

I LOVE YOU, LORD

*I love you Lord, and I lift my voice
To worship you
Oh my soul rejoice.
Take joy my King, in what you hear
May it be a sweet, sweet sound in your ear*

THERE IS NONE LIKE YOU

*There is none like you
No one else can touch my heart like you do
I could search for all eternity Lord
And find there is none like you*

HE'S ALL I NEED

*He's all I need, He's all I need
My Jesus is all I need
He's all I need, He's all I need
My Jesus is all I need*

I SAY YES LORD YES

*I say 'yes' Lord 'yes'
to your will and to your way
I say 'yes' Lord yes
I will trust you and obey
When your spirit speaks to me
With my whole heart I'll agree
And my answer will be 'yes' Lord 'yes'*

IF THAT ISN'T LOVE

*He left the splendor of heaven
Knowing His destiny
Was the lonely hill of Golgotha
There to lay down His life for me
CHORUS:
If that isn't love the ocean is dry*

*There're no stars in the sky
And the sparrow can't fly!
If that isn't love then heaven's a myth
There's no feeling like this
If that isn't love*

*Even in death, He remembered
The thief hanging by His side;
He spoke with love and compassion
Then He took him to Paradise*

UNTIL YOU KNOW

*Until you know that loving hand
That reaches down to fallen man
And picks him up above the plan
Where he has trod
Until you know just how it feels
To know that God is really real
You know nothing
Until you know the love of God*

THERE IS A RIVER

*There is a river
And it flows from deep within
There is a fountain
That frees the soul from sin
Come to this water
There is a vast supply
There is a river that never shall run dry*

*There was a thirsty woman
She was drawing from the well
See, her life was ruined and wasted
And her soul was bound for hell
Oh, but then she met the Master and*

*He told her of her sin
And He said, "If you drink this water,
you'll never thirst again"*

*There is a river
And it flows from deep within
There is a fountain
That frees the soul from sin
Come to this water
There is a vast supply
There is a river that never shall run dry*

WHERE WOULD I BE

*Where would I be without Jesus
Where would I spend eternity
Lost in a world full of sorrow
Without Jesus where would I be*

It's all about Jesus, how can anyone think that he is something, that just blows me away, a putrid piece of flesh, a bunch of losers, and people think that they are something. Can you get over that one. That's the carnal man for you. The world is shaking there is no safe place to stand, and I keep listening for a different sound. If that song has ever been true it is now.

I KEEP LISTENING FOR A DIFFERENT SOUND

*We hear about the wars,
See famine in the land.
There's questions in the
Children's eyes,
Trouble in the East again.
The whole world is shaking,
There's no sure place to stand.*

*And mournful sounds are
Heard throughout the land.*

CHORUS

*But I keep listening
For a different sound.
The sound of the city
That John saw coming down.
The sound of the Bride
Being united with the Groom.
Oh I keep listening, I keep listening,
Oh I keep listening for a different sound.*

*I remember the preacher sayin'
"Son, it shall come to pass,
There will come a generation
That will be the last."
I can't believe I'm standing here,
Seeing the end of time,
And the preacher's voice,
Still echos in my mind.*

You can drown out this war cry, the cry of war and woe, terrorism, and all that you can drown all that out by listening to that Heavenly sound. The Word of God, our hope is in the Lord. Like Jesus said when you see these things come to pass lift up your voice and rejoice for your redemption draweth nigh. Not one hair on your head will perish.

This news media they try to intimate people, and they make everything so dark and bleak like there is no faith or anything. When you watch that rally that Trump had yesterday there were miles and miles of people lined up along the way and it drowns out all that the left has. All these people that go to these rallies and the love that they have for their president it drowns out the false news media, the left

and that Democrat party. People go there for a breath of fresh air. They get inspired there. Then there is that Governor in Nevada that tried to stop it, these people are anti-American. You don't stop Trump, he just takes a different route and then there are even more people that are interested. Here is the same thing - you hear about the wars and there is trouble everywhere but we keep listening for a different sound.

WE'RE NOT HOME YET CHILDREN

This old world is filled with disappointments and trouble every day

*Many times I get discouraged and I almost lose my way
Then I remember I'm just a pilgrim, in this troubled world below
That's the reason I keep singing as I go*

CHORUS

*We're not home yet children
So keep your eyes on the savior
Just a few more days to labor
And we'll sit down beside the river
How we long to be with Jesus
And our loved ones gone before us
There's a better day a comin'
We're not home yet*

VERSE 2

*There's a land filled with milk and honey, just waiting for me
Someday Jesus will come and take me over that sea
Then I must keep watching and waiting
In this troubled world below
There's one thought that keeps me singing as I go*

ARE YOU BUILDING A HOME IN HEAVEN

*Around me many are building
Homes of beauty and wealth
But what of a home in Heaven
Where will you live after death?*

[Chorus]

*Are you building a Home in Heaven
To live in when this life is o'er?
Will you move to that beautiful city
And live with Christ ever more?*

[Verse 2]

*Long is the road that leads you
To that beautiful home up there
Is work on your home completed?
Death may be lingering near*

[Chorus]

*Are you ready for His coming?
Have you been true all along?
Have you finished your building in Glory?
Will you move to this Heavenly Home?*

I want to read a scripture here God is not a respecter of persons, it is going to be what we are going to talk on today.
Acts 10:

34. Then Peter opened his mouth, and said, Of a truth I perceive that God is no respecter of persons:

35. But in every nation he that feareth him, and worketh righteousness, is accepted with him.

34. So Peter opened his mouth and said: "Truly I understand that God shows no partiality,

35. but in every nation anyone who fears him and does what is right is acceptable to him

That is what I saw this week God is no respecter of person, but under every nation those that fear Him are acceptable in His sight.

Heavenly Father we just read your Word I pray that you will give me the wisdom to know how to execute it and say it in such a manner that it will resonate with people, that they need to fear God, and put their trust in You and everything will be all right. We ask these things in Jesus name, Amen.

If you watch that rally yesterday in Reno then you will see what is going on here, there are people from all walks of life and religions, and you can say that Trump is no respecter of a person. It is like a prelude for what God has for us in the millennium. There you saw it in life action and then in contrast you see the other-side where they are fighting and going around burning towns and cities, and here is a family of Trump so to speak the opposite of what the rest is.

We read this scripture that God is no respecter of persons. As I said there you see it in broad daylight living it out. It does not matter what color your skin is or what your lifestyle is like, or what your religions is they are all united under one common cause - Americanism, constitutionalism, law, and order. All these things placed together as far and as your eyes can see, they were all lined up and what really comes out is that God is not a respecter of persons.

That is what I have been seeing. I am speaking for myself, sometimes, I have an attitude towards a certain person. It might be that I just don't like him. I remember there was this one guy the Lord gets me to pray for this man, and it took me weeks and weeks until I could muster enough obedience to pray for this man. I told the Lord I don't even like the guy. The Lord would wake me up at night to pray for this person, and finally, I started to pray for that person, and

finally, I began to like the guy because I started to see that person through God's eyes, the way that God sees him. I didn't see him anymore with all kinds of issues and all these things. I don't even want to go into why I didn't want to pray for him, I had issues; I had a problem with his lifestyle and all that, but the Lord kept waking me up and putting that man on my heart. God is no respecter of persons and I experienced that in reality. Just because I have a problem and don't like the person that does not mean that God does not like him. That is why you can say that God is no respecter of person, under every nation kindred and tongue. If you fear God, God is going to make a way for you. All a person has to do is fear God.

I don't know if I will be able to bring it out, He just does not look at people the way we sometimes look at people. The Lord will sometimes get us to send a person a book and sometimes I am actually shocked that God is considering that person because that person does not have the best of a reputation but the Lord just keeps prodding - You might see him as such but I see him differently than you do. It is how God sees people that we need to fall in line with, and I know I have to get over that attitude. I am a little bit better than I used to be. I am already there where I don't care what that person looks like, and who he is. If the Lord puts him on my heart, I am ok with it.

Like that Jeremy guy that was here, that sent us this email, and as I said last week I thought the man is off to the races but had we known about the man before he called us we might have had a problem but I didn't know him from a hole in the ground; I didn't even know that he existed. Here he comes along and we cast that devil out. We were not really interested in what his lifestyle was, all we were

interested in was his spirit. His soul and his spirit was crying out to God, he does not want to go to Hell, and God heard that cry, and when he sent us that email and we went all-out to help him. We did everything that we possibly could for the man. It is probably a good thing that we didn't know about his lifestyle in the past because we might have had a problem with it.

The only thing is we should have been more obedient to what the Lord showed us, and allowed us to see. Like that scripture that the Lord gave me in *Jude 1*:

22. And you must show mercy to those whose faith is wavering.

23. Rescue others by snatching them from the flames of judgment. Show mercy to still others but do so with great caution, hating the sins that contaminate their lives.

The Lord gave us enough ammunition to do this task without getting ourselves contaminated with it. The Lord did His part only we didn't take it as seriously as we should have. What I see is the Lord is setting the stage for us to go out like the scripture says - Son, go out and bring my children home. Go out to the highways and the byways and invite them to come into the marriage supper of the lamb. That is a prelude, this is virgin territory but through these two experiences we had with that Randy and that Jeremy, the Lord will not allow us to get involved in their former lifestyle. You sent Randy that book and he contacted us that he wants to get baptized. We didn't know much about Randy so to speak and it was not until we got him baptized because that is what the Lord wanted us to do for him, to get him out of that catholic stronghold, that state of mind, and everything that goes along with that trinity baptism. All the Lord wanted us to do is to get him started on the right track, on this journey and what

he does with it that is up to him, and it was not until we baptized him, and coming up out of the water coming from the lake to the shore I already knew that the guy had issues but the Lord didn't let me see that he had issues before that. We were aware that he believed in that flat earth stuff, but it wasn't until after he was baptized that he kept going on and on about it trying to sell his junk to us. It didn't really affect me until coming out of the water. When we look back now it was like the Lord was saying - I want you to baptize him in the proper baptism; I want you to start him on the proper journey. I thought to myself this flat earth stuff will just fall away once he is baptized because that is what that baptism does, it tends to clean up a persons life. It might take a few years or a year but whatever it takes, to flush out all that garbage.

Even with this Jeremy's guy that guy has so much baggage, but with the baptism at least he is on the right track like the Bible says - Repent, and be baptized in the name of the Lord Jesus Christ for the remission of your sins and you shall receive the gift of the Holy Ghost. It does not happen instantly it is just something that that proper baptism does, God is faithful to His Word, He will eventually work on the guy on his lifestyle and such. He doesn't even know that he has to go to work that Jeremy guy, but he is the Lord's business now. We did everything that we can and that is all the Lord wanted us to do and that is all that the Lord required from us.

That is what is going to happen when the Lord will say - Son, go bring my children home. Go into the highways, go into the byways, go into the slums, and the beauty of it is we don't have to be contaminated with their lifestyle. The Lord will direct us what we need to do. Like we did with Randy, and then with this Jeremy guy, he sent us an email saying he

wanted to get baptized. It took us 6 months before we got there but I believe deep in his heart in his soul and in his spirit he wanted to get right with God. It might not look as such, he wanted to get baptized and the Lord brought him in our midst we didn't.

Like I've said I can't use my own brains to try and figure things out, because what I am going to do is see that person through my eyes, instead of seeing that person through God's eyes. We are slowly learning this and when you look at it, after we baptized him the Lord gave me this dream about this guy with all these trinkets. It was like God was saying don't accommodate him too much because he is going to invade he is going to take over the place. He is coming from that socialistic environment where they think that they don't have to work where it is a freebie for everybody. That is what their attitude is when they come here and we got to keep the door shut that this place here is not a financial haven and a socialistic program.

This is just spiritual, our conversation that you and I are having and this journey that we are on, that you and I are on, it is a spiritual journey it has nothing to do with the natural thing. It has nothing to do with handing out candy to everybody that comes through here, to go pay their bills and their bank accounts and all that stuff. It is strictly spiritual and all that stuff and then they can go out and exercise their God-given ability and their God-given potential. Like they call it - Go after that American Dream. God will help you we can't do it for you. That is what the Lord taught me over the years you can't make up somebody else's mind, you can't choose for that person. You create an environment where that person chooses to do what is right. That is all we can do, we live before people in an upright manner so that people will see

and it will be a drawing power for people to want to live right too. Look how good God has been to us, how good He has been and what He has done for us. How He has blessed us and how He has financially and spiritually and every which way physically, with health and wellbeing, every avenue that you can go down and examine how good the Lord has been to us. It should be a drawing power for other people to want to live before God in an upright manner.

Well, they can get it but first of all, you have to repent. That is why you have to be baptized in Jesus name and God will give you the gift of the holy ghost, and that holy ghost is going to lead and guide you into all truth. Then once you get established and once God has tested you to the fullest extent and then He is going to give your heart's desire. He can't give you your hearts desire now if you are even too lazy to go to work. How can He, because your heart's desire is just to want money, want freebies and all these kinds of stuff without doing anything about it. When you look at King Solomon, he saw that the people of Israel were a great people and he asked God for an understanding heart to judge the people, to discern between good and bad: to be able to judge this great a people and because it pleased God that he did not asked for wealth, for a long life, nor for the life of his enemies that God granted Him his desire added with that wisdom, riches and other things because his desire was right.

The Lord is teaching us, first of all, to be no respecter of persons. It does not matter what a person looks like, it does not matter what you think of him, it does not matter what you heard of him in the past as long as the Lord comes by and the Lord lets you know that that person is one of mine I want you to go, and do whatever I tell you to with that person.

Like when Jesus was here He was led by His Heavenly Father and He called His disciples and they were fishermen, tax collectors, and people of that nature. People that society has kind of thrown out. I see such a resemblance with Trump, he opens his heart up to everybody, he invites everyone in and he gives everyone a chance. Even these guys in politics, he probably knows that they are no good but he gives them a chance. Like that John Bolton, he even gave him a chance probably knowing full well that he is going to stab him in the back but see he is giving everybody a chance, everybody an opportunity. Even that Kim Jong Un, I bet he was very close to listening to Trump, to lead North Korea into this free society with trading and things of that nature. I really don't know what kept him back but I saw how Trump is trying to help that country to become part of the world's trading partner, and bring North Korea out of this starvation that they are in. That is who God is, who Jesus is, and who we are supposed to be.

Lorraine speaks: You can see it when you look at Trump, and the people that support his agenda they all have one common denominator - Americanism. The love for their country and a love for God. That is the common denominator that they have and they all contribute, they all have their business and they are part of the American dream. They are active in their role, they contribute wherever they are.

Sam speaks: Yes, and Trump is there for the working man, it is almost like a miracle, like a Heavenly setting. How he is out there for the working men that have been pressed under and suppressed all these years. Then Trump comes along and he gets rid of all these regulations and gives them a chance to flourish. He even gets people out of prison so

that they can actually exercise their God-given abilities, and exercise their rights. It is like a miracle.

Lorraine speaks: That's God, it does not matter where a person is if he is in jail and what prison sentence a person has, if God sees a person in prison that has changed their life He will do something. Like this one lady she had a life sentence she got caught up in a nonviolent drug offence, where drug traffickers would use her phone number to get messages out. When she got caught she got a life sentence just for being involved in the conspiracy. Basically, her life was on a downhill spiral and she admitted what she did was wrong, but within that, you can see the spirit of God going through that prison and seeing this woman there, how she changed her life, and how she longs to be free. The story it gets out into the public and somehow it gets to Trump and he gets her released from prison and eventually pardons her from her offences. That is the grace of God and behind it, people need to understand its God, Trump is limited but God is unlimited. God is everywhere present and nowhere absent, he just needs to see that desire that change of heart and God is right there.

Sam speaks: That is the conversation that we had last week where it says in *Isaiah 40*:

28. Have you not known? Have you not heard? The LORD is the everlasting God, the Creator of the ends of the earth. He does not faint or grow weary; his understanding is unsearchable.

29. He gives power to the faint, and to him who has no might he increases strength.

God gives that understanding to the individuals that He is working through. It's on a different footing than what God is doing here, ours is pure spiritual, we are here to help people

spiritually if they want it. Like is says, He came to set the captives free, to bind up the brokenhearted. People that are hurting out there, God will wake us up to pray for that certain individual, or to send them a book. We can only do our part, we can only do what the Lord has for us but the sad part of it is people reject it. Usually, it is a home run, except with your family. The family is about the worse case, but there again you have to leave that with the Lord because what happens when you have them too close to you the devil will use them as a trap because he knows that you feel for them and Satan knows that. That's what he has been doing over the years he is good at it, he will use your family to cripple you, to paralyze you, to show partiality towards your family, the Lord does not want any part in that. You can see it in the past, you can see it with the Jackson family down there, where they seem to think that they are a little bit special. Then people tread around these people a little bit differently. I don't want that, I don't want any part of that, I would rather have my children out there feeling free to do their thing, we don't want anyone around if the devil is going to use you to paralyze us.

Which he has done in the past, but we have cut that part off.

That is the God that I want to serve, that is the God that will call us to go to the highways to the byways to bring His children home. It is going to be people from the lows of society. There again I am going to have to change my attitude towards some people. There are a lot of people that I see that I don't want to have anything to do with, but I am just waiting for the Lord to unction me to say or do something that He wants me to do. When you are directed from the Lord to say and do what He wants me to do, not what I what to do. I had to do it many times, I believe the Lord took me through that thing about 10, 20 years ago where I was kind of doing that.

He moved on me for months for me to go to Vancouver. When finally I got enough money together I took the drive out to Vancouver. On the way to Vancouver I was going on the TransCanada but in Medicine Hat He told me to go to Lethbridge on the #3 highway. I had this burden for this person and I didn't know who that person was. All I knew was I had to go out there to find out who that person was that I had this burden for. Anyway, on my journey, I ended up in Medicine Hat and you come to that Y where you can choose from one of the two ways to go to Vancouver, either on the TransCanada or on the #3. The Lord wanted me to go on the #3 highway so as I was driving up there, there was this hitchhiker somewhere in B.C and the Lord told me to pick him up. I turned around and went back to pick him up. To make a long story short we ended up at his sister's place, and his sister was ready to commit suicide. The Lord knew that and while I was there all I could ask her was - Do you know the Lord? I was still looking for that person that the Lord wants me to talk to out in Vancouver, I knew there is somebody there, but I didn't know who it is. I knew that there was a reason that the Lord told me to pick up - this hitchhiker. He took me to his sister, and that is why I kept asking her - Do you know the Lord. When I asked her she started wiping tears and she said - You make me very emotional, I feel like I want to cry. I told her the story of how the Lord has been dealing with me, how the Lord wanted me to pick up your brother and he brings me here and I find out that you are the reason; you are that person that the Lord gave me that burden for, months ago, to go to Vancouver to talk to this individual. She had an appointment with a Psychiatrist, with a shrink. She said she does not want to go and I told her you don't have to go the Lord is here He wants

to help you, He wants to bind up the brokenhearted, He wants to set the captives free. All you have to do tonight when you go to bed just go on your knees and tell the Lord everything. You don't have to go to no-shrink, tell everything to the Lord and He will heal you and He will do something for you. What she did I don't know all I know is that the Lord gave me this burden; He got me to pick up her brother; He got me to go to her place.

She told me a little bit about her past, her husband beat her up, but she grew up in a Christian home, she went to Sunday school, was singing in the choir. She said she has a Bible and she had it on top of her fridge it was all full of dust. So she knew about the Lord. That is why I kept asking her if she knows the Lord, and then she told me that she used to know Him, but I don't know Him anymore. I told her the Lord sent me here and He wants you back, He wants you working for Him and He will revive you. He will give you everything that you need for this journey.

Where she is today I don't know but I did that part. I was no respecter of persons. I just did what the Lord had me do, and that guy that I picked up he happened to be one of the top hells angels guys. That didn't bother me any. All I knew was I was about the Lord's business. That is why you can't use your own intellect to try and figure a person out. You have to have your blinders on, that is why it says - God is no respecter of persons. He does not care what color your hair is or what color your skin is, what religion you are. God just reaches down and He does His thing.

Just like with this Trump thing, he comes in and he bypasses all this race thing. He comes in and you saw a little bit with that rally, everyone coming in loving Trump and what he is doing for America. I don't know if they love God that

much but in one voice they called out - We love you, Trump. I believe it even brought tears to his eyes yesterday when they started chanting it. Anyway, I saw it on twitter today where he even had to wipe his tears because it affected him so much.

That is what draws people together not Obama and his ilk, and this destroying towns and cities. That is why you can take that scripture, you can see it in life acting, and you see what we have to do and that is to conform our heart to that same thing that we don't be a respecter of person. I know I need to sharpen up on that one because God will use us just like He has used me in the past. I wasn't with the message yet when the LORD dealt with me on that episode.

Then there is another episode with that one I was with the message people. I was already going to that Eddy Biskals church and the Lord gave me a vision about a guy downtown. The guy had yellow hair, his arms were full of needles pricks and he is out panhandling, but I saw him in a vision. It was like that story in the Bible where Jesus went to the pool of Bethesda, I seen Jesus walking through the crowds and going to that man at the pool of Bethesda and Jesus had a conversation with that man and I saw that man getting up and walking. I literally saw it as I was driving along Prince George Street in Vancouver. That night I had a dream I saw this man downtown and the Lord wanted me to go there. So I went down there and sure enough, there is this man that I saw so I went over to talk to him. He was selling sunglasses so I bought a pair and started talking with him, he told me he used to go to Sunday school that he was raised in a Christian home in Saskatchewan. I told him he must be a very special person, that out of a million people here in this city, that the Lord honed you out, gave me a vision of you yesterday, He let me know to come and to talk to you about the Lord, and

here I am, Jesus wants you back working for Him. You must be very special to Him that He would give me a vision to come and to talk to you about the Lord.

He said - Ya, people tell me I'm special. Anyway, what he did at the end of the day that is none of mine business, but what he did he told me that his sister is coming to see him from Saskawatchan. See what the Lord was doing He was setting the stage and that was just phase #1, and then his sister is stage number two. That is how the Lord does things. We just want to be there for the Lord. That is what I am saying and in it all we can't be a respecer a persons. We have to be like God, He does not look at people the way we see people. He wants to cultivate in us the way He looks at people. We are pretty much educated on that one. We don't care what they have done in the past many people that the Lord gets me to send a book to, like this David guy, I don't really know that much good about the guy it is all about money with him, I grew up with him he was from Springhill and he is a fun guy, he had a lot of life, but somehow he got conned into this money thing, in so, that he could never really be who he is.

It is people like that that the Lord puts on my heart to either pray for or either send a book, to make some kind of contact. These are the types of people that the Lord sees. I can't explain it but they have been predestinated, they have been ordained before the foundation of the world and God knows where they are, and HE will say - Son, go and bring my children home, I will show you where they are, I will show you how to go about this thing, I will make you fishers of men, and we just have to keep our radars on. That is why we have to fast, that is why we have to keep sensitive to what the holy spirit wants us to do. Right now everything is in

limbo until He puts that switch on; right now nobody understands what you are saying. It is such a darkness out there, and here we are walking in the light. Nothing affects us, this Jeremy episode just about floored us, there was a lot of turmoil going on. Every devil in Hell was trying to steal everything that we had. There was turmoil with this episode until last week after that conversation that I have out there by the car with him.

I was thinking today, I was reading in Proverbs to have a soft answer, and I was talking very compassionate with him. I wasn't mean with him, and I can be pretty mean as you know. I spend an hour or so talking to him, and I told him you are like a driftwood if you know what a driftwood is, we lived by the river and we would take a piece of wood and it would just drift down the river, and I told him, Jeremy that is what you are like you're a piece of driftwood, sometimes you have to swim against the tide, you have to go to work you can't just accept freebies everywhere you go. Whatever I said, it got my train back on the track. Like I told you the other day, and I got everything back to shape again, and this place here got rid of all these demonic forces that were trying to invade through his former lifestyle. Now everything is now quiet. Like you were saying - The whole world is at rest. We started out and it looked like it would be pretty easy-going here, but man did we run into some turbulences, some bumps along the way, and now finally we are back to square one again, and we helped the guy spiritually. What is going to become of him is really nothing we can do. We are not in charge of what he does now, but I firmly believe that God saw the cry of his heart, it was really his spirit crying out. That is why he has been such a problem all his life, the Lord just had to create the proper environment and we drop that book off and the

program went ahead, and we are the only people that could help the man because this thing out there believe you me, is darkness.

Like the song says - There is darkness throughout the land. That religious world cannot help you because they are encased in darkness. If somebody really wants help they will have to come here, because that is the only place that they are going to find it, and we are going to be there for them. We will do whatever the Lord puts on our hearts to do. We don't know where it is all going to go, but we are preparing ourselves to also not be a respecter of persons. I feel that it is just opening up that we are just in virgin territory. We are just on the verge like its just the dawning of the morning for this job that we are about to do. We just have to make sure that we are ready. That we have the proper attitude and that's what's most important, to have a proper attitude towards a lost and dying world. As far as I know, I don't have anything against anybody. It just really ticks me off when people reject what God has for them and God wants to help them and they keep rejecting and rejecting what He has for them.

That is basically the only thing that burns me up when I see a person rejecting when all you want to do is help him. I read in Proverbs something that God will hold it against when you are helping this person out, bending over backward and he turns around and he stabs you in the back. I was reminded of that Kenneth guy I tried for three years to bring him to a spiritual understanding because he never had a real family structure, he never really had a dad or a mom that would direct him towards spiritual things. I spent three years with him trying to direct him towards that Heavenly realm. That is really what I was trying to do what the Lord was using me to try to do for the man, and at the end of the day what

does he try to do - He tries to make us look like scum, and stabs me in the back. See these are the kind of people that I have very little heart for, but even him the Lord woke me up and told me to throw him this lifeline. He gave me a dream to throw him this lifeline, to go back and make these things right. I told him I don't know what the Lord sees in you but He wants me to throw you this lifeline. I would never do it but apparently, the Lord sees something in you that He is wanting to give you one more chance and is throwing you this lifeline.

Then he goes down to these Windy Bay people and makes us look like scum, knowing full well who you are and who I am. These are the kinds of people that I have little heart for, but even at that if the Lord tells me to send him this lifeline then I will, so I am not completely kaput in that respect, but I have a major problem with it when people keep rejecting it, when you tried to help them and they turn around and stab you in the back.

I can see the same thing with Trump the people that he gave chances and what do they do, they turn around, and stab him in the back, but he is a survivor and so are we. We will get through this; we will just keep doing what the Lord lays on our heart to do. I know the people that we send books to I know that they talk bad about us behind our back and some even to our face

Lorraine speaks: That's what people don't realize when we send them these books and they reject them it is Jesus that they are rejecting because that is the only lifeline that they have in this dark dying world because what they have is not going to help them, what they have is all build on a phoney baptism. They have no foundation so it is going to crumble, and these books are their lifeline. It's Jesus that they are rejection and if they reject the very thing that Jesus

is offering them what help is there then for them, they are not rejecting us.

Sam speaks: This is that living waters, and at of the day we are just being ourselves. It is just that the Lord has decided to choose us because He knows our makeup and it is not us that is doing this, it is Jesus and at the end of the day, it is Jesus that they are rejecting. If you reject whom Jesus send you reject Him. Just like the prophets when they rejected the prophets and what they had to say they rejected God. We can't take credit for any of this which keeps us humble. The key here is humility that when God does use us that we don't think that it is us doing it, we can always fall back to Jesus, we are just being obedient to what He tells us to do.

That way we don't get puffed up. It is not our idea it is the inspired Word of God and what we are doing is laying it out and there is no credit to us. People will eventually see it, we will not even be recognized we are just going to be working in the background. Who is this guy? Well, it does not matter who this guy is. It is who is the guy behind the guy, that is the one you want to get to know. You want to get to know Jesus.

That is why we have this thing about Churchill, about Trump; about Reagan, we have it about these giants, not giants in themselves but giants in terms of God using them to do a work. Like Churchill to this day, he is well spoken of, and Reagan is well spoken of, it was God behind these giants so to speak. The same here with us this is not our program, I could not come up with anything. It is God using us, and preparing us, first of all, not to be a respecter of persons. As long as the Lord directs us to this or that person, like He did with that Jeremy. I didn't know him from Adam all I knew was

here is a soul and a spirit crying out to be delivered from the fires of judgment, from the fires of Hell. The Lord gave us that scripture pulling him out of the fire hating even his clothes which are contaminated. There was no lack of what God did because God gave us the information with what we should do. He gave us the tools to work with. He let us know not to get involved in his finances. The Lord warned us time and again not to get too close to the guy but see the Lord told you it is a teaching process. He is teaching us for the next one that's coming in. It might be even a lot worse but we will have gone through this episode and next time will be more sensitive. The Lord does not want us to get too close to these people that are so contaminated with the flesh with their former lifestyle that even their clothes are contaminated with it.

The Lord was teaching us with that episode and the Lord allowed us to walk through it. He allowed me to see that my train got derailed simply because I was not paying enough attention to what the Lord was warning us about. God was okay with it all because He let you know that it is a teaching process. We won't know what we know had we not gone through this thing. I firmly believe that God is going to do something because He is teaching us right now not to be a respecter of persons. It is a good place to be you can talk to anybody then. We see all kinds of people in this world. When the Lord moves on us to go talk to this person, then that is what we are going to do.

The Lord has been dealing with me on that over the years, for 30-50 years when He told me to pray for this one guy so that when the time will come when He wants to use us that all these barriers will already be taken care of, that we are not going to see people the way society sees them. That

we will see people through the eyes of God, and do what Jesus was sent to do, He came to set the captives free, to bind up the brokenhearted, to bring good news to the poor, heal the sick.

This is going to be a short episode because this is what the Lord showed me today and during the week - God is no respecter of persons. I didn't know how the Lord was going to direct this subject but it is really for us. Sam, don't go around being a respecter of person, just circumcise yourself from that ideology. Just accept people the way I accept them; See people through my eyes. That is God speaking, that is what He is really saying. If I am not a respecter and if you are one of mine I don't want you to be a respecter of persons either, I don't want you to bring shame to my name. I don't want you to think that I should be like you, quite the contrast, I want you to be like me. That is what God is trying to say because that is the beginning of that era - Son, go bring my children home.

That is what this is all about, right now we don't have that much to do, but God is going to shift gears pretty soon here. I don't know if you see anything, but my makeup is to be judgmental a little bit.

Lorraine speaks: It is easy to become like that. When you look at what God has done for the human race. When the prophets prophesied, of salvation in Christ Jesus, the prophets desired to see and to hear what we as gentiles have been partaker of by faith, and by faith we are children of Abraham, we have been made partakers of what was to be Israel rightful inheritance. *In Galatians 3:8*
And the scripture, foreseeing that God would justify the Gentiles by faith, preached the gospel beforehand unto Abraham, saying, In thee shall all the nations be blessed.

God has blessed this nations abundantly, and many take it for granted what Jesus did for us.

Sam speaks: At the heart of me I like people I like to see people be free from this religion, traditions. This religion keeps people from being free, from being themselves. Even my own family, they are caught up in this tradition, it this religion, that they can't even be themselves anymore. They are wonderful people if they could only be themselves; fun people, comical in their own way. This religion keeps people locked up with invisible walls and they can't be free. Then they send the books back, cutting their own throat and tying themselves up even more. These books are meant to set them free, there are some things in there that they don't like to hear about themselves but it is the truth. All that they have to do is accept the truth about themselves then they are free of it. It is so simple but they fight the very thing that can set them free.

Lorraine speaks: That's what Paul said, have you become my enemies just because I tell you the truth. People don't like to hear the truth but it is the very truth that sets people free, all you do is expose that spirit behind that person or system and those spirits do not like to be exposed. They like to work in the shadows in private. That's why a lot of Hutterites, they like to keep things private, its that spirit that does not want to be exposed, and I tell you once you get over that you will not believe the freedom you can have. That is why it says Jesus came to set the captives free.

Sam speaks: That the worse thing that you can do to a person and that is finding his number. I told this one guy I got your number, he thought he could hide himself from who he really is. He was very embarrassed that I got his number. See God knows all about our comings and our goings and

sometimes He lets us know about a person what he is like and what he is about, his comings and his goings, but there again even if I know what that person is about and who it is, and there are times that you have to expose a person's intentions.

I remember one time I thought that I was this elite person, I belong to a preacher, the best electrician in town and here they took everything away from me, and here I thought I still had my rights. So I was complaining - They took my truck away from me, I have no vehicle. Then the Lord came on the scene, (and you better know better than to throw a pity party with the Lord), and the Lord came on the scene and said - You still have feet haven't you. Then I had a vision about a person in a wheelchair. I didn't complain after that. I walked to work, and I walked to church for a mile, if I didn't get a ride. It was a good training session and that is when I had a dream when I saw myself galloping down that valley. You have to walk that lonesome valley you have to walk it by yourself. Here one guy comes along and wants to steal all my experiences and he thinks he has a right to them, that is the way the devil works, he comes to kill steal and to destroy. That is all he is after, and all we have to do is stand on guard, know who your enemies are, cut them off, your family is your first-class enemy, so we had to cut them off, so the devil cannot use them to destroy us.

I actually learned a lot through this thing, it is the very people that the Lord wants you to help they will turn around and do a number on you if you are not careful. So you just do what the Lord allows you to do and then distance yourself. Go out and do your thing, because the devil will turn around, it's like don't give your pearls to the swine, don't give that which is holy unto dogs they will turn around and devour you.

There again we are helping that young convert so to speak but he still has all this wolf thing that destructive thing, contaminated on him and what he will do is he will turn around and bite you even though you are helping him. Like they do when they train a wolf they feed them and the first thing that they will do is try to bite your hand, that s just his nature

I am actually learning more through this conversation than I thought I did. What the Lord is doing with this He is showing us that we will be going into the field again and He is teaching us to be very cautious, because the person that you are helping the devil can use to turn around and try to destroy, so we have to keep him at arm's length. I learned a lot through this Randy, and through this Jeremy guy. Give them a push in the right direction, give him a push down the hill, if you want to destroy yourself go for it, if you want to make something for yourself you can do it. Now at least they can be normal and live a normal life, both of them, that Randy guy was so into this flat earth thing he couldn't be normal, now as time goes on he can live a normal life and the same with that other guy. They can go back and be a normal human being and be delivered from all that stuff. Now go and exercise your God-given potential and God knows what they are. I don't become jealous if he becomes ten times what I am, all the glory to you, go for it. I told him the sky is the limit you are off to the races. Just go and do your thing you are free. We are not dictators here, this is not a socialistic agenda, we are not Nicolaitans, you are free to do your thing. To exercise your God-given rights, and your abilities, we still have a little bit of freedom left in this country where you can say what you want, and exercise their God given freedoms.

That is our main thing to have a proper attitude, and then to use caution. I used to think when I read that to go into the highways and the byways and compel them to come in, I was wondering how will I handle all these individuals, but I am beginning to see how it is going to work. We just give them that salvation thing and the Lord will do the rest because it is really the Lord that is going to be doing it, He just uses people that He has tested and found to be faithful. Behind it is the spirit of the Lord, to go into the highways and bring them in we are just a vessel. We have something to offer we have a truth to offer. We have the foundation to offer them, that Dave Waldner thing they have nothing to offer them, it is just more of the same charismatic. You have to have planted a good tree before you can expect that tree to bear fruit. They have not even planted a good tree yet, we have at least planted a good tree, we qualify to bring forth fruit, but if you have not even planted a good tree what can you pick off a bad tree. Just more of the same - pride and thinking that they are it. We can't save anybody, we just do what God wants us to do and now he is free to go do his thing. That is all we can do but we are learning in the process. We are learning a very important lesson not to get too close to people and be humble about it and don't think that you can take any credit for anything.

The minute you do the devil comes along just like he did with the 70 that Jesus sent out, and they came back all bragged up even the devils are subject to us because Jesus gave them the power to cast out devils and to heal the sick and they went out and did their thing and they came back bragging - Even the devils are subject to us. Then Jesus said - I saw Satan fall from Heaven like lightning with that very trait - pride. My dad, he explained it to a T when he was

preaching. They were used by the Lord Jesus, and they thought it was them that was doing it, Jesus told them I give you the power to do it, and don't rejoice that you have power to do that - Rejoice that your name is written in Heaven.

That is all that you and I care about as long as our standing is right with the Lord. We can take anything, they can abuse us, they can swear at us, they can do whatever they want to us, that does not bother us as long as our standing is right between us and the Lord, as long as our name is written in Heaven that is all we care about. Go heal the sick, go for it, raise the dead - Go for it. That does not affect us any, that is just all in a day's work kind of thing. That is just who we are and it is all about humility, and knowing who is driving this thing. They don't hate us they hate God, they hate Jesus, they hate righteousness. They don't hate Trump, they hate law and order, it is the same thing here. Things are moving ahead. We are probably further advanced than we realize, we are probably a lot further into this than we realize.

It was ten years ago when the Lord let me know to do this website thing and now there is enough out there for a godly living if people want they can read or listen to them, and we can go onto the next phase. That is what I saw today, God is no respecter of persons and we have to implement those characteristics in our own lives. It is not just God, we have to be no respecter of persons either.

Heavenly Father we just had a little conversation we just pray that you will take what has been said and burn it into our DNA. Lord how important it is to be no respecter of persons. To look at people through your eyes, the way you see people with love and compassion for a lost and dying world, help us never to lose that genuine love, a love for a lost and dying

world. We just pray that you will give that increase in Jesus Christ name we pray, Amen.

That is really where the Lord's heart is right now, remember that girl we prayed for, that Lindsay Lohan, I was down at that convention and the heart of God was bleeding for people to have a sensitivity to what Jesus is really about. For a lost and dying world, and there they were trying to use that platform to try to make a name for themselves. I came home and the only person I found was you to get down on our knees and pray for that person that was on the same frequency. You don't hear about her much but at least she is no Whitney Houston. I think she is over in Dubai somewhere to get away from this Americanism Hollywood pesthouse.

Even that Jane Fonda the Lord got me to pray for her and I don't know what will become of her she is a train wreck, but there again God can still do something. Imagine seeing her brother die where she could have kind of directed him if she would have put her shoulders to the wheel because she had a good salvation testimony. How the Lord saved her, and how He got her out of that Ted Turner who is a first-class lib, got her out of that marriage. God gives you a start and you are responsible for what the Lord has done for you. Like if we turn back now can you imagine the penalty. That is what I thought about this week I had my radar on but nothing was inspiring.

Lorraine speaks: You can see that in Trump - no respecter of persons. He just has one ambition in mind to bring America back and to make it beautiful again, where people are free and are exercising their God given rights and that is the heart of God. People can see America in two ways, but I see it beautiful and coming back to that Constitution,

where it will be “we the people” not a bunch of bureaucrats dictating to people what they can and cannot do.

Sam speaks: Yes, and He gives them the tools to do it, he made sure all those regulations are done away with that were put there to cripple America with all these politicians. He will get the job done. I see all these buildings projects in cities and towns and buildings springing up. God is looking at the America that He created it for, but they will have to go through George Washingtons' vision.

Lorraine speaks: That is what Abraham Lincoln said, he said America will have to go through a dire time and when that will be over and that the Vatican will be kicked out of America you are going to see a beautiful America.

Sam speaks: Abraham Lincoln he had their number. In today's politics, people don't want to touch the Vatican, that is sacred ground to them, but there are some that live in reality, and know that the Vatican is behind every war, the Bible says so *Revelation 18:24 And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.* We see the picture and we know we are right.
