

## **SOFTLY AND TENDERLY JESUS IS CALLING**

1 Softly and tenderly Jesus is calling,  
    *Calling for you and for me;*  
See, on the portals he's waiting and watching,  
    *Watching for you and for me.*

*Refrain:*

*Come home, come home;*  
    *You who are weary come home;*  
    *Earnestly, tenderly, Jesus is calling,*  
    *Calling, O sinner, come home!*

2 Why should we tarry when Jesus is pleading,  
    *Pleading for you and for me?*  
Why should we linger and heed not his mercies,  
    *Mercies for you and for me? [Refrain]*

3 Time is now fleeting, the moments are passing,  
    *Passing from you and from me;*  
Shadows are gathering, deathbeds are coming,  
    *Coming for you and for me. [Refrain]*

4 O for the wonderful love he has promised,  
    *Promised for you and for me!*  
Though we have sinned, he has mercy and pardon,  
    *Pardon for you and for me. [Refrain]*

## **I BOWED MY KNEES AND CRIED HOLY**

*I dreamed of a city called Glory,*  
    *So bright and so fair.*  
    *When I entered the gates I cried, "Holy"*  
    *The angels all met me there:*  
    *They carried me from mansion to mansion,*  
    *And oh the sights I saw,*  
    *But I said, "I want to see Jesus,*  
    *The One who died for all."*

Then I bowed on my knees and cried,  
    *"Holy, Holy, Holy."*  
    *I clapped my hands and sang,*  
    *"Glory, Glory to the Son of God."*  
    *I bowed on my knees and cried,*  
    *"Holy, Holy, Holy."*  
Then I clapped my hands and sang,  
    *"Glory, Glory to the Son of God."*

As I entered the gates of that city,  
    *My loved ones all knew me well.*  
*They took me down the streets of Heaven;*  
    *Such scenes were too many to tell;*  
    *I saw Abraham, Jacob and Isaac*  
    *Talked with Mark, and Timothy*  
    *But I said, "I want to see Jesus,*  
    *'Cause He's the One who died for me."*

I thought when I saw my Saviour,  
    *Oh! Glory to God!*  
    *I just fell right down before Him.*  
*Singing, "Praise to the name of the Lord"*  
    *I bowed down and worshipped Jehovah*  
        *My friend of Calvary*  
    *For I wanted to give praise to Jesus*  
        *For saving a sinner like me.*

### **BLESSED ASSURANCE**

Blessed assurance, Jesus is mine!  
    *Oh what a foretaste of glory divine!*  
    *Heir of salvation, purchase of God,*  
    *born of his Spirit, washed in his blood.*

Refrain:  
    *This is my story; this is my song:*  
    *praising my Saviour all the day long;*

*this is my story; this is my song:  
praising my Saviour all the day long.*

*2. Perfect submission, perfect delight,  
visions of rapture now burst on my sight;  
angels descending bring from above  
echoes of mercy, whispers of love.*

*3. Perfect submission, all is at rest;  
I in my Saviour am happy and blest,  
watching and waiting, looking above,  
filled with his goodness, lost in his love.*

### **WHEN WE ALL GET TO HEAVEN**

*When we all get to Heaven,  
What a day of rejoicing that will be!  
When we all see Jesus,  
We'll sing and shout the victory!*

### **OH THAT MAN FROM GALILEE**

*In A Manger Long Ago, I Know It's Really So,  
A Babe Was Born To Save Men From Their Sin.  
John Saw Him On The Shore, The Lamb Forevermore,  
Oh, The Christ, The Crucified Of Calvary.*

*Oh, I Love That Man From Galilee,  
For He's Done So Very Much For Me.  
He's Forgiven All My Sins, Placed The Holy Ghost Within;  
Oh, I Love That Man From Galilee.*

*The Publican Went To Pray In The Temple There One Day,  
He Cried, "O Lord Be Merciful To Me!"  
He Was Forgiven Of Every Sin, And A Deep Peace Placed Within;  
He Said, "Come See This Man From Galilee."*

*The Lamé Was Made To Walk, The Dumb Was Made To Talk,  
That Power Was Spoken With Love Upon The Sea;  
The Blind Was Made To See, I Know It Could Only Be  
The Mercy Of That Man From Galilee.*

*Nicodemus Came By Night, To Know The Way Of Right,  
He Asked The Son Of Man What Must He Do.  
These Words He Said To Him, "Ye Must Be Born Again,"  
By The Spirit Of That Man From Galilee.*

*The Woman At The Well, He All Her Sins Did Tell,  
How Five Husbands She Had At That Time,  
She Was Forgiven Of Every Sin, And A Deep Peace Came Within;  
Then She Cried, "Come See That Man From Galilee!"*

Lorraine speaks: Only that man from Galilee can do that to you.

Sam speaks: The central focal point of all existence is Jesus, without Him nothing was made. If people could only see it the way that it is supposed to be seen. Everything was created with Jesus in mind. It was not created by Jesus because Jesus was not there. How can Jesus create something when He was not even in existence, all things were created with Him in mind and because of Him. In Acts 17:

*28. For in him we live, and move, and have our being; as certain also of your own poets have said, For we are also his offspring.*

When you understand it right then the things that Paul said make sense: In him we live, and move, and have our being. Jesus did not create us He was not there. God created us for Jesus Christ and then Jesus the only begotten son of God was born to save us. Then we gave our life to Him and He owns us, no entity owns us, we are not subject to no Human Being; to no organization; to no church. We are subject to Jesus Christ.

Lorraine speaks: That is because He purchased us by His blood, then when everything will be completed with the redemption process then Jesus will hand all things back to God, and God will become our all in all throughout eternity.

Sam speaks: That's it, then if He chooses to give, for example here in this setting, He gave us each other. To do what - To continue

with the program, that is it, we have no agenda of our own, we are just following the Lord. Like He said from the beginning - Sam, I can only reward you what you allowed Me to do through you. Go do your own thing if you want, I don't want to do my own thing, can you imagine doing your own thing in the world that we are living in. In this world of confusion, how would I ever find my way. The only thing I would ever get out of life is to just let the Lord lead and guide us by His spirit. We don't have to compete with anybody, we have only one thing to do and that is to do whatever we can to do what He has created us for.

Lorraine speaks: God wanted to share all of His attributes with the Human family, with creation, when you look around you, you see God everywhere. All things exist because of God, but it is only because of Jesus that God could redeem everything back to Himself. That completed that whole program of redemption. That is why all things exist because of Jesus Christ.

Sam speaks: We cannot for one moment think that we are something because the minute that you do that eliminates Jesus. You never want to come to a place where you think that you can do something for God with your own ambitions. The flesh profits nothing. The flesh is a problem.

Lorraine speaks: You can see what happened to the angels of Jude, and to Lucifer, they wanted to get outside of God, and when you go outside of God then death sets in.

Sam speaks: Sin happens, the question is how did God create sin - He gave creation the freedom to choose, a free moral agency. The angel had the freedom to choose, it is that that freedom of choice that God tested them with and now here with the Human family it is the same, God tests us all. We read in *Isaiah 45*:

*7. I form the light, and create darkness: I make peace, and create evil: I the LORD do all these things.*

When you disconnect yourself from God then guess what happens - sin comes into the picture. For us, it is so simple, it is all about Jesus, don't let anyone tell you otherwise.

Lorraine speaks: It says, that at the name of Jesus every knee shall bow, so no matter who a person is they will one day bow down.

Sam speaks: When a person has no personal ambitions of their own then it is easy. Like back in the days of Nimrod, let's make a

name for ourselves, if you can cut that out of your life, you're ambitions, wanting to be the big boy on the block. Like the disciples even after the resurrection they wanted to be the most important guy. Who needs that there is one important one and that is the only one we are interested in. We are just trying to make it through this jungle without being destroyed. It is all about Jesus, when we say this Sam and Lorraine chapter we don't mean it the way that it might sound, it means that we have committed ourselves to the Lord and now the Lord can use us for His glory and it is really His chapter we are just vessels that He has purposed to use for this. Who is then that faithful and wise servant who the Lord has found worthy, He has found us worthy to do what - To deliver meat in due season. There is nothing in us, He just all of our lives prepared us for this hour, that is what I am trying to say. When I picked you up He told me - Sam, without Lorraine, there is no program so you might as well settle it in your heart to pick her up and move on with the program. So here we are and things are starting to make sense now. It is just a beautiful picture and brother Jackson used to say, it will not be a one-man show. Well, it's not a one-man show here. If I would be by myself I would try to make it a one-man show but this way it is impossible. He proved that time and time again. When I came up with the 2020 and here you had the dream about the clocks. The Lord gave you that portion and all I had to do is tell you that 2020 is wrong and the Lord had given you that already, we put it together and it made sense and now you can take it to the bank. We went back and forth and we know that we are right we know that 2021 is the end of the Grace Age. Not the end of grace, but the Grace Age, the 2000 years.

Lorraine speaks: We were talking last week about the vine about the grafted in branch, brother Branham talked on it, like all these denominations out there they are all grafted into this tree but if the tree ever produces a branch of its own that is the real branch of Christianity. You can take a root from an orange tree, and put in grapefruit or a lemon or lime and these but if that orange tree ever produces a branch of its own that will be the true fruit of that tree. That is what happened to the early church that is the real tree but there are a lot of grafted in branches. As the turn of the century came God was slowly

preparing a people that will have the same belief structure as the early church. That is why it has to produce the same fruit.

Sam speaks: It is a beautiful picture but you have to see it from the light of reality. First of all, there is nothing in us. You have to get that down into your structure. The flesh profits nothing, that thing you drag out of bed the first thing in the morning you have to realize that is enemy number one, he will do whatever he can throughout the day to throw you a curveball, to make sure that that spirit man does not come to life. That is all it is there for to harass you and you have to drag him along every step of the way. I have nothing good to say about that natural guy believe me he has been a problem from day one. You have to have him to house the spirit and soul but you have to crucify him, you have to mortify him. It starts the first thing in the morning, you have to realize that's the enemy. Some people don't even know that that's the enemy. They dress him up and they feed him up good, maybe even give him an appetizer, and all the while he is waiting to see if he can throw you a curveball to trip up the spiritual man. See we at least know who the enemy is, me and myself and I, oh, I know this and that about that guy, I know a lot more about this piece of garbage than you do. Then from there, it is the spirit man you want to keep that spirit man alive. The world that we are living in with all the temptations it takes an effort.

### **WHEN HE SEES ME**

*When He sees me  
He sees the blood of the Lamb  
He sees me as worthy and not as I am  
He views me in garments  
As white as the snow  
For the lamb of God is worthy  
And He loves me this I know*

It's kind of an insult when you think of all that Jesus had to go through and then you want to walk on roses, I am glad that God saw fit to put me through this persecution, I am grateful for everything that I had to go through. Simon a Cyrenian, he helped Jesus carry the

literal cross, it's a type: Blessed is he whom the Lord has found worthy to carry a cross. Paul talks about it. That is where we are at, that is why we go through persecution and annihilation and termination. Like that stone that the builders rejected that is what we have become rejection from all rejection. We do it gladly and after a while, it becomes a way of life and I don't want it any other way. It says here, *must Jesus bear the cross alone and all the world go free, there is a cross for everyone and there is a cross for me*. Everyone has to do their part we have to do our part. It is pretty simple.

**SEEK YE FIRST THE KINGDOM OF GOD**

Seek ye first the kingdom of God  
And His righteousness  
And all these things  
Shall be added unto you Hallelu, Hallelujah

Man shall not live by bread alone,  
But by every Word  
That proceeds from the mouth of God  
Hallelu, Hallelujah

Ask and it shall be given unto you  
Seek and ye shall find,  
Knock and the door  
Shall be opened unto you  
Hallelu, Hallelujah

That is the title of the message today, *Seek ye first the kingdom of God and His righteousness and all these things will be added unto you. Matthew 6:33*

I want to get a thought out here, I saw something last Thursday night when I went to bed. It reads it fast but there is a lifetime of treasures in here. You don't have to go out and seek riches, all these traps that are out there, you don't have to fall into them when you seek first the kingdom. You seek until you find it that is what I did. I just want to recap a little bit where we are coming from. Somehow this

is going all over the world but people are not getting it. They are not getting the nugget of this here website. There is a nugget in these messages and they are not getting it, because they listen to it, and then they don't listen to it, and so on. I know I keep saying this Sam and Lorraine chapter, it is really not our chapter it is just that the Lord has found us worthy to deliver this, if it was not for you and me it would not be delivered. There is nobody out there that God could find worthy to do that. Just like Jesus, there is only one person that could go to Calvary and that is Jesus. There are only two people that can roll out this meat in due season. It is somebody that the God of Heaven has found faithful to do so, and if we neglect it then it is not going to get done, and people don't get it. They think that it is just another Benny Hin thing or a Joel Olsteen, or Billy Graham program and they just don't get the essence of it.

When I came to the ministry of brother Branham I was hungry, I spent a lifetime reading Genesis 6, I wanted to know what happened in Genesis 6, and 3, I was so hungry whoever could give me these answers, and I wanted to understand the book of Revelations. I need to understand it there was this gut-wrenching thirst in me, and I couldn't satisfy it anywhere. I bought books, I went to these churches, I went everywhere but there is only one entity, one person that could do that for me and that is brother Branham and once I got that, that was part of that kingdom of God. When he explained Genesis 6, the sons of God (Seth), and the daughters of men (Cain) then I knew exactly who that serpent was in Genesis 3. All these answers came, and guess what people ask me - Are you still with that Branham. Like he is the essence of my life besides Jesus. He is someone that God used and found worthy, that God found fit before the foundation of the world to bring the message to the church age of Laodicea. In his message were the answers that I wanted to know and that satisfied my soul, he opened up the book of Revelations to me. There is no devil in Hell that can move me away from that, once I found out that Brother Branham was that messenger I went back to the colony and they put me on probation and I thought that is one way to get the message into the colonies because I knew that this was it. Then they put me on probation and the Lord got me to write this letter about what I believe. Well, there went my hopes up in smoke once I wrote

that letter what I believe because I knew that they would never accept it. In order for me to get my family back, I had to deny that brother Branham had the message that I believed in. Why should I deny it when that is the essence and here they wanted me to deny that brother Branham was that church age messenger; that Malachi prophet. I knew that that was not going to happen, because I knew if I would have done that I would not have what I have today. I refused to do that and sure it cost me everything and they terminated me out of there. They told me I have until sundown to get out of there but I was not going to let go of brother Branham because that was what I had been looking and searching for.

I just wanted to recap on this because during the week I could not get over how people are listening to our conversations but they are not getting it, they are missing the most important nugget, that this is all unique, it is the message for their day. Seek ye first the kingdom of God, the kingdom of God is within you that is when you are born-again. The Bible says, He came unto His own and His own received Him not, but to them that did receive Him to them did He give the power to become the sons of God. See you and I we received Him. The Lord came by my way in 1971, and He made me whole that day. That is the kingdom of God and it is within you, you have to have scripture nowadays. The kingdom of God is within you when you become born-again, but you still don't have that kingdom of Heaven and when that kingdom of Heaven links up with the kingdom of God then and only then God will add to it. Seek ye first the kingdom of God and His righteousness and His righteousness is to believe the message for your day that is that kingdom of Heaven. I can't say that often enough, you have to believe in the message for your day and that is that kingdom of Heaven for your hour. See the kingdom of Heaven it evolves. When you go to the parables it will start - Then shall the kingdom of Heaven be likened. For example *Matthew 13*:

*33. Another parable spake he unto them; The kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened.*

That was in the 3th-4th century when that women mixed it all up and then in the 1500 Martin Luther came on the scene, the kingdom of Heaven for that hour, it goes on to say *Matthew 13*:

44. *Again, the kingdom of heaven is like unto treasure hid in a field; the which when a man hath found, he hideth, and for joy thereof goeth and selleth all that he hath, and buyeth that field.*

It keeps evolving so now you and I, we happened to meet up with the kingdom of Heaven for our hour. That kingdom of God that born again experience that we had it linked up with the message for our day and hour, it was the message of brother Branham and brother Jackson and now here we are rolling out that meat in due season. Now if you can only get yourself to a place where you can believe it, just like how strongly I believed that brother Branham was that Malachi 4 prophet and nothing could veer me off even if it cost me everything I was not going to let go of that truth. See you will be tested and some people cave but I didn't cave because I knew what that man did for me, I was hungry, and he was the only one that could answer me. He was the only one that could open up the book of Revelations for me, why should I deny him. So I just stayed with him and here we are, when God gives you a revelation, He gave me a revelation on brother Branham, He told me - This is my prophet if you believe it you will be blessed.

I just want to recap, so to speak, from where we are coming from, we get up in the morning before 6 am, and what we do is we spend time with the Lord we sing some songs, things of that nature but we try to keep our spiritual man alive. I want to go over what we believe in terms of the New Year, this year it happened to be April 1 which was the beginning of the year. The Bible lets us know that the first New Moon after the spring equinox determines the year. This year it happened to fall on April 1, what do we do, we recognize it. The devil and his thugs celebrate, they do the goose thing and the duck thing, the whiskey, and the party. We give it recognition, if fact, we were fasting this year around April the 1st. What we do is we would spend two weeks prior to that singing some songs from the German hymns, and when that is over 15 days later is Passover, the crucifixion and we will spend time singing some songs about the crucifixion about the Passover, and that is what we do here. We try to keep the spiritual man alive.

Lorraine speaks: It says in *Deuteronomy 16*:

*1. Observe the month of Abib, and keep the passover unto the LORD thy God: for in the month of Abib the LORD thy God brought thee forth out of Egypt by night.*

It says to observe to make a point of keeping it, it does not say celebrate. So you have to have the language right we do not celebrate, the world celebrates but we recognize what God has done when He brought the children out of Egypt, and for us we always want to remember what Jesus did for us at Calvary. That is what God wanted them to do, the month of Abib is the beginning of months and the beginning of years when God brought them out of Egypt and the great things that God did for them and that is the New Year that we observe. That is God's New Year and that is what we recognize.

Sam speaks: What actually got me thinking about this New Year in January, and that was years ago, I saw that nothing is big enough and nothing is diabolic enough for them. It starts in Australia and it goes all around the world this big ball and all kinds of sexual displays and alcohol and I thought to myself what has that got to do with God. God is not in this stuff, that is Satan's program. We do not celebrate New Year, we observe it and we actually fast most of the time around that time because we want to keep the spiritual man alive. Like you were saying God told the children of Israel to observe. The same with the Passover we keep the Passover. We do it every year but this year it happened to fall on April Fools Day. When you sit back and observe things you see Satan is the prince of this world and he still has a lot of influence in this world. What he does, and you can learn a lot from his diabolical things and you will wonder what is so great about April fools day, what it is he is trying to do make a fool out of God and His New Year, and what is behind it all is the spirit of Satan trying to make a fool of God. The enemy has a New Year on January one, when the real New Year is in April. That is what put the spotlight on it for me.

Lorraine speaks: With everything that God does he has a counterfeit just to make a fool of God and that is the whole concept of who Lucifer really is.

Sam speaks: Then the next diabolical day that he has is Halloween, and there again you will wonder what Halloween has anything to do with it, behind it all is the spirit of Satan. What is he doing, he took the birth of Jesus and we know that Jesus was born in

October sometime so he puts that Halloween there. Then what he does is he takes the birth of Christ and he puts it in with the sun worshippers day just so he can be worshiped on December 25 when the sun starts coming back and they worship the sun. That is what these sun worshipers did. That is another thing when you sit back and you observe things that should open your understanding. Behind all of it is the spirit of Satan, he takes that month of October and steals it and puts it in with the sun worshippers just so he can be worshipped. You have to sit back and observe these things, and that is the only thing that makes sense. Why didn't he have Halloween in June or July, why didn't he have July fool instead of April fool, because it is insignificant he is doing the April because he is stealing the New Year which is biblical God implemented it and he takes it over for his worship to make a fool of God.

I just want to recap all of that where we come from and why we do these things we observe the New Year on April 1 this year, next year it will be different. Last year it was April 12, and then the Passover is 15 days later. We do things as close as we can to the scripture, we don't mess up with the balance of things. We want to stay within the confines of scripture.

We like to get up in the morning and spend time with the Lord to feed the spiritual man so that we can walk in the spirit so that that natural man can't throw you a curveball throughout the day. He is trying to get you to put the spiritual man out of commission. That is the only aim that he has in life. The Bible says, the flesh profits nothing. I know you have to eat to survive because I have tried and you can fast too much and then you kind of lose your thinking capacity. We just have to recap these things from time to time and that is why we are here like the Bible says to whom much is given much is going to be required. There is going to be lots required from us we can't just be like driftwood and drift along we have to put in a certain amount of effort to get up in the morning and spend time with the Lord, and sing some songs. That is what we do around here at the Sam and Lorraine ranch, so to speak.

Going back to the scripture - Seek ye first the kingdom of God and His righteousness, and I have just seen that lately, there is a difference between the kingdom of God and the kingdom of Heaven.

These two link up and there you have it. Everything you will need for daily living because He said He is going to add to everything that you need for daily living. You don't have to go out and become rich. We were watching this story about this couple from China how they worked and worked and then they moved to Korea to pay off their debts, and they worked and worked and she ended up only 40 years old and all wore out just pursuing money, wealth, this, that and the other. There are a lot of people that get caught up in that why not do what I did. When I reached the age of accountability I did everything that I knew to do to settle the score between me and God. The Lord came by my way and He made me whole that day. That was in 1971, I settled the score with my eternal destiny. I became born-again back in 1971 why does not everyone do that, and then 25 years later I finally found that other part that was missing. See I had the kingdom God that kingdom of God is within you, but I didn't have the kingdom of Heaven. We go back to Bible history and we see how it evolves, *then shall The kingdom of heaven is likened unto a man which sowed good seed in his field*: We know that that was the life of Jesus Christ how He went forth to sow that Word and then it evolved into how the enemy sowed tares among the wheat and went his way.

Then in the 3rd century, *the kingdom of heaven is like a grain of mustard seed, which a man took, and sowed in his field*. That covers the Constantine era how he implemented Christianity and changed the water baptism to a counterfeit baptism known as the trinity. Then we come to *the kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened*. That portrays Roman Catholicism how that woman took the truths of the Bible and mixed them with leaven. That leaven is her false doctrines, her creeds, and dogmas and she hid God's truths by mixing them with her leaven. People were so caught up with dogmas and man-made ideologies that they could not find and see past them to grasp the simplicity of God's Word. The world went into the Dark Ages and for 1000 years the devil had his millennium and controlled people and kept them in bondage through Roman Catholicism.

Then you come to the 14th century, to the reformation. *Again, the kingdom of heaven is like unto treasure hid in a field; the which when a man hath found, he hideth, and for joy thereof goeth and selleth all*

*that he hath, and buyeth that field.* God started to restore these truths that Roman Catholicism hid and the first truth was justification. The just shall live by faith through Martin Luther. All people had to do is believe what Martin Luther said and all their needs were supplied.

Then we move on to the 6th parable - *Again, the kingdom of heaven is like unto a merchant man, seeking goodly pearls: Who, when he had found one pearl of great price, went and sold all that he had, and bought it.* Here we come to the age of John Westley another truth that God restored which is sanctification, to live a holy life before God.

See we have the picture but now it is another thing to try to explain what we have. Then we move on to the 19 century to the church age of Laodicea to brother Branham. *Again, the kingdom of heaven is like unto a net, that was cast into the sea, and gathered of every kind:*

As I said earlier *John 1:*

*11. He came unto his own, and his own received him not.*

*12. But as many as received him, to them gave he power to become the sons of God, even to them that believe on his name:*

In the 60s I was not even born-again but brother Branham come with a message in the 60s and the churches of America rejected him and therefore they could not go on into that other dimension where that kingdom of God united with the kingdom of Heaven because His ministry was the kingdom of Heaven in this hour, and I found it. I went through that open door that it talks about in *Revelation 3:*

*8. I know thy works: behold, I have set before thee an open door, and no man can shut it: for thou hast a little strength, and hast kept my word, and hast not denied my name.*

The Lord took me out to Vancouver and I found the kingdom of Heaven and the kingdom of Heaven for my hour was through the ministry of brother Branham and then it evolved into the ministry of brother Jackson. As I said God is always ongoing, from where we are sitting we can see the picture and it is so picture perfect.

As I said, Thursday night the Lord gave me how the kingdom of God that is within you when you are born-again and the kingdom of Heaven it evolves, it is ongoing and it is always the message for your day and hour, and once you believe it all your needs are met.

Lorraine speaks: You can even take it back to Abraham the father of faith. It says in *James 2*:

*23. And the scripture was fulfilled which saith, Abraham believed God, and it was imputed unto him for righteousness: and he was called the Friend of God.*

*24. Ye see then how that by works a man is justified, and not by faith only.*

So the righteousness for Abraham's hour was God's promise to him, then by faith Abraham moved on it. He put action on it and that was the righteousness for his day and hour. For our day and hour, it is brother Branham and brother Jackson that is the essence of it because without that the Bible is not woven together. When you have the message for your day and hour everything starts being woven together it is like one big framework and nothing is out of sync and nothing is out of place but it all synchronizes together and it is a building that is fitly framed together and it is so beautiful.

When you look back at the turn of the century, even when you go back to Christopher Columbus when God allowed him to discover this new world you can see how God is moving along. He writes how he was led by God to do that. He was ridiculed, he was made fun of, and they said he is just a layman, just a sailor why would God speak to a sailor, after all God talks to prestige preachers, they said, and bishops. They looked down on him and they called his vision foolishness, but he had such a revelation on discovering this new world and that is why the left and the devil hates Christopher Columbus so much because of the prophetic part of America. He even had the understanding of why God wanted to discover this new world so much and it was to fulfill prophecies in God's Word. There are so many prophecies in the book of Revelation that pertain to North America even when you come to the 7 parables. Columbus knew that and he was driven by that to discover America to fulfill prophecy. God even made the scriptures come alive to him from Isaiah and other scriptures.

Then when it finally came time when the pilgrims came over to start getting this land established and you come to the 1900s where God was working with the Jewish people all over the world, especially Europe, to go back to their homeland and He was also dealing with

the church to bring in that righteousness of God for this day and hour. When you go through history how God was moving, with the moving of the spirit in Azusa Street, and Topeka Kansas, people were speaking in tongues and they went and searched the scripture to see if it is scriptural and they found it to be so in early church. People saw and witnessed things that they have never seen before, fire came down, some could feel the literal fire in their hands.

That's how God was bringing about the moving of the spirit, and spiritual gifts. Then when you come to the period after the war and brother Branham come on the scene, and brother Branham always said that there will come a time when America will have to make a decision just like the Jews had to make a decision if they are going to receive Jesus or reject Him, and America did the same thing that the Jews did to Jesus. They rejected the righteousness for their day and hour. They rejected water baptism in Jesus name and they could not go on to more revelation they couldn't receive it when brother Branham went into preaching the revelation of the seven seals, and the seven church ages. They could not receive it, after all, why would God speak to a Hillbilly, why would God speak to an uneducated man, because that was the first time on this side of the reformation that God did not choose an educated man. Martin Luther was educated, he was a theologian, Calvin, Knox, and Wesley, they were all men of prestige, they were not hillbillies but that is how God ordained them to be. When it came to this age the educated of this world could not receive it because they had already rejected him and his message.

Sam speaks: For you and me to look at it is so simple, I was thinking about those feasts today when the 1900s came and the feast of trumpets was activated and brother Jackson used to say America and Israel these two nations they run parallel, and now here one of the most important feasts was the feast of the trumpets. At the turn of the century, in the 1900s the Rabbi's went out and pleaded with the Jewish people all over Europe and called them to get back home to the homeland and build up Israel and prepare for the coming of the Lord. It is so important to the Lord that He would put that into a feast, it was not just the turn of the century it was a feast that God out of those 7 feasts commanded the Israelites to uphold. Now here in the 1900s God moved on Israel, on the Jewish people to go back to the

homeland, and like I said, to get back to the homeland to get ready for the restoration, building the temple and prepare for the coming of the Lord and His second coming. A lot of those Jews they rejected it, and here at the same time as God is moving on Israel He is also moving on America with Topeka Kansas, brother Semur, and then you can see how it picked up momentum it started in Topeka Kansas through this black brother, and then it moved over to Azusa Street, and to this day it is talked about. Everyone knows about the revival of Azusa Street. It just kept on picking up momentum with those camp meetings. We saw a little bit of it in that movie with that brother Schaffie. Back then there were tent meetings all over the place. It kept on picking up momentum and picking up speed and here in 1960 it came to a head through the churches of America, and they had to make a decision about what are they going to do with baptism in Jesus name, because we are going back to the faith of the fathers to the faith of the early church. There in Chicago was a showdown - what are you going to do with baptism in Jesus name. They decided that they want this manmade Christianity. The one that you can buy and sell, we want our paycheque, we will take this buy and sell Christianity, so we are not going to take this baptism in Jesus name.

Lorraine speaks: To me, it looks like a carbon copy, it is just a copy of the real thing but it does not have the real ingredients in there.

Sams speaks: Yes, the main thing is missing, and here what they did the churches of America they didn't want the real thing so they took this buy and sell Christianity. They went back to their denominations and here brother Branham was left by himself and he had to cry and weep because they rejected the very thing that would bring America back to the faith of the early church fathers. Where God had a longing for America to come to. When they rejected that it was the very thing when the Jewish race rejected the fishers the Holocaust came in and here again what you see in America they rejected that essence, the message for their day and hour, brother Branham and the message to go back to the Word.

As I said, you have to see the momentum picking up, you have to see that momentum and how it picks up, Topeka, and 50 miles an hour going into Azusa Street, all the while picking up momentum the whole of America was fired up prior to the 60s and then bingo they

rejected it and guess what happened crime went up and everything else that the devil could throw at America he did it because the preachers choose it that way. Just like those Jewish people did at the turn of the century they choose to not go back to their homeland and they mocked and ridiculed those rabbi's, then guess what happened - the Holocaust. Then people wonder where is God in all of that. Where was God during the Holocaust He was exactly where He was in 69 AD at the destruction of Jerusalem, where was God, doing exactly what it says He will do in His Word - I will take great pleasure in destroying you.

When it came to the destruction of the Temple, Titus wanted to save the Temple but the Jews were fighting out of desperation and they put up a real fight somehow the Temple had caught fire and once it started it was pretty much down, but it all narrows down how God was going to take pleasure in destroying them because they had rejected Jesus. It says so in His Word.

Lorraine speaks: It reminds me of the time when we were in Israel we saw these Orthodox Jews there on the street corner reading their Torah and in the next minute you could see them smoking and it almost took me back 2000 years ago when Jesus was still here they are still blinded in part because of rejecting Jesus. If you look at America when it says the seed that fell on good ground and it was able to bear fruit 30, 60, and 100, when you look at America you see a merry-go-around they never produce any fruit, they can never produce fruit because they are not connected to the source because they rejected what God had for their day and hour. That's the same as what happened to the Jewish race they could never produce anything because of rejecting Jesus.

Sam speaks: For you and me, it is so simple. I want to go back a bit to that seek ye first the kingdom of God and His righteousness which is the kingdom of Heaven, that is what we found, that is what I found when I found the message for my day, it says, all these things will be added unto you. That is exactly what happened, the Lord told me to go down and fill out my resume at that trucking outfit so I worked there for 2 years, and then the Lord wanted to move me up a notch. Sam, I want to move you on so for the heck of it I went down to the Peterbilt dealer and I filled out a form to buy a new truck I didn't

have that much money in my account maybe \$1500. I went down there and talked to a salesman and told him I want to buy a brand new Peterbilt and he said, we have one on order and it will be here in a month's time all you need is a \$1000 down payment and the truck is yours. I guess they talked to PBX to that trucking company and I guess they gave the okay. Here I had no down payment just \$1000 that is all I needed and I could have this brand-new truck in a month from then and drive it out of the showroom and go trucking with a brand-new Peterbilt. That is what God's Word says He will add to, all these things will be added unto you. The Lord saw fit to give me a brand new Peterbilt and guess what happened, I didn't have enough faith. Someone else smashed up their truck and what I should have done I should have kept it instead of that I didn't have whatever it takes and I let it go. So guess what else happened, because I didn't take that truck I had to go back and work for a stupid cement outfit for 7 years. When those 7 years were up the Lord let me know to buy a truck there in Austin. I had to pay a seven-year penalty for not moving when God says to move.

That is what I am trying to say, when He said, move. When it says He will add to, you need to believe that, you need to move in that direction. I should have taken that brand-new Peterbilt truck, because the Lord was saying - Move up, Sam. The same thing happened with a car, I had a 95 Jetta car and I wanted that TDI, they came out with a TDI, and it was like the Lord was saying we need to move you up a notch. You need to go buy a new car you need to upgrade. So I am making this deal with Volkswagen and then I started reasoning it out - I don't really need a new car, this one is still pretty good, but I could feel the Lord wants me to get that new car. So just right out here it happened I was reaching over for my phone to cancel that deal I made with Volkswagen and here I rear-ended a half-ton pick-up with that jacked-up rear pumper and I smashed up my car, then I had to go in and buy that Jetta that I was planning on buying. See you have to move when God says to move and here I had to pay a penalty I smashed up my car, when God says move, then move. You can't stop the Word of God even if it is a good thing all these things will be added unto you. Ever since that I learned when God says move, you better move with Him and you better move now. I had that car for 3-4

years then it was time to upgrade and that is when I bought that blue one it was a fully loaded one. The Lord wants to add. Then I bought that big truck from Austin I had it for 3 years and the Lord wanted me to upgrade. One day I drove into the city to the Volvo dealer for a part for my black Volvo and I came out from the building and there was this Volvo with the big sleeper standing there idling and it was like the Lord was saying to me - Sam, there is your horse it is time to upgrade. Before I left the yard I owned the truck, by now I already knew when God says move, you move. I am not sitting back I move on it. So I went back in and asked them what was with the truck out there and they told me it was for sale, so before the day was over I practically owned that truck. That is how God adds to, it was time to move up. That is what it is all about - Seek ye first the kingdom of God and His righteousness, I already had that the message for my day, and all these things will be added unto you. Then after that He gave us this house here, God is continually adding, and you can't stop Him from adding because He has respect and a reverence for His Word. He will add to and if you don't take it you will have to pay a penalty for it.

Like there came a day when the Lord told me pick you up, if you don't you are going to miss out because the program stops. That is how God has dealt with me. Then when the time had come God saw fit to upgrade to a new truck and He directed us to buy that brand-new truck out of the Volvo dealers showroom. God want to add to, He wants to bless you, because He has to stay true to His Word the good and the bad because we found the kingdom of God and then we found the kingdom of Heaven for our hour, and we are just moving rapidly along. God does His part He adds to, He saw fit that we needed a newer car, He saw fit for us to buy this house, and before the day was over you practically owned this house here too. The Lord moves so fast, by now I had trained myself, when God moves, you have to move with Him, or there is going to be a penalty. So we bought that brand-new Volvo and we had it for 4 years trouble-free, good on fuel, what we made on fuel saving made the payments what we spend on the trade. We practically ran trouble-free with only minor issues, but what I want to get across is how God adds to, He is true to His Word - All these things will be added unto you.

Then during the week I saw how these people are listening to these messages but they are not getting the essence of it, they are not getting the importance of believing the message for your day and then God will add to it. Especially in this time of crisis where the price of fuel is high and all this inflating you don't have to worry about nothing God will add unto. Then they say the currency is going to change, don't worry about anything God will see to it that you will make a way through it somehow because your existence does not depend on gold, silver, or on things of that nature. Your existence depends on seeking first the kingdom of God and the kingdom of Heaven, and then all these things will be added unto you. Everything that you need for daily living. Even that covid thing will not come near your dwelling because He will give you Psalm 91 where none of these diseases or none of these pestilences will come near your dwelling. We proved it that covid thing out there it was not even a whiff on our dwelling. Ya, they won't be letting us go into a store without a mask we have to take precautions, but for us not mingling with people or anything of that nature with everyday living and all it was not something that was on our radar. We didn't even think of doing something like that because we have the Word of God, and that Word is above everything else. That is how we live here, I just want to recap that. We put in an effort to fast maybe sometimes a little too much. We try to keep this carcass under subjection and mortify the deeds of the flesh, but that is where our efforts go into, to crucify the flesh, not to be like a piece of driftwood. We deprive ourselves, we don't want to over indulge the flesh because the minute you indulge, the flesh just wants to take over.

What got me on this is I realized these people that are listening all over the world but they are missing the nugget of it, see this is not a Benny Hin program, this is not a Billy Graham program there is life in this program here, and it has nothing to do with Sam and Lorraine even though I say this Sam and Lorraine chapter it is just a channel that God is using just like He uses brother Branham to bring forth the message for this day and hour, to open up the book of revelation nobody else could do it and he had to do it. Here it is the same thing when I say this Sam and Lorraine chapter I don't mean we are anything in this. It is the Lord that is driving this program and people

who listen they figure it is just another subject to entertain themselves with. Like the Benny Hin, the Copleand stuff out there.

God is not in these movements out there. It says there were a lot of ships but Jesus was only in one of them. There are a lot of ministries out there, but Jesus is not in them. That is what that phrase represents. There were many ships in the marina but Jesus was in only one of those ships preaching to the people. Those other ships Jesus was not in them. Here it is the same thing Jesus is here in this ship it is not our ship, it is His ship, and if you believe what we are saying here then you will get that nugget. You will not have to worry about going out there and working 24/7 to try to get rich and putting food on the table. God will add, if you can only get yourself to a place where you can actually believe this to be the truth. You have to have that born-again experience and you have to believe the message for your day, this is that living water that will take you to the marriage supper of the lamb. I can't say it plain enough, a year ago I couldn't say it the way that I am saying it now but there is nothing else out there and the proof is in the pudding. I got that truck, paid it off, then when we were done trucking He told us to sell the truck. So we sold the truck and now we are doing this full time here. That is how God runs this thing we have nothing to do with it we are just following orders. We are walking by the spirit. That is what I have been seeing, I have been seeing how these people are listening in but they are not getting the essence of it. They just listen for knowledge or to entertain themselves with.

Lorraine speaks: It is not like we put ourselves in that position, when I walk through my life I can see God in so many things. When I was young I was able to differentiate between the Hutterite god, and God, the real God. It is a dead system no matter how you look at it it is a dead system, there is no spiritual life in it. I remember one day being so depressed I saw no future in the Hutterite colony. That is when the Lord met me that day and saved me. Then for 7 years after that, I was searching, I knew that there was something more until I got that book from brother Branham - The church age book. Therein were the answers to the questions that I had. In the years prior to receiving that book God gave me a revelation of Malachi chapter 4, that God is going to send the spirit of Elijah, and when I got the book the church

ages, I knew that brother Branham's ministry was that spirit of Elijah, and I wanted to be baptized in the name of the Lord Jesus Christ. I could then relate to why I felt the way I did in the colony when I was baptized in their trinity counterfeit baptism. That is another trick of the devil, how he took baptism and distorted it, to put you into bondage. No matter how you look at it I know what I went through with that baptism and I know what the real baptism is. That is how God led my life, I didn't bring myself to where I am today it is just through life I made the right choice and these are those stepping stones throughout my life how God has led me to where I am today.

That is why when you say this Sam and Lorraine chapter it has nothing to do with us, it is just how God used brother Branham in his hour to reveal Jesus, and then it continued on with brother Jackson. You have to see the voice and the message behind the man, it is the same here if people don't get the revelation of the message behind who is speaking then you will never get it and you will never see the picture. That is why you have to separate the human from what God is doing then God is going to allow you to see what is going on in your day and hour, there is nothing else out there.

Sam speaks: I know that phrase turns off a lot of people. This one guy goes - are you trying to start up another church. See he misses the essence of it and he is out there working and slaving away and driving truck when all he would have had to do is believe what we are saying and God would add to, the sky would be the limit because God can't stop His Word, once you become born-again and get the message for your day then you immerse yourself into it and you don't let anything deter you. I know that brother Branham was that, and then they tried to make me denounce it. I was going to denounce nothing, but see I had to be tested. When God gives you a revelation He is going to test you with it. Once He finds you to be faithful and true, then guess what, He will give you more. Just like with Ruth she was determined to go along with Naomi, no matter what, and guess what happened she married Boaz and she is in the genealogy of Jesus. The Lord just keeps putting the coals to the fire, that is what He did with us. Simply because He could trust us with a revelation then He gives you another one, then He trusted me to go with you, when He let me know to go trucking together. He could trust us with each

other, is there two more blessed people than we are. He has added all these things that we need for daily living.

We see the world is on fire, we see a world falling apart, but we can do what the Bible says lift up your heads and rejoice for your redemption draweth nigh when you see these things come to pass. As I mentioned before during the week I could see these people just don't get it. They don't see the essence of this important message here not that it has something to do with us. Like I said, time and time again when the Lord saved me He gave me a scripture: Sam, I can only reward you for what you have allowed me to do through you. That has been my theme in life, ever since 1971 and it is no use for me to go out there and do my own thing. This is not my thing we just happened to find favor with God that He would choose us and bring us to that place of maturity, to the ministry of brother Branham and nothing could move us, He led us to the ministry of brother Jackson, then when brother Jackson goes off the scene He allowed us to see what is going on. He got us to write an exam and then He gave us a diploma. When the time was right He told me to go pick up Lorraine and continue with the program. He gave you to scripture - Continue thou in the things that you have been taught and that is what we are doing.

That is why we say the Sam and Lorraine chapter and I know that it turns off a lot of people but you have to see the movement behind this. Like you have to combine everything going back to when I was 23 years old He let me know and burned it into the marrow of my bone, Sam, you can go do your own thing but you are not going to get paid, but if you let me use you from my glory. That has been my theme and glory. That has been my prayer all of my life, Lord, use me for your glory. That is it I don't care what happens to me shoot me if you want. They ridicule you, make fun of you, look down on you, reject you, that is all right, that is all part of the program and it is an honor when they do that to you because at the end of the day it is that stone that the builders rejected and they will bring it back and it will be that cornerstone. In the meantime, we are having a great time.

That is why I am going over this, I just pray that people will get how important it is to get the nugget here, because otherwise you are missing out on the most important part. You are missing out on where

God will add to your daily needs, where He will supply your daily needs according to His riches in glory. The world can fall apart if it wants to it doesn't really matter, the Word of God is above what the world does. All you have to do is seek first the kingdom of God and His righteousness and God will add everything you need for daily living even your health. When you come here and believe this meat in due season, in this Word, in this living water, God has a way of cleaning up your life. It is all about believing and God is going to give His blessings to it. He did it for us, I just told you about that brand-new Peterbilt that He told me to get, and I had to pay a penalty for not having the faith to do it because it is scriptural, but I realized that people are missing it they are missing the most important part, and that is to believe it.

There is nothing else out there, that Matthew Cox he was in it for a while a few years back. You need to do yourself a favor and go listen to that conversation - The Matthew Cox episode. You will see what happened, and there again it was not us doing the Matthew Cox episode, he decided to make contact with us and call us. He told us he was searching and God told him He is going to lead him and God lead him straight to our website. He was listening there for a while and I guess it didn't fit his narrative and he decided to leave this fountain of living water. The Lord gave us the scripture he left the fountain of living water, and where does he go to the worst place that he could go, and not that I have anything against him, but he goes down to Fred Cormier, which is nothing but a hewn out cistern. I don't like to say it like that it is just the truth, I don't have anything against Fred, I'm sure he means well but that is the scripture that the Lord gave us. He has left the fountain of living water, this message here these conversations this program it is God's program it is His fountain of living water we just happened to be the vehicle or the vessel that carries it. He leaves that and he goes to some hewn out cisterns somewhere that have no water or nothing, and I believe he is homeless now.

Lorraine speaks: It's ambitions that will blind you if you have a motive and an intent of the heart that is not right then that motive is going to lead you astray.

Sam speaks: That's exactly how it works.

Lorraine speaks: That is what happened to the churches in America their motives were not right, they could not accept Brother Branham, why would God speak to a hillbilly and they could not accept that and that is how God hides these things.

Sam speaks: That is where America was tested when they had that showdown in the 60s in Chicago there, water baptism in Jesus Name, and the pillars of fire showed up. It was visible, you can see it on a picture, they took a picture of it with a camera. The pillar of fire showed up right behind brother Branham and backed him up. They all saw that pillar of fire, they were planning on not letting him preach anymore, and then the Lord showed up and vindicated this is my prophet here. They had promised to come and get baptized but they never came. They wanted this buy and sell Christianity. There they went for their pay-check they went home and preached out of their hewn out system, their curriculums and got their monthly pay-checks. Instead of going God's way where God would have supplied their needs. We don't have a page on our website where you give money and all that stuff, because God supplies. It says - Come and drink out of the water of life freely. It has to be free, we don't charge anything. All the money we save, we use to get this program out. That is the essence of our whole life is this message here, we don't have anything else that we can do with our money. That is what we use it for, we give God 100%, of everything that we know to do. We would do a lot more than we do but what is the point in giving that which is holy unto dogs. You have to be careful with that too if the Lord is behind it we will do it. If He moves on our hearts to it we will do whatever it takes, money is no object here. God supplies our needs according to His riches in glory. We just want to make sure we emphasize it enough, it is really not us it is the Lord behind it all, we are just the carriers, so to speak.

Lorraine speaks: It's like you always say with John the Baptist if he would have depended on the Pharisees and the Sadducees and all these sects along with the high priest to give John a position he wouldn't have ever been able to say one word, but it was God that gave him his position. The same with brother Branham if these churches could have shut him down they would have done that. The same with brother Jackson the Methodist they kicked him out because he was starting to teach things that the Methodists were

getting a little shaky on and there came the superintendent and they ousted him and he had to go it alone. The same with the people in the branhamite movement they called brother Jackson all kinds of names. That has always been like that, God just takes a detour. Even with that brother Sheffey they didn't give him a preacher's license because the devil knew that he was a danger to his propaganda. All in all what at the time seems to be persecution is a blessing because then you are not under their jurisdiction and you can teach and say what God puts on your heart. We are not obligated to no system of religion, we are here to please God.

Sam speaks: You think any one of them would ever give me a platform. You think the branhamites would, or the Jacksonites would, not in a million years. The Lord gave me His platform this is the Lord's platform. They can't stop God, God gets the job done in-spite of what people say, do or think.

Lorraine speaks: When God tells you to do something guarantee He has a plan and a purpose for it.

Sam speaks: In 2010-2012 the Lord told me to start this website, and a few weeks ago the Lord let me know - Sam, you have nobody. If I would let that sink in and let it affect me what are you doing here all by yourself. For 10 years you are just yapping away, and it is just the two of you still here. If that would deter me I would stop right now, but the Lord told me to start up this website, it is His program because He told me to start this up. He led Matthew Cox right here because He told me if there is someone out there that has a hunger I will bring him to it, then 5 years later that Matthew Cox sent us an email. He told us how he had been searching. It was the Lord backing up what He had told me, He told me to start this website and He will lead people to it and 5 years later we get one email. That didn't last very long maybe a month or two then he goes down to Fred, but see God is true to His Word. We can't control what that guy decides to do he would have been better off if he would have stuck it out, and hung on to it, he would be in glory land by now. It is not our motivation factor if someone believes in it or not, we were just told to put it out there and let the chips fall where they may. If we depended on feedback to keep us going we would be pretty much in the negative. Our motivating factor is to be faithful to what the Lord has called us to be. We know

that we are right, we know that there is nothing out there. We don't have to worry about it we just put it out there week after week and if a person has a hunger they will get something out of it. This is that living water, that stream.

We can go back to when God made that big counsel and then He put that stream in motion He created that first angel, that stream has been going ever since, you can go back in Bible history it has never stopped. When Jesus was here He went down to Samaria to that woman at the well He was following that stream. He had a conversation with Nicodemus that is all part of that stream. When He wept over Jerusalem they rejected that stream that is where the destruction of Jerusalem came in by rejecting the stream. These people that did accepted Him followed right on through and before Jerusalem got destroyed they got out of there. They tapped into that stream and here again that stream has always kept on moving, through the dark ages that stream was going on. It never stopped with Martin Luther, Wesley, and all these people, and here in this age brother Branham and brother Jackson. It never missed a beat. You and I are the only ones that know what happened when God took brother Jackson off the scene. As soon as he went off the scene God was trying to work with Allen and Bud and He could not do it and there that split came in, and then God gave me the vision about Gideon and how God is taking the church down to the water to see who is going to be found that faithful and wise servant to bring forth that meat in due season. See that stream was just a running, you can try to stop it if you want to, but you will not be able to try stopping God, and see we happened to tap into it.

As I was saying a year ago I could not say what I am saying now, now here it is producing that living water, simply because we have tapped into that stream, we never missed a beat. It has nothing to do with us we are just two people that the Lord happened to be found faithful and wise to deliver the meat in due season. Then we found out the time that we are living in. He gave me the key for the end-time, and I had it in my pocket. That midnight cry, if you don't have that midnight cry you have nothing and you don't know the hour that you living in and you are in confusion land. We know that in 2021 October 15th was the beginning of the week of Daniel and you can take it to

the bank, it was thus saith the scriptures. The midnight cry, everything comes from God, you go tell people now that we are living in the week of Daniel they are not going to believe you but as things evolve you will see it starting to happen and before you will know it you will see the two prophets showing up, but it had a starting point back there. Nobody will believe us but we know it via the scripture it has to start somewhere it just has not manifested itself yet. That is how God works and somewhere up the road, there will be a temple built, somewhere up the road the borders will be established. It all started on October 15, 2021. As I was saying you don't see the manifestation of it yet, but as time goes on you are going to see it. It has to have a starting point. That is when it started via the scripture, via the revelation of the midnight cry.

Lorraine speaks: Even when you look at how many years the children of Israel were under the Egyptian bondage there. Some will say that it was 400-430 years but if you do the calculations and line it up with the dates in the Bible you will find out that it actually happened when God showed Abraham the things that Israel will have to go through, how they will be a stranger in the land, going to the call of Abraham when Abraham was 75 years old. That is when the countdown began to count for when the children of Israel were in bondage, it was not until many years later, that was until after Joseph died, that is 4 generations already that you have there where it was already counting. It was already in effect and counting before they were actually in Egypt in bondage, and treated as slaves. What I am saying is sometimes people take the things of the Bible and the prophecies so literally that they miss the whole picture of what God is doing.

Sam speaks: There came a starting point when the call of Abraham came and here it is the same thing there came a starting point October the 15th. As time goes on things will unfold. Where is the peace treaty being sign, where is this, that or the other supposed to happen? It says, he will confirm a covenant with many for one week. It does not say anything about signing one, we have been taught to believe there are going to be chairs lined up and a long table, and along come the Jews and the pope, and here they sign that

peace treaty. When you read it right it says he will confirm a convenient with many for one week.

We see the picture if there is more to be seen He is going to show us more, I didn't see this until Thursday night when I went to bed, I was wondering why people are not getting it, and here it is - seek ye first the kingdom of God, that is that born-again experience and you link up with the kingdom of Heaven and now you have a chemical reaction taking place, now all your needs are met, now God has to by His Word, He is accountable by His Word to add all these things unto you. Try it and see if it does not work, don't worry about what Benny Hins says and all those deceiving spirits out there, because Jesus is not in their ship, He is in this ship here.

Lorraine speaks: When you take the line where it says His righteous you can take that right back to Adam and Eve you can call it a stream or you can call it His righteousness, and throughout history, you will find His righteousness. When you look at Adam and Eve after the fall God promised them someone that will bruise the seed of the serpent. Abel tapped into His righteousness and down through time and you see all the patriots of old how they tapped into the righteousness of God. Then you come into the Grace Age you have the mystery of God being revealed, which from ages they have been talking about. How the prophets yearned and desired to look into that mystery that God had here in the Grace Age, and here we were able to partake of it, the most glorious part was in 1963 at that midnight cry where Jesus descended, it says He descended with a shout. <sup>1</sup>

*Thessalonians 4:16*

*For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first:*

That was that midnight cry that brother Branham heard, the revelation of those seals were opened, they were sealed and nobody could tap into it. They all took a guess at it, they all had their own ideology of things, even brother Branham taught on it, and when he received the revelation of it and he had to go back and put things into its right perspective.

Sam speaks: I was thinking here as you were talking about how back in the garden that steam was going there the tree of life, but they

chose the tree of knowledge of good and evil, the tree of death. They chose the wrong one, that stream was going, and God made a promise that He will send a deliverer that will make everything right. Abel picked it up and the sons of Seth picked it up and it kept on going. Noah picked it up that stream, and Abraham picked it up, and here we picked it up for our hour. The glorious truth for our hour, the Lord hewed us out before the foundation of the world to do that. Then He saw to it that we will be protected and that we will eventually find our place in Christ. We have these German hymns they are the essence and what keeps us going in this grey area, this grey Laodicean age. If it would not be for these German songs we would have a tough time wiggling our way through this horrible nightmare of a time that we are living in, with the deception of such magnitude. We sing these songs every day, these morning hymns and then these Passover songs, the crucifixion, and New Year songs, and these songs help to keep our spiritual sanity.

I don't know how people do it without that, that is what keeps us spiritual going so that the devil cannot attack us. He still attacks us but he is not successful because we are on to him by a lot of these hidden treasures that are in these songs, on how to defeat the devil and all these things. I thank the Lord that He has allowed us to understand the German language because they were developed when that man-beast was predominate back in 1500-1800 we are now in the eagle era, back then it was that man-beast that was predominate that that is why they could bring out these songs so beautifully with such depth and we are the beneficiaries of it.

Lorraine speaks: That is the real Christianity, what you see out there today is a Charismatic Christianity. Like you were saying it is a buy and sell program, go to them that buy and sell. It is a nominal Christianity it is in word only but the fruits are not there.

Sam speaks: Back in the 60s there was that stream the real one, brother Branham pleaded let's get back to the Word. When it was brought to our attention we grabbed it like a Doberman we held on to that thing for dear life and we were tested what are we going to do with what brother Branham was teaching and we chose to keep it, and here people still ask me - are you still with that Branham.

Lorraine speaks: People accuse us of worshipping a dead man, we are not worshipping brother Branham we heard the voice behind the man. When I read the books the church ages, and the seals I felt the anointing. The same holy spirit that is within you picks up the spirit with what brother Branham was saying and brother Jackson.

Sam speaks: It is a good thing because it keeps the scruff away, it has to come by revelation. Let them say we are worshipping a dead man, it keeps the lightweights out. We don't have to put up with the lightweights, that are in just to make trouble.

Lorraine speaks: To us, it was the power of God unto salvation, that is how I can best describe it. We were eye witnesses of His majesty when I heard brother Branham and brother Jackson.

Sam speaks: I just know one thing, what I was looking for I found the answers in their ministry, that is all I care for, they answered my questions and I got sold out and nothing is going to change that and God saw that we are faithful and that is why He blesses us and moves us on to the next chapter, and here we are.

*Heavenly Father, we just had a conversation around your Word I just pray that you will take what has been said and that you will ignite it in the hearts of the people we don't have that capacity, Lord. I realize Lord you have to give that hunger and that thirst for righteousness for Your Word, for truth in this hour. If that is missing then people cannot receive and that is what is missing is that hunger and that thirst for righteousness and for the Word of truth in this hour and time we are living in, I pray Lord that you will give that increase in Jesus Christ name I pray, Amen.*
