

Hold to God's unchanging hand

*Time is filled with swift transition,
Naught of earth unmoved can stand,
Build your hopes on things eternal,
Hold to God's unchanging hand.*

Refrain:

*Hold to God's unchanging hand,
Hold to God's unchanging hand;
Build your hopes on things eternal,
Hold to God's unchanging hand.*

*Trust in Him who will not leave you,
Whatsoever years may bring,
If by earthly friends forsaken
Still more closely to Him cling.*

*Covet not this world's vain riches
That so rapidly decay,
Seek to gain the heav'nly treasures,
They will never pass away.*

On A Hill Called Calvary

*1. On a hill called Calvary,
Jesus, my Lord, suffered for me;
Carried the cross on that day, my sins to atone.
Then they nailed Him to the cross;
Great was the pain and the cost.
And he suffered it all,
Because he loved me.*

Chorus:

*Because he loved me, my Savior died,
On the cross was crucified.*

No greater love, by mortal man, has ever been known.

Oh, praise His dear name, I love him so.

I am his, he's mine I know.

And he suffered it all,

Because he loved me.

*2. Then they carried him away, placed him in a lowly
grave.*

*Surely they thought that this would be, the end of this
man.*

*But on the third and glorious day,
God came and rolled the stone away.*

And he rose from the dead,

Because he loved me.

He Paid The Debt He Did Not Owe

He paid the debt he did not owe

I owed the debt I could not pay

I needed someone to wash my sins away;

And now I sing a brand new song,

“Amazing Grace” all day long

Christ Jesus paid the debt that I could never pay.

He paid that debt at Calvary

He cleansed my soul and set me free

I'm glad that Jesus did all my sins erase;

I now can sing a brand new song,

*“Amazing Grace” all day long,
Christ Jesus paid the debt that I could never pay.*

*One day he’s coming back for me
To live with Him eternally
Won’t it be glory to see him on that day!
I then will sing a brand new song, “Amazing Grace”
Christ Jesus paid the debt that I could never pay.
Yes, Jesus paid the debt that I could never pay.*

*And they overcame him by the blood of the Lamb, and by
the word of their testimony; and they loved not their lives
unto the death. - Revelation 12:11*

As a believer you have to have a testimony, when did you passed from death unto life. It is personal, there came a day when Jesus forgave me of my sin. It has nothing to do with living in a commune or a group. It is a personal thing. I can tell you exactly where I was when I passed from death unto life; when I became born-again. You have to have that. Some people think they have always been saved. That is not true, I needed someone to wash my sins away because I was a sinner. That is the bottom line. There comes a moment when you pass from death unto life, I know exactly when that happened. Now I have this testimony. It was real. I am still moving on; I am still continuing on. I ran into a lot of obstacles along the way, there are a lot of traps that you fall into but you brush yourself off and you keep on going. We are still on track; we are still moving forward.

I'm sure you remember when you passed from death unto life, to me it is real, it is just as real and more so today as it was back then. No-one is going to take that from me. It has nothing to do with - you have to be in a group; you have to be in a church and stuff like that. It is a personal thing. When you can find someone that agrees with you, for forty years of my life I walked this journey alone, until you came along, you were the only person that I could find that I could share things with that is on the same page. There were a lot of pretenders along the way; along the journey as a believer.

Now I can look back and I can see, how the Lord from the day that He saved me, it has been a journey back to the beginning and the beginning is baptism in Jesus name. I can look back now and I can take inventory. I can see how the Lord has led and guided me but I had to have that initial starting point when God saved me. I know exactly the place, and the next morning I got up it was a different world. This weight, this stone, I don't know if you have ever read the book: The Pilgrims Process. The guy had this big rock on his back all the time and one day it just rolled over and then the battle began, he ran into all kinds of obstacles. His family disowned him, his friends were his biggest enemy. I should read it again. It is a pretty interesting book how this pilgrim once he got this weight off, then guess what happened - he ran into this so-called friend of his. That's the thing, you have to know who your enemies are, then you can win this battle.

I was thinking during the week: you must be born again. Then once you are born again you have to know who your enemies are. As Jesus said to Nicodemus, you must be born again. John 3:5

Jesus answered, Verily, verily, I say unto thee, Except a man be born of water and of the Spirit, he cannot enter into the kingdom of God.

Then you have to go over to Acts 2:38. How does one become born-again - By repenting. I repented maybe for two years before I finally accepted the Lord. I was trying to be good, this, that, and the other, but it was not until Jesus came in and forgave me of my sin. You can be righteous and self-righteous, and that is the thing about this Hutterite thing, it is so deceptive, people are so content in believing that they are saved when they are on that colony and it is a lie; it is not true.

There are a lot of ex-hutterite caught up in that charismatic movement like that Reuben was from Norquay. Then when they are old and things don't work out according to their ideology they get mad at God; and they blame God for not coming through, but little do they realize that God cannot go against His Word. Thou hast magnified thy word above all thy name, Psalms 138:2.

The more I studied it the more putrid that system became. It is all about deceiving people. You are just fooling yourself by thinking that that is the road to Heaven. That is first-class deception, it is utterly impossible in that system to be a Christian and be led by the spirit of God. It is impossible, you can do it up to a point then you are

going to run into some roadblocks. I tried that for years, I wanted a little bit more and there was always this roadblock in the way and it was these preachers. They would not let you go beyond, into that intimacy with the Lord Jesus Christ. Then you are pegged as a lunatic and as crazy.

When I go back when I became a believer, those preachers they preach you must be born again in their sermons, yet when you are really born again, they are the first ones that will condemn you for it. Like Jesus said in *Matthew 23:13*

But woe unto you, scribes and Pharisees, hypocrites! for ye shut up the kingdom of heaven against men: for ye neither go in yourselves, neither suffer ye them that are entering to go in.

I have had a pretty rough journey along the way when I got saved. I could not wait to share it. I thought this is the best thing going but see what happened was there was no one that I could fellowship with. There was no one there that I could share what happened to me. It was so real. You wanted to share it but there was no one that you could identify with. They looked at me kind of strange. This guy is strange, they even thought about taking me to the mental home. They were serious about it too. I was having a great time in the Lord, I could pray, I didn't have all that baggage. When the Lord saved me back in 72 or 73 in the spring, I did not know what it meant taking a drink. When I came back after I had left the colony, I was gone for 3

years, the Lord told me to go back home, then the Lord saved me.

In the colony, people drink and they think having a beer is it, well to me it was the last thing on my mind. I think I might have had 3 beers while I was gone for 3 years. It was just not something that I cared for. For me, it was a waste of time, even before I was saved. I was smoking and I tried to quit smoking but that is about all I did, and eating to me was just to survive. I was in good shape I was only about 130lbs. I didn't have all these hangups but see if you are in an environment, it is that environment that drags you back, it drags you down.

If I would have known then what I know now I would not have run into all the traps, I would have just separated myself. Your own family is the biggest problem. My brother John, I didn't know what a good steak was until I hung out with him. I didn't know what taking a drink was until I hung out with him. Then my old buddies, before I left the colony I had these Spring Hill guys we used to go out and do whatever, I guess they knew that I wasn't drinking so they came over one day. That Mack and that Davey from Springhill, they purposely looked me up and asked if I wanted a beer. I said, no, I don't want a beer. 'Why the heck don't you want a beer, who do think you are do you think you are better than we,' they said. I told them, 'I just don't drink and I don't care for a beer.' What it is, it's the devil behind it trying to lure you away, and setting a trap.

During the week I looked back, I could have saved myself a lot of heartaches a lot of unnecessary traps, had I

known what I know today, to completely separate myself from that kind of company. Just as if they don't even exist. Your family is really your biggest enemy. That natural birth is what people need to be saved from; you need to be saved from yourself, because it is you, and yourself; me, and myself, and I, that is who I need to be saved from, from all this putridness.

The natural birth has absolutely no connection with the spiritual journey. If I would have known what I know now. I could have saved myself a lot of unnecessary miles on this journey. It is like going to California, there is a shortcut to go there, there is a certain way that we always went that gets you there faster. What I ended up doing was I went up to Alaska and then to New Brunswick and then somehow went down to Florida and then somehow I ended up in California. That is what my life has been instead of going directly down to California I made all these extra miles. What it was, was ignorance, very ignorant when you are first born again. On top of it all you are in the wrong environment you think that this Hutterite thing is the right environment and it is not. It will not take you to that glorious Rapture.

In fact, they will do everything that they can to keep you from the real thing. That has been my journey and when I think back, I was thinking during the week, I would have had it so good, had I realized that I have to save myself from myself. That I need to be saved from this natural birth. Your natural birth is your carnal birth, and

that is what you need to be saved from, and your spirit needs to be born again.

Adam and Eve, they were given a choice, there are two choices, and that is the difference between angels and the Human race. We are not robots, the angels had to be tested too. Before Lucifer became Satan he failed that test, before those angel over in Jude were bound in everlasting chains of darkness there was a time that they were not bound; there was a time when they were in their God given estate. There was a time that they were free. With the angels it was a little different from man, the angel had their established estate, and they left their created estate, they decided to leave their job that God created for them to do. They basically had it made. When we are born we don't have it made, we need to realize that we are a sinner and need Jesus Christ to save us from ourselves; from our sinful nature. The angels had it good, if you read the fine print, they had it made, they had an estate and all they had to do is be content in doing it, and do what God created them to be, but they were given a choice and there was a time when they decided to leave their job and go do their own thing.

We discussed it last week, everything is in God. These angels they were there and they left their first estate, and in doing that chaos came about. Then as things progressed God had to bring judgment on this earth, and those angels in Jude, God chained in everlasting chains of darkness, because what they did was so wicked. Before Lucifer could become Satan he had

to make a wrong choice. He did the wrong thing then all those angels that supported him went with him.

It is the same thing with Adam and Eve they were given a choice. That is the beauty of the Human Race. They were given a choice, and to this day we're given a choice. We are given a choice of what we are going to do with that Word. Adam and Eve were given a choice with the means of reproduction. That choice was between the tree of the knowledge of good and evil and the tree of life. There were two ways that they could go about replenishing the earth, they could do it under Satan's advice or they could do it under God's advice. God told them to partake of the tree of life. I was thinking during the week we are the only creature that God created that has to dress ourselves when we get up in the morning and the reason being is because Adam and Eve made the wrong decision with the means of reproduction, with how they are going to be fruitful and multiply by choosing the tree of the knowledge of good and evil. Before God cursed that serpent to crawl on his belly he was an upright creature, he could walk and communicate with Adam and Eve. God created him to do all the laborious work for Adam in the Garden. This serpent creature, he did not have a soul like Adam, he was from the animal kingdom but he was and upright, subtile creature. That is how God would test man, God instructed Adam not to partake of that tree, but Eve was deceived and partook of it, and therefore brought sin into the world, that is why we need Jesus.

They made the wrong choice, they took the wrong means of reproduction that is why the world is in the chaos that it is in today. Simply because they made the wrong choice. The natural birth is really brought about by the wrong decision. There is nothing good that can come out of the natural birth. A person needs to come to the realization of that. When people are born into this world people think: Oh I'm a pretty good guy. Then you grow up and you think I'm better than this guy or that guy, but the guy that you have to get saved from is yourself. I saw that during the week. It is because there in the garden they decided to take the wrong reproduction law. So we are born in sin, we are shaped in iniquity, we come into this world speaking lies. There is nothing decent, nothing moral, nothing that is salvageable from your natural birth. It is just through God's love that He loved the world that He gave His only begotten son to save us from sin, to save us from this natural birth.

You can go to Ezekiel and all the books of the Bible God looked down and He saw that no one could help man we were doomed because of that natural birth. We were dead in trespasses and sins. So don't even think that there is anything good in us. We all inherited that same bloodline from what happened in the garden. We are all from that seed. If one person can be a better person than the next person that does not make him better or save his soul. In fact, it makes that person self-righteous. That is why we all need a saviour because we all come from that natural birth.

When you dig for coal, what they do is they strip the topsoil off. Then underneath is that layer of coal and that is what we have to do. We have to dig through this layer and layer of garbage and self-righteousness and get right down to the fact that you need a saviour; you need the Bible, the washing of the Word to teach us to live a life that is pleasing to God. People need to know that they need to be saved from themselves first. That is what I saw, I need to be saved from myself. Yes, Jesus came to save us, it is yourself that natural birth that will take you to Hell. You have to get it down into your DNA that it's you and yourself; me and myself and I that we have to be saved from. We are all born in sin and came into this world speaking a lies.

*10. As it is written, **There is none righteous, no, not one:***

*11. **There is none that understandeth, there is none that seeketh after God.***

*12. They are all gone out of the way, they are together become unprofitable; **there is none that doeth good, no, not one.** Romans 3*

Waß bin Ich wenn es mich betrifft ein Abgrund voller sünden gift. No matter how you look at it and no matter how good that you think that you are the bottom line is and there is only one way out - I need this Jesus. I need this Saviour, because I cannot save myself how can something that is corrupt save itself from corruption. We are born in sin, we are part of it. The prophets they came to that place and they realized who they were: There is nothing good in

me they said. Paul said, in my body there is not one good thing.

Romans 7:

18. For I know that in me (that is, in my flesh,) dwelleth no good thing: for to will is present with me; but how to perform that which is good I find not.

23. But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin which is in my members.

24. O wretched man that I am! who shall deliver me from the body of this death?

25. I thank God through Jesus Christ our Lord. So then with the mind I myself serve the law of God; but with the flesh the law of sin.

If there would be one good thing then maybe you could build on that one thing, if there would be just one little kernel of something that is good about you, then you could maybe mature it and it would become something, but there is absolutely nothing and I mean nothing there. There is completely nothing, in the negative, zilch there, and you have to come to that place in yourself if you want to move on into the spiritual world, unto that holy walk with the Lord. You have to realize that there is nothing that you can salvage, nothing that has any value. Your natural birth is complete putrid, absolutely useless, when it comes to walking in the spirit. It will be an obstacle for the rest of your life, and we have to bring ourselves to that understanding.

That is why it is so important that this sex thing; this romance thing, is all part of that natural man, that has to be crucified no matter how good it looks, and then once you have realized that, then you can walk in the spirit. Until then you are going to go three steps ahead and four steps back. We are entering into something of such magnitude that you can't take that old man with you; he has to be crucified. That is why repentance and this water baptism in Jesus name by immersion is the beginning, you have to bury that old man. It is a symbol but then it is a life long journey to do that. You come to a place in your life that you don't want anything to do with the world and with its contamination. Then the next thing when you save yourself from yourself, from this natural birth. Once you are born again, guess who your next enemy is, it is your family. Not that you hate your family, but you have to be realistic, you have to be honest because the devil will use your family to keep you from moving ahead. We all have family, but you have to realize that the devil will use them to set a trap for you; be a hindrance in your walk with the Lord Jesus Christ.

It is just the way it is. It is not that you hate them, but you are of more value to them walking in the spirit than you are trying to tamper them a bit by sending them money and things of that nature. That is the worst thing that you can do for them you are best of walking on in the Lord.

I was thinking about Rahab, sometimes you think about things and then the Lord can take that and work on

it and magnify it. Rehab she saw something, she heard what God did for the Israelites with the Egyptians at the Red Sea, and all these things and she said - Our hearts melted within us. She wanted to do one thing and that is cuddle up to these guys. The enemy saw them going into her house and she hid them on the roof somewhere. She was for them and when it was safe for them to leave she asked - *I pray you, swear unto me by the Lord, since I have shewed you kindness, that ye will also shew kindness unto my father's house, and give me a true token:*

And that ye will save alive my father, and my mother, and my brethren, and my sisters, and all that they have, and deliver our lives from death.

And the men answered her, Our life for yours, if ye utter not this our business. And it shall be, when the Lord hath given us the land, that we will deal kindly and truly with thee.

They instructed what she should do by binding a line of scarlet thread in the window she and her household will be saved. If Rahab would not have done her part then she and her whole family would have been destroyed, but see what happened when push came to shove by believing and following what was asked of her, she was able to come out of there alive.

It is the same thing today, the only thing that we can do is to walk on it the Lord, walk in the spirit. There is nothing that you can do for your family, in fact, as I say, the devil will use them to set up a trap for you, and they will try

to trap you. Like this thing with this Derek guy, trying to get you to go home and see your mom. That would have been so disastrous. It would almost be like Eve taking advice from that serpent. She took advice from the wrong source. If she would have taken advice from God the Human Race would have had a different story, but see Eve took advice from that Serpent and therefore brought that whole human race into chaos.

Here we have to walk so careful sometimes the Lord intervenes and saves us, but here this guy was trying to get you to go home to visit your mom she is dying, at 3 o'clock in the morning. Then in your emotions, you think maybe you should go there, then maybe not, then you sit back and think about it, maybe it would be a good idea. Then we prayed and then I realized and saw it as clear as crystal. We cannot go there under his advice; his diabolical advice. There will come a time where you will be able to go there, but not under the devil's advice because that is who the devil was using to get you to go there and walk right into a trap.

That is why it says - Those of your own household will be your biggest foe. The devil will use them. When you go back to the life of Jesus, when He went down to the river to get baptized then was led by the spirit into the wilderness where He was tempted by the devil. When Jesus came out from the wilderness after fasting for 40 days He did His first miracle when He turned water into wine. The first thing that He ran into was His mother, Mary

and He rebuked her. *Woman, what have I to do with thee? mine hour is not yet come.*

Mary was really not His mother she was the incubator, the vessel that God used to bring about His only begotten son. Jesus didn't have any connection with the sex part. There was not an intimate act there whatsoever. Jesus was not born through that a Adamic-Eve line.

Jesus was conceived by the Holy Spirit. If you look at it the only thing that Mary played a part in was her natural body fed the baby while the baby was in the womb. There was no blood linkage, no connection whatsoever. People have this misconception that Mary was Jesus mother, they know that Joseph wasn't the father, but they assume that Mary was His natural mother, but she wasn't, she was just a vessel that God used to bring forth Jesus. Jesus never called Mary mother, in fact, He rebuked her when she came to Him because there was no more wine at the wedding in Canaan. Jesus said to her: *Women what have I to do with you.*

Then somewhere else when they told Jesus that His mother and His brothers were to see Him. That was a set up too. It is like today with the left and the negative people, Satan uses them. Like he uses your family he uses the left in the states, here in Canada there is the left here and over in Israel they have their left, and back in Jesus day, they had their left. So the Pharisees they realized that this Jesus He is a threat to our comfort zone we are making a lot of money, and Jesus was beginning to expose them, so they went to His family. They went to Mary and told her

you better reign that guy in and they had them convinced that Jesus is off His rocker. We have to somehow bring Jesus in, that is the reason that they went to see Jesus. When it was told to Jesus that His mother and brothers were out to see Him, He knew what they were after. They wanted to take Him to the mental home if you read the fine print. They thought that Jesus was crazy.

I have been through that. I know when I first got saved that is what they wanted to do with me, they wanted to take me to the mental home, but I was performing to good. I was an electrician and things were happening. They couldn't really pin nothing on me, except, the fact, that I didn't go along with the tide.

Here again, is this tradition thing that I saw, let's say that we would go back in that system, we would have to slowly brainwash ourselves into their way of thinking. We are free to do what is right. We have it good. We are not locked into this group thinking with having to think as they think. Before you go back there you have to forget about being led by the spirit of God and do what they tell you. I could never fit into that system again - Not in a million years.

Anyway, when they came to see Jesus that was their intention to reign Him in. Jesus did not even give them the time of day. Jesus said, *Who is my mother? and who are my brethren? And he stretched forth his hand toward his disciples, and said, Behold my mother and my brethren! For whosoever shall do the will of my Father which is in heaven, the same is my brother, and sister, and mother.*

The people that followed Jesus, they were there because of the Word of God. That is why they were there they were not just there for an outing. They are those to whom Jesus said, these are my brethren and my mother. That is where you and I are at. We don't hate our family but they are of no value to us and we are of no value to them, we just have to keep going. Unless of course, they decide that they want to walk that same journey. Then it is a different thing. It is just clear that they have no desire to go that way.

Like when you saw your brother Ernie down the street. Sometimes, God, He does things and we don't even know why. We were driving along Saskatchewan Avenue and you saw a Urecoat truck, so I just automatically turned around, and we went there and there was your brother and we talked with him for a bit. See only God does things like that for some reason. You care about your brother, of course you do. You would like his soul to be saved but there is nothing that you can do. You have to wait on the Lord, and He sets these things up. Only God knows why and that's more than you can ever do for your brother Ernie. That is something that the Lord did for him. He might not see it as such, but you had nothing to do with it. That little episode did more for him than all you're preaching can do in 10 lifetimes, because the Lord is in it.

We care about our families, but there is nothing that you can do for them. You can try, like my brother, he called me up wanting me to take him to Mexico. He wants me to

pay for his Mexico bill about 8,000 usa money. You never really get the truth out of him, he wanted me to pick him up and take him to Mexico, and go through this doctor thing and the whole thing financially would probably have cost, I'm sure \$15,000 by the time everything would be done with. You can't really believe what they say, they give you a small figure 5-7 thousand which is probably more like seven and that's not talking Canadian funds, and what for because he is living high on the hog. He is abusing his body, he is not using his body as a temple for the holy spirit. He is a natural man.

Back in the day 30 years ago, I got off that roller coaster. I let it be made known that I don't want your alcohol anymore. I don't want your steaks anymore. I am going on a different route now. The Lord is putting me on a journey. I didn't know where it was all going but I knew one thing that I can't have this alcohol anymore. The Lord began to deal with me and what He was doing He was weening me off this Hutterite thing and He was taking me to where we are today. We are on solid ground on a journey that is second to none, where all our needs are met, we are guided by His unseen hand. It is such a beautiful place to be, you have nothing to worry about. The world is falling apart and we are rejoicing. In fact, Jesus told us to rejoice when we see these things happening.
Luke 21:28

What I am trying to say is this don't let anyone put you on a guilt trip that because you don't go down and visit your mom and all that stuff, and the family is in the outs

not to let anyone put us on a guilt trip that it is unchristian like, it is exactly the opposite, it is Christian like. You can't do anything for them. The devil will use them to lead you into a trap. I wasn't going to go down to Mexico and pay for his bill. Why should I pay his bill he is living there and they are responsible for that, not me. So he kind of simmered it down to well all you have to do is take me down there, and I will fly back home. You see how subtle the devil is how he works. Just anything to cater along with him, just to give him a little bit of something. So I told him I would pick him Friday morning at the Tim Hortons in Neepawa, deep down in my heart I knew that they will not let him go with me because I know their system and I know how they think.

So I guess he asked the preachers and they would not let him go with me. Which was the best thing that they could have done. There again it was a trap, and God being rich in mercy gave me a nightmare. I was making myself part of that, and I did not see it until I almost fell into that trap. That whole Hutterite thing is Roman Catholicism.

If you want to know Roman Catholicism and the future of it, it is in Revelations, the church of Thyatira, and all these churches are part of that system. It says, they repented not for their fornication, that is what it has evolved into. When you don't repent you just continue down that path to destruction. That whole Hutterite system is part of the Thyatira lifestyle, because it is part of that false baptism. Which is the Roman Catholic church, basically, it is saying, I gave the Roman Catholic church a

space to repent and they repented not. Then after that period was over the Reformation came about. So God put that thing on hold and brought about the Reformation. Then through the Reformation, some people came out of that Roman Catholicism. They all came out of the Thyatira church age because there was only one church at that time. So all these denomination they came out of Thyatira. You have to look at it in the light of reality. The people who lived in Martin Luther's hour, which was the church of Sardis, came out from Roman Catholicism. Then after that church age it went on to the church age of Philadelphia, under John Wesley, and under that church age there was an open door where people could go on into more revelation. As time goes on God continues to bring out more revelation. In 1520-1730 Martin Luther brought out - The just shall live by faith. Then Wesley brought out living a holy life; Sanctification (1730-1906). Then there was an open door given to walk into more truth that God is revealing. If you continue through that open door you are going to come through the ministry of Brother Branham, brother Jackson and end up right at the rapture.

That's what God expected mankind to do. It says, he that endures to the end shall be saved, and if you don't continue in truth what is going to happen is you are going to go back to that church of Thyatira, back to that whore system. The whore and all her harlots which are the church systems of the world. The finished product in the book of revelation is they are the harlots, and Roman Catholicism is the whore. Those denominational churches

have become part of that system again and they are all going back to mama through that ecumenical agreement to unify, which people have to realize goes right back to that counterfeit baptism. I didn't see it until you mentioned it the other day, and we had a talk on it, and through that it expands your understanding on it, sure enough there you find it in the book of Revelations, that they are all going back to that whore system and they are going to go into that tribulation period and where their children, which are the people that partake of that system, will be killed.

Revelations 2:18-29

When my brother wanted me to take him down to Mexico that is what we would have contaminated ourselves with - With that system. We are human and he kept bugging me with it. Instead of me saying, listen here I am a believer, I am a believer and the money that we have, is not ours. You work there and you support that system and they will have to see how you get down there. I don't have anything to do with you; nothing whatsoever. There is no connection between you and me whatsoever and you need to get that into your DNA. I am not your source. You come and support me and stand with me with what we believe - baptism in Jesus name. If you want to walk away from that system and walk with what the Lord has in this hour, then fine, but as it stands in this hour with supporting that system I can't be part of it. Your natural-birth through your natural family, that is why I am so worked up over this natural thing, the natural man is putrid. You are born in this world and you have natural

brothers and sisters, and of course, you feel for them but there is nothing that you can do for them - they need the Lord Jesus Christ. The best thing that you can do for them is to disconnect yourself from them because every turn of the way they are going to distract you. I know what they think about me and until they are willing to fight this fight, then that is how it will be.

We send them these books, if you ask they say - they are somewhere in the drawer or on the shelf. They want this message hushed, they don't want anything to do with me. That guy is a disgrace to the family, and I like it like that. It is the way it is supposed to be because they are absolutely no asset towards walking in the spirit. There is so much in that but first things first you have to realize that in that natural birth there is absolutely nothing decent nothing good. We are born in sin we are shaped in iniquity, we come into this world speaking lies. We do everything conniving, full of hypocrisy. Everything that is ungodly. All these things are part of the natural man. That is why it is essential to have Jesus, Jesus came to save us from ourselves. Jesus is the only one. He is the only method of Salvation, and people they want to bypass that and think they can come to God without Jesus, which is basically saying I am a good person, I don't need a saviour.

That is why Ernie is where he is today because he wanted to go a different route. He wanted to come in the side door. They will do anything except come through the right way, through the Lord Jesus Christ. I was no different, I tried to get to God without Jesus. When you go

back to the days of Cain and Abel where they were bringing God a sacrifice. Abel by revelation knew what to sacrifice, but Cain he tried to bypass all this stuff with works. That is who the natural man is. We are all part of that natural man seed that is why we need Jesus, that is why we need to be born again. Abel, he got by revelation what God required. God required a blood sacrifice for sin, and Abel by revelation brought a lamb sacrifice and God was pleased with it and accepted it. What he actually did he went via Jesus Christ. That lamb pointed to Jesus and what HE will have to do for the atonement of sin. That lamb was pointing to Jesus. Jesus knew by the old testament writings what He will have to go through, that He is that lamb and will have to be scarified for the sins of man.

The beauty of the Bible is it is such poetry, it is all so beautifully connected, its all interwoven right from Genesis to Revelation. It's one big musical plan. I was reading on twitter the other day - The holy spirit will never contradict the Bible; it will never add to the Bible; will never take away from the Bible and will always speak through the Word of God. It always goes in continuation, if you think that there is something that is contradicting, it is you're understanding of it that is a contradiction, but the Word of God is not contradicting, and it becomes clearer and clearer as you walk in it.

Like I say, you have to come to this conclusion that the natural man is sick; is ilk; there is nothing there. If you want to see the natural man then go down and watch the

left in the states, they have nothing. They are done, they are headed for the time where the carcasses will lay like dung on the face of the earth and they will neither be lamented over nor buried *Jeremiah 16:4*. This thing in North America is not going into reverse anymore. It is going right out to the finish line. There will be a rapture around the middle of the week of Daniel. Which are seven years that are left from the 70 weeks of Daniel. Israel signs a covenant with the European system with the pope as the leader just like in the dark ages, and at the middle of those seven years he breaks that covenant, then what he does he goes after and kills those: *which keep the commandments of God, and have the testimony of Jesus Christ. Revelation 12:17*

These people will end up being on the sea of glass.

And I saw as it were a sea of glass mingled with fire: and them that had gotten the victory over the beast, and over his image, and over his mark, and over the number of his name, stand on the sea of glass, having the harps of God. Revelation 15:2

After those 7 weeks will be 30 days for the day of the Lord. Then 45 days where those people on the sea of glass will judge the sheep and goat. Which are people that have helped those people that where killed for the commandments of God, (Jewish people), and the testimony of Jesus Christ, (Gentile people), during that tribulation period, then the rest of the believers that died throughout the 2000 years of grace will be resurrected. This is that generation that will see these things. When

Israel became a nation this is all interwoven into the final fabric of scripture where Israel will take their borders; where they will build their temple.

Then you will see Europe unite. Like this Brexit thing now it seems impossible, especially when you read the news you think that that thing will go forward. That Britain will be separated from Europe but when I read the Bible it is not going to happen. Somehow they are going to be right in there with that European beast because prophecy says so. Just like the borders of Israel will be established and that temple will be built, you cannot stop it. Right now, things are moving directly towards the end. There is no more reverse.

We are doing our part. As time goes on you will see more and more separation. Since brother Jackson left the scene, this unity, this church thing, is all being disintegrated. This preaching thing, God took brother Jackson out, now all of a sudden everyone is free to do their own thing. God is so rich in mercy, I am careful for nothing, somehow the Lord will see me through. When the time comes He shows up and drags you out of there.

Like taking my brother down to Mexico it would have been a trap. Then what the Lord does He keeps me from walking into this trap by them not letting him go down with me. I kind of knew that that would happen, then this thing were that Derek guy wanted you to go see your mom and 3 o'clock in the morning - You better go see your mom. See how Satan does things. Then you wonder what should I do, then I put my five cents in maybe you should

go there. Then you kind of, sort of, prepare to go down there, then we had a prayer. We prayed and I saw it as clear as crystal. That there will come a time when you will be able to go there, but now is not the time.

Then the Lord gave you this scripture *Psalms 25:20*.
O keep my soul, and deliver me:

let me not be ashamed; for I put my trust in thee.

You would have been absolutely been put to shame if you would have taken his advice to go down there.

What I saw is there is coming a day when you will be able to go there but not under his advise; not under Satans advise. When God opens it up, then and only then. That is why I saw, you are more of a benefit to your family walking in the spirit. Sure, they are not going to like it, they think carnally and they want you to go back and do whatever, and give them money this that and the other.

That is why that Bloomfield guy kept throwing that into my face - You are worse than an infidel. Simply because I don't give them any money. Why would I, it is of no benefit to them. I don't even have a desire to see them. Like I told Steven - If you support that, then you don't even exist. Everything that I have ever fought for. The high price that I had to pay, simply because I stood up to these tyrants that call themselves, preachers, bishops and elders. I stood up single-handedly and at the end of the day, I was terminated with nothing. I wasn't a happy camper, but I knew one thing I knew these preacher people are corrupt, and I am not supporting them, because if I do support them I become one of them and that is all that I knew.

I didn't know what was out there, but I knew one thing I knew what was back there, so all I could do is move forward. Now they support that and I told them you don't exist. That is the truth they are nothing more to me than the person of the street, but if they want to stand with us, with what we believe, what we stand for then that is a different story. We know we are right. We know the things that we talk about and believe are spot on. We are just continuing on from way back then from where the Lord saved me. When the Lord saved me I got a prophecy and that said - He that began a work in you will finish it.

We have this in our DNA. We have to endure to the end. We can't be part of this group here because they were starting to feed that leavened bread. When you read the feasts, in Leviticus 23, what stood out so vividly was in the second feast they were instructed not to partake of leavened bread and not to have it in their homes. That leavened bread is when someone perverts that Word. The fact, that you can't even have it in your house, you run from it. That tells me how serious it is. When it tells me not to even have it in your house. You can't allow yourself to be contaminated with those false teachings.

The midnight cry, of Matthew 25, has not happened yet. The 2 days that represent the Grace Age, are done, and that we are in the 3rd day, which is the millennium reign of Jesus Christ. That is all leavened bread because it is false teachings. They don't see the seriousness of it, but we do and guess what we do we separate ourselves, we run into them from time to time, we tried prodding them

along but really we have not gone anywhere with Shawn. They have not moved one iota, all you see is more disintegration. It just goes to show that they are totally oblivious to what is going on. There is nothing there spiritually. We run into them sometimes and the Lord inspired me to give him some books. What he does with it is his business. I am not responsible for that but see you hold out hope, but in the end, the decision is going to be his. What the Lord can do is when he gets desperate in the middle of the night or sometime He can put this episode before him.

When I was coming away from the Branhamites, I already knew about brother Jackson, but there was really no set church here so to speak, that you could go to church at Sunday morning, so what I would do is go back to Gruntal to that Branhamite church. That was the only Branhamite church here in Manitoba. I knew from past experiences when the Lord moves you on He only tolerates so much of you going back. It is like when the pillar of fire, and the cloud in the wilderness when that thing moved you had to move with it. The Lord was moving me out of the message people, from the Branhamites, but where do I go. I got desperate, I was staying overnight at some Branham people it was Saturday night, and I was expected to go to church the next day, and I was desperate, I needed something. What the Lord did, He let me hear that song: *Upon the mountain, they followed the Lord for days.*

I had already been to a convention down at Faith Assembly in Indiana, and I knew that was the only place where they sing that song and that was under the ministry of brother Jackson. I knew there was only one place here in Manitoba that is part of that brother Jackson movement. So I didn't go to church at the Branahmites, I just got in my car and I never went back, I never had contact with that church again. I just moved on ahead towards that group here where I had heard that song being sung that was connected to brother Jackson. That is where we were until brother Jackson passed away and the Lord gave me dreams and a vision of what is going on after brother Jackson left. It became a free-fall for everybody; they started messing with that Word, then we separated ourselves. We are moving on. They are not going to put us on a guilt trip because we are not fellowshipping with them because we cannot fellowship with that kind of stuff.

That is how the Lord dealt with me and that's how He can use these episodes, when you ran into these three people in just one day and if there is something there, *like deep calleth to the deep* and when they get desperate and serious the Lord can bring that episode back to them just like He did with that song. I got desperate and serious. I don't want another broken leg. I don't want God to come out and hit me over the head or something. I want to move as He moves. If these guys would get serious God can give them that episode. If there is something there and they get serious then God can use that episode and they will know what to do. Then if there is something there they

will do whatever it takes to go that direction, anything else is futile; anything else is a waste of time.

If the Lord would not have given me that song then I would have gone somewhere else but if you get down and desperate there is only one thing that you do you go where that song is being sung, and that was the only place where that song was being sung.

That was the place that the Lord directed me to go. I stuck it out until they began to teach contrary to what we have been taught. Such as the 'midnight cry' has not happened, the great tribulation has not happened yet, and the cut off for the Jews happened in 53 AD. You have to step back and take a look at it, how subtle Satan comes in, and if you are not grounded, and if there is something that has more priority than the Lord Jesus Christ they are just going to be lulled to sleep and be taken off course and that is where we had to take a stand and separate ourselves from this group.

It all has to do with that natural birth, there is nothing there in that natural birth. If you think that there is something there, you are mistaken. I sometimes even wonder if these people are even born again. I sometimes wonder if they even ever read their Bible. It sure does not look like it, because if they would there would be a hunger there. I told this one guy if you would have such a passion and such a desire for the Word of God you are going to end up exactly where I am at. It is just that simple. He did not debate it, or dispute it, but that is exactly the way it works. All we have is we have a passion and a desire for

truth. Then if you have that love for the truth you are going to detect when someone comes along and tries to feed you something that is not real; not true. I know that before you can really walk in the spirit you have to disconnect yourself for everything; from that natural man; that romance thing; that family thing; that sex thing; all that stuff has to go for you to walk in that dimension.

I don't know what it is, but we are entering into something and you can't have that natural man. You cannot take that natural man and everything that pertains to it with you into that dimension.

That's what I saw this week. That natural birth there is absolutely nothing there - absolutely nothing. In fact, Jesus came to save us from that natural birth, from ourselves, for what Adam and Eve did, and everything that is connected to it. In this hour it is practically impossible to make it through. Without Jesus, it is impossible, but you have to get it down into your DNA, there is nothing there, no matter how good it looks.

I don't know how you see it but it is one thing to see it but one thing to explain it. As I say, you care about your family but if the Lord does not do something for them then there is nothing going to be done for them. There is nothing that you can do. I can't do anything for my family. He is driving around with this woman, he is worse than an infidel and that is all just part of the program. You just move along in the Lord, walk in the spirit and that is what we are doing. We are where we are at because of the Word of God. If it wasn't for your passion and desire for

the Word of God you would be just another girl walking on the street, but it is your desire for truth and reality that is the difference. Like I told your sister Myrna she kept harassing you, and I told her: you are nothing more than the person of the street and the streets are full of people like you.

That is what I saw that natural birth there is nothing there, nothing whatsoever, no matter how you dress it up, and self-righteousness is the worst of the worst. To think that you can be good enough for God, I run into a lot of people, they are not born again. They try to serve the Lord without the Holy Ghost, and it is nothing but wood, hay, and stubble. It is just their own works. No matter how good they are and how popular they seem to be.

This one guy that I know has a radio ministry, and that was his ambition to one day be this great evangelist. That is just wood, hay, and stubble. It is just his own idea. How about finding out what the Lord has for you because believe me when the Lord has something for you there will be no glory in the flesh. You won't want a tv ministry, why would anyone want a tv ministry it is just to lift up his flesh and to be popular. That never was part of my makeup. All that I have ever wanted to be is to be found faithful to what God has created me to be. That is the only thing that I ever wanted to be; to be inspired. That is one of the first things that the Lord dealt with me on: I can only reward you for what you have allowed me to do through you. There is no glory in that, in fact, quite the opposite, you are going to be put to shame. If you seek God's glory in

everything that you say and do you are going to be looked down on; you will be the scum of society; you are going to be hated. It is just that simple, and I like it like that. Just because you don't have everyone and their dog on the bandwagon. It is not an easy road, but it is a good road.

That's what I have been seeing all week. I don't know if you saw the same thing.

Lorraine speaks: I actually did. That is 100% the truth, in fact, this is the song that the Lord put on my heart. Ich komme Jesus her zu dir. I want to add something here.

*Ich komme Jesus her zu dir,
und bring' dir meine Andacht für
von deinem bitterm Kreuz und Leiden;
**ich habe zwar es mitgemacht,
daß du zum Tode bist gebracht,**
doch wirst du mich darum nicht meiden:
weil selbst dein Tod die Ursach ist,
daß du mein Freund geworden bist.*

That was me there, there was nobody that stood there with Jesus. In the garden the disciples fell asleep. When they capture Jesus in the night, the disciples scattered. Everyone else was there mocking. I was the one here when you go on to verse six.

*Mein, mein ist alle Missetat,
die Jesus! dich gemartert hat;
ich muß mich selber nur verklagen:
ich flechte dir die Dornenkron',
ich sprach dir mehr als alle Hohn,
ich habe dich ans Kreuz geschlagen;*

*d'rum denk', in was für Angst ich steh',
indem ich auf dein Leiden seh'.*

That was me being ashamed of Him, pretending I don't know Him. I was there mocking, putting on that crown of thorns and yelling crucify Him. Then I realized that I needed this Jesus, I needed to be saved from myself. There was nothing in the natural man. I needed the Lord Jesus Christ to save me. Just like it says here:

*O, liebster Bürge, höchster Freund!
der es so treulich mit mir meint,
daß es von mir nicht zu erreichen;
hier steh' ich und gelobe dir,
von nun an nimmermehr allhier
von deinem Willen abzuweichen,
**weil ja mein Leben gar nichts ist,
wo du mir nicht mein alles bist.***

That is the whole human race, there is nothing in anybody. They are all part of that natural man. It is only in Jesus Christ that we can come to God. When people realize that that is where the freedom lies. The freedom and liberty is in Jesus Christ, and what HE did for us at Calvary.

Sam speaks: I see it and you have to get it into your DNA, the best that I can explain it, anything that pertains to the natural man, there is a wall there. They can't touch that spirit man. It is something brand-new, it is something that is totally disconnected for that natural birth. The first thing that they will do is - Don't you care about your family. They are no asset on that journey unless they want to

walk that same journey. Like Jesus said when His mother and brother came to see Him, when they told Jesus that His mother and brothers are there to see him. Jesus knew they were of that natural birth, but later James got converted to what Jesus had to say and do. Then and only then could Jesus fellowship with him, until then he was of that natural birth, he was enmity to the spiritual man. There was a conversion that happened to James and I am sure the rest of the family did the same thing. The only way that we can communicate with our family is when they are willing to walk this walk. Until then it is just a waste of time.

Then your dad calls you and asks about speaking in tongues and pretends that he is part of the journey. He is part of nothing, part of more of that natural man. He is still a natural man, and has not been to Jesus.

That's what I saw all week and I see it so crystal clear. There is the natural man here, and then there is the spiritual man. You can't take this in, that is why you have to repent of your sins and be buried with Him in baptism. It practically takes a lifetime to shake all that stuff off, but as the Lord leads, as the holy ghost leads, you can get rid of all that.

Heavenly Father, I just want to give you thanks for all you do for us, the way you protect us, the way you lead and guide us. I pray that you will lead and guide us into higher heights and deeper depths in you and the understanding of your Word. There is so much that we don't see yet. There is so much more that we know today

than that we have seen last week. We know that you have a lot more for us, help us walk in the spirit. We asked these things in Jesus Christ name. Amen
