

## **HEAVENLY FATHER WE APPRECIATE**

1. *Heav'nly Father, we appreciate You;  
Heav'nly Father, we appreciate You.  
We love You, adore You,  
We bow down before You;  
Heav'nly Father, we appreciate You.*

2. *Son of God, we magnify You;  
Son of God, we magnify You.  
You've saved us from sin, gave a new life within;  
Son of God, we magnify You.*

3. *Holy Spirit, what a comfort You are;  
Holy Spirit, what a comfort You are.  
You lead us, You guide us,  
You dwell right inside us;  
Holy Spirit, what a comfort You are.*

## **LORD, I WANT TO LOVE YOU MORE**

*Lord, I want to love You more  
Than I ever have before  
You're so easy to adore  
Lord, I want to love You more*

*Lord I want to praise You more  
Than I ever have before  
You're so easy to adore  
Lord, I want to Praise You more*

*Lord, I want to serve You more  
Than I ever have before  
You're so easy to adore  
Lord, I want to serve You more*

**LORD YOU ARE MORE PRECIOUS**

*Lord you are more precious than silver  
Lord you are more beautiful than diamonds  
Lord you are more costly than gold  
Nothing that I consider compares with you.*

**I WOULD RATHER LIVE FOR HIM**

*You may wonder why  
I choose to live this way  
And you may wonder  
How I make it through the day  
Well I found me the answer  
When I fell down on my knees  
I would rather live for Him  
More than anything*

*Oh I would rather live Him  
More than anything I know  
More than houses and land  
or riches untold  
Than to live in this world and lose my soul  
I tell you my friend I would rather live  
For Him more than anything.*

*All these earthly things  
They will ruin and decay  
But it don't matter  
I don't need them anyway  
For my treasure is over  
Somewhere on the blue  
I have given Him my everything  
Now it's all up to you.*

### **YES I KNOW**

*Come, ye sinners, lost and hopeless  
Jesus' blood can make you free;  
For He saved the worst among you  
When He saved a wretch like me*

*Refrain:*

*And I know, yes, I know  
Jesus' blood can make the vilest sinner clean  
And I know, yes, I know  
Jesus' blood can make the vilest sinner clean*

*To the faint He giveth power  
Through the mountains makes a way;  
Findeth water in the desert  
Turns the night to golden day  
In temptation He is near thee  
Holds the pow'rs of hell at bay;  
Guides you to the path of safety  
Gives you grace for every day  
He will keep thee while the ages  
Roll throughout eternity;  
Though earth hinders and hell rages  
All must work for good to thee*

### **OH HOW I LOVE JESUS**

*There is a name I love to hear,  
I love to sing its worth;  
It sounds like music in my ear,  
The sweetest name on earth.*

*Oh, how I love Jesus,  
Oh, how I love Jesus,  
Oh, how I love Jesus,*

*Because He first loved me!*

*It tells me of a Savior's love,  
Who died to set me free;  
It tells me of His precious blood,  
The sinner's perfect plea.*

*It tells me what my Father hath,  
In store for every day,  
And though I tread a darksome path,  
Yields sunshine all the way.*

*It tells of One whose loving heart  
Can feel my deepest woe,  
Who in each sorrow bears a part  
That none can bear below.*

### **I LOVE YOU LORD**

*I love you Lord, and I lift my voice  
To worship you. Oh, my soul rejoice.  
Take joy my King, in what you hear  
May it be a sweet, sweet sound in your ear*

### **HALLELUJAH, PRAISE THE LAMB**

*Hallelujah, praise the Lamb  
I will sing His praise again  
Hallelujah, praise the Lamb  
Hallelujah, praise the Lamb  
Hallelujah, praise the Lamb  
I will sing His praise again  
Hallelujah, praise the Lamb*

You have to go out of your comfort zone before you can truly say - Oh, how I love Jesus. There was a time when I could not say that. You have to make it an effort, in this day and hour that we are living in, this grey area, that is the last thing that you will be dragged into. You have to put in an effort. It is like food, I can't go to the store anymore because, guess what, where I am going right down to the garbage isle. So the Lord told me I can't go to the store anymore and the reason being is because I can't have enough in me to stay away from food that has no value. You have to stay away from garbage food. It's the same here you have to put in an effort to love the Lord. In this hour, this grey hour, we are living in now, it is the last thing that the natural man wants to do. You have to pull out of yourself, out of the natural thing, I know people are making a mockery of us because we are singing these songs. This is not entertainment here, it is easy to go to church and sing these songs because it is all about entertainment, but do it just as a family and just the two of you. We sing out of spirit and truth, we sing because we mean it and we put in an effort to mean it. That is just the way it is, I have been seeing it all week that you have to put an effort in, it is not going to come automatically. Like when you go to the grocery store you have to put in an effort not to buy junk food that is why you see so many fat people because they are just roller coasting along instead of putting on the brakes to get off that buggy.

We have a subject today I have never heard it being talked about. That is why you have to put in an effort to cuddle up to Jesus to be on the good side of Him; go out of your way, out of your comfort zone and fast and be in prayer, and do those kinds of things. I am going to say things that will kind of shock people. I have been seeing it all week there is only one worse thing than going to Hell and that is going to Heaven when you are not ready to go there because Hell eventually has an end. As bad as Hell is with all the torment and all that, there is one worse place and that

is if you go to Heaven without being converted and having to hang out with people that you don't agree with. Once you are in Heaven you are there throughout eternity whereas in Hell there is an end, there will come a time when Hell will be no longer. Somewhere along the eons of ages and I don't know how long, for some people it might be shorter, some people they might have to get double strips.

What I am trying to say is this, in order, for you to really enjoy Heaven you have to start enjoying the Lord Jesus Christ here on this side of eternity so that when you do come to the other side that you can't wait to hang out with Him, but if you have not made an effort to do something, and that is why I kind of like to take time out - Lord, I want to love you more. That has been my song all week. Lord, I want to love you more and you have to exercise some muscles to do that. You can't just go along float along in life and expect something from the Lord. I like to go swimming, when I first started to swim I couldn't swim very far and my muscles got tired and then after 2-3 days you can swim for quite a while and if you keep it up you can practically swim all day because your muscles are trained.

It is the same here spiritually you have to train yourself. I remember back in the day when I became a Christian I remember going to Winnipeg and they had this preacher in there Morris Cirillo. I heard that he was at the Convention center so I went there, and that was the first time I went to a place like that and I made sure I am sitting right there by the exit; right by the door; the first chair going out. It was something new I was embarrassed to be there, to be seen with those kind of people, but as time went on the next time around I thought well I can maybe take the second seat in but today I could go right up front. The same here you have to put in an effort - Lord I want to love you more. Today, I would go right up front and take it all in and it is the same thing here I have been seeing it all week you have to go out of your

comfort zone. You have to put in an effort because when you go over to that other side there is one person that you want to be able to cuddle up and that is the Lord Jesus Christ, and in order, to do that you have to do it down here. You have to practice a little bit down here, to cozy up to Jesus, hang out with people that are of the same mind. People that love the Lord, but if you don't it will be a strange place there. That is why I keep saying and I kept seeing it during the week I never thought that I would be able to say it but there is only one place worse than is going to Hell and that is to be in Heaven when you have not done anything to cozy up to these kinds of people that are in Heaven, that are Christian's; that are believers. That believe in the Lord, that love the Lord, that believe in the Word so you have to put an effort in, down here, to kind of cozy up to these kinds of people, instead of the drunk, and the good timers. Like the song says - *Gleich und gleich gesellt sich gern*. Show me who you are running with and I will show you who and what you are. For myself, I like to hang around with the down and outers and to make an effort to do that even if you don't like to do it just stretch the muscle a bit like swimming an extra lap, and get some new muscle. It is the same thing here try to hang around with people that are looked down on and in it there is joy unspeakable fun of glory.

I can prove to you that you have to put in an effort to hang around godly people because let's say to hang around you and me, we mean nothing but well for people yet society has people branded not to talk to Sam and Lorraine they are going into ausschloß if they are seen talking to you and me so to speak. For me, it was different if I heard that they passed a law that you can't talk to them I put in an effort to go and talk to them, maybe they have something, and I wanted to know what it is.

At one time you were not allowed to go and speak to Danny and David from Lakeside colony. It was like - you better not be seen talking to them. Well, you know what I did when I went to

Winnipeg - I made a point to stop in; I made a special effort to go and see them. Then, of course, the next day I got called up by my father-in-law for going to visit them. He was one of them that passed the law that you can't go and visit those guys, he found out about it, I guess he had his spies down there and he called me up the next day and said I heard you were down there visiting those renegades. Ja, I said, I wanted to find out for myself who the renegades are and I found out who the real renegades are - The renegades are you and your crowd. It is not those guys, they are just telling you guys the truth. That is what I mean by going out of your comfort zone if there is something in you, but if you are just like a piece driftwood and you just drift along and allow yourself to be told things then that's what you are.

Even like that Jeremy guy came by here with a strong and mighty arm the Lord brought him here. He'd been influenced to stay away from us from that Kenneth, Ernie, and Myrna and all these people that have been brainwashing him for years, and here the Lord dragged him in here and he gets delivered from that demon. He had one foot in Hell, that guy was headed for Hell, the Lord gave me scripture when he called on the phone when we were communicating with him. He had sent us an email and we made contact with him, we have talked about it in other conversations so I'm not going to go into all the details, but the Lord gave me a scripture right out of the Bible over in Jude - some pull out of the fire hating even his garments. So that is what the Lord wanted us to do with Jeremy, He wanted us to pull him out of the fire, he was bound for Hell. Heading 100 miles per hour straight for Hell and there was nobody that could do anything for him, there was nobody that could do anything for the man he was so steeped in this diabolical agenda. There was nobody that could help him and guess what the Lord did against all odds after being brainwashed against us the Lord with a strong and mighty arm He brings him here and he gets delivered, he gets to bathe himself for

3 days in the Shekinah glory, but all in all he came here were he could get help and it could work with everybody who would come here the Lord would do the same for them.

Lorraine speaks: I know what you are saying when you say that there is only one worse place to be and that is in Heaven if you don't really belong there. You can visualize in your own life there are times when you come into contact with a certain group of people and you have nothing in common with and you feel like what am I doing here I don't belong here. There is no common denominator; no common point of interest that we could build a conversation on and build on that. There are instances in life that will take you to such a group of people and you think to yourself just let me get out of here. I can understand why a person that has never really built up anything of eternal values that will make people not comfortable being in Heaven because there is nothing there that you have done to be there. You have not accepted, the fact, that you are a sinner, that Jesus died for you and, that you needed a saviour. That is all we can do is acknowledge that we are sinners and that we need a saviour and that Jesus did it all. People that have not done that will not feel at home in Heaven.

Sam speaks: They have not even recognized Jesus and then they have not even made an effort to hang out with Christians. Let's say, for an instance you and me, people have not made an effort to hang out with Sam and Lorraine because they have been brainwashed to stay away from these people. So now how would it work for those people when we will be in Heaven when here on earth you didn't want to spend time with Sam and Lorraine. It would be a very painful thing. That is why I say people need to put in a little bit of an effort at least, to at least hang out with Jesus and so that He will make a way for you.

Lorraine speaks: People just don't seem to understand this concept either, and I am going to borrow a phrase that Brother Jackson used he said - I am going to say this as humbly as I know

how to say it. What I want to let people know is this, that the God of Heaven, the Creator of the universe would not even look at the Hutterite nation as anything. I saw it this week and the God of Heaven showed it to me twice. He let me see that He would not even look at the Hutterites had it not been for Sam who was willing to lay down his life, lose it all and not care but to save a nation, to save the Hutterites from being eternal nothing. The Hutterites they do not know the blessings of God they can tap into right over here because someone was willing to lose it all, and stand in the gap. Just like Moses stood in the gap for the Israelites and just like Esther stood in the gap for the Jewish people and that is what Sam did for that Hutterite nation. That is why I want to say it as humbly as I know how to say it so that people don't think I am lifting up and exulting a man, I am not. I want to make it easier for people to understand the blessings of God that they have excess to. That God opened it up to the Hutterites, God made it available to them. Just like Jesus made salvation and redemption available to all of mankind. The same here the Hutterites have excess to the most glorious thing that God can give to them, and that is this channel here. If they don't realize that they will end up having nothing.

Like the native people they are all dispersed they have nothing, they are depended on the government to feed them house them, and provide for them. Of course, you will see an individual native that will be able to dig themselves out of the rubble above the fray and make a life for themselves but as a whole group of native people, they have nothing. They have not a thing but to be dependent on the government but God was able to preserve the Hutterites because someone was willing to stand up and fight against this corruption, all the odds were against him to do that. I can't stress it enough, the blessings of God that they have access to because God found someone that was willing to do that. God would have just done away with that whole system

but somehow they found grace in the eyes of God, that He was able to find someone that was willing to stand in the gap for them, for God to even look at them.

The Lord saved me when I was 21 around there and I read my Bible I did everything that I could to live a godly life, to live for Him on the Hutterite colony and when I was 27 I said - Lord, there has to be something more that I am not understanding here, I want something more. I want to know what happened in the garden, I want to know why we are sinners, I want to know so many things that I didn't understand in the Bible, I wanted to have the answers to the questions that I had, and God saw fit to open it up to me.

I always refer to the blind man that Jesus healed and those Pharisees came to harass him because they did not want to acknowledge Jesus. They did not want anyone to tap into Jesus, but there was a blind man that Jesus healed. So this blind man told them this - All I know I was blind but now I see. I can say that but from a different light and that is: all I know there was someone that was willing to put down his life for the sake of the Hutterite nation, lose it all, his family, his home, not caring but to venture out and find what God has in this end-time and all I can say is - You Hutterites you had nothing for me, you had nothing for me. There was someone that was willing to lose it all so that I can have excess to this end-time truth. What more could God give me, He gave me everything that I ever wanted in life, His Word, living for Him. Wanting to live a pure and upright life before Him, to live Holy before Him in love, and not to be bound by religion and by creeds, by rituals, by a Hutterite system that has nothing for me. The Lord gave it all to me, and I can't thank God enough for doing that.

Like that Jeremy you mentioned earlier he has only one job description when he goes to bed at night when he wakes up at night when he gets up in the morning, and during the daytime

when he wants to think about something good when he wants to think about something lovely like Philipians says in *Philipians 4:8 Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.*

All he needs to do is God had compassion on me. He looked down and He pulled me out of the pit of Hell because that is where I was headed. He had compassion on me, He sent me over to Sam and Lorraine and delivered me from the pit of Hell, from the demons of fear and everything of torment and God saw fit and had compassion on me. He just has one job description to think on those things God had compassion on me instead of wanting to be this big important person. Then he always says - I pray that God will keep me humble. That is what will keep him humble, every day, every moment that he has to spare - God had compassion on me, He had me go to Sam and Lorraine for help, and he shares it with people what God did for him, and how he did it. That is all he needs to do in life that is all the job description that he has in life.

Like these world leaders these preachers. These politicians of North America especially, these leaders if they do not uphold the liberties of the Lord Jesus Christ, if they do not uphold the Constitution of America and the Charter of Rights they need to vacate their seat as soon as they can because God is going to take it from them because they are going to be weighed in the balance and found wanting and they need to vacate is as soon as possible because they fail that job description and they will be found wanting. They need to exit it. The same thing with these people in this truth they would have nothing had God not found two people that were willing to lose their reputation willing to just lay down their lives for this truth here so that the devil could not

take it away. That is the channel that God has and it is the channel that they are going to have to walk through. They like to throw this scripture at you *Hebrews 1:*

*1. God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets,*

*2. Hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds;*

Yes, he speaks through His Son Jesus but Jesus has a vessel on the ground that He uses to represent Himself to the people. It is a principle of God how He does it. That is why a lot of people miss what God is doing in their hour because they do not understand that God has someone on the ground like He had Paul, a preacher of the gospel to the gentiles because the Jewish people rejected Him they remained under the old covenant. They are still under the veil that Moses had on his face, and the truth of the gospel the glorious gospel of Christ cannot shine on them. God opened it up to us gentiles the glorious gospel of Christ the gift of Salvation but the god of this world has blinded people. They have access to it but with a condition, like North America, the churches they had access to the glorious preaching of the gospel but they rejected it when they rejected Brother Branham. They rejected brother Branham and the message that God had for them and there now you see what America is playing the game, socialism crept in, pedophilia crept in, everything that is corruptible crept into North America because they rejected the very thing, the very blessings that God had for them and they rejected it.

The Branhamites rejected the very blessings that God had for them after brother Branham left the scene, Brother Jackson. That is your cornerstone for your day and hour, you're stumbling-stone. That rock of offence that people do not want to acknowledge is that this is what God has, the vessel that God will use to speak

through. They reject it because they are jealous, they are envious, they just do not want to acknowledge and accept that that is the person that God now has. What did they serve then. In the desert they went roaming around in the desert, following a bruised serpent instead of the glorious gospel of the Lord Jesus Christ through brother Jackson. Then after brother Jackson passed off the scene God had two people that were willing to lose it all and not care for their reputation or anything. They were willing to overcome, willing to be mocked at, accused of being shackled up, persecuted, to be made a ridicule and everything under the sun.

Just like they ridiculed Jesus at the cross, that's how they have ridiculed us with all the ridicule that you can compare to because of what, all for the sake to preserve this truth. That is the stumbling block for your day and hour, and if people don't tap into this channel then God has nothing else for you, and that is why people can say - Oh I love Jesus, I believe in Jesus, but do they believe in the Jesus that God has according to His precepts that God has representing in your day and hour. Do they believe in the Jesus that is being revealed and is being portrayed to you in your day and hour. Jesus is still here today, He is working through individuals. Just because people don't like that person does not change that fact.

Sam speaks: I believe you were saying, you came to a time in your life and you were wondering why are we being so persecuted, we are being shunned and looked down on and mocked. You were wondering ever since I started to hang out with Sam all these things are happening to me. My family cuts me off, his family cuts him off and you're wondering what was going on. You were telling me that you were asking God and He let you know it's to preserve this truth. We are the only two people that will persevere this truth; that have persevered this truth. You can go out there and you can listen to Fred, this guy or that guy or these so-called preachers, you are going to end up with muddy

waters, you are going to end up being more confused than you ever thought of being because if it was up to them they would have this truth destroyed, it is just you and me that are holding the line on this end-time truth that brother Jackson brought us.

Lorraine speaks: That is right, I asked the Lord one day because of all the things that we have had to endure since the Lord brought us together. It reminds me of what brother Jackson had to go through with the Branhamites, it wore him down and he got depressed and one day the Lord spoke to him - How long will you doubt my Word. That is how I, one day, just ask God a simple question I asked - Why did you bring us together ever since then we have been ridiculed, and everything else we had to face, with the family being the worse. They pile on you and they harass you. They speak all manner of evil against you and I said - Lord why did you bring us together. I was not even finished asking the question and the answer was right there and He spoke to my spirit and He said - To persevere this truth. That is exactly what happened, I know we were the only ones that really knew what God was doing after He took brother Jackson off the scene it was a very treacherous hour, but God He always has a way, He works in the shadows. One day it will be manifested.

Sam speaks: Going back to what you said about there is only one man that stood I didn't even know going through all this persecution I believe the Lord told you that, I didn't know what was going on I just knew that I couldn't go along and here behind the scene the Lord was preparing me for this hour today. I was up at Vancouver and something happened up there, I could tell that the Lord was saving my life, then He gave me this scripture -

Doch Joseph muß nicht sterben,  
Er kommt zum Fürstenstand,  
Es müßte sonst verderben  
Das ganz Egyptenland,  
Vor Teurung bis zum Tod,

Dieweil auch selbst kein Brot  
In Kanaan zu finden,  
In dieser Hungersnot.

It was like the Lord was telling me Sam if I let someone kill you then that whole Hutterite nation is going down, I am preparing you and I can look back now that is what He was saying. I didn't know at the time - I am preparing you to someday save that Hutterite nation. That is why no harm can be done to you. They tried over the years to ridicule me and to get me to compromise. The only thing that would have stopped this program was if I would have at any time compromised and caved. Like going back to the colony and put a feather in their hat.

As you were talking here I was reminded of that Maendel. The Maedels they want to be this big guy on the block. I have nothing against the Maendels but they want to be something that they are not, and not qualified to be. Here God rich in mercy He gave this Maendel, the Maendel of all Maendels that Joe Maendel from Forest River colony had an experience. It just came to me here as you were talking, the Lord gave him an out-of-the-body experience in 1975 and when he was done with it he went around sharing his experience, and one day he came to our home to give his testimony. The Lord gave him life again I have it all in that book - The year of the Eclipse. Here this Maendel, and like I've said, I have nothing against Maendels but they want to be the big guy on the block. They want to be something that they are not honed out to be, so He gives this man a revelation that there is something out there somewhere. He had experienced he was dead and wanted to get into Heaven but he couldn't. He tried to explain that he was a Hutterite and all that but they looked at him strangely and told him they don't know what that is. When he came back he realized he had been duped into believing this Hutterite thing this so-called 'gemeinhaf, this olväter thing is it, and he realized that

that Hutterite thing is not it, that the real thing is out there somewhere.

As I said, he came to our home and gives his testimony to try to get my dad to go along with him, with his idea to venture out and find what is out there. I heard him with my own ears, I saw the earnestly on his face, the passion in his voice, the seriousness in his eyes. He said, if we go out there, God is going to show us where to go, but was he willing to lay down his life. He wanted four people to join him. Well, was he willing and desperate enough, he wants the Maendels to be something but was he willing to stand alone. He would not have had to go very far because his relatives were already in the Branham movement, but when I look back now God did not require it from him. He went around telling his testimony and I was the only one that really heard him that that Hutterite system is not the way to Heaven, that they are being duped and are still being duped to this day. I stood alone I had nobody even my family they turned against me and I stood alone I knew that there has got to be something somewhere, and throughout that and taking a stand the Lord led me to this end-time message - The message for our hour, our church age Laodicea to the ministry of brother Branham, then to brother Jackson, and now when we say that you will have to come to this Sam and Lorraine chapter they think that we are trying to make something of ourselves. Are you willing to have to go through what I had to go through; are you willing to go through the ridicule the rejection for the last 30 years are you willing to go through it and you can have it if you want it as long as you are willing to go through it and pay the price.

Like this woman that came to Jesus, she said to Jesus - I want one of my sons to sit at your right side and the other on the left side when you get your kingdom. She meant this earthly kingdom and Jesus looked and said - You don't know what you are asking for are you willing to drink the cup. Maendels are you

willing to drink this cup. I have never seen one Maendel step up to the plate. This Joe Maendel, he had this out-of-the-body experience, he could have stepped up to the plate and stand along. Never mind taking four people, if the Lord moves on you then you go out and you look for it, if he would have been serious the Lord would have shown it to him because his nephews right down from Forest River they were in contact with his brother Paul sending him some books, it was right at his doorstep probably the very book, the church age book lay on his table. They sent this book to everybody where they had relatives. In this church in Vancouver, those are his uncles down there, these are his relatives, so they sent these books to their relatives. This one guy this preacher Paul Maendel he said that this is just fit for toilet paper. I don't think that he lasted 6 months after he said that and he was dead.

Lorraine speaks: I have nothing against the Maendels either but it always looks like to me that the Maendels they know that they can never really live up to something so they try to talk themselves into it. There are some people that can, actually imaginarily talk as if they have accomplished this great thing, but they can't actually, meet the requirements to actually walk the path. They talk the talk but I don't think they can walk the talk.

Sam speaks: I remember when that Steve died and that Elie I talked to some of their friends and they were saying - Oh he is in Heaven. Ya, I said if you can talk yourself into Heaven then they are definitely in Heaven but I don't think you can talk your way into Heaven.

Lorraine speaks: That is how I see the Maendels. You had a dream about how the Cooks wanted to burn down this truth, that is what would have happened if we would not have stood in the gap for this truth here, that is exactly what would have happened with this truth.

Sam speaks: I did have a dream, that was around the time when I moved down to Grace and Truth. I had quit this group here. I had a dream I was walking away from this building and I looked back and I saw this building burning and it was the Lord saying, Sam, you can't just walk away without putting someone in charge. So I had to put Marvin in charge to look after this group in Portage here. In my dream, I turned around and here the Cooks had set fire to that building when I saw the building I knew that it was the ministry of brother Branham and brother Jackson and I saw Hutterites in the distance they were standing in the distance and they were really broken up because they were very sore that this building is burning because it was like it was their future.

If this building burns down then we have nothing. I persevered this truth, it lines up with what the Lord told you when you asked him why He put you and me together and He answered - To preserve this truth. If we would not have done it the Cooks they would have burned it down and there would be nothing here. I saw it all in my dream they were happy. I saw Lyle, Jorden, and Tyson, they were happy that that building was finally burning that was their only ambition in life to get rid of this truth. Not only them but all these preachers out there when I saw these minefields, they have one ambition and that is to destroy this end-time truth that brother Jackson brought. You and I are the only two people that are preserving it that is why I say it over and over again you are going to have to come through this Sam and Lorraine chapter. They think - Oh this guy is so power-hungry. If it would not be true then I would not be saying it. I would be the last guy to be saying that because I walked the talk, I did drink that cup that Jesus told that woman - Can you drink the cup. Was anybody willing to drink it. Apparently that Joe Maendel, that had the out of the body experience, he was kind of wanting to but could he walk alone. You have to walk it along, he wanted four of the best of the best. Well, he could not collect four of the best so what do you do if you

can't collect four of the best then you do it yourself. Well, he never did it himself because two years later he died.

Like I say the Maendels, they want to be this big guy, and here this guy had this out-of-the-body experience and the Lord was saying if you want to be something then go for it here is your chance. As I was saying I am sure the book was laying on his table - The church age book from brother Branham. The very book you read, but it did not do something for him unless you are willing to put your life on the line, just like I had to, I was willing to stand in the gap, I was willing to put my life on the line and to lose it all. When the Lord called me to speak for Him and He told me when you do you are going to lose it all. It was all organized by God before the foundation of the world. That was the only way that I could bring this truth to the colony. The Lord was saying if I could find somebody in that Hutterite nation no matter where they are from Alberta, Saskatchewan, a Lehrerleut, Schmiedeleut, or Dariusleut if I could find one person that is willing to lose it all for this truth for my sake and the Gospel I will save that nation, so He found somebody, He found me and I am not saying it to brag. You don't want to go through what I had to go through I had to ask the Lord many times - Lord what is going on here. He would not answer me He just let me know that that is what I will have to go through. All He gave me was a vision I saw myself running down a deep valley and I knew what that was. I was trying to look for a way out but I couldn't find no way out. There was no way out.

Going back to the topic we had about you have to cuddle up to these kinds of people this Sam and Lorraine if you want to spend eternity with them because we've got our ticket to glory. You want to spend eternity in Heaven you have to make an effort to be associated with these two people because if we don't then we don't have a prayer. That is why you have to come through this chapter through this channel. That is why it is a Sam and Lorraine chapter; I know what I am saying is true, you know that story in

the Bible about David and Jonathan, they loved each other they cared deeply about each other. One day David he wanted to do something for Jonathan so he took care of this handicapped guy Mephibosheth. What I am trying to say is this Mephibosheth David invited him into the King's table and he wanted to take care of him for Jonathan's sake. You want to read it I am not making this up here it is a rough statement. There is only one place worse than Hell and that is in Heaven if you have not prepared for that place. You need to prepare, first of all, you need salvation and then you need to cuddle up to people that you know are on their way to Heaven. In 2 Samuel 9:

*1. And David said, Is there yet any that is left of the house of Saul, that I may shew him kindness for Jonathan's sake?*

*2. And there was of the house of Saul a servant whose name was Ziba. And when they had called him unto David, the king said unto him, Art thou Ziba? And he said, Thy servant is he. 3. And the king said, Is there not yet any of the house of Saul, that I may shew the kindness of God unto him? And Ziba said unto the king, Jonathan hath yet a son, which is lame on his feet.*

*4. And the king said unto him, Where is he? And Ziba said unto the king, Behold, he is in the house of Machir, the son of Ammiel, in Lodebar.*

*5. Then king David sent, and fetched him out of the house of Machir, the son of Ammiel, from Lodebar.*

*6. Now when Mephibosheth, the son of Jonathan, the son of Saul, was come unto David, he fell on his face, and did reverence. And David said, Mephibosheth. And he answered, Behold thy servant!*

*7. And David said unto him, Fear not: for I will surely shew thee kindness for Jonathan thy father's sake, and will restore thee all the land of Saul thy father; and thou shalt eat bread at my table continually.*

8. And he bowed himself, and said, What is thy servant, that thou shouldest look upon such a dead dog as I am?

9. Then the king called to Ziba, Saul's servant, and said unto him, I have given unto thy master's son all that pertained to Saul and to all his house.

10. Thou therefore, and thy sons, and thy servants, shall till the land for him, and thou shalt bring in the fruits, that thy master's son may have food to eat: but Mephibosheth thy master's son shall eat bread alway at my table. Now Ziba had fifteen sons and twenty servants.

11. Then said Ziba unto the king, According to all that my lord the king hath commanded his servant, so shall thy servant do. As for Mephibosheth, said the king, he shall eat at my table, as one of the king's sons.

12. And Mephibosheth had a young son, whose name was Micha. And all that dwelt in the house of Ziba were servants unto Mephibosheth.

13. So Mephibosheth dwelt in Jerusalem: for he did eat continually at the king's table; and was lame on both his feet.

When you go on to read more of the story when King David had to flee from Absalom and there arose some kind of a conflict between Mephibosheth and his servant. I don't believe Mephibosheth felt at home there and he longed for the day that he could be away from the King's table, when I read it and you read between the lines he was looking for a way out, that's the impression that I got, I could be wrong. In 2 Samuel 16:

1. And when David was a little past the top of the hill, behold, Ziba the servant of Mephibosheth met him, with a couple of asses saddled, and upon them two hundred loaves of bread, and an hundred bunches of raisins, and an hundred of summer fruits, and a bottle of wine.

2. And the king said unto Ziba, What meanest thou by these? And Ziba said, The asses be for the king's household to ride on;

*and the bread and summer fruit for the young men to eat; and the wine, that such as be faint in the wilderness may drink. 3. And the king said, And where is thy master's son? And Ziba said unto the king, Behold, he abideth at Jerusalem: for he said, To day shall the house of Israel restore me the kingdom of my father.*

*4. Then said the king to Ziba, Behold, thine are all that pertained unto Mephibosheth. And Ziba said, I humbly beseech thee that I may find grace in thy sight, my lord, O king.*

Now when you go to chapter 19 David confronted Mephibosheth with what Ziba told him and it did not go well with him. 2 Samuel 19:

*24. And Mephibosheth the son of Saul came down to meet the king, and had neither dressed his feet, nor trimmed his beard, nor washed his clothes, from the day the king departed until the day he came again in peace.*

*25. And it came to pass, when he was come to Jerusalem to meet the king, that the king said unto him, Wherefore wentest not thou with me, Mephibosheth?*

*26. And he answered, My lord, O king, my servant deceived me: for thy servant said, I will saddle me an ass, that I may ride thereon, and go to the king; because thy servant is lame.*

*27. And he hath slandered thy servant unto my lord the king; but my lord the king is as an angel of God: do therefore what is good in thine eyes.*

*28. For all of my father's house were but dead men before my lord the king: yet didst thou set thy servant among them that did eat at thine own table. What right therefore have I yet to cry any more unto the king?*

*29. And the king said unto him, Why speakest thou any more of thy matters? I have said, Thou and Ziba divide the land.*

*30. And Mephibosheth said unto the king, Yea, let him take all, forasmuch as my lord the king is come again in peace unto his own house.*

See the Lord had taken the kingdom from Saul and given it to David. Its the same today its who God chooses and not who man decides in 1 Samuel 15:

*28. And Samuel said unto him, The LORD hath rent the kingdom of Israel from thee this day, and hath given it to a neighbour of thine, that is better than thou.*

According to his servant Ziba, Mephibosheth turned against David but when David came back and he went out to meet him, it looks like a bit of a contradicting story.

The way I read it, it looks like he was not comfortable at the King's table and he wanted away, and it looks like he and his son backstabbed David in a kind of a sleazy way. Now David is on the run guess what Mephibosheth does he still has that inherited evil thing from Saul, what do they do, they say God is going to restore the kingdom back to Saul when David is on the run. Just like that Shimei guy, another descendent of Saul. When he saw David was on the run he went out to curse him. *2 Samuel 16:*

*7. And thus said Shimei when he cursed, Come out, come out, thou bloody man, and thou man of Belial:*

Sam speaks: Just that little phrase this is the day that the Lord will restore the kingdom back to Saul.

Lorraine speaks: That is what Ziba said, some people say that he was out for personal gain and he knew how to kind of throw Mephiboshet under the bus and therefore David will give him all of Mephiboshet property. It's a very conflicting story but if you look at the spirit of Saul and that is still inherited and passed down to his descendent.

Sam speaks: He would have to be pretty sly to even think about saying that to set him up. So he must have picked up something if he said something or insinuated something because he could not have been that evil to just think up something out of thin air. I am sure he was not comfortable sitting at David's table there was Absalom there and how many sons did David have.

Lorraine speaks: It looks like David believed that Ziba.

Sam speaks: I know human nature. Mephiboshet probably knew that he told David and now he had to cover his tracks.

I don't believe Mephibosheth was really ever comfortable amongst the sons of David, he knew he shouldn't be there. That is the way a none Christian would not be comfortable in Heaven. He would feel out of place he would always want to look for an exit route and if he gets a chance he would turn against all these Christians. He would be another Lucifer turning against God. I just want to bring out a point here, first of all, a person needs conversion. A person needs to cuddle up to the Lord and then a person needs to put in an effort to spend time with Christian people. Like people will have to come through this Sam and Lorraine chapter and if people do that they will be blessed. It will be like Jesus said to that woman at the well out of your belly will flow wells of living water. You will not know what comes over you you will just want to praise the Lord. When you go to work during the daytime out of your belly will flow these wells of living water because you are accepting God's channel. I didn't engineer this thing, I didn't even know what was going on in the last 30 years.

Like that parable where a king made a marriage for his son, and the oxen and the fatlings have been butchered, everything has been prepared and all people have to do is believe it and just come, enjoy the food and this is it; enjoy the living water. All they have to do is come, get over this, don't allow yourself to be intimidated and fear-mongered if you talk to Sam and Lorraine then you are lost, kind of thing, the banquet has been prepared.

That Glen guy, he is from Riverbend, I don't know of anybody that I tried to spend more time talking about this end-time truth than with this Glen, so I had a soft spot in my heart for him. I liked the guy, he was an electrician, and I delivered some cement when he was still at Riverbend when he was doing these irrigation pivots. So when I went there I tried to spend every chance that I

had to talk with him about Heavenly things about this end-time truth, and he seemed to absorb it; he seemed to be interested. I knew that someday he was going to leave the colony because he told me he knows about this truth, he went to this church in Edmonton that was preaching things from brother Branham, but no matter how I talked to him I just could not seem to raise up any interest in him that that is it. So he left the colony a while back and here recently we wanted to make contact with him, and we phoned him up and got his address and we sent him some books. Then you sent him a message via phone and here we found out that he blocked you or something. He blocked you out, and that basically, means I don't want your garbage; I don't want anything to do with you guys. In fact, we were down to visit in that area and we asked Tom's wife where he lived. She seemed very reluctant to let us know where he lived and it seemed like she was wanting to steer us away from going there, like that kill-deer bird.

Lorraine speaks: It was obvious that she didn't think it was a good idea to go there, so you could see that they had already discussed us and that it was not a good idea to go there.

Sam speaks: We sent him that book - Sometimes I just have to eat crow and I guess they don't like it when I said in there that you are going to have to go through this Sam and Lorraine chapter. It is the truth, I would not be saying it if it would not be the truth. It is a stumbling block to them. Like you mentioned earlier about this stumbling block and they stumble over it and they missed the whole point of it. Well, are you willing to go through what Sam had to go through; are you willing to put your life on the line for this truth, apparently not. Anyway, we find out that we were getting the cold shoulder, and they didn't want anything to do with us.

Lorraine speaks: Ya, you asked me if I knew him. I knew him quite well. When we were still in Skyview he came there a couple of times and we spend the evening talking to him.

Sam speaks: Both of us had positive thoughts about him. I even said he would be a nice guy to have on board. Just to be able to fellowship with. Not that we want to brainwash him into our way of thinking it would just be nice if he would grab a hold of this end-time truth and here we get a cold shoulder. Then here we were over at this colony and this guy told us that his older son drowned in one of these colonies. These things just don't happen because if a sparrow does not fall without the Lord knowing it how much more so a child.

When people reject this end-time truth, believe me, you are headed down the road of disaster and that is exactly what happened. If he would have accepted what we had to say, and he would have put in a bit of an effort, maybe just 20%, but here he cuts you off, and then here a few weeks back his son drowns.

People fear not God, instead of looking at it, and taking it to scripture they reject it. I was reading today about the Bereans, all these other Jews they made it tough for Paul, they threw him into prison, and when he came to Berea what these people did there they went to the scriptures and they invited Paul in to talk to them. They had a good time, whereas, these other groups were jealous, so they went to the simpletons and they raised up a mob and had them thrown into prison. That is the way people are to this day, they get together and it is mob-style. Instead of sitting down and thinking rationally maybe there is something to that they do the opposite.

Lorraine speaks: Some people are like that Ostrich that you were talking about.

Sam speaks: Yes, I was reading in Job about this Ostrich, God did not inject into that Ostrich any intelligence of no kind, that is what it says over in Job. That Ostrich, it has no intelligence when danger comes he puts his head in the sand, and that is how some people are. They are just not intelligent enough to go to the scripture, to step back and think, and to look at things through the

eyes of the scripture. Some people are just Ostriches they are not endowed with spiritual intelligence whatsoever. It just reminded me of how some people are.

Lorraine speaks: They think by burying their head in the sand it will make things go away. You could almost say in a sense that Glen if he can just pretend that this truth does not exist and he can reject it then it will just go away and everything will be okay.

Sam speaks: Life will go on and he will be able to run his business and his family and it will all flourish and everything will go good and be hunky-dory. What does he do instead of studying it out like a human being would, one with intelligence that is, but when someone has no intelligence he will push his head in the sand hoping against hope that things will continue on and he will go on down the road of life and God will continue to bless him. God will bless you if you do something. Maybe 20% that is all or even 5% just something that the Lord can get a hold of, but what does he do - he blocks you out. When that guy told us I was really not surprised. When I thought about all the effort that I put in talking to that man and here I was shocked when he blocked you out. I couldn't believe it.

Lorraine speaks: We watched Frank Speech the other day and there was a lady on there Sherri Tenpenny, we were watching these testimonies that people shared about the side effects from these covid vaccine and she has been preaching about vaccines for years and now this covid vaccine since 2020. She has done all the research about what is in all these vaccines and the harm that they do, why kids have autism especially boys and a lot of these things are attributed to those vaccines. They are vaccine-related injuries that that through time have accumulated in the body. Like this Covid vaccine they say that those spiked proteins go to the ovaries and around other organs and what do you have then - you have children with disabilities. Then she went on to say that she has no empathy for those parents that allow their children to take

these vaccines when she has been saying for a year now not to take them. She has been preaching her heart out, putting her life on the line, along with other people, some even have been in prison for speaking the truth about these vaccines.

It is the same with these people that you try to help like that Glenn you sometimes wonder if you should have empathy towards these people when tragedy comes their way. You know what God says in Proverbs - I will laugh, I will mock at their calamity. They are not rejecting us we get no glory for it, it is not us that they are rejecting it is Jesus that they are rejecting because it says - These signs will follow them that believe. We just believe His Word, we line up with His Word; we sought Him; we sought this truth out, we lost it all for His sake and the gospel. We were willing to lay down our lives for His sake and the gospel. Now God works through individuals and when you reject those individuals that represent Jesus to you for your day and hour, represent this end-time truth to you, and you reject it then you reject Jesus not us.

So how can you have empathy towards these people, and I thought about this Tenpenny lady, she said I have no empathy towards them and rightfully so, she has been warning for years and where were they when she was warning them. Oh, we don't need to listen to you, it is not going to affect us. We are exempt we try to make this work and be a good citizen, we are making this world a better place to live in; we try to be good; we try to get rid of this Coronavirus. It is almost like they are living in some kind of a la-la-land that they are not facing up to reality. Then this one guy that we talked to, he said he is confused he doesn't know if he should get the vaccine and why would the government want to harm people. Do you think that the government means good for you. They want your money and they want to make sure that you stay connected to their propaganda and have all kinds of ailments and health conditions that you fall into the medicare system that

you fall into the Pharmosudical system because they own all that and when they own all that it keeps the money flowing. It keeps them alive like the devil when you serve him it keeps him alive. When you know his tricks and you are on to him then you don't fall into his traps, and he can't harass you.

Sam speaks: Like when you were saying that these signs will follow them that believe. I sent Jeremy's testimony down to this group. God used us to cast the devil out from that Jeremy, it says these signs will follow them that believe and I sent that book out - How God healed me from cancer. How you prayed for me and that cancer had to go, it couldn't leave fast enough. I was thinking about it this morning. That Jeremy he came here and I went to bed and shortly after that the Lord let me see that he has a demon. So I said - In Jesus name you will have to go and then I said it a second time and he started to listen, well the third time it could not get out fast enough he had to leave. See 'In My name they will cast out devils', that is what you and I are doing here because we are believers we are not some fly-by-nights. We didn't make this up.

Then the other day I felt this pain in my chest and I said why don't you anoint it with oil and pray for me, I don't know what it is and here it was like that demon that I cast out of that Jeremy that cancer could not get out fast enough I barely made it to the washroom to bring it up. I had two cancers and they both left simply because these signs will follow them that believe. It is like a law of gravity; it is like gravity pulls you to the earth that cancer spirit it could not get out fast enough. It says - these signs will follow them that believe. It would happen to everyone that would come by here for help, but society has them brainwashed.

That is why I have no empathy I don't feel sorry for that Glenn after everything that I have tried to do for him over the years, and you know him too. He knows what we are about then we sent him some books. Now he will be either of the two groups and I just

happened to read it this morning how these Jews raised up a mob to make it hard on Paul, and then the other group it's still the same Paul, the same story and they invited him in and wanted to know more. They went to the scriptures daily to see if these things are not so, and there again that is where that Ostrich comes in these guys allowed themselves to be ruled by jealousy. No intelligence whatsoever, so they end up throwing these people in prison, and here is the same thing. It is not yet so that they can throw us into prison but they can shoot negative darts at us. Why don't they take the positive side, he does not know anything bad to talk about me, I have done him nothing but good, and now his son died.

Lorraine speaks: It is just that people have a very hard time accepting what God has for them in their hour. You can see it down through history how they rejected Paul and you can read what all these church age messengers had to go through and you can see how the churches of America rejected brother Branham and the Branhamites rejected brother Jackson.

Sam speaks: Now here the so-called truthers plus the Hutterites are rejecting us but there will be some. Jesus said - Everyone that my Heavenly Father's has given me will come to me but they will have to come down to this humble street. God has this thing so perfectly set up unless you become as a little child you can in no wise enter in. Here you are going to have to come through this channel. The stone that the builders rejected became the cornerstone. Here you are going to have to come through this Sam and Lorraine chapter. Who has been more ridiculed than you and I, accusing us of shacking up and all kinds of filth, like these brute beasts over in Jude. They talk about things that they are completely clueless of and think that they are doing God a service by doing that, that is the sick part of it and we don't even know half of what is going on out there and how they look at us, but see we are having a great time in the Lord.

We have a good time in the Lord every Sunday morning and every morning we can have fellowship. That is our job that is what we do. That is why I say you have to put an effort in, to kind of cuddle up to these people because you want to spend eternity with somebody then you put in an effort here on this side, because you will be wishing that you had. Like I say, you don't want to go spend eternity in Heaven with people that you don't like because the love of God is shed abroad in our hearts. When we become born-again we hate nobody we wish the best for that person. I have nobody to compete against, I got to spend 24/7 to keep my head above the water and to be faithful to what God has called me to be why would I want to compete against somebody else it is just who I am. Do you want to come here and be helped and we will send you on your way like that Randy he came here and we baptized him and then put him in this bobsled and now go make something of yourself.

The same with that Jeremy go and tell people that the Lord had compassion on you. That is the only job description that you need for the rest of your life and the Lord will see to it that you will get blessed. Wherever you go at every opportunity, go out and stand on the corner and tell people that the Lord had compassion on me. At the job site, the Lord had compassion on me and dragged me out of this hell that I was heading for.

Lorraine speaks: That right, that is where it's at - the Lord had compassion on me He pulled me out of the fire.

Sam speaks: We didn't engineer this plan we didn't set this up I could never in a million years set this up. We have been butchered and slaughtered. It says my oxen and my fatling have been prepared just come. All people have to do is just come. Just come, you don't have to know us, like us, or dislike us, just take what has been said and accept it because it is all scriptural. If you don't have any intelligence of your own maybe go and ask someone that might have some intelligence. Like there are some

people, I could tell you, that are not that smart but what they do is they surround themselves with smart people. I've worked for people like that, they would hire smart people because they know that they don't have any intelligence of their own, but they were smart enough to know that they are not the smartest. What they do is they would hire smart people and their business flourished. The Bible even says the King when he surrounds himself with good advisers the country flourishes.

Lorraine speaks: Then the opposite if he has bad advisor then the country goes down, like you see with Biden, the communist are behind him and Obama. Obama is a very evil wicked man. That is why you see America going in the direction it is, but all for a purpose.

Sam speaks: Ja, it had to be that way to wake up America, now America is waking up and that is the only thing that could have woken them up. The four years of Donald Trump didn't wake them up.

Lorraine speaks: When America rejected the prophet to the age, you know how some Christians are, it is all a game to them. That is what America slipped into, everything is entertainment and you can see that spirit in America. Like that CPAC do they go down the nitty-gritty to the root of the problem the 2020 elect they don't talk about it hoping that it will just go away and they can go back to their game playing. The real America is not like that and very few and far between you will find a real American. Like that Mike Lindell he is a real American, he does not play a game and he has one mission and one mission alone and that one mission is to make sure that 2020 election is being exposed and dealt with. The rest he does not care for, he does not care for fame and fortune. He would spend his last dime just to make sure that wrong can be made right.

Sam speaks: That just shows you where America is, to get America back they are going to have a civil war and God knew

that. That is why He gave George Washington that vision. That is what it will take. That is what I saw all week you have to put in an effort to love the Lord, stretch that loving Jesus muscle, and try to cuddle up to people that do love the Lord; try to hang out with people that are looked down on, the lowly people in society. In Corinthians, they were going on about taking people to law, to the courts, then Paul comes along and said, why don't you go ask the people that you look down on for advice the ones that you consider to be simpletons ask them for advice. That is exactly what Churchill did he went down and talked with the common people for advice. I don't know if they knew if he was Churchill or not, but back then people were still normal even though you were a leader you were still considered to be normal, but now you need security around you to be protected, back then things were still relatively normal.

Then you ask people that do have the knowledge of something, like when we were driving truck there were some things that I didn't know about mechanics. So what I did, I took it to the best mechanic that I know. I could be this big shot and think that I know more than they do and think I can do it myself and then make a mess of things. It is their expertise so I take it to them, it is not my field so I take it to them. Like my field is this Word. When I listen to all these people and wonder what am I doing. Well, I am doing my field in this Word. You are going to get this Word spot on, and if I don't know the answer the Lord will give me the answer. If you have a question I will have the answer already there, like when you were wondering what was going on after Brother Jackson left with all these preachers and you saw murky waters and the Lord gave me the vision of Gideon. You have to go up above the waterfall if you want clear water. That is how the Lord tested these men and it is the same today, God is testing to see who will remain faithful to the things that have been given us. Then the Bible says in *Luke 12*:

*42. And the Lord said, Who then is that faithful and wise steward, whom his lord shall make ruler over his household, to give them their portion of meat in due season?*

Lorraine speaks: That is what happened I was sitting here and I was wondering why my picture was getting so cloudy what is going on and I said to myself I think I am going to stop listening to these people and just listen to brother Jackson. I don't know what to do, and that is what these 300 did they went upstream where the water was clean and it falls in line with the vision that God gave you.

Sam speaks: Anyway, you have to put in an effort to hang out with Sam and Lorraine to ask them for advice. Like back in the days of Elijah only one guy was healed from Leprosy and there were tons of people with Leprosy and he was from Syria. He was an outlandish one; he was from a different country, and he came to Elijah and he got healed, and his skin it says was like a baby when he went down to the Jordan. See there are conditions and here again people will have to be identified with, there are some out there the Lord let me see them marching in. Like the song goes - When the saints go marching in, some people are going to accept this truth. The beautiful thing is we don't need them, we don't need a penny; it's no benefit to us it does not give us any good standing this way or that way with the Lord if they believe us or not, because we have all the good standing that we need with Him. All that we can ever achieve we have with the Lord. The fact, that He called us out from darkness into His marvellous light and He endowed and trusted us with this end-time truth, and He has called us to move on. We don't need anything from nobody, we don't depend on money, we don't depend on prestige, we don't have anybody to compete against. All the ambition that we have is to come together Sunday morning and throughout the day - Lord we want to love you more.

*Heavenly Father we just had a bit of a conversation around your Word. I just pray that You will take what has been said use it for Your honor and for Your glory, give that increase in Jesus Christ name we pray, Amen.*
