

I'VE MADE UP MY MIND TO MAKE IT THROUGH

*I started out to follow Jesus many years ago,
The road was sometimes slippery,
And my steps were often slow;
I met with opposition,
Didn't quite know what to do:
But I've made up my mind to make it through!*

Chorus

*Before the first round started,
I said, "I'll fight until I win,
I might even get knocked down,
But I'll get up again;
I'll control this temple,
For I can't afford to lose,
And I've made up my mind to make it through!"*

Verse 2

*The years have come and they have gone,
The battle has grown old;
My mind's made up to win this fight,
My faith has not grown cold;
The joy of the Lord is still my strength,
My confidence is true,
And I've made up my mind to make it through!*

WOUNDED SOLDIER

*Wounded soldier pick up your weapons
Lets fight the battle, we're not alone
For the angels are camped around us,
We're not defeated, we'll soon be home*

I want to read something here in Matthew 10:

34. *Think not that I am come to send peace on earth: I came not to send peace, but a sword.*

35. *For I am come to set a man at variance against his father, and the daughter against her mother, and the daughter in law against her mother in law.*

36. *And a man's foes shall be they of his own household.*

37. *He that loveth father or mother more than me is not worthy of me: and he that loveth son or daughter more than me is not worthy of me.*

38. *And he that taketh not his cross, and followeth after me, is not worthy of me.*

39. *He that findeth his life shall lose it: and he that loseth his life for my sake shall find it.*

Now I want to go to Luke 12:

Not peace but division:

49. *I am come to send fire on the earth; and what will I, if it be already kindled?*

50. *But I have a baptism to be baptized with; and how am I straitened till it be accomplished!*

51. *Suppose ye that I am come to give peace on earth? I tell you, Nay; but rather division:*

52. *For from henceforth there shall be five in one house divided, three against two, and two against three.*

53. *The father shall be divided against the son, and the son against the father; the mother against the daughter, and the daughter against the mother; the mother in law against her daughter in law, and the daughter in law against her mother in law.*

Heavenly Father, we just read your Word, I just pray that you will give us wisdom and insight on how to execute this scripture, it is so very much misunderstood in the hour that we are living in, I

just pray that you will give that increase in Jesus Christ name we pray. Amen.

You can add other scripture to these about a man who went out to build a tower. First, he needs to sit down and evaluate everything, to make sure that he is able to pull this thing off because if you don't and you are only able to build it halfway you become the laughing stock of the county, or if you want to go against an army with a thousand, you need to sit down and evaluate everything to make sure you are going to be able to pull it off. If you can't make sure that you will be able to pull it off you are going to be defeated. Here again, like that song said - I started out to win this race many years ago. I didn't start it to only get half-way through it. I started it to go to the finish line. When I started it the Lord gave me a prophecy - He that began a work in you will complete it. Then there is another verse - he that endures to the end the same will be saved. That is why you really have to sit down and evaluate if you are going to be able to pull it off. You really need to know the scripture to know what you are going to run into when you begin this journey here, and if you will be able to pull it off or not.

I guess a couple of days ago the Lord brought this scripture to my remembrance - There will be two against three. That is to say, there will be a variance. As I have said, back in the early '70s the Lord saved me, and He put me on this route, on this journey to give me eternal life. There for a while, I was on fire for the Lord, it was the best thing that could ever happen to me. The Lord saved me and gave me eternal life, and then bingo I ran into opposition.

This one guy threatened to take me to the police, to the courts, he accused me of attempted rape, and I allowed myself to be intimidated. I was only maybe a year old Christian and I allowed myself to be intimidated and I went into a backslidden state. It was maybe 10-15 years and it gave me an opportunity to

put my roots down. I didn't know what was up the road but I guess the Lord knew. When you plant an apple tree it is important for that tree to put its roots down and to mature. You take the blooms off the first year so that it can be established so that when it does bring fruit it will be ready and it will be mature enough to bear apples. That is what the Lord did with me when I look back. I didn't know that at the time but when I look back the Lord allowed me at the time to put my roots down for 10-15 years and then in the early 90's the best way that I can explain it He tapped me on my shoulder again and He said I have a work for you to do. I am just paraphrasing what happened. If you have been listening to these conversations you pretty much know my life story and how the Lord dealt with me.

Anyway, in the early '90s, He more or less tapped me on the shoulder - Sam, I have a work for you to do, and here is what it is going to cost you, I might as well be upfront with you, I want you to go and speak for me to these Hutterite preachers and when you do here is what they are going to do to you. 'They' happened to be my dad, my in-laws, and these preachers. Like it says in the scripture, I didn't come to bring peace but a sword, a father against his son, a son against his father, a father-in-law against the son-in-law and the son-in-law against the son-in-law and that is pretty much what my lot was. That is pretty much what that scripture means, when the Lord taps you on the shoulder you pretty much belong to Him. He has a work for you to do and there is no use to cut and run, you might as well know what is up the road. That is exactly what the Lord told me - I have a work for you to do, and here is what they will do to you.

As I said, they, happened to be my dad, my family, my brothers-in-law, my in-laws. They were against me and I was against them. Here in this scripture it was two against three but here in my case it was 1 against a hundred, or one against that whole Hutterite nation so to speak, but the Lord had let me know

what they are going to do. He first informed me what it is going to cost me. Like the guy that build the tower. I want to make sure that we get it down right, I am not just saying these things we want to back up with scripture what we are doing here and what we are saying. It does not mean that you literally hate your father but you love Jesus more than your parents or whatever stands in the way. Jesus has to be number one in this journey. If you are not willing to have that as your priority you might as well not even start.

It says in *Luke 14*:

25. And there went great multitudes with him: and he turned, and said unto them,

26. If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple.

27. And whosoever doth not bear his cross, and come after me, cannot be my disciple.

28. For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it?

29. Lest haply, after he hath laid the foundation, and is not able to finish it, all that behold it begin to mock him, 30. Saying, This man began to build, and was not able to finish.

31. Or what king, going to make war against another king, sitteth not down first, and consulteth whether he be able with ten thousand to meet him that cometh against him with twenty thousand?

32. Or else, while the other is yet a great way off, he sendeth an ambassage, and desireth conditions of peace.

33. So likewise, whosoever he be of you that forsaketh not all that he hath, he cannot be my disciple.

That is what Jesus did to me He let me know what it is going to cost me, I was determined to pull it off. I had such a hunger

and a thirst for that Heavenly thing. I was tired of this world, there was nothing in this world that it could offer me. I was sick and tired of this pretending life. I wanted something a lot more I had seen in the scripture where Paul said in *Phillipians 3*:

10. That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death;

There was something that I lacked in my life and there was something that I wanted to have more than anything. As the song says - I started out to win this race. I am still in the race I am still fighting. I am still that, 'wounded soldier' pick up your weapon come fight the battle we are not home yet'. We have to endure to the end, but I just want to lay that footing here so that you know what we are up against. This journey is not for wimps, this journey is for people who are serious who don't want to cut and run. That want to make it to the finish wire, it may cost you your own life, but you have to be determined that that is what I am going to go through, when once you are fore-warned about all of that then you realize that that is just the way it is. It is just standard procedure and you are just going to just have to endure and you cannot make in without the Word of God, without fasting, without first determining what it is going to cost.

Peter said *1 Peter 4*:

12. Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you:

13. But rejoice, inasmuch as ye are partakers of Christ's sufferings; that, when his glory shall be revealed, ye may be glad also with exceeding joy.

That is all just standard procedure for you and me, it is just a way of life. Since the early 90's when the Lord tapped me on the shoulder and told me to go up against that system and to expose it. *Ephesians 5*:

11. And have no fellowship with the unfruitful works of darkness, but rather reprove them.

That is what I have been doing, it has been a 30-year journey of hammering away, and hammering away, and throughout all this, the Lord led me and guided me on how to expose that system. As I was saying, the first thing on this journey, He let me know that it originates from that diabolical phoney baptism that is what the problem is with that Hutterite nation - it is that Catholic water baptism. That is the root cause of it. There are two baptisms the true water baptism is Acts 2:38 and the other one is that phoney one that was instituted in Nicaea Rome by the Catholic church, and of course, the catholic church had not yet evolved into what it is today, but that is the spirit behind it. It is satan's baptism and I had to know that. I had to learn all that, that is how the Lord led me through that thing so that I can expose that Hutterite thing for what it was, and who is behind it all.

Anyway, I am going a little off-topic, but what I want to say here is this when the Lord taps you on your shoulder you have to know what the cost is and this scripture is a good start - *For from henceforth there shall be five in one house divided, three against two, and two against three.* This scripture is so very much misunderstood and I had to hoof it alone until 2010 until the Lord brought you on board, until then I had really nobody. I had to hoof it alone, sometimes I would have someone come along for a little bit of the journey but you knew that you could not fully trust them after a while, you would find out that they would stab you in the back in a heartbeat.

So I guess in 2012 the Lord brought you on board and I began to think what are people going to think. Then the Lord let me know people will think what they will think, and He let me know that without you there is no program. There is no agenda the Lord knows the future I don't. You are the first person that comes on board that it was now no longer one against a hundred,

(I'm just giving you a number it was actually more than a hundred). Up until that time it was one against a hundred and now it was two against a hundred and now at least we can fight this fight together. What I am trying to say is don't think it strange when these things happen, we have been forewarned that it is going to be two against three, and here in our situation it is two against a hundred. Has it been easy, no it has not, but at least we have each other to help us win this fight. Like we started out to win this race and we intend to finish it, we don't intend to give up. When you really look at it, giving up the family was hard but it is a lot harder to give up your own life, to give up your own ambitions, to give up your own aspirations and dreams, and fully depend on the Lord on a day-to-day basis. To allow yourself to be led and guided by His spirit.

That is what I saw, especially when I heard that Lin Wood when he came out and said about two years ago the Lord came and He tapped him on his shoulder and He put him on a course. Now they want to find fault with him, his family is against him. That is what the Bible says will happen and that is what it means if that individual, if my family, if the Lord has not tapped him on his shoulder then, of course, he is going to be your enemy because that person is completely clueless about what you are about. Unless the Lord taps you on your shoulder and says I have a job for you to do then you are in harmony with that person. Like the way He did with you and me, I had to hoof it alone for a long time ever since the Lord tapped me on my shoulder back in 1990, and then in 2010 He brought us together and now we are on this journey together.

I don't know how it worked with you but that is my story as far as the family is concerned, my family turned against me and even my own children. I asked one of my own daughters one time what people say about me and she said everybody thinks you are crazy. Well, I knew that I was not crazy I knew that I was on a

journey it was that scripture, there shall be five in one house divided, three against two, and two against three, but here in my case it was one against a hundred and when you came on board it was two against a hundred, and I am sure you pretty much had the same story to tell. I am not alone in this now it is the two of us.

Lorraine speaks: We were a pretty good close family when you grow up on the colony where you are the target where the preachers and the boss's they are from the same family and they pick on a family to pick on, and we were one of the families that they picked on. It is just the way that the devil does in, he knows that a certain family has potential and they will pick on that family just to make sure that they will never get anywhere so we kind of stuck together because we didn't have anybody else. So we were in a sense a pretty close family but when the Lord saved me I could feel that variance in the family. I felt that It was different that they could not relate to me and I could not relate to them anymore, because something to me was more important and it was Jesus and that was the variance between us.

I had found a treasure and held it dear to me, to me it was precious like finding that treasure in the Bible. I would spend hours reading the Bible and it was my priority. My mom was ok with it, I would often talk with my mom about the Bible, but when I came to Brother Branham, and when it came to serpent seed that is where I couldn't relate with my mom because it was going too far for her to reach. I was coming into the message of my hour, my day where God was restoring all these truths and my mom could only go so far but I knew that I could never really get comfortable because I knew up the road God had a different journey for me.

One day I was looking out the window and it was like the Lord was speaking to my heart - Just like Abraham had to leave everything behind, his family that is what you will one day have to do. I didn't at the time understand it but now I can look back and

remember that time when I was looking out the window and the scripture of Abraham came to me, how God called Abraham away and showed him the walk of faith. That is how we are Abrahams's seed is by faith. That is how I walked out that door the day when I left the colony it was by faith, I left my family behind, but the process of totally separating myself from my family that was a process. It was not something that the Lord closed all of a sudden, it was a process that the Lord walked me through, bit by bit and until He becomes your all in all.

Sam speaks: I was the same way, we didn't have that close of a family but when I look back it was just the way the Lord was preparing me because He knows what is up the road so we didn't have that close a family, so it was not really that hard. If you have a close family it is a lot harder to break away but I guess the Lord knew that He had a specific task for me to do. We were kind of close but not as close that it was the end-all-where-all because I read my Bible where it says in *1 Corinthians 7*:

29. But this I say, brethren, the time is short: it remaineth, that both they that have wives be as though they had none;

30. And they that weep, as though they wept not; and they that rejoice, as though they rejoiced not; and they that buy, as though they possessed not;

31. And they that use this world, as not abusing it: for the fashion of this world passeth away.

I could see how everything has to become a secondary item except for the Lord Jesus Christ and His Word. These little nuggets the Lord put in my heart growing up, and like I said, He saved me and He gave me eternal life and I was kind of ouster-sized, I was different because my family thought about taking me to the mental home because I wasn't quite on their page. I knew they didn't have it, but I knew that I had something that is real and I wanted everyone to have it, like that Lin Wood all of a sudden

they want him to get evaluated to see if he can continue on with his job being a lawyer.

Even with Jesus, his brothers and mother came and wanted to take Him to the mental home you can read the fine print. It was told to Jesus that His mother and brothers are out to see you. He knew what they were after and He didn't give them the time of day. He knew that they were against him, they wanted to run him in and take Him to the mental home because the Pharisees told them that Jesus had a devil, He is mental. With me it was the same thing, my family was honestly thinking about taking me to the mental home, but they didn't have anything to take me there for. It is just the way the devil works. For them to come along they have been in this system for 600 years and all of a sudden I rise up and I completely challenge that whole system, of course, they are going to think that you are crazy because they think they have it all together and you are some kind of a loser. They are not used to this journey, but the Lord somehow made a way for me that I was able to survive. I was able to get married as the Lord was driving my roots down and once my last daughter was born, that very day it was the beginning for the end for me as far as that Hutterite thing was concerned as far as marriage was concerned, as far as a family goes.

The Lord was tapping me on the shoulders in the early '90s and let me know that He has a work for me to do, and it was no use fighting it. I was hoofing it alone. I would go back and forth to visit for a while, but it was no benefit for them or for me, I would have been better off just cut ties 100% but see I kept going back giving them some money and kind of kept this thing rolling a little bit, not quite separating myself from them, but in 2010 the Lord took me out completely, the Lord had a work for me to do. The last time I went there to visit my wife said something so derogatory about me that I don't even want to mention it and that is the last time that I went there. It became very obvious that every

time that I went there for a visit it took me sometimes a month to recover to get my intimacy with the Lord again so I just decided there is no point for me to go back there, because every time that I do it sets me back and it is no good for them and it is no good for me, but all this is because this scripture says - two against three and three against two.

That means if you are born-again and the Lord has called you on this journey you might as well forget about your family. Like when Jesus called this one guy and he said I want to first go and bury my parent and Jesus said to him - Let the dead bury their dead. That is what you have to determine in your heart that that is the price that you are going to have to pay, that is standard procedure. It is just something that you are going to have to go through, and Jesus said if you don't hate your father, mother, wife, children if they don't become a secondary item then you are not cut out for that journey.

It says, *Mark 8:*

35. For whosoever will save his life shall lose it; but whosoever shall lose his life for my sake and the gospel's, the same shall save it.

Luke 14:

27. And whosoever doth not bear his cross, and come after me, cannot be my disciple.

There are so many things in the scripture that you and I have to hold on to as anchors and it encourages us that we are on the right track. To me, it is a blessing to be identified with Jesus, that He would find us worthy to help us carry the cross.

Lorraine speaks: I even said to my sister after I became a Christian that nothing will ever be the same again in the family. It just creates a variance. I heard my dad talk about you on the colony, I didn't pay much attention, I just heard him mention your name but I had never met you until I left the colony, and I came to this truth, and it was the first time that I ever felt that I could trust

somebody. I never had friends, I always knew that I could never get too comfortable, I could never really identify with anybody until I met you I knew that I could trust you it was something my spirit was able to connect.

Sam speaks: I guess it's a process, when I look back now and you can see the process how the process is picking up momentum, to separate yourself from your kinfolk separate yourself from your family. It is just part of the journey and it was not until Abraham totally separated himself from Lot that Abraham finally got that promise - Look as far as you can see. That is the way that it has been with us it was not until I completely separated myself from my family, and then the last nail in the coffin was when we started hanging out together then your family disowned you and my family completely disowned me. That is when it really came down to it, but the last one was when I had to tell Samuel. He was trying to drive a wedge between us, I guess the devil used him to try to derail us. I know that the Lord put this together. The minute the Lord put us together on this journey that is when we really got the attacks from the group that we came out of here in Portage. Everyone was trying to drive a wedge between us, but we knew that the Lord had put us together, we knew we were seeing eye to eye, and the Lord had given me a word - without you, there is no program. I held on to that because it was a revelation that the Lord burn in my heart, and I knew that I could not let anything get between us.

We talked about it in some other conversation about Lyle how he sent in Vivian and Danny, and then Luella all these were just demonic forces trying to drive a wedge between us, and to this day we are still standing strong. We got knocks but see what we did we decided to win this race. I may get knocked down and there have been times where we did get knocked down, but we come back up and we dust ourselves off and we keep on going

onto the next journey. This is the way that the battle has been. It has not been an easy journey but it has been a good journey.

When I look back I can truly say it has been a good journey. The final blow was when I had to cut Samuel off, I thought he would come along on this fight, but it was stupid of me to think that way because it takes someone that is totally dedicated and Samuel was not dedicated to go on this journey. I didn't know that the Lord had been dealing with you since you have been young, to prepare you for this journey.

Like we had that conversation sometime back - How did you overcome Laodicea. You can go and listen to it how we did, by the Word of God. God prepared us for what we are in now, that is why we can roll out that meat in due season, that is why we qualify to give the people the living water because we have no selfish motive. Our only ambition in life is to make it through this journey and at the end of the day to hear the Lord say - Well done my good and faithful servant. We have no ambition in life to be this somebody, to be this big guy on the block and all that stuff. The Lord has schooled us He has taken us through His Word. We have His Word, *Psalms 119*:

105. Thy word is a lamp unto my feet, and a light unto my path.

Even God is accountable to His Word. People like to say don't judge, God will judge. No, He won't, the Word of God is going to judge us because He has put His Word above His name.

It says in *John 12*:

48. He that rejecteth me, and receiveth not my words, hath one that judgeth him: the word that I have spoken, the same shall judge him in the last day.

God can't go against His Word, let's say God would want to make it easy, but that Word stands there. You and I, we have to line ourselves up with the Word of God. It says, that there are going to be three against two, and two against three. Even if God

wanted to He could not make this journey easy for us. He just forewarns us and He gives us the Holy Spirit and He gives us the power to overcome, and He gives us these songs. *Wounded soldier pick up your weapon lets fight the battle we are not alone for the angels are camped all around us.* They will help us win this race.

I just want to make sure that everyone gets it, we are not following some strange doctrine, we are not following some delusion, we are guided by that unseen hand. We are guided by the Word of God. That is why we are where we are at today, that is why we are completely alienated from the family and friends, and anytime that they want to come they are welcome to come. When the Lord brings someone else on board, once we get our things established, then the Lord will start bringing somebody on board to go on that same journey. That is why He had to prove us first, sometime in 2012 He brought you on board, but first He tested me to see if I can run this on my own, what it did it put my roots down, and by the time that you came along we could be an encouragement to one another. We are not there to take advantage of one another but to continue on this journey.

Actually, when I look back, I could never have made it without you, because it gets tougher and the Lord knew that. I'm just paraphrasing this it's like the Lord was saying to me - Sam, you are not going to make it on your own, you are going to need somebody along to help you. Like the Bible says, it is better to walk by two so that when one falls the other one is there to pick him up. Many times we have had to pick each other up because it just keeps getting tougher and tougher, and as we continue on this journey it is still going to get tougher, but the Lord will bring someone on board and I already know that someone for the next leg of the journey. It is not going to get easier it is just going to get harder. That someone that He will bring on board will be trained

too already and will have gone through so that they will be a benefit.

Like when your brother Ernie came along and the Lord let me know that when he brings someone on board that person will contribute. He was no benefit he was a-drag-along. He said, if I bring someone on board that person will be a benefit, that person will bring a package along. Ernie, he didn't bring a package, he was a drag along, all he wanted to do is drive a wedge between us, and he said as much when I challenged him. I told him you are just here to drive a wedge between us and you are better off just go out and have fun with the boys and whatever you do best, this journey is not for you.

Then other guys came along and they wanted to make this their nest, no that is not how it works you have your own battles to fight. The Lord let us know to pull him out of the fire, hating even his garments that are contaminated by his former lifestyle. Not to get involved with his finances, and He told us that He is teaching us something with this Jeremy episode. We learned a lot and for what - for the next leg of the journey. God will let us know if it's just another dead weight. We will help them spiritually and we have enough conversation on the internet and all they have to do is listen and all that they have to do is believe what we are saying. They don't have to go through what we go through all they have to do is believe it and adjust it to their lives and if they keep listening and partake of it, it is really living water and they will eventually come to that full stature of Christ because truth has a way when you listen to it, it gets inside of you. When you can listen and perceive it with an open mind and heart. You can trust it, it will do something to your soul and to your spirit and you will be able to overcome the flesh just by hearing and believing it.

Don't think that we are out here to try to make a name for ourselves or try to be this big guy on the block. That is not our

ambition, we have only one desire to be faithful to what God has called us to be.

Lorraine speaks: So we can help people with what we have walked through, what we have journeyed through in life, and what we have overcome so when we talk about it people you can identify with it, and learn from it, and overcome it yourself. That is what it is all about.

Sam speaks: That's what it's all about so that they don't have to fall into the same snares that we have fallen into. All they have to do is believe it, it says come and drink out of the waters of life freely. Everything we say is free, it is living water. It says in *Revelation 22*:

17. And the Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will let him take the water of life freely.

To drink it means that you allow it to do something for your soul, you don't drink literal water, but water gives you life, and the Word of God is life. This is not my idea, this is not what I one day decided to do; it is not something that I woke I one morning and decided what I am going to do. I don't know week-from-week what to do, about two days ago this is what the Lord wanted me to speak on, what it means three against two, and two against three. It actually means that when God taps these two people on the shoulder and He does not touch these other people then there will be enmity there.

Like in your own family when the Lord saved you and you told your sister that the family will never be the same from here on out. As time went on and things progress you are completely separated from the family, and when you wrote that book that pretty much put the nail in the coffin. You have nothing to do with them they are no asset to you unless they are willing to put everything on the line and cry out to the Lord and say - Lord, I want that journey that Lorraine is into. Like saying it really from the

heart, and not just saying it in passing, but from the heart and sitting down to see if they can really pull it off, and know what it is going to cost. It is going to cost family and friends but at least they would have us for company.

For myself, I had to hoof it alone for the longest time. I knew that I was not crazy I knew that I had something I had peace inside, that I would not give away for anything. I told the Lord many times I would rather go it alone than to have that guy with me. When you went through your test and it almost looked like you will go down the guy path, and I told the Lord I would rather go alone than to have someone along that is not totally committed.

Then you made your decision that that is the journey that you want to go down on and the Lord put it together and we have been going together ever since. It has not been easy but it has been a good journey. The Lord gives you joy and you don't have to worry about what the world does. We don't have to worry about what is going to happen with Trump we don't have to worry when all these tough times come, we know what is prophesied, we know that George Washington's vision is on the horizon.

We know that there is going to be starvation, we know all of that but we also know that it is not going to affect us because we read Isaiah 65, it says these will go hungry but you will be fed. It is not going to touch us, it is not going to affect us, because in the early '90s the Lord tapped me on the shoulder to prepare us for this day.

One day He spoke to me - Sam, I am coming soon. He is coming in my generation and everything that is written in the Bible about the end-time, the tribulation that is up the road. All these things are coming to fulfillment, and that it says, - Watch and pray that you may be found worthy to escape all these things and to stand before the son of man. That has been really our day-to-day battle, to prepare ourselves for the day and hour that we are now

living in. Nothing affects up, let the stores be closed, whatever happens, it does not affect us. It says - *Seek ye first the kingdom of God and His righteousness and all these things will be added unto you.* We have nothing to worry about we trust that Word. *That Word has been a lamp unto our feet and a light to our pathway,* We will continue to trust in Him, it says in *Nahum 1:*

7. The LORD is good, a strong hold in the day of trouble; and he knoweth them that trust in him.

God is in charge of the planet, the devil is not in charge, he's just pretending to be in charge but he does not run anything. God knows those that put their trust in Him and no devil in hell can touch you when you put your trust in God. That is what this conversation is all about. Once the Lord touches you, and taps you on the shoulder - Sam, let's go. Just like He did Peter, and they dropped their fishing net and they followed Jesus. They had some tough times, the one guy wanted to go back and bury his dad, and Jesus told him - let the dead bury the dead. It looks kind of rough but you have to make up your mind, do you want to follow Jesus or do you want to follow the family thing.

Lorraine speaks: There are some though that Jesus healed and they wanted to follow him and Jesus said - You go back and tell the people what the Lord did for you. There are some people I guess that fall into a different category.

Sam speaks: They could still follow Jesus by doing what Jesus said - Go back and tell the wonderful things the Lord did for you and when Jesus came back the next year the whole town invited him so he did his part. Just like Jeremy, he is no good here on our journey, he has his own journey to walk. The Lord would tell him the same thing that He told that legion guy to go back and tell the people the wondrous things that the Lord did for you. It is up to him now to make it attractive enough to his family that this is it, he can't push it down their throat, he is no value here with all his issues but the Lord has a plan and a purpose for him because

He didn't start with him for no reason at all. He let him go through literal hell to bring him here, and we cast that demon out and give him the scripture and set him on a journey, but that is as far as we could take him he has his own journey to go.

I think I told him something about you are going to have to go out and get your own kingdom just as Jesus said - As my father gave me my kingdom that is how I am going to give you your kingdom. Each one of us has that kingdom, we have had a conversation about how that works, back in that pre-historic hour those angels lost their kingdom. They decided to go and do their own thing. When we are born in this world, we don't have a kingdom, we don't have anything, we are just working our way towards that kingdom and that kingdom was predestinated for us back in that great counsel. When God planned everything out and predestinated us and in that big plan He had a job for us, now when I look back upon my own life, and all that I had to go through in life was to prepare us for what we are doing today and we are not going to stop, we are not going to allow ourselves to be intimidated. Although intimidation is a very powerful weapon it kept me paralyzed for 10-15 years, but see, like I was saying, what the Lord was doing He was driving these roots down, because up the road if you allow yourself to be intimidated you are not going to make it.

That is what they did back in the day when I started to go up against that Hutterite system. The first thing that they did is you can't come to church anymore. I didn't allow myself to be intimidated because I had my roots down. What I did then I went up to Arden to go to church. Then they said - you can't work here anymore, so I called up the neighbour and I went to work with him. These are all just games of intimidation, they are fear-mongering. That is the only weapon that he has. Then the next weapon was - you don't have a family. So be it then, then I don't

have a family. That is not the end-all-where-all. As long as I have the Lord He is going to look after my family.

The Lord had warned me that they are going to take my family away from me. I was already prepared because the Lord had forewarned me - here is what they will do. Just give them to me and I will protect them and keep them for you. I believe before this journey is over the Lord will bring them in because He said if I give them to Him He will work on them. Like He is going to refine them and do whatever needs to be done, and they will come on board on this journey. I know that you can trust the Lord because the Lord told me.

In fact, before this journey, I didn't want to lose my family. Then one day the Lord let me know, there is nothing that you can do for your children. Then one of my sons when he was five years old he got lost in the forest. When that happened the Lord let me know what can you do now for them, if I don't take care of them you can't do anything for them. Then my daughter got sick and the Lord healed her and once again the Lord let me know - what can you do for her. You can't do anything for them and He let me know that He will look after them, that I don't need to worry about it - just follow me, I have a journey that I want to put you on. There is nothing that you can do for your children just give them to me, I will look after things, and to this day as far as I know they are doing all right.

They would like to have this perfect family, like my son, Steven he called me up one day and told me he wanted to take me over to his father-in-law to show how a family should function. Apparently, they have a pretty close family, and he wanted to teach me, and take me over so I would see how it should be, and then Samuel kept sending me these songs. So I let him know without Jesus you don't have a family. They might have a close relationship as far as the natural family goes, but do they have

Jesus in their family. If you do not have Jesus in your family then you don't have a family.

We know already how it works. I want to bring this out that once the Lord taps you on your shoulder, once the Lord calls you to follow Him, then automatically you are disconnected from your family. I tried it for a long time to stay connected but at the end of the day you have nothing, just find out what the Word of God says - Those of your own household will be your biggest foes. You might as well accept it and move on. I could have saved myself a lot of time, a lot of anguish, a lot of heartaches if I would have dropped it right from the get-go.

Like you said it is a process all these things slowly drop off and now it is just the two of us, and we are just waiting for the Lord to bring someone on board that will be a benefit. Other than that I don't know how plain you can make it. Then it goes on to say that two are going to be sleeping in the bed, one will be taken and the other one left, and the final chapter will be, you can have a wife that is not on the same page with you and she will stay here, but you have this intimacy with the Lord and He takes you out of here in the rapture. It just keeps getting better and better, it is a good journey but I tell you it is not easy, but it is good to go to bed at night to know that you have done your part for the day. I just do day by day what the Lord wants me to do, if He lets me know to send a book to someone and if they reject it then they reject it, we are just doing our part.

I kept running into this one guy so I sent him some books and some CDs, and I saw him in town the other day and I went over to talk to him. I asked him - Did you get the books that I sent you. He said - ya, I did. I asked him what he did with them if he threw them away, and he told me some of them. I said, that is the worse thing that you could have done.

When we send these books to people it is not us, it is the Lord he will wake me up at night to put a person on my heart and

He lets me know to send them a book. What they do with it that is not our business that is their business. It is to their detriment or to their blessing, but I guarantee one thing, and I have seen it where people as much as died for rejecting them. They don't reject us, they reject what the Lord has for them, believe me, that is the final chapter, this is the final thing, this is the only thing that is left in this world is this message here. You can go out there, I have tried everything, I have been everywhere, this is the Lord's final chapter before the rapture before He comes, all you have to do is sit and partake of it, and you have it made. God knows that they could never go through what you and I go through. They could never overcome. It is the same when He sent Jesus to die for mankind. Man was lost, and God that eternal spirit He knew that they cannot make it without Jesus. All the sins of mankind were put on Jesus. You can go read that song 'Mein Heiland nimmt die Sünder an'. All that Jesus has and all that He ever will have is given to those that believe in Him. Here is the same thing God has the same principle, back then He had Jesus, and here is the same thing all you have to do is believe it and you have the same benefits that you and I have because back in the day of Nebuchadnezzar, Jeremiah he came and told them just go under Nebuchadnezzar's yoke and God is going to see to it that you are going to be looked after, but see they rebelled against it and they lost it all.

Here it is the same thing God's principles are the same, I can go back in history and I can show you these people that trusted the Lord, He had a way of escape for them. Before the communist took over He took a lot of people into the free world, so that they didn't have to be killed in this communistic regime. Here it is the same thing all that you have to do is come and drink out of the water of life freely, and you will not have to go through this Hell that is coming. When that tribulation hour will come into this world

it is not going to be very good. It the same thing that happened to those Jews back in the Holocaust.

We were watching this Holocaust movie the other day about what those people had to go through because they rejected the fishers and we had a message on it - The truth about the Holocaust. What those people had to go through you won't want to wish it on your worst enemy and here it is the same thing. If they reject this truth, what we are doing, at our level best for their benefit, it's definitely not for our benefit, it is for their benefit what we had to go through, now all they have to do is come and sit and believe it and walk in it, absorb it and consume it and God will make a way through this whirlwind and at the end of the day, they will not have to go through this tribulation period.

That Covid-19 will just pass him by, that terrorist will not come at them at night, just trust the Lord He has done it in the past, He can't go against His Word, and He cannot go against His principle. If you trust Him this is the final chapter, this is the meat in due season, this here is that living water. I can't make it any simpler, we have overcome that for them, they don't have to go through all that, they will not have to go through all that I had to go through for the last 30 years. Since the early 90's that the Lord has put me on a journey. We did it for them, it was tough but the Lord gave us joy unspeakable and full of glory. Ever since I said, Yes, Lord to your will and to your way. I have had this joy, I can't explain this joy. The Lord takes care of business, He takes care of everything that we need, finances, health-wise, every which way that you can think about. He has done more than enough, pressed down, shaken down, running over, more than we can handle.

I just wanted to have this little conversation to let people know that we are not some fly-by-night, we are not on some wild goose chase. The things that we do here are led and guided by the Word of God, by His unseen hand. We see it in the scripture, what we are saying here, what we are doing here, it is in the

scripture, when you say, yes, to the Lord it will be two against three, three against two, and those of your own household will be your biggest enemy.

We care for our family but there is nothing that we can do. Like it says over in *Hosea 4*:

6. My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

When you take the flip side of that we have done everything that we can to stay on board, to stay in communion with the Lord Jesus Christ and with His Word. He will be true to His Word, He is faithful, He is actually more faithful than the word faithful. You can multiply it by a million that is how faithful the Lord is. He will remember your children. That is all that matters at the end of the day. That is all that I am trying to say, we are not some fly-by-night, we care for people we are willing to put our life on the line for them, and we did, and they don't have to go through what we have gone through and God will make a way for them if they can only believe what we are saying here. This message is true, it is from the Lord it is not from me.

As I said two days ago, He put this on my heart that is what we are going to have a conversation on.

Heavenly Father, we just want to give you thanks for this another opportunity to sit around your Word and consume whatever you have for us. We ask you Lord that you will give the increase in Jesus Christ's name we pray. Amen

It is pretty simple, it is all this Word. People keep saying that God will judge you that is not how it is, God is not going to judge, it is the Word that is going to judge us. The Word is right in our face. It is a cop-out to say that God is going to judge us. That is why He gave us this Word and the fact, that He put His Word

above His name that lets me know that God is going to use that Word to judge people.

Lorraine speaks: The Word of God is unchanging it is not going to change for this person and or for this person. That is the journey, that is how it is, God cannot be partial, because it is already established. Like the Constitution of America, all people have to do is follow it and be found faithful. That is how the Word of God is, it is already written out and all you have to do is map out your life according to it, and at the end of the day you are going to hear - Thou good and faithful servant.

Sam speaks: Like the one person we were talking about when it comes to their own they use a different set of scales. There is a scripture about not using two weights of judgment and we know some people when it comes to their next of kin, they use a different weight. They are not led and guided by the Word of God. I can't use a different weight when it comes to my children I have to use the same measure that I use with somebody else. I can't be partial, sometimes you feel that you want to be but you can't because that Word stands in your face, and I know people that when it comes to certain people the Word of God is irrelevant.

We have to be straight through and through, like back in the days of Moses where God tested the Levites, when it came to his dad he uses the same scale. It is wrong and when it came to his children wrong is wrong, when it came to his brother wrong was wrong. He didn't use partiality there, he said to his father I don't know him, to his children I don't recognize them, and to his brother I don't see him. That tells me he went straight through. You can go read what he said. That is another scripture that stuck with me. These little nuggets that the Lord put in my soul and spirit and they kept me on course. There are times where you would like to help this and that guy out but you can't use a different measure when your own children are doing this as you are doing with somebody else.

There again, it backs it up with using two sets of scales, it is not good that is showing partiality. The Bible talks about those two. I charge you by *1 Timothy 5*:

21. I charge thee before God, and the Lord Jesus Christ and the elect angels, that thou observe these things without preferring one before another, doing nothing by partiality.

That is a powerful scripture, and people just read over it. They fear not God they don't fear His Word. They don't see the calamity of things when the time comes that God is going to asked them how they handled this and that situation, and if you were true then you will hear - Well done my good and faithful servant. God knows how I dealt with Sam and with my own family it was no different from anybody else. If you want the truth, if you want to come and join us on this journey you are welcome by all means do come. In a way it is an easy street when you don't have to fight with your conscious knowing at the end of the day you have nothing here you have eternal life, goodness and mercy shall follow you all the days of your life. You have all these promises. Amen
