

There's an unseen hand to me

*There's an unseen hand to me
That leads through ways, I cannot see
While going through, this world of woe
This hand still leads, me as I go*

*I'm trusting to, the unseen hand
That guides me through, this weary land
And some sweet day, I'll reach that strand
Still guided by, the unseen hand*

*I long to see, my Savior's face
And sing the story, of his grace
And there upon, that golden strand
I'll praise him for, his guiding hand*

*I'm trusting to, the unseen hand
That guides me through, this weary land
And some sweet day, I'll reach that strand
Still guided by, the unseen hand
Still guided by, the unseen hand*

I know who holds tomorrow

*I don't know about tomorrow
I just live from day to day.
I don't borrow from it's sunshine
For it's skies may turn to grey.*

*I don't worry o'er the future,
For I know what Jesus said.
And today I'll walk beside Him,
For He knows what is ahead.*

*Many things about tomorrow
I don't seem to understand
But I know who holds tomorrow
And I know who holds my hand.*

*Every step is getting brighter
As the golden stairs I climb;
Every burden's getting lighter,
Every cloud is silver-lined.*

*There the sun is always shining,
There no tear will dim the eye;
At the ending of the rainbow
Where the mountains touch the sky.*

*Many things about tomorrow
I don't seem to understand
But I know who holds tomorrow
And I know who holds my hand.*

*I don't know about tomorrow;
It may bring me poverty.
But the one who feeds the sparrow,
Is the one who stands by me.*

*And the path that is my portion
May be through the flame or flood;
But His presence goes before me
And I'm covered with His blood.*

*Many things about tomorrow
I don't seem to understand
But I know who holds tomorrow
And I know who holds my h*

What Heaven means to mean

***1. A country where no twilight shadows deepen,
Unending day where night shall never be.
A city where no storm clouds ever gather,
Now this is just what Heaven means to me.***

CHORUS:

***What will it be when we get over yonder
And join the throng upon the glassy sea?
To greet our loved ones and crown Christ forever,
Oh, this is just what Heaven means to me.***

***2. And when at last we see the face of Jesus,
Before whose image other loves all flee.
And when they crown him Lord of all I'll be there,
Now this is just what Heaven means to me.***

CHORUS:

***3. A place where there is no misunderstanding,
And from all enmity and strife we're free.
No unkind words to wrong the heart are spoken,
Now this is just what Heaven means to me..***

CHORUS:

***I bowed on my knees and cried,
"Holy, Holy, Holy."
I dreamed of a city called Glory,
So bright and so fair.
When I entered that gate I cried, "Holy"
The angels all met me there:
They carried me from mansion to mansion,
And oh what sights I saw.
But I said, "I want to see Jesus,
He's the One who died for all."***

Chorus

*Then I bowed on my knees and cried,
"Holy, Holy, Holy."
Then I clapped my hands and sang, "Glory,
Glory to the Son of God."
Then I bowed on my knees and cried,
"Holy, Holy, Holy."
Then I clapped my hands and sang, "Glory,
Glory to the Son of God."*

*I thought as I entered that city,
My friends all knew me well.
They showed me the streets of Heaven;
Such scenes too numerous to tell;
I saw Abraham, Isaac and Jacob,
Mark, Luke and Timothy.
But I said, "I want to see Jesus,
He's the One who died for me."*

*I thought when I saw my saviour
Oh glory to God
I just fell right down before Him
Sing praise to the name of the Lord
I bowed down and worship Jehovah
My friend from Calvary
I wanted to give praise to Jesus
For saving a sinner like me*

*Then I bowed on my knees and cried,
"Holy, Holy, Holy."
Then I clapped my hands and sang, "Glory,
Glory to the Son of God."
Then I bowed on my knees and cried,
"Holy, Holy, Holy."
Then I clapped my hands and sang, "Glory,
Glory to the Son of God."*

He is here Hallelujah
*He is here Hallelujah,
He is here Amen,
He is here Holy, Holy
I will bless His holy name again.
He is here listen closely,
Hear Him calling out your name.
He is here you can touch Him,
And you'll never be the same.*

Reach out and touch the Lord
*Reach out and touch the Lord as He goes by
You'll find He is not too busy to hear your hearts cry.
He is passing by this moment your needs to supply.
Reach out and touch the Lord as He goes by.*

The only real peace
*The only real peace, that I have, dear Lord is in you
The only real peace, that I have, dear Lord is in you
In life's frustrations, I need you, I know I do.
The only real peace, that I have dear, Lord is in you*

Holy Ground

*We are standing on Holy Ground
And I know that there are angel all around
Let us praise Jesus now
For we are standing in His presence
On Holy Ground*

*I love you Lord, and I lift my voice
To worship you
Oh my soul rejoice.
Take joy my King, in what you hear
May it be a sweet, sweet sound in your ear*

*Lord prepare me to be a sanctuary
Pure and holy, tried and true
With thanksgiving, I'll be a living
Sanctuary for you.*

Thanks, Thanks

*Thanks, thanks I give you thanks
For all you have done
I am so blessed my soul has found rest
Oh Lord I give you thanks*

Going home, going home

*Going home, going home
There is nothing to hold me here
For I caught a glimpse of that Heavenly home
Praise God I am going home.*

This is what we all live for, for that final chapter. If everyone would live like that then everyone would make it to that eternal home, the only way we are going to make it is with that Word.

I want to go over that same subject that we were on last time. I know that God does not show up everyday but when He does you have to take it serious. I have thought about that a lot, when God takes time out to show you something there is so much in it. We went for a walk three weeks ago around 9 o'clock at night, it was overcast and it looked like it was going to rain. We were walking along Saskatchewan Ave, going west, and I heard someone call my name. There were these two Hutterite preachers.

I know we went over this subject last week but in the last couple weeks I realized that it is very serious. I will try to capitalize on the things that they said, it was not a very long encounter because it started raining, but I know God was in it. So when I heard someone call my name, I went over to see who it was. This one guy, that was from Riverside, kept talking as if he knew me. I didn't recognize him at first, it was only after he had talked that I realized who it was, it was the preacher from Riverside - Elie. I looked over to the other guy and it was Danny from Blumefield colony.

They mentioned, that they just came from Norquay they were at a funeral there, they had just buried Reuben. Elie went on to say now he is going to go and see how he will answer to that great God. He was more or less saying he will now see what he will have to show for himself,

because he has to meet God now, he is going to see what he was about.

What he said, rattled me, and the reason that it rattled me, is - they have this mindset, to wait and see until you get there to see what they are about. I pounded on the dash with my finger and said: I'm afraid it is down here that you have to do that, it is what you are going to do with that Word, and that is going to determine what you are going to do over there. I get beside myself when people they don't take the Word serious. I thought about that during the last two weeks, what was it that the Lord would stop these people, ordinary going they could have easily missed me walking there, because it was already dark, it was about to rain, I was on the inside and you were walking on the outside next to the street. Here were these two driving, they were probable waiting for the light to change and this guy noticed me and he stopped. Only the God of Heaven could do that. God takes time out to put his attention over there, almost as if God was speaking to him: There is Sam.

Like I said they stopped and the first guy that talked was that Elie from Riverside, and he went on to say how that Reuben will see how he is going to stand before that almighty God. Like I said, when people take things out of context with this Word, it rattles my cage. It was like I unfroze and I told him: You better make sure you go according to this Word down here because over there it is over. It is too late over there. It is right now, over here,

what you do with the Word of God, that will determine what you are going to do over there.

I knew that Reuben very well because I spent a lot of time with him. I just want to take a moment here to capitalize on how important that Word is, and how God looks on what we are going to do with that Word. He does not force it on us, but it is up to you and me to pursue His Word. That is what we have done all our lives. I know I can speak for myself and you can speak for yourself. When the Lord saved me I had no greater love than to read His Word. I found such great insight from reading Proverbs, the Song of Solomon, Ecclesiastics and so on. I really didn't get that much out of Psalms, but I got a lot out of Proverbs and the Wisdom of Solomon from the book of Apocrypha. I just spent a lot of time reading His Word, so I have learned over the years and this Word has guided me.

Like that song says: Guided by that unseen hand. We are guided by that Word, and if you would speak for yourself you spent hours just reading the Bible. That is what I did, when I became a believer, I just fell in love with that Word, and when you love something you hate when somebody disrupts it, and here this guy was trying to mess with the picture by saying now he is going to answer to God. As if to say, that a person can practically live the way he wants to here in time and then he will appear before God and then God is going to decide what your outcome is going to be.

I know that you have to do this down here you have to line up with that Word, because over there it is going to be

to late: *auß ist auß und hin ist hin*. Like it says, the way that that tree fell that is the way it is going to lay there. You can't prop it up any more. It's the same with this while you and I are here we are doing everything that we can do to acquaint ourselves with that Word, and to live a life that is pleasing to the Lord, that is why we are where we are today. We are not out here to have a good time. I saw that hypocrisy of that Hutterite system, and I started speaking out against it. It was not compatible with the Word. At first, you read it and then as you keep reading it, that Word becomes part of you, and you can no longer support a regime that is anti-word no matter how hard you try.

I thought that system was of God before I got acquainted with the Word and if it doesn't work then we are going to make it work, but it does not work that way. As you get more and more into that Word it points you towards the scripture, where it says, come out of her my people. It is a system that is not compatible with the Word of God.

Like the story where that mother came to Jesus. She fell down and worshiped Him and had a request. Jesus asked what they would have Him do, and she requested that one of her sons sits at the right hand and one of her sons sits at the left when Jesus will get his kingdom. Jesus told her that they don't know what they are asking for. He then went on to let them know how it works, how the kingdoms of this world operate, they exercise tyranny and how they go about with force, but here it is not like that. He went on to let them know that if they want to be great then

you become a minister and if you want to be greater still you become a servant.

I read all these scriptures, and I could tell that that system is not compatible with the Word of God and eventually something inside of you starts to rise up. In the early 90's I saw things going on that I could no longer support. I know, I went and told my father-in-law that I could no longer support that J.K guy, the things that he was doing were not scriptural. The things that he was doing were so anti-Word, and he said: well you just go home and do your work, that is all that is required of you and let us preachers, we will handles these things. Well you can only look at corruption so long, then after a while you are going to be held accountable to what you are supporting. I could no longer support it and I started to verbalize my opinion. That is how dictatorship comes about when people don't stand up for what is right. It slowly lulls you to sleep. There was something inside of me that was not going to be lulled to sleep, and I began to speak out and at the end of the day I was terminated.

The reason why I'm going over this, there are two things that was said during my encounter with those two preachers. The preacher from Riverside said: Now Reuben is going to see how he is going to answer to an almighty God. Well, you better settle that score down here. Then the subject turn to my family, and the devil knows that your family is close to your heart and that is the first thing that he is going to attack you with, he will try to put you on a guilt trip. What they do is they keep my family

hostage, my family is still in that system and they use them as a wedging tool to try to wedge me back into that system. I haven't given in, I have not succumb to their tactics which are inspired by the devil. The reason being is because I fell in love with that Word. That Word has become part of me. It is that Word that will help us and is our defence, we can combat the tactics of the enemy, when your family comes against us as the Bible says: Those of your household will become your biggest foes. Satan knows that your heart is towards your family, your children, and they will use whatever measures that they can get a hold off.

They went after my family, when I started to speak up about these things. They said: you don't have a wife, you don't have any children, you don't have a job. First thing that they will do is they will use soft tyranny. You can't come to church anymore, they will try to humiliate you, and then the next thing that they will do is: You will have to go down to the basement to eat, you can't eat with the people. Then it will be: You can't work here anymore. On and on it goes, they slowly use their soft tyranny. They don't want to use it, they just use it to make you succumb, so they can lull you to sleep, so you don't rise up. So they slowly and slowly lull you to sleep, but eventually at the end of day they will use their tactics: you don't have a wife, and whatever they can use to try to break you, and wear you down, but I had that Word and I read in the scripture that that is what they will do to you when you follow Christ.

That's exactly what my dad told me. After I got terminated I haven't been home for maybe two months and I had this desire to see my family, and when I get there my dad called me up and said: What are you doing here. I told him: I haven't seen my children for two months and I came to see them. He was mean and with a real mean tone of voice said: They are not your children, they belong to the church. I couldn't even go to see my children. When I was done with him he never approached that subject again.

Then another time, I haven't been home for a while by that time my dad already had Alzheimer so he was out of commission. The Lord has a way of dealing with these people if you go against His Word He will take you out one way or another. Then that other preacher the one that I saw the other day, Elie for Riverside he was in charge. When I came home one day and he asked me what I was doing there, so I told him: I came to see my wife. He said: that's not your wife, she belongs to us. That is exactly what they say.

Anyway going back to when we had that encounter when we were out walking, this other guy accused me, saying, the Bible says, if you can't even take care your children, that you are worst than an infidel. What he was saying is basically this: Sam you are worst than infidel. I told him - you know the situation and if you don't this guy here does, referring to Elie, maybe you can ask him to see what transpired throughout this whole thing. I said: Even the police were there trying to negotiate some kind of a

deal to work it out. The police even came over to my house to ask me what they could do to work out some kind of an agreement to please everyone here. I said: All I want is to be granted permission to come home after I am done with working, to be home to put my children to bed and wake them up in the morning to spend time with them, that is all that I am asking. So he went to try to negotiate a deal with the preacher, which was Elie at that time, he was going back and forth trying to work out some sort of an agreement but nothing ever came of it. That Elie guy said: There is only one deal that we are making here, he has to go through that rigamarole, this 'ausschloss' thing and that is the only deal that we are making here. When the police came back to me with that information. I told I don't believe the way they believe, that system is corrupt. Anyway, at the end of the day you are out of there; they terminate you.

So this guy is accusing me of not being able to take care of my children of being worse then and infidel. My family are hostage to that system. I remember one time I was in Winnipeg at that fruit place, and I knew my family loved their fruit, so I told him if you go to Riverside take a box of apples, a box of oranges and a box of banana with you and take over to my wife, and I paid for them. He was going to go there the next day so he was going to drop them off. That did not go over to well, when that guy dropped them off, he said: these are for Bertha. I don't know what the score was. She just told me not to ever do that again. I guess it raise up a bunch of roc-us. That I

would send these boxes of fruit there. Now here this Danny guy is accusing me of being worse than an infidel, by not supplying for my family. Like I said, they are hostage. They didn't even like me coming to see them.

It was a good 2-3 year process where they tried to terminate me. I didn't go quietly, I was going to make sure that that system is going to be expose for what it is. Like when nobody challenges it then you don't really know what it is. What I did I challenged that system. It is a very ruthless merciless system. What those preachers would do in the name of that system; in the name of religion. These ISIS that go around shooting people if you don't support them they are just going to shoot you. Here is the same thing if you oppose that system they are not going to shoot you but they are going to do whatever they can. If the law of the land would allow it - they would kill us. They would give orders to terminate us, and you and I know that. I am trying to expose that thing for what it is. They are like the left in the USA, they have their certain talking points to try to intimate people, only now it is not working anymore because Donald Trump is calling them out for who they are.

They don't go to the scripture, where it says that when you will follow Jesus Christ, you are going to lose it all. That Danny guy he is a merciless guy he is using the Bible as a whip, you just listen to him how he preaches. He does not have the right spirit. It was only a short interview but I saw the Lord in it, there was enough said, to give me ammunition for me to say what I need to say.

Lorraine speaks: You know what got me so trouble about it was that Elie, he was right there trying to cover up with lies. He was telling the story in a deceiving way. It was to make himself look innocent and you guilty.

Sam speaks: That is what they do. He was the one that said: your wife is not your wife she belongs to us. My own dad said: Those children are not your children. My father-in-law said: You don't have a name you are just a number. These are preachers, but there is not a word that is derogatory enough to describe how ruthless these people are. The Bible calls it - spiritual wickedness in high places.

When you go back to the times of Christ it was the religious leaders that crucified Jesus, and it is still those religious leaders that are doing it today. I was thinking about that today, there was a time when I asked to come back in-spite of all that. I thought maybe I could change the system from within. That is what that Reuben wanted to do. He tried to change that system from within, I knew enough scripture to know that it was not going to work. I tried that too. I thought that I could bring this end-time message into the colony. When I ask to rejoin I still did not know about brother Jackson. What God was doing He was testing me, He took me back there and He told me that He wants me back there as a witness against them. I did not see that at the time, but I could see the hand of the Lord, how He was leading me back in there, how He was going to test me. Before the Lord was going to take me on to the ministry of Brother Jackson, He wanted me back in that

system. Like I said, for a witness against them, because on the day of judgment all that stuff is going to come against them. Anyway, we had this interview, and my dad he tried to find something to put me through this 'ausschloss' and the only thing that he found was and I quote, 'he had no business challenging us. They could not put me through their 'ausschloß' because I spoke up against the system, because after I spoke up, the church they split because of the very things that I had against J.K. I had told that Elie when they had me up for review, I told them exactly why I could not go along with that J.K guy. Nobody had the guts to come out and say it, they did it later on but then it did not cost them anything anymore. It cost me everything when I spoke up when I did. Everyone knew that if you come up against J.K you are going to lose everything. A couple of people tried over the years like the ones from Aspenheim, and after a while they succumb and apologized for challenging him and the system.

Anyway, I guess when I came back after that split all my dad could find on me was - he had no business to challenge us. He did not want to put me into their 'ausschloß' for doing the very same thing that they did. The only difference is I did it single handedly and they did it as a group, but basically I voiced the same things that they did. They did not want to be challenged. I refused to go through that rigamarole and eventually I got terminated from that Gibb faction. They all know about it, this Elie he was there, but when he is confronted with it - he lies about it.

That police tried to negotiate with them and they could not come up with anything. The policeman even had tears in his eyes. You see God knows all about all this, you are not going to lie to God on that day of judgment. I was going to tell him that you need to examine yourself now before you get to that place. There are going to be a lot of things to answer to, because God heard that whole conversation what was said, when they terminated me. They have these talking point. This Elie he lies for 2 cents just to protect himself to make himself look good. I caught him lying time and time again. The other guy Danny, he uses the Bible as a whip, by saying - the scripture says you are worse than an infidel. That is what they tell my wife, and family, he is worse than an infidel. They don't go back to rehearse the 3 year episode that we went through, with the police, and with them terminating me. How they got the young people to destroy my car, how they rolled my car over, how they shot my lights through, and all these things. They don't tell people that. How I tried to bend over backwards to go and spend time with my family. Eventually, the Lord just told me to get out of there - If you don't get out of there you are going to be destroyed. They had my family on their side, my wife would not support me and my children were too young to support me, so eventually, I was terminated.

The Bible backs me up with Luke 14: 36 -37

If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple.

And whosoever doth not bear his cross, and come after me, cannot be my disciple.

This is what this journey is all about to come up at the end of your days and to give an account to the Lord how you lived your life. We are not just here to build a commune. We are here to on an every day basis to live our life pleasing the Lord. Like I say, when I read my Bible, that system was not compatible to the Bible. It was just the Lords way of moving me out of there. I just want to expose just how corrupt they are: How diabolic, how anti-Word and how they operate. I don't know how they sleep at night but they have their sermons, their way of justifying themselves. When you confront them they come out lying, misusing scripture like this guy accusing me of being worse than an infidel. Like I say, these are their talking points, that they use but someday they are going to have to answer to God, it is all recorded. The things that we do they are recorded, we have to stand before that Word. The only reason why we are where we are today is because of that Word.

*Thy word is a lamp unto my feet,
and a light unto my path. Psalms 119:105*

God said, He has put His Word above His very name; His very reputation. Jesus, like we said sometime ago, when push came to shove, when He was in the garden praying, He knew He had to suffer and die. He knew that He will have to be crucified and He did not flinch, and He went to the cross willing. That's why you and I are where

we are today, we are terminated from all these groups, simply because we are standing for this Word.

We saw and heard the things that were being taught, and I had a dream and a vision, and you had that Word come to you: remember the things that you have been taught. We stood with that Word that is why we are terminated from everybody, but we are just doing what the Lord has put on our hearts to do. We are the most blessed people in the word, but to come into that we did not just happen to just fall into that, it took a life long journey. I'm 71 already, it has taken pretty much all my life to get to where I am today. You learn as you journey on, and that system is not compatible with the Word of God. Its part of Roman Catholicism. They have their popes, there is no pope in the Bible the only King is Jesus Christ. He is the head of the church and He directs the church by the Holy Spirit. That is the code that you and I live by.

Anyway, I want to go going back to this Reuben, and explain what the Lord has shown me over the years. He believed that you must be Born Again and he even preached it. He was trying to bring that new birth into the Hutterite church, he was trying to change them from within, but really there again, it had nothing to do with born again it comes down to trying to make a name for yourself.

We had a conversation on that. It goes back to the days of Nimrod how they wanted to make a name for themselves and under the influence of Nimrod started to build this tower, which we know as the tower of Babel today. All that is part of the human nature that is why

people can't recognize Jesus for who He is, they are all trying to make a name for themselves. There is already a name that is above every name and that is the Lord Jesus Christ, and at His name every knee shall bow. I am not making a name for myself because at the end of the day the only thing that I can do is to be inspired by Him to do the things that He directs me to do. It is because of that Word that I could not support that system.

I spent a lot of time with that Reuben he was electrician and I was electrician, I would go visit him. His was one of the few colony's that would allow me in. He and that Levi from Valleyview, he did for a while until I came against his idol, which was J.K from Crystal. With Reuben I pretty much had contact with him right to the end, he would invite me over and sometimes he would call me. I even took that Amos from Nigeria to their place and he talked there for an hour or so. What Reuben was trying to do he was trying change that system from within, and I tried that too, but I knew that it was not going to work, because God showed me in His Word. That Hutterite tree is not a good tree. A good tree brings good fruit a lazy tree cannot bring good fruit and a salty well cannot produce sweet water, and a sweet well cannot produce salty water. These things are in the Bible that gauges and directs us, how to walk and how to conduct ourselves, and I knew according to the Bible that that system is not going to work.

In fact, my dad tried he preached his heart out all his life. I don't know what else he could have done because

he was a preacher, in that system, so he had to support that system, and there again he tried to change that system from within. Instead of going about it the way the Bible says. You cannot make an apple tree produce pears it is impossible, and as time went on, I realized that it is not going to work. The Bible says plant a good tree and then the fruit will be good. The Lord saw my desire, I am guided by that unseen had, and my desire is for the Hutterites to see this end-time truth. That is the only way that they are going to be saved and that is through water baptism in the name of the Lord Jesus Christ. The only way that they are going to make it into the rapture is if they accept and believe this end-time message. That was my desire to see if I could somehow get it in there and change the system, but that was my desire. God has ways that He is going to work through, via His Word, not via what I think or what this Reuben thought.

When I would spend time with Reuben I would tell him these things. I would tell him: Reuben, I tried to do these things and it is not going to work. You will have to get out just like we all have to do, you are going to have to be terminated and give up your position as preacher. He did not like that idea. Like I said last time, his wife is from that charismatic move that started back in the 60's, with that Josep Sanna, Josep Katrina, and Josep Anna. That movement came out of that Josep Maendel clan, they tried to come in and change the system from within according to their ideology, to their way of thinking.

At the time, like I mentioned last week, it looked good. When growing up as a child when there was a funeral they would put the children on the bench and have them sing: Jesus loves me this I know. That's what they would do and it looked good. It took me forever to see through it. As they married and started to infiltrate the system with their children and they would marry to different colony's and have children and they would eventually contaminate that whole colony if they could. They would all be part of that charismatic movement. There would always be someone that would fall for that stuff, it is enticing, and it gives the young people some sort of a rush, or a sensation, and they are sucked into that charismatic move, and what it is it is part of that grey horse rider. It looks good the sensations are there, it looks godly. I was almost caught up in it too, but I always stepped back and I watched and observed it. There was something in it that made me question it. I could not sell out to it, I observed it and watched the people that were involved in it. There was something missing that I was wanting. Like I said, it looked good, but something about it was questionable and you could not tell what it was at the time.

We were talking last week about a tree, you have to wait for the fruit to show. Even when it blooms you still cannot tell what tree it is. If you are experience with natural trees you can identify them and can tell an orange tree from a lemon tree and so on. To really know what kind of a tree it is you have to wait until the fruit comes. If you know your trees you can even tell what type of an apple

tree it is, but in the spring you can't tell that. Here in this end-time all these things are being exposed, all these movements are coming out to expose themselves for what they really are. What we are doing is exposing first of all these two preacher that we ran into, they are twisting the scriptures. Elie knows very well what all transpired throughout that ordeal, and this Danny he throws it into my face saying - that I'm worse than an infidel. They go over to my wife and they tell her all that and eventually they believe it. Then she tells the children that, and eventually they believe it, and they are so brain-washed that nothing that I say is going to change that because these highfalutin people have told them - I am worse than an infidel. Like the books, I send to my sisters they don't believe a word that I am saying they would rather, like the incident where I was accused of raping that woman, they would rather, that I did try to rape her, then to know the truth about the situation. It is coming out now, that she lied about it for all those years. They would rather that it would be me than her. That is just the nature of man.

Anyway going back to that Reuben and these three women that went from colony to colony when there was a funeral, and would sing have the children sing. Inside is the spirit of Satan, no matter how good it looks, and I did not see that for a long time, because it looked good growing up. These women would marry and they would get their husbands converted over to that charismatic movement. That Reuben married that Eddie's daughter. They are all contaminated with it, two of them married to

Hillside and there they contaminated that system, Levi and Ron, eventually they left too.

Going back to that Reuben and the time that I spent with him, over and over I would tell him that that thing is not going to work, but see that spirit wants to infiltrate that Hutterite Colony. Like I have said before, their system is corrupt and the only thing that they will settle for is this Word, for this truth. If they ever accept something this is what they are going to take, and eventually as time goes on they are going to see that, but they are not going to fall for this charismatic stuff. Satan he tries to run ahead of God, and God has a day set, that if there is anything about that Hutterite nation, that God cherishes then He will bring them this truth, God is not going to allow this charismatic spirit to take them all down a dead end path.

What Reuben was trying to do is he was trying to bring that charismatic movement into the colonies. What Satan is trying to do is he is trying to destroy that system. I believe God has His hand on that system. That Reuben had a lot of young people on his side. Like I said, I went to see him time and time again. I told him Reuben this thing is not going to work, and he tried desperately to try to get it to work, because he is driven by that charismatic spirit, that grey horse rider. It all came from the influence that these women had, and as they had children that movement grew within the colonies.

Even back in the day you heard a lot about Katie Wurtz and everyone that was somebody knew her. She was very outspoken, very verbal, and she had songs that

she would sing: There are eyes watching you, and Jesus loves you. She would also follow that trend, bringing the young children together and sing these gospel songs, but you have to see what the spirit is behind it. The Bible says in *Matthew 24:24 For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if it were possible, they shall deceive the very elect.*

Satan has to use gospel songs and scripture to deceive, the very elect if it would be possible, but the elect cannot be deceived because they see right through all these spirit. Anyway, this Katie Wurtz was thought of pretty highly, even my dad would brag her up like she was some kind of an idol. After a while she left the colony, she still tried to have influence on them, and all that family eventually left. What put the light switch on for a lot of people is when she married that old guy, this bum. We know the history of Katie Wurtz, here she was dying of cancer, she was so ingrained with this prayer meeting thing, Bible study thing, she could hardly walked anymore and she wanted a prayer meeting. I know what this prayer meetings thing is all about, Satan controls those meetings it gives the people, that orchestrates them, a high, a sense of power, and they think they are doing God a service.

Last time, I had this conversation, I forgot about these two women, Katie Wurtz and Sue from Deerboine, she is my cousin, she was in that movement too. She left the colony and went out to Ontario and she was out there for years maybe 10-15 years, eventually she wanted to come

back. She came back and she told me: Sam don't you fall for that stuff, there is nothing in it, it is a delusion; it is not real. There again, I was still contemplating about that movement. I still did not have my answer, when she told me that - a checkered flag went up. Then I ran into that old Josep Sanna and she said: Sam I didn't know what I know now. She was complaining about all her daughters getting married and divorcing, she was almost crying, she regretted having gone down that path. It was a mistake I did not know.

Then one of her daughters, she got stuck, she hit a ditch in a snow storm, so she called the Wurtz Brothers and he told me to go out and pull her out of the ditch, so I took the four-wheel drive and pulled her car out of the ditch. I spent quite a bit of time there with her, I drove her back to Darius, and she told me quite a bit about her history. She was the one that married a black guy, it did not turn out good. She was giving me her hard luck story. All these encounters the Lord brought them across my path, so to speak. They were checkered flags along the way; they were like warning signs when you drive down the road. When you drive down the road you will come across signs that read: yield, or stop, or caution. I took note of those signs. Here is Sue she said: Don't you fall for that stuff there is nothing in that stuff. Then there is Wurtz Katie, everyone's idol, she ends up marrying this guy and it's a disaster, until the day she died she wanted this prayer meeting. That spirit never delivers, it is just a delusion.

Now going to that Reuben and to give you heads up what that is all about - it is diabolic. What he was trying to do was bring in this diabolic spirit, it is a charismatic spirit, that grey horse rider. What these people have been warning me about, not to touch it, it is not good, it is not going to work out. He is trying to implement it trying to get the wheels going there. It is that same spirit, there is no difference. When those two preachers stopped me the other day the Lord took me back, and the reason He stopped these guys and the reason why we are having this conversation: First of all this one guy, he is lying, and the other guy is misquoting scripture, they are going to have to stand before God with their account what they did with that Word.

One of the things that the Lord dealt with me early on was not to go on defence mode, and to prove to you, we got into a debate with those two guys and all of a sudden the Lord dumped that rain down. It was like He was saying get out, this conversation it is over. There is no reason for us to go into a debate with that one guy accusing me of being worse than and infidel, and the other guy lying about how I was terminated. You cannot teach people anything if they are out to justify their wrong. In order, to be teachable to have to have the Holy Spirit, there are many times the Lord would speak to me sometimes in an audible voice. The Lord knows when to intervene because sometimes you can say to much. All He did was - He unleashed that rain and we could not stand there without getting soaking wet. We couldn't get into the vehicle because it was full

already. It's a good thing the Lord knows exactly when to shut it down. He did not want us to go into defence mode.

We are trying to expose that system for what it is, these young people they believe that thing; they believe that Reuben guy. It is going to be pretty hard to convince somebody that is deceived that that things it is not of God - It is a seducing spirit; it is a delusion. Once people are deluded, and believe me, I was kind of caught up in it when I first became a christian, with the sensation. There is a good feeling there, there is a sense of power, it is driven by a demonic spirit and they are deceived by it. There are sensations and it looks so good to the eyes, just to find out that they have been deceived. This influence that Reuben was under is the same thing, it lures you in, especially young people, then they rise up against leadership. God still wants leadership, I didn't like what the leadership did and I had to get out, I knew what it was going to cost me. You cannot change that system from within, I can do a lot more for them now, where I am at, then in there.

Now I know about God sending a messenger, about baptism in Jesus name. I learned that after I was terminated, the Lord took me through a school. If you care about the Hutterites you go via the Word. It is like Moses he wanted to get the children of Israel out of the Egyptian bondage; out of Pharaohs yolk. God saw his heart. He even killed an Egyptian. God took him into the wilderness for forty years to teach him, and it was going to be God's way. It was like God was saying: We will get them out but

we are going to get them out My way, we are not going to do it your way. The same way here, if you have something for that Hutterite nation, it is going to go God's way, not what I want or what anyone else wants.

It says, plant a good tree then the fruit will be good. That is water baptism in Jesus name. That is what I told Reuben - it is baptism by emersion in Jesus name. That is the beginning point, that's the starting point. The minute you go get baptized in Jesus name you are done, you lose your job you lose your position and eventually you are going to be terminated. You are going to go through what we all had to go through and that is get out of there. He did not like that idea, because that delusion that is driving that charismatic spirit, if he is able to influence those preachers he can do a lot of damage to that system. He was set in his ways and I was not going to tell him otherwise because he was influenced by that spirit and his wife was driving him and he was convinced he is right. He even told me that he is after bigger fish. Like he was saying - he wants to change that system from within and what he wants is to be that Jacob Hutter, he wants to be that big guy that will go down into the history books when they are written, he wants to be the man that is known to have brought this thing into the colony. It is just an allurements; it is deception there is nothing there. There is nothing there whatsoever.

One day, I called him up to see if I could come over to visit him and he said, Yes, I have visitors but you can come over. So I drove over there it is about a half-hour

drive and the spirit of the Lord was grumbling (threatening). I was wondering if it was the right spirit, but it was the spirit of the Lord, like David said in Psalms:

Gott ist ein rechter Richter und ein Gott, der täglich droht.

Will man sich nicht bekehren, so hat er sein Schwert gewetzt und seinen Bogen gespannt und zielt und hat darauf gelegt tödliche Geschosse; seine Pfeile hat er zugerichtet, zu verderben. Psalm 7:11-13

He was grumbling, the many times the Lord used me to combat what Reuben was trying to do. The many times I told him: Reuben its this Word, you cannot put that new wine that you claim to have into old skin, into that old system it is not going to work. What is going to happen if you have anything, that new wine will cause that old skin to bust and your wine is going to run away. That is exactly what happen, you can't continue to reject the Word of God and not be faced with the consequences, because it is very serious. If you go look at that place now it is a disaster, he was trying to implement this thing and with that it went against law and order, and everyone just does what they want. That is what happens - the skin busted and that new wine ran way. You have to plant a good tree, you have to have a reference and a respect for the Word of God. You will find out that that system is not compatible with the Word of God. I spent a lot of time with him. I told him about God sending a Prophet and the message for your day and hour, about baptism by emersion in the name of the Lord Jesus Christ, according to Act 2:38. I told

him the Bible says plant a good tree and that Hutterite tree is not a good tree. Anyway, as I was driving there, all the way, the Lord was grumbling in my spirit. The Lord was saying how time and time again he has tried to talk to that man. I know the many times the Lord used me to talk to him and imagine how many times the Lord has tried through His Word. I knew he was not just getting it from me but he was going to push his way through, as if to say: if my idea is not going to work, then I am going to make it to work.

When I got there we had a discussion and by that time he already had a touch of that lou gehrig's disease. He was hoping against hope that God was going to come down and heal him from that disease. That is what that delusion does. It is like that donkey with the carrot, the donkey never gets to have the carrot, as much as he wants it, it is always about four inches ahead of him. That is how that charismatic spirit works it never heals you. He thought he would get heal right up to the day he died. I am sure that he and his wife were hoping and praying, that he is going to get healed, that God is going to bypass his Word and heal him. I was over there and they were very jittery, like I was holding up something, and finally she came out and said: We need this prayer meeting. As if to say we need a prayer meeting never mind this stuff here. Then I realized that young guy that was there, Levi's son, he is in that charity group, that they are there for a prayer meeting to pray for Reuben. I guess to pray for this disease that he has. When I saw that, I said to them: With

me it works different. That's not what I'm about to barge in and have a prayer meeting. I mind the Lord.

Lorraine speaks: It actually unbelievable, the very thing why he had that disease that could help him he does not want to accept. He is not going to accept what you have to say, but still he wanted to be healed. The very thing that has brought about that disease they are not wanting to give up. They expect God to change His Word. They think God should just accept their ideology. He cannot do that, He has to stay with His Word.

Sam speaks: I was thinking if I could go over and baptize him, but even that would not have worked. Just to baptize him so he can get healed, you have to see the whole council of God. You have to go the way God wants you to go first you have to realize that this thing is a delusion. That Josep Sanna, originally for Fairholme, that movement it is a delusion, and all these young people are following it, and it is all a delusion. He was not going to accept that. First of all Satan had him captivated, if that Reuben was to accept it - his whole kingdom would come crumbling; That whole charismatic kingdom. There are a lot that are influenced by it, at Hillside, and a lot of young people down in North Dakota, it is all about that charismatic spirit. It is very powerful and has a big influence and he was like the gatekeeper of that movement, and he was not going to give up that delusion and accept this Word.

So they were going to have this prayer meeting and I told them - I will do something for you Reuben, it is what I

always do, I mind the Lord. The Lord knows the situation, I don't; He knows if He would heal you or if He wouldn't. I don't tell God what to do, I do not operate like that. I mind the Lord and the Lord will show me about your situation and I will call you, or I will let you know somehow, but for me to barge in and have a prayer meeting and tell God what to do, that does not work with me. God knows the situation I have to find the heart beat of God in this situation here.

She wanted this prayer meeting and I up and left. I imagine they had a prayer meeting. To note also here, that that guy that was there, that they were going to have this prayer meeting with, nine months later he died. He had a heart attack, a young guy, and you can see here Satan never delivers. That spirit never delivers it has nothing to give you. It draws from you; it sucks everything out of you. That guy was getting weaker and weaker with that disease, you get yourself all worked up and use up all your energy to get that think going. At night and during the day you put all your energy into getting that movement going and you lash out against that Leonard from Delta and anyone that is trying to oppose you.

Eventually, the Lord did come down I was driving down the road two, three months later, and I was minding the Lord. I pretty much knew the answer already, but I was minding the Lord if He had something for me to tell that Reuben and bit by bit that whole North Dakota thing, this Hillside, I began to see that whole charismatic thing. Even there, for myself, I had to wait for that apple tree to reveal

its fruit. The Lord revealed all that information, He took me back to that Josep Sanna situation, where she was practically crying, what a mistake she made falling for that when she was younger. When her daughters were growing up and she told them not to marry no Hutterite because that thing is corrupt. Now that she is old it is all coming back to her and haunting her and she realized that she made a mistake.

Then that episode with that Sue, my cousin when she came back she said: Sam there is nothing there. She said - it is all about sex and everything that is not godly.

Then this Katie ordeal, she died here a couple of months back. All these things came and I was able to see the fruit of that whole spirit that that Reuben was trying to push into the colony there. I called him up and I told him, that it is the fruit of that Josep Sanna, that charismatic spirit, and that there is nothing in it. He got very defensive about it, even as sick as he was already with that disease. It was about a year ago or so, he was still relatively healthy but he was getting weak, very rapidly, but in his weakness he could still put up a fight to protect that system. These are godly women you are talking about. I didn't tell the encounters that I had with them over the years. How they realized that they made a mistake, thinking that it was a good thing, only to find out that it is not. These are situations that the Lord brought along my path and I sat back and observed, and took it to heart. I saw the scripture and I saw that it is not going to work. I could tell that Reuben, that it is not going to work, and

when the Lord revealed that spirit behind it, I could tell him that that thing is not of God, that Josap Sanna movement is driven by a charismatic spirit, which is driven by the spirit of Satan because the Lord let me see it. He got defensive: These are godly women. Here is was trying to protect it.

When you look at the days of Korah, you could not convince those people in the days of Moses that Korah was not of God. The earth swallowed them up in broad daylight. What did they say to Moses? You killed the Lord's people. They turned against Moses. Moses could not convinced them. How am I going to convince people today. It is same today. He got riled up; he got fired up as if to say - you are not going to tell me that this movement is not of God, these Maendel women are godly women and you are not going to convince me otherwise. That is the last time I talked with the man, but I know I am right I had these encounters with these people, I have the proof; I have all these witness coming, God brings them across my path. Our paths crossed and God lets me see the fruit of that thing. They unloaded on me; That's God way of showing me these things. He knows my heart and He shows me what that thing is all about.

Then of course, we know from Brother Branham, about the Pale Horse rider in the book of Revelation. All these things are against a Christian in these end-time, in so much, that the Bible, says over in Daniel, it will wear down the saints of the most High God. Slowly and slowly the Devil works away, it is never ending that charismatic

spirit, the sodomites, the grey horse rider. All those spirits are constantly pressing in, and the Bible says that it will wear down the saints of the most High God. We would probably be worn out already if we would not be into this fasting, and constantly in that Word.

I was at the point that I did not know what to do anymore then the Lord brings you on board. The Bible backs it up - Woe unto you if you are alone that when you fall there is no-one there to pick you up. You were alone here and I was all alone over there, then the Lord brings it together for His glory. That we can help one another on this journey. It has nothing to do with this flesh, it has to do with this journey, and the Lord saw fit to bring us together. You were struggling with your issues and I was struggling with mine and the Lord brings it together. We are terminated from everybody, from our family, from the people that we used to fellowship with. We were automatically terminated, simply, because I picked you up to go driving truck together. We are having great time simply because the Lord put this together. He does not care what people say, do, or think. He has me toughened up already, years ago it would have mattered but not anymore. The Bible says: Blessed are you when men shall revile you and say all matter of evil against you for my sake.

Just to expose that system for what it is: It is diabolic; it is satan's way, like I said, I believe that God has a plan for the Hutterites, it is a people that has never been introduced to this end-time truth. We are the only two that

know it, water baptism is the foundation. God sent those church ages messengers, which go hand in hand with the 7 parable, what the kingdom of Heaven or the Grace Age will be liken to during each period. Then there are the 7 feasts that God gave to the children of Israel. They were set as a type for the real event.

Like the second feast of unleavened bread, represents that throughout the Grace Age the church should not partake of false doctrine. The church is to stay with the pure Word of God. These are all anchors for us. We are solid we are staying with that Word. I was thinking on that yesterday - I have learned to fall in love with that Word. If someone tries to twist that Word you are going to get me rattled. Just that little sign out there right before that floodway. It reads: Discover why Jesus created you. It gets my cage rattled because that is not true. Jesus did not create anything. He was not there in creation. Jesus was not alive when God created this universe. That sign gets me so worked up, because it is false, it is false doctrine, leavened bread. I wish they would take it down. You see, if people mess with the scripture, it really gets me going. Like these perverts, these preachers, that come out of this truth, one says - we are in the third day. That is perverting the scripture. They are not only leavening that bread they are feeding it to the people, and you can look and see all the people that are being deceived by all that.

We are standing alone we are not falling for that. Then this guy comes along that the two days are done; another guy comes along saying that the midnight cry has

not happened yet, on and on it goes. This one guy preaches what he thinks the mystery of His will is, and he is so far out. With that guy it is a lot more subtle. I listened to him one day and after he was done preaching I was wonder what he is trying to say. I am depending on that vine to feed me, for the Holy Spirit to inspire me and when I listened to that message, just because I listened to that guys version of what the mystery of God's will is - I lost my inspiration, it felt like the wind was knocked right out of me. This thing was bothering me so much then at 2 o'clock, the Lord comes on the scene and He lets me know what the mystery of God's will is. He takes me back to Cain and Abel, Abel knew what the mystery of God's will was to bring a lamb sacrifices. Where did he get it from - directly from God.

Now going to the days of Abraham where God said: Go out from the land of your father's and go to a land that I will show you. He tells his family, he tells his neighbours, and they think that he is crazy, but you see that is the mystery of His will, and this is the mystery of God's will for our lives. That we truck together, we hang out together and we have this website to tell people the truth and the day and hour that we are living. That was the last time that I listened to that guy, there is nothing in it, it is all just deception.

I waited until the Lord showed me that charismatic spirit, the same with Christmas and what is behind Christmas. I always wondered about that Christmas thing. It did not originate from the early church it was brought on

by Constantine, that is why we are still on course, we don't fall for everything that comes along, that comes down the pipe. Even if people are influential, they are still going to have to prove it to me in the Word.

When brother Jackson taught on some things, and some things were beyond my comprehension at times, but what the Lord would do He would come along with this Word, and He backed it up with the Word. Like the 3 parts to the first resurrection, I already knew that there were more than one part to the resurrection because I saw it in the book of Esdras, and when brother Jackson preached it, it resonated with my spirit.

Then there are things that brother Jackson said that are not scripture. We listen to a message yesterday - we know that there is no rapture in the first part of the week. That does not take anything away from who brother Jackson was, he was still that voice of that angel in Revelation 10: when he shall begin to sound. He was that second phase of that angels voice, God has to use someone and brother Jackson was the man. He could go into history bring out the things about the pre-historic world and what a wonderful picture he allowed us to see. Like I said, even with all that we still have to stay with that Word. That is where we are at we are staying with that Word. Like I say - if you want to rattle my cage, just twist that Word a little bit and it just gets me going. This guy who preached for a whole hour about the mystery of His will, it would have been better if he would not have said nothing because that is what it is - nothing. He was trying to tell

people because we believe what happen in the pre-historic age and in the garden of Eden that, that is the mystery of His will.

Anyway, I wanted to bring out these two episodes for Wurtz Katie, and my cousin Sue, and that women that hit the ditch and I happened to go pull her out of there. I guess I took here back to the Wurtz's. She told me a little about her situation on the way there. She told me she was the one that married that black guy, and it did not work out. That she made a mistake. Why did she tell me all that, I don't know, all I know is the Lord allowed me to see what that spirit is all about. These are all signs along the way if you are really honest with the Lord, if you really want to know God does not tell you in one day. All you have to do is walk softly before Him and He lets certain things fall across your pathway, through that He allows you to see something. Bit by bit He allowed me to see that charismatic spirit, just like that Christmas thing. Sometimes it will take a lifetime to see it, but there you see that apple tree, and that charismatic spirit that that Reuben was caught up in and was trying to bring into the colonies, and Satan did not want to let him go. He had a hold on him and he was not willing to give up his job and leave like we all have to do. He was more good to Satan in the system, trying to disrupt it, because he can't do no damage off the colony but as a preacher he could disrupt and influence a lot of people. This is what the Lord allowed me to see and that is why we are having this conversation.

We went over this conversation last week but there were a few things that I saw during the week. One was Wurtz Katie she died still wanting that prayer meeting, driven by that spirit, it never delivers she never did get healed. She thought that the Lord will heal her right to the very end, and I've seen that spirit time and time again.

Then there is Leonard up in Calgary he believes these people from Niagara, the biggest fraud country, is going to give him 50 million dollars. That charismatic spirit only takes and it never delivers. It deceives you, it seduces you then people come against leadership like the left does in the US, how they are coming against Trump. God raised up Donald Trump. I know that He raises up leadership and He raises up leadership in the Hutterite colony. I just do not want any part of it. It is not compatible to my Bible if they want to change, and if not we are going to do our thing and we are going to let them do their thing. Eventually, they are going to realize that there is nothing there. When God starts famishing all these false gods, these religious spirits. These gods are nothing but religious demons and God is going to famish them; choke the life out of them, and if the life is out of it there is nothing there. Like when brother Jackson left the scene that anointing that he had left too and now they have this truth turned into a mess. When brother Jackson was here they all preached good. They were all part of that anointing they were under his shadow. When he goes off the scene it is gone, and he had barely left all these false doctrines started to surface.

Here we know what we have been taught and that is our anchor. We are staying with it, plus the Lord gives us visions and dreams and we take them seriously we don't just take them haphazardly. We hold on to them. If you don't hold on to that, and if you treat them haphazardly then you are not going to hold on to the things that you have been taught, you are not going to remember the things that you have been taught. Then you are going to believe all this seducing junk that is out there, and you are going to be deceived by these seducing spirits. We have to go back when this guy was trying to tell us that the cut off for the Jews, that it was at 53A.D, and you challenged him and asked him where he gets it from when brother Jackson had established when the cut off was. See you remembered the things that you have been taught and no matter what he says you were not going to buy into it, and eventually we left that group. They are still having their pow-wows, but they are not going anywhere. The devil will make sure that they will have something to talk about just to lure them a little bit further down the path to destruction.

We might not be speaking to nobody but the Heavenly's hear it and they know that somebody knows something down here.

Lorraine speaks: It is all true. It says, try the spirit to see if they are from God. Let's say that you see a particular tree starting to grow in your garden and you think to yourself I have never seen that tree before, so what you have to do is you have to wait to see what kind

of fruit it will bare, then I will know what kind of a tree it is. Before that you can't do anything so you have to wait.

Sam speaks: Before that it will only be a guessing game, but if you are a tree person you could probably tell.

Lorraine speaks: If you are experienced in the field you would, and once you have experienced the spirits to see where they are from you can identify them now, but back in the 60's you could not identify that tree yet. It is only in these end-times that God is going to reveal the motives and the intents of the heart.

Sam Speaks: Even for myself I did not want to tell Reuben all that. I was kind of hoping that it will work to some degree. There is that charismatic spirit, fighting with that Word. Finally, I had to tell Reuben that it is not going to work. It is not scriptural and if it is not scriptural in the end it will just burn up and you are going to be left with nothing.

Lorraine speaks: What if Naaman would have ended up not listening to the word that came to him. Which was: dip yourself in the Jorden 7 times. It was a simple solution. We know that he did not want to do but he eventually did it. It's the same here with these people they think that they can go against the Word. For Naaman it was simple - go dip yourself in the Jorden River seven times, and he did it.

Sam speaks: He listened to his servants. It would have been good if these people would have told Reuben, because he had a lot of supporters behind the scenes. I wanted it to work but it can't work. I wanted to believe it, and it had some influence on me but what kept me is a

love for that Word. The Word says that you will have to work for a living, money will not automatically come into your bank account, and that captivated me more that someone is going to put money into our account. This one preacher told me if I give this then God will do this for me. These delusions never deliver, they only take. Then when it doesn't happen the way they think it should happen then the devil will get people to become bitter towards God.

Lorraine speaks: What did Jesus say to a lot of people that He healed: Go and sin no more. Often it was a sin. He said: what's easier to say, - Go and sin no more or be healed, so it is basically the same thing.

Sam speaks: Yes, most of the time. Sin can be a lot of things sometimes it can be a believe thing. There is something that is not lining up with the Word of God. This guy could not give up that delusion, he got very defensive when I told him that that is not of God. I tried to tell him, I did my part, maybe I could have done more, but the harder you hit them the worse it gets, then they cut of communication at least I could still communicate with him.

Heavenly Father we just has a little discussion around your Word use it for your honour and glory and maybe it will touch a life somewhere, and open some eyes. WE are just doing what we know what to do, just saturating ourselves with your Word. Once again we want to asked you for that increase. In Jesus Name We Pray, Amen
