

When you talk to people about a rapture, they think you have lost it. When you talk about Jesus coming back to rule and reign they look at you with a blank look. *Es ist gewisslich an der Zeit dass Gottes Sohn wirt kommen. Ihn seiner Grossen Herrlichkeit zu richten die Lebendigen und frommen.* Some people think you die and then you go to Heaven and that is it, and the wicked when they die they go to Hell and that's it. That is not the way the picture is: Jesus is coming, and those that are ready, when that time comes, they get changed in a moment in the twinkling of an eye.

God always has a way of an escape; He always has a place of refuge. You go back to the days of Adam and Eve. He knew that there was a devil down here when He created Adam and Eve, He knew that they will have to be tested. God gave the commission to be fruitful and multiply. He said: not to eat of the Tree of Good and Evil. A lot of people think that it's a literal tree growing out of the ground. God said to Adam: look at all those trees out there, they are for food and you can eat of every tree to keep alive. Later on, God said to them to be fruitful and multiply. There are two ways in which they can do it. God said: Do not partake of the Tree of Good and Evil, the day that you do the day you will die. Mankind is the only creation that has to hide their reproductive organs.

Now the Tree of Good and Evil and the Tree of Life were not literal trees, they were laws. Within the garden, God placed 2 laws. He also commissioned man to be

fruitful and multiply but not to eat of the Tree of Good and Evil. The Tree of Good and Evil was introduced by the Serpent - sex for pleasure. The Tree of Life was for reproduction, for example, the way the deer does. At a particular season of the year, the buck starts mating with the doe, that is their season to be fruitful and to multiply. God gave that commission to the animal kingdom too. The animal kingdom is still in their original law. You don't see a buck out there, in the middle of the summer mating, they just do it when that season comes around. That was man's commission: to be fruitful and to multiply, but to do it when that season comes around, but the Serpent came in inspired by the devil to deceive. The Serpent was not the devil it was an upright creature, just like Adam, he had reproductive organs, he had everything he needed to pervert this reproductive process. It says that the Serpent beguiled Eve and she chose to go that route, instead of holding on to God's Word, sure she was deceived, but God had a way. God always has a way to protect you and give you a warning not to go that route, but Eve chose that route and she brought forth Cain. Cain was an offspring from that Serpent creature; you can see it in his attributes. In spite of that, God still went and looked up Cain. When Cain and Abel brought forth their sacrifices, God had favour with Abel's but not with Cain's. God does not ignite what He does not favour. So Cain was jealous over Abel, and God knew that he was going to rise up, so He talked to Cain and asked him why he is acting up, I'm just using my own words here just to show you that God always has

a place of refuge; a place of safety; a place where you don't have to get into trouble if you only listen. God said to Cain: if you do good you will be accepted, just because I didn't ignite your sacrifice that does not mean that I hate you, just go out and do good things; don't meditate on these evil things; do good and you will be accepted. Had Cain taken that advice he would not have killed his brother. If he would have gone and talked to Abel and asked him what he has that he does not have: I want what you have. Something to that effect. God warned him and when God warns you it goes into your DNA; it goes into your bones. Cain knew that if he would do good, then God would accept him. Then the day came that he killed his brother Abel. He didn't take God's advice: that is not doing good killing your brother. Even at that, God talked to Cain afterward, when Cain said, if someone will see me they will kill me. God put a mark on Cain so no-one would touch him, and if someone would He would avenge it 7 times.

God's grace and mercy go beyond human comprehension. Even with Adam and Eve, when they fell, God said: I'm going to send someone that will make everything right; He did not discard the whole human race. When you read the Bible from the beginning to the end, you can see down through time how God has worked over-time to try to stir people in the right direction, and those that listened were blessed and those that rejected God's advice they got destroyed.

I was reading in Jeremiah how when the children of Israel come to Jeremiah when the Babylonians had taken over Jerusalem, and they decided: we are going to go up to Egypt. They came to Jeremiah to ask him, to ask the Lord for them, if they should go down to Egypt and Jeremiah enquired from the Lord. The Lord said: tell the people to stay and serve the King and stay in their land. The people did not like what they heard and they said: Jeremiah you are lying to us, we are going to go down to Egypt. They went down to Egypt and there was only a hand-full that came back. Jeremiah went with them because he had such a heart for them and there were not many that came back. Had they listen to Jeremiah to stay and serve the King, because God raised up that Babylonian Kingdom to chasten the Israelites because they were going into paganism; God in His mercy raise up Nebuchadnezzar. God said: I will call upon my servant Nebuchadnezzar.

When you look at the Bible from a birds-eye-view you can see how God being rich in mercy has bent over backward to prevent mankind from destroying themselves. I read this somewhere: if God is love how can He stand all this suffering that is going on in this world; how can He ok all that. I thought to myself if people only knew that it is not God; its mankind under the inspiration of Satan have made wrong choices.

I remember back 10-15 years ago when I heard that someone had murdered Madeline O'Haren and her son-in-law and her daughter. When I heard it, in my heart I said:

that serves them right. She is the one that challenged the supreme court to take the Bible out of the school and they took the Bible out of the school and the Lord's Prayer. I thought to myself that that serves her right and the Lord rebuked me for that; for having that attitude towards her. I knew that, because I was making a false accusation in blaming her for taking the Bible out of the school. I knew that there was something here that I do not understand and I was troubled for about a week.

Also at that time, I was trying to understand the Godhead, I couldn't understand it at first, I knew that there was only one God, because Brother Branham had said that there was only one God and the Bible says it too. I had this Trinity concept which is 3 God's. I could not understand it to the point where I could explain it - today I can. I had a lot of tapes from Brother Branham explaining the Godhead, one of the tapes he explained how the churches of America rejected the message.

I even asked, Sid Knox one time, 'what happened to the children of Israel when they rejected the prophets?' He didn't know and I told him what happened: they went into chaos; they were destroyed.

It's the same today; God sent a prophet to this age, William Branham, that Elijah anointing and people have rejected it, and they are going to go into destruction just like the children of Israel did, because they did not listen what he had to say.

Going back to Brother Branham to that meeting in Chicago in 1962, all the churches of America were

represented there, about 150 different churches and the pillar of fire showed up. They were trying to get him to stop preaching and he stood up with his Bible, he knew what they were after because God had warned him the day before, that they were trying to shut him down. The Lord had shown him that night before exactly what was going on and he told the representatives there: you prove me wrong with this Bible and not one of them could challenge him and prove him to be wrong. The churches of America rejected the Prophet of the Age, that is why you see this chaos in America today.

I still did not know why the Lord was so hurt when I said that concerning Madeline O'Haren, then I had a dream and it was somewhere between a dream and a vision. I saw myself sitting in a giant stadium, somewhere where you play football. The Stadium was nice and clean, the grounds were very well kept and there was a big door with a big chain on there and as I looked towards that door, I saw the chain and the big lock, the lock was open and the chains were dangling and the doors were opening up. I saw people coming in as if they had every right to come in. They came straight on in. I was sitting in the bleachers watching this whole episode and I saw this one woman coming towards me, and I said to myself: that's Madeline O'Haren. Then I saw these other people they were dressed like judges and again I said to myself in the dream, those are the supreme court judges, and on and on these people kept coming. I seen wicked people, I seen pimps, I seen drug addicts and all that stuff came in

through these doors now that the doors weren't locked anymore. That is what happened in America, not because Madeline O'Haren took the Bibles out of the schools: It's because the Churches of America rejected the Messenger to the Age. Brother Branham said: If they would have accepted the Message, it wasn't Brother Branham's Message, it was God's Message, if they would have accepted the Message there would have been no need for hospitals and there would be no crime in America.

I didn't know this but I read it somewhere, that J. F. Kennedy, when he was president, he got assassinated before he was running for his 2nd term, but his agenda in his 2nd term was to get rid of all the dept, to change the education system; to change that whole American environment. He wanted to get self-dependent instead of depending on foreign oil. That was his agenda for his 2nd term. God knew that they would not accept it, but God had the mechanism in place and He had the president in place. If only the churches had accepted the Message and because they did not accept it, Kennedy's agenda fell by the way-side, and God allowed him to be assassinated. You can see the direction America has gone, it's riddled with crime and with that Obama promoting anarchy; he doesn't try to stop crime, he does everything that is anti-justice. That is not because Madalene O'Haren took the Bible out of the schools; it's not because of Obama - It is because of what happened back in the '60s when the Churches of America, which was the heartbeat of America, they rejected the Messenger to this Age.

God had one plan for America; He did not have 10-15 He sent a Prophet on American soil, born in Kentucky, and he had a message. He preached his heart out for 30 years, come back to the Word and if anyone is interested they can look up his sermons. They can do as I did; I did some extensive searching in all of this and I began to see that we are living in the end time.

When the Lord saved me back in 1973 and He gave me eternal life, there were some scriptures that He put on my heart and one of the scripture was: *Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass and to stand before the Son of man. - Luke 21:36.* If people only take heed that God has a warning. He had it for Cain; He had one for Noah and Noah believed Him, and he was saved along with his family. You can look through Biblical History and you can see that God always had a place of refuge, a place of an escape, a place of safety. In this hour and everyone knows that we are living in the end times, you can talk to people anywhere: We know we are living in the end time but...it's not going to happen in our generation.

I was out in California talking to some people there and out there you can talk to people about the coming of the Lord more than you can anywhere else, and about California going under. 'Oh we know it's going under but it's not going to be in our lifetime'. That is how they encourage themselves. I remember going into this restaurant and I talked to the cook there and I asked him,

‘Don’t you know that this place is one day going to go under’, and his wife was there and she said, ‘Yea, I keep telling him to move out of here, but that thick-headed guy doesn’t want to listen to me’. You could tell that she was concerned but he had the mind-set that it was not going to happen in his lifetime.

Then I delivered windows right beside the Pacific Ocean, big windows for these big mansions and I said to that guy there, ‘Why are you building these big houses, don’t you know that this place is going under.’

‘Oh yea, we all know it’s going under, but not in our lifetime, so why should we be worried about it’. Then I delivered some windows up at the Andreas Fault and I made it up all the way to that mountain, through hair-pin turns with a 53’ trailer and up there is this big mansion and right over the edge of it there is this big canyon. I said to the owner, ‘Don’t you know that this place is going under, you are right beside that fault,’ and he was brazen about it, because he had bought that house pretty cheap; the former owner had moved out because he was afraid that earthquake would sink it, ‘Oh, no it’s not going to happen, not in my lifetime’. You see that’s people for you they get brazen, they get mean, they get to a point where nothing can touch them.

Like in the days of Jonah, when God spared Nineveh. God told Nahum to prophesy to Nineveh a second time and what the people said was: would God bring judgement the second time on Nineveh, that’s not going to happen our walls are strong. That is man-kind,

they come to a point where they just harden their heart, instead of taking heed.

God in this hour, He has given people warning. *Take heed that ye be not deceived...Luke 21:8.* That's a warning, there are many people out there waiting to deceive. Those TV preachers, everyone has their own cliché. These are weapons of mass deception that Jesus warned us that will be in this end-time.

In *Luke 21:34-36 And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting and drunkenness, and cares of this life, and so that day come upon you unawares. For as a snare shall it come on all them that dwell on the face of the whole earth. Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come pass and to stand before the Son of man.*

There is a way of escape if you take it seriously. First of all, *take heed to yourselves, lest at any time your hearts be overcharged with surfeiting and drunkenness, and cares of this life.* ... eating and drinking, an over-abundance of eating and drinking, you can look at our society today, it's all about eating. The opposite of eating is fasting and the oppositeness of drunkenness is to be sober. It is not only drunk with wine it is drunk with that hypothetical life-style. It's a time to be sober; to fast and to be sober and then the cares of life like it says: so that day come upon you unawares. These are things that make you insensitive to the spirit of the Lord.

The Lord spoke to me back in the late '80s-early '90s, it was 2 o'clock in the morning, I was wide awake: the Lord woke me up. The reason I knew that it was 2 o'clock because I could hear my Westminster clock chime and during that chime, there was a quiet voice: Sam, I'm coming soon and then a 2nd time: Sam I'm coming soon. It was just barely above a whisper. I heard it, it was an audible voice and it also went into my spirit. My wife was sleeping beside me and she did not hear it, the next day I told her, the Lord spoke to me last night and He said, Sam I'm coming soon. She looked at me kind of strange, but it affected me; it did something to me. All of a sudden these words come to me: Watch and pray...that you may be found worthy to escape. If Jesus takes time out to wake you up, calls you by name: Sam, I'm coming soon. He is coming in my life-time. If He would not be coming in my life-time, then He would not have taken the time out to tell me. If He would not be coming in my life-time, He wouldn't have bothered to tell me and would have just let me continue on, hoping that I would prepare myself. He said to me: I'm coming soon. That let's me know that He is coming in my life-time. All of a sudden I lost interest in the things of this world. It went into my whole make-up. My whole day was taken up with that voice and I lost interest in the things of this world; I lost interest in my job, I was an electrician on the colony and I knew I have to prepare myself. Preparing talks about getting ready. How do I get ready; What do I do; How do I even begin. I knew one thing that God spoke to me. I was too materialistically

minded. My whole make-up was about the colony life and all the colonies are interested in is materialism. All they are interested in is their gemeinschaft; their materialism.

I had this dream last night about this one colony, I was touring this colony with another guy and all they were interested in was building their humungous kitchen. It's all about eating. They had a good kitchen there. Why would they build another one. It tells me that they are very materialistic minded, more than seeking the Lord. I lost interest in all that. That's what happened in the days of Lot, I knew that scripture and I knew what it said and eventually I began to speak up about what was going on; the corruption in the leadership. How J.K was all about money, going to court to protect his patten on a feeder. These things troubled me and bothered me that it is more important to sue your brother than to pursue the things of God.

Even my father-in-law he had this big table in his living room with a stack of blue-prints for this killing-plant that he was going to build. The Lord was already dealing with me on this, that HE is coming soon why would he want to build this killing-plant. He asked me, 'what would you do? The Mennonites they have the chicken quotas and we have to do something so we have something to eat'. I said to him, 'I would do the way the apostles did'. The apostles they zeroed in on the Lord. Here is what he said, 'Oh that does not put food on the table, what the apostles did.'

Well, he went and built this killing-plant and I went and pursued the things of the Lord. Who made the better choice? I'd say I did, I set my face-as-a-flint towards the heavenly realm and in doing so eventually I was put into exile by my father-in-law and preachers. I remember him coming to me one day and he said to me: you have until tomorrow morning to recant and if you don't I am coming here and you have no job; you have not home; you have no family; you don't even have a name; you're just a number.

All that day I was singing that song all day, 'I have decided to follow Jesus', so I told him: you will do what you are going to do, but I have decided to follow Jesus and I'm not turning back. The next day he comes over and I was put into exile, not because I rebelled, but because of the Word of God; because of the testimony of Jesus Christ, and I have been in exile ever since. Sure I went back a time or two, but they don't even recognize me as anything. I'm less than nothing, because I'm in exile. I'm a pilgrim. I'm a vagabond to them. I'm a loser; I'm anything to them but spiritual to them. The Lord put me on a journey, when John was in exile on the isle of Patmos, he was put in exile by the Roman government. He was not in exile by the Lord. That's where God gave him the book of Revelation when he was on the isle of Patmos which is a love letter to the Bride.

I read the book of Revelations many times and what the Lord was doing He was preparing me for His soon coming. He is coming in my life-time. I'm in my 60's,

usually with 70-80's you don't hear of too many beyond that but He is coming in my life-time. I'm going to live to see the rapture, I'm going to see this transition.

When we die we just don't go to heaven. There are things that are going to happen: there is the Day of the Lord, where the Lord is going to destroy the sinner on this planet and He sets up His millennial reign. My uncle, he got excommunicated because he believed in a millennium, where Jesus comes to rule and reign for 1000 years. I remember my dad making fun of him because he said to me one day that they believe that the Jews are one day going to build a Temple, my dad being a preacher didn't even know that the Jews are one day going to build their temple before the Millennium sets in. What I'm trying to say with all that is: God has a way of escape, if you listen to the spirit there is a voice if you can only listen to it you can hear it. Proverbs 1:20-30

20. Wisdom crieth without; she uttereth her voice in the streets:

21. She crieth in the chief place of concourse, in the opening of the gates: in the city she uttered her words, saying,

22. How long, ye simple ones, will love simplicity? and the scorers delight in their scorning, and fools hate knowledge?

23. Turn you at my reproof: behold, I will pour out my spirit unto you, I will make known my words unto you.

That's what God is doing. What He has been doing since the dawning of time, but people have thickened their ears, they have blinded their eyes to what God is doing.

24. Because I have called, and ye refused: I have stretched out my hand, and no man regarded;

25. But ye have set at nought all my counsel, and would none of my reproof:

26. I also will laugh at your calamity; I will mock when your fear cometh;

27. When your fear cometh as desolation, and your destruction cometh as a whirlwind; when distress and anguish cometh upon you.

28. Then shall they call upon me, but I will not answer; they shall seek me early, but they shall not find me:

28. For that they hated knowledge, and did not choose the fear of the LORD:

30. They would none of my counsel: they despised all my reproof. Therefore shall they eat of the fruit of their own way, and be filled with their own devices.

This conversation that we are having here is to let people know that there is a way of escape. We know that judgement is coming on this planet. The Day of the Lord is ahead of us; this is the last generation. We can see the horror that is going to hit this earth and God always has a

place of refuge. He always sends a warning before judgment hits. What I'm trying to do is I'm trying to express myself how He has given me a warning. Now I could have rejected it. I had it made in the colony. I could have rejected the Lord and said: Lord I'm not interested maybe another time, but you see I took it to heart. When the Lord speaks to you, you need to take it to heart. I always have even though, I was a sinner man and was backslidden and all of that, but in my heart, I always had a yearning for the Word of God and God saw that. He knew that and He came to me one day and told me He was coming soon, because He saw something in my heart that when He speaks to me I will respond. That I would not push it off for another day and I did respond, but after 6 weeks or so I started going into a slumbering state again. God who is rich in mercy gives me a warning first. I had my finger caught between the trailer and the ball. My brother wanted me to hook-up the trailer and go to the Brandon Fair. Which is nothing but a drinking and an eating bout; that's all that it was; I wanted to get out of it but I did not have the backbone to say: 'no'. I just figured: oh one more time, but the Lord said, no. I ended being in the hospital instead of going to the Fair I ended up in the hospital and nobody had to come and tell me why it happened. It just did not happen by chance. God said NO, you are not going.

Then after another 6 weeks, I started getting into the work ethics of the colony again. I started to forget what the Lord had said, and then I broke my leg. We had this front-end loader that we were working on and the bucket came

down and I broke my foot so I was laid up for almost 2 years before it healed so it gave me a lot of time to evaluate things to what the Lord is doing in this hour. It takes a gut-reaching seriousness to pull yourself away for that deception. Materialism is deception, and I was caught up with it like millions are caught up with it, but God who is rich in mercy He has a plan for my life and He stopped me and I got serious with the Lord.

Many nights instead of sleeping I would be in prayer. In fact, one day my wife, I went to the sewing room to pray, when she saw me she told me she was going to report me. Report me for what? Praying? I had agony in my soul and I knew that the Lord was coming, He has a purpose and I'm not doing nothing.

Then the day came when they put me in exile. It wasn't them, it was really the Lord using them to put me on a journey. I never knew what the book of Revelation meant, I read it but I could not understand it until the Lord brought me to the Message of the hour. I want to say this: anyone who is going to be in the rapture will believe that God sent a Prophet because that is their only way of escape. God took great pains to send a Messenger, He anointed him with that Elijah spirit. The man preached his heart out for 30 years went all around the world, many rejected him and many accepted him, many made him into an idol and worshiped him, but there are a few of us that felt his heartbeat. How he had a longing and a desire to turn people back to the Word, back to the Bible, back to

the apostolic faith. That was his mission, and that was what he did.

When he went off the scene the Lord raised up Brother Jackson and that's what we believe here and those that continued on, there are a lot of people that believed in Brother Branham, but they are not going in no rapture they have to come to the next step, and the next step is Brother Jackson's ministry the Chief Apostle where he began to open up the Word. The pre-historic world and things began to open up. That is getting yourself ready and it's a continuous journey that He started us on.

I had this scripture in my mind and I talked about it many times my dad preached on it many times in German.

Isaiah 65:

13 *Darum spricht der HERR HERR also:
Siehe, meine Knechte sollen essen, ihr aber
sollt hungern; siehe, meine Knechte sollen
trinken, ihr aber sollt dürsten; siehe, meine
Knechte sollen fröhlich sein, ihr aber sollt zu
Schanden werden;*

14 *siehe, meine Knechte sollen vor gutem
Mut jauchzen, ihr aber sollt vor Herzeleid
schreien und vor Jammer heulen*

15 *und sollt euren Namen lassen meinen
Auserwählten zum Schwur; und der HERR wird
dich töten und seine Knechte mit einem andern
Namen nennen,*

16 *daß, welcher sie segnen wird auf Erden,
der wird sich in dem wahrhaftigen Gott segnen,*

und welcher schwören wird auf Erden, der wird bei dem wahrhaftigen Gott schwören; denn der vorigen Ängste ist vergessen, und sie sind vor meinen Augen verborgen.

I couldn't find that scripture I looked and I looked. The reason I am on this conversation, I don't want to do my own thing there are so many things that I could say, but when you texted me where that scripture was I knew we would have a conversation on it, what it is: it is meat in due season. I just did not decide that I'm going to talk about this now. It's the Lord, its meat in due season. This is the due season, these things are going to happen in my life time. If people take a warning God sent a Messenger with a message turn back to the Word; Baptism in the name of the Lord Jesus Christ by emersion. All these things that he taught, people rejected. Then there is another side here that accepted the things that he taught. That is why this scripture is so priceless to me.

13 Therefore thus saith the Lord GOD, Behold, my servants shall eat, but ye shall be hungry: behold, my servants shall drink, but ye shall be thirsty: behold, my servants shall rejoice, but ye shall be ashamed:

This is the scripture that the Lord brought to my remembrance from time to time. That is where we are heading because we met the conditions we sought the Lord when that time of calling came. Like when Jesus wept over Jerusalem: *Jerusalem, Jerusalem...how often would I have gathered thy children together even as a hen*

gathered her chickens and ye would not! Behold, your house is left unto you desolate. Matthew 3:37-38. We know what happened to them when the destruction came in 69 A.D, and on the other hand, the people that listened to the Lord they left Jerusalem before the destruction came and they were saved. It's the same today those that will pick it up in the spirit and take heed God will protect because they will be at a place where God will be able to protect them.

14 Behold, my servants shall sing for joy of heart, but ye shall cry for sorrow of heart, and shall howl for vexation of spirit.

15 And ye shall leave your name for a curse unto my chosen: for the Lord GOD shall slay thee, and call his servants by another name:

16 That he who blesseth himself in the earth shall bless himself in the God of truth; and he that sweareth in the earth shall swear by the God of truth; because the former troubles are forgotten, and because they are hid from mine eyes.

It runs parallel with what came before the destruction of Jerusalem. It runs parallel with Proverbs 1:20-33. It's all the same judgement and all the same blessings for those that listen and the same curse for those that did not.

I heard not too long ago a prominent preacher in a South Dakota colony, he had a dream, how robbers are going to come in with guns and knives and shoot everyone women and children. I kind of believe it under this Obama administration, he's a lawless person. God knows how far He is going to allow it to go but we know that there are

people in America that are going to rise up and there is going to be a revolution, according to the vision George Washington had. Do you think that the colonies are going to be left out. They are going to go after them just like everyone else. I can see God's wrath being poured out on the colonies because they haven't accepted Christianity - Materialism was more important than Christianity. God has raised up people from time to time. They had to be kicked out, had to leave their families at home because they would not compromise. It is God speaking - come on you guys. Do listen - No, we can't let go of our traditions, we can't disrupt our lifestyle: God started up this Gemeinschaft with the apostles and this is the way to get to heaven. It's deception; It's not of God. Der Satan ist der herr darin, not God. Why would God execute His own people.

In the NIV translation it comes out a lot clearer. There is so much in there to heed and take warning. It's for this hour we are living in now. We are going to rejoice; we are going to be happy. The things that are coming up the road they do not scare me. I am looking forward to it. I'm sad for all the people that are not going to be ready but as far as that we will be glad, we made the right choice, and listened to the spirit, and God will not have to laugh at us. All people have to do is: set your face-a-flint and believe this Word.

Therefore this is what the Sovereign Lord says: "My servants will eat, but you will go hungry; my servants will drink, but you will go

thirsty; my servants will rejoice, but you will be put to shame.

My servants will sing out of the joy of their hearts, but you will cry out from anguish of heart and wail in brokenness of spirit.

You will leave your name or my chosen ones to use in their curses; the Sovereign Lord will put you to death, but to his servants he will give another name.

Whoever invokes a blessing in the land will do so by the one true God; whoever takes an oath in the land will swear by the one true God. For the past troubles will be forgotten and hidden from my eyes.

The time will come, this is just up the road, there is going to come a time, sure the way everything is going on now everything is honky-dory, but that will not always be. It was like that in the days of Noah, before the flood came, the sun was shining, the birds were singing, but one day that was it and the flood came. It's the same today people are well off, they have materialism like never before, everything is going good, but one day it's not going to be that way. The Lord is warning people to take heed.

The Lord did not take us out just to have a good time, He put us out for a reason - to teach us something. In fact, here a while ago, at 9 o'clock it started: the Lord was saying: Sam I've put you through school to teach you something its time to write an exam. I had to write this exam of what I believe, (know what you believe and know why you believe it), I not only had to say what I believe I

had to find scripture for what I believe, and all day long I was writing this exam. I didn't get the marks back but I'm sure if I would have had something wrong the Lord would have rebuked me for it. I believe it was 100% right on: God sent a Prophet to this Age, which was William Branham who had that Elijah anointing.

I was ex-communicated because I wrote the Hutterite preachers a letter letting them know that we are living in the last days and that before Jesus comes back He will send the spirit of Elijah. It was like the Lord was saying you have to write them this letter as a witness. Now on the day of judgement that is going to stand against them. That letter is on our website, under what we believe. The Lord inspired me to write it, because of that they put me in exile I was done as a Hutterite. God had an open door for me to go through. I still had not found Brother Jackson at that time. I purposed in my heart not to compromise. I could have but then I would be back on the colony in bondage. It's not fun to be put into exile but that is the price that you have to pay. I was treated like a vagabond; homeless. I did not even know where my next meal would be. When I found a job what they would do is they would go and threaten these people. I was working for the Platts and they told them if you have anything to do with Sam you will no longer build hog barns anymore. I worked for this neighbour and they said if you have anything to do with Sam you can't come on Hutterite property anymore. He didn't listen to them but told them: if you would come to me for help I would help you, Sam came to me for help and I

helped him. I was working for a guy up in Alberta and they told him the same things, they have a pretty strong arm but I did not buckle; I won't compromise and that is why I see what I see today.

The Lord moved me on and I was introduced to the ministry of Brother Jackson. It wasn't until I stood my ground put my life on the line that the Lord moved me on and that it is how it is to this day. It just gets better and better. It is not going to be a sad day when all this happens, God is going to have me in the hollow of His hand.

I was thinking at New year the world is having a big party it starts in Australia, then it goes on to Singapore. Its like Belshazzar one giant worldwide party. The party of all party's and then the handwriting came on the wall and its the same today year after year. It picks up more and more momentum. It's not even God's New Year. March-April is God's New Year. It's Satan's New Year. God told Israel the month Abib will be the beginning of months. That is also the month that Noah came out of the ark; a new beginning for mankind.

The handwriting is on the wall

*A King made a feast for a banquet
Invited all his men to come and play
But he didn't know before the night was over
That the kingdom that he held would pass away
As the crowds began to roar in their drunkard slumber
A worried look soon took his smile away
As he look he said behold I see a finger
And it's writing something on the wall today*

*The handwriting is on the wall
Can't you see it
The message tells a story again today
Don't be weighed in the balance
And found wanting
Don't turn down the truth for your day
I've sent warning and now I'm sending judgment
On a nation that's forgotten how to pray
And there is no way to escape it
The handwritings on the wall again today
Now this world is getting closer to destruction
As you walk the streets
you can hear the words doomsday
And we all knows that something soon to happen
For wicked men refuse to stop and pray
Soon their laughter will one day turn to mourning
And the cries for help will be heard far away
Like the king when he finally say the message
It was then that he realized he waited to late.*
