Unter deinen Lebensbäumen  
Wird uns sein, als ob wir träumen;  
Bring' uns, Herr, ins Paradies. ::

**I keep coming back to the well**  
Jesus made a well at Calvary

*for healing, cleansing, and victory  
How its joy over flows, no tongue can tell;  
I thank God for the well*

*Oh, I keep comin' back to the well of Grace,  
great is its power, sweet is its taste  
Whenever temptations and trials I face,  
I keep comin' back to the well*

*Blessed is the fountain in a barren land  
that satisfies the thirst of the inner man  
No better place could be found to dwell;  
oh, won't you come to the well*

*Oh, I keep comin' back to the well of Grace,  
great is its power, sweet is its taste  
Whenever temptations and trials I face,  
I keep comin' back to the well*

*I keep comin' back to the well of Grace,  
great is its power, sweet is its taste  
Whenever temptations and trials I face,  
I keep comin' back to the well*

**God will make this trial a blessing**  
*I've just come into a valley  
one like I've never been before  
I keep searching for a way out  
seems like padlocks are on the doors  
Oh there must be another sunrise*

*another sunset that I'll see  
God will make this trial a blessing  
that's the love He has for me*

### **CHORUS**

*God will make this trial a blessing  
though it sends me to my knees  
Though my tears flow like a river  
yet in Him there's sweet relief  
There's no need to get discouraged  
there's no need to talk defeat  
God will make this trial a blessing  
and the whole wide world will see*

### **VERSE 2**

*I was not the first one to come into this place  
You see every child of God this test he must face  
It is here that God will mold you  
and make you what you ought to be  
God will make this trial a blessing  
just be patient you will see*

### **VERSE 3**

*Now I'm standing on the mountain  
looking back and I can see  
When I was in that lowest valley  
His strong hand was leading me  
Oh it's good to see the sunshine  
and to taste sweet victory  
God has made this trial a blessing  
oh the grace He gives to me*

***Hold to God's unchanging hand***  
*Time is filled with swift transition,  
Naught of earth unmoved can stand,*

*Build your hopes on things eternal,  
Hold to God's unchanging hand.*

*Refrain:*

*Hold to God's unchanging hand,  
Hold to God's unchanging hand;  
Build your hopes on things eternal,  
Hold to God's unchanging hand.*

*Trust in Him who will not leave you,  
Whatsoever years may bring,  
If by earthly friends forsaken  
Still more closely to Him cling.*

*Covet not this world's vain riches  
That so rapidly decay,  
Seek to gain the heav'nly treasures,  
They will never pass away.*

*When your journey is completed,  
If to God you have been true,  
Fair and bright the home in glory  
Your enraptured soul will view.*

***I will abide***

*I will abide in the shadow of the Almighty  
I will lean on His everlasting arm.  
I will rest in the blessed rock of ages  
Assure that in His shadow I am save from harm.*

*I will not lean to my own understanding  
I will not trust in man's philosophy  
When my world is wrecked by confusion*

*I'll run to the refugee of my knees.*

*He said He will be the light, that lights my pathway  
Time and time again He has proven true  
An ever present help in my troubled days  
Exactly what He said, that's what He'll do.*

### ***The God of all Comfort***

*When angry storms around me rage,  
Life's greatest trials I must face,  
My ship is tossed, seems all will be lost,  
Then the God of all comfort,  
speaks peace to my soul.*

#### *Chorus*

*When the God of all comfort,  
speaks peace to my soul;  
Rough seas are calmed,  
the winds cease to blow.  
No matter how dark may be the night,  
everything will be alright;  
When the God of all comfort,  
speaks peace to my soul.*

*When a broken heart leaves me hurting inside,  
Like rain my tears, fall through the night.  
His voice I hear, "There's no reason to fear,"  
When the God of all comfort, speaks peace to my soul.*

### ***For Those Tears I Died***

*You said you'd come and share all my sorrows  
You said you'd be there for all my tomorrows*

*I came so close to sending you away  
And just like you promised, you came there to stay  
I just had to pray.*

*(Chorus)*

*And Jesus said, Come to the water, stand by my side,  
I know you are thirsty, you won't be denied.  
I felt every teardrop when in darkness you cried,  
And I strove to remind you that for those tears I died.*

*Repeat Chorus*

*Your goodness so great I can't understand,  
And, dear Lord, I know that this was all planned.  
Saviour, you're here now, and always will be.  
Your love is so great and always so free, Jesus and me.*

*Repeat Chorus*

*Jesus, I give you my heart and my soul.  
I know, without God I'd never be whole,  
Saviour, you opened up all the right doors,  
And I thank you and praise you from earth's humble shores.  
Take me, I'm yours.*

### ***As the deer***

*As the deer panteth for the water  
So my soul longeth after Thee  
You alone are my heart's desire  
And I long to worship Thee*

*You alone are my strength, my shield  
To You alone may my spirit yield  
You alone are my heart's desire  
And I long to worship Thee*

*You're my friend  
And You are my brother  
Even though You are a King  
I love You more than any other  
So much more than anything*

*I want You more than gold or silver  
Only You can satisfy  
You alone are the real joy giver  
And the apple of my eye*

*To You alone may my spirit yield.* I was thinking on that today. There are many people over the years that have tried to control me, wanting to put me into their little box. Wanting to rule over me, and get me into their little cliché. What a cheap shot, that religious system tried to control me. That Joe guy in Alberta, this group here, all trying to control me, and behind it all is the spirit of Satan. Here it says: *To You alone may my spirit yield.*

My spirit didn't yield to all these wannabes that tried to control me. *As the deer panteth for the water. So my soul longeth after Thee.* Sometimes you just want to spend time with the Lord, never mind work and all that stuff. Sometimes the Lord wants to spend time with us. Just get away a little bit and rest in Him, never mind all the social media and all that stuff. I have to wean myself off all that. Only the Lord can be Lord over your life, and I thought about how many people have tried to control me through the years. When someone controls you then you can't be effective for the Lord. Someone will control you if it's not people then it will be social media if you let them. All it is, is a big merry-go-round. God is in charge.

At the end of the day, the Lord controls who becomes president or prime minister or who is going to do this. He just lets people do their thing. God gave people a free choice and you can either destroy yourselves or make something of yourself. Like we told that Randy here go do your thing, we baptized you and now you can go and make something of yourself or you can destroy yourself, either way, the choice is yours. Jesus is the only one that my spirit will yield to, my spirit will not yield to these control freaks. My spirit could not yield to these religious systems. They can't do anything for anybody, but lock you into their prison, like that Byskal system up there in BC.

That's what those churches are for they want to lock you up in their prison. That is what they have become, that is exactly where they are at. That is why that angel with a loud voice in this end-time said: *Babylon* (these church systems) *is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.*

That is why there was a voice from Heaven that said: *I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.: Revelation 18.*

Let me tell you why because she has become a cage of every unclean and hateful bird. Every devil is in these church organizational systems, and it's coming out now what it is all about. With this pedophilia, child abuse, and all of it, now everything is all being exposed.

Jesus said before He will come He will expose all these things. That is what is happening right now. That's that light in the evening time. If you go out in the evening time and see how dark everything is. You can't see all that much. Here in town, you can with pole lights and all that but let's say the

hydro was off and you would go out there on a cloudy day it being pitch dark, you can't see anything, you can hardly see the sidewalk. When the sun starts to come up and you can see the sidewalks, then you start to see every nook and cranny, and every twig laying on the sidewalk that you didn't see when it was dark. That is what is happening now everything is coming to light.

There shall be light in the evening time, but the Lord is allowing the daylight to come to expose all this evil; all this corruption. That's why God brought Trump on the scene because he is exposing all that stuff, and rightly so. Everybody will see what spirit they are off. We had a message some time ago about the Fig tree and all trees. Time is going to expose everything, what is in a person's heart, and what is in us it is going to come out. What we are made of, the real essence of who we really are is going to come out, and if you want to know who we are, just go on our website, and that is who we are. I am not ashamed of what I stand for. I might have my hang-ups but that is not who I am, those are just my hang-ups. We all have those. That is part of the natural man, you have to drag him along wherever you go. That's where my soul and spirit are caught up in - that natural body. He wants to rule the roost. That is why you have to crucify the flesh, fasting is something that is very important because you are crucifying the flesh.

The Bible talks about crucifying the flesh. It says, *walk in the spirit and you will not fulfill the lust of the flesh*. I am not ashamed when the sun comes up. That is what Jesus warned us: *take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares*. These are three things to be careful of eating, drinking and the cares of

this life, and when you are fasting these things are being dealt with right there, and then you are not fulfilling the lust of the flesh. You are not going down that road. That social media is really the cares of this world. Like what are they going to do with the president. Are they going to impeach him, who is going to be prime minister and these things are cares of this world and these are the things that you get caught up in, everyone is competing against the next guy.

At the end of the day, it's the Lord that will determine who will be who. He is in charge of everything, and He lets us see the end results. I saw the American flag freely blowing in the wind, George Washington's vision, and you can't change that. It is what God is looking at. It is not what I am looking at, it is what God is looking at.

What you see on this website that is who we are. We can't hide who we are and I don't want to hide who we are. That is why God put us in charge of this because He knew who we are. That is why He brought us together because He knew who we are. We might not even know who we are but if we walk on, we will find out who we are. We found out that He qualified us to put that living water out there for people to take part of by hearing and believing. It says in *Revelation 22*:

*17. And the Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely.*

What are you going to do - give them the Bible. People can't process it, it has to be broken down first. Here it is the Bible broken down into this end-time message. You can't get that reading the Bible, we had to walk through this and now we can put out this living water, and now all people have to do is come and drink, and partake of it. It gets clearer and clearer every day. I saw it about a month ago, maybe even about a

year ago, I was starting to touch on it a little bit, but now I can say because it is not us that is doing it, behind it is the Lord who qualified us. He prepared us for this. He got us to write this exam. I was thinking about that exam today. It is the writing of this exam that ejected us into what we are doing today. Now we qualify and He qualified us. We wrote that exam and now we are into this chapter. We qualify to bring forth that living water. How else would it be brought forth.

If you try to explain to me how is that living water going to be brought forth. It can't be brought forth with someone that believes that we are in the third day. It has to be pure unadulterated, unleavened bread, and you can take it to the bank because it is not us, it is the Lord using us to bring forth that living water. Now, I can say it, I have looked at everything else. I would not go near it with a ten-foot pole that some people are trying to teach. That is why it is saying come out of here my people because these church systems have become a cage of every unclean and hateful bird. The devil, he hates this Word, he hates this final chapter. He always hated that Word, he tried to pervert it in the garden. He came to Eve perverting that Word. That is why it is so important for you and me to know that whole counsel of God and to go up 50,000 feet and look at that whole history, through brother Branham and brother Jackson's ministry.

We would not know what we know if it would not have been for them. The Lord took us through that school. The six seals, for example, there is so much information in them if you don't know them you don't know anything. We didn't have to live through all of that we just had to listen to the seals and brother Jackson walked us right through history. In fact, he went right back to the pre-historic era and we can see that, the whole plan how God had a council. If you go to Job 38

when He laid the foundation and how all the sons of God shouted for joy, before they were tested. We can go back there and we can see how this planet is a laboratory to test people to see who is going to be found worthy to go on into that age of regeneration; into that millennium and into that eternal age. That is what this planet is for, it is a laboratory this life here is temporary, we are all being tested and tried. We have here no continuing city. It is a testing station, everything that is here is borrowed to us. The Bible says, make friends with that unrighteous man. It says it is all borrowed goods, nothing is solid here, everything is temporary.

Anyway, I want to go into my subject, it was last week the Lord came at night and showed me these things. The Lord brought my sister Anna to mind. I wasn't thinking about her the Lord wakes me up and He brings these thoughts to you. Just where she is at and the things that she has had to go through in life. He allowed me to kind of walk-in her shoes for a bit, so to speak. You never think about these things. You just sometimes take it for granted where she is but when the Lord comes down and lets you go through a little bit of what she has gone through in life, then you can identify more with that person. I probably shouldn't say it but she married this Joe guy and that is a load in itself having to put up with certain characteristics of some people. The 'hanies' those sort of people they are very 'eingebilted'. I guess in English you would say - assuming things without facts. Some people they assume things, but that's for another subject.

For about 2 hours the Lord let me walk through what she went through in life. Back in the day as a young girl growing up, and then you get married and you marry down to a colony

that you don't know anybody, you don't even really know the guy that you are getting married to, with the hangups he's got. I can't even go there in my mind what she has had to go through, she married down to Homewood colony, had children. Then, I guess her son, Jacky, and that's what the Lord was trying to tell me, about Jacky, he has this muscle disease, and I guess it gets worse with age and she has had to go through that. He is a handsome guy and he was probably her favourite child growing up. He is a compact guy and I'm sure her heart was for that little boy and as he gets older and this disease develops and I saw all that during the night. The Lord let me walk through a little bit of what she has had to go through in life.

For me, it has been a little bit different. We were brought up in a preachers home and my grandfather was a preacher, maybe we came from 3-4 generation of preachers, but that does not give you access to that heavenly realm. It still doesn't give you a ticket to glory and it does not make you anything special or different from anybody else. It doesn't give you any special privileges belonging to a preacher. It is more or less a hindrance. Here this boy that is growing up he has this muscle disease and eventually it comes to the point where you can't walk anymore, and you can't do normal things. You can't go play baseball and run around the diamond. I walked through it all for two hours. I kind of felt for her. The Lord showed me His great desire is to heal him but it is going to take faith, faith in Jesus that God can heal him. The Hutterites don't know much about faith. They are born in this 'gemeinschaft' and they tell them that that is the way to Heaven.

They go through this phoney baptism rigamarole and completely alienated from that Heavenly realm. They tell

people that that is the way to do it, that is the way their fathers did it, and their fathers did it and that is the way the preacher tells them, so round and round it goes. Sometimes the biggest hindrance is belonging to a preacher, it is better to come out of nowhere. For me, I somehow made it by the grace of God. I somehow got a hold of this Jesus thing. I always knew that there was something more.

Lorraine: I was thinking yesterday about the Israelites when Jesus came to them, they knew that they were the chosen people so they were so accustomed to being in that secure environment. When someone came to Jesus that was a gentile wanting to be healed, they had faith in Jesus because they knew that He had something that they had never seen before. Whereas the Israelites they were comfortable in their lives. When this gentile woman comes to Jesus wanting her child to be healed, she believed that Jesus could heal her, and Jesus was astounded at her faith and said - such faith have I not see in Israel. Sometimes like you said it is better to come out of nowhere.

Sam speaks: Yes, Jesus even told her why should I be concerned over the dogs. This woman her daughter was healed because of her persistence and her faith. This conversation is about divine healing. The Lord took me through what my sister has gone through. Where do you go to in these moments when your favourite son has this condition, and then he broke his legs on top of that. What do you do and where do you go and who do you cry out to. That Hutterite thing can't do anything for you and you have to come to accept that. For myself, the Lord has healed me many times. I saw things in the scripture, there are things in the Bible that lets you know that you have to be persistent. Like this one woman, she has this issue in her blood. The other one

begged for her daughter and Jesus told her it is not good to give what is holy unto the dogs. Jesus referred to her as a dog, but she was persistent and was content with getting just the crumbs. Jesus saw her response and instantly she got healed.

What the problem is with my family is Satan has done a number with my family to make them believe that I am a loser. So you have to break through that environment because even my dad told them I'm crazy, take him to the mental home, and he was a man that had a lot of clout. So now how am I going to convince my siblings that I am of the Lord. So you have to break through that wall first, and I don't know how the Lord is going to do it. I am what I am, and this website is who we are. Then I pick you up and it only makes matters worse in their eyes - oh, he's really lost it now.

What people think and say about us doesn't even fizz on me. Jesus said, they hated me before they hated you. It is not us that they hate, they hate what we stand for. It is not us that they hate it is Jesus that they hate. So, you have to break through that and not let it affect you. The Lord doesn't even let us see that. Like your sister texted you all worked up - Do you know what they are saying about you, this, that and the other. No, and I don't want to know. It doesn't matter to me what people say, do, or think.

Anyway, I don't want to get off the topic because I felt for my sister Anna, the Lord let me see what she has had to go through in life. I never saw her in that light before what she has gone through in life, and it all hinges on her son Jackie. If you have seen pictures of him when he was young, with a nice round face a real handsome guy with a full head of hair. Even as a baby he was a special baby, and now this special boy he has this disease and if you can visualize that, where

do you turn to in a time like these when things go bad. When you never have been taught that this Jesus would heal you if you only had the faith to believe it, the Lord let me see that it is His desire to heal him, to serve a purpose for God's glory. Just as it is God's desire for everyone to have eternal life for not one soul to perish. That has really been my prayer all of my life since I became a believer - Lord, use me for your glory. God, He gets glorified not me. You always have to be careful that when the Lord uses you for something, for healing that the Lord gets the glory. So that there is no room anywhere that you can take the glory for it.

Anyway, I saw all that and I was thinking about that woman that went looking for bread over to her neighbours' house. When you bake bread you can smell it a distance away. I sometimes go down to Sobey's, where the bakery is. You can smell that cinnamon and that bread when you walk in the door already. Then I have a tendency to walk over there and snoop everything out, and take a deep breath and take that aroma in, and everyone knows that there was bread baked there that day. This woman in this parable she got a visitor in when it was already late, it was after hours and she could no more bake bread after hours but she knew that the neighbour had bread because she could smell it during the day when it was being baked.

First of all, you have to believe what Jesus did for you when He went to the whipping post, by His stripes we are healed.

Before I go into this scripture about this woman, I want to go over to another parable first because I want to bring out the importance of being persistent. Luke 18:

*1. And he spake a parable unto them to this end, that men ought always to pray, and not to faint;*

*2. Saying, There was in a city a judge, which feared not God, neither regarded man:*

*3. And there was a widow in that city; and she came unto him, saying, Avenge me of mine adversary.*

*4. And he would not for a while: but afterward he said within himself, Though I fear not God, nor regard man;*

*5. Yet because this widow troubleth me, I will avenge her, lest by her continual coming she weary me.*

*6. And the Lord said, Hear what the unjust judge saith. And shall not God avenge his own elect, which cry day and night unto him, though he bear long with them?*

*7. I tell you that he will avenge them speedily. Nevertheless when the Son of man cometh, shall he find faith on the earth?*

This guy was very staunch, he didn't fear God nor man. It takes faith to know what Jesus did at the whipping post - By His stripes, we are healed. The healing thing has been taken care of, there is no need for you to be sick. Ja, maybe sometimes the Lord will allow things to come upon you to chastise you, and to humble you, to break down that natural man. Like this Joni. One day I read that book about Joni, and here it popped up on my phone the other day, but that is another subject for another day. Sometimes the Lord will put something on you to break you down to bring you to that place in Christ and that is what it is all about. Everything that you and I went through in life, is to bring us to where we are today. There is no use blaming this guy or whoever. It is the Lord using what He can to bring us to where we are today and to what He is using us for today.

That is why it is important to read the Bible. I don't know if my sister Anna ever reads the Bible, but this is for her benefit. What I want to really bring out here is persistence. See it is all taken care of, by knowing that Jesus took care of

it all at Calvary and if you go on your knees and cry out to God, He will do something. I don't know just what but He will come through for you. This is the scripture that I have been really seeking for the last 2 weeks. *Luke 11:*

*5. And he said unto them, Which of you shall have a friend, and shall go unto him at midnight, and say unto him, Friend, lend me three loaves;*

*6. For a friend of mine in his journey is come to me, and I have nothing to set before him?*

*7. And he from within shall answer and say, Trouble me not: the door is now shut, and my children are with me in bed; I cannot rise and give thee.*

*8. I say unto you, Though he will not rise and give him, because he is his friend, yet because of his importunity he will rise and give him as many as he needeth.*

*9. And I say unto you, Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you.*

*10. For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened.*

*11. If a son shall ask bread of any of you that is a father, will he give him a stone? or if he ask a fish, will he for a fish give him a serpent?*

*12. Or if he shall ask an egg, will he offer him a scorpion?*

*13. If ye then, being evil, know how to give good gifts unto your children: how much more shall your heavenly Father give the Holy Spirit to them that ask him?*

This woman she comes at an inopportune time to her neighbour to ask for bread. She came at midnight when everyone was sleeping, but because of her persistence, she got what she wanted. Almost like breaking the door down, she

has to get that bread because she smelled it earlier, in the day, that there is special bread in that house. She knew that her neighbour had bread, she probably knew how many loaves she baked at once or whatever. It is all normal things that Jesus was talking about here, but the important part is the persistence of it.

We are talking about healing here and we want to really bring out the persistence of it. Sometimes you really have to persevere until the Lord does come through and it has worked for me time and time again.

Years ago I had something on my finger once, I had an infection on my finger, it was very painful. My wife told me to go up and get a penicillin shot at the clinic, and I don't like to go to doctors I like to pray about things. It was swollen and every time I would bump it would be very painful. It was just about double the size and I remember as if it was yesterday. So I drove over to the clinic, parked then walked across the lawn towards the clinic, and I told myself, or rather I was actually telling the Lord this - I said: Lord, I am not going in that clinic, I know that you can heal that finger. As painful as it was, and I was insistent about it. I said, Lord, I know you can heal it and if you don't heal it then I will just have to put up with it, but I am not going in there. God saw my faith, how determined I was, that was the last place I was going to go. I went back to my truck and the pain was still there, and I drove halfway across the other street and I could feel something. I forgot all about that finger until about 2 days later, the swelling was down and all there was, was a little pinprick where the puss had gone out, but that was the Lord because I trusted Him. I did what it said, I trusted the Lord, and He healed my finger.

I don't know if my sister has ever cried out to the Lord, or even gone on her knees and from the dept of your soul cried out to the Lord because He has access to your health and to the situation her son is in. She can cry out to the Lord for help. For me, it has worked time and time again, but see I knew the Lord because I read my Bible. I knew the Lord has the answer because I listened to other preachers besides Hutterite preachers where you get a different outlook on things. How God looks at things, and I knew that it was available. I knew if you persevere then God will come on the scene.

I remember I was working for Dallas then, I was taking some augers down to Springfield Illinois. I was supposed to offload them in the morning, and about five o'clock I got this pain in my stomach, like when you pass a stone. The pain was so severe I thought I wouldn't be able to offload it because I could hardly walk. I could not even get out of the truck never mind offload that load of augers. I knew that if I persist the Lord will do something and I prayed, I told the Lord - Brother Branham said that if we believe this end-time message there will be no need for hospitals and I just went on my knees and I prayed. I cried out to the Lord and just supernaturally it just disappeared, I was able to offload the augers, and you have to lift pretty heavy, the Lord did something for me; I know that He did.

Then there was another time when I was working for PTL and I was at a truck stop in Tomah, WI, I had this tremendous pain it started at about 6 o'clock. There again I was passing a stone. I don't know if you have ever passed a stone but it is a tremendous pain, and I can't stand pain. It was about 10 o'clock in the evening and I didn't know what I was going to do. I thought I should maybe go to a doctor, but it would probably take them a day to find out what it is. There again, I

knew that the Lord had three loaves of bread so to speak. I knew that the Lord had a remedy for this if I could just bug Him enough. I got back in the sleeper and I got down on my knees. I tell you the pain is unbearable when you pass a stone. I repented of everything that I had done wrong, I pray and I prayed. I knew that the Lord has the resources and He can do it if I could just get to that place where I could touch His heart. It was about 2 hours later the Lord came on the scene and He said - I will heal you, but you have to phone up these three people. It was already midnight by then, one of the people was living in Barnwell SC, brother Still. I did not want to call him late at night, so I figured I will phone him up first thing in the morning, but until then I will have to put up with this tremendous pain.

The Lord told me that He will heal me but I have to phone up these three people. Sometimes there is a condition, He is not always going to come down and instantly heal you. In the other instance with the augers, He came down and healed me, but here He wanted me to phone up these 3 people, He was going to teach me something because I wasn't able to do that alone. You have to depend on other people sometimes, humble yourself, and phone up someone to pray for you. The pain was unbearable but I was too stupid to go into the truck stop to buy pain killers, He even reminded me to go in and buy some, because He was not going to take the pain away. Sometimes the Lord will give you rough schooling, so I went in to get the strongest Tylenol that you can get. At least the pain went away from the Tylenol then I could at least sleep.

In the morning I called up the brother from Barnwell. The Lord told me to phone up three different people and all 3 lived in different time zones. When I called him, I asked him to pray for me and after that, the pain subsided about 30%. Then I

phoned up Gaza, he lives in Prince Albert, SK, then the pain it pretty much went away. Then the third one that He wanted me to call was you and when I called you it was as if the pain was not even there. These three people the Lord wanted me to call, with each person that I phoned the pain went away about 30%, and when I called you the pain was as if it never happened. The scars and everything was completely gone. The Lord had to get me desperate because He knew that it is going to be hard to phone these three people but in desperation I did. Sometimes you have to get so desperate, and the desperation will make you get on your knees and cry out to the Lord, but if you have not been taught that that is available, I don't know how people do it in these time of need.

If you think that that Hutterite thing is the way to glory and you don't even really believe in Jesus or in a God, and you actually talk bad about those people that do believe so that is off-limits to you. That area is off-limits to my sister, Anna. Where does she go when she is desperate, I don't know where these people go, I go to the Lord. I can tell you of so many instances that the Lord has healed me, directed me, when I had nowhere to go. It takes desperation. Like these women they were desperate. Then there is another story where this woman her daughter was sick. She was an outcast and she begged that Jesus will heal her daughter. My sister Anna should read the whole book of Mark because in there are so many healings recorded. I just want to read here how God looks at things, you don't have to be part of the clan.

You can be a nobody. *Mark 7:*

*24. And from thence he arose, and went into the borders of Tyre and Sidon, and entered into an house, and would have no man know it: but he could not be hid.*

*25. For a certain woman, whose young daughter had an unclean spirit, heard of him, and came and fell at his feet:*

*26. The woman was a Greek, a Syrophenician by nation; and she besought him that he would cast forth the devil out of her daughter.*

*27. But Jesus said unto her, Let the children first be filled: for it is not meet to take the children's bread, and to cast it unto the dogs.*

*28. And she answered and said unto him, Yes, Lord: yet the dogs under the table eat of the children's crumbs.*

*29. And he said unto her, For this saying go thy way; the devil is gone out of thy daughter. And when she was come to her house, she found the devil gone out, and her daughter laid upon the bed.*

This woman was concerned about her daughter, and she believed that Jesus could do something for her. Jesus said to her *for it is not meet to take the children's bread, and to cast it unto the dogs*. What He meant by that is that He came to the Jewish nation, not to the Gentile, and you being a dog, it is not good to give to the dogs what belongs to the Israelites. There are thousands upon thousands of examples like that one. It is her faith and persistence, that Jesus saw. Even if it means to do this or that, call up this guy, that everyone thinks he is a loser.

Jesus called her a dog, but she took that. That did not stop her because she was desperate. That woman was desperate for her daughter to be healed. The other woman was persistent to get those loaves of bread. Jesus has the availabilities for every disease to be healed, every demon to be cast out, there is no excuse for nobody. Like it says, when the Son of Man comes will He find faith on the earth. Well, I'm trying to talk faith into people. I know that it works for me so it

will work for you too. I just saw that the other day. She has nowhere to go to where does she go. I go on my knees and I cry out to the Lord and I know that the Lord has availabilities available, because of what He did at Calvary, by His stripes we are healed. He has got the goods.

Like when the devil comes and accuses you of sin. That is all taken care of, all you have to do is repent. All you have to do is ask the Lord to forgive you. There again they are so brain-washed in thinking that they have to run to the priest. That priest cannot do anything for you. He is just as defiled as you yourself are. Like the Catholics, they run to the priest too, and they find out that that priest is a pedophile, abuses children. How can he forgive anybody. It is the same thing here, these Hutterite preachers cannot forgive anything. They are full of sins themselves. You go to the Lord Jesus Christ because He is the one that died for our sins. The Hutterites are Catholics in the first degree. Then they use it to blackmail you, they call it the black book they hold it over you.

I want to go over how this actually works. You have to be persistent. First of all, you have to know that you have access to the throne of God. All you have to do is trust and believe in the God of Heaven. This Greek woman, she was an outsider, she was of a different nationality, and you can see many examples where these people came to Jesus and were healed and it is no different today, He is the same today, yesterday and forever. This Roman general he came to Jesus he was concerned about his servant in the army and asked Jesus to heal him. This centurion said to Jesus: *I am not worthy that thou shouldest enter under my roof: Wherefore neither thought I myself worthy to come unto thee: but say in a word, and my servant shall be healed. For I also am a man set under authority, having under me soldiers, and I say unto*

*one, Go, and he goeth; and to another, Come, and he cometh; and to my servant, Do this, and he doeth it.*

*9. When Jesus heard these things, he marvelled at him, and turned him about, and said unto the people that followed him, I say unto you, I have not found so great faith, no, not in Israel. Matthew 8: 8-10*

Through this man's faith, his servant was healed. He is the same yesterday, today, and forever. Jesus said, the same things that I did you will do because I go to the father. Jesus can do even more today than when He was here because He went to Calvary and when He rose from the grave, He said: *All power is given unto me in heaven and in earth.*

Jesus has all power over every devil in Hell, over every disease, over ever sickness, but the reason they don't know Him is that there is no faith. Jesus said: *When the Son of Man cometh will He find faith.* To me, it is just as normal as breathing, sometimes like I say, you have to get desperate. Sometimes the Lord will let you get so desperate that you just don't want to give up. This thing about this woman going to the neighbour for bread, and this neighbour did not want to get up and give her some because she came at an inopportune time, but she persisted and that is what did it. Finally, she got up and give her the loaves of bread and she was on her way.

The same with this judge it wasn't in this man's makeup to help this woman but because of her persistence and this is what this is all about - perseverance and persistence. You persevere until you can't persevere anymore and the Lord sees your desperation and He goes on the move.

There was this woman that had this blood issue for 12 years, in *Mark 5*:

*27. When she had heard of Jesus, came in the press behind, and touched his garment.*

*28. For she said, If I may touch but his clothes, I shall be whole.*

She knew that if she could only touch His garment she can be made whole. She believed that Jesus can do it for her. If people knew that they can touch the heart of God and He will do something for them.

I had to cry out to the Lord in desperation. Even with finances, with a job, everyone was against me, when I had a job they would contact the guy who hired me and threaten him if you have Sam working for you then you can't be on the Hutterite property anymore. They did everything that they could to shut me down. I was staying with a guy in Alberta and they came to him, he was an ex-Hutterite and they would tell them to kick me out. They have their strong-arm just like the Catholics do. They would try whatever they could to try to stop me. The only one that I had to depend upon was the Lord. I have learned to put my trust in Him, I have learned to depend upon the Lord over the years because that was the only one that I could trust. I could not even trust my own family. They are the last ones that you want to trust, the Bible says, *a man's foes shall be they of his own household. Matthew 10:36*

I know that this is real.

Somewhere it says - He went to the whipping pole by those 39 stripes and therein lies you're healing.

*Isaiah 53:*

*5. But he was wounded for our transgressions,  
he was bruised for our iniquities:  
the chastisement of our peace was upon him;  
and with his stripes we are healed.*

It is because of those strips that we are healed, it is all paid for. It is all taken care of, all you have to do is have faith, and cry out to Him until you can't cry no more. Get on your knees do whatever it takes, go crawl across the yard if need be, like this woman.

When I was desperate I knew what to do and you can't imagine the pain if you never been through the pain of a stone being passed, but the pain was there until the morning, and when I called you it was not even a scar left. I had to call these three people and I would not have called these three people if it would have been easy street, but see out of desperation and the Lord wanted to show me something. He wanted me to call up these three people it was no more a one-man thing, somewhere you are going to have to confide in people and you are going to have to call people you can't be this macho guy anymore, you have to sometimes humble yourself too, and ask someone to pray for your situation and that is what this conversation is all about.

When God sees that you are desperate He will go on the move but first you have to know that this thing is accessible to you. As I say, they are brought up in a so-called Christian home, belong to a preacher and people figure they have access but you don't. They don't tell you that Jesus is the answer they want you to believe that they are the answer. I know what I had to go through to break away from that system. All that is just to bring me to the place where I am today, now I can help people if they want help. Now God can heal, and show them and direct them to where that help is.

My sister all she has to do is get desperate enough. I don't know what the Lord has next because I shared it with you before. I could feel what she went through over the years. The Lord let me walk in their steps feel a bit of the pain and

the agony that she had to go through. Then years back, maybe 10 years ago, right at work something hit her back and they had to take her home on a stretcher. She is a pretty big woman, she couldn't walk, she couldn't do nothing, she was laid up, I don't know how long. Then last year she had another issue, but I don't know what that was, so she has had a lot of issues already in life. I wonder if through all the pains and agony if anybody has ever told her to get down and cry out to the Lord and He can come on the scene and He can heal all your infirmities. You can read it in the Bible, how they brought the sick to Him, and He healed them all, and He is the same yesterday, today, and forever. I think we are just laying ground work for what the Lord is going to do from here on out.

It says in *John 14*:

*12. Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father.*

I have seen it work in my life, I knew where to turn to out of desperation. I couldn't trust anybody. I would get up at six and pray in the day, because I did not know what they are going to do to me next. I was a vagabond, overnight, kicked out from your own family, as if you are the culprit. When I knew very well that I wasn't, but through all that, it has brought me to where I am today.

The Lord took me through that school because He knew that that was the only way that I will ever come to this place where we are today. Now we can deliver living waters. Now we can deliver healing, now we can do whatever He calls us to do. All He has to do is call on us and we will do it, but we couldn't without having gone through 10-15 years off being in exile, going down that valley. Now I am on the mountain looking back I can see His strong hand was leading me. The

song says, it seems like padlocks are on the door. There is that valley, like the song says:

*You got to walk that lonesome valley  
Well, you got to walk it for yourself  
Ain't nobody else can walk it for you  
You got to walk that valley for yourself*

There is that valley that you are going to have to go through, you can't go that way, because there is a padlock that direction and there is only one way and that is down that valley, that is the only exit. That is what I took and down that valley is where I learned a lot of stuff and now I am up on that mountain and looking back I can see how His strong hand was leading me. It is all for His glory.

As I say, I can't get away from that picture it has been with me for 2 weeks now and it is all about desperation. I wonder if she has ever been desperate enough to get on her knees and cry out to the Lord, knowing full well that the Lord has an answer. She has never been taught that she doesn't know that that is available. Her husband is a preacher but he might as well be no preacher at all because all he preaches is more of that Hutterite thing, and you dare not have anything to do with Sam, because he is in außerschluss.

So you have to break through that wall first. Here in the end-time, the Lord is going to expose them for what they are. That system is so diabolic, I have gone through that. It says, have no fellowship with the unfruitful works of darkness but rather expose them. They might think that I hate them because I am not on their page, but it has nothing to do with hate. You hate the devil; you hate the works of the devil; you hate what the devil does. That is what Jesus did with the Pharisees He exposed them, He didn't hate them, they hated Him. They did not want to be exposed. So after a while, they

stopped asking Jesus questions because with each question He further exposed them, He was peeling the onion away.

That is how it works, you cry out to the Lord. How do you cry out to the Lord when you don't even know that you can cry out to the Lord, when you are brainwashed that that preacher is everything. Well, has he done anything for that situation, he is still in the wheelchair. Has he done anything for him? So why put your trust in him, when he can't do anything. Then they go to these preachers to get rid of their sin, and that is the worst thing that they can do. I am just going over what I saw I could feel for that. She is my sister, and I sometimes wonder how is God going to break through these things. The Hofer's they are hard as stone, they can't express their feelings. Like it is an unpardonable sin to express your feelings. You know how the Hofer's are, they are shy and they have a lot of pride, but I broke through all of that and nothing stops me. I found out where my source is and it's the Lord, Jesus Christ. I am not intimidated when they turn up their nose when they see me, I am blessed every time. *Matthew 5:*

*11. Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.*

In another place it says, blessed are you when you are not offended in me. They don't know that every time that they say something negative that the Lord throws down a blessing. That is why we are so blessed. It is because of their actions towards us. Some people might think that we are crazy and He lets us see it and He blesses us. Man we are blessed, if you go from morning to night we have everything that we need, but we didn't just pick it off the tree. We had to go through that schooling. If I didn't know that there is a Lord to call out to and what I had to do in my hours of desperation. In

my hours of desperation, I knew that there was an availability. I knew that there was a God, I knew that there was someone that I could cry out to because He came on the scene time and time again, and He forgave me of my sin, and He and He alone can do that. That going to that preacher and telling your sin that does not mean anything. You tell it to Jesus and He forgives you of your sin. That is what they tell you that you need to do to get into the system, but that does not do anything for anybody, it just deceives you.

Wait until the Lord exposed that thing for what it is. He is going to shake everything. Everything that can be shaken will be shaken so that only that which cannot be shaken will remain. The only thing that cannot be shaken is the God of Heaven, the Word of God and what He is looking at. The wise man built his house upon a rock, a foolish man built his house upon the sand. We build our house upon that Word, upon the Lord Jesus Christ. We stuck with that Word, stay with that Word. When push comes to shove we stayed with this Word. When you tell people that Brexit is not going to happen because it is not in the Word, they don't believe you, yet it is in the Word of God. People have a disrespect for the Word of God.

We are still on course we have put that Word above all. We have a reverence and a respect for the Word of God. That Word is a lamp unto our feet and a light unto our pathway. I really felt for her, what could I do for her. I wanted to do something for her, and I came up to a blockage. What can I do, I was reading about these four guys in the Bible, their friend could not walk he had palsy, and the place where Jesus was in was full, and there was no way that they could get near Jesus because of that. So they made an opening in the roof of the building and they let their friend down on a stretcher right

before Jesus. That guy could not do anything for himself, but those four friends did it for him. Jesus saw the faith of his friends and Jesus healed him. That guy could not do anything but these friends of his could and they did something for him and their faith helped him.

The same here with my sister what can I do for that situation down there and I came up with a blockage and all I could do is fast. This fast that we are on, that is all that I know that will be the breakthrough here. Maybe the Lord was showing me if you keep this fast up then I can show you because there was a blockage there, and there was this unfinished fast.

There is sometimes nothing that you can do, like the disciples they tried to cast this dumb and deaf spirit out and they couldn't do it. Then they brought that person to Jesus and He cast that spirit out. Then the disciples asked Jesus why they could not do it and He said, *This kind can come forth by nothing, but by prayer and fasting.*

We are fasting so that he can get healed, walk out of that wheelchair and be made every bit whole. We are en route. I don't know what else we can do, I am just saying what I saw. I can't talk about something that I did not see. The Lord let me feel what she has gone through. I don't know if I could have made it what she has had to go through in life, especially without the Lord Jesus Christ. She didn't tell me everything that she has had to go through in life. I just know by what the Lord allowed me to see. What really took a lot out of her is when that handsome young man, maybe there is a picture of him somewhere but he had nice full cheeks that were always red, and here he has this disease and he can't walk right. Then on top off that he breaks his leg or something and ends up in a wheelchair. Can you image what she has all gone

through. Now she is all worn out and does not have any fight left. That's how I kept seeing her. I might phone her up next week to see how she is doing. That is all you can do. The Lord wakes you up at 2 o'clock at night and walks you through it, then you have to take note of it. I can't just sweep it under the rug. There is this barricade, all I know is we will just keep on fasting, I have to go down to 170 lbs anyway, and kill two birds with one stone. Get that guy out of the wheelchair and I get my weight down, that is a pretty good deal.

That is what we are about and that is who we are. Before Jesus comes back He will test the motives and the intent of the heart. I don't mind Him testing my motives and exposing them too. Our motive is to help that guy and get me down to 170 to where I need to be. I was a 247 to be exact, size 40 and now I am working on size 34. We are en route to something and it is all for God's glory. We are not stopping we are not being intimidated. The best is yet to come.

I don't know what else to say. There is a lot a guy could say. I could give you so many living experiences where I had nowhere to go, but to cry out to the Lord and I knew that the Lord had an answer. Sometimes it took years to get an answer. What is that guy about and I wanted to know, and I knew that God knows the intent of the heart. He knows what the end of the road will be. Like this one guy, he wanted me to go into business with him, to buy that Sidney auto. So I went to the Lord and ask the Lord what He thought about all that. I don't know that guy that good, and when push comes to shove what is he going to do. The Lord let me know if I go into business with him, and get that business going and when you get it off the ground, he has 3 sons, you know what he will do once things get going he will smoke you out and take over the

business. So I told him the next day that I was not going to go into business with him. I didn't tell him why.

Then there was another guy, he wanted to go into selling this stuff, and I wanted to ask the Lord what He thinks about it, and it was all about making money, and the Lord gave me a scripture in *James 5:3 Your gold and silver is cankered*. Who wants to get into that when at the end of the day all I do is work for that gold and it becomes cankered. He took me to a meeting here in portage. It had to do with that jewelry thing. It's a network marketing selling jewelry. People made tons of money but I didn't get involved with it. That is why you need to ask the Lord with every move that you make.

Back in the day of Joshua when they were in the land, the people of Gibeon heard what God did through Joshua and Israel unto Jericho, they took old clothes and dry moldy bread and went to Joshua and made a league with Israel saying that they are from a far country. Then after 3 days, they found out that they were their neighbours. Here they had made a contract with them and could not wipe them out. They should have inquired of the Lord. They could have gone to the Lord and said - Lord, what is the situation here, it looks a little fishy, but they didn't.

See these things are there to help us, I read my Bible, and these things taught me. When you are in a situation the Lord has the answer, I could talk until tomorrow about the many times that I had to get down on my knees and cry out to the Lord and do whatever it takes and sometimes you have to eat humble pie. Sometimes you have to do something that you just don't want to do.

Like that Naaman went he came to Elijah he had to eat humble pie. He heard it from that little girl, that little slave girl that they had kidnapped from Israel. That little girl told them if

you were in Israel you can get healed. That little girl had more faith what Elijah could do then the Israelites themselves had, because Jesus brought it up years later about Naaman. First, the king of Syria sent a letter to the King of Israel and the King said: Am I God, to kill and to make alive. When Elijah heard it, he sent word to the King to send Naaman to him so that he will know that there is a prophet in Israel.

Elijah sent a messenger to tell Naaman to go down to the Jordan River and dip in the water 7 times, kind of a matter of factly. God knew the situation that Naaman was a proud guy and he was angry that Elijah didn't come to see him directly. Just because he was a general and he probably was a good general, and he was pretty angry but see he had to eat humble pie. Sometimes you will just have to go down to the Jordan, or you might to just have to call up that Sam guy, maybe he's got something. Naaman went on to say - We know how dirty the Jordan river is, the rivers of Damascus are better, and dipping in it for 7 times. He wanted to go back home, but his servants persuaded him not to. *My father, if the prophet had bid thee do some great thing, wouldest thou not have done it? how much rather then, when he saith to thee, Wash and be clean?*

So he finally went down to the Jordan and the first time he was just as unclean and at the 7th time, he was healed. That's God, He can do it. God has the resources you can trust Him. Like I said, I could talk until I'm blue in the face I have so many experiences where the Lord has been there for me. Most of all they are in the Bible, there are so many examples in the Bible that is why you have to read the Bible. I believe everything that is in the Bible. We can all identify with that Naaman guy the pride has to go. Then we know the rest of the story he couldn't thank Elijah enough, and he believed in

the God of Israel and said - *for thy servant will henceforth offer neither burnt offering nor sacrifice unto other gods, but unto the Lord.*

Jesus even mentioned it years later - *And many lepers were in Israel in the time of Eliseus the prophet; and none of them was cleansed, saving Naaman the Syrian.*

The healer was there all they would have had to do is go there, but there was only one, an outlandish one at that, a Syrian that was healed.

I have had a couple of people phone me up for help there was this one guy I was just reminded of it here, it was Chuck Mannes, he called me up one day and said - Sam, I don't know what you can do for me, but I feel in my heart that I just need to call you and ask you to help me. The bank called me up just now and told me that they are going to close me down I stand to lose it all. I need your help.

I didn't have 10 cents, I was just terminated from the colony. I told him that I would pray for him, that is all that I could do. I got down on my knees and I prayed for the guy and while I was praying for him I saw him with a brand new Dodge Dollie with an aluminum horse trailer. So, I called him back and said, well, you do whatever you have to do at the end of the day it is going to work out. I don't know what all he had to do but the Lord intervened and I don't know all that is involved but he sold his place and he moved up to Alberta and one day I stopped at his place and there was this Dollie and that aluminum trailer. He came to me for help and the Lord came through for him because he knew me a little bit and knew that I was a believer, that I was terminated from the colony. I think I actually stayed at his place a couple of times because I had no other place to go.

The Lord came through for him, I don't know all the ins and outs but the Lord knows how to go to work on certain people such as the bankers and all that, but he sold his place and he bought that place up there. Right beside the number 2 highway. You can go up there and as you go from Calgary to Red Deere you are going to see two Silos on the East side of the road, and looking west you are going to see a farm in there and there is a Dodge Dollie there with an aluminum trailer. I asked him how he got it and he said you might not believe that but that thing did not cost me anything. Somehow his financial adviser showed him how to do it, something to do with he buys it and then he leases it back but somehow it worked out. If you can find favouritism with the Lord, you can find it with the bank. He might have had to pay something but there was this Dollie, simply because he called me. It is not me I'm just connected with the Lord, and the Lord can do whatever, He has all the resources.

That is what I saw. The Lord allowed me to see what my sister has gone through and I wonder if she knows that it is available to go down on your knees and cry out to the Lord. They have never been taught that that is available, that shows weakness they probably have been told. The Lord can wear this macho thing down. There is nothing weak about crying out to the Lord, it shows that you are a man. That song goes: I can't even walk without him holding my hand. That is the biggest thing if you can own up to who you really are. That is being macho that you are nothing but a sinner, and don't be afraid to let people know who you are.

Lorraine speaks: I phoned you up one time, I was at work and I couldn't breathe, and I phoned you up, I don't know what is going on. Then you phoned me back and it was that Wanda lady that I was supposed to go down to the states with

her, with this network marketing, and the Lord did not want me to go there. I guess they wanted me working for them, and the Lord did not want that.

Sam speaks: I remember one time you call me up too and you told me that you don't know what is wrong with you, you cry all the time. So I told you I would find out from the Lord, I had barely hung up the phone and the Lord let me know. So I called you back and told you, you should ask the Lord to show you because I didn't want to tell you. I told you that I would tell you in three days if He doesn't show you then I will tell you. I believe after 2 days I phoned you back and you still didn't know. So I told you what the problem was. You went out and bought dye and you dyed your hair black and the Lord was very displeased. Like you were telling the Lord that you are not happy the way He created you. There is more to it then just dyeing your hair. Then that was it. The Lord has the answer. I don't have the answer but the Lord does.

I don't have the answer but I know one thing I can touch the heart of God. He has helped me so many times and He will tell me exactly what the root problem is. Like with this Zack guy. The Lord always has the answer. Why did he give us such a cold shoulder. Why could he not get away from us fast enough. It took us a few days until the Lord unraveled that whole thing. It all goes back to Sturgeon Creek and we let him know what the problem is. The Lord has an answer for everything. Brother Branham used to say, if there is a question there is an answer because God raises the question and He has an answer. Sometimes Jesus had to raise the question himself. *When the Son of Man comes will He find faith.* There are certain instances in the Bible where Jesus had to ask the question. *Who do men say that I am?* It is a unique journey through the scripture and that is the only

journey that I am interested in. As all these things unfold and all this is being exposed we will be exposed too and they will find out that we were right all along.

Like my brother John when I was going through this whole thing with these preachers, they were trying to brainwash people and keep the lid on, one day he said to them: I wonder who is right here, I am beginning to wonder if Sam is the one that is right here and that he has been right all along. They did not want him to say that. They were afraid that he was going to find out. Deep in his heart, he knows that I am right, but they are going to try to keep him from accepting the fact that I am right, and they are wrong. That is what this whole Hutterite battle is all about. It is between me and them. That is why they try to keep people from having anything to do with me. If you have anything to do with Sam then you are in Außschloss.

How do you tell people that have no faith, that have been told and brainwashed to hate that guy. Then they have a fear that they will be seen talking to me. *God has not given us a spirit of fear but power, love, and a sound mind.* We don't hate people but we hate what people do how they use the Bible to terrorize people. Once I found out that that is what these preachers do in the colony, I did what the Bible says to do: *have nothing to do with the unfruitful works of darkness but rather expose them.* Like the Democrats, they don't want people to find out who they really are.

We are just continuing on having a great old time, being blessed every time that they say anything about us. Who cares they can't touch us. The world does not belong to them. They are on the way out. We are coming back. *Blessed are the meek for they shall inherit the earth. Matthew 5:5*

*And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell. Matthew 10:28*

That is what got me on this journey because I knew that they can't do anything to me, then I found out that they can only do what God allows them to do. They just work on fear and intimidation. If you take that außschloss away from them then they have nothing. That is the only weapon that they have, and that is what I challenged them with. Then they threaten - we will put you through außschloss. That was not going to happen. The next one was - you have no job. Then you can't come to church - So I told them, I'll walk to Arden, there is a church up there. Then what they do is they label you as being crazy, just to hide the truth from people, and it is all driven by the devil.

*Heavenly Father, we just had a little conversation, I know that it is all chopped up, but Lord I just pray that it will go out and do what it is meant to do. Give somebody faith that you have an answer for everything. All people have to do is be persistent, get on their knees and cry out to the God of Heaven and He will come on the scene. He has done it for me thousands of times, to numerous to mention, and He will do it for everyone because You are the same yesterday, today and forever, and You said, greater things then these will you do. He said all power has been given to me in heaven and earth, so we just trust that this conversation will do something for somebody. In Jesus Christ name we pray. Amen*

Without faith, it is impossible to please God. He gave us two things the Word and faith. You stick with that Word no matter if every devil is on your case. This is what the Bible says, and I believe it and nobody is going to intimidate me. When you look back every victory you won was because of

faith. It is set up that way that is why sometimes you have to go right to the edge, out of desperation, persevere and be persistent. It does not come automatically that is why Jesus gave all these examples. There are times when you have to be desperate and God knows your make-up.

Sometimes people just like to play the game, haphazardly ask, there is a condition sometimes that you have to meet. Like this Naaman, he came fully loaded with the best that he had. He was desperate; he was serious, he took gifts along. You have to put your trust in God, that is why He sent Jesus so all these things will be made available to us.

Where else are they going to hear this conversation, sure not from those 'fried des Herren' people, that roll out a sermon that was written 400 years ago, too lazy to do their own research. It says, *Hebrews 11:1*

*Now faith is the substance of things hoped for, the evidence of things not seen.*

It is like glue it holds things together. Like when I heard that Zack was in that wheelchair when he fell off a pole. When I heard it, right away, I thought that the Lord is going to heal him one day for His glory. When I read Joni's book, I knew that one day she is going to walk. That is faith, if she doesn't have it then I have it for her. There will come a day when it will happen. I was trying to get an answer for my sister's son, and I ran into this block and I knew by faith I will fast and that was the only open door. There are padlocks on every door and there is only one door open and that is fasting. Jesus said certain things can only be done by fasting and prayer. That is what brother Branham had to do is build faith in people so people can believe and be healed.

It's a good journey, I practiced this all my life, when the Lord saved me He has walked me through a lot of things, and

He is faithful. He has always been there for me. It didn't always go for me the way that I would like it to go, but it did go, and the Lord saw me through, He is faithful.

Like that song says, I am coming up to a valley that I have never been before, every other way there is a padlock and there is only one way to go and there is no substitute there. Then I had a dream, I saw myself running down a deep, deep valley, but down that valley, there was a nice green valley, the trees were flush with leaves and the stream was running and that is where I learned a lot, and now I'm on the mountain and looking back I can see that His strong hand was leading me, and all to bring us to that place where we are at today, where we can truly say, and we are the only ones that can say it, that can produce that living water. How did we get it, through this journey through this valley. Now we can bring that living water and give it freely. You are not going to get a wrong steer here if you ask me something I am not going to answer you until I know the answer. I go to the Lord, and the Lord gives me the answer. That is how it works, and that is who we are and what we are about. We are just entering into it. Where do people turn to that have been brainwashed that this Jesus stuff is off-limits when it is the only thing that is within limit and the only thing that works, and they have been told to stay away from it, so they stay away from this trusting Jesus stuff. How can people survive and that is what I felt mostly for my sister Anna, where does she go when all this comes against her. I go to the Lord, I put my trust in Him and He always comes through. He is faithful and true. Amen
