

I HAVE A SOURCE

*I have a source of strength when I am weak,
That takes me through when life is pressing me.*

*I have a source of power from above
I'm covered over by a shield of Blood.*

*I claim the blood Jesus shed on Calvary,
those precious blood stains,
were made there just for me.*

*For all my sins, my sickness and my pain
When I need healing,
I claim those precious blood stains.*

*I do not know how other make it through,
Who never go to Calvary as I do.
For there's a healing cleansing stream which flows,
With peace that only His redeemed can know.*

WHAT WILL YOU DO WITH JESUS CHRIST

*Jesus came unto His own
and His own received Him not
He healed the sick and
He made the blind to see
He made the lame to walk again
And He set the captives free
But they turned their back upon the Lord
And nailed Him to a tree*

*What will you do with Jesus Christ
As He pleads with you today
Will you let Him change your life
Or will you walk away*

*Will you let Him change your life
Or will you walk away*

*Jesus Christ is still the same
He will do the same for you
The peace He gives is hard to understand
He'll be the kindest truest friend
That you have ever had
Don't crucify the Lord again
Don't turn your back on Him*

*The Lord who died upon the cross
Will come to earth one day
His coming now is even at the door
Will your soul be ready
Will your sins be washed away
OR will He turn His back on you
And say I know you not*

*What will you do with Jesus Christ
As He pleads with you today
Will you let Him change your life
Or will you walk away
Will you let Him change your life
Or will you walk away
Don't away, Don't away*

HOW CAN YOU REFUSE HIM NOW

*There's a story old, that has often been told,
Of how our savior died, as they nailed his hands,
He cried they don't under stand,
As the blood flowed from his side.*

*How can you refuse him now, how can you refuse him now,
How can you turn away from his side,
With tears in his eyes, on the cross there he died,
How can you're fuse Jesus now.*

*As he hung there on the tree, he prayed for you and me,
There was no one his pain to ease,
Before he died, he faintly cried,
Father for, give them please.*

*How can you refuse him now, how can you refuse him now,
How can you turn away from his side,
With tears in his eyes, on the cross there he died,
How can you're fuse Jesus now*

I SEE A CRIMSON STREAM OF BLOOD

*On Cal'vry's hill of sorrow
Where sin's demands were paid,
And rays of hope for tomorrow
Across our path were laid.*

Refrain

*I see a crimson stream of blood,
It flows from Calvary,
Its waves which reach the throne of God,*

*Are sweeping over me.
Today no condemnation
Abides to turn away
My soul from His salvation,
He's in my heart to stay.*

Refrain

*When gloom and sadness whisper,
"You've sinned—no use to pray,"
I look away to Jesus,
And He tells me to say:*

Refrain

*And when we reach the portal
Where life forever reigns,
The ransomed hosts' grand final
Will be this glad refrain.*

I WILL PUT MY TRUST IN JESUS

*I will put my trust in Jesus
I will draw my strength from Jesus,
As I lay upon His breast.
I will take my comfort from him,
I will find in him sweet rest.*

*All pain will leave my aching body,
As His sweet, healing flows.
Demons tremble in His presence,
In Jesus name they have to go.*

*On some morning in that yonder city,
I will awake to sleep no more.
In God's presence live forever
All sin and pain will be o'er*

*For there is no other fountain,
Where I can be more satisfied,
Than in the arms of Christ my Savior
No blessings I will be denied.*

UNSEEN HAD TO ME

*There is an unseen hand to me
That leads through ways, I cannot see
While going through, this world of woe
This hand still leads, me as I go*

*I'm trusting to, the unseen hand
That guides me through, this weary land
And some sweet day, I'll reach that strand
Still guided by, the unseen hand*

*This hand has led through shadows drear
And while it leads I have no fear
I know t'will lead, me to that home
Where sin nor sorrow ere can come*

*I long to see, my Saviours face
And sing the story saved by grace
And there upon that golden strand
Ill praise him for his guiding hand*

I KEEP COMING BACK TO THE WELL

*Jesus made a well at Calvary
for healing, cleansing, and victory
How its joy over flows, no tongue can tell;
I thank God for the well*

*Oh, I keep comin' back to the well of Grace,
great is its power, sweet is its taste
Whenever temptations and trials I face,
I keep comin' back to the well*

*Blessed is the fountain in a barren land
that satisfies the thirst of the inner man
No better place could be found to dwell;
oh, won't you come to the well*

*Oh, I keep comin' back to the well of Grace,
great is its power, sweet is its taste
Whenever temptations and trials I face,
I keep comin' back to the well*

*I keep comin' back to the well of Grace,
great is its power, sweet is its taste
Whenever temptations and trials I face,
I keep comin' back to the well*

WHAT HEAVEN MEANS TO ME

*1. A country where no twilight shadows deepen,
Unending day where night shall never be.
A city where no storm clouds ever gather,
Now this is just what Heaven means to me.*

CHORUS:

*What will it be when we get over yonder
And join the throng upon the glassy sea?
To greet our loved ones and crown Christ forever,
Oh, this is just what Heaven means to me.*

*A place where there is no misunderstanding,
And from all enmity and strife we're free.
No unkind words to wrong the heart are spoken,
Now this is just what Heaven means to me.*

*And when at last we see the face of Jesus,
Before whose image other loves all flee.
And when they crown him Lord of all I'll be there,
Now this is just what Heaven means to me.*

THE WISE MAN BUILT HIS HOUSE UPON THE ROCK

*The wise man built his house upon the rock
The wise man built his house upon the rock
The wise man built his house upon the rock
And the rain came tumbling down*

*Oh, the rain came down
And the floods came up
The rain came down
And the floods came up
The rain came down
And the floods came up
And the wise man's house stood firm.*

*The foolish man built his house upon the sand
The foolish man built his house upon the sand
The foolish man built his house upon the sand
And the rain came tumbling down*

*Oh, the rain came down
And the floods came up
The rain came down*

*And the floods came up
The rain came down
And the floods came up
And the foolish man's house went "splat!"*

*So, build your house on the Lord Jesus Christ
Build your house on the Lord Jesus Christ
Build your house on the Lord Jesus Christ
And the blessings will come down*

*Oh, the blessings come down
As your prayers go up
The blessings come down
As your prayers go up
The blessings come down
As your prayer go up
So build your house on the Lord Jesus Christ.*

There is a scripture that I want to read *Matthew 7:15*
*15. Beware of false prophets, who come to you in
sheep's clothing but inwardly are ravenous wolves.*

*16. You will recognize them by their fruits. Are grapes
gathered from thornbushes, or figs from thistles?*

*17. So, every healthy tree bears good fruit, but the
diseased tree bears bad fruit.*

*18. A healthy tree cannot bear bad fruit, nor can a
diseased tree bear good fruit.*

*19. Every tree that does not bear good fruit is cut down
and thrown into the fire.*

20. Thus you will recognize them by their fruits.

Then you go to *James 3:*

11. Does a spring pour forth from the same opening both fresh and salt water?

12. Can a fig tree, my brothers, bear olives, or a grapevine produce figs? Neither can a salt pond yield fresh water.

That is what my thought is on today.

Heavenly Father we just read a portion of your Word, I just pray that you will anoint it, help me say it in such a way that people can see that picture how clear it is written here. We ask it in Jesus Name, Amen.

That is what I'll name the title: Planting a good tree. Like it says here, *Does a spring pour forth from the same opening both fresh and salt water?*

Can a fig tree, my brothers, bear olives, or a grapevine produce figs? Neither can a salt pond yield fresh water.

A good tree is going to bear good fruit, a bad tree cannot bear good fruit no matter how hard you try. You can go try to do whatever you want with it. You have to go take it out and then you can plant a good tree.

Like you bought these apple trees, you were hoping that they are good trees, but it was not until the fruit was there that you would actually know that it is a good apple tree. You tasted the apple and, Ya, it's a good apple, that is a good tree because you planted a good tree. Ya, the people that you bought the trees from you trusted them that they are going to give you a good tree, but you did not know until the fruit was there that it was actually a good tree.

The same when we went walking one day, the tree was full of red berries so you said, that it is an ornamental tree. It is not very good fruit, the fruit is bitter, it is not a good tree. There are some trees out there where their fruit is poisonous.

When you look at the tree it looks good, they are nice but some are just poisonous.

That is what I am trying to say, you cannot expect something good to come out of something that is not good. You have to plant a good tree and this is spiritual speaking here. I have been thinking about that this week, maybe longer. That if you plant a good tree it will bear good fruit, but if it is not a good tree it cannot bear good fruit. No matter how hard you try, it is not a good tree, you can't make it produce good fruit. To find out what a good tree is you have to go into scripture and find out the foundation of Christianity and that foundation is Acts 2:38. From where you and I are sitting at it is so simple. It gets simpler every day but for people who have never heard of it it's a different case.

Like if we were living back at the early church you would not even think about being baptized in that false baptism. It reads it fast but this is the foundation of Christianity. It is the central focal point that Jesus is both Lord and Christ. Everyone exists because of Jesus Christ. He was not there in creation, everything was created for Him. We know that, but we have to realize that there is such darkness out there, they don't even know that they have been following that wrong baptism, they are trying to make a bad tree produce good fruit. You are going to find it in *Acts 2*:

36. Let all the house of Israel therefore know for certain that God has made him both Lord and Christ, this Jesus whom you crucified."

37. Now when they heard this they were cut to the heart, and said to Peter and the rest of the apostles, "Brothers, what shall we do?"

38. And Peter said to them, "Repent and be baptized every one of you in the name of Jesus Christ for the

forgiveness of your sins, and you will receive the gift of the Holy Spirit.

39. For the promise is for you and for your children and for all who are far off, everyone whom the Lord our God calls to himself.”

This repentance is one of the most important things, in the early church there was no question on how to baptize. Then it has to be mixed with faith, because it says without faith it is impossible to please God. There was no such a thing as baptizing with a cup of water on the head, or sprinkling. Back then baptism simply meant to be immersed in the name of the Lord Jesus Christ. There was no other baptism that existed, everyone was baptized in the name of the Lord Jesus Christ for the forgiveness of sins.

In order, to understand this you have to go to Matthew where Peter was given the keys to the kingdom. *Matthew 16:*

13. When Jesus came into the coasts of Caesarea Philippi, he asked his disciples, saying, Whom do men say that I the Son of man am?

14. And they said, Some say that thou art John the Baptist: some, Elias; and others, Jeremias, or one of the prophets.

15. He saith unto them, But whom say ye that I am?

16. And Simon Peter answered and said, Thou art the Christ, the Son of the living God.

17. And Jesus answered and said unto him, Blessed art thou, Simon Barjona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven.

18. And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.

19. And I will give unto thee the keys of the kingdom of heaven: and whatsoever thou shalt bind on earth shall be bound in heaven: and whatsoever thou shalt loose on earth shall be loosed in heaven.

Now there are a lot of interpretations out there what those keys are. Jesus gave them to Peter and the reason He gave them to Peter, it was not on Peter, it was on the rock of revelation. Peter just got a revelation from the almighty God of Heaven. He did not study it out, God just simply revealed it to Peter, *Thou art the Christ, the Son of the living God.* Jesus said, **on that rock of revelation I will build my church** and then on the day of Pentecost, Peter took these keys and he opened up the gates to the kingdom of heaven. That is what it says here, then on that day of Pentecost, Peter took those keys filled with the holy spirit and opened the kingdom of heaven with: *“Repent and be baptized every one of you in the name of Jesus Christ for the forgiveness of your sins, and you will receive the gift of the Holy Spirit.*

For the promise is for you and for your children and for all who are far off, everyone whom the Lord our God calls to himself.”

Then the people asked what shall we do to get out of that dilemma that we got ourselves with crucifying the Lord of glory, and first of all he said - *Repent and be baptized every one of you in the name of Jesus Christ for the forgiveness of your sins.*

Back then it was not as polluted as it is now, today it is all one big smear. All week the Lord was dealing with me on that good tree. First of all, you have to plant a good tree, if you don't plant a good tree you can't make it produce anything good. All that Hutterite tree can ever produce is just another Hutterite.

I was thinking about my dad, he preached for 50 years, he preached his heart out and exhausted all his energy trying to produce, trying to make that tree that has not been planted right, and make it produce good fruit. Back in the days of the early church there were no two ways to get baptized in. For illustration purposes let's say there are two trees, the one tree is the real baptism Acts 2:38, and then there is the false baptism, and that did not come on the scene until 325AD when the Catholic church introduced water baptism by pouring or sprinkling in the name of the father, son and holy ghost, or the titles. That is what you have to see those two trees there is one good and then there is the bad one, Satan's counterfeit tree - water baptism in the titles, father, son, holy ghost. Now if you have been baptized by father, son, and holy ghost, no matter how much effort you put in, how much energy, you cannot produce, or make it produce anything good. It is impossible. You just can't stress that enough and make it important enough how important it is to plant a good tree. I spent 20-40 years of my life trying to make a bad tree produce something good.

Luke 6:

43. For a good tree bringeth not forth corrupt fruit; neither doth a corrupt tree bring forth good fruit. For every tree is known by his own fruit.

44. For of thorns men do not gather figs, nor of a bramble bush gather they grapes.

45. A good man out of the good treasure of his heart bringeth forth that which is good; and an evil man out of the evil treasure of his heart bringeth forth that which is evil: for of the abundance of the heart his mouth speaketh.

We went and we got baptized in the original baptism and what we do, is going to produce good fruit. You might not see

them today and tomorrow but it says, *For a good tree bringeth not forth corrupt fruit; neither doth a corrupt tree bring forth good fruit.* You see it is all about these two baptisms. Just to make it simple, it is so simple for you and me to see it. How are you going to convince thousands of people that it is so simple. You have to get down to the simplicity of it, there are two trees here, one is a rotten tree and one is a good tree, and that rotten tree cannot bear good fruit. It is just impossible because it is not built on Biblical revelation, it is built on Nicaea Rome, on the Catholic church that is where that false tree originated from.

You are going to see it, everything is coming to fruition now, we see the fruits of it all coming out now. We are talking mostly about religion, mostly about that Hutterite thing, people think we hate them but they don't understand it right we are not in agreement with them, their foundation is Nicaea Rome, it is not based on *Ephesians 2*:

20. And are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner stone.

How can you be in agreement when we know from the depth of our soul where that tree originated from, this false baptism and that is all it is, it has been there from 325 AD.

Then what happens people after a while they get immune to it, and they accept it as fact. Then through the Reformers, the Lord is starting to bring everything back to the faith of the early church. We see it so crystal clear but the guy that we ran into yesterday he was trying to convince us that that Hutterite thing has changed. It is not the way it used to be. All it does, it just becomes more subtle, just more deceptive, but it is not a good tree. No matter how you look at it, it is not a good tree because the foundation is not good. Jesus said, plant a good tree.

All my life I watched my dad, the energy that he put in. He was a preacher for 50 years and then most of the time he was by himself, he would get up and preach for 2 hours Sunday morning and then he had Sunday school for an hour, and then in the evening another half-hour church. All his energy went into trying to make that system work, and then he would have German school, he was the German school teacher, so he would have an hour of school in the morning and then an hour at night, and then another half hour church in the evening. He exhausted all his energy and all his energy went in trying to make that Hutterite tree bear good fruit.

I was thinking about all the energy he put into it. He preached his heart out, he was the best there was in that system. There was nobody that could even come close, or shine a candle to him when it came to preaching and the things that he tried, in order, to make that tree produce good fruit. I was looking over all those people that went through his school, and what really has it produced. Not one of them, that I can see, except me, that has gone a step further and taken a look at it.

One day I took a look at it in the light of the scripture and it is not a good tree. My dad after that split with J.K he wanted to implement to at least let us do something spiritual. All he asked for is for one cent for promoting missions to India. I had given him a book about missions to India and that guy seemed pretty honest and all he wanted was to get one cent per person per day or month to give it to the mission, to give it to that guy so he could use it for missions in India. Then they had this conference that Jake from Blumengart promised that he will give him an audience, and give him a chance to speak, and when he got there he was not even allowed to express his views. He came back completely devastated because he

went there having high hopes and ended up with nothing. He thought after that split that now they will be able to make that tree produce good fruit.

Well, I had already done this studying here I was kind of already excommunicated but I would go home and visit sometimes and I could see that he was so devastated that they would not even give him an audience to express his desire. At least to do something if we don't do it ourselves then at least let us give money to the guy that wants to do something. Like I said he was devastated, I could pretty much know that he is not going to get this thing off the ground even though he tried his level best.

Anyway, I went to see him after that meeting and I told him that the Hutterite tree is not a good tree. If you would be able to implement this that would tell me that it has some good in it, but because Jake could not even give him an audience it is not a good tree it cannot do anything good anything decent, that is inspired by God, anything descent, anything moral. It is all immorality because it is not a good tree, and you are going to see more and more the fruit of it coming out, with incest and all that stuff. Here, my dad, all his life tried to make a bad tree bear good fruit.

I was thinking about that during the week how much energy that he put in, and he was the best of the best, and here he exhausted all his energy in trying to make that bad tree produce good fruit. I can't emphasize it enough that a bad tree cannot produce anything good. I did not know about anything else but I knew that that tree is not a good tree. It is no use for me to exhaust my life, and trying to make that tree, just like he did, make it produce good fruit. At the end of the day, at the end of your life, you have not done a thing, because you are trying to prop up a dead horse so to speak.

Lorraine speaks: That is what I experienced when I got baptized on the colony in the titles of the father, son and holy ghost, after church I went home I went to my room and I just could not stop crying. I cried and cried and I looked all the Hutterite people over and there was nothing spiritual that I could see, and I did not want to be like that. I wanted to bring fruit and be able to hear thou good and faithful servant at the end of my journey, and that falls in line with that bad tree which comes from that false Nicaea Rome baptism. When I left the colony I got baptized in the name of the Lord Jesus Christ for the remission of my sins.

Sam speaks: At the time that I told him that I didn't know what is out there about baptism, I kind of knew a little about it because the Lord had dealt with me on baptism I knew that you have to get immersed. I knew that that pouring thing is not going to work because the Lord was already beginning to convict me about water baptism by immersion but anyway at the end of the day I had to go back to Acts 2:38. That is that good tree. I had to work out my own salvation. For being fruitful and for bringing good fruit I had to go back to Acts 2:38 to get baptized by immersion in the name of the Lord Jesus Christ for the remission of my sins, and then I get the gift of the holy ghost and that holy ghost will lead and guide me into all truth. Now that is a good tree; that is a tree that will eventually bear fruit. No matter what that good tree will bear good fruit, you just have to make sure that the baptism is right.

As I said, there are two trees there are two laws. The one cannot bear good fruit because that Nicaea counsel, that baptism in the titles of the father, son and holy ghost by pouring or sprinkling or even by immersion will not and cannot produce good fruit because it does not even ask for

repentance by just baptizing in the name of the father, son, and holy ghost. Then here baptizing by immersion in the name of the Lord Jesus Christ, that is the good tree. The other tree is the bad tree and you let them grow, for 2000 years they have both been growing, there is that Nicaea Rome tree and here is that baptism in Jesus name tree, there are not too many that are baptized that way, but you and I saw that and we got baptized in the name of the Lord Jesus Christ for the remission of our sins. We did not do it out of tradition or because we have to, we did it because we saw it in the scriptures. We were able to follow through with the planting of a good tree. Like Jesus said, plant a good tree. That is what we did.

Like that guy you got your apple trees from you trusted him to give you a good apple tree, but let's say he would not have given you a good tree, you would have had to take that tree out and you would have had to go somewhere else to get a good tree. Let's say, it would have been a poisonous tree, that is what we had to do we were planted in that Hutterite thing, which was not a good tree, and we had to uproot, deny that Nicaea Rome baptism and we had to put that completely away, take it to the garbage dump, and we had to go the Acts 2:38 and get baptized the real way.

It says where that other tree is going to end up, that false baptism that Roman Catholic baptism; that Nicaea Rome baptism is going to end up exactly what it says - it will be burned in fire. That Catholic church all these churches that are baptized under that Roman Catholic, Nicaea Rome baptism they are going out to death and hell. The Bible says so, John 15:6, every tree that bears not fruit will be burned up and cast into fire, and fire here represents Hell, and that other

tree it will go into glory. People don't see the importance of planting a good tree.

That is what the Lord has been really dealing with me on all week about that good tree you have to plant a good tree. The planting of a good tree is Acts 2:38, then He let me see what my dad had to go through. There he was 50 years preaching his heart out, trying to make that system produce something. Like I say when he wanted to raise a cent per person, let's say you have 100 people in a colony that would be a hundred cents a day or a dollar. That is not much, that would be \$30 per month then give it to this guy that was doing missions in Africa. That is only one cause and he could not even get that passed. Why? because it is not a good tree. I was in there for 40 years, if there would be anything in there that is salvageable I would have found it, but there is nothing in there, it was not until later on that I began to see and study what is going on, I began to see that something is not right here, and I began to search the scriptures, and one of the first things that the Lord showed me is the scripture in

Ephesians 4:

5: One Lord, one faith, one baptism,

6. One God and Father of all, who is above all, and through all, and in you all.

I knew that wasn't the one baptism that the Hutterites are baptizing with, so I had to go do some searching and as the Lord led, I was guided by that unseen hand. The Lord saw my heart I was serious and He began to guide me with that unseen hand, where He leads I followed. He led me out to Vancouver and I got baptized in Jesus name, that is the foundation. *1 Corinthians 3:*

11. For other foundation can no man lay than that is laid, which is Jesus Christ.

12. Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble;

13. Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.

14. If any man's work abide which he hath built thereupon, he shall receive a reward.

Then Paul says in *Galatians 1:*

9. As we said before, so say I now again, If any man preach any other gospel unto you than that ye have received, let him be accursed.

I planted a good tree, I had to plant that good tree in my life before I could do anything. If I would have kept my baptism and try to do what we are doing now it would not have worked, I could not have produced anything good, nothing that has any value. I planted that good tree, I got baptized in Jesus name and now we can build on that foundation. Whatever we say and do is going to be fruitful because the Bible says so - Plant a good tree.

As I said you can't stress that enough because people are going to come up with ideas of their own. Like that guy that we ran into yesterday, the colonies have changed it is not the way it used to be. I read your books and I didn't see the love in there, as if to say we have real 'gemeinschaft', as if to say they have the real fellowship. I said, I know all about that you are not telling me anything about that Hutterite life, I know all about it, I should have told him that if there would have been anything salvageable, I would have found it because I spent all my life in there searching and trying to find something that you could find and then build on that.

Then I saw what my dad had to go through, he was the best of the best and what he was doing he was trying to prop

up that dead horse, trying to make that unfruitful tree bear good fruit. It is impossible. He was trying to make that salty well bring out good water. I saw all that, I even went and told that Reuben guy from Norquay, he was trying to implement Christianity in the colonies and I told him it is not going to work, it is a bad tree and you can't make it produce good fruit. That Hutterite system can only produce more of the same, more Hutterites, and if someone does happen to find the Lord Jesus Christ and wanting to live for Him they are persecuted and terminated. That is just the way it is. You have to get baptized in Jesus name, you have to accept the messenger for your day and hour. That is what we have done, we have met all the criteria when you examine all that we had to go through to bring us to where we are today to roll out these messages, the foundation is solid. Water baptism in the name of the Lord Jesus Christ, Acts 2:38.

Then we continued on, I did not know then, 20-30 years ago, what I know now. As the Lord was moving on us how important it is to have the message for your day, the meat in due season. It has been 30-40 years of school but it all hinges back on water baptism in the name of the Lord Jesus Christ. If you are serious you are just on your road back to the beginning and you have not even begun the journey until you get to Acts 2:38. That's how it was with me I had not even begun the journey in 1995. The Lord saved me in around 73-74, but it was not until 95 that the Lord led me to water baptism in Jesus name. So I had to find my way back to the day the Lord saved me to dig myself out of the Hutterite rubble and come to the place where my journey begins when I got baptized in Jesus name. Was I perfect then, no, I wasn't. I stumbled and struggled and many times three steps ahead

and two back, three ahead and four back, but at least I got the foundation right. At least I was doing something.

As I said, I think it was back in 95 or something and now it is 2020, now the Lord is using us to roll out this meat in due season, and this living water. It didn't just come. If I would not have gone on and baptized in Jesus name the Lord couldn't use me. It is scriptural impossible I saw that during the week about Moses. A lot of people say that God is going to judge, no, God is not going to judge, it is the Word that is going to judge us, John 12:48. God has put His Word above His very name, even God that great eternal spirit is accountable to His Word. I just saw that here the last couple of weeks, how God has put His Word above His name. That God cannot change His Word and Jesus Christ cannot either. A lot of times you hear people say that God is going to judge us, no, it is that Word that is going to judge us.

I was thinking on Moses he spent 40 years in Egypt, then he killed that Egyptian and the Lord took him into the wilderness for 40 years to teach him. Then He sent him to Egypt to bring the children of Israel out of Egypt, but it was such a sacred thing, and something was hanging over his head, the fact, that God had given the word to Abraham to circumcise every male child and here his two boys were not circumcised yet. Here he is on his way to Egypt to work a work for the Lord, to do this mission, bring the children of Israel out of Egyptian bondage and the Lord stopped him dead in his tracks. He would have killed him right then and there, but his wife knew what the problem was. You see here no matter how much energy God has invested in Moses, even God could not bypass his Word. He told Abraham, it is in the Bible, that every male child should be circumcised when they are 8 days old, and here Moses had not followed that. I knew

why, his wife didn't let him and then finally she had to go do it herself with two stones, now they are not 8 days anymore, they were young lads so the pain is ten times worse then it would have been back then.

Anyway here the Lord would have killed him because that Word that He had spoken to Abraham was there. That is what we have been implementing is that Word, that is why we had to get baptized in Jesus name. That is why Moses could not go in to deliver the children of Israel out of Egypt bondage without having his boys circumcised. Its if you and me would try to implement this program without getting baptized in Jesus name. First, we have to get baptized in Jesus name, then the journey goes on, and you have to have a life that follows. You have to walk through all these restored revelations that God was restoring - The just shall live by faith, and through this holy life. We can't live like the world is living. The world is lost to us we have to implement a lifestyle that is pleasing to the Lord, we have to stick with the principle of God's Word.

These 7 stars that Jesus holds in His right hand in the book of Revelations, and the importance of them that Jesus held in His right hand, they represent something, and we know for our hour that messenger was brother Branham and we accepted that, from there on God continued with brother Jackson.

Then the 7 feasts that God gave to the children of Israel. We have all that down scripturally. We are not some fly by nights here, along comes a cheap shot from this angle, thinking that they can be intimate us. We are so far up the road and have grounded ourselves in scripture and then some cheap shot comes along and tries to derail us. Like we are going to be intimidated. Come on give me a break.

Like this guy yesterday, he tried to get you to listen. You should have just told him, ya, I heard you but you were not really saying anything. That is for another day though. Here he was trying to convince us that the Hutterite system is not like it was 10-15 years ago when we left. It is completely different now, because his brother told him so. We know better because we know that the foundation is not right. The baptism is not right then how can it produce anything good. That is the importance of having a good tree. That is why you plant a good tree and then the fruit will be good. We might not even see the fruit but everything that you and I do is according to the scripture we planted a good tree, we believe that God sent that church age messenger for our day and hour. We are right in tune with the Lord; with this Word. It is not something that we studied out, we are guided by that unseen hand. Jesus said, the comforter will lead and guide you into all truth. That is what the Lord has done with us He has led and guided us to exactly where we are today. Now we can tell people that false baptism is not going anywhere it is going to Hell and death. So why would you hold on to it, why would you bother fighting for it, why would you prop up a dead horse. At the end of the day, it is going exactly where the Bible says it is going. It is going into Hell and death. That pale horse rider is taking them there.

Revelation 6:

8. And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.

That pale horse rider that is the devil, first he rides the white horse, in a deceiving way during the early church, then

he changed to the red, and he had Christians killed by the thousands for their faith, then he changed to the black horse rider where the revelation in the church went dark as it went through the dark ages, and in this age that we are living in the pale horse period where nothing is black or white. It is unfruitful and where he is taking them to is out to Hell and death, and he is taking the masses. That is the environment, the age that we are now living in. Satan is now using religion, and that grey horse rider with that charismatic move out there, where nothing is real anymore. Where those seducing spirits are rampant, and you can tell people a lie and they believe it, but try telling people the truth and they will chase you out of town. They have the talking points, and if you didn't know what you knew, you might believe them, they can talk so convincingly, but see we are living by the Word of God. We are not living by our own instincts, we see it in the scripture then we follow it. We see where that pale horse rider is taking everybody out to, Hell and death, and they don't even know it.

People don't know the seriousness of it because they are lulled to sleep, we were talking about that during the week like it says in *Revelation 17*:

2. With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

It is not literal wine it is that religion, which they have been made drunk from and they are intoxicated with the wine of that religious fornication. That no matter what you tell them they are not going to hear, because they are drunk.

With that charismatic movement comes that seduction, it makes you feel good, it convinces you that you are right. It gives you a certain type of hype, but we know where it is

going. The Word of God does not give you this ooh and aah feeling. You just read it in the Word because you have put that Word above your very reputation. *Psalms 138:2 ...for thou hast magnified thy word above all thy name.*

Jesus, when He comes back, is called the Word of God, we had a conversation on that before. When He went to the garden that Word was His final destiny - I am going to do what that Word says, and that Word let Him know that He is going to have to be crucified. He is going to have to get mutilated beyond recognition. With you and me that Word has over the years become our obsession. We are guided by that Word, we don't use our own instinct to try to figure things out, that is why we are where we are today. We are just going according to that Word, that is why we qualify to say the things that we do and to roll out that meat in due seasons and that living waters. You see as time goes on you are going to see, that these messages and this website, you reject that there is no hope for you.

A year ago I could not say that, but as the Lord is cleaning things up and bringing us into that Word. That Word becomes more important every day. He is putting us on a fast, He is moving us forward, with it comes a tremendous responsibility. You have to bring your flesh under subjection, you have to present your body living sacrifices all that runs in harmony with the journey that we are on. You can't live high on the hog and expect God to bless it. You have to do sometime about your weight, your life, your whole focus has to run in balance with the Word of God. You have to present your body as a living sacrifice and I know that I lag behind on that, that is why I have to do due diligence in that area.

Then it all runs in balance with the Word of God. Simply because we got baptized in Jesus name, we planted a good

tree. As time goes on that tree has to grow and mature, you don't expect it to bear good fruit the year you plant it. That is the same with your life you will not bear fruit the next day you have to cultivate and maintain it, that is what we have been doing once I got baptized as the Lord was leading. He brought me to the importance of that church age messenger, the message for your day and hour. Then He led me to brother Jackson that word 'begin' and here we are just the two of us and we are looked down on as, God only knows what they say, and think about us, but it really does not matter. That tree is just out there minding its own business and producing apples it does not matter what people think of it. Then when fall comes around you will be able to go out there and pick off some apples. That tree does not care what the carrots say or what the peas say, it is just out there doing what it was planted to do. That is the same with us it does not fess on us what people do, say, or think about us. We might try to get out of the way and try to avoid them, but at the end of the day, their cheap shots don't mean anything. We know who we are and we know what we are about.

That is what I saw during the week how important it is to plant a good tree. If you plant a bad tree you can try and spend all your life to make it produce. At the end of the day, you get nothing. If it does not line up with the Word of God, you just exhaust your energy for nothing. What we did we went and we planted a good tree. We are on a roll, and the Lord led us on. As I say, you plant that tree, don't expect fruit right off the bat, you have to maintain it and prune it and cultivate it. That is what the Lord has been doing in our lives He has led us by His Spirit into all truth, and we have accepted it, it has not been easy. It is not easy when you see everybody going out for a Christmas dinner, a big turkey

dinner and you are at home and you are fasting. The Lord has put you on a fast. Like it is not easy it reads easy. The flesh will drag you down if you let it, but it is worth it. It is a glorious thing to do it, it clears your vision, you're understanding of spiritual things is ten times sharper.

I don't know what else I could say about planting this good tree, it is all about these two laws. There are two ways, it is that Nicaea Rome, Satan counterfeit baptism, everything springs from that. Then there is the real tree, *Acts 2:38 Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.* That is the real true tree, and as you watch both grow there is very little left of that Christian water baptism in the name of the Lord Jesus Christ. There is very little time left for developing for the message of your day, to the seven stars that Jesus holds in His right hand. To cultivate a life with the revelation of what that end-time message brought out of the Word of God through brother Branham and then through brother Jackson.

We have come through all of that and here we are, we are solid as a rock and then along comes some cheap shot trying to tell us that we are this, that and the other. Give me a break it is not going to work, they know deep in their heart that we have something but they will still take these cheap shots.

I could go on and on about the importance of planting that good tree, and how people have tried to exhaust every avenue to try to make that bad tree bear good fruit. You could go down the street here to this Mennonite church or down to that Catholic church and they are out there preaching away maybe there are 20 churches here in town and not one of them is a good tree. Their foundation is water baptism by the titles of father, son and holy ghost, and they don't even know

it. That is the sad part of it. Then they try to feed it to other people and then they want you to help the poor, well how about planting a good tree and let the Lord lead and guide you into all truth. I will help the poor if the Lord directs me to, I have no problem with that. I don't have to go through these church systems, they want to bring the country into this socialism agenda.

All this immigration that you see coming into America it is all driven by these churches, by the Vatican, these Anglicans, and all these churches. People see busloads after busloads coming into Arizona and there is a church bus picking them up, and they take them and they distribute them throughout the country and it is all driven by this bad tree. It will explode one of these days. That vision that God showed to George Washington is spot on. In that third peril, he saw more bloodshed than all the others combined. I can see it coming, and it is coming rapidly. The hatred that is all building up. With America, it is a little different, they don't have the Word, but they have that American constitution. These true Americans, these second amendment people you are not going to mess with them. It will just sweep right through the country, and at the end of the day, George Washington saw that the Republic will stand.

It is a beautiful picture from where we are standing, but before we could see what we see today we had to go and get baptized in Jesus name. It is just that simple without that you are going to go into Hell and death. That pale horse rider is going to lead people right into Hell and death. The reason that we see it is that we have a reverence and respect for the Word of God. If God puts His Word above His name how much do we have to have respect for His Word.

First of all, you have to read it to know what it says, then you can use it for your compass, and not twist it like a pretzel to make it fit what you want it to say. Like come on give me a break, people are preaching we are in the third day, and then the two days are done. Any grade one student is going to tell you that that is not true, and here there are preachers in the pulpit that were sitting under brother Branham, and brother Jackson and here they come out that the two days are done, and we are in the third day. As I have said, God gave me a vision and a dream, and He gave you a scripture to know the things that you have been taught. He gave me a vision about Gideon, that the Lord is testing everyone now, and He gave me the dream about the minefields. When you look at these three things we believed it and we took it to heart because we have a reverence for the Word of God. Then we saw the turn of events how everything went into chaos. People that were sitting under this truth, and you and I are the only ones, that have stood on the foundation what these people have taught. Now God finds us worthy and qualifies us to bring forth that meat in due season because it says in *Matthew 24*:

45. Who then is a faithful and wise servant, whom his lord hath made ruler over his household, to give them meat in due season?

All we need to do is carry on and we have no reason not to carry on because we have come too far up the road. So what if you don't have to eat. We are on a water fast, and there is no reason why most people cannot do it. After a while, food doesn't taste good anyway, but that is what I have been seeing. Plant a good tree and the fruit will be good. You cannot expect a bad tree to bring good fruit and you can't expect a good tree to bring forth bad fruit, it is impossible, or a salty well to bring forth sweet water, or a good well to give you

salty water. These cannot mix it is all very simple. From where we are sitting it is very simple, but try to go out and convince somebody that is so brainwashed and so convinced that they are right, they are deceived. You have to break through that barrier, but as time goes on God said that He is going to send hunger and a thirst for the living Word of God. Not for that stuff that is out there. All that we are doing is making it available when the time does come here it is it has been sitting here all along. We are not intimidated by what people think or say.

Another thing that I saw during the week every church and every property and organization that is baptized under that Roman Catholic baptism that property belongs to the Vatican and she will come and collect it. We had a conversation about it sometime back how Satan is going to come and collect his dues. That Hutterite colony that guy that we talked to from Spring Hill colony, that baptism that they have it ties them together with Rome, and that property belongs to Rome. It is just that simple it is part of that Roman Catholic tree and someday they will collect it because it is all driven by a spirit, you have no defence against them coming in and taking your property. The only defence you have you have to do what we did, you have to get baptized in the name of the Lord Jesus Christ, then you disconnect yourself from that Roman hierarchy. That is the only solution that they have; that is the only hope that they have, but as long as they are baptized in the titles of father, son, and holy ghost they are part of that whore system. Which is like I say, Roman Catholic baptism and that property belongs to them, and they are just going to come in and take it. That is why these terrorists are here it is all brought in by the Vatican. Like that puppet down there in Ottawa he is just a Roman Catholic puppet, and he

will just do whatever they tell him, and they are going to get rid of whoever they can't make a puppet out of.

Like over in Iran and Iraq they have been fighting over there for ages, but what happened behind the scenes Iran infiltrated Iraq now Iran really owns Iraq, they call the shots there. That is what is going on here, it is all driven by a spirit, you and I are no match for the spirit world, all we can do is follow the leadership of the holy spirit.

There are somethings that the Lord will not want you to get tangled up with. He would not let me get together and fellowship with these people that have a different view. He would not let me go down to Faith Assembly because they are contaminated with different spirits, the same with Grace and Truth and all these places. That is why we are here by ourselves because we are not contaminated with anything. We are just staying with the Word of God, with the things that we have been taught, and we are just rolling it out there. It is a very simple program but I know that I didn't set it up, the Lord set it up. So He is going to see to it that it is protected and see to whatever needs to be done, but this week He let me know that you have to plant a good tree, and there are only two trees here to make it simple.

Like back 10-15 years ago it all looked kind of mishmash but now everything is getting down very simply. There is that phoney baptism and then there is that true baptism. As I said, Satan has every right to come and collect his dues, and he will eventually, he just comes in and takes over and rightly so it is all because of that false baptism. If you want out then simply get baptized in Jesus name. Satan has no Biblical rights to anything that we own because everything that we have is under the blood, it is under the true water baptism. The property that we have comes from the Lord.

I don't know what else to say, Satan will come and collect and rightly so because they have his baptism that is the foundation, that is the pillar that they are standing on. One day he is going to come in and say you are standing on my pillars and they will say what is that, and he will say, father, son and holy ghost, that is my baptism, and ya, you were deceived into it, but it is mine.

Just like Adam and Eve in the garden, they sold the planet out to Satan because Eve was beguiled by that serpent creature and he took it away from them right from under their nose. Jesus had to come and buy everything back at calvary. Here again, Satan is up to his old tricks as soon as the fathers fell asleep, Paul said, after my departure, they are going to come in. People fall asleep and Satan comes in and just feeds them that false baptism, not everybody bought into it and they had to be killed. If they did not go along with their ideology they had to be killed. We are going back to where it originally was, back to that Ephesian church, we just keep chipping away we are not there yet, but at least we have the baptism right, plus a lot of other stuff. We have the church ages right, we have the messenger right. There are lots of phoney messengers out there. Like that Joseph Smith he claims to be the one, see we were led by that unseen hand, and we knew who that right one was. We are spot on. There is nothing that hinders us, the only thing that is stopping us right now from moving on into the next phase is this fasting, and that should not be a problem, but apparently, it is. That is what we have to zero in on, the Lord tolerates it to a point because He wants to lead you on. You want to look back, it wasn't easy, there were some tough decisions to make but the Lord gave you the desire to move on. There is nothing

back there, so why go back when there is nothing back there. The only way is to move ahead.

Heavenly Father we just had a little conversation around your Word, we just pray to take it and use it for your honour and glory, give that increase, allow people to see the importance of water baptism in the name of the Lord Jesus Christ, in Jesus Christ name we pray, Amen

Like I said my dad he tried his level best but you cannot be fruitful with that bad tree, and I told my dad that. It is impossible, you cannot make a salty well bring good fruit. Jesus said: Plant a good tree. He didn't just throw it out there and not expect anybody to do it. That is what we did, we knew that that tree was no good, I didn't know what a good tree was, but now when I look back it is that baptism that is the planting of a good tree. Now I can tell people if you want to be fruitful in your life you have to get baptized in Jesus name. You will still hit and miss like that Randy guy, it looks like he even has gotten worse, but see at least he can always go back because he has the right baptism. Like I say, it is not all hunky-dory yet. You got to read the Word you have to maintain and flush all that garbage out, that flat earth stuff, and all that natural man, he has a life long journey ahead of him, he is going to have a tough row to hoe.

I was thinking about my dad all his life he had a tough row to hoe and look how good we have it. He had to put up with all these false brethren. Then trying to make that tree produce, can you imagine all the energy that that takes and here all we have to do is tell people the truth. The truth is just that simple. That pale horse rider did not start as a pale horse rider it started as a white, but it is all driven the spirit of Satan, these horsemen are all Satan and his activity. Now we are in

the age of that pale horse rider, and I will let you know where it is taking the people to - Out to Hell and death.

Lorraine speaks: Like that guy was saying he does not feel the love, and it reminded me of what brother Jackson said when he dealt with Tim Mckay with what he did down at Moncton NB. When you look at those two spirits, one sounds so good and gives you a high and it is very seductive because it feels good and it makes people feel that they are loved, but it is phoney it is brought on by a seducing spirit to rear people of the path. Then when brother Jackson dealt with that issue he said that spirit is going to take you to outer space like that pale horse rider to Hell and death. If it is not grounded in the Word of God that is where people are going. We know what it says in John - If you love me you will keep my commandments. That is love if you tell people the truth that is loving them not having nice words that makes the natural man feel good. It is telling them the truth in order, to set them free that is the Love of God.

It is still the same today when Jesus was presented the book of Isaiah in synagogue on a Sabbath day and He read it and when he was finished reading He sat down. He said, This day is their scripture fulfilled in your ears, and all bare him witness and wondered at the gracious word which proceeded out of his mouth. Then they started reasoning and said, is not this Joseph's son. Then Jesus started telling them the truth. Ye will surely say unto me this proverb, *Physician, heal thyself*. Then He went even further and said, there were many widows in Israel in the days of Elias when the heaven was shut up, but to none of them was Elias sent save unto Sarepta, a city of Sidon. There were many lepers in Israel in the time of Eliseus and none of them was cleansed saving Naaman the Syrian. Then they were filled with wrath and

thrust him out of the city and they wanted to cast him down the hill but Jesus was able to pass through them. That's what happens when you tell people the truth.

Sam speaks: I remember when we were over in Israel at a Museum and this old Rabbi was sitting there and he wanted money, it was all voluntary. It was a Holocaust Museum, and I said we know why it happened, and he did not want to get into that. You brought it on yourself I said, he knew where I was going with it, the Jewish people they know that they brought it on themselves. First of all, Deuteronomy explains why they will be scattered and now the Lord is wanting to bring them back and they refused to come back. God sent the fishers in and most of them did not listen and then He sent the hunters and that is what the Holocaust was all about. Germany had nothing to do with it, Germany was just a vehicle that God used. He used Hitler to fulfill His Word. They rejected the fishes which were the Rabbi's in the 1900s telling the Jewish people that God is calling them to go back to Israel and they mocked them. Then God raised up Hitler. Just like He did in the old Testament He raised up the Babylonians, the Assyrians, and here He raised up these hunters. It is all in Jeremiah. That the hunters will hunt them down from every corner. At the end of the day, God will have His plan fulfilled. It would have been better if they would have just listened to the fishers. They got killed anyway.

It is the same thing here all you have to do is be baptized in Jesus name and believe this message and you are saved. Plant a good tree and the fruit will be good.

I just want to make this clear here so people can understand how revelation works and the restoring of God's Word. Not everyone that is baptize in the titles is lost, my dad was baptized in the titles, and I know that he is at a good

place, along with many others. God did not require it from the older generation. Those that were faithful to what they believed God will make a way for them. It is how God restores the truths of His Word. He began the process. At the Reformation coming out of the dark ages, when He gave Martin Luther - The just shall live by faith and in the 1500 that is all God required of people nothing more. Then as time progressed on God gave John Wesley around 1750 a revelation - Sanctification. Now God was expected something more. Now He is requiring people to separated themselves from the things of this world and live a holy life. Now here in this age of Laodicea, the age that we are now living in, God restored the true formula of water baptism, Acts 2:38, repent and be baptized by immersion in the name of the Lord Jesus Christ for the remission of sins. In our generation here now God has restored baptism that was lost back in 325AD, and that is what He expects people to follow now. With that being restored people will have no excuse anymore because now God has shed the light on the importance of water baptism according to the early church. We have now come full circle back to the faith of our early church fathers and that was the calling that brother Branham had on his life, he had that Elijah anointing. *Malachi 4: 6 And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.*

THE ANCHOR HOLDS

*The anchor holds,
Though the ships been battered.
The anchor holds,
Though the sails are torn.
I have fallen on my knees as I face the raging seas.
The anchor holds in spite of the storm.*
