I think they moved to the new place which is Blue Clay, but at that time he was living in Blumengart, and when I walked past him he said: what do you want here, you 'mueshaufen'. I don't know what it is in English but it is a very ugly word and here he was accusing me of being this. What that told me is that he believed this attempted rape thing, which in the eyes of God I am innocent of, and God heard him say that. To be honest with you I felt compelled of the Lord to go home to that shower. The Lord was impressing me to go join the party to not sit at home by myself. I felt compelled to do that and if you are innocent in the eyes of God then you are innocent. Why pretend that you are guilty when you are innocent.

This is not a word of a lie but the next time that I saw this John, and when I saw that man walk it was like I was seeing a 'mueshaufen' in reality. He accused me of being a 'mueshaufen' from something that I was completely innocent of, now God turned this thing around and he turned out to be this 'mueshaufen'. Just the way he walks. I guess he has some type of disease. What it is God heard him accusing me falsely and called me a 'mueshaufen', he believed that lie and what God did was He but in on him.

Just like this story from the days of Elisha where

Naaman was healed of Leprosy, after he dipped in the Jordan River seven times, and Naaman wanted to reward him with gifts and Elisha didn't take any. Then Gehazi went after Naaman privately without Elisha knowing. When he returned Elisha asked him where he was and he lied about it, what happened was the Leprosy, that was on Naaman, fell upon Gehazi and on his seed forever. God can turn around and put that same thing on you if you are not careful. Here this John gets this disease that resembles a 'mueshaufen'. If you want to know what a 'mueshaufen' looks like you look at that man. Everything is limp on him except he could walk. That is how real God is, who said: Vengeance is mine I will repay. I never go in defence and take things into my hands. I just leave it to the Lord and let me tell you He can get very vicious if need be.

This lie has been going on for 44 years, and a couple of weeks ago I heard that this woman that accused me of attempted rape she has bone cancer and lung cancer, and he is on dialysis. It says - vengeance is mine I will repay. I didn't take this thing into my own hands. I let God have His way. If they want to falsely accuse me then let them and see how far they get. There is a God in Heaven and He knows all about it.

What is now going on this thing is going to come out in the open that for 44 years they lived a lie, falsely accusing me, simply because I received my commission from the Lord and I was shown a vision. I am still a watchman for that Hutterite nation they can treat me the

way they want, they can terminate me, or throw me in prison, do whatever they want with me but that does not change the fact that I am a watchman. They can put me in a mud hole like they did to Jeremiah, that does not change what God has called me to be.

No matter what they did to Jeremiah and Ezekiel they were still watchmen. They had a calling on their lives to be a watchman and nothing that anyone did to them changed that. I am going to be a watchman, until the day that I die, for that Hutterite nation. Being a watchman you go warn people, and now here in this end-time, just before the coming of the Lord, this thing is coming out. The Lord is giving me the liberty to talk about this thing. Up until now I could not speak on it. Here now the Lord is moving on me to talk about this episode and put it into book form and send it around.

I do not know if they are going to come clean or not, she has lung and bone cancer, and he is on dialysis three times a week. They are both not very healthy and their seal is pretty much doomed and hopefully, maybe the Lord is using that episode to confirm what He has called me to be, and if they are going to come clean and fess up that I came to warn them that they had committed adultery, not attempted rape then they can get rid of it like that scripture says in *Ezekiel 33:19 But if the wicked turn from his wickedness, and do that which is lawful and right, he shall live thereby.* Maybe God is going to use it for His glory, because all these years the Lord has let me know that I am innocent.

Like God told Jeremiah I have made you stronger than they are so don't be intimidated by what they do or say. The same with Ezekiel God told him in *Ezekiel 3:8* *Behold, I have made thy face strong against their faces, and thy forehead strong against their foreheads.*

I want to fast forward to 15 years to the early 90's, now. I had told the Lord you need to find someone else for that job after that episode, when they accused me of attempted rape, and for 15 years I didn't do nothing, I was a Christian but I was a miserable Christian. I was afraid to speak up when I saw things. I spoke up a little bit here and there, but back in the early 90's when the Lord began to deal with me again, for 15 years I was a miserable backslidden Christian, there is no worst place to be, then in a backslidden state. I was not effective for the Lord, the Lord couldn't use me for His glory, because I had refused when I told Him that I did not want no part of that job. You see when you have been created to do a specific job and you don't do it there is a vacuum inside of your life. You are better off to just go and do it, and not to worry about the consequences.

Back in the 90's there were things starting to develop in the Hutterite church. I am still a watchman for the Hutterite people, plus whatever else the Lord has for me to do and say. This bishop was beginning to bring in policies that were anti-Word and the Lord spoke to me, I had just gone through 15 years of misery, and He said to me I want you to go speak for me and when you do here is what they will do to you. When God gave Ezekiel his commission He

told him that He would make him stronger against them. That is the same thing He said to me: Sam, I want you to go and speak for me, and when you do here is what they will do to you: they will take everything away from you. I knew exactly what He meant. They will take away your wife, your family, your job, and leave you with nothing. They will even terminate you, but if you do whatever I say, I will protect everything for you.

For a whole year I was vocal about these issues, but not to the point where they would terminate me, so I was kind of pussy footing. I go to this Leonard from Delta because I thought that he had quite a bit of backbone and I asked him why he does not speak out about these things what that bishop was doing. He said: If I say something then I loose my position. So I went to this John from JamesValley and what I was doing I was trying to pass the buck - so to speak. I asked him the same question that I had asked Leonard, and he told me the same thing: If I say something then I lose my job. They were only concerned about keeping their position they were not willing to lose their life for the sake of Christ and the gospel.

You can only pass the buck so long and the pressure starts building up and eventually I knew that I was going to have to speak up. So after seeking the Lord what to do He impressed me to go speak to my father-in-law because he was the only one that could reason with that JK guy. I went to warn my father-in-law because he was the bishops right-hand hatched man and I came out and said to him:

Mike, we have to stop this J.K from these lawsuits, the things that he is doing to the Hutterite church are not good, and I went on to say if you don't go and warn him, it will not only destroy him, it is going to destroy you and it is going to destroy the Hutterite church, and that is exactly what is going to happen. This is exactly what I told him. We were out driving and looking at the crop and this is what he said: Sam, I agree with everything that you just said, he should not be suing and have these law-suits against other colonies, but he built a shop and we are going to support him. See what was going on was Spring Hill Colony built that killing plant and he needed J.K's support and because of that he is going to support J.K no matter what.

So I knew that it was no point in talking to him, and I started to become very verbal about these issues. I didn't care what they would do to me but I was going to stand up against this corruption. Also around that time the Lord had me going to this prayer meeting that outside of the colony. When you step back you can see how the Lord set this up just for this episode. They had Bible study every Friday between 7-8am at that little church in Arden. I had a pickup truck assigned to me because of my job being an electrician. So I drove there and I would park behind the church, so that no one would see it, and I went inside to this prayer meeting hoping that they would not find out about it, which they didn't.

I maybe went about four times and after the second time the Lord spoke to me: I don't want you to hide your

truck out in the back, I want you to do everything out in the open and up front. From then on out that is how I went about it - out in the open. Then pretty soon the question was asked what that truck was doing at that church on Friday mornings and the news was rotating around. I told my wife that I was going up for prayer meeting and she knew about it and she started to threaten me: If you go to that prayer meeting today then I am going to tell on you, I am going to tell your dad. So that particular morning I did not go because I was afraid that she was going to squeal on me.

What happened was the Lord came on the scene: If you allow yourself to be intimidated by what she says and you are afraid of being caught, then I cannot protect you. I saw it so vividly clear, as long as I was about the Lord's business Satan and his hoards are on a leech and they can't do nothing. If you are about the Lord business and in His perfect will they can't touch you, and I was walking in His perfect will by going to these prayer meetings. The Lord had set that whole thing up and now if I allow myself to be intimidate and pressured by not going anymore what He did was He let those demons go. I've seen them, when I started to be intimidated then I was on my own. So that week I went through literal Hell, every devil in Hell was on my case, I even feared for my life, because God is not going to protect me. So I cried out to the Lord, and once I from my heart said - No matter what, I am going to do it the Lord's way. I saw those demons they were on a leech again and I saw the Lord pull them back.

After the resurrection Jesus said: *And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Matthew 28:18*

Jesus has power over all the demonic forces. If you walk in God's perfect will no devil in Hell can touch you. Once I made up my mind no devil in Hell could touch me and I couldn't wait for Friday morning to come. I went back to that prayer meeting and we decided at that prayer meeting that morning to ask for prayer, I had read a scripture: Where two or three agree He will do something. So they asked if there was anyone that has a prayer request. So I said, we have this bishop that thinks that he can do what he wants, he is unchecked, he has lawsuits going, terminating people, kicking people out from their positions that opposes them, and he is getting away with these tyrannical things.

Like that episode in Rock Lake where Ben and Tim went after him and he took them off their job. He would do that to anyone that would oppose him. He would go in there and just shut him down. I read a scripture one day and I knew that was the only way to stop that man from doing the things that he was doing. *Matthew 18:19*  
*Again I say unto you, That if two of you shall agree on earth as touching any thing that they shall ask, it shall be done for them of my Father which is in heaven.* God is the only one that can take away his unchecked power, if I could only touch the heart of God.

What I did, I asked for prayer about JK's unchecked tyranny, and it just so happened that morning that we

prayed that he happened to be over at Springhill and they wanted me to go over and meet him and make it right with this bishop. They want me to go over and apologies to him because I was pretty vocal about these wrong doings that he was instigating. I told them I am not going to go over there, I am not apologies for anything that I said because it is the truth. Its like Martin Luther why would I go talk to the Pope, he is the devil himself. That is the same it was with me. Instead of going up there I went to this prayer meeting.

One day when I was at the prayer meeting my dad came over to my house and asked my wife where I was. She told him that I was up at that prayer meeting that I go up there every Friday morning. Now this thing was out in the open, this prayer meeting in the Hutterite colony is a no-no. To have a prayer meeting is an unpardonable sin especially off the colony. Anyway he confronted me and he asked me where I was and the Lord moved on me to tell him the truth. I just told: every Friday morning I go up to a prayer meeting. He asked, 'What's wrong with our prayer meeting'. The Hutterite church is not a prayer meeting it is a brain-washing session.

I said, 'I have lost my respect for you as leaders, everything that J.K does you ok it and you condone it, not one of you is standing up against this thing, and when someone does he pressures them, like these 7 men that stood up against him and then he forced them to apologies for not agreeing with him. So they gave in and apologies and they might as well never had disagreed with

him, when you stand up for something you have to know the price if you are not willing to lose your life you are going to give in. Jesus talks about it in *Luke 14*:

*26. If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple.*

*27. And whosoever doth not bear his cross, and come after me, cannot be my disciple.*

*28. For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it?*

*29. Lest haply, after he hath laid the foundation, and is not able to finish it, all that behold it begin to mock him,*

*30. Saying, **This man began to build, and was not able to finish.***

*31. Or what king, going to make war against another king, sitteth not down first, and consulteth whether he be able with ten thousand to meet him that cometh against him with twenty thousand?*

*32. Or else, while the other is yet a great way off, he sendeth an ambassage, and desireth conditions of peace.*

*33. So likewise, whosoever he be of you that forsaketh not all that he hath, he cannot be my disciple.*

What he did he put them under pressure of losing their position so they compromised. They did not want to lose their position so they gave in. That is not losing your life for His sake and the gospel.

Are you like Queen Ester - if I die I die. She went into that King not knowing the outcome but she was willing to lay down her life. That is how determined you have to be. That is how determined I was. I was being a watchman for these people and I am going to speak up no matter what it costs. I was going to tell that J.K bishop was corrupt. I was not going to back down.

Anyway, when I told my dad that I lost respect for them as leaders he suggested having an interview. So that night we went over to the church. My dad, Elie who was the second preacher and myself, so I told them the 10-12 points that I have against the Hutterite church. That I could not support them anymore. I wish I would have taped it or written it down it would be identically to the reason why the Hutterite church split with that Oiler and Gib ordeal. That was the very reason that I was terminated.

Anyway, at the end of the day the Word of God was a lamp unto my feet and a light unto my path. I put the Word of God above my reputation. If you want to be part of that Marriage Supper of the Lamb when the King comes in with that Word, and He will check you through to see if it was in Word only or if it was reality. Was it real to you. When I look over my life I can truly say that: *Thy word has been a lamp unto my feet and a light to my pathway.* That is why we are where we are at today because of that Word of God has directed me to where I am today.

So we had this meeting and my dad said: I want to bring in your father-in-law. I simply asked, 'What do you want with him, everywhere he goes he creates war, not

peace'. He called my father-in-law in and of course he takes me right to the cleaners. I knew he was not going to give in because he was J.K's right-hand hatchet man. I know that there was going to be fire-works, because neither one of us was going to give in. Guess what, they are more powerful than I am so they came in one day and said: If you don't back down then we're going to come over tomorrow and get the whole colony together and as of tomorrow morning and if you do not give in from all this stuff that you are involved with, coming up against the bishop, then you are done. You don't have a wife, you don't have any children, you don't have a job, you don't have a home, you are nothing, you don't even have a name. You are just a number.

I told him: you can only do what the Lord allows you to do. These demons can't do anything if you are about the Father's business. They can do what they want but it is going to work for my benefit not for yours. I know what I am saying is true.

If you are set as a watchman you are going to be sent to prison, or whatever, so I went through this whole thing. I was still a watchman even if they terminated you. God does not release you from that calling even though they terminate you and stand up for what is right. I am still standing up for this Word, I am still doing whatever the Lord wants me to do. I am still guided by that unseen hand.

That happened back in the '90's and I didn't move out of the colony, I found work outside the colony and went

back and forth. What they did then was they called the police, they threatened to put a lock on the door so I can't get in. The Lord dealt with me: Sam if they want you to get out then get out. In His own time God is going to deal with them. It did not happen over night this was process and eventually I had to pack my bags and get out not because I wanted to because that is what they determined. It's not that Jeremiah wanted to go down that muddy Well that what they determinate for him. Jeremiah was not going to give in. Neither was Micah when those men threatened him to say what those other false prophets were saying. He just told them that he was going to say what the Lord puts on his heart to say. In the eyes of God they were the men that God picked but in the eyes of the people they were made fun of.

At the end of the day they terminated me. The bishop even made a comment, that he can break any man; he said that to my dad, all he needs to do is take his sex away for him. That JK bishop, because I did not go along with his ways, that's how he said he can break any man. That is what he tried to do, he figured if he takes my wife away from me that he is going to break me. He said it, that Gibb faction they didn't say it but they are actually doing it. They terminated me for refusing to deny water baptism, by emersion, in the name of the Lord Jesus Christ for the remission of your sins.

I was called to their council once. I had been on probation for 6 weeks, I had written them a letter, saying what I believed, and where I stood. So they wanted me to

recant the letter, and I said that letter is the truth why don't we sit down and have a discussion on it. It was pretty obvious that they were not going to listen to what I had to say. In fact, they even said, 'you are not going to tell us what to do.'

After I refused to recant of what I believed and where I stood, he said to me, 'You have until sundown to get off the property or else the sheriff will come and get you.'

So I got up, and asked these questions, addressing that Jake from Blumengart, who was the Bishop for that Gibb faction, and I said, 'You are the leader here, right?'

He said, 'Yes'.

I said, 'You are what the Bible would refer to as the religious leader, right?'

He said, 'Yes'.

So I asked him, 'Who crucified Jesus Christ?'

He asked, 'Where are you trying to go with that?'

I said, 'I'll tell you exactly where I am going with that. The religious leaders got the Roman army to crucify Christ. You are doing the same thing here, you have nothing on me. I will get out, but before I do, I am going to tell the God of Heaven how you guys operate.'

I told them, 'I have a wife and 5 children, you are going to make my wife a widow and my children orphans. Before I leave what I am going to do is I am going to pray to the God of Heaven and tell Him how you guys operate. It says, in the Bible that with what ever judgement you judge you are going to be judge with. God has every right to make your wives widows, and your children orphans.'

*Vengeance is my I will repay*, says the Lord. So I got home and did that and got into my car and left, because I was not going to deny what I knew to be the truth. I would rather be terminated from the Hutterite so-call-church than to be terminated from God.

That Word is more important to me than life itself, what good is that Word if I compromise. The proof will be in the pudding I can't just say that God's Word is a lamp unto my feet and a light unto my path, my life has to proof it. I can't just say it and claim that scripture and have nothing to back up what I am saying. At the end of the day they terminated me, and to this day I'm still terminated. My daughter was a year old when that happened and a few years back she got married and I was not allowed to go to the wedding. I can't even go visit. They want you to go worship the priest to even go near those colonies. I just determined to stay away. At the end of the day God's Word is going to become a reality, where it says vengeance is mine I will repay says the Lord. He knows everything that is going on in these colonies, the abuse, how they have treated Christians down through time. How they have terminated them for believing His Word.

In the meantime we are having a great time, we are about the Father's business, and we are among the most blessed people in the world. We have the best job going, last year we were able to go to Israel. The Lord brought you on board. They thought they could break me by taking sex away from me, but who cares about sex. I don't know why they are so obsessed with this sex thing. What we

believe is sex was introduced by the devil through the serpent in the garden, sex for pleasure was introduced by the devil. The tree of life was sex for reproduction purposes only, that is what God put into mankind, but Adam and Eve chose to go the forbidden route, sex for pleasure, which is the tree of knowledge of good and evil. If Adam and Eve would have followed God's advice you wouldn't have to wear clothes today. There would not be no winter. Sex would be sex for reproduction purposes only, the way nature does it - sex for reproduction. What happened was Satan inspired that Serpent creature to beguile Eve and that was the test, and they therefore introduced into the Human race sex for pleasure.

Now knowing what we know who cares about sex. Sex is not something that I am interested in. I am interested in that perfect will of God. We know what happened in the garden, they think we are crazy believing that. You and I have a sexless relationship and that is how God intended mankind to live, fellowship around His Word and that is what this is all about. They can think what they will, they are still caught up with that Serpent sex for pleasure thing. We are about this Word that is what we are about. That's all I ever wanted in life, fellowship around that Word. I got married and had kids and that's where it is permitted, otherwise it is off limits.

The Lord has really been dealing with me what my job is what He has called me to be. I do not know what they are going to do if they are going to come clean or not. If they do or if they don't that is a decision for them to make.

I did my part and the rest is up to them. We are going to put this message into print and send it around. They have been living a lie for 44 years and this is an opportunity for them to come clean, along with falsely accusing me of attempting rape, when all I did was I went in to warn her for committing adultery. The reason I did it was because that's the commission that the Lord gave me. He created me to be a watchmen and He reveal this to me. If I do not go warn them He is going to require their blood from my hand. I wanted to get rid of this at the earliest possible moment that I could. The best that I could find without raising too much, to kind of keep it quiet, and in the morning that was the earliest opportunity that I could. No one has to know about this just them and me, and the best time that I could think was at 7 o'clock in the morning she is alone, no one has to know about this just them and myself, and that is what I did. That was the earliest possible time to get rid of it.

I know what it is like to have this condemnation on you. In the eyes of God I am just as bad as they are, I might as well have done the act myself. I didn't want no part in it. So how do I get rid of it - I go and warn them. That is all I cared to do. The minute I felt that shock I knew that she knew that I know what they had done. If I would have just said it one time and walked out, I would still not be free of it, I had to do it in a way that she knew what I meant and it was real to her that I actually know what they did.

What they did then was they started to protect their wrong and accused me of attempted rape. Why would you go accuse a guy if there was no such intention it was only to protect their wrong. This has now been 44 years, they have lived like that year in and year out. Now she has cancer. Is she going to go into the regions beyond like that, because literally they are saying I want to go to Hell because that is where they are going.

It says right there in Ezekiel what their lot is if they do not come clean.

*Yet if thou warn the wicked, and he turn not from his wickedness, nor from his wicked way, he shall die in his iniquity; but thou hast delivered thy soul. Ezekiel 3:19.*

Right now they are still in their sin, and for 44 years my soul has been delivered. They are not free and they are going to die in their iniquity if they do not come clean, and we know if you die in your iniquity there is only one place to go and that is Hell.

It says, vengeance is mine I will repay. We are just about the father's business. We were talking about that reward and that reward takes place here. Can anyone be better rewarded than you and I have been rewarded. We have a home second to none, we come home and the Lord has taken care of it all. Everywhere you think He has been good to us, you can't come up with anything better, No headache; no hassle. Just a nice little home and we have much to be thankful for, and that is what I am about. I am a watchman for that Hutterite nation. We have a conversation about the true Christian water baptism

according to Act 2:38. That is why the Lord has us to have a website and put these books out. From time to time the Lord puts people on my heart to send these books to. That is all part of that warning, what they do with it that is out of my hands. We are about the Father's business, we are warning them. That is our job.

When I went to warn my father-in-law about the bishop, that is the same thing. One day I decided I should call up my brother-in-law from Elm River, so I called over there and at that time they didn't have no switchboards you had to go through the preacher. So I phoned and the preachers wife answers the phone and I ask to speak to Herb and she informed me that he is not home, and she went on to ask who I am. So I told here I am Herbs brother-in-law, Sam. She started to off load on me - you low-down so-and-so running around out there all over the world, God knows where and your father-in-law is laying on his death-bed. So she did her rant and her raving so after I hung up, I said, 'Lord ,did you hear all this?' The Lord came on the scene and let me know that I did everything by the book, you warned them, you did your part. There again if you read on in Ezekiel it says if that righteous man sins, you still have to warn people. A year later he died and I am still free.

I told my father-in-law to go and warn the bishop he is more likely to listen to you than me. I told him to go and tell him: no more lawsuits. In the end he didn't warn him because of his own personal interests. I am following the leadership of the Lord in all of this, so for days, and

months, I was going over how am I going to go about it and warn him, so the Lord put it on my heart to go and talk to my father-in-law, and tell him to go and warn him, which he didn't do.

After my father-in-law passed away, I had still not, single handedly, warned that bishop, then one day when I returned from a trip from delivering freight to Florida, the Lord put a song on my heart.

*“Tritt im Geist zum Grab’ oft hin.  
siehe dein Gebein versenken;  
sprich: Herr dass ich Erde bin,  
lehre du mich selbst bedenken;  
lehre du mich jeden Tag.  
dass ich weiser werden mag.*

That's why I put that book out - The choice between life and death. That is how the Lord got me to warn that bishop guy. I know if I go there face to face he wouldn't even let me say what I want to say so I put that book out: The choice between life and death. In there it explains everything if you want to read it, it is on our website. I explained in there that you can go and examine yourself in your own heart, the *heart is deceitful and desperately wicked*, but if you examine yourself according to the Word of God, then it is a different story. That was my final warning to that bishop guy, I sent it about 3 years before he died. I firmly believe when his two buddies died, Peter from Fairholm and Jake from Valleyview, that song, “Tritt im Geist zum Grab’ oft hin”, became real to him, because there again when you say something that the Lord puts on

your heart to say, those words are spirit and life, I believe something happened when he saw these two men being buried right before him. I believe that the Lord gave him grace to examine himself in the light of the scripture and this book that I sent. How do I know this? Because he did not live much longer after this. I have to believe that God brought him under conviction and give him grace to examine himself in the light of the scripture and all of his diabolical activities and where he brought the Hutterite church to. When I sent him this book to warn him, his blood is no longer required from my hands. I heard that he was not too impressed with that book.

I spend years trying to figure out a way were I could go and talk to the man. One day I even made an appointment to go talk to him, but if I stand back and analyze it, what good would it have done to go and talk to him. It's like if Peter would have tried to go after Paul when he was still out killing Christians. When Peter did speak to Paul he was converted. I never got a call that that bishop changed his ways. I wanted to go and talk to him before he had a change of heart, after I made that call and stepped backed, I realized all it would have been is a fiery confrontation. I still had my radar on, and minded the Lord on an opportunity, to do something and that is when He gave me that song. I have warned that Hutterite nation time and time again. I did everything that I knew to do, and the Lord took us out and brought us to this truth.

I also had to warn that Jake from Mayfair, he is the Bishop now, plus Solomon and Andrew so I sent them a

cd, they know all about this. The way they went about when they split up with Riverside, the shenanigans that they executed when they split up. God brought it to my remembrance here a few years ago so we had a conversation on it and sent them a cd and apparently they were not too impressed with it. God has not forgotten all this He remembers all this and they need to clean it up before they go into the regions beyond.

This is my calling. I am a watchman and I want to be faithful to what the Lord has called me to be, I don't want their blood on my hands. I've had to warn many people. It's not an easy job, but I want to be found faithful to what the Lord has called me to be. It's a terrible thing to have the blood required of your hand, if you do not warn people, from their wicked ways.

The Lord is good to us. We have a lot to be thankful for. The Lord pays us good, we have a job second to none, and we go about the Father's business we send books out to people who the Lord puts on our hearts to send them to. We don't ask for money the Lord pays us good we have nothing to worry about.

When I sent those 3 men that CD, I didn't have a remedy, but God always has a remedy. He has a remedy for these 2 people who accused me of attempted rape, He has a remedy for the 3 people and their shenanigans, the way they went about splitting up with Riverside. He had a remedy for those that crucified Jesus back in the day. He has a remedy for every human being and you are going to find it in Acts 2:38. All you simply have to do is own up and

repent and be baptized, by emersion, in the name of the Lord Jesus Christ for the remission of your sins, and that is the only way that your sins can be remitted. It worked for those people who crucified Jesus Christ when they asked Peter what they should do. It worked for me, and it will work for every Human Being, if they can only take God at His Word. That Hutterite baptism is satan's Counterfeit baptism and it has never worked for nobody because it is not scriptural. We have a book out that explains it right to the T - True Christian Water Baptism according to Act 2:38. We also have a website. <http://letthetruthbetold.ca>

There was a man that came to our house, Joe Maendel from Forest River, he had a massive heart attack, and he was dead for 7 minutes. During that time he had an out body experience and it was made clear to him that that Hutterite so-called 'gemeinschaft' is not the way of salvation, it is a delusion and a deception. He told us what happened when he came to our home. When he came back for those 7 minutes he realized that that Hutterite way of life is not going to get you to Heaven. You can read about the full experience in the book that I have: The years of the eclipse. Don't be deceived that living on a Hutterite colony, with this false baptism, is going to give you a ticket to glory even if you are a preacher. Neither will 'ausschloß and 'unfrien' forgive you of your sins. Another thing a true watchman will tell people the truth no matter what it costs.

This is my thought for the day, there are a lot of other things that we could talk about with all that is taking place in the world. Maybe the Lord will shift gears one day and

we will be talking on something else. We are about the Father's business and this is an episode that took place and if they do not come clean they are going to die in their iniquity. If you die in your iniquity you go to Hell and if you are saved you go to Heaven. If that blood is off you, you go to Heaven. These are not the only people that I had to go warn there are many others. All I have to do is go and warn them. It is not an easy job, but it is just my lot in life and I want to be found faithful. It's not a good thing to fall into the hands of God. It doesn't get easier you just get better at it.

We are living in the last days and it is important that you are standing right with God. Here is how you get rid of all your issues. You just have to do what I did, you take God at his Word. Peter, at the day of Pentecost told the people when they asked him what they need to do and he said: Repent and be baptism every one of you in the name of the Lord Jesus Christ for the remission of your sins. If you want to try another formula you can try it but it will not work.

Now I realize that there are going to be mockers and scoffers out there who are going to make fun of this, and critics that will criticize, they have always been and always will be. There are even going to be those that wish to continue believing a lie, but there will also be those that will believe the truth and be blessed. Like in the days of Moses, *And the people spake against God, and against Moses*, and God sent serpents. The people realized their sin and came to Moses. God told Moses: *Make thee a*

*fiery serpent, and set it upon a pole: and it shall come to pass, that every one that is bitten, when he looketh upon it, shall live.* Even so there were some there that had such a contempt and a hatred for Moses and would rather die than live.

*But we are bound to give thanks alway to God. 2  
Thessalonians 2:13*

***I keep listening for a different sound***

*We hear about the wars,  
See famine in the land.  
There's questions in the  
Children's eyes,  
Trouble in the east again.  
The whole world is shaking,  
There's no sure place to stand.  
And mournful sounds are  
Heard throughout the land.*

**CHORUS**

*But I keep listening  
For a different sound.  
The sound of the city  
That John saw coming down.  
The sound of the Bride  
Being united with the Groom.  
I keep listening, I keep listening,  
I keep listening for a different sound.*

*I remember the preacher sayin'  
"Son, it shall come to pass,  
There will come a generation  
That will be the last."  
I can't believe I'm standing here,  
Seeing the end of time,  
And the preacher's voice,  
Echoing in my mind.*

This is the last generation, I am going to live to see all that and I am 71 years old. You can about image how close we are to that city coming down. That City that John saw was the Bride of Jesus Christ. The Bride will go up in the rapture and after the tribulation period she returns with Jesus to rule and reign. Enoch saw it, *Jude 1:14 And Enoch also, the seventh from Adam, prophesied of these, saying, Behold, the Lord cometh with ten thousands of his saints.*

This is going to happen in this generation and that is what we are about. It is not somewhere in the future. It is right in front of our eyes. Always remember we are right and they are wrong you cannot argue with that Word.

*Heavenly Father I pray take these few words that were said take them and use them for your honour and glory. Do with us you see fit and most of all give that increase because these words are life and they are spirit let them go and do what they are intended to do, in Jesus Christ name we pray. Amen*

***I've got so much to thank Him for.***

When I look around and see  
All the good things God's done for me,  
I know, I'm not worthy of them all.  
For His good pleasure He truly gives,  
I owe my life to Him,  
Because, I have so much to thank Him for.

And I've got so much to thank Him for,  
So much to praise God for, you see,  
He has been so good to me.  
When I think of what He's done.  
And where He's brought me from  
I've got so much to thank Him for.

Sometimes, while I'm on my way,  
I'll stop, I'll kneel and I'll say  
Thank you Lord, for all you've done for me  
And when I reach sweet Heavens shore.  
Oh please, let me kneel ones more,  
Cause, I've got so much to thank Him for.

***What will you do with Jesus Christ***

Jesus came unto His own  
and His own received Him not  
He healed the sick and  
He made the blind to see  
He made the lame to walk again  
And He set the captives free  
But they turned their back upon the Lord  
And nailed Him to a tree

What will you do with Jesus Christ  
As He pleads with you today  
Will you let Him change your life  
Or will you walk away  
Will you let Him change your life  
Or will you walk away

Jesus Christ is still the same  
He will do the same for you  
The peace He gives is hard to understand  
He'll be the kindest truest friend  
That you have ever had  
Don't crucify the Lord again  
Don't turn your back on Him

The Lord who died upon the cross  
Will come to earth one day  
His coming now is even at the door  
Will your soul be ready  
Will your sins be washed away  
OR will He turn His back on you  
And say I know you not

What will you do with Jesus Christ  
As He pleads with you today  
Will you let Him change your life  
Or will you walk away  
Will you let Him change your life  
Or will you walk away  
Don't away, Don't away
