

IMMER MUß ICH WIEDER LESEN

1. *Immer muß ich wieder lesen
In dem heil'gen Bibelbuch,
Wie er ist so treu gewesen
Ohne List und ohne Trug.*

2. *Wie er hieß die Kindlein kommen,
Wie er hold sie angeblickt,
Und sie in den Arm genommen,
Und sie an sein Herz gedrückt.*

3. *Wie er Hilfe und Erbarmen
Allen Kranken gern erwies,
Und die Blöden und die Armen
Seine lieben Brüder hieß.*

4. *Wie er keinem Sünder wehrte,
Der bekümmert zu ihm kam,
Wie er freundlich ihn bekehrte
Und den Tod vom Herzen nahm.*

5. *Immer muß ich wieder lesen,
Les' und weine mich nie satt,
Wie er ist so treu gewesen,
Wie er uns geliebet hat.*

6. *Hat die Herde sanft geweidet,
Die sein Vater ihm verlieh,
Hat die Arme ausgebreitet,
Alle an sein Herz zu ziehn.*

7. *Laß mich knien zu deinen Füßen,
Herr, die Liebe bricht mein Herz;
Laß in Tränen mich zerfließen,
Untergehn in Wonn und Schmerz.*

I am grateful to the Lord for giving me a hunger for His Word when He saved me back in 1971. I am gleaning off those years, I would feel guilty if I didn't get up to read my Bible at 6 o'clock in the morning, and throughout the day whenever I got a chance. He gave me such a hunger for His Word. Like that Mike Lindell was saying take this time to go and read the Bible, it is all in the Bible everything that is happening now is all in the Bible. I don't have to read it every day now I can take a birds-eye view of what it says, and that's what pulls us through. Like this song here *Immer muß Ich wieder lesen*. The bottom line is read your Bible, it is all in there, what is happening out there today is all in the Bible, and God is allowing it, He has given mankind a choice. People don't know what is going on they don't even know what to believe. It is God allowing the devil to do what he is doing because of mankind, He has given man a choice; the freedom of choice.

BE THOU MY VISION

*Be thou my vision, O Lord of my heart
Naught be all else to me, save that thou art
Thou my best thought, by day or by night
Waking or sleeping, thy presence my light*

*Be thou my wisdom, and thou my true word
I ever with thee and thou with me, Lord
Thou my great Father, and I thy true son
Thou in me dwelling and I with thee one*

*Riches I heed not, nor vain, empty praise
Thou mine inheritance, now and always
Thou and thou only first in my heart
High King of heaven, my treasure thou art*

*High King of heaven, my victory won
May I reach heaven's joys, O bright heaven's sun
Heart of my own heart, whatever befall
Still be my vision, O ruler of all*

*Heart of my own heart, whatever befall
Still be my vision, O ruler of all*

Lorraine speaks: It says, Be thou my tower, and He has to be your vision especially in the hour that we are living.

Sam speaks: You have to give Him your all and be completely sold out, we don't go for this half-hearted stuff. If it cost you your family, your livelihood then so be it. If they want to jab you, well lose your job, it is no big deal. Look at all we had to lose. The only reason that you lose it is God has something better for you.

DRAW ME NEARER

*I am Thine, O Lord, I have heard Thy voice,
And it told Thy love to me;
But I long to rise in the arms of faith,
And be closer drawn to Thee.*

CHORUS

*Draw me nearer, nearer, blessed Lord,
To the cross where Thou hast died;
Draw me nearer, nearer, nearer,
blessed Lord,
To Thy precious, bleeding side.*

2

*Consecrate me now to Thy service, Lord,
By the pow'r of grace divine;
Let my soul look up with a steadfast hope,
And my will be lost in Thine.*

3

*O the pure delight of a single hour
That before Thy throne I spend,
When I kneel in prayer,
and with Thee, my God,
I commune as friend with friend!*

4.

*There are depths of love
That I yet may know
Ere Thee face to face I see;
There are heights of joy that I yet may reach
Ere I rest in peace with Thee.*

HAVE THINE OWN WAY

*1 Have thine own way, Lord! Have thine own way!
Thou art the potter, I am the clay.
Mold me and make me after thy will,
while I am waiting, yielded and still.*

*2 Have thine own way, Lord! Have thine own way!
Search me and try me, Savior today!
Wash me just now, Lord, wash me just now,
as in thy presence humbly I bow.*

*3 Have thine own way, Lord! Have thine own way!
Wounded and weary, help me I pray!
Power, all power, surely is thine!
Touch me and heal me, Savior divine!*

*4 Have thine own way, Lord! Have thine own way!
Hold o'er my being absolute sway.
Fill with thy Spirit till all shall see
Christ only, always, living in me!*

BLESSED ASSURANCE

*Blessed assurance, Jesus is mine!
Oh, what a foretaste of glory divine!
Heir of salvation, purchase of God
Born of his Spirit, washed in His blood*

*This is my story, this is my song
Praising my Savior all the day long*

*This is my story, this is my song
Praising my Savior all the day long*

*Perfect submission, perfect delight
Visions of rapture now burst on my sight
Angels descending bring from above
Echoes of mercy, whispers of love*

*This is my story, this is my song
Praising my Savior all the day long
This is my story, this is my song
Praising my Savior all the day long
Praising my Savior all the day long*

I KEEP COMING BACK TO THE WELL

*Jesus made a well at Calvary
For healing, cleansing, and victory
How its joy over flows, no tongue can tell;
I thank God for the well*

*Oh, I keep comin' back to the well of Grace,
Great is its power, sweet is it's taste
Whenever temptations and trials I face,
I keep comin' back to the well*

*Blessed is the fountain in a barren land
That satisfies the thirst of the inner man
No better place could be found to dwell;
oh, won't you come to the well*

*Oh, I keep comin' back to the well of Grace,
Great is its power, sweet is its taste
Whenever temptations and trials I face,
I keep comin' back to the well
I keep comin' back to the well of Grace,
Great is its power, sweet is its taste*

*Whenever temptations and trials I face,
I keep comin' back to the well*

I LOVE YOU LORD

*I love you Lord, and I lift my voice
To worship you. Oh my soul rejoice.
Take joy my King, in what you hear
May it be a sweet, sweet sound in your ear*

LORD, PREPARE ME

*Lord prepare me to be a sanctuary
Pure and holy, tried and true
With thanksgiving, I'll be a living
Sanctuary for you.*

THE ONLY REAL PEACE

*The only real peace,
That I have, dear Lord is in you
The only real peace,
That I have, dear Lord is in you
In lives frustrations, I need you, I know I do.
The only real peace,
That I have dear, Lord is in you*

JESUS YOU ARE MY LIFE

*Jesus you are my life and inspiration
I give to you my lives dedication
Inspired by you to do what is right
Jesus you are the inspiration of my life*

I'VE BEEN TOUCHED

*I was heavy burdened down
The hand of Satan had me bound
I called on Jesus He had compassion on me
Then His love came rushing in
And He took away my sin*

*I was changed Satan knew I'd been set free
(Chorus)
Cause I've been touched by those hands
That were hanging
From a tree on a lonely hill that day
He put a song in my heart that keeps me Singing
It was Jesus who made me this way!*

*And the world can take all the things
that I've worked for through the years
They can take this old house I'm living in
Oh, but there's one thing, I know,
They'll never take away from me
And that's Jesus who's living within!*

They can take this old house I'm living in, that's what happened up in British Columbia, the rains came and took a lot of their houses away. The Bible talks about what to do, like the song says, this world is not my home I'm just passing through. I used to live out there and the Lord moved me out - Sam, it's time to get out of here. At 2 o'clock in the morning I got in my car took my belongings, I didn't have many at that time, and I headed out. That pillar of fire, I could feel it, the cloud by day and the pillar of fire by night, that pillar of fire was moving. I told that guy, that I was staying at, I might not be here in the morning. I had a feeling I need to move east. Why didn't everyone feel it, I moved out and now it is all flooded out there. I was sensitive to the Lord when He let me know that it's time to move on. I know a lot of people out there, did they hear what I heard. You have to be sensitive to the Lord, He will lead and guide you with His eyes if you let Him. He cares about us more than we care about ourselves, why wouldn't He move us out of there before catastrophe hits.

Lorraine speaks: People are too caught up with materialistic things and the cares of this world, and they miss when God speaks to them or they just ignore that nudge.

Sam speaks: There is a scripture that says *1 Corinthians 7:29*
But this I say, brethren, the time is short: it remaineth, that both they that have wives be as though they had none;

Those that have a motorhome as if they don't have one. Those that have a car as if they didn't have one. The things of this world are just there to take you from one day to the next, don't put your weight on them, because it's here today and gone tomorrow. Who knows what is going to come over this country what God is going to allow. We trust Him, back in the day before the Communists took over in Europe He moved some believers out of Europe and those places because I guess their parents did their part in their hour. See we are doing our part in our hour. We are doing everything that we know to do for our hour. So that the Lord can actually take care of our family and our children. We are doing it for them so that when catastrophe hits He will do His part, He will remember your children. That is why it says over in Hosea because you rejected me I'll forget your children, but on the flip-side if we walk in His will He will remember our children. If we accept the message for your day and hour then God will make a way and will remember your children, that's a promise.

I want to read a scripture in John and I know that we have said it many times but there is such a darkness out there you have to keep repeating things. It is such a delusional society, people think just because they go to church they go to Heaven. In the last month, there have been quite a few people that have passed away people that we know. Some from the Jab and some from different reasons. Then when they write their eulogy they write nothing but good things how much they loved the Lord. Like that one guy that we used to go to church with, he would come sometimes. Then you read their eulogy it reads how much they loved the Lord and the church. Well, I differ, he loved his cigarettes and his drinking more than he loved the Lord and then they write the eulogy, in such a way - oh what a great Christian that he was. Well, it is not true. They don't tell people the truth. They want to write some good stuff when a person dies why not write the truth so that people can learn by example, people can be here today and gone tomorrow and it is how you live your life, that is the reason we are living our lives above reproach so that when that day will come for us we will have no regrets, we are 24/7 trying to live a life that is above reproach so that when we go to the region beyond that at least we will have a good encounter with the Lord. My eulogy probably wouldn't be very good, because I went against the religious world. I

don't have too many friends in this world, but as long as the Lord writes it, as long as the Lord can say well done, that's what matters to me. I know that Albert was not what they wrote about. We were driving by the church one day and what does he do he couldn't wait until church service is over, and there he goes out behind the building just puffing away on his cigarette. That's kindergarten stuff when you become a Christian. That's the first thing the Lord will do is take away the smoke craving as He did with brother Jackson and me. Before He would accept me - Sam, we have to get rid of the cigarettes. That is step number one and here they claim he was such a good Christian.

Anyway, there is something that I want to read, I have to mention it over and over again *John 17*:

3. And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent.

See back in that day you had eternal life if you can only get yourself to a place where you can believe in Jesus, that that is Him that the Bible talks about, you will have eternal life. If you can only get yourself to believe that. I am trying to get to a point here. Jesus in His hour said - this is eternal life that they believe in Him whom God has sent. They will have eternal life, like that woman at the well, Jesus was saying if you believe in me as the scripture says out of their belly will flow wells of living water. That is all she had to do is believe in Him and God is going to look after the rest, just believe in Him whom God has sent. That is what He said to the woman at the well. That stream goes right through to this hour. Now I want to read *John 13*:

*20. Verily, verily, I say unto you, **He that receiveth whomsoever I send receiveth me; and he that receiveth me receiveth him that sent me.***

Now here it goes into a different angle, **He that receiveth whomsoever I send receiveth me.** It is a stream, Jesus knew the program that He is going to the cross, and He is going to be resurrected and will ascend into Heaven and He is going to be in charge of everything and He is going to send some angels. That is how He is going to communicate with mankind throughout the Grace Age, and you have to hear it over and over again because people will come along and they will say that they are saved, they think that they

have eternal life, and they even put it in their eulogy when they die, but it is not true for a lot of them. All week long I have been seeing this, we don't want a gee-whiz and by golly Christianity, we want to know for an assurance that we have eternal life, and this is eternal life back in the days of Jesus that you believe in Him whom God has sent, but it is shifting gears now. Jesus knew the program and it was getting nearer to the crucifixion He said - this is going to be eternal life that they believe on him whom I will send. The only place that I can find who He is going to send is in the book of Revelations. We have been over it time and time again, but we know what Peter said in *2 Peter 1:*

12. Wherefore I will not be negligent to put you always in remembrance of these things, though ye know them, and be established in the present truth.

I know I've said it before but I have to repeat it, because of the darkness out there, it wants to completely wipe out the light, a lie wants to completely wipe out the truth. Then when you read people's eulogy and it looks good, and you wish that it would be like that but you know in your heart that it is not like that, because I know the guy he couldn't wait to get out of the church and take a smoke. He loved his smoke, if they would say how much he loved his smokes and his drink they would be saying the truth which would be a lot better than to say a lie, at least people would take a lesson.

Lorraine speaks: Yes, but the devil does not want people to know, that is the spirit behind it, to make that person into a shining light so that people don't take an example and improve their life. The thing of it is when you look at the prophets in their day and hour would they have had a good eulogy when they passed away if people would have written it, because they told them the truth and people who tell you the truth usually don't get a good eulogy. They are not very popular and you can see it in the history books that are being written now with those liberal professors, you don't get true history books anymore because they are written by liberal professors, and behind it all is the spirit of Satan who does not want people to know the real truth. There are a lot of history books that were written that the Catholics have destroyed because it exposes catholicism and the brutality that is behind their history. The spirit of it is driven by the Vatican, that Roman Catholic spirit.

Sam speaks: I'm just going to read from *Revelation 1*:

20. *The mystery of the seven stars which thou sawest in my right hand, and the seven golden candlesticks. The seven stars are the angels of the seven churches: and the seven candlesticks which thou sawest are the seven churches.*

I am going to give you the mystery of it - **The seven stars are the angels**, God is going to communicate to the angels through Jesus for 2000 years, for each church age He is going to have a different angel, there are seven of them. We are living in the church age of Laodicea the seventh one, He sent that angel. I used to say - He sent brother Branham, no He sends that angel, you have to stay with that Word, **the seven stars are the angels of the seven churches.**

It says in *John 13: 20* *He that receiveth whomsoever I send receiveth me; and he that receiveth me receiveth him that sent me.*

Each church age had an angel, an angelic messenger that He is going to send, and that angel is going to link up with that earthly boots on the ground, that church age messenger. I never used to know that, I read my Bible, I read Revelations over and over again, but it was not until the Lord brought me to the ministry of Brother Branham that the book was opened up to me. That I began to see what He meant when He said - This is eternal life that they may believe in him whom I will send. He sent that angel, behold I have sent my angel and that angel had an earthly vessel. I have to say that over and over because there is such a delusion out there, they figure if you go to church you go to Heaven. These people that we know, quite a few died this month that we know, and their eulogy proclaimed what a good Christian they were. Well, I didn't see him as a Christian, I didn't see him follow this pattern here that they believe in Him whom I will send. Jesus said, ***this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent, and then he goes on to say, He that receiveth whomsoever I send receiveth me; and he that receiveth me receiveth him that sent me.***

That is that stream towards eternal life. As I said, the minute that I found out about brother Branham and this tremendous gold mine, this hidden treasure I ran back to my friends that I used to know. That's the first thing that I did, I came back from Vancouver I found out

about Brother Branham, and I got baptized in Jesus name like it says in Acts 2:38, when I came back to Manitoba I couldn't wait to tell these people that I got to know under the Pentecostal system, and under the church system. I went to tell them about this goldmine that I found, first I ran to the Pletts, then to John Froese all these people that I went to church with before I was introduced to Brother Branham and I thought they are just going to eat it up like a sponge as I did, but boy did I ever get a cool surprise. I actually thought they are actually going to get physical with me. Like physical they got so furious, there were three people that I ran into the first day when I came back to Manitoba, the first one was John Plett, I ran into him in Neepawa on the street, then I had lunch with that John Froese, and I told him, and then two other people that Wilfred and his son, one of them came after me with a piece of iron about 2 feet long. They wanted to get physical and the hatred that I saw in that John Froese's eye when I mentioned that God sent a prophet. Even that John Plett, I guess one of his brothers is involved in that branham movement, I thought what am I getting myself into here now, but there it says, that this is eternal life that they believe in him whom I will send.

Lorraine speaks: It is eternal life, back in the days of Jesus, they didn't accept Jesus either, when Jesus said in *John 5*:

38. And ye have not his word abiding in you: for whom he hath sent, him ye believe not.

Jesus was sent from God, and when Jesus ascended to Heaven and sat on the right hand of God, for the intercessory work, He signified it by His angel to a vessel on earth and that is a principle of God. He has statues and principles that He goes by. People always go back to a figure from the past that is not in their generation and cling to that, it is just a way that the devil hides things and keeps people in darkness. In Jesus day they went back to Moses and the laws of Moses and right in front of them was the very one that Moses was speaking of. That is the same way in this generation they will talk about their forefather, and the Hutterites are doing the very thing that the Catholic did to the forefathers and by doing that they are rejecting Jesus. It is just how God hides things, it is a test for people if they will receive Him whom He will send.

Sam speaks: That is what He said, I will send my angel, that was the angel of Laodicea, He sent that angel and brother Branham when he would start his sermon he would talk about things like the weather and things of that nature, some light things and he would say - I'm waiting from my angel to show up, and that angel came and anointed him and he started preaching, tremendous truths came out of his mouth, mysteries, a gold mine of spiritual wealth, if a guy is interested in that kind of gold. I wanted that gold, I just couldn't get enough of it. Then I was there for three years and the Lord moved me on, He wanted to give me some more, He led me to brother Jackson and boy did the anointing ever flow out of that man's lips and I just devoured it and then guess what, I only had this one passion, I have to tell the whole world about this, this is a goldmine, why would they not want it after all they are going to church.

So I ran into this Ike, he passed away this week too, I knew him from before. I met him at the Pentecostal tent meeting and actually I met him back at the colony already, he was electrical, the same as me and he got saved and we would get together and we would talk about the Bible. So when I found out about brother Branham and brother Jackson, guess what, I made a beeline for him. I probably made a special trip down to meet him and tell him about this brother Branham His literal brother is going to that church out in Vancouver and his son Mark was involved in it too. I thought surely he would take a bite at it and take a look at it. Every time I would encounter him I would talk to him about the message for our day, and he did everything that he could to fight it off. I sometimes got frustrated with him I think one time I even had to go back and apologize for being so pushy with him. I said, I'm sorry I was so pushy with you. I said, you kind of frustrate me because I know that this is real, this is what you need, this is what you are looking for. I said, you are going to these prostitute churches, they are nothing but prostitutes those Pentecostals they are part of that Catholic system that structure.

When I would say something then he would do exactly the opposite. He made sure that what I am saying is not true, he was trying to prove me wrong. That went on for years practically for thirty years that I've known him, every chance that I would get I would talk about it, until eventually I had to back off. Then I sent him that book -

Sometimes I just have to eat crow. I thought surely this will do something for him because I put myself out on a limb, and guess what, I didn't hear any feedback. Nothing positive, because I said in there the Lord is bringing out the scoffers and the mockers and the critics and also like those from Berea, that true one, the one that you will want to spend eternity with. I would give him an opportunity for him to ask me a question because I knew that this is true because it says here that this is eternal life that they believe in him whom I will send. I knew enough about the Bible to know that this is the pattern that God is going to use down through time throughout the Grace Age. He is going to send that angel and he is going to have an earthly messenger, boots on the ground and He is going to communicate through that. He is not going to do it with Billy Graham or John Hagee, or with that Pastor that gets up at that Pentecostal church. We all want eternal life, we all want to know at the end of the day that we have that Word. Jesus said, I am not going to judge you, the Words that I speak are going to judge you that day. Like I said when I started this conversation, I am blessed that I read my Bible as soon as I got saved and I know these things. There were a lot of things that I could not understand but as I kept walking with the Lord, and walking in His Word, He brought me to the ministry of brother Jackson, to brother Branham. I got something now, this is eternal life, I can tell people this is eternal life, you want eternal life then get out of this denominational thing and feast on the message for your hour which is the message for your day.

Like I said, I tried over and over again with that Ike he was a Christian, he was an electrician back in the colony and back then we were on the same page, for a while there, but when I found the message for our day, brother Branham, then it was just a casual visit, you really could not get into the meat of it, he would always put the brakes on. To this day I don't know why and here you went through the Hutterite app and you found out that he passed away on December 2. I was shocked I was not really surprised but I was shocked at how seriously God takes this. That all these years he kept hardening his heart every time that I would talk to him. I thought for sure that that message that I would put out there - Sometimes I just have to eat crow. I surely thought that he would take inventory of

himself. Then I talked to him a couple of months back and he was very distant, and I thought it's just a waste of time talking to him. Then we called him, I wanted to see if he had the phone number of somebody I knew and he never bothered to call back. We saw his eulogy of what a good Christian person he was but was he, did he receive the message for his day. See I differ with him, if people would tell the truth then it would say that he rejected the message for his day. If I would have written it I would have said something along that line, because look what I've had to go through for the last 30-40 years to find this truth and look at the energy that I had to put in there to try to get this out to people. This is eternal life the message for your day. This is it meat in due season, you can't go back to Ireneus and to Martin Luther, we have here one brother Branham and brother Jackson, and now it is this channel that will take you to that marriage supper of the lamb. It never missed a beat, right back to when God had that great council, He created those angels and then He tested them. We follow the stream, we can go back to when God had a meeting with Himself, He counseled with Himself because there was nobody else there to council with, there was no Jesus back there, Jesus came on the scene 2000 years ago. See we have it right, and the reason that we have it right is this is our obsession, this is our passion, this is our desire, and then the next passion that we have is to tell your friends and neighbors, tell them whosoever will and we know that we are right because, it says, this is eternal life that they believe on him whom I will send, and Jesus said I have sent my angel. *Revelation 1:1*

The Revelation of Jesus Christ, which God gave unto him, to shew unto his servants things which must shortly come to pass; and he sent and signified it by his angel unto his servant John:

This is the revelation that God gave to Jesus and Jesus sent His angel and here in our hour this is the revelation that God gave to Jesus, to give to the angel of Laodicea, to give to Brother Branham, and when he went off the scene, then that same angel used brother Jackson vocal cords. That is the stream that we are on, this is eternal life, we have scripture to back up what we are saying. This is eternal life that they believe in him whom I will send.

Lorraine speaks: Jesus said in *John 4:*

14. But whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life.

See that is what the message for your day and hour does, it is the water of life that will see you through.

Sam speaks: Each church age if you believed that messenger, that earthly person that spoke to the people - Paul, Ireneus, Martin, Columbo, Martin Luther, John Wesley, William Branham, all you have to do is glue yourself unto the ministry of Ireneus in his hour, and then Martin Luther. Like you were saying this morning if people would have only stuck and believed - The Just shall live by faith. The Catholic church could not touch them Martin Luther had the protection of the German king, the Catholics they kept on killing but if you were under Martin Luther's umbrella you had protection, and that Catholic system couldn't touch you.

Lorraine speaks: There is always a fine thread of safety that God has when you walk for what He has for your day and hour. That is your safety the message for your day and hour, and back in Luther's hour it was, 'the just shall live by faith' and the King of Germany supported Martin Luther and nobody could touch him. The same way with his people that believed the revelation the just shall live by faith. Those other people like Zwingli and the others they almost seem to be in a different group of people, a different category but if you received the message for your day and hour, there was protection in that. Now before Martin Luther was the age of Martyrdom, the Ox Beast spirit of Revelation, and through that spirit God gave the people the grace to be martyred. When the Reformation came about it was the Man Beast spirit that was now effective and through that they were able to write all these inspirational songs and stand up against the Roman Catholic church.

Sam speaks: That Zwingli was still in that same pattern as back in Niecea Rome, he actually give Luther opposition. The Catholics through the reformation were not completely put out of commission until Napoleon put him in prison in 1792. They were still killing Christians they were still up to their old tricks but they could not touch Martin Luther and neither could they touch those that believed Martin Luther and his message. Out of their bellies flowed wells of living

water. You can see it in these songs how alive they become. That is why I say when I got a hold of this I could not wait to go and tell my friends and tell my buddies that I used to go to church with at the Pentecostal church, but boy did I ever get a cool surprise, but the Lord spoke to me - Sam, you are wasting your time don't waste time on those people that are still going to church. Sure enough, I had to learn that the hard way. I almost got a two-foot piece of iron on my head. That is just the way that I am I like to help people.

Lorraine speaks: It is hard to comprehend that people would have such a hatred for the very essence that gives you life. They hated Jesus back in His day and He was the very essence of life eternal, and that is the same way with brother Branham and brother Jackson they had the Words to eternal life. No matter what people say or do that is a principle of God. He sent a prophet before that great and dreadful day of the Lord before He comes, he was to forerun Jesus second coming and that was that Malachi prophet; that was brother Branham *Malachi 4:*

5. Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD:

Then when he passed away brother Jackson had a dream and in the dream brother Branham came to him and said to brother Jackson, 3 times, will you speak for me. That is how that angel was communicating and was connecting up with brother Jackson, will you go speak for me. Then he started speaking and everyone turned against him. We were talking about that the other day about the exam that God gave us to write, to know what we believe and why we believe it, and we had to go back to the scripture. We could not just take what brother Jackson said about the rapture and other things. We had to take it to the scripture and when that was done that angel could continue going with the truth for our day, because we can't just stop we had to continue on but always go back to the things that we have been taught not to take away from Brother Jackson and brother Branham it was a continuing on, and that is that stream.

Sam speaks: As you were saying brother Branham came to brother Jackson and it was like he was saying, I have some unfinished work, he was being represented by that angel. It was like he was saying we have some unfinished business here, will you continue to

Speak for me. I am kind of paraphrasing it, but as you mentioned that here I was seeing it, brother Branham was getting old up in age and Jesus has so much more to say to the church of Laodicea and the angel really was saying could you continue on where I left off. Brother Jackson had seven things that he wanted to be able to preach on, and he said if I can teach on these topics then I will do it. It was in the spirit and was showing him in a dream and then he went out and preached, he continued on from brother Branham and then like you were saying we had to continue on we had to write this exam. If you have been listening to any of these conversations that we have been having, it is a foolproof system. How that after the split with faith assembly the Lord gave me the vision about how the Lord is taking the church down to the water and He going to see who is going to qualify to do what - To bring forth that meat in due season. Somebody is going to be the one. *Luke 12:*

42. And the Lord said, Who then is that faithful and wise steward, whom his lord shall make ruler over his household, to give them their portion of meat in due season?

He was checking everyone out and that is when I had that dream about the minefields, these churches out there are nothing but minefields. When I first got it, I thought is that really so, but as time goes on it became evident, and look at them now. Look at the stuff that they are trying to teach

Lorraine speaks: Not even that, now they are creating this fake unity. They are getting together but with so many different ideas of teaching and that is what happened in the hour before the World Council of Churches was formed. In 1910, these Protestants realized how divided they were and wanted to get together to work through their differences and then the War broke out. After the war that spirit was still alive, the Lutherans, Calvinists all those Protestants over there in Holland they were saying let's get together and sort through our difference and eventually the World Council of Churches was formed in 1948. That is still the same spirit with what is happening here with these people in this truth after brother Jackson passed on instead of moving on with God they are saying lets get together and sort out our differences for the sake of what, of creating a fake unity. There is only one form of unity and that is the unity of the spirit, having

the same mind that is the unity. Like back in the early church they were **of one mind and one spirit**. I was reading brother Jackson's contender about the World Council of churches and reminded me of what they are doing in this truth ever since brother Jackson passed on all these preachers started coming out with their own teachings. That is what those Protestants after the War did they came together and with time that seed was conceived that World Council of Churches. Then as time went on the churches of America went into apostasy, they rejected God's prophet and water baptism in Jesus name and that Ecumenical system was formed, and that takes you back to Catholicism. It is all the same spirit if you don't continue on there is only one way and only one road and that is back to Rome, back to Catholicism to that church age of Thyatira.

Sam speaks: That is why the Lord is taking it so seriously to stay with that Word, with that undefiled that unleavened bread. That we do not allow this Word to be polluted. That is why we have to stand on guard and that is why 24/7 we are doing everything we can to stay spiritually awake to watch these invaders. That we are sober and vigilant and we are watching these invaders how they are wanting to come in and say something that is not true. We want to continue with that subject of the image of the beast. I felt ever since we had that last message a few weeks ago something was gnawing away at me, that we just didn't completely say it clear enough. That image, is really, when it is saying, 'let us', we went digging, it is really the devil talking - Let us make an image to the beast. In other words let us make an image of that first beast in Europe. Who is us, all around the world they all unite, the Vatican, the World Council of churches, the governments, every aspect of society is saying, come let us make an image. That is why this thing is universal it is the devil speaking. We can read it over again and then elaborate on it. *Revelations 13:*

11 *And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon.*

12 *And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed.*

13 *And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men,*

14 *And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.*

15 *And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.*

16 *And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:*

17 *And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.*

18 *Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.*

Sam speaks: See that mark of the beast it gets kind of confusing when you read it here word for word but you have to understand and that is why it is so important to have read the Bible, you have to understand that that mark of the beast belongs to Europe. The image of the beast is worldwide, it is going to be universal. It is in Europe through the 666 when it will be established and enforced in the week of Daniel, in the tribulation hour, for those 3.5 years, and there will be a chip put in but it will only pertain to Europe, to that beast system such as England, and Europe, that whole European Holy Roman Empire. Like you were reading here that second beast which is America it gave power to the first beast, which is Europe. How did it do it, it was after the second world war through that Marshal plan, they put finances in it and started rebuilding Europe after it was war torn after the WWI and WWII. It is talking about financial power, they brought Europe back from the brink, for the devastation of the wars, and what it was at the end of the day it was to put that beast system back to what it was in the Dark Ages. That is what America's purpose was, and that is what that whole Marshal plan was about, to kind of start the process to establish Europe so that the Roman Catholic system through the popes will take everything back to the Dark Ages. At the end of the

day, God is allowing this to happen to fulfill His Word, but you have to see that lamb beast as America. It is giving life to that first beast which is Europe through the Marshal plan to bring back Europe from its war torn state. It pumped in millions of dollars, all for the sake so that that beast system can once again continue where it left off, and the Bible says - *he will continue for forty and two months (42 months)*. It will be that pope that will be in office, he is going to continue for 3.5 years during that tribulation hour, to continue to do exactly what he did in the Dark Ages. You have to realize that image is going to do exactly what that beast system did in the dark ages. What is an image, it is a replica of the Dark Ages.

Lorraine speaks: Yes, it is a replica, a duplicate to what that first beast did in the dark ages. If you go back to the line of the Caesar's then it slowly builded up to that Ecclesiastical horn of that papacy, that Holy Roman Empire. That was the church over the state, the church had control of kings and had more power it was able to tell the King of France and Germany what to do and how they are to govern, ultimately, they were the law of the land. The devil loves to control people with the Bible and with religion. He can twist and take it and use it against people and it paralyzes people. You see it on the colony they have people in a paralytic state because of fear of religion and what it can do to people.

When you come to the Reformation it was dealt a deadly wound with the revelation that God restored - The just shall live by faith. Martin Luther wrote 95 Thesis of all the things that were wrong with the Catholic church. It was no longer their dogmas, their creeds and giving penance over this, that and the other, for every prayer they had to pay for and the people were so poor and the Catholic church was sitting on all the money. When God spoke to Martin Luther all of a sudden it was the just shall live by faith. Martin Luther translated the Bible and people, the common people, could read the Bible for themselves, up until then they were told that just the priest could read the Bible, the common people could not understand it without the priest interpreting it for them. People became free out of the yoke of Catholicism.

Sams speaks: Yes, they kept people in ignorance.

Lorraine speaks: That is what Catholicism did, that's exactly what the devil wants, he wants people to be kept in ignorance so people are not informed and not educated and get to know who God is. That is what happened in 1520, Catholicism was dealt a deadly wound and it could no longer keep people in the dark. Just prior to that in 1492 Christopher Columbus sailed the ocean blue. He found the new world. God was opening up the new world and it was a place where Protestants would come to out of Catholicism, the Protestants came to the new world out of Catholicism out of Tyranny from the King of England, and these regimes and they came to this new world called America. What happened was those ten horns (those ten regions) over in Europe that the papacy had control over in the Dark Ages, these countries started to go gain their independence and went their individual routes , they went all over the world. England went all over the globe colonizing the whole world.

Sam speaks: They give people a better quality of life, they no longer lived in bondage under the Catholic regime. They reached out to those countries and these countries become prosperous.

Lorraine speaks: Yes, it was actually a good time to be alive for people, a new world was discovered. Although some people want to make it sound that colonizing was a bad thing but that is not the case all these countries that were under the British became decent countries to live in, sure they took their resources but they also taught the people in those countries a better way of life. Colonization became the order of the day and that is why it is said that the sun never sets on the British flag.

Through all that God was designing and changing the tide of things and getting America that lamb beast ready for her hour. It was at its infant state when they came here but slowly at WWII, they became powerful. America helped build up Europe after the wars. That is what those 2 horns represent on that lamb beast, they became powerful and they became the force of the world and started to show aggression. Then as time went on it started to speak as a dragon and how that came about was, it started in Amsterdam, Holland with the World council of Churches was being conceived and was getting established. The image of the beast was being slowly built there, that is where it had its conception, and then in the 60's in Evanston, Illinois,

the American dollar started to go into that organization, and it breathed life into that organization and it was starting to operate.

Sam speaks: It was giving life to that image of the beast.

Lorraine speaks: Yes, Slowly it took over, all the churches of the world got in, the Russians got into that council and you don't know how powerful it has become until that Coronavirus hit 2-3 years ago and then you started to realize how powerful it has become and that the devil has infiltrated every entity in society, the government, the legal system, the churches, the health care system and that is how it got in. When that virus hit I was wondering how did it get into our country like that and I said there is only one entity that I know that it had a foothold to get into this country. That is through that diabolical health care system. What is claiming to have more power than our Constitution and our Charter of Rights is that health care system, it overrides it. Can you believe that that is possible that they used those entities these communistic diabolical regimes to paralyze a country like that. When you come across these people that enforce these mandates, it almost looks like they are not human. It takes you right back and what it reminds me of what Charlemagne did around 800 AD. He was a Frank and he went to all these other countries in Europe and was drilling everyone into Catholicism and forcing them to convert and if they would not he would have them killed. There was another doctrine in these regions the Arian doctrine they believed in baptism in Jesus name so he went and forced them to convert and submit to Roman Catholicism and to their trinity baptism that Constantine instituted in 325 AD.

That's what was starting to happen in the 1900s Communism was creeping into Europe, and Catholicism used Mussolini and raised up Hitler to defeat Communism, and the Jews fell into the crosshairs because they were not obedient to the fishers. Then after God had sent the fishers, which were the Rabbi's, telling them to go back to their homeland back to Israel, but the Jews laughed at them. When that period was over God sent in the Hunters which were the Nazis. You can see the diabolicalness and the brutality of that Roman Catholic spirit, and behind it all, is the spirit of Satan and it stops at nothing. I see it in these people's eyes when they enforce their mandates. When you confront them you don't know what you are

confronting it is so diabolical that it actually paralyzes you and you have never come across something like that they don't budge they have no feelings, then they have their talking points and use intimidation.

Sam speaks: What we are trying to bring out here today is that image, brother Jackson said it is every bit as diabolical as the Catholic Church ever thought of being. Just to clear up and to make sure that everyone gets this, that thing out there with this jab, this is that image of the beast, and at the end of the day, it is going to lead up to them killing those that will not take the image of the beast in the last part of the week of Daniel. Like right now they can't kill you there are still means and ways to escape all this but at the end of the day in that dark tribulation hour, in the 3.5 years, when the Holy Spirit will be taken away they will kill you if you don't succumb to it.

Lorraine speaks: People need to realize that in the middle of the week of Daniel, 3.5 years from now, Satan is kicked out from Heaven and he comes down to earth having great wrath, it says he went into perdition, and it went into perdition at the Reformation. I'll read it where it talks about the beast that was.

Sam speaks: That beast that 'was' is Roman Catholicism throughout the Dark Ages, it ruled and it was the law and if you didn't come under its reign you were slaughtered, you were butchered you were burned at the stake and it is coming back in the last 3.5 years in the week of Daniel. In Revelation 17:

*7 And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the **seven heads and ten horns**. (That's in Europe)*

*8 The beast that thou sawest was, and is not; and shall ascend out of the bottomless pit, and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, **when they behold the beast that was, and is not, and yet is.***

9 And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth.

10 And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he cometh, he must continue a short space.

11 And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.

12 And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.

13 These have one mind, and shall give their power and strength unto the beast.

See that beast is that Roman Empire that 4th head that Daniel saw in *Daniel 7*:

7. After this I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and brake in pieces, and stamped the residue with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.

That is that revived Roman Empire and that is when they will bring in that 666 over there in Europe. At the Reformation it went into perdition, it was dealt a wound and that wound has healed and it has come back together again that is why it says - **the beast that was, and is not, and yet is**. Each barcode from that European union will be 666. God has it all taken care of and you don't have to worry about it if you are a dedicated 100% dedicated spirit-filled Christian you don't have to worry about that. Then the Lord will do what He did to us, He gave us Psalm 91, so that we don't get a hold of this Coronavirus. The Lord gave it to me 6 years ago and all that I have to do now is to make sure that I stay in line, that is all that I have to do. Then He gave you that scripture in Isaiah. It is a tremendous blessing when you do as the Bible says. He gave you that scripture before they started enforcing these mask mandates. In *Isaiah 26:20*

20. Come, my people, enter thou into thy chambers, and shut thy doors about thee: hide thyself as it were for a little moment, until the indignation be overpast.

21. For, behold, the LORD cometh out of his place to punish the inhabitants of the earth for their iniquity: the earth also shall disclose her blood, and shall no more cover her slain.

See the earth is convulsing it cannot take it anymore all these abortions and all this killing going on, the earth cannot take it anymore, it is God's indignation that you see out there. That is why He told us to go home close the doors and just let the world do what the world does. That is God's judgment on a world, on a wicked generation because they have put Jesus as a secondary item. They have not gotten themselves ready for this hour in time, 30 years ago the Lord tapped me on the shoulder and told me to get ready.

Lorraine speaks: That's right and that takes you back to the beginning of this conversation to those 7 stars, we believed the message for our day and hour.

Sam speaks: The Lord was preparing me for this day, and here He is finding the two of us, to do what, to bring out that living water. All people have to do is come and believe what we are saying it is that living water and it continues from way back in that great council where God made that blueprint in **Ephesians chapter one**. He counselled with Himself and He continues on throughout time and throughout the Grace Age He was working with those 7 stars that Jesus held in His right hand. We have a reverence and respect for the vessels that that these angels spoke through such as Paul, Ireneus, Martin, and so on. It is still a continuing principle from God to Jesus, and then to these angels and that is how God is going to communicate throughout the Grace Age. Here we are at the closing of the last church age of Laodicea we hooked up with that church age messenger Brother Branham, that Malachi 4 prophet. Then he went off the scene and I get that word 'begin' he shall begin to sound. Then that angel continued to sound through the lips of Brother Jackson.

Like we mentioned before about the dream that brother Jackson had where brother Branham came to him in a dream and asked him if he will go and speak for him. Brother Branham is saying I am not done yet and I want you to continue. Brother Branham didn't literally come up out on the sidewalk somewhere and ask him to speak for him. It was a dream, it was in the spirit and here that angel used brother

Jackson's vocal cords to continue on, hence that word 'begin'. It is just a little word and you read over it, why does it say to begin, that means he will continue with someone else, now you and I, we know the picture. He is going to do things in threes, He is going to use this website here because He told me back in 2012 to start up this website and then He brings you on board to get this website going. He gave me the title for it and I was kind of wondering during the week why He gave me, Let the truth be told. It is almost like He is begging to tell the truth - Let the truth be told. He gave it to me in the spirit. Why not let the truth be told, because they don't want you to tell the truth.

Like when I got up at Cartersville, Georgia and shared with them about the midnight cry. The Lord had laid it on my heart to share it with them about the midnight cry and they could not shut it down fast enough. Here my title is let the truth be told and they are not letting the truth be told down at Benjamin Boyd's church. They gave orders don't let that get out, they were saying with their actions - Don't let the truth be told. Here the title for our website is - Let the truth be told. The Lord is always one step ahead, He gave us a platform for the world, if they would have a say-so they would have done what the Hutterites did to me, they would kill me if the law of the land would allow it, just to shut me up, don't let him get a platform. Sure enough, the many times that I would testify something down at Grace and Truth you could not hear it anywhere, they took it off. Every time that I would say something they would take it off, they would put the song on when I would sing one, but whenever I would share a testimony they would take it off, but at Cartersville, when I shared this about the midnight cry, they took all the testimonies off. That is what makes the world go around when people share what God is doing in their lives.

I remember one time there was a sister here that was testifying and I said in my heart - Why don't you just shut up and sit down and the Lord rebuked me - Why don't you listen so that you learn something. You learn things through these testimonies, that is where it is at. Not necessary so much in the preaching but when people get up and they speak from the heart it is a testimony. The Lord rebuked me for it - why don't you start listening so that you can learn something and that is what these testimonies are for, and here they didn't put any of them on and they couldn't wait to take it off. Just because I had

shared what the Lord wanted me to share there, about the midnight cry. I didn't know about it until sometime later on that they didn't actually call me up. So instead of just taking my testimony off they take the whole song service off so people don't ask questions. Just to be sleazy, why didn't they just take my part off because they didn't like what I said. They said that I wasn't even invited up to sing, then why not just take my testimony off that I shared there but leave the other people's on there. See what they do is they hide it so people don't ask questions, but the Lord had already warned me that they are not going to put it on the internet. I didn't know what He meant until about 2 weeks later I was down at Grace and Truth and Tim Reliford told me the reason that they didn't put it on was because they didn't call on me to sing. It's like they are saying, in not so many words, don't let the truth be told. If they would have gotten that midnight cry that I tried to share down there with them their eyes would have popped open and they would have realized here it has been right along - at midnight there was a cry. That tells you exactly right to the day. If you are one of those wise and faithful servant that God can use to bring forth that meat in due season, then you would have gotten it. In this hour if you don't know the day and hour that you are living in nothing that we say and do does not amount to a hill of beans. You have to know the day and the hour that you are living in, that is the key, and then once you know the midnight cry, that is why the Lord wanted me to share it with the church so that they know the hour that they are living in, but what do they do, they reject it, don't let the truth be told.

That is why I can truly say that they have become minefields, they pervert the things Brother Jackson said and whatever we say it doesn't even rate anything. God knew all that because coming up over Monteagle He spoke to me - They are not going to put this on the internet. I didn't even know if I would be called on or not, but God knew that He was going to find a way to get me up to the pulpit. So when that guy called on Tim to sing a song, I heard him say my name. I kind of thought it was comical after a while, after I got cooled off a bit. I found out two weeks later that they had said, Tim do you have a song, and I heard, Sam do you have a song. So, of course, I went up

there but it was pretty humiliating but after I could see God's sense of humor in it all, how God does things.

Anyway, with that said, what we are wanting to bring out here is that image of that beast, it is exactly what the Bible says, it will all lead up to them killing people. Right now they are not going to kill you, right now you can still have victory over that image, you don't have to take the jab there is a way around it, just don't take that jab. If you can't fly, then big deal, there are ways around things. Do what the Lord told us to do, go home. We have enough food here if need be, but it does not mean that we can't leave the house. It says, as it were for a little moment, that doesn't mean to go home and handcuff yourself to the chair that you can't move. We can still go down to the store, and if they don't let us in the store they have a curbside pickup that you can call up, or they can deliver. What I am trying to say is there is still an opening, and if we would still have a job we would not be taking a job just for a job like a lot of people do, or so that we can fly, or so that I can go and eat in a restaurant. We have nowhere we want to go and if the Lord wants us there He will do what He did with Habakuk. The world is facing God's indignation; God's judgment. That is what you see out there, we don't go and fight around with them. Going back to that image, they have been setting this up for a long time, and it has involved every aspect of society and every country.

Lorraine speaks: Basically in the 1900s that's when the seed was sown, so to speak, that World Council of Churches, it had its conception in Amsterdam, Holland in 1948, and then in Evanston, Illinois it became a funded organization in 1954. With time it had so much power it could tell Britain, and other countries to let go of certain countries that they had rule over through colonization and they had to pull out of those countries.

The Dragon Speaks, Part 1, August 1988 article from Brother Jackson's Contender. (In bold is are the comments of brother Jackson.)

The World Council of Churches is definitely an image that reflects the dictatorial, subversive hypocrisy power of the old

Catholic Church. I have a book here that tells how the World Council of Churches originated. I didn't know it but the seed that started the World Council of Churches originated in the area where the old Reformation started. It goes as far back as 1910, but the world knew little about it as it lay in a seed concept, but by the time WW2 had come, the church world had been affected by this terrible onslaught of destruction and denominationalism began to recognize her need to project herself into the political involvement of society. The World Council of Churches was born as a system. In 1948, in the month of August, it had it's first conference in Amsterdam Holland. I am going to read from this book some facts on the World Council of Churches.

"The World Council of Churches was born a creature of the west. The great majority of it's founders were from Protestant churches in Western Europe, and North America. Now as Asia and Africa were decolonialized, areas were added later, which began to enlarge the function. Latin America as well entered the World Council of Churches. The complexion of the organization and it's outlook changed. It paid more attention to the third world and became more responsive to demands made by church and secular spokesmen from the developing states and by western representatives, who spoke up for the third world causes. This development is not unlike that which took place in the General Assembly of the United Nations. Within the World Council, each delegate has one vote. In the U.N. General Assembly, it also has one vote."

There is a point I want to bring in here, before we read any further. The lamb nation had power to give life to it. We have to realize, if this is a religious system, somewhere it must have money to function. Doesn't it? The seed of it began in Europe. That is where it was conceived in August 1948, but what gives it life to really begin to execute it's purpose? I will read some more from this article that will help us to understand.

"In 1954, the assembly of Evanston showed a growing concern for the underdeveloped countries and acknowledge the revolutionary upheaval in Asia, Africa, and Latin America. The principal focus,

however, continued to be on the east/west conflict. Evanston went far beyond Amsterdam in condemning colonialism and racism, two issues of considerable interest to the third world. By 1954 India, Pakistan, Ceylon, Burma, and Indonesia had been granted independence. **(The European powers were given up and going home.)** Especially in Nigeria, Ghana, Somalia, and other parts of Africa, Evanston called on the colonial powers to remove the yoke which now prevents other nations and people from freely determining their own national affairs. **(This is the first time Protestantism would act like this. Imagine the apostle Paul telling Emperor Nero, Hey, you can't do this, or that.)** The Evanston report and resolutions on racial and authentic tension fueled a continuing campaign to wipe out racial discrimination. The report said racial and authentic fears, hates, and prejudices are more than social problems. They are sins against God and his commandments. **(See how they use the bible? They twist it for material purposes.)** A more immediate incentive was the growing civil rights movement in the United States. Evanston authorized a special secretary to implement the report on racial tension, but the mandate lay dormant for six years. In 1960, after several studies on how to help churches, troubles with racism, the central committee invited an American Episcopal priest to head a secretariat on racial and authentic relations. It was not given a budget until the 1960 New Delhi Assembly, which also adopted a set of operating principles. Lacking authority, the secretariat merged into the program to combat racism after the 1968 Upsili Assembly. **(Now let's see where it gets its life.)** In 1954 in the Evanston Assembly, The World Council of Churches Department of Church and Society began a study on the common Christian responsibility toward areas of rapid social change. Initial funding of one hundred thousand dollars from the John D. Rockefeller fund and twenty-five thousand from the Phelps Stokes fund was augmented by contributions from member churches, clearly focused on the third world. The study called for action in several areas including political independence and nationalism. The churches and countries of the West were assigned their major task in the response to rapid change in Asia, Africa, Latin America. It was the churches of America that paid

four-fifths of the financial cost of the operation of the World Council of churches."

The World Council of Churches became so powerful that they could intimate the United States how they fought wars, they would belittle the way they handled things. That made the American society doubt themselves and it started to crumble, and eventually, prayer was taken out of school, and the Catholic spirit it loves that, they did not stand up against taking prayer out of the school. I will tell you how the spirit of Satan works when you take that Catholic spirit, it is diabolic, the Protestants were a prosperous people here in North America they came here and this country was founded on the Judea-Christian principles and it was based on - *Seek ye first the kingdom of God and all His righteousness and all these things will be added unto you.* That is what the Protestants did when they first came to this country, they sought first the kingdom of God, with the just shall live by faith and with all the revelations God was restoring, living a holy sanctified life before God, they embraced the reformation movement of Luther, Calvin, Knox, and Wesley. They embraced that way of life and that is to *seek ye first the kingdom of God and all His righteousness and all these things will be added unto you.* America became a prosperous nation because of that. The Catholic spirit does not like prosperity and how it can come in to divide when this World Council of Church became powerful it started to intimate on how America should run its affairs and it started to break down the fabric of the nation. The Protestants went into apostasy in the 1960s when they rejected the prophet of the age, and prayer was taken out of the school and the Catholics they will not say boo, why because they want the fabric of the nation to be torn apart, and the reason why is because that spirit of Catholicism can come in and take over. That is how the devil does it, he used that World Council of Churches, and that lamb beast started speaking as a dragon, that dragon represents the devil. There are two forces in the world God and the devil, the dragon represents the devil and he will use mankind that has sold out to do evil that are not Holy Ghost spirit-filled Christians and they will speak and do his bidding. The devil can work through that Bill Gates, that Klaus, through the Fauci, through the Soros, through the World Council of Churches, and through those politicians that you see in

America and Satan will use them to do his bidding. Then all of a sudden you realize that you have the image of the beast working right in your midst.

Sam speaks: There is that image of the beast through these people it has broken down every aspect of society and has infiltrated and now universally through that Covid, it has completely taken over and there you see that image of the beast working and functioning.

Lorraine speaks: All of a sudden it had a weapon to do its diabolical force, just like it did in the dark ages they had its weapon of religion, this fear-mongering and its control, and here with that Covid, you see the same characteristics the spirit of fear and control.

Sam speaks: You don't have to be intimidated by it. Like Mike Lindell he is not afraid of anything, he just pulls on ahead and is always on offense. That is how I combatted that Hutterite thing. I was always on offense, if they told me I can't work here then I said - Then I will find work and I got a better job, and I got paid for it too. Then they said - You can't come to church and then I walked up to Arden to church and it worked. God always had an open door, all you do is don't fear because fear is Satan's weapon. The minute you become fearful then Satan has you in his clutches. I was actually so joyful that they would not let me come to church and now finally I can go to church where I want to go.

Just to emphasize that this thing that you see out there is that image to the beast, and what is an image, it's a replica of what that beast did in the Dark Ages, and it is coming back. In 3.5 years the marriage supper of the lamb is taking place but in 3.5 years from now is also where Satan gets cast out of Heaven and he continues where he left off from the dark ages. It says in *Revelation 13:5*

And there was given unto him a mouth speaking great things and blasphemies, and power was given unto him to continue forty and two months.

That happens 3.5 years from 2021 that will be the dark tribulation period, if you are dedicated to the Lord you don't have anything to worry about. Here is what I am trying to say, if you can only get yourself as a little child and not rebel, all you have to do is come here on this website and sit and listen, you can do that right in your home. That is why the Lord told us to start this website so everyone can sit

at home with their family, no matter where, all around the world, wherever you are and the Lord will somehow He will open up that water of life in your soul because you are believing in the message of your day, and you are taking in that living water. It says, come and drink, whosoever will, everyone is welcome because He said my house will be full; my tables will be full. Come and drink out of the waters of life freely and you will find out as you believe it. Of course, you are going to hear some things that you are not going to agree with but just go to the next message, then go to the next one. In there is that living water it is nowhere else.

The reason I am saying that is because I know what we went through in the last 30 years. I know that the Lord, before the foundation of the world, prepared me for this job here, and I don't even have to see anybody it is all out on the internet. In fact, the Lord is going to see to it that we don't rub shoulders with too many people, just to keep us down to ground level because some people can't handle flattery and all that. They get a big head, so I believe that the Lord is not even going to put us out on display. Just stay at home and put it out on the internet and nobody even has to see us and we don't even need to know anybody. Just as long as you can get yourself as a little child and believe what we are saying and come and drink out of the waters of life freely. Don't be rebellious like that friend of mine that Ike Stahl that just passed away during the week. We phoned to see what was wrong with him and maybe you can explain it better than I can. What is it, the arteries that go to the lungs from the heart.

Lorraine speaks: Those pulmonary arteries that go from the heart to the lungs to carry the blood to be oxygenized I guess they hardened.

Sam speaks: They apparently became hardened. What it is I have talked to him so many times that every time that I would talk to him he would harden his heart. That is what happens to people when they harden their hearts, with time, there comes to be so much lacker on there that the heart became so hard from rejecting and rejecting, and every time a person rejects the heart gets harder.

It says *Hebrews 3*:

15. While it is said, To day if ye will hear his voice, harden not your hearts, as in the provocation.

You can see that it affected the channel that goes to the heart, and it choked off his oxygen that he could not breathe in the last 3 weeks of his life. That's the truth that is how it works.

Lorraine speaks: I always say the physical life will reflect what is going on in your spiritual life. Oftentimes, the physical makeup will portray what is going on in a person's spiritual life. I can see that like my dad he has muscular dystrophy why because he never had any backbone to stand up to anything.

Sam speaks: As I say over and over, if you can bring yourself to come to a place where you can just believe instead of rebelling against it and think - Who does he think that he is. Regardless of who I think that I am, it is what the Lord thinks who we are. I am not going to listen to his junk, you can reject it, but what are you going to do is you are going to harden your heart, and you are going to become just another casualty along the road of life. This is open to everybody, to whosoever will let him come and drink of the water of life freely. How easy can you get it, we did the work, we have been butchered, we have been slaughtered. We did it so that we can have this information so that God can find a vessel that will bring forth that meat in due season, that is willing to roll out that living water. That is what this is all about this is you're only out, that is the only way of escape from here on out. This is that invitation - Come and drink out of the water of life freely.

The other group will have to give their life at the guillotines because it says that they were beheaded. In *Revelation 14*:

*13. And I heard a voice from heaven saying unto me, Write, **Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them.***

Revelation 20:

*4. And I saw thrones, and they sat upon them, and judgment was given unto them: **and I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Christ a thousand years.***

In the last part of the week you will have to die, that image of the beast in the last 3.5 years it will kill you. Right now they can't really kill you but they can prepare you for that time. They will have your number and they know where you are at. They will come after you that World Council of churches and that whole image of the beast magnetism.

Lorraine speaks: I call it an apparatus it is a governmental structure and it feeds of the country and it's money that they have invaded. Like this World Council of Churches and just like that Roman Catholic Empire did in the dark ages that is how this image has set itself up universally to control people to tell them what they need to do and what they should believe in.

Sam speaks: People don't have to worry about it God is going to make a way for people. It says, all things work together for good to those who love God and are called according to His purpose. It looks pretty scared, especially when you talk to some people if they took the job, and they will tell you ya, because I can't fly, or I didn't want to lose my job. Then you talk to the next person and they will tell you - no way. They are the ones that are going to have victory over the image. That is what it means they have victory, you just don't cave. Well, what if they kill me, well you are going to be dead anyway, but you are not going to go through this horror that it talks about in Revelation.

Lorraine speaks: People need to just put their trust in God and He will find a way. There is a good example of those step on socks that Stew Peters sells on his show. She was working in a hospital and at the beginning of this mess, she saw that this is not good and she quit her job and went a different route she started selling socks. So you can step on sin all day long. So there are ways you just put your trust in God He will find a way for you.

Sam speaks: I am a prime example like when they terminated me from that colony, this guy came and told me, the Lord told him to buy me a car, and then next person, the Lord wants me to give you this credit car, another guy came, the Lord told me to put tires on your car. One after another it got better and better. Then the Lord told me to go down to that trucking company and fill out my resume for a job, and it has been going well ever since. Then He told us to go and buy that brand new Volvo right out of the showroom.

Lorraine speaks: When I look back in my life I have never lacked anything. I left the colony, I believed brother Branham, the prophet of this age and God took me off the colony and I have not lacked anything in life, and it has been a glorious journey.

Sam speaks: You don't have to be sick either. I remember I was delivering some augers, when I was working for Dallas and I got a gallstone attack. I couldn't even move and here I had to unload a bunch of augers and I got to praying and I said Lord, brother Branham said, if we believe the prophet there would be no need from hospitals. I believe the message and I stood my ground and I said Lord there is no reason why you can't heal this because I believe the prophet, I believe the message for the day, and when the time came to unload the augers the pain was gone, and I was able to unload the augers with no pain. God was faithful and He will do the same for you if you have some ailments the Lord will take care of them, just put your trust in Him. All you have to do is believe the message for your day, brother Branham, brother Jackson, and now here, it is rolling out this. God found two people that were faithful and wise and believe me you have to be wise in this hour because the devil sends in his thugs to water down what we have here, to try to infiltrate what we have here. The minute he gets you off that Word and has you say something that is not 100% accurate that is all the devil needs to get you off the Word. Look at these preachers down there what they are preaching. I don't even listen to them because I can't the Lord told me not to. I imagine that it is not valid, sometimes we will look at the title on what they are preaching.

That is what I see, don't you worry about that image, it has been orchestrated, it is in the Bible, it is prophesied that that is what is going to be that cup of iniquity is full. It is judgement on the land. That thing that you see out in B.C with that flood that is judgement on the land it is not going to recover. After this, there comes another one and then after that one, comes another one. It is going to continue until you will see that scripture fulfilled in Isaiah where it says there will be few men left. Until God is satisfied.

Lorraine speaks: Even when you look at that Supreme Court in the United States, how did it ever in the first place take in upon themselves and pass Roe and Wade, that abortion law. Like what

gives them a right to make murder legal, like who gives them the authority and the right to do that, it is quite shameful what they did with that bill. The law of murder was already written in the Ten Commandments - Thou shalt not kill, and here they took it upon themselves to rewrite a law that God, the divine has set in motion and promote killing. That is a stain on American society. It is actually unbelievable when you look at the seriousness of it.

Sam speaks: That is why the cup of inquiry is full. First, they thought if we can get the Ten Commandments out of the courthouse then they are not valid, but they are much more valid. They are written in stone, they are written in the Heavens. They are written in the spirit before anything ever happens it is written in the spirit.

Those Ten Commandments are just as legitimate today as the day that they were written, and the Bible too. God is going to hold these people accountable to His Word. Jesus said I am not going to judge you the Words that I speak will judge you on that day.

Anyway, that is why we started out with the Word of God and that song, *Immer muß inch wider lesson*. That it is that Word that you have to get yourself acquainted with because at the end of the day that Word is going to judge us. God is not going to judge us the Word that was spoken is going to judge us on that day, that is why you have to have saturated yourself with the Word, you have to understand it. Like that image it is not going into reverse anymore, it is just preparing for those 3.5 years where it is going to be implemented - *Blessed are the dead which die in the Lord from henceforth*. You would think that the devil is in charge but God is allowing these things to fulfil Scripture. It is just because of the decisions that people have made it is judgment on the land, the cup of iniquity is full.

Lorraine speaks: You can see it when you go back to the Old Testament when the kings of Israel were so wicked that God established an adversary, He got the Assyrians to come in and take them out. The same with Judah, they went into apostasy and worshipped these foreign gods, offered their children to Baal, and did wicked things. God had prophets on the scene to forewarn them of what is coming, and the Babylonians came and took them out. Were they wicked people the Assyrians and the Babylonian, yes, they were, but God uses whatever He will, He uses to devil to fulfill His will.

Sam speaks: All you have to do is walk in that straight and narrow. See all things work together for good to them that love the Lord. We have nothing to worry about. Ya, if you are living in sin and you are out there, you should be scared, you should be bowing your knees. That is what I see, I just wanted to go back and make sure that we get that image of the beast so that people can understand it. There is nothing to fear it is all prophesied, if you are a child of God He will take care of you. You have nothing to worry about because it says all things work together for good.

Heavenly Father we just had a conversation around your Word, I just pray that you will take what has been said and use it for your honor and for Your glory. Lord, I just pray that you will open the hearts of the people. Let them know and let them see with their inner understand and in their spirit let them know the day and the hour that we are now living in. That is the only thing that will guide us through if they can only get to see and believe the hour that they are now living in, in Jesus Christ's name we pray, Amen.

If you don't see the day and hour that you are living in then everything is obsolete, you have got to know the hour that you are now living in. Then once you realize it and you believe it then it is a good picture. Nothing but goodness and mercy, and you will rejoice. Over in Revelations 18, it says, rejoices o Heaven, because Babylon is falling. That whole thing is falling that image is going to fall too, but only after it has fulfilled its purpose. It has got to get those people onto that sea of glass so that they can be immortal throughout eternity. You can be a mortal throughout eternity but you want to be immortal. The sheep people and the 144, 000 and that woman that flees to America are those mortals that will go into the eternal age as mortals. They are still going to need sunlight they are going to need grain and they are going to need to eat vegetables. They will be like Adam and Eve were before they fell. Then there will be the immortals, they can go up and discover another planet if need be. They don't need the earthly physical elements to sustain them they will have an immortal body. It is a blessed thing and it will be good to have eternal life, but it will be better to be immortal. The devil will be done away with, and no weeds to hoe in the garden.

Lorraine speaks: In the eternal age that is when God comes down and tabernacle with man again, sin has been taken care of and the last enemy is death and Hell, they will be taken care of, and will be thrown into the lake of fire.

Sam speaks: God has a wonderful program if you can only get yourself to a place where you can believe it and dig yourself out of this deception that has infiltrated every aspect of society that is why we keep repeating it. That is what Peter said, even though you know them I will not be negligent in reminding you of these things. There is a lot more a person can say but that is why God has to give the increase and you can fill in the empty pockets, and most important you have to know the day and hour that you are living in so that you can be established in the present truth, Amen.
