

I THOUGHT NUMBER ONE

*I thought number one would surely be me
I thought I could be what I wanted to be
I thought I could build on life's sinking sand
But now I can't even walk without you holding my hand*

CHORUS

*Oh Lord, I can't even walk
Without you holding my hand
The Mountains too high
And the valleys too wide
Down on my knees
That's where I learned to stand
Oh Lord, I can't even walk
Without you holding my hand*

*I thought I could do a lot on my own
I thought I could make it all day long
I thought of myself as a mighty big man
But Lord I can't even walk
Without you holding my hand*

*That's why I'll make Jesus my all and all
And if I'm in trouble on his name I'll call
If I didn't trust him I'd be less of a man
I can't even walk without you holding my hand*

I guess that's the first thing that a person has to realize that you can't do anything on your own, the way up here is the way down. If you want to be somebody it's all about Jesus. You will never be anything without Jesus. It's going down to destruction without Jesus.

I'm on this subject, People get ready there is a train coming, and actually, that train has been riding since the '60s. When that song came out - People get ready, there is a

train coming. Just take a minute or two and visualize that train, it's about half full of passengers, and it is rolling through the train station, and you have to get ready to get on board. You don't want to be the one left at the station. If you just visualize that, we are in that season of time. People get ready! Get ready for what? For that train to Jordan: To that Heavenly City. There is a train coming you don't need no baggage you just get on board. All you need is faith to hear those diesel humming, you don't need no ticket you just thank the Lord. What can one do? You can't earn it, you don't have enough money to pay for that ticket, all you do is believe it and get on board. People get ready, for that train to Jordan, its picking up passengers from coast to coast. Faith is the key, open the doors and board them. There is hope for all among those loved the most. There ain't no room for the hopeless sinner who would hurt all mankind just to save his own.

People get ready

*People get ready, there's a train comin'
You don't need no baggage, you just get on board
All you need is faith to hear the diesels hummin'
You don't need no ticket you just thank the Lord*

*People get ready, there's a train to Jordan
Picking up passengers coast to coast
Faith is the key, open the doors and board them
There's hope for all among those loved the most*

*There ain't no room for the hopeless sinner
Whom would hurt all mankind just to save his own
Have pity on those whose chances grow thinner
For there is no hiding place against the kingdoms throne*

*People get ready there's a train comin'
You don't need no baggage, just get on board
All you need is faith to hear the diesels hummin'
You don't need no ticket, just thank the lord.*

The night before the Lord started dealing with me on this subject, you are actually sleeping but you are actually up, and this went over and over pretty well all night. As I have said before, we are not doing our own thing here, I didn't wake up one morning and decided that that is what I am going to talk about, it is just the way the Lord deals with me and this is what He wants us to talk about today. I am just transmitting what is on the heart of God and what He wants us to talk about this week. During the week He will let me know that this is where I am at now, for people to get ready. Get ready for what?

That was back in the '60s and I've told you what happened, the churches of America rejected the message of Brother Branham, they wanted their meal ticket; their paystub and all that. They rejected the message that God had for America and God had to leave the churches. I told you about the vision that I had about that giant stadium, where the church of America in the '60s rejected God's message and therefore every wicked spirit could come and invade America. They more or less gave America over to the devil. The churches of America held the line on how America is going to be but when they rejected Brother Branham and his message and in it they rejected God, then it was like they just gave that key over to the devil.

That is what happened and God raises up this guy, He woke him up at 5 o'clock in the morning and gave him this

song - People get ready, by Curtis Mayfield. He said he got into a spiritual atmosphere, the Lord woke him up and gave him the lyrics to this song. That is when the hippie movement was when the Beatles came on the scene. That is what all these young people did, they left home and became part of that movement because the church of America rejected the message then God had no other option but to let it go that direction.

So what happened was all these young people they left home and they ended up in San Francisco, down skid road, in this hippie movement and all this stuff. I saw a little bit of it, I was a little involved in it too, I was out in San Francisco at that time and I saw these people sing this song, and for a long time it bothered me, I was wondering what was going on. Then I realized what God was doing. I didn't know at the time that God was out there in this hippie movement. Just because they are out there having a free fling that does not mean that God is not around. God is still out there keeping an eye out on people. That song was beckoning people to get ready, to get on board that train. There is something else besides that hippie thing and there is something else besides that church thing, there is a God that cares about people. Like the song goes - It is picking up passengers from coast to coast. Not everybody fell for that hippies stuff, I know for myself I saw it operating but I never fell into that sex thing, the drug thing, and all that stuff that took people out to no-mans land.

There were a lot of young people that listened to that song for people to get ready to open the doors and board them and there is room for those loved the most. I know quite a few people they did not fall for that sex thing that was in that hippie movement. It was just the beginning of that

movement of people preparing for that train to Jordan and it started in the '60s and it is still calling today. Today I can truly say for people to get ready for that marriage supper of the lamb because that is the next thing that is up the road. It is too late to get ready and be part of the bride, it is just too late in the day for that, brother Branham and brother Jackson said that you have to accumulate yourselves some Christian values and some Christian principles to be part of the bride. Let's say you never heard about the Lord and you are just hearing about the Lord and you are just hearing about the marriage supper of the lamb now, you might have heard about it but it didn't do anything for you, you didn't take it seriously, you went to church but that's about it, it is too late in the day to begin now to be in that category, but God has a different path for those people because here it says - in 2 Peter 1:

3. According as his divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue:

4. Whereby are given unto us exceeding great and precious promises: that by these ye might be partakers of the divine nature, having escaped the corruption that is in the world through lust.

5. And beside this, giving all diligence, add to your faith virtue; and to virtue knowledge;

6. And to knowledge temperance; and to temperance patience; and to patience godliness;

7. And to godliness brotherly kindness; and to brotherly kindness charity.

8. For if these things be in you, and abound, they make you that ye shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ.

9. But he that lacketh these things is blind, and cannot see afar off, and hath forgotten that he was purged from his old sins.

10. Wherefore the rather, brethren, give diligence to make your calling and election sure: for if ye do these things, ye shall never fall:

11. For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Saviour Jesus Christ.

You and I have been on this journey for some years, I have been on it since 1975 since the Lord saved me, and Ya, I made many mistakes along the way but I always kind of moved ahead, there was always something in me driving me on. I would get up at 6 am to read my Bible and I took it seriously, even back in the day when I was still on the colony when the Lord began to deal with me. I tried to live a godly life, I didn't know what I know today. That's part of the journey, you can't start that journey and expect to have that journey completed by next year, it is a process. It took me all my life and I am sure you are the same. Like it says - *add to your faith virtue; and to virtue knowledge; And to knowledge temperance; and to temperance patience; and to patience godliness.* We have this knowledge but it says to add to knowledge temperance and to temperance patience and to patience godliness. It took us a lifetime to really get to know God the way that we know Him now. I didn't know what I know 5 years ago, I didn't know what I know today a year ago, but through this journey and walking through all this I got to know God and His Word. Like Jesus said, *John 17:3 And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent.* Then Peter says, *If these things be in you, and abound, they make you*

that ye shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ.

That is one sure thing we know where God has brought us from and what He has brought us into - *give diligence to make your calling and election sure*. He brought us through 40 years of schooling for one thing and one thing only to bring us to where we are today. Had He not done that we would not know what we know today. When you look back I would not know a thing if I would not have come to the message of brother Branham and Jackson, and now He has called us to roll out that meat in due season and that living water. That living water someone has to bring it, God uses people to break down the Bible so that people can take that living water.

Now it happened to fall on us that we are the two people that God has honed out from before the foundation of the world to bring forth that living water. I know it is quite a phrase but I could not say it a year ago, but the way the Lord has been dealing with me for the last year or so and showing me from His Word that He is always going to use an earthly vessel to fulfill His will, and we just happen to fall in line. That is why we went through so many tough things in life. Many times on the journey I was wondering Lord why am I being treated like this - Kicked out from home, treated like a vagabond, everyone saying he left his children, when I got booted out. I never left my family I got terminated, because of the things that I believe, because of this Word. In it all it was the Lord that was preparing me for what we are in today, that we can now, after having gone through that schooling, we can roll out that carpet, that journey to the marriage supper of the lamb. That living water.

It is that simple, it is a journey that we have been on, and like I say for someone to prepare himself and start now to be in the bride it is kind of late in the day to start but there is another preparation that people need to prepare themselves and this is what this is all about. People get ready for that marriage supper of the Lamb.

You know the story where this one guy he bought a yoke of oxen, the next guy married a wife, and the next guy he had other priorities. The Lord said that they are not even going to smell my meal, and here we are living in a time frame, where just up the road God is going to do something. I am mostly talking to these Hutterite people that is why the Lord took us out to teach us what we know today so that when the time will be ready there will be a message available. There is living waters here and all you have to do is take it. We have been at this for 20-30 years since the Lord dealt with us and now we qualify to bring out that living water, that meat in due season.

That sourdough bread that you are baking, it is a pretty good example, I thought, let's say someone comes to your house for bread and you tell them there is a bushel of wheat over there, why don't you take that, but no, that person wants bread. In order to make bread, you have to harvest the wheat, grind it down and you have to prepare it. Especially the way you do it, to make that sourdough bread there is a process that it has to go through. I smelled it this morning and I was wondering what smells so good and you told me you have a loaf of bread in the oven. Now there is a loaf of bread in there ready to eat but it didn't just happen. It went through this process, and now you have a loaf of sourdough bread that it took a couple of days to prepare and now it is ready to eat. It is the same thing with that living water somebody has to process it. The Lord He took us through

that school, through those religious systems out there, and brought us to where we are today.

First of all, through that Hutterite thing, we were born and raised in that Hutterite thing, and He took me out in the 60's and I happened to pick up that song - People get ready. In the three years that I was gone from that colony, I picked up one good thing. This song that God gave to that Curtis Mayfield and it stuck with me. The Lord can speak to me at night, and it takes me back to the '60s when I was out there in San Fransisco when I heard that song being played down at the dance hall where all the hippies were. As I say, for some it did something and for some, it didn't. For some, it was just entertainment and for some it did something. How they would sing that song and they pleaded for people to get ready.

When these black people sing it they sing it with a lot of soul, and it looks like they really mean it, they use a lot of expression. It really captivates you and it beckons people to get ready. I literally saw that train rolling and you wanted to be on that train to Jorden, it is picking up passengers from coast to coast. It really gets you to think what if I am not on that coach, what if I am going to be left behind. It really affected a lot of people, that song was floating around the world since the '60s and it is still being sung today. The train is still going and all you have to do is get ready and what is it that you have to get ready for - you have to get ready for that marriage supper of the lamb. There is a process for that and we are qualified for it, the Lord honed us out before the foundation of the world. Back in that great council that He had with Himself before the foundation of the world; before He made anything He ordained it to be. When He made that great big blueprint He looked down through time and He

predestinated us for this very thing, that when the time is right to roll out that meat in due season; to roll out that living water.

Where else can you go, when you put your radar on, where can you go to, that you can trust with bringing out some living water. They all have a false thing in there. There is one guy that believes that the two days are done, then the next one believes we are in the third day, and on and on it goes. Here you are getting the pure undefiled, unadulterated pure living water. That is what you are getting here and we can go back and check everything out with the scripture. Like the message we had last week - Sam, how do you know that you are right? When you ask yourself how do you know that you are right. We had to go into the scripture and proof via the scripture how we know that we are right. Not by our own ideology, which there is a lot of that out there, but see somewhere up the road that Hutterite thing it is going to collapse. It says before He comes He is going to shake everything that can be shaken, and that Hutterite thing is not real, it is built on sand. It is built on that Roman Catholic ideology; false baptism, and believe me I know what I am talking about. I have been through all that. When that shaking is all over that preaching thing; that *'frien des Herren'* thing it is not going to mean anything because Jesus said - Everything that can be shaken will be shaken so that only that which can't be shaken will remain. The only thing that cannot be shaken is the Word of God; The pure living Word of God.

It even says prophecies and tongues will fail but the Word of God endures forever. That is why you and I, we are not sold out to this prophesy thing, some of it is true but a lot of it is human intellect. Show it to me in the Word and once

you show it to me in the Word then I will believe it. The things that we talk about, it is all in the Bible. The seven stars, the seven feast, everything is so self-explanatory but we have to go back and we have to examine ourselves. Today we ask ourselves to get ready for what? What I see coming up the road, what is next on the agenda you will see Israel doing their thing, what you see right now the politics in Israel they are fighting for position; they are fighting to be this big guy like this song says - I thought number one would surely be me. They are all trying to throw Bibi under the bus and he has proven himself in the last 15 years to keep Israel afloat; that Israel is protected and everything. Now all these politicians they gang up on him and lie up things about him saying he is involved in corruption. When all he did was take a cigar and over time it amounted to a case and that's what they hold against him, and the same with some wine. Now they make it into this blown up mess, and all it is people jockeying for position, that's all it is. What they don't know is God is allowing this and He is going to bring in this siege that we talked about some time ago, that Jacob's trouble, and we are going to see all this unfold.

Then here in America, you are going to see that civil war; that third peri; that George Washington saw, then you are going to see Israel take their land that God promised to Abraham and then you are going to see all that turmoil that Ezekiel talks about that great shaking in Ezekiel 38:20

So that the fishes of the sea, and the fowls of the heaven, and the beasts of the field, and all creeping things that creep upon the earth, and all the men that are upon the face of the earth, shall shake at my presence, and the mountains shall be thrown down, and the steep places shall fall, and every wall shall fall to the ground.

So up the road, it is not a good picture but there is an escape route, see that is what the Lord did with us, He cares about that Hutterite nation so He made sure that there will be a way for people to escape. It is basically the only half-decent, reasonable thing that is out there. Everything is so polluted with false doctrine, with sex, pedophilia, and perversion. I know there are some in the colony's too, especially in Alberta, but God sees it as worthy to be saved. I know what I had to go through, I know the dreams that He gave me, I know about the story of Joseph, how He took him out to preserve Israel. I know that He honed me out for this, and I am not bragging about myself I am just saying what God has shown me. As we read - Make your calling and election sure. There again I know what I am saying, I have to have some scripture for it and to back up what I am saying. I had to go through this process here - *Wherefore the rather, brethren, give diligence to make your calling and election sure: for if ye do these things, ye shall never fall. For if these things be in you, and abound, they make you that ye shall neither be barren nor unfruitful in the knowledge of our Lord Jesus Christ.*

With that comes temperance, wisdom, and knowledge, and all that stuff and it takes time to accumulate. It took me a life-time and I'm 72 years old, and I am still learning this thing how to not be a respecter of persons. Let's say someone does you a bad thing, and over the years, I was thinking about it during the night, sometimes you wake up during the night and I was thinking that people have done me badly in life, but I can't take that personally. Whatever people did for me it worked for my benefit. I have gone through a lot. There are people that the Lord would wake me up to pray for, and this one guy I didn't much care for him, every turn in the road

he would try to do me bad, and the Lord woke me up one day and told me to pray for the man. I thought to myself Lord, are you sure, he is just a drunk, why would I pray for him, but the Lord kept insisting to pray for the man, He kept waking me up, and finally I began to pray for him and I was blessed. Even the thought that the Lord would allow me to pray for the guy, and I saw that person in a different light, and that is that maturity that you and I have to cultivate when someone does you bad that does not mean that you have a right to not pray for him and to wish bad on him.

That all goes along with what Peter is talking about in 2 Peter 1, and once you have done all that you still have not reached that heavenly city. It says so an entrance will be preached unto you. When you have patience, temperance, and all that stuff you still don't have a ticket to glory you have to endure to the end. Even when an entrance is preached unto you, you have to embrace it; you have to grab a hold of it. Just because it is preached unto you that does not mean that you have reached your goal, there will be another kind of a battle to fight, it is not going to be easy street. That is probably where a lot of people turn back, they say it is preached to me, I know what I should do but I just can't go against the flesh, the world, and such. That is when you have to learn to lose your life for His sake and the gospel. You just charge on ahead. That is where we are in time, that is why we can say - People get ready. Ready for what? As time unfolds here with that shaking and when it is over, it is the Word of God that is going to remain.

Let's say you are in the colony, and you have not built on the Word of God, and you see all these terrorist coming into the colonies and start shooting and raping, it is coming, where are you going to go to when that whole thing

collapses. Well, I can say God has a provided way. Where there is a lifeline, there is a marriage supper of the lamb. All you have to do is believe it and partake of it and God will make a way through it somehow. I don't know how He is going to do it but I know He will, because He said He will. Jesus said - My tables will be full. All you have to do is believe what we are saying that is all you have to do. It is all on that website, sometimes we send books out and cd's out. It is all being rolled out, and the Lord is doing it, we are not doing our own thing here. That is why I can say that it is the Lord that is doing it.

This person called a while back and said - Do you realize what people are saying about you two. It does not matter what they say about us, they are not doing it to us they are doing it to the Lord. You can find it in Peter how people talk bad about things that they have no clue about. When they see us together and what goes through their mind they think that we are shacking up, and you are not going to change their mind. The Lord put this together, we don't have control of what people think because that's what the natural man thinks. How can you be together with someone for 7 years and not be shackled up. Well, that is not what this is about. I am going to show you what is happening here, God is setting a trap for them. I'm going to read from *2 Peter 2*:

11. Whereas angels, which are greater in power and might, bring not railing accusation against them before the Lord.

12. But these, as natural brute beasts, made to be taken and destroyed, speak evil of the things that they understand not; and shall utterly perish in their own corruption;

In Jude 1:

10. But these speak evil of those things which they know not: but what they know naturally, as brute beasts, in those things they corrupt themselves.

That's what happens when they see us together and they think, even though some may not say it but they think it, and thereby they speak evil of things that they know nothing of and by doing that they corrupt themselves. This is not something that we put together this is God's program to bring out that living water and that meat in due season, and it can only be received by revelation. It's just the way God does things it has to be received by revelation, you will never get it by trying to figure it out. There are quite a few people that will get it. There are quite a few people that the Lord wakes me up at night and puts them on my heart to send them a cd or a book, and these are the people that it talks about in *Revelation 19*:

9. And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.

This is actually what the Lord has done with me in life, to prepare me, to mature me, to keep me humble, and to realize that it is not me that is doing anything, I am just doing what the Bible says in *Luke 17*:

10. So likewise ye, when ye shall have done all those things which are commanded you, say, We are unprofitable servants: we have done that which was our duty to do.

There is no big guy here I'm not this big guy, I have no desire to be number one, like that song mentions - I thought number one would surely be me. I know that I can't even walk without Him holding my hand. This journey that we are on, try to make it on your own, you are not going to make it, you wouldn't even get to step one. I see this big thing

looming on the horizon, there are all these people that I am responsible for how do I execute it; how do I go about it. You can't, all we can do is live one day at a time and sometimes the Lord will put something on your heart to say to a certain individual or something.

Like last night He put this on my heart: People get ready. Then He will walk you through it all - Get ready for what. You have to get ready for the marriage supper of the lamb and the only way to get ready is to believe this Word; believe what we are putting out there; believe that living water. We have broken it down just like that bread is broken down and all you have to do is partake of it and it will take you to that marriage supper of the lamb.

It is #1. Repent and be baptized in the name of the Lord Jesus Christ for the remission of sins. #2. Believing in the message for your day and hour, to recognize the day and the hour that you are living in. We are living just before the coming of the Lord Jesus Christ and I am 72 years old, the Lord already showed me that He is going to take me in the rapture, there is a rapture up the road where you escape all these things. Within that rapture to the marriage supper of the Lamb there are guests. I've seen that 10-15 years ago, I never heard anybody preach on it much but I've seen it from a distance and now I see just up the road where there is going to be a window after the grace age is shut down, I don't have the full scope of it yet, but as time goes on He will show it to us just how it is going to come about. These guests are going to go in the rapture too. They would have to because they are invited to the marriage supper of the lamb. When you are invited to the marriage supper of the lamb and you have done everything that you can you have to make sure that you line up with the scriptures, and if you believe

what we are saying here you will line up with the scripture. You are not going to get a wrong steer because at the end of the day the Lord Jesus comes, He is the king now He is not on the mercy seat anymore, He is off the mercy seat, there is no more Grace Age, and He comes in and He checks out the guest and He sees if they are lining up with that principle; to see if they line up with that living water; to see if they have accepted the message for their day. All these things they will have to line up with because when He comes in He finds one there that had not on that wedding garment and He has him taken out. It says that He will check people out with a light and that light is the scripture. It says in *Psalms 119: 105. Thy word is a lamp unto my feet, and a light unto my path.*

You want to make sure you make it through that inspection thing where Jesus comes in to inspect everyone that is in there. That is why the Lord has been dealing with us over the years to make sure that we qualify to roll out that living water. That is why He gave us that test to write, He would not give you that test to write if He knew that you are going to fluke it, if He knows that you don't have the answers for it, and once we passed that test He qualified us to do this here. That's why we have been it this Word; that is why we don't do our own thing; that is why week after week I wait on the Lord if He doesn't give me anything to speak on then I am just not going to say anything. We would just listen to something else, but this week the Lord gave me this message - People get ready there is a train that is coming, there is no hiding place from that King up there. You can't hide from Him, all you need is faith just believe it and you are as good as gone.

As I've said, I know that Hutterite thing is going to collapse, with that shaking of all things where are they going to go. Like you were saying all week long that God has a provided way. You must have seen something in that, that God always has a way of escape if people only tune into what God is doing. When I walk through life God always had a way, when I was right at the end of myself and I prayed, God always had something, He had a job, and He would direct me where to go, or to do this, or that. He always had a way provided. I was always on that journey to brother Branham and brother Jackson, to the message for our day; to that meat in due season. Every church age had a different message and we in this church age have a message, you can read it over in Malachi 4:

It is all about turning us back to the faith of the early church that is what He has been doing to us, and He has been doing it to a lot of people but there are a lot of people that do not yield to the Word. It is not only to bring us back to the Word but also to live an upright life before the Lord. It is not just reading it, it is doing it. Like we had this conversation - A wise man built his house upon a rock. We know the story of how the foolish man built his house upon the sand. That sand is reading the Word and not doing it. If the Hutterite would examine their baptism they would find that it is not scripture. It is brought on by Nicene Rome in 325A.D. The Lord brought us through that schooling, through all that history. They don't have to go through what I had to go through, go out to Vancouver and be homeless and penniless but inside of me there was something that was driving me on, and all it was, was the Lord was using that to teach me; to qualify me so that when the day does come to bring forth that living water. When I look back on my life that is all that I

ever wanted in my life, I wanted to know God; I wanted to know this Word. I would get up at 6 am every morning. I would not understand it I just read it.

It says in Revelation that blessed is he who reads this book. I kept reading - proverbs, ecclesiastics, and all that. What the Lord was doing He was maturing us, to bring us to where we are today. Like I've said, it is no use to be mad at these people that did a bad number on us, in fact, God used that to bring us to where we are today. Like when Joseph introduced himself to his brothers he let them know - don't think that I am mad. It was God doing that to bring you to a place where there is going to be corn so that they don't starve to death and to save that nation. That is why we went through what we went through. It is no use for you to get mad at Mike from Skyview, it was just God using that to get you out of that system and to bring us to that Word; To the message for our day, to that meat in due season.

I never knew anything about a message for our day or a prophet, but there were people that told me about him, and about the message for our day, and about baptism in the name of the Lord Jesus Christ. I was ignorant just like anybody else, but here we went through that school, and here we are just rolling it out and all you have to do is read it, believe it and absorb it, and consume it and it is yours. Then you get yourself a ticket to that marriage supper. I saw it the other day, I saw those tables being set. I saw how they were walking through that gate to get into that marriage supper. It is real, it is not just words, it is in this generation, just up the road here, there is going to be a bunch of chaos going on here, and here God has provided a way that all you have to do is believe this and you have your ticket to glory and you have your ticket to the marriage supper of the lamb.

And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.

Revelation 19:9

17. And the Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely.

You don't have to do anything, you just have to take it absorb it, and believe it and you will have a part in it. You don't have to spend 20 years of your life going through what I went through. I had a young family, you will not have to go through what I went through. All you do is you come up to that place that is coming up the road here now when that shaking is done you want a life-line and God is going to have one there for you and this is this message. This is this living water, come and drink out of the water of life freely. A year ago I could not say what I am saying now, I am not worthy of that, but Gideon thought so too. Look at the mighty things that he did, and here we are we qualify, we didn't qualify ourselves it is God who qualified us, by walking through this journey. We don't consider ourselves to be anything special, we know who we are and we know who brought us to where we are today. That guy that wants to be that number one guy, he never gets to be number one until he comes down to nothing, to where the Lord can use him for His glory. You will never see us trying to lift ourselves up because I know that that is your downfall. The minute that you think that you are something is when you stop your spiritual growth, right then and there. You go through the Bible, that is why I love reading my Bible because it teaches me to live a life that is pleasing to the Lord.

When you go back to the days of Saul, God told Samuel to go and make Saul King over Israel and he was good for a while, but there came a day when he didn't obey God. Samuel told him when you were small in your own eyes, then the Lord could use him and was pleasing to Him. When Saul started to think he can do what he wants to do and rebelled against God's instructions and the spirit of God left Saul. Then God had to choose David. That is just the way it works today, we are just doing what God created us to do.

The Lord took us back to that prehistoric era and I was consumed with it, how God tested those angels. I wanted to know going back 20 years what happened to those angels in Jude and what they did that God would bind them in the everlasting chains of darkness to be reserved for that great judgment. They are still down in Hell tied up. When you read it you kind of read over it but then one day it hit me that they left their first estate. They were created to do a certain job, and they chose to go out of their God given job and decided that they are going to do it there way. Like it says, make your calling and election sure. We were created to do what we are doing right now. We were created for this, but it took us a lifetime to find that place. The angel lost their estate, or they choose to give it up, and in doing that they sinned. Adam and Eve lost their position and now we have to find our way back to that estate what God created us to be because God created everyone for a job.

Like Peter said - *Make your calling and election sure*. We were elected to do what we are doing here, it is not something that I made up. There are mornings when I wake up and I wonder how am I going to handle that. There is so much, but all you can do is on a day-to-day basis do whatever the Lord puts on your heart to do for the week. For

this week all we can do is talk about this topic - People get ready. That train is coming and it is picking up passengers from coast to coast and you don't want to miss it. How do you go about it - It's very simple God has provided a way this truth here, believe the message for your day, believe what we are saying to be the truth and it will take you right to the finish line.

What else can you do, what else can the Lord Jesus Christ do for mankind. He has done everything for them. He goes out of His way, all this hell is about to break loose, the world is up in arms and everywhere you look there is terrorism and all this stuff, why would you not want to take God's provided way. All it is, is believing this message, and absorbing it, consume it, and follow through with it, and God will make a way.

We were talking during the week about the children of Israel they were coming through the wilderness and they were bitten by these serpents, I guess they were grumbling for meat, and these serpents came along and bit them, and it was a horrible death. God told Moses to put up a brass serpent in the wilderness and all these people would have had to do is look at it and they will be healed.

There are some people who would rather die than look up at that serpent that Moses put up there, they would rather die a painful death. It is the same thing today there are people that are going to hear this and they would rather go through this hell that is coming; through this tribulation that is coming, then to believe what we are saying is the truth, because they have it in their mentality these people are shacking up. They have to break through this fray that for the last 20 years they painted me as some kind of a loser, some kind of a lowlife, leaving his family and all that, so they have

to break through that fray. Rather than believing what we are saying they would rather go down the road of life and wait for their demise to happen because it is coming. It says, that it will come on all those that live on the face of the earth, and here is a way out. You were saying all week God being rich in mercy He always has a provided way. There are people that would rather see their wife, their children go into outer darkness; go to Hell than to believe what we are saying here. Like this one guy once told me, even if what you are saying is true, I would not believe it, because it comes from you.

Lorraine speaks: If you look all throughout Bible history, from the fall of man in the garden, man was doomed for death and there was only one way and that was Hell, but God made a promise that He is going to send a redeemer. Then when you go to Abel where he made a lamb sacrifice, that is what God was looking at. He was looking at Jesus, that sacrificial Lamb of Calvary, to redeem us back to God. Jesus, He went back to the Old Testament to the prophets writings and He saw what was written about Him, He knew that He was that Lamb, that sacrificial lamb that will have to die to atone man and to redeem all of creation back to God. That is the provided way that God provided for us, we know that Israel rejected it, but they have their own provided way seeing they are under the old covenant and they were blinded in part. God always has a way of escape. They can live under the old covenant and the gentiles under the age of grace. Now throughout the grace age, there are different categories that people will fall into, like some being bride people, some could not cultivate their faith so they fall under the great multitude, then those that die in the Lord during the tribulation period will end up on the sea of glass. The same here now where the grace age is closing out and God has

another provided way, He has provided a marriage supper of the lamb and He is going to have some guest at that supper. There is a way that God has provided to escape because they can no longer be in the bride but God has a place for them. Now when you go in the week of Daniel, there is a way too. God always has a way for those people who cry out to Him, He is merciful. He has a provided way. So people don't just give up and think I can't measure up to that but all you have to do is accept what God has provided for you in this hour and this is this living water. That is why He brought out a peculiar people and taught them His Word and His principles and now they can present it to the people. Just like He did with brother Branham He gave brother Branham a message and people could either believe it or not. God always has a way for people if they can only accept it.

Sam speaks: There again, you can take it to the scripture - This is eternal life that they believe in him whom I will send, or anoint. He anointed brother Branham, he was that Elijah and I believed it, when I heard it I believed it and it did something to me. Then when he went off the scene, as we talked about it over and over already how that word 'begin' is there. When God took brother Branham of the scene He used brother Jackson to continue that work, and now He is using us to carry on where brother Jackson left off. We have been over it time and time again, if people want to listen to the journey that we have been on, what we believe and why we believe it, and how we were tested, we have had conversations on it. I had the vision about Gideon taking the people down to the water, and then I had the dream about the mine-fields. All these preachers started to come out with their idea of things, such as we are in the third day, and people they took it up and believed it, and we are the only

two that didn't fall for that junk. That is why God used us to write that exam. I don't know of somebody else if there would be somebody else God would show it to me, because He took me up to the sides of the North, and I looked down and I saw two people. So its no use looking for somebody else, God did that to show us that this is where it is at, I've honed you out, and all you have to do is make your calling and election sure and move on ahead. It does not matter what people say do, or think about us.

Lorraine speaks: There was only one Joseph when he saved that whole land of Egypt and surroundings. That is what people have to look at God provided a way, and He did that through Joseph, He didn't create this phenomenon, but used Joseph to help those people, and here it is the same thing. God has provided a way, you can either accept it or reject it.

Sam speaks: I was reading that the other day, about the marriage supper, and how these people rejected that invitation then Jesus got His armies to burn up their cities, He said my tables they will be filled. You can see the earnestness there, He is going to create a situation where people are going to go for it because there is no other way. We know that Human Being always looks for that easy way out, God is going to create a situation where there is no way out because for this simple reason He wants His house to be full. Imagine having a wedding of such a magnitude, Jesus Christ's wedding, and nobody comes. Would that not make you mad having invited these people and they reject that invitation. There again the feast is ready, it is prepared, we did all the work, we went through all this 20-30 years of schooling. It was a blessed time actually. The Lord was always there to supply, all I had to do was thank Him. I knew it was going to

be a rough road because He gave me the dream where I saw myself going down that deep valley. I knew that there was a road up ahead that I was going to have to go through. I can come kicking and scream or I can praise the Lord. I decided from the get-go that I was going to praise the Lord even if I don't feel like it.

This might sound funny but I was driving along on the interstate down in California on the I-99 going towards Sacramento and I was coming over the overpass and I looked down and there is this mother with this little boy and you could see she was taking him in the house. He was out playing in the yard and it was getting dark, and there was a storm coming, so she went out to get her boy, and here this boy, he didn't want to go into the house he was kicking and screaming but his mom got him into the house. All the boy would have had to do is walk along and it would have been easier on both of them, and when I saw that I thought I could go kicking and screaming, or I can just trust God and do it His way and get out of the storm that is coming. So I decided that I am going to make it easy on both of us because I'm sure it is hard on the Lord when He has to drag you kicking and screaming so my journey has been good. I have nothing to complain about. It gets better and better, then He brings you on board, and it gets better still. Can you know of anything better then to get up in the morning and talk about the Lord, pray in the day and sing a few songs. Nobody has it better than you and I have it. You can get up excited about what the Lord has, there are times I go to bed and I can't wait until the morning comes to know what the Lord has for the next day.

Like this message here, all night He was ministering to me - People get ready. People get ready for what, and there

is only one thing to get ready for, you can't get ready to be in the bride, because it is too late in the day. The grace age is drawing to a close. There are two shutdowns, there is a day where you can't be in the bride anymore because the door is closed, then the foolish virgins come and they want to enter in but that door is closed. The grace age is still on during that time. Then later on the grace age, it shuts down. We had a message, 'Strive to enter in', there comes a time when that door to the grace age closes. That is when many will come and say Lord open up, but they are too late, the grace age is over, and Jesus says depart from me you workers of iniquity. They were not ready. To the foolish virgins, He did not say - Depart from me you workers of iniquity, He just said, I do not know you. Like this is a bridal thing, it is Jesus knowing you in an intimate way. When you read where the foolish virgins came and Jesus tells them I don't know you. The ones that I know personally on an intimate level they are in here, but the other once when that door to the grace age is shut then there is no more opportunity to get into that door and they will have to go through the tribulation hour and lose their life and they will end up on the sea of glass.

God will have a way for some people, blessed is He who is called to the marriage supper of the lamb. This is our job this is what we are doing, and it is mostly for that Hutterite nation, God sees something about them and He has honed us out to do exactly that. That does not make us anything when we have done everything we can we just consider ourselves to be unworthy servants.

When you go to Ephesians 1, it will let you know God predestinated us and created us to do a specific job before the foundation of the world. That is where He made that great blueprint that in the ages to come He would predestinate us

for that specific job and we have found our job, we have found what we were created to be, we have made our calling and election sure. Then as Peter says,

11. For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Saviour Jesus Christ.

That is what we are about, that is why we are together, here are two people when others were out doing other things we were out searching that Word, a hunger and a desire for that Word. All that I ever desired from the Lord is somebody that I can fellowship with, somebody that you can sit down and talk about Heavenly things.

Lorraine speaks: That is true, I can still remember I listened to a lot of preachers on the radio but one day I was sitting in my room and I told the Lord - I sure won't mind having somebody that I could talk to about your Word and to get to know you. From deep in my soul that came out, and little did I know that God was leading me straight to that person. It says that God will give you the desires of your heart, if He sees that desire of your heart is right He will give it to you. It says, knock and He will open, ask and you shall receive, He will give it to you.

Sam speaks: That's how God does things, I sure did not put this together He had me take you along trucking with me and put you right there in the passenger seat and then you started driving the truck too. He gives you more than you can desire, pressed down, running over. Did you ever dream that we will be hanging out 24/7, talking about the Word of God and getting to know God. I was thinking during the night about that time that I was down at Bakersfield with my car, and I had such a hunger for fellowship. I had been on the road and I just wanted someone that I could talk to about the

Lord, so what I did I drove around looking for a church. I think it was a Thursday night and I saw these women with their Bible so I went over and asked them if they are going to church and they said - No, we are just having a women's Bible study. It is only for women. So I just said - I guess I'll have to come back some other time. So I went driving around some more and I saw this church door, I think it was an Anglican church and the door was open. That time I was still as ignorant as a duck when it comes to churches. I thought churches were the house of God, the door was open and I went in and there were these 6 young guys doing the choir thing. I sat down in the back there and they just looked at me as if to say what are you doing here, after a while, I got a few dirty looks, and I just up and left.

There was no fellowship for me there, then finally I said Lord I need fellowship I want you to show me, lead me to where there is some fellowship. I of course was brainwashed that it has to be a church somewhere. Then the Lord told me to go down to the car wash to wash my car off, when I was done I drove out of the car wash and there is this big black guy with a spray can asking if he can clean my windshield. I said - I just had a wash but you can go ahead and clean it, and the first thing that I did was I asked him if he knows the Lord. He goes - I sure do. He was one of those Blacks from Jamaica. I tell you what once he was finished cleaning the windows I have him his \$5 and I told to sit in the car, I took him out and we had supper, I took him to a motel where he could stay over for the night. He was kind of a homeless guy and I had fellowship with him for hours, that's where the Lord was at in that big town of millions of people. That's where the Lord told me to go, down to wash my car off, and that is where the Lord is, He is not in these co-glamorous churches.

He is in the heart of that individual. He told me about his experience of how he had every bone broken in his body, he said the Lord was trying to get his attention and he did not want to listen but thank God, he said, He just about had to kill me to get my attention. He told me a little bit about himself, and how he can't thank God enough today, that God allowed him to get to know Him. We had fellowship and that is where the Lord was at, He was not in that church, He was not in that choir, and in this lady's Bible study, and later on, I found out what this lady Bible study is. It is a woman's movement, the Lord is not in that either. The Lord is in that individual out there, the one that people look down on. That is where I found Him. I didn't find Him with these preachers; these *'friedn des Herren'* people. In fact, that is the last place that you are going to find Him, they are going to make sure that you never find Him.

Like Jesus said you yourself don't enter in, then you hold the door shut for those that do want to enter in. That is what that preacher thing is about out there, but God has them honed out too, there are some of them that are serious, I know the Lord puts a few of them on my heart to pray for, and to send books to, not all of them. There are some that don't go for those systems, and the Lord is going to bring them in.

Jesus said, Every plant that my heavenly Father has planted will come to me, and every plant that my heavenly Father has not planted will be rooted out. It is just that simple and all we have to do, on a day to day basis, is to do what the Lord has created us to do, make your calling and election sure, and that is what we are doing.

People get ready - Get ready for what? For that living water, for that marriage, for the marriage supper of the lamb

and it is real. I can literally feel it, it is so real. It says prophecy and tongues they will fail. I hear a lot about these prophets, like Mark Taylor they have these prophecies, and people they get excited, and they ask when are you going to get another prophecy. Well, it is all in this Word, you can't prophesy things that are contrary to this Word. So I would rather go to that Word because the Word of God endures forever.

Sometimes what he says lines up, but not all the time.

We go to the Word and we find out that Brexit it is not going to happen, because Britain was part of that beast system in the 1500 and the Bible tells us that that beast system will come back together again, and England goes back to Europe for 7 years. America will go through a civil war. We go to the Word, we have to see it in that Word. Over the years God had me search His Word; to search the scripture. It is all in the Bible all you have to do is believe it. How do we know that you are right? God walked us through all this and that is how we know that we are right. I didn't know that we are going to talk on this today but this is what the Lord has been dealing with me on. People will say who do you think you are? Well, I made my calling and election sure. I am rolling out that meat and due season.

It says *Matthew 24*:

45. Who then is a faithful and wise servant, whom his lord hath made ruler over his household, to give them meat in due season?

We are that, we are nothing else because we have made our calling and election sure, we know who we are. We are the only ones that you can actually trust because we are not doing our own thing, if we would be doing our own thing if I would be doing my own thing you couldn't trust me because it would contradict itself. There is no way that I could keep

this thing together, like the other day I thought there is no way that I could keep this thing together with all these people that you are responsible for. How do you execute it, and I realized I can only trust Jesus to get us through, and at the end of the day, He will say - Well done, my good and faithful servant.

That is all that I can do, that is where it is at. It is that meat in due season, it is that living water, it is the message for your day and hour. Every church age had a certain message. That is why it is written in the feast that for 7 church ages, it wasn't just for one, it was for 7 church ages, and those seven days for the feast of unleavened bread types the 7 church ages, each church age was commissioned to stay with that Word, not to teach false doctrine. That water baptism in the titles is false doctrine. The Lord took us through His school to teach us these things and now we can really say it, and anyone whoever the Lord brings in. It says, *Revelation 19:*

9. And he saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And he saith unto me, These are the true sayings of God.

Then in Revelation 22:

17. And the Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely.

It is free, we did the work, the spirit and the bride say come, let him that is atheist come. It is so simple and then you back it up where Jesus sent his servants at supper to say to them that were bidden - ***Come for all things are now ready.*** Everything is prepared all people have to do is come. Jesus said, my house must be filled. It is just up the road

here, I can practically touch it. It is a pretty exciting time to be living in.

Bald Ja Bald

*Es erglänzt uns von ferne ein Land
Unser Glaubensaug kann es wohl sehn
Und von Jesu geführt an der Hand
Wird sein Volk dort in Frieden ein gehn.*

Chorus:

*Bald, ja bald (bald, ja bald), O wie 'A schön (O wie schön)
Werden 'G wir auch dort jubelnd 'D eingehn (O wie schön)
Bald, ja bald (bald, ja bald), O wie 'G schön (O wie schön)
Werden 'D wir auch dort 'A jubelnd ein 'D gehn.*

*Dort singt alles in Wonne und Glück
Jauchzet selig dem Heilande zu
Alle Sorgen, die weichen zurück
Dort ist himmlische, ewige Ruh.*

*Dort ist jene unzählbare Schar
Die entflammt von dem Heiligen Geist
In Anbetung vor Gottes Altar
Seine Liebe im sohne hochpreis't.*

Es erglänzt uns von ferne ein Land, unser Glaubensaug kann es wohl sehn. Here it talks about 'Glaubensaug' it's talking about our faith. We see it by faith it is so real, it is so close. We have the goods all we are doing here is delivering the goods, and all people have to do is take it. When you read that parable about the marriage supper of the Lamb, and it falls right in-line with what we are doing here. We have cut through the maze we have done the work.

Lorraine speaks: It is the Lord that brought us out, He put us on this journey and put us through this school, and all for what - To present it to the guest what the Lord has taught us. I can see it so clearly.

Sam speaks: We have nothing to complain about, all we can do is praise Him.

Lorraine speaks: That is all we can do at the end of the day is praise Him, every night before I go to bed this song comes to me: *Lobe den Herren den mächtigen König der Ehren.*

*1. Lobe den Herren den mächtigen König der Ehren,
meine geliebete Seele! das ist mein Begehren;
kommet zu Hauf, all' meine Sinnen wacht auf!
lasset den Lobgesang hören.*

*2. Lobe den Herren! der alles so herrlich regieret,
der dich auf Adellers Fittigen sicher geführtet,
der dich erhält, wie es dir selber gefällt;
hast du nicht dieses verspüret?*

*3. Lobe den Herren! der künstlich und fein dich bereitet,
der dir Gesundheit verliehen, dich freundlich geleitet;
in wie viel Not hat nicht der gnädige Gott
über dir Flügel gebreitet?*

*4. Lobe den Herren! der deinen Stand sichtbar gesegnet,
der aus dem Himmel mit Strömen die Liebe geregnet.
Denke daran, was der Allmächtige kann,
der dir mit Liebe begegnet.*

*5. Lobe den Herren! was in mir ist, lobe den Namen,
alles, was Odem hat, lobe mit Abrahams Samen.*

*Er ist dein Licht, Seele! vergißt es ja nicht,
Lobende schließe mit. Amen!*

Sam speaks: *That is putting it mildly, der dich auf Adelters Fittigen sicher geführet. der dich erhält, wie es dir selber gefällt; hast du nicht dieses verspüret.*

We drove truck for 7 years and not even a fender bender. Through all the storms, and through all kinds of dangers, and the Lord protected us from it all. At the end of the day, all you can say is - Thank you, Lord, you can't earn it and all that. That is why that song says - People get ready. All people have to do is believe it and get on board, there is no money in the world to pay for that ticket. It is a glorious thing to be invited to the marriage supper of the lamb. It is free, where would you even begin to start paying, this is what every human being is looking for. If you go anywhere else there are strings attached. They want money and all that. They want you to pay a certain amount of money. It is a business and here it is free. That is why Jesus said everything is ready. We were honed out so that we could deliver for free, Jesus supplies our needs. He pays us more than we can handle. He pays us, and how can you put a price on something that the Lord gives you in the first place. It is not ours to sell in the first place. That's what the wise virgins told the foolish, go to them that sell. That's what tells me that this thing here is free, we got it free, brother Branham never charged for his, and brother Jackson he never charged for his, and we are not charging for anything, I don't even know where you would begin to charge. When you start charging you depend on money, and then God takes His blessings away. He will more than supply our needs. You receive it by faith.

Anyway the night before yesterday all night long the Lord took me on that glorious trip. It's how the Lord looks at people and that is why it is so important to be connected to Him, not to have personal feelings, that is why this partiality is not good. You have to get that partiality thing completely away from you. The pros and the cons, if somebody does you badly then you should not have partiality towards them or if somebody treats you good neither should you have partiality towards him. It is straight through with the Lord that is why over the years when the Lord wakes you up at night to pray for somebody it does not matter what I think about the guy, it is how the Lord looks at that person. I don't doubt the Lord knows what is best, and at the end of the end of the day I'm blessed.

Heavenly Father I just want to give you thanks for another day of life, for all that you do for us, for this opportunity to sit around the table and talk about your Word. Take these words and help the people see the picture, that there is an invitation to the marriage supper of the lamb. We just pray that you will continue to lead and guide us by your spirit, do with us as you see fit in Jesus Christ name we pray, Amen.
