

AMAZING LOVE

*I'm forgiven because You were forsaken
I'm accepted, You were condemned
I am alive and well, Your spirit is within me
'Cause You died and rose again*

*I'm forgiven because You were forsaken
I'm accepted, You were condemned
I am alive and well, Your spirit is within me
'Cause You died and rose again*

*Amazing love, how can it be?
That You, my King would die for me?
Amazing love, I know its true
It's my joy to honor You
In all I do, I honor You*

THIS IS THE EVENING TIME

*The god of this evil age,
Has blinded the minds today;
Of people who walk their own way
According to God's own Word
Denying the things He's done
Of sending His only Son:
Accepting the creeds of Man
Rejecting the Word of God:*

*This is the Evening Time,
It's later than you think.
The Bride is preparing now
For Her Lord to meet.
All things are ready now,
So come by near here,*

He that hath an ear to hear

*The Evening Time is here.
The darkness throughout the land
This world just can't understand.
A Prophet has walked this Land;
Proclaiming the way to God;
If you would be safe today,
Than follow the words he gave.
Accepting the Word of God;
For this is the Evening Time.*

I KEEP LISTENING FOR A DIFFERENT SOUND

*We hear about the wars,
See famine in the land.
There's questions in the Children's eyes,
Trouble in the East again.
The whole world is shaking,
There's no sure place to stand.
And mournful sounds are
Heard throughout the land.*

CHORUS

*But I keep listening
For a different sound.
The sound of the city
That John saw coming down.
The sound of the Bride
Being united with the Groom.
Oh I keep listening, I keep listening,
Oh, I keep listening for a different sound.*

*I remember the preacher sayin'
"Son, it shall come to pass,
There will come a generation
That will be the last."
I can't believe I'm standing here,
Seeing the end of time,
And the preacher's voice,
Echoing in my mind.*

This is that; this is that last generation, in fact, this is the last year for the grace age. We know that we are in touch; we are in touch with reality. You go out and tell people to them it is just a song, an entertainment thing, but to us it's reality. There will come a generation that will be the last. This is that generation back in the late 80's the early 90's I can still hear it like it was yesterday - Sam, I'm coming soon, Sam, I'm coming soon. It was the Lord Jesus Christ telling me He is coming soon. How do you know - He said: I'm coming soon. It was the Lord, it was not an angel, maybe He sent an angel to represent Him but the bottom line is this the Lord Jesus Christ, He is coming in my generation. It is just that simple.

HE'S IN THE MIDST OF OUR STORM

*As you travel down life road
He is with you everyday
With every step that you take
He's walked ahead of you
and every night as you lay down
Angels are camping all around
You'll never be alone
For He is in the midst*

*He's in the midst of our storm
He's in the valley we walk through*

*Where two or three are gathered in His name
He'll be there too
When you feel so all alone
He'll be standing next to you
He's with us now
Our Lord is in the Midst.*

*Into a prison they were thrown
Paul and Silas weren't alone
They knew their God was there
And He would see them through
As the walls began to shake
And their chains just fell away
They cried behold our God
For He is in the midst*

IT'S ALMOST TIME TO SAY GOODBYE

*Perilous times will surely to come
That great Apostle Paul declared
Men loving pleasure more than God
Apostasy is every where
and if you look around you'll see
God fearing men are hard to find
And though it breaks the heart in me
I know by the signs it's almost time
Chorus*

*It's almost time to say goodbye
To a world that's vexed this heart of mine
Trials faced on every hand
Brought on by the curse of sin
I feel it won't be very long
'Til Jesus comes to claim His own.
We must keep this thought in mind*

By His Word it's almost time

*Now there's those who have no hope
Our Saviour died but He arose
As living proof appeared to men
He walked with His chosen ones again
He led them out to Bethany
Then on a cloud He went away
And as they gazed up in the sky
The angels said He's coming back*

BATTLE SCARRED SOLDIER

CHORUS:

*Open your eyes you battle scarred soldier
It's later than ever before
He will appear some glorious morning
His coming is nigh at the door*

*Men will be lovers of self
More than lovers of God
Filled with vain pride
Worldly pleasures have drawn them away
But if we're His children
We must feel the chastening rod
For those that He loves
He will teach them to trust and obey*

*Some people believe
That his coming is still far away
They often grow weary
And so often they lay down their load
But just up ahead are the signs
Of a much brighter day*

*So don't lay down the load child
We're too near the end of the way*

HE BLESSES ME AGAIN

*I'm a pilgrim on a journey
Seeking for a better land
The way gets rough
And the trials so hard to bare
But I call on Him who started with me
Said He'll be there to the end
And when I need the strength
He blesses me again*

*And It's so hard to comprehend
That He takes thought of me
The stars that shine
The sun rises at His command
I'm just a small, small grain of sand
And the wonders of His Hand
And when I need the strength
I find He blesses me again*

*I've not always been the best man
For the Lord that I could be
I've stumbled, Yes, sometimes I've given in
But the Lord is great in mercy
And the moment I repent
I find He blesses me again*

OH MY LOVING BROTHER

*Oh the judgment day is coming
What an awful day 'twill be
Christ forever is my refuge*

Rock of ages cleft for me.

Chorus:

Oh my loving brother... ' sister

When this world is on fire

Don't you want God's bosom

To be your pillow

Hide me over in the rock of ages

Rock of ages cleft for me

At the sounding of the trumpet,

At the dawning of the day,

Worldly pleasures with their treasures,

Shall forever pass away.

Chorus:

Poor lost sinner will be crying

For the home they'll never see

But the ransom will be singing

Rock of Ages cleft for me

It says in *Philippians 2:12* *work out your own salvation with fear and trembling*. That's very true, sometimes you try to work out someones else's salvation for them, and you can't. That Dan that died, he worked for Darius, I used to work with him there, I know him good, I don't know what he did with his salvation. He needed to seek out his own salvation with fear and trembling. Did he do that - I don't know if he did from the last time I saw him. Poor lost sinner will be crying for a home they will never see. It is pretty sad to hear when somebody passes away because it is over then. Then there is only the question left what did he do with his salvation.

Then we heard about these Hepsaba crew, they left Windy Bay years ago, now they want to go back to the compound. If I would be asked what do you say to that, then I would have to

read in the scripture about the man that build a tower, Jesus warned in *Luke 14*:

26. If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yea, and his own life also, he cannot be my disciple.

27. And whosoever doth not bear his cross, and come after me, cannot be my disciple.

28. For which of you, intending to build a tower, sitteth not down first, and counteth the cost, whether he have sufficient to finish it?

29. Lest haply, after he hath laid the foundation, and is not able to finish it, all that behold it begin to mock him,

30. Saying, This man began to build, and was not able to finish.

If you start out on that journey and you leave that compound you better make sure that you sit down and you analyze it all if you will be able to pull it off. Otherwise, you will become the laughing stock of the county. Many times I thought about going back, but to me, there was not even a question. Sam, are you going back - You see this head if I have ten of them they will all have to come off. When I started this journey I took a good look at everything, I knew what it was going to cost me, but you make sure you sit down to consider the cost. If it costs you everything, even if need be your life, you have to be willing to pay that price before you can pull it off.

What is happening now - They are putting a feather in that systems hat, and us, that have fought and struggled, they try to throw it in our face, and they mock us just like they mocked Noah. I sat down for many years and I looked at it and I could not support that regime, it is not of God and I am not supporting it.

Lorraine speaks: It is a socialistic regime where nobody is accountable for themselves and they get lazy and it is a prime example of not seeking and working out your own salvation with

fear and trembling. It is so designed that you don't seek your own salvation and if a person does they get persecuted in that system.

Sam speaks: I'll just give some advice to somebody who might want it - You better make sure that you cut off every tie, no connections whatsoever, don't even drink their water because if you have connections back there then these connecting links will drag you back. That is the problem with these Windy's they never really left, they kept their ties. Their financial ties and their family ties, you have to cut everything out like you and I did. I even had to tell my kids you don't exist unless you want to come and join the fight and you more or less told your family the same thing too. You have to be determined, these people back there too in Martyrs Mirror they were determined, they knew what it was going to cost them, it cost them their lives and here it is the same thing it may not cost us our lives but that pull to go back, that false security pulls them back they can't make it. Why can't they make it, first of all, that commune-type setting, it does not work. When God calls you, you have to walk as an individual. God loves individually and you have to seek out your own salvation. If you have 20 people together there is no way that you can agree with 20 people unless it is in this truth here.

I am going to read you something here, I am going to read it the way the world reads it first, then I'll explain it. The world has a different way of reading it than we do. They read it through the lens of a Trinitarian. When they are done with it you really don't know what they believe because they don't really know what they themselves believe. The picture is so muddled up. It is *John 1*:

1. In the beginning was the Word, and the Word was with God, and the Word was God.

2. The same was in the beginning with God.

3. All things were made by him; and without him was not any thing made that was made.

4. In him was life; and the life was the light of men.

5. And the light shineth in darkness; and the darkness comprehended it not.

6. There was a man sent from God, whose name was John.

7. The same came for a witness, to bear witness of the Light, that all men through him might believe.

8. He was not that Light, but was sent to bear witness of that Light.

9. That was the true Light, which lighteth every man that cometh into the world.

10. He was in the world, and the world was made by him, and the world knew him not.

11. He came unto his own, and his own received him not.

12. But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:

13. Which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God.

14. And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth.

15 John bare witness of him, and cried, saying, This was he of whom I spake, He that cometh after me is preferred before me: for he was before me.

Heavenly Father we just read this portion of your Word here, there is a massive amount of information here in this chapter, but we have to see it right Lord and I don't have the ability to bring it out the way that you have allowed me to see it over the years. I just pray that you will come down and visit us and let me express this portion of scripture here the way that you see it, so that you may be glorified therein, and most of all give that increase in Jesus Christ name we pray, amen.

If you read just this one verse here - ***He was in the world, and the world was made by him, and the world knew him not.*** First of all, the world was not made by Jesus Christ. That is how the world sees it. He was the Word and the Word was with God and the Word was God and it leaves you with a mixed picture. I am trying to bring something out and I know that it *is* going to be pretty tough. First, I want to show you something here it is in *Colossians 2*:

1. For I would that ye knew what great conflict I have for you, and for them at Laodicea, and for as many as have not seen my face in the flesh;

2. That their hearts might be comforted, being knit together in love, and unto all riches of the full assurance of understanding, to the acknowledgement of the mystery of God, and of the Father, and of Christ;

3: In whom are hid all the treasures of wisdom and knowledge.

It is pretty tough to yank people back into reality, something that makes sense so that when we are done you will be able to identify with what it means here with - In the beginning was the Word and the Word was with God, and the Word was God. Now I want to go to *Proverbs 2*:

1. My son, if you accept my words and store up my commands within you,

2. turning your ear to wisdom and applying your heart to understanding—

3. indeed, if you call out for insight and cry aloud for understanding,

4. and if you look for it as for silver and search for it as for hidden treasure,

5. then you will understand the fear of the Lord and find the knowledge of God.

6. For the Lord gives wisdom; from his mouth come knowledge and understanding.

7. He holds success in store for the upright, he is a shield to those whose walk is blameless,

8. for he guards the course of the just and protects the way of his faithful ones.

First of all, you have to realize that thing that calls itself church out there at the end of the day when the grace age is over they stand on the outside wanting in and Jesus tells them - you workers of iniquity. That thing that calls itself church, like that Joel Olsteen and these preachers, these are simply workers of iniquity. They can't tell you the truth about the scripture, they are doing it for a pay-check, they are running it as a business, and they are out there like the Bible says - to deceive if possible even the very elect. That's Satan's infrastructure that he has over the years built because the preachers of America rejected the prophet for the age, and sold out for a paycheque.

We are talking today how everything hinges on those seven stars. When John on the Isle of Patmos he turned around and looked and he saw Jesus, and he saw in His right hand seven stars, and these seven stars are the seven angels to the church ages. I am translating it; I'm paraphrasing it - John, He is saying, see these stars, these are the seven angels, these are the ones that I am going to use to transmit, I am going to use those seven angels to speak to the seven church ages in the grace age. These are the ones that I am going to use to speak to the church, anything else is nothing but deception. I am going to speak through these seven stars and each church age will have a different angel, and we have ours for the church of Laodicea. The angel of the church of Laodicea and that angel only spoke through the boots on the ground William Branham. If you don't have that with you, you are like back when John spoke in 2 *John 1:10*

If there come any unto you, and bring not this doctrine, receive him not into your house, neither bid him God speed:

Here again, if they don't even know that God sent this prophet and that He sent an angel to transmit it to His prophet that He has on ground then it is not even worth talking to them because somewhere up the road of life they are going to set you off course. That is how God is going to transmit through Jesus, to that angel, and then to boots on the ground person for that hour in time.

Anyway, going back to what we read it is like hidden treasures you can't just take it at face value but if you read it the way God wants you to read it then you will see the picture. It says, In the beginning was the Word, these translators were Trinitarians they had to make it appear so that Jesus is God or God is Jesus or that Jesus always was. They try to bring it out that Jesus has always been, because of the way that they translated it, but I am going to read it the way the Lord wants it to be read, and understood.

In the beginning was the Logos. I have a King James study Bible and it lets me know what the word Logos means, and it simply means - the thought. Like before a thought can become a Word there has to be a planned out process. Like a drunk person that person does not think when he speaks, but an intelligent human being thinks before he says a word, and God is a very intelligent being. He is a spirit and He fills all time and space. So before He speaks He thinks it out first. So we have to go back to - In the beginning was the thought, and just to clear it up God has always been. The great Elohim, there was a time that He was not even called a God because God is an object of worship and there was no one yet to worship Him as God. If you could, in your mind, go back but you cannot go back to eternity who this great Eternal spirit is. God is a great eternal spirit, He has no beginning and no end and He is the only one in the universe that has no beginning

and no end. Jesus had a beginning, and if you could, I know you can't but let's assume that you could go back before this thought happened to rise up in God's mind that He had a desire for a son. There was a time where He didn't have that desire but there came a circumstance where God, having all these attributes and He had such a longing to share Himself with something or somebody but there was nothing there just space, there was not a planet, there was not a frog, not an angel there was nothing out there, except empty space. Just that great eternal spirit; that great self-existing one, and that great mind came up with a plan, and He started planning.

The first thing that came up was a thought, we can read in John 1: In the beginning was the thought and the thought was with God, and the thought was God. First, it was that thought, then if I could fast forward it millions and millions of years ahead, and from time to time God would reveal that thought to the prophets just to mention a couple, - *Isaiah 7:*

14 Therefore the Lord himself shall give you a sign; Behold, a virgin shall conceive, and bear a son, and shall call his name Immanuel, Micah 5:

2. But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting.

When that angel Gabriel came to Mary, that thought that was back in the mind of God, eons of ages past, finally that thought, that was laying in the mind of God, became a Word. Before that, it was just a thought but somewhere He had to transmit that thought to that angel and it became a Word. That angel transmitted it to Mary, that thought that lay in the mind of God way back then, finally, it was no longer just a thought, it was a Word. When Mary accepted that Word and believed it, then that thought began to start an embryo and then nine months later

Jesus was born. That thought became a Word at the time of conception. Then and only then did that thought become flesh, it is just the way that you and I came about.

When you go over to Ephesians, just to kind of back up that we were also in that great plan that He made back then. It is not just Jesus, but here in John chapter one, it is all about Jesus. That thought became flesh. That is how He is going to bring everything out, but in order, for that Jesus to be born God had to have an infrastructure because God knew what He wanted, He wanted a family that would serve Him out of their own free will. He did not want to have a robot He wanted someone who out of love, out of freedom and out of the free will of their heart would worship Him, God wanted a family. That is as simple as I can put it, but before He could bring that Son on board, first of all, He had to have an infrastructure and the first thing that He did was He created angels because He knew He would need angels for His plan. He would need ministering spirits, for the Human family, for the environment that we are living in now. Without these angelic hosts we could not make it through this jungle, so the first thing that He did when He was done with that plan God created an angelic family. It probably took Him eons and eons of ages and like I say you can read it in *Ephesian 1*:

3. Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ:

4. According as he hath chosen us in him before the foundation of the world, that we should be holy and without blame before him in love:

5. Having predestinated us unto the adoption of children by Jesus Christ to himself, according to the good pleasure of his will,

6. To the praise of the glory of his grace, wherein he hath made us accepted in the beloved.

7. *In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace;*

8. *Wherein he hath abounded toward us in all wisdom and prudence;*

9. *Having made known unto us the mystery of his will, according to his good pleasure which he hath purposed in himself:*

10. *That in the dispensation of the fulness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth; even in him:*

11. *In whom also we have obtained an inheritance, being predestinated according to the purpose of him who worketh all things after the counsel of his own will:*

12. *That we should be to the praise of his glory, who first trusted in Christ.*

13. *In whom ye also trusted, after that ye heard the word of truth, the gospel of your salvation: in whom also after that ye believed, ye were sealed with that holy Spirit of promise,*

According as he hath chosen us in him before the foundation of the world. See way back before there was a planet before there was an angel, before there was anything He made that great plan that great blueprint. The Bible was written before the foundation of the world; The lamb was slain before the foundation of the world. Everything was in His thought before the foundation of the world, but there was not one cow around, there was nothing around.

Like Brother Jackson used to say there was not one cow a mooing, there was not one twinkle twinkle little star out there yet. It was just that great Eternal spirit and here He is making a blueprint, it is all in His mind. He does not need a paper or a computer it is all in his mind. *That we should be holy and without blame before him in love: Having predestinated us unto the adoption of children by Jesus Christ to himself, according to the*

good pleasure of his will, God knew He would need Jesus. He knew that He was going to create angels, and some of these angels were going to fall bringing sin into this world. He knew He was going to create Adam and Eve and He knew that they were going to fall. He knew all of that. It was all a done deal way back then before He set one thing in motion. People have to understand that and once they understand that they can go back to John chapter one - In the beginning was the thought and back there in the eons and eons of ages first He made a plan and then came the time where He set that plan in motion.

I know I can't get through to some people because they have this preconceived idea that Jesus has always been but back here in Ephesians it is all a plan that God planned out way back eons and eons of ages before there was anything. There are a lot of people that just read over it that He is going to see to it that everything is going to go **according to the purpose of him who worketh all things after the counsel of his own will.**

He is going to see to it that everything is going to go according to that great council that He had back there, in that great mind of His. That in the dispensation of time everything is going to start unwrapping, and when He was done with that plan that He had back there it was a done deal. It was yea and amen. We were, for an example let's say you and I, in the foreknowledge of God. He knew that when we would be confronted with a decision we are going to make the right decision. That is why it is so important to believe in predestination, but before you can really truly believe in predestination the way that it needs to be understood, you have to understand the foreknowledge. That when HE was finished with that plan He knew what everyone will do, He knew the full scope of things. He knew that Adam and Eve were going to fall, He knew what you and I were going to do when we are confronted with a situation. I didn't know all that when I was journeying through my

life. I am just starting to find out that the Lord, back then in the great mind of His, He predestinated my whole life out, but somewhere along the way I had to make a decision that I am going to follow Jesus no matter what. I said it many times if I had ten heads then all ten of them would have to come off. I didn't start this journey to start going back because that is not the plan that God had for me back in that great council. He had a plan for me back in that great council. I just had to find out what it is. That is all my prayer has ever been. Lord, help me find my place in Christ, that is the only prayer that I have for my children - Lord, help them find their place in Christ. That is where the joy unspeakable is. That is where all your needs are met, that is the only hope that you have in this world, to find that place in Christ because in that place is joy unspeakable full of glory and you and I know that, but how are you going to educate a people that have been brainwashed into this trinity thing that Jesus has always been and everything is created by Jesus. We know that everything was created because of Jesus Christ when God planned out that counsel it was all about Jesus Christ and you can go on and on, but I want to try to get that point out - In the beginning, was the thought and then that thought through the eons and eons of ages 2000 years ago that thought was released and that angel came and talked to Mary. That thought became a Word and Mary believed it and that Word was conceived. It was not until she accepted that Word that that thought became a Word and then that Word became a reality; it became flesh. Then eventually that thought began to materialize and then and only then like John said we touched him. *1 John 1:*

1. That which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked upon, and our hands have handled, of the Word of life;

When Jesus was thirty years old, He was baptized up until He was thirty years old He didn't do any miracles, He was like you

and me the only difference was He didn't have a sinful nature. We were born with a sinful nature and He was born with a heavenly nature. He was that second Adam. Adam was created and Jesus is the begotten son of God. Up until He was 30 years old He was like the other boys but He had good attributes. He was subject to His parents. He obeyed them and then one day HE was led by the spirit to be baptized and like Jesus told John *Matthew 3*:

13. Then cometh Jesus from Galilee to Jordan unto John, to be baptized of him.

14. But John forbad him, saying, I have need to be baptized of thee, and comest thou to me?

15. And Jesus answering said unto him, Suffer it to be so now: for thus it becometh us to fulfil all righteousness. Then he suffered him.

Then when He came up out of the water that is when the fulness of the godhead came and dwelled in Him bodily. Up until that time He was as I have said, He didn't have sin. That is where they get this mixed up idea that Jesus is God. No, the fulness of the godhead, God implemented all of His attributes in Jesus when He came up out of that water. The scriptures were written, baptism by immersion, He had to be obedient to the spirit and when He came up out of the water, out from that immersion state that is when the fulness came and dwelled in Him. *Colossians 2*:

9. For in him dwelleth all the fulness of the Godhead bodily.

The fulness of the godhead dwelled in Him He was not God it.

It says in *Luke 3*:

22. And the Holy Ghost descended in a bodily shape like a dove upon him, and a voice came from heaven, which said, Thou art my beloved Son; in thee I am well pleased.

The translation should be written, "in thee I'm pleased to dwell in". Sometimes you have to use a different translating. That

voice came from Heaven speaking to Jesus - **Thou art my beloved Son; in thee, I am pleased to dwell in.** Then the fulness of the godhead dwelled in Jesus. The whole characteristics of who God is, such as a healer, a redeemer, all of these characteristics are God, and He put them all into His only begotten Son Jesus Christ, and that is how Jesus went about to do miracles and to heal.

When Thomas asked Jesus show us the Father, Jesus answered, so long I have been with you and you have not seen the Father. He was supposed to portray His Heavenly Father, and when they said show us the Father, Jesus answered all that I have been doing the last years and you have not seen Him. If you've seen me you have seen the Father that is what the Father would do if He was here. I am just portraying what my Heavenly Father would do if He was here. Jesus said, I do nothing without my Father. I am only doing what I see my Father do. Jesus was portraying His Heavenly Father. Then when Jesus went to Calvary, when He was praying in the garden and He prayed - Not my will but thy will be done, that is when that fulness of the godhead left Jesus because God cannot look at sin. That anointing that went into Him at His baptism left Jesus and Jesus had to go up to Calvary to be mutilated as a Human being by Himself. God was not there He was not involved and Jesus went to Calvary all by Himself and purchased mankind. It had to be that way that is why today He is called - King of Kings and Lord of Lords because He purchased that by Himself. He learned obedience through the things that He suffered. It was not handed to Him on a silver platter, just like you and I had to journey our joinery on our own.

I can't quite explain it but I know for a fact, that when Jesus went to Calvary that anointing left Him. That is the pain and the agony that He was faced with in the garden, knowing that His Heavenly Father will have to leave Him and He will have to hoof this thing alone. It wasn't so much the mutilation that they were

going to do to Him it was more or less that His Heavenly Father will have to leave Him and He is going to have to be made sin, in order, to purchase mankind back to God. We do not even know half a drop what that Human Being went through because He was a Human Being, the minute He said not my will but thy will be done, He had to surrender His will to the Father. Father if there is no other way than I will do it, that is the only way that He could redeem mankind back to God. He is not redeeming mankind back to Himself He is redeeming mankind back to God, and God that eternal spirit is using Jesus for the fall of everything that ever happened on this planet and Jesus took that the minute He said - Not my will be done but you're will be done. It was like God was saying - Son, you are on your own. Then it was open season on Jesus Christ from then on. They mutilated Him, and they did what they could and it was all driven by the devil. I don't know if I am coming through that He had to do it alone.

As I said, why would He say - Father why have you forsake me, when He would have been still there. Who is He speaking to - He is speaking to His Heavenly Father - Why have you forsaken me. He had to forsake Him because God cannot look at sin. He had to turn His back on Him, and that is why Jesus is so important and that is why back here in *Ephesians 1, According as he hath chosen us in him before the foundation of the world*, He knew that He will have to send Jesus to redeem us back. He knew that Jesus will have to go to Calvary and it will be a done deal, and it is what He did for us that God could predestinate us in His foreknowledge. That He could call us sons and daughters of God. It is all credited to Jesus and what He did for us at Calvary. The lamb was slain before the foundation of the world.

It is like I say, it is all a done deal, but it is all in the mind of God. When He was done with making that blueprint He is saying - I am going to see to it that everything goes according to the counsel to the plan that I made back there. It is a done deal, in

God, everything is a done deal, He is not taken by surprise, He is not shocked at the stupid things that we do from time to time, because He saw it all back there in His foreknowledge, but He also knew at the end of the day we are going to do what we need to do. We are going to surrender.

Just to prove a little bit how Jesus laid back in the mind of God. When you bought this house here, after some weeks you had a thought, and that thought was you wanted a fence. First and foremost, it was just a thought and you shared that thought with me. So I told you why don't we drive around and look at some fences and get some ideas. Then the next step you sat down and planned how you want to make a fence, what materials you will need, and what equipment you will need. So once you had it all planned out we went down and got the material and the hardware and the equipment that we will need to build it. Then with the help of some other people we started out, first we drilled the hole for the posts and the so on and so forth, and then there was a day when that fence stood there and was finished. That is how God did it only this is at a very small scale. God council that He had with Himself is at a large scale, He is unlimited in knowledge and power; He is omniscient (all knowing), omnipresent (He is everywhere present and nowhere absent) and He is all powerful. He is so good to get to know His statutes, His laws, His principles, He is sovereign in Himself because He is righteous and fair the way He does things. He is not partial. Like I said you cannot go beyond chapter one what God did before He came up with that plan of creation. In the beginning was the thought.

What God did before that we do not know, there is nothing written in the Bible. He is from Eternity to Eternity. What He did before that we do not know, because Eternity is forever, it has no beginning, and no end, but there came this thought as things moved ahead. God had a desire to have a son and the first thing

that crept up in His mind was this thought. His thought was His son, Jesus - In the beginning was the thought. That is the first thing that came up - His son, He wants a son. In order, for Him to have a son He has to have an infrastructure, and, in order, to have an infrastructure He has to have angels and all that, an environment, an animal kingdom, a planet, and all that.

You were saying something sometime back you were talking about Abraham. When you go back we can see that Abraham was a special child and you have to bring it into what I am saying here. Jesus was a special child in the eyes of God, but there was a time where God did not have that thought about Jesus, about having a son, and you can pick it up when you go back to Abraham and Abraham was a special child insomuch that Nimrod was wanting to kill him or something according to this story.

Lorraine speaks: It's a story I read one day, it's kind of similar to Moses. In the land of the Chaldeans, they studied the stars and according to the star formation, they could tell that there would be a special child born, kind of a king-like figure. So Nimrod had them kill all the male babies that were born, and Terah Abraham's father was in charge of it. Abraham was not yet born, but there came a day where Abraham was born and He had to have him hidden. So it was made known to Nimrod according to the zodiac that this special child was born and that Terah had a son born to him. In the same area, a maidservant also had a son so he took that baby and brought it to Nimrod. He was in charge of this regime of killing these babies. He quickly took that maid's son to Nimrod and it pleased Nimrod that he would offer up his own son but he didn't know that baby belonged to a maid. Then as time went on God spoke to Abraham to leave the land of Ur and go into a land that God will show him. That is how the story goes it is not written but it kind of gives you an insight to how God works that Abraham was in the foreknowledge of God, He was predestinated in the mind of God. There will be a seed born that

will hear His voice amongst all these people that were serving all these gods. They were worshipping everything under the sun already because they had not retained the knowledge of God. They went into idolatry through Cush and Nimrod. The devil will lead you down a dead-end road.

So Abraham was special in the eyes of God because he heard God's call. He heard the voice of God calling him out from this idol worshipping land and that is how God called out a people that would worship Him the one and true living God. That is the whole plan of creation that we as a people will recognize who this God is and worship Him in His true form. Who He is, the God who created all things. All things are created by God but it was because of Jesus Christ that He was able to create it because when you read it - Having predestinated us unto the adoption of children by Jesus Christ to himself, according to the good pleasure of his will. That is the only way that He could get His creation back to Himself and that was through Jesus Christ, and that was first and foremost and in that Abraham was special because it is through the loins of Abraham that He would have His only begotten son Jesus born into this world.

Sam speaks: The reason that I brought that up, first of all, Abraham was a special child, even the Heavens displayed it. That is how the Chaldeans knew that there would be a special child born and they brought that information to Nimrod and Nimrod wanted that child put away with, just like King Herod. He wanted to get rid of Jesus because these three wise men came and told him a King is born. So what does he do, he does not want any opposition so he gets rid of these babies. Jesus through His parents fled to Egypt and here it is the same scenario, I'm trying to get to something here eventually. Maybe I will get it out the way I see it. Here is this special child that's going to be born out of Abraham's dad. If Terah didn't come up with a plan then Nimrod is going to be after him for ever and a day. Nimrod is happy now that

this threat is gone but it really wasn't gone, and this child by the name of Abraham grew up. Growing up Abraham he had no inkling of no son he was just a kid growing up but there came a day when he looked around for a mate and he wanted a son himself, but before that, there was no thought of a son.

The reason that I am saying this is that back in the eons of ages (like we are created in the images of God and back in the eons of ages) there was a space there where God had no inkling of a son but there came a day where God wanted a son, and He wanted a family. He had all these attributes. I am not saying that that is the way that it was I am using that to bring out something to use as an illustration to bring my point across. Abraham grows up and he looks around and he gets married to his half-sister, and they can't have children. Abraham has such a passion and a desire for wanting a son and God sees that, God that great eternal spirit He sees that Abraham has a desire to have a son but he can't produce a son. Then as time goes on God comes and meets Abraham and tells him that he is going to have a son. As Abraham was pondering on it, God interrupted his thoughts, that's what Abraham was wanting all along but now God comes along and promises Abraham a son. *That in blessing I will bless thee, and in multiplying I will multiply thy seed as the stars of the heaven, and as the sand which is upon the sea-shore;*

So he is happy he got a promise from the Lord, but it was not until he was 100 years old that finally, that son came about. It says in *Romans 4*:

20. He staggered not at the promise of God through unbelief; but was strong in faith, giving glory to God;

He just went down the road of life happy as a lark - God said, I'm going to have a son and he tells his friends and his relatives and they started to make fun of him. I don't want to get off the topic here I am just trying to relate how this thought pattern came to be. How God back in the eons of ages there was a time where

He didn't have that thought but there came a time where that thought came to be of wanting a son. Just like Abraham has his son Isaac. Then the next thing that God wanted was a bride for His son, just like Abraham when Isaac came of age, guess what Abraham wanted, he wants a bride for his son Isaac. There came a day that he had everything supplied. Eleazar, he went to find a bride for Isaac.

It is a type and here it is the same thing, when Jesus was born back in that great mind God also wanted a bride for Jesus and we happen to be that bride that He wanted for Him. As Isaac's bride, Rebecca, she did not have to struggle anymore she got the gold and the silver and the rings and everything that went with him. Abraham is a type of God and Isaac a type of Christ, and Eleazar types the holy spirit. How the holy spirit went out to seek out a bride for the Lord Jesus Christ. There was everything ready for Rebecca. Here it is the same thing before God could bring Jesus on the scene He had to bring about that infrastructure. He had angels but before He could use these angels He is going to have to test them, and like I've mentioned, it was all a done deal back in that council with God.

The reason that I brought Abraham in is to prove to you that there was a time where he had to grow up and when he reached maturity he was looking around for a bride for himself, and then he marries Sarah but they can't have children. In his heart, he longed for a son, and one day God called him out and he obeyed and God came and saw it and He interrupted his hearts desire so to speak - Abraham you want a son, I'm going to promise you one and he believed God and eventually he had a son. We know the story of how God tested Abraham when He told him to go and sacrifices his son. As Isaac grew up and when he reached maturity Abraham he wants what is best for his son he wants a bride for him so he sent out his servant to bring him back a bride. He wanted a certain bride, a bride that came from his own people

so he sent him up to Laban. Eleazar goes on a journey, prays about it and finds a bride for Isaac. We know how the story goes and finally, he brings back a bride. Then He has sons and so forth and so on.

What I'm trying to do is I'm trying to snap mankind back into reality to what happened back in that great counsel, John chapter one - In the beginning was the thought. God wanted a son and then He wanted a bride for His son, but like I've mentioned before first of all, He had to make an infrastructure for it all. So the first thing that He did was He created angels, but before He could use these angels He had to create a testing ground to test them.

When we go over to *Job 38*:

4. Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding.

7. When the morning stars sang together, and all the sons of God shouted for joy?

Now here is that angelic host that He created and Lucifer was the last one that He created he sealed up the sun, He was the most anointed cherub, God created him at the dawning of time. I don't know how long it took for God to create all these angels, but God created all this for His son. To create a universe, and planets, so that He can have a son and a bride for His son and a family of man. Before His program can go about He has to have all these angels, but before He can use these angels He has to test them first. He didn't want to create robots He wanted to create beings that would worship and serve Him out of free will.

Back in Job 38 they were not tested yet they were one big happy family, every angel was there, Lucifer was there and they all sang together and they all shouted for joy. The only difference is they were not tested yet, now God is going to have another thing going here. I didn't see all this until this week, the Lord gave me this thought on Monday when I woke up. It was so anointed, I felt like crying such an anointing hit me. In the beginning was the

Logos; In the beginning was the thought, and there, for and instance I saw this whole picture, just as clear as can be, eons and eons of information came to me.

When we go to Genesis one there is another beginning.

Genesis 1:

1. In the beginning God created heaven and the earth.

This is no more John one here in Genesis. When the angels were being created they were not created in time there was nothing there to keep time with they were in eternity. In John it speaks of the thought - In the beginning was the thought. Here in Genesis, it talks about a different beginning, here it talks about creation. In the beginning God created the heaven and the earth that is that big bang that it talks about. All these angels were there it was like a light show, for instance, when there are fireworks and everybody goes down to where they have them displayed. Here it is the same concept, God is going to create this universe and it was a big bang.

You showed me a picture the other day of the milky way, how many lights there are, can you just imagine the lights there were, and all these angels were there and they witness God's display of majestic powers. It says in Job, where were you when I laid the foundation of the earth. So this creation of the universe was taking place and these angels were there, but like I say these angels were not tested yet.

God created the universe to keep time with and He is going to create a planet, lay the foundation of the planet Earth, and He is going to use this planet Earth as a laboratory to test these angels with. Some people believe that there are other planets out there but I don't believe that there is another planet in the whole universe like planet Earth, because God only needs one laboratory. It has been a laboratory from day one, and it is still a laboratory today to test you and me to see what we are going to do. Are we going to let this world and all its enticements suck us

in or are we just going to continue to love the Lord with all our heart, His laws, His precepts, and continue on with the knowledge of God. Like we were saying are we going to retain the knowledge of God or are we going to cave and go down the path of Nimrod and make a name for ourselves. We decided we are going to retain the knowledge of God because there is no end to the knowledge of God.

As I've said, He created a timepiece out there and He created a laboratory and He created an animal kingdom. This all took eons and eons of ages to get everything established He created this environment for these animals to live in. When that environment was established there were trees and leaves and all that stuff that He created for that animal kingdom, and He is going to use that animal kingdom to test these angels. There they were every one of them they watched God's display of power when He created the Heavens and the Earth. Everything was honky-dory, then God created the animal kingdom, dinosaurs of every description, He created all kinds of animals and He puts these angels in charge of this animal world because God is going to test them with what they are going to do with them and how they are going to govern. He puts them in charge of the breeding, everything, the reproduction, the infrastructure, the genetics.

Lorraine speaks: I call it the laws of nature. He put the angels in charge of the laws, and they governed those laws. When you look at the tree it is a matrix in the spirit. It the same way when you look at the two laws that were in the Garden of Eden for the law of reproduction - The tree of Life and the tree of the knowledge of good and evil. God instructed them not to partake of the tree of the knowledge of good and evil. They made a wrong choice and partook of the tree (law) of the knowledge of good and evil, that was the law that was now instituted in Heaven how mankind is going to reproduce - Sex for pleasure. If they would have chosen the other tree (law) it would have been sex for

reproduction only, and that would have been a perfect child for God but because they chose the tree of knowledge then that set the law for all of humanity how it is going to be. These angels all had a specific job they were in charge of certain laws whatever God created them to do. God gave them a created law to abide in, but in that they had a free choice.

Sam speaks: That's what people need to remember just because they were angels, they were all good angels at first there was not a feeble one amongst them. Everything was honky dory but because they were given charge over these reproductive laws, over the animals, now anytime that they wanted they could mess with that thing and they had the capacity and the free will to do it. How are you going to test somebody if you don't give them a choice to do it.

Lorraine speaks: Even when we heard that scientist talk about the sugar Xylitol, how it used to be a liquid form and in the laboratory, I don't know if they did something in the laboratory but it changed its structure from being a liquid into a solid and he said simultaneously all around the world it changed into a solid and now they can no longer put it back into a liquid form on its own because the law of nature changed. That is the same way with what happened in the garden once Adam and Eve partook of that tree of knowledge of good and evil it could no longer be put into reverse.

Sam speaks: It is quite unique how it is set up. That's the same way it happened back in the prehistoric world, God was watching everything He created these angels as free moral agents and He set them in charge of the animal kingdom, they could stay within their estate or they could mess with the genetics of it. Before the first Ice Age the dinosaurs they did not kill each other. Originally they did not kill each other they were just eating leaves and foliage, but as time went on they somehow they messed with the genetics of it, they changed the law of reproduction of the

dinosaurs, and before you know it these dinosaurs they were killing each other. We went to this one museum and as you were saying there were still some dinosaurs when that first judgement came that were eating foliage so the whole dinosaur family was not polluted.

Lorraine speaks: Yes, there were some dinosaurs that were just eating foliage in the same time-period as the ones that were killing other dinosaurs, and you can see it too, there are some angels that remained faithful to what God created them to do. Whereas the other ones they left their estate, they left their calling and what they were created to do. They had that choice to do that but in that choice, there are consequences.

Sam speaks: This is not some conspiracy theory we are backing everything up with scripture. The fact, that there was a thought and then it did not stay with Jesus it kept on going with His plan and then eventually you and I were also in that thought. We didn't exist before that, just as it says that Jesus didn't existed before that. We didn't exist in the flesh before we came into this world. I was born in 1947, I didn't exist before that, but I was in the mind of God back before there was a twinkle twinkle little star before there was an angel.

Lorraine speaks: Then you kind of think to yourself what was God thinking when He created all this. First and foremost He wanted a family, but in order to get a real-life family He had to plan out an angelic family and for that angelic family to help Him with mankind He had to test these angels. So as they passed their test then God was able to use them for the creation of man, and then once man is tested here in time, then those that have passed their test will go into the millennium to rule and reign with Jesus Christ and to help redeem this planet back to God. To get everything back into its rightful order. The laws will be perfected and sin taken care of, and death. Once all of that is completed

Jesus hands the Kingdom back to God and then God has His family and all of creation is in harmony.

Sam speaks: It will all have come full circle and here He has it now. There was a lot of pain involved but see going back to the angels in Jude, and just to prove it to you it was all a happy universe, there were no obstacles **and all the sons of God shouted for joy**. The angels were given free choice, and then one day they decided to go and do their own thing. What did they do, it says, they kept not their first estate, that is why I say this is not a gee-whiz and by golly conversation that we are having, you have to back everything up with Bible. There came a day when these angels, certain ones, maybe not at first, they one by one thought that maybe they could do a better job, and went out and messed with the genetics because they were given to be charge over things.

Let's say they were in charge over the dinosaurs, there were other things that they were in charge over, it says they kept not their first estate, eventually there were a whole bunch of them that thought that they could do better and they used their wisdom and they disconnected themselves from their God-given job so to speak, and did it their own way. God had a created job for them to do just like He has one for you and me. What you and I are doing here is what God that great mind planned out and predestinated us to do. It is no use to try to pass the buck on to somebody else, and there is no point in making excuses - Oh we are not worthy of that and there is no use being intimidated by what other people say. This is what God created us to do this very thing that we are doing here today laying out that meat in due season but see before we could do that we had to find our place.

Like the angels in Jude, they left it but we have to find our way, we have to dig our way back from the time that we are born. We came into this world without a compass or anything but as time goes on God sees to it that we become born again and He

forgives us of our sins and we find our place in Christ. That is the whole thing, see these angels, they left their place, their God-given job so to speak. They had an estate they had a job to do, that God created them for. Had they stayed within the confines it would have been one big happy family, but see that's the thing about freedom God gives us all a choice. You can do whatever but remember your liberty will be what God is going to test you with, and a lot of these angels they decided that they are going to go on their own and God tested them. They became so wicked like it says in Jude, they kept not their estate and then you go to the next scripture it says the angels that sinned.

If you don't stay connected to God then eventually you are going to do things that are shady. That is what happened there, they sinned, and then as God watched this thing unfold there came a day where God could not take it any longer because that whole civilization would have been annihilated so God stepped in and brought an ice age and destroyed the animal kingdom and cast them angels, those that were tested now, into everlasting chains of darkness. He would not release them, they were chained into everlasting chains of darkness, and I believe it is until after the millennium because He cannot afford to let them go because they are so wicked, but God had to let it run its course, and then He showed up and takes the earth out of alignment and that destroyed that whole animal kingdom. You can go to these museums and see it all. God had a purpose and a plan to test that angelic kingdom and once they were tested God destroyed that animal life.

Lorraine speaks: I wonder why God didn't just throw them into the lake of fire.

Sam speaks: Those angels in Jude because we will have to judge them. Paul mentions it did you not know that we will judge angels. You will not hear anybody talk about this but now what

happened now is when you read in Job how there are two groups. It says in *Job 38*:

4. *Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding.*

7. *When the morning stars sang together, and all the sons of God shouted for joy?*

Lorraine speaks: It says when the morning stars sang together those are the top angels that is why they are called the morning stars. They were created around when time began. That is why Lucifer is called, son of the morning, he was created just before the dawning of time, he was the last angel that God created it says Lucifer sealed up the sun.

Sam speaks: Just before the creation of the universe, of this planet. That is why Lucifer is called, son of the morning. There are people that have a different version but he was created before God created time. All these things scripture backs it up, he was the last angel that God created because he sealed up the sun. It is self-explanatory. We don't have to explain all that, when you seal up the sun that's the last one. When a guy loads that trailer and that last cabinet that went on there, before the seal was put on there, that was the one that sealed up the sun of them. Once God was finished testing those angels in Jude judgement came on this earth, and God chained them into everlasting chains. When you go to museums you will learn that this tremendous heat hit the planet, when you drive through some states you can actually see places where the planet boiled. Then God had to let the earth go into an ice age state to cool off and that is why you see these petrified forests and all that. Even when you look at the mountain ranges and the grand canyon that is how they were formed, God created Hell. It says Hell was created for the devil and his angels, and we know that Hell is in the center of the earth. We do not know how long the earth was in that state of judgement probably millions of years but once God saw fit He

brought the planet back in alignment. Then God once again put animal life back on this planet to test the morning stars. It says in Ezekiel 28:15 *Thou wast perfect in thy ways from the day that thou wast created, till iniquity was found in thee.* When God cast him down he took with him one-third of the angel, and Hell was enlarged and God took earth through a process in order to enlarge Hell. *Isaiah 5:*

14. Therefore hell hath enlarged herself, and opened her mouth without measure: and their glory, and their multitude, and their pomp, and he that rejoiceth, shall descend into it.

When we go to Isaiah 14 we can read how Lucifer sinned, he wanted to exalt himself above the stars of God and wanted to be like the *Most High*.

12. How you have fallen from heaven, morning star (Lucifer), son of the dawn! You have been cast down to the earth, you who once laid low the nations!

13. You said in your heart, "I will ascend to the heavens; I will raise my throne above the stars of God; I will sit enthroned on the mount of assembly, on the utmost heights of Mount Zaphon.

14. I will ascend above the tops of the clouds; I will make myself like the Most High."

15. But you are brought down to the realm of the dead, to the depths of the pit.

When you read Genesis 1:

1. In the beginning God created the Heaven and the earth.

2. And the earth was without form and void; and darkness was upon the face of the deep.

Between these two sentences, millions of years have gone by where God tested the angels. That is why it says the earth was without form and void because it was in a judged estate, and God once again is going to bring it out of its judged estate and create a new creation - the family of man. Now, these angels have all been

tested, and can assist Him. God now is saying to these angels that passed the test - **let us make man.**

Lorraine speaks: Where a lot of people are wrong too in with Genesis 6:4. Humans have a physical body they can reproduce the angels they cannot at anytime or any form reproduce. They do not have bodily functions to reproduce. They have a body but not a mortal body that is physical that is why when people go to the scripture in Genesis where it talks about the sons of God and the daughters of men, when they came together they created giants. They have this wrong teaching that there were angels that had a relationship with humans and created giants. It's false teaching and that is putting it mildly. It's actually diabolic because at no time and no place can angels ever reproduce, they have never reproduced and never will. They can mess with people's thoughts, and they can use people like demonically occupy a human, and they invade and the human is a host to these demons, and they can do a lot of damage that way.

Sam speaks: If it would be like that where is the scripture for it. It says Eve is the mother of all living. That nullifies this whole theory, something that maybe sounds good by some philosopher, but it is not scriptural, it does not make sense. The reason they had giants is that there were two lines mixed together the line of Cain and Seth, and when they intermingled and had children it created a whole different line of man.

Lorraine speaks: If you look at Cain he was from that evil one, he was a seed from that serpent, before God cursed that serpent he was an upright creature. Seth was a son of Adam and had not the fallen nature but was born into this fallen world, because sin had entered into the picture, Seth, he knew the heart of God.

Sam speaks: Just for the sake of the conversation the serpent is not the devil, he was called George, just for the sake of the conversation, and for people's understanding. George, he was

doing Adam and Eve's bidding. When Adam wanted something done the serpent did it for him.

Lorraine speaks: That is why God when He was done with cursing the serpent He told Adam by the sweat of your brow you are going to have to earn your bread now because his servant is no longer there for him to do his work.

Sam speaks: He had it made. The line of Seth was from Adam and Eve the Bible says *Genesis 4:*

26. And to Seth, to him also there was born a son; and he called his name Enos: then began men to call upon the name of the LORD.

It was the line of Seth that was calling upon the name of the Lord. When you compare it to the mess that is going on down at the land of Nod, the Seth line was a pure line. Then when the sons of God (Seth's genealogy) and the daughters of man (Cain's genealogy) came together that is how the giants came about. All this was back in that great mind, God had all these attributes that He had. When it says that He created evil in Isaiah 45:7, He created the freedom for these angels to sin, that is how sin came into being. For an illustration when you walk away from the light then you walk in darkness. You have to read it right you have to understand it right. It reads that God created evil, He did so by creating a pathway towards sin by creating these angels as free moral agents. Just like the gun rights you were talking about the second amendment in the states. You can't take that gun away if you do you take that freedom of choice away too.

Lorraine speaks: When God shows you the beauty of that second amendment you see the whole mind of God how free choice is so important to God. You can have a gun, buy a gun, and have as many as you want but it is what you are going to do with that gun that is what you are going to be tested with. If you want to use it for evil, you will be judged accordingly or if you want to use it to protect yourself and so. The whole constitution

hinges on the second amendment, free choice. The first amendment of free speech is important but if you take the second amendment away you have no free speech that is what it all hinges on that freedom of choice.

Sam speaks: That Constitution is divine and going back to that counsel that God had I can't get away from Ephesians one, for years I go back there and I find something more how that great mind that great eternal spirit made that plan. He had all these attributes and He had no way to express these attributes, He was a healer but there was nothing out there to heal. He created an angelic host as free moral agents they were free to make their own choice. Then He created Adam and Eve and He gave them two laws and He knew what they were going to do because Satan used the Serpent to entice Eve and they did the exact opposed of what God said when He told them not to partake of the tree of the knowledge of good and evil.

Lorraine speaks: Just the way God created Adam and Eve it was doomed to fail because they were created as a whole, as one, and then He separated them. Brother Branham always said that Eve was a hybrid because she was taken out of Adam. A hybrid will always fail a pure seed will not. That is why Jesus could not fail because He was a pure seed.

Sam speaks: When you go back and read it and you can think Adam - Why did you guys do that. Even God asked Adam - Why did you do that. If you read it, it looks like a sad picture but then you go back to that great council and you really know God it was all so we could get to know God. As it says in *John 17*:

3. And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent.

All of our lives we wanted to know this God because in that is eternal life, and knowing what we know here. Anyway going back when God created Adam and Eve God knew that they were going to make the wrong choice and when you read it it is a sad thing

that they did that. The heartache that it is going to cost and in it all God is smiling. He is smiling because He still has all these attributes, He is a healer but there is nothing to heal. Then the program goes on and from time to time if people believe like we were discussing the other day about Elijah, there was only Naaman that came to Elijah to be healed.

Like we were saying the other day many had leprosy but there was only one that was healed and that was a foreigner. If all these lepers would have come to Elijah they all would have been healed, but there was only the one that came from Syria. It is the same thing today God is a healer but He has nothing to heal, there again there is the choice. Even to this day anybody that would come through here, like for myself, I got healed from cancer because you prayed. That Jeremy he was here for 2-3 days and he got delivered from all his stuff, he got delivered from that demon and from alcohol and all that stuff, but see here is the problem you have to maintain that, you have to be grateful for what God did for you and you have to move the program ahead you cannot get slothful and lazy. These things will come back on you, you have to stay on top of things.

Going back to that great council when God created Adam and Eve, God still had some attributes that He had to share. By the time it is all over God will have expressed all of His attributes that He has. He is a creator, a healer, a redeemer, He forgives sin. Moses wanted to see God and God said no man can see me and live but I will show you my hinder parts; eternities past, and when God passed over Moses, Moses saw the heart of God His attributes, how He forgives sin and keeping mercy for thousands.

In *Exodus 34*:

6. And the LORD passed by before him, and proclaimed, The LORD, The LORD God, merciful and gracious, long-suffering, and abundant in goodness and truth,

7. Keeping mercy for thousands, forgiving iniquity and transgression and sin, and that will by no means clear the guilty; visiting the iniquity of the fathers upon the children, and upon the children's children, unto the third and to the fourth generation.

There again I just want to bring this out, In the beginning was the thought, if you miss that you miss the whole concept, you mix Jesus into that He always was. Jesus did not exist, as I said, until 2000 years ago when that thought was laying there. He didn't even share it with anybody until the time came and Gabriel was sent to Mary and that thought was released. That thought was released to Gabriel and guess what Gabriel did he releases that thought to Mary. Then guess what Mary did she believed it and the second she believed it that thought started to produce an embryo. First it was a thought, then it was a Word and then it became flesh and it dwelt among us. John said we touched Him, really he touched that thought. That thought became a Word as it says, in the beginning was the Logos. Logos is described as when an intelligent Human Being before He says sometime, before he can say something, he has to have a thought. He does not go around rapping away like a drunk, and a drunk man he just talks there is no intelligence behind it. First it was the thought in the mind of God, then it became a Word, and then it became flesh.

That is what I saw when I went from my bedroom out here. In a split second, I saw that whole picture and I can't even scrape the surface from everything that I saw. I am just trying to bring this thought out. I am going back to that Abraham thing because Abraham was a special just like Jesus was special but eons and eons of ages, like eternity past there was a place when God did not have that thought. To prove it to you it is the same with Abraham, there was a time where Abraham was just a kid he did not think about no son. When you grow up you know how it works you desire to have a family, then when you have that family you

desire a son for that family, and on and on it goes. That is how God did for Jesus He desired to have a son.

That is why John the baptist can never be bride, that is why Jesus said of all the prophets John was the greatest but the least in the kingdom is greater than John because the highest calling is to be in the bride of Christ and John can never be that. To be the bride you have to be in this New Covenant.

That is what I saw during the week with Abraham, just to explain it, everything has to be normal we are created in His images and in His likeness so we can touch God, and get to know Him. Here is another thing that people think they think that God is going to judge us. I want to bring this out because you hear a lot about this New World Order and what is going on in America and Canada, people are paranoid about this New World Order. People need to realize that it does not have a biblical mandate here, because it is not in the Bible. That New World Order goes to Europe, the devil does not have a mandate to control the world. Here he thought he had this mandate and he pretended as if he did, he likes to think that he controls the world he still has that same ambition - I want to be like God. Only God can control the world but God is giving Satan the European world to practice his garbage. He was trying to bring it into America. He created this infrastructure for the last century and more and you can see it all around. How he has internet control and there comes Mike Lindell and he exposes it all. The devil couldn't pull it off because it was not mandated for him to do that. We went through that all last week when the Lord brought him over and we laid out his mandate for him. I don't want to go over it because it is too heavy and a lot of people they do not understand how all this works. When you listen to frankspeach to Mike Lindell and that other guy that he has on there Brannon Howse it looks like it's a real thing and that was the devil's intentions, but it is not going to be implemented here.

Lorraine speaks: That's what he was setting up for that is why I was always wondering who the worst president was in American history is it Obama, Clinton but I came to this conclusion it is the Bushes. They are the worse presidents, what these Bushes did, you see the results of the state that America is in right now. They introduced this New World Order and that's what you see how the world stage could steal that election.

Sam speaks: That was that infrastructure that they are trying to implement through Biden, but we took it to the courts of Heaven that they do not have a Biblical mandate for this. Here is what I am trying to say God himself is under the Word, God when He had that counsel God put Himself underneath that council. So you and I, we are accountable to the Word of God, God Himself is accountable to His Word. It says over in Psalms His Word is above His name. Who has the final say-so - The Word of God. So we could do what Sidney Powell and Rudy Gulliani and these patriots couldn't do when they tried to take it to the supreme court and we saw how it was not going to go anywhere, because these courts have been infiltrated by that satanic infrastructure that the Bushes and all these people implemented all these years. Satan thinking that he has something going here with this New World Order. This New World Order does not have a biblical mandate here. It will fall by the wayside. Don't lose one wink of sleep over it, the same with this mask thing. They do not have a mandate and that is all part of that infrastructure to control the world.

Lorraine speaks: They are even saying that they hacked into the database of life with this vaccine. I sure hope people do their research before they take it because it will not be a good outcome for them.

Sam speaks: The Bible says they will lay like dung on the face of the earth. They will neither be buried nor lamented over, because mankind has destroyed themselves. Just to clear up that

you don't have to lose sleep over that New World Order here in America we took it to the courts of Heaven and we let Heaven know that there is no mandate here that we can read in the scripture, that America is going to go down that New World Order thing. The only document that will prevail is that Constitution and that vision that George Washington had, and that is the direction that America will go which is a civil war. It is all according to scripture, it is all according to that great plan that God had back in Ephesians. Here is the main ingredient that a lot of people read over - He said He will see to it that it will go according to His will. Don't even think about changing that plan. When I go back, I cannot see it here, only in the European world the old world order. It is the European world the biblical world. It has nothing to do with America, it has nothing to do with China. Alexander the Great never did control China, and neither America so why would it change now. It is the European world where that is going to be implemented. We saw here in America with this Covid what awaits Europe. The devil is going to do it but here in America he has no biblical mandate. So you can relax.

I just what to bring out - In the beginning was the thought, and then there is another beginning Genesis one when God created the Heaven and the earth. Before God could create it had to be a planned out thought. So the thought came first and then creation came. It is all a very beautiful plan, we understand that and we can go from the beginning to the end, we can go from Genesis to Revelation and we understand it all and we can express it. That is the problem with me I find it hard to express it the way I see it, but you have to stay with that thought. You can't have an intelligent being just yap of something, having a word, before he would have a thought. It is as simple as I can put it.

Then when you go to Abraham he was a special child, and the demonic forces they knew something is going on here. Nimrod was a great guy, intelligent, probably the best of the best, but he

didn't retain the knowledge of God he went the other direction he was in contact with the demonic world. When Abraham was born the stargazer they saw it, and like the story goes Terah was in charge of getting rid of and killing the boys when born, but somehow he was able to fool Nimrod. It kind of makes sense. As I said when Abraham was 12 years old he didn't care about no son for himself, but as time goes on he evolves into it. Then as he got older his heart was bleeding and yearning and then God interrupts his thoughts and promises him a son. The angel came to visit him and told him that in the next year he will have a son, and sure enough, it happened. That is the way God is, first He created an infrastructure for His son, He creates the angels and give and made them free moral agents and then He tests the morning stars, and then Lucifer and his crowd fell taking one-third of the angels with him.

Now just to prove to you that I am right when you go back to Job 38 when God asked Job where were you when I created the foundation of the earth. The angels were there why did they not assist Him - The reason why was because they were not tested yet. Now He has tested the angelic host and when we go to Genesis one it now says - Let us make man in our image. Who is us? The Trinitarians, say it is Jesus. NO, it is not Jesus, Jesus is not around yet. God is referring to these tested angels. That is why this freedom of choice is so important to God. Now He can bring in these angels and now He is using the word plural 'us' and He involves the angels.

Lorraine speaks: What these Trinitarians do is they make it look like God is doing a sloppy job, and that is what the devil does he likes to confuse the picture so that people never get it right.

Sam speaks: Yes, Trinity is a confusing picture, you have to believe it before you can understand it and there is nothing there to understand. Jesus never existed, if you tell a Trinitarian that, it is practically impossible to get it out of their system. He existed in

the mind of God and when the fulness of time came that thought was release and the Word became flesh.

That is what I saw all week. The title is the absolute understanding of John chapter one, it was the thought. Now you have it. There are a lot of things that I didn't see when I first saw it. There are those two beginnings. There is the beginning of the thought and then there is the beginning of that thought being administered. It makes sense there is so much more in this than I can even think about. As I was saying I was walking from here to there and the anointing just hit me and I thought I should have a conversation right away but see you can't do that because during the week the Lord fills in some things. If we would have had a conversation right away under that anointing it probably would not have come out as well, because during the week the Lord adds, and brings to the picture. I saw this other beginning and how God created, and I always need your help because you brought out this story that you read about Abraham, and it all blending in. Abraham heard the voice of God, and we can apply it to our own life I heard God say - Sam, I am coming soon. I moved I did something. I lost interest in the things of this world. You read out of the scripture - Behold I will send Elijah the prophet. God could talk to you. It was so real to you that you went and told your parents about it. God talked to you and you acted on it and here we are today.

Heavenly Father we just had a conversation around Your Word I just pray that You will take it and use it for Your honour and glory. I know that You will have to open it up in the hearts of the people, I can't do it if You don't give that increase nothing is going to happen. I just pray Lord that there are people out there that will understand it, and I pray that You will ignite in them an interest, and give that increase in Jesus Christ name we pray. Amen.
