

1. *Mein Jesus! der du mich
Zum Lustspiel ewiglich
Dir hast erwählet,
Sieh', wie dein Eigentum
Des großen Bräut'gams Ruhm
So gern erzählet.*

2. *Vernimm, wie deine Braut,
Darauf dein Auge schaut,
Zu deinen Ehren
Ein Lied von Zion singt,
Wie ihr das Herze springt,
Dein Lob zu mehren.*

3. *Zwar hör' ich deinen Hohn,
Du schnödes Babylon,
Und deiner Rotten,
Weil du gewohnet bist,
Das, was von Zion ist,
Nur zu verspotten.*

4. *Allein mein Bräutigam,
Der Held aus Davids Stamm,
Macht sie zu Schanden;
D'rum sing' ich doch dies Lied,
Das sie nicht gerne sieht,
In ihren Landen.*

5. *Es kommt auch wohl ein Jahr,
Wenn Gott die werte Schaar
Gen Zion bringet,
Daß Zion hoch erfreut
Von seiner Herrlichkeit
Zu Zion singet.*

6. *Denn wahrlich, unser Gott
Wird uns zu ihrem Spott
Aus Babel führen,
Und die erkaufte Zahl*

*Zu Zion noch einmal
Die Saiten rühren.*

*7. Wie soll das neue Lied,
Daß Zion ewig blüht,
Alsdann erschallen,
Wenn es von Babel heißt,
Die sich jetzt selig preist:
Sie ist gefallen.*

*8. Der Bräut'gam ruft schon laut
Zu der geliebten Braut:
Ja, ja, ich komme!
Nunmehr verzieh' ich nicht,
Sei kräftig aufgericht't,
Du, meine Fromme!*

*9. Ja, komm doch, liebster Hort!
Und Laß dein wahres Wort
Nun bald ergehen;
So wird die blinde Welt,
Die es für Torheit hält,
Mit Spott bestehen.*

*10. Und mich, die sie verlacht,
Wird deine große Macht
Mit Liebe decken,
Wenn auf dem Cherub sitz'st
Und aus den Wolken blitz'st,
Die Welt zu schrecken.*

*11. Ich halte fest an dir
Und will dich nun in mir
Zu bleiben zwingen;
Ich laße dich nicht aus:
In meiner Mutter Haus
Muß ich dich bringen.*

*12. Laß es nur bald gescheh'n,
Der die du hast erseh'n,
Dich zu verbinden;
Ist die Verlobung da,
So muß die Hochzeit ja
Sich dann bald finden.*

*13. Jedoch, ich weiß ja wohl,
Was bald geschehen soll;
Wer mag es wehren?
Was dir zu tun gefällt,
Das soll bald alle Welt
Zum Zeugnis hören.*

*14. Die Braut ist jetzo schon
Im Geist auf deinem Thron
Dir zu der Seiten,
Und macht sich schon bereit,
Dein Lob in Ewigkeit
Hoch auszubreiten.*

It is all in this song here, it is too bad it is not in English. God chose us to do this here before the foundation of the world He chose us, and everything is in this song here. It talks about Babylon a lot and Babylon is that false religion. The bride that Zion that it talks about here is that true vine. So it is these two entities they cannot house together. They are not compatible, so you have to see it as that religion. That Babylon when it comes right down to it, it is that religion, that Roman Catholic religion that had its beginning back in the days of Nimrod, only 3 generations after the flood, and it went right through 5000-6000 years of history, false religion versus true religion, Zion verse Babel, and here in this song it is coming down. The destruction of Babylon started on October 15, 2021. It talks about it in Revelation in one hour, in one hour her doom has come. The one hour in the Bible in the book of Revelations is seven years, and all you are going to see is ashes. We have the wording right here it is one hour, and in revelation lingo/ language one hour is seven years. When those seven years are up there is nothing going to be left of that false religion. We

are that generation I get excited, this song here tells it. That false religion is going to be completely destroyed and it is already starting. That is why you feel this turmoil out there. These false religions are trying to hold on to their turf, and God is going to famish these gods. It is all in the Bible, in the Bible it says gods, and in this hour it is religion. God is going to famish these religions, then that preacher is going to say, what am I doing here, I have nothing to preach about because God is going to famish these religions and He is going to sanctify His great name.

When it will be over they will go back to tending bees or sheep or whatever they were doing, right now these false preachers are anointed. They have this false anointing on them. Like brother Branham preached on - False anointed ones in the end-time, false Christ's. What does Christ mean, it means the anointed one, but they are falsely anointed, they get up there and they can really preach up a storm, and they can bring tears to your eyes. It is that Charismatic spirit that came in under that grey horse rider, it is convincing and it can make you wonder who is right here are they right or are we right. We can only go back to the Word we don't depend on this delusion, this hit, this feeling. You sometimes have to really focus on who is right here. As King David said, I went into the sanctuary of God and then I saw it, I was wondering, they prosper and it looks so good, everyone is on their side, and here we are rejected. You have to go into the sanctuary of God, into the scripture to see what is taking place here. It is that grey horse rider, it is that delusion, this Charismatic spirit it never produces no fruit.

Lorraine speaks: When you look at America at the president of America, the presidents that the people have elected after Raegan you can see how both President Bush's were able to come into office and deceive the people, they were so Charismatic that the population was deceived, the Bush's are fakes. When Obama came in and you look at his speeches, he could speak so charismatically that it drew in a lot of people. The way he talked he was able to sway people's minds if they like it or not, and they could only go that route because when America rejected the prophet they had only one direction to go and that is being deceived because they rejected the real thing so deception set it. What you see with this turbulence is when you turn a ship, that is

what you see in America now the ship is turning the rule of law is coming back to America. It is not going to happen overnight but it is in route.

Sam speaks: Jesus is off the mercy seat, He is king of kings now the process is in the making. These people will not get away with their deception anymore.

Lorraine speaks: What you see now is horrific, I don't even think they did that down in Sodom with this transgenderism.

Sam speaks: That is the worst that it has been in history. Sodom is falling, I was thinking today where in history will you find the filth that is going on in America today with this transgenderism, go back in history even Sodom was not doing that.

Lorraine speaks: It is good to know the picture.

Sam speaks: Yes, we see the picture, people just need to come on board, everything is here on this website, all people have to do is believe it, we are that stone that the builders rejected in this generation. Every generation has that stone that is being rejected, I don't mind it, I like it like that, we are made out for that.

THERE'S A BRIGHTER DAY

Shadows all, all around us,
*Darkness comes to hide our way;
Don't despair soon night is ending,
The clearest sky will greet the day.*

*There's a brighter day a-coming,
Soon our heartaches will be gone;
Sorrow won't be a memory,
In the light of heaven's dawn*

*Even in the blackest midnight,
I have a lamp to guide my way;
For the light of God's love,
Shining in my heart;
Turns the darkness into day.*

*There's a brighter day a-coming,
Soon our heartaches will be gone;
Sorrow won't be a memory,
In the light of heaven's dawn.
In the light of heaven's dawn.*

It says here even in the blackest midnight I have a lamp to guide my way. That lamp is the Word of God.

Sam speaks: Exactly, I was thinking the same and that is how we got to where we are today is by the Word, and that is how we know the day and hour that we are living in is because of the Word, not by some prophesy that will fade, but the Word of God endures forever. That is what we are anchored on, that is why we are where we are at today, that is why the Lord brought us together you had a desire and a passion for the Word of God, and I had the same thing, and somewhere we meet up. I have a lamp to guide my way that lamp is the Word of God. It is so simple it turns the darkness into day. There is a brighter day a-coming I tell you we have a lot to get excited about. Sometimes something engulfs you, I have been engulfed with this main ingredient all week, and by the time we are done here you are going to know something that you never knew. You want that main ingredient. Imagine going cooking and not having the main ingredient in you will have to throw it out. Everywhere it is that main ingredient, if you don't have that it is a flop and here again people have to get the main ingredient, when we are done you will know what we are talking about.

COME AND DINE

*1. Jesus has a table spread
Where the saints of God are fed
He invites His chosen people, come and dine
With His manna He doth feed
And supplies our every need
Oh 'tis sweet to sup with Jesus all the time.*

*Ch: Come and dine, the Master calleth, come and dine
You may feast at Jesus' table all the time*

*He who fed the multitude, turned the water into wine
To the hungry calleth now, come and dine.*

*2. The disciples came to land
Thus obeying Christ's command
For the Master called unto them, come and dine
There they found their hearts' desire
Bread and fish upon the fire
Thus He satisfies the hungry every time.*

*3. Soon the Lamb will take His bride
To be ever at His side
All the host of Heaven will assembled be
Oh 'twill be a glorious sight
All the saints in spotless white
And with Jesus they will feast eternally.*

THERE'S SOMETHING GOING ON

*I'm standing at the Jordan
And I'm gazing toward Mt. Zion
I see the throng that gathering
And to hear the people sighing
The journeys been so long,
Still the traveler seem so strong
There's something going on,
There's something going on.*

*There's somethings going on,
Going on in Mt. Zion
What that song their sing,
What's that song.
There's somethings going on,
Going on in Mt. Zion
The saints are coming home
There's something going on.*

*That's the brightest land I've ever seen
As I'm gazing toward Mt. Zion
I see them dress in white
As they are following the light.
There's little children playing,
I can hear the elders singing
You know there's something going on,
You see the saints they're coming home*

*I've made my preparation
To enter Mt. Zion.
By grace, through faith
In the one who made the way
And now He's my brother,
and His father is my father
And as He bids me home
There's something going on*

There is always something going on in Mt. Zion right now, it is all heading towards that Jacobs trouble, we know what is going on because we have that main ingredient. We can tell Israel what is going on, you are heading towards that Jacobs trouble; towards that siege. That is what is happening there these Arabs are trying to get world opinion behind them, that the Jews are the problem. That is what is going to cause that siege, that Jacobs trouble that the world will turn against the Jews, I am sure that reporter that was killed she was an Arab reporter, they shoot their own reporter just to pin it on Israel. The Jews don't do foolish things like that when there is a powder keg over there, why would the Jews go and shoot that reporter, it is the Palestinians that shot that reporter just to pin it on the Jews.

Lorraine speaks: As you get closer and closer to that day when God is going to establish Israel's borders and the decree will be far removed and they are going to build that temple, as it gets closer and closer you have to realize things will become more troublesome and more troublesome as the pressure builds up.

Sam speaks: Like birth pains you can learn from nature, that is what has to happen, the birth of that nation when God will turn things

around and they will once again build their temple, but right now it is a crucial time, that is why it is important to know what is going on in Mount Zion. Something is going on. The Lord is allowing pressure to build-up to the point where it will explode, and because we have that main ingredient we can see what is happening and we can see the hour that we are living in. It has to go toward that Jacobs trouble, so much that even the politicians will be worried.

Lorraine speaks: That is what it says in *Daniel 12 and there shall be a time of trouble, such as never was since there was a nation even to that same time.*

Sam speaks: You can see the pressure building up and somewhere that miracle war will kick in, and it will be like it says in Isaiah 63, *Who is this that cometh from Edom, with dyed garments from Bozrah? why are your garments stained with blood.* I firmly believe that is building up towards that something is going on in Mount Zion and because we have that main ingredient we can go to the scripture and we can see what is happening. We have never seen it the way it is right now, and we know that that Temple has to be built. We know the hour we are living in it is not going to go into another reset. Like the great reset, forget about a reset. Those are all talking points. The devil knows his time is short. The only reset is the week of Daniel and he has seven more years, then his chapter is done.

I'M GONNA TAKE A VACATION

*When summer finely gets here
Its the one time of year
People go on vacation
They go far and near
Someday i'll take a journey
And no star will outlast
I'm going home for vacation,
But I'll be coming back*

*I'm gonna take a vacation
Pass the moon and the stars
I'm gonna walk down the golden streets*

*No traffic no cars
I'm gonna lay in the sun light
Gonna swim in the river of life
I'm going home for vacation
I'm waiting for my flight*

*If you want to go with me
Here is what you must do
Get your ticket from Jesus
He will show you through
Heavens not on the road map
And there's only one way
To enjoy a vacation
Like we'll have someday*

*I'm gonna take a vacation
Pass the moon and the stars
I'm gonna walk down the golden streets
No traffic no cars
I'm gonna lay in the sun light
Gonna swim in the river of life
I'm going home for vacation
I'm waiting for my flight
I'm going home for vacation
I'm waiting for my flight*

That vacation is the rapture the marriage supper of the lamb, that is another 3 years from now. It says here - I'll be coming back. We know that program, we are coming back for 1000 years to rule and reign, no false religion anymore, that false prophet and that beast system will all go into the lake of fire. That is Babylon, it is that religion, that has been the problem throughout the ages. In the dark ages what was it, it was religion. It has always been like that the true and the false. Here as we are going nearer to the end everything is getting clearer and clearer. In this song, I'm gonna take a vacation you can actually touch it. It is a reality to us, it is not just a song to us. The Lord dealt with me when brother Jackson went off the scene, brother

Jackson used to say the words will come off the pages, he said some things that people didn't get, but I heard what he said, it will come off the pages, they will go into your heart and now you will be accountable for what you are saying. It became real to us, it is not just a song, it is reality. Like when you watch the news media out there and if you watch it long enough you are going to believe that garbage.

I KEEP LISTENING

*We hear about the wars,
See famine in the land.
There's questions in the Children's eyes,
Trouble in the East again.
The whole world is shaking,
There's no sure place to stand.
And mournful sounds are
Heard throughout the land.*

CHORUS

*But I keep listening
For a different sound.
The sound of the city
That John saw coming down.
The sound of the Bride
Being united with the Groom.
Oh, I keep listening, I keep listening,
Oh, I keep listening for a different sound.*

*I remember the preacher sayin'
"Son, it shall come to pass,
There will come a generation
That will be the last."
I can't believe I'm standing here,
Seeing the end of time,
And the preacher's voice,
Echoing in my mind.*

I remember the preacher saying "Son, it shall come to pass, There will come a generation that will be the last." I remember my dad 50 years ago was preaching that, and everyone made fun of him. In fact, this guy that was here, Dan from Mayfair, was making fun of it, he said my dad was saying not to but the crop in one year. See my dad was hearing a different song, he knew we were living in the generation of the coming of the Lord, but see they are trying to justify themselves when we talk about the coming of the Lord they use these talking points to try to prove me wrong. I got the word from the Lord at 2 o'clock in the morning - Sam, I'm coming soon. The timing is here in my generation this will happen. I remember the preacher saying son, it will come to pass, because my dad preached it back in Sunday school 40 years ago. What was he picking up - He was picking up that different sound. If you keep listening and you can block out the media and all that junk that is out there you are going to hear a different sound. To us, this is real, like this guy that I mentioned he even got worked up. They would like to prove us wrong - Oh, your dad used to preach that and that was years ago. My dad was on to something he was hearing that different sound. He was right, it was not when he thought it was but see what he was hearing was that different sound.

Lorraine speaks: When you look at Noah he was preaching for 100 years, judgemet was in the land. When you go back to brother Branham's time they thought that the Lord was going to be coming in the 70s. It is in the land, you have to realize it is in the spirit, and there is a day when it is going to happen.

Sam speaks: I got the word from the Lord, and I didn't make it up; I didn't wake up one morning and decide this is what I'll do the Lord woke me up.

THIS IS THE EVENING TIME

*The god of this evil age,
Has blinded the minds today;
Of people who walk their own way
According to God's own Word
Denying the things He's done
Of sending His only Son:*

*Accepting the creeds of Man
Rejecting the Word of God:*

CHORUS

*This is the Evening Time,
It's later than you think.
The Bride is preparing now
For Her Lord to meet.
All things are ready now,
So come by near here,
He that hath an ear to hear
The Evening Time is here.*

*The darkness throughout the land
This world just can't understand.
A Prophet has walked this Land;
Proclaiming the way to God;
If you would be safe today,
Then follow the words he gave.
Accepting the Word of God;
For this is the Evening Time.*

The Lord told me 10-12 years ago to start up this website and here it is, it is there for the taking God knew exactly what He was doing. I didn't know what was going on out there, I didn't know how this religious world works and all that stuff. I was locked up in that Hutterite prison, it's a dudgeon spiritually speaking. I did not know anything about a prophet. The Lord by His sovereign hand, guided me, by that unseen hand, and as I look back now it was all for this. See I would never have gotten a platform. The Hutterites they would have made sure that I never would get behind that pulpit, the denominations would have made sure of it too, the Byskal system would have made sure of it, unless you have Byskal blood in you, otherwise, you will never be in that pulpit, so to speak. This group here the Cooks would make sure of it, but God knew all of that, God gave us His pulpit all around the world, all of the seven Continents. In His sovereign way, He gave us a truth, He did all this, this is all His doing. I never had an ambition to ever be a preacher.

Lorraine speaks: We can look at how God does things in the life of brother Branham, if he would have had to depend on the churches of America to give him a platform he would never have gotten one, but God was doing something new, just a lowly hillbilly.

Sam speaks: He started with the denominations but as the momentum picked up they kicked him out and towards the end of his journey they would not support him anymore, The Full Gospel would not support him anymore.

Lorraine speaks: Everything was good while it was in the healing phase, but when he went into the Word it was a different story the same with brother Jackson when he first put out the Contender he thought it would just be a temporary thing but it grew and the momentum picked up. If it would have depended on the branhamite movement after brother Branham went off the scene he would never have gotten anywhere, but God was starting up something new. God always does something new He never goes back. Brother Jackson used to call it the faithful dozen.

Sam speaks: Brother Jackson didn't know what this was all about, the Branhamite movement blackbird him out. He didn't know what was going on, the same here, I didn't know that this is what we would be doing. It was never my ambition in life, all I ever wanted is to be found faithful and true to what the Lord has called me to be, to find my place in Christ. This is what this is all about it is that place in Christ that we found. That is as simple as I can put it, I never had the ambition to do this, I didn't even know that it was available. I read about that living water I always wondered how that would come about, and I always wonder what that living water would be, and here we are hewed out before the foundation of the world, to do what - Who then is that faithful and wise servant. It is not Eddie Byskal calling us wise or the president or anybody else, it is the God of Heaven. Who is then that, there has to be somebody. *Luke 12:*

43. Who then is that faithful and wise steward, whom his Lord shall make ruler over his household, to give them their portion of meat in due season?

44. Of a truth I say unto you, that he will make him ruler over all that he hath.

There is that living water just s plain as anything. See we know the Word.

I have a scripture here in Act 1:

1. *The former treatise have I made, O Theophilus, of all that Jesus began both to do and teach,*

2. *Until the day in which he was taken up, after that he through the Holy Ghost had given commandments unto the apostles whom he had chosen:*

3. *To whom also he shewed himself alive after his passion by many infallible proofs, being seen of them forty days, and speaking of the things pertaining to the kingdom of God:*

4. *And, being assembled together with them, commanded them that they should not depart from Jerusalem, but wait for the promise of the Father, which, saith he, ye have heard of me.*

5. *For John truly baptized with water; but ye shall be baptized with the Holy Ghost not many days hence.*

6. *When they therefore were come together, they asked of him, saying, **Lord, wilt thou at this time restore again the kingdom to Israel?***

*That is the key here: **Lord, wilt thou at this time restore again the kingdom to Israel?***

7. ***And he said unto them, It is not for you to know the times or the seasons, which the Father hath put in his own power.***

8. *But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth.*

In German: Er aber sprach zu ihnen: **Es gebührt euch nicht, zu wissen Zeit oder Stunde, welche der Vater seiner Macht vorbehalten hat.**

Heavenly Father we just read your Word I just pray Lord that you will give us wisdom and the understanding of how to execute this very important subject here: this main missing ingredient that has been laying there before the foundation of the world. Help us to expound on it in Jesus Christ name we pray, Amen.

I just saw it this morning He said you are not permitted to know because it is locked up for you because you are not living in that time season.

Lorraine speaks: In the Scofield Bible it has a nice little write-up about it. It says, *For 40 days the risen Lord had been instructing them the apostles "of the things pertaining to the kingdom of God," teaching them out of the scripture. One point was left untouched, that is, the time when He would restore the kingdom to Israel; Hence the apostles question. Observed that the Lord did not rebuke them for their inquiry about the restoration of the kingdom. Their question was a valid one. But His answer was in accord with His repeated teaching: the time is God's secret.*

Sam speaks: See they are not permitted, you can go back to Daniel, and read it in Daniel. Daniel saw the very time that we are living in and he wanted so much to know, and he was told to forget about it, to seal it up because it is not for him to know. I am putting it out there that it is for you and me to know, it is for people in this hour to know and they will be permitted to know. We are not talking about the rapture. This rapture thing is a distraction, the key component is that we know the day and hour when God is going to do the restoration of Israel, when you know the program you will know the rest.

When you know the week of Daniel, you know the program of God, it is not saying no man knows the day and the hour of the restoration of Israel, no, it says no man knows the day and the hour of the rapture. See the way the Bible is set up, the way the Bible is written. Like I said over and over again, my mission, I have only one mission, when the Lord told me when He woke me up at 2 am in the morning - Sam, I am coming soon, Sam, I am coming soon., He is coming in my lifetime and as time went on He gave me this whole chapter about the coming of the Lord. Then He gave me the key to the end-time; HE gave me the midnight cry. It is not something that I went and studied out, because you can't study this out, the church of the living God is not built on studying, or by seminar, it is built on revelation. I received it by revelation. That midnight cry had been laying there for centuries and one day the Lord opened it up and I saw that whole end-time picture. I saw how all these scriptures came together when He let me know at midnight there was a cry, and that is

the first scripture that He brought to me when Jesus told them **It is not for you to know the times or the seasons, which the Father hath put in his own power.** Then all of a sudden I knew why He said that because it was not given to them because they will not be living in that time. Brother Jackson wanted to know and he could not see it because he will not be living in that time frame. That is why God could not open it up to him. He could have opened up the midnight cry to him and he could have expounded on it but see He was saying to brother Jackson just like he was saying to the apostles back then - Brother Jackson it is not permitted for you to know. It was told to Daniel and the disciples and he is saying to brother Jackson you are not permitted to know, but to us, HE is saying we are permitted to know. You have to get the thought behind it to what Jesus is saying.

Once I saw the midnight cry and these scriptures started to come together and I saw the Bible come together and how everyone wants to know the rapture when it has nothing to do with the rapture it has to do with the restoration of Israel and that has been our mission when you listen to these conversations how we have been zeroing in on the restoration of Israel, not the rapture. Like you were saying last week how you were never concerned about the rapture and I wasn't either, I was just concerned about being faithful to what the Lord has given me to see and what He has called me to do. All I ever wanted is - Lord, help me to be faithful in this hour that we are living in what you have called us to do and to be. As I said, it was hidden from them, I didn't see that word permitted until today. It was not permitted, God could not let them see it, and here is the key, because you will not be living in that time frame. The reason that you and I know it is because we are living in that time frame. My dad, he talked about it, he preached about it at Sunday school, to him it was real. I was given the scripture and the vision - Sam, I'm coming soon. Now you can see we are permitted to know the time and the season which the **Father hath put in his own power.** That is why we can talk about it.

Lorraine speaks: That is how we know we are in the seventieth week of Daniel when you read in *Daniel 9*:

24. Seventy weeks are determined upon thy people and upon thy holy city, to finish the transgression, and to make an end of sins, and to

make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the most Holy.

That is pertaining to Israel and the holy city. That is looking at the restoration of Israel.

Sam speaks: That is the key, the restoration. When you go over the messages I hardly go to bed without listening to a message, I usually can't listen to myself but because this is that living water it is amazing what I learn from them. I say things I often think did I say that, the message that we had last week on how the Lord cares for people, He brought these two people in here knowing full well that they will stab him in the back on the way out, but see God cares so much for the human race, even at the risk of being rejected He wants to help them so much. He will put everything in it and I got to know God a little bit better now, God that eternal spirit cares so much about the human race that He would even allow His Son to be crucified over and over again just to try and help mankind. That is what I got out of that, we want to help these people we can't help them under their conditions, the way they want to be helped. I went back to listen to that message we had - Help is on the way. God wants to help people and we want to help people but we can't help people the way they want to be helped. Like pour them a drink or cook them up a big steak. That is how mankind wants to be helped, no, we can only help them by telling them the truth, by telling people the hour that we are living in; telling them where we are in time. Nobody wants to know that, they want to push their head in the sand, and they do not want to know the hour that they are living in. That is that main ingredient, if you miss that ingredient, the main ingredient is to know the hour that you are living in. If you go back and you condense it all, we don't take at face value what people say, do, or think, we step back and we look at the life of Jesus when He wept over Jerusalem. We were over in Israel to the place when He was on the Mount Olives and He wept over Jerusalem and the reason that He wept was that they didn't know the day and the hour of their visitation. Why didn't they know it was available, but see they did not know. Why did He weep because they did not know, and He went on to say as it was in the days of Noe. They, absolutely, did not know, they did not have the main ingredient,

had they known the hour that they were living in they would have done something about it.

We are talking about that main ingredient, as it was in the days of Lot, they absolutely didn't know because when Lot was talking to his sons-in-law they thought that he was losing it, that he was from a different planet or something. *But he seemed as one that mocked unto his sons-in-law.* It is the same thing here in this day when we talk about the day and hour in these messages people are not getting it. They just don't know, they don't want to know but they have to have that main ingredient to get to that marriage supper of the lamb. Somewhere up the road if they don't put in an effort to get to know what we are trying to say here, because it is for their benefit, we are putting these messages out for their benefit because if we don't put it out there nobody is going to put it out there. Then nobody is going to get it, because it is nobody else's job.

Like we were saying the other day there was only one person that could go to Calvary for the debt of sin and that is the Lord Jesus Christ. There is only one person that could be the church age messenger for the church age of Laodicea and that is brother Branham. If he would not have done it we won't know what is out there, before I came to the ministry of brother Branham I was just as ignorant as a duck, blind as a bat and then the Lord brought me to the ministry of brother Branham and I began to see the book of Revelation, I began to see the hour that we are now living in and when brother Branham went off the scene it continued with brother Jackson. I would have missed out on what God had, the truth for our day and hour if I wouldn't have done something about it, when I heard the Lord speak to me when He said to me - This is my prophet if you believe it you will be blessed. If I would have rejected that that brother Branham chapter would not have meant a thing to me, and neither would have the brother Jackson chapter and I would still be as ignorant as a duck when it comes to the book of Revelation. I still would not know what happened in Genesis 6, and I still would not know what happened in the garden of Eden. I would be blind as a bat but see I grabbed on and I wanted to be blessed when the Lord spoke to my heart if you believe it you will be blessed. This is my prophet and this is that ingredient that I needed to take me into that next

dimension, and here this main ingredient for this end-time is to know the hour that you are now living in. It is so important, like I said, Jesus wept because they did not know the hour that they were living in and they did not know the hour of their visitation. They didn't have that main ingredient. Then when that destruction of Jerusalem came there was not one Christian left in the city. The Christians left because they heard Jesus say when you see Jerusalem encamped with armies then get out of there, and they took that opportunity because they knew. They knew the hour that they were living in and they knew that it is time to get out of there because Jesus warned them.

Here again, we have that ingredient we have that message here, it is all on our website and all you have to do is believe it, saturate yourself with it, go to sleep at night listening to a message and you are going to see something take over and you are going to start believing it. That this is it, this is that main ingredient, you have to know the hour that you are living in, if you don't know the hour that you are living in you are going to believe anything that is out there. You are going to be like a floppy disk you are going to go from here to there. When someone comes along with something new you are going, like it says, fall for every wind and doctrine that is out there. When somebody comes along with that idea you are going to grab for that straw and when someone else comes along with this idea you are going to grab unto that, but once you know the hour that you are living in, once you are going to believe what we are trying to say here that on October the 15th 2021, that was it for the Grace Age, and the seventieth week of Daniel began. I was thinking today where else are you going to put it you have no other scripture to put it at. You go listen to these conversations that we have been having they were put out there for you and like I said previously God cared so much for the Human race that He took me out of there to show me this. I had a perfect family, He took me out of that Hutterite dudgeon, that prison and He took me away from my family. I lost everything overnight. Overnight I became a vagabond, simply because the Lord was concerned over mankind that I had to pay that hefty price. *Mark 8:*

35. For whosoever will save his life shall lose it; but whosoever shall lose his life for my sake and the gospel's, the same shall save it.

36. For what shall it profit a man, if he shall gain the whole world, and lose his own soul?

That scripture kept going over and over to me, and I said to myself if I want eternal life I have to lose my life and my reputation. Like I said, overnight I became a vagabond because when I look back the Lord had a program He wanted to help people so He put us on this journey and He showed us the hour that we are living in, and simply because that the people in this hour, that they can also know the hour that they are living in. That we can give them that main ingredient. All they have to do is believe what we are saying here. I can't say it often enough because the last year has been shifting gears and has been zeroing in on that restoration of Israel. We thought we had it in 2020 and then the Lord didn't let me go to sleep on it. I went to sleep when it hit me that 2020 is wrong. Then we went back to the drawing board and the minute that I shared it with you, you already had the clocks. You can go back and listen to these conversations that we have had - Sometimes I just have to eat crow. That is why they are out there for everyone to go and listen to them. So that you can get that main ingredient, and so that main ingredient can take you right to that marriage supper of the lamb, because if you don't know the hour that you are living in, like I said, you are going to be here, there and everywhere you are not even going to know where you are going.

Lorraine speaks: In many ways, you can apply *Hebrews 4:*

1. Let us therefore fear, lest, a promise being left us of entering into his rest, any of you should seem to come short of it.

2. For unto us was the gospel preached, as well as unto them: but the word preached did not profit them, not being mixed with faith in them that heard it.

There it is, faith is the key, without faith you are never going to be able to see it. It has to be mixed with faith. The same with Abraham it had to be mixed with faith, otherwise, he would not have gotten anywhere, the same with Noah. If the children of Israel would have had faith they would have gone right into the promised land, but they could not step out of their carnality. They were too busy complaining and murmuring and those natural attributes they could not rise above and rise in the wings of faith and take a hold of it and grab it. That is

the same way here in this hour it has to be mixed with faith. That ingredient has to be mixed with faith in believing it. To that natural man, it seems farfetched, but with faith all things are possible.

Sam speaks: Yes, you have to put in a little bit of spiritual muscle. We were talking last week about the 600,000 leaving Egypt and only two made it to the promised land because the Bible tells us they had a different spirit. With them it was mixed with faith, they looked at it from a different angle they didn't start grumbling when they came up to the Red Sea, they trusted what God was doing and He will see them through. They saw the plagues and they took it to heart when they saw the plagues and how God led them out of Egypt in the middle of the night they didn't complain. When they came to the waters they didn't complain, see they had a different spirit. They believed that God was going to do exactly what He said He will do. These two were unique, and would be to God that there would be lots of these two out there today, would be to God there would be more that would grab a hold of this truth, because this is for their benefit, we are just having these conversations for their benefits because we have already got it. We have the picture clear - *Mein Jesus! der du mich, zum Lustspiel ewiglich, dir hast erwählet,*

. He has hewn us out before the fountain of the world, He has chosen us before the foundation of the world to do this very thing. Like we didn't choose it, He choose us, and He is going to see us through. That is one of the first prophecies that I got, He that began that work in you He will finish until the day of Christ Jesus. He is going to see to it that we are going to make it, but we are going to have to have the faith to believe that He is going to get us there and we are going to do our part. We can't just sit down and just be lazy and not do anything. That is why we are having these conversations so that it goes out in seven continents for everyone, for whosoever will let him come and drink out of the water of life freely.

This is this website here. It has nothing to do with us, if we don't do it, it is not going to get done. If Jesus would not have come and gone to Calvary mankind would have been lost and all of creation. If brother Branham would not have come and delivered unto us that Malachi 4 spirit of Elijah, those seals, and the book of Revelation would still be a mystery. We would be blind as a bat, go out and talk

to people that do not know about brother Branham they don't know anything. In fact, they purposely reject it, they are clueless like that Danny that was here the other day from Bloomfield, he was studying the book of Revelations, and I told him you can't understand the book of Revelation until you come under the ministry of Brother Branham.

See they don't like that, and when I asked how far he came with studying it, he has now given up on it, because he can't figure it out. That is how it is, if he would come under that channel then he would know automatically. Right now that brother Branham chapter to him is a close book, it is a useless item to him, and so likewise this chapter here is a useless item to the multitudes that are out there if you don't believe it. If you don't mix it with faith. You just have to go out of your little comfort zone and never mind about Sam and Lorraine, don't even look at them just get yourself saturated with this truth here, and eventually, you will find that something is going to happen. I was thinking during the week about those people took that jab, and now their whole DNA is polluted with that poison, with that snake venom, I am going out on a limb here, I know one thing there is nobody going in the rapture with this venom, all people have to do is walk in this chapter here and somehow God will find a way of cleaning up your DNA, and your bloodstream from this venom, and maybe that is what will play a part when Jesus said my tables will be full. Somehow they are going to be filled even if He will have to use that venom to crowd people into it. Some people took it ignorantly because the government forced it on them, it says whosoever will. It is not phrased those that took that venom, they don't have a prayer, it says whosoever will, even if you took that jab and all the mess up you have done all of your life just come and believe it everything is condensed here in this living water and you will make it there.

He wants those tables to be full, He said His tables will be full, even if He has to tell them to go out to the highways and the byways to bring in the lame and the blind, bring in the lowest of the low, do whatever it takes because my tables have to be filled, and they will be full because the Bible says they will be filled. It is here, this living water, it is for whosoever will, I don't care what people have done to me, I was having a great time, it doesn't matter that I became a vagabond overnight. I would not have missed it for the world because

it got me to where I am today. Paul talks about the persecution and the cross of Christ to those that are lost it is foolishness but to us, it is the power of God unto salvation.

Look at all the good times we have had serving the Lord. We got to go to Israel and spend time there, we were able to go driving a truck for 7 years and saw all the beautiful country, and now we get to do this and spend time with the Lord and put out these conversations every Sunday. God has given us 24/7 protection, and meeting all our finances. Everywhere we look it is nothing but goodness and mercy shall follow us all the days of our lives. He set a table before us when these Hutterites think that we should be doom and gloom, and here we are happy as a lark, just because we were following the Lord. When I came up to one of their meeting they told me I should be coming with my head hanging down and crying. I told them I don't feel like crying, I feel good. I feel good about myself, I am standing up for something that I believe in. They could not intimidate me. What I want to stress here with this message is the main ingredient you have to get the day and hour that you are living in.

Lorraine speaks: If you don't have that main ingredient and do not know the day and hour that you are living in then you fall for every wind and doctrine that is out there, and there are many out there. Everybody when you listen to all these people they have their own idea of things. The great reset, the New World Order, then there is buy gold and silver, a famine coming, there is no fertilizer, everybody has something to say but if you have that ingredient you know the day and hour that you are living in, you know that God has a provided way and God never leaves His people short, He always has a way to escape. What kind of a God would you think would require you to do something, when He has not fully supplied it. It says that He takes care of the sparrows, He clothes the lilies, then how much more us children of the living God, if we walk in His ways and line up with the truth for our day and hour. So why would He require us to go out and do things when He promised to take care of us. It seems very contradictory to me when you hear these people when they say how you should prepare yourself.

Sam speaks: They advertise to go and buy gold and silver, what I have is - Seek ye first the kingdom of God and His righteousness and

all these things will be added unto you. That means for all time, we don't have to go buy gold.

Lorraine speaks: We prepare ourselves according to the Word.

Sam speaks: He will supply our needs according to His riches in glory. I was thinking today of the time when I was taking oats into Rome, Georgia somewhere around there, and this didn't happen every time but this particular time I got to Cartersville around noon, so I called up brother Boyd if I could be at church services that evening, I could not get a hold of him, so I tried Dennis Bailey. It just so happened that one this particular Sunday they had no service because someone had passed away and they were having a funeral. So finally, I guess, when it was all over Boyd called me back and told me that they didn't have an evening service because the members were at this funeral. Then he asked me if I was coming to the meetings; the Memorial Day meetings. So I asked him when they will be on, and he said, two months from now. I told him that I would pray about it and that I would try my level best to make it.

In these two months from the time that he asks me if I would be coming to those meetings, the Lord began to deal with me to share with the church at Cartersville, in those meetings, about the revelation that I got about the midnight cry. It was burning in my heart, I didn't even know if I would be able to get there but God knew and once I got there I didn't know how I would be able to get up to the pulpit but God knew He had been working on me for about 2 months to share it with the people down there, to share the midnight cry revelation. Once you share it with them they are going to see for themselves. My two months were consumed with how I was going to get there and once I get there it was how am I going to get to the pulpit.

Finally, when the time came it was a miracle that I got there, I got there Friday night and I was there for the Saturday morning service, then I was also there at the evening service. I got there for the Friday evening service, I missed the morning one though. The Lord told me to share it with them, I told the Lord if He wanted me to share it with them then He will have to get me up to the pulpit. So on Friday, no Sam is being called, then Saturday morning no Sam is being called again. I thought if I get a pass then that is good. Anyway, Saturday night, I've said it before and I am saying it again, for some reason on

Saturday night my ears picked up - Sam, do you have a song. Well, what am I going to do, cut and run, I got up and went up and told them what the Lord had been dealing with me for two months to share with the people here about the midnight cry. I told them they do not need the 2 days. Once you know that the midnight cry happened in 63 then all it takes is a Grade 3 child to do the math. You take 1906 and subtract 1963. I explained it all to the people in those meetings there. There were people all over, I explained my part and I found out later that they didn't call on me that they didn't say Sam, they said Tim. God can do that I told the Lord you will have to get me to the pulpit, how God gets you there that is His business, but my ears heard Sam do you have a song, and I went up and shared it with the congregation. I didn't know at the time that they didn't call on me that they called on Tim Reliford, he was sitting right behind me, and he was getting up but when he saw me getting up well he sat back down. If it would have been the other way around if I would have seen him get up I would have gladly sat down. It would have been - I dodged the bullet kind of thing. I would have seen him go up and I would not have gone up, but see God was going to make sure that he was sitting behind me and that I heard Sam. Now here I am up there yapping away and the thought on everyone's minds was - what are you doing up there, he didn't call on you.

Anyway, I went up there and shared the whole thing with the congregation, I didn't know that I was not even called on. Then two weeks later I had a meeting with Tim Reliford and he told me - They didn't call on you. They had said Tim, but I heard my name. I asked him why he didn't tell me. When I found out about it, I phoned up brother Boyd, he said it's all right. I told him it's not all right, why didn't anyone tell, it has been two weeks now and nobody has said one word that I was not being invited up there. Anyway, as it is Tim went on to tell me that they took the song service off and the reason for that was they didn't invite me up there but see they took it off because the devil was behind it. These people think they are Christians, they are not Christians, the devil did not want this revelation out about the midnight cry. See if they don't put it on the internet the only people that heard it was the people that were in the congregation over there. They didn't have it on live streaming, they just put the recording on

afterward. They tape it off then they put it on afterward and this joker that calls himself a preacher this Savage from Montgomery, IL gets up and says - There is somebody out of line here. Everybody knew that he meant me, he is riding high in the popularity thing because they just made him preacher there and here he is the new preacher and he feels on top of it and goes up there and says there is somebody out of line here and needs to repent. All I wanted was to try and relay to them what the Lord showed me about the midnight cry.

In fact, when I came down, about 10 am, over Monteagle there, on my way over to the meetings, the Lord spoke to me and told me - They are not going to put this on the internet, they are not going to put it on the website. I already knew that the Lord is going to have me up to that pulpit, because how can He have me up at the pulpit when they are not even going to have it put on there.

Anyway, these 2 weeks went by before I found out about it and sure enough, they had put that whole song service off simply because the devil didn't want that midnight cry revelation out on the internet. Brother Boyd was in charge of the meetings and the website to put the message out, or not, and he shut it down to make sure that it does not get out there. You think that these people are Christians they have been preaching forever and good preaching too, and here they are not of God. See he doesn't let it go out on the internet and the website, he tells himself I was not invited and I had no business to be up there. Little did they know that it was the Lord that got me there, they don't know that whole chapter. If he would be in touch with the Lord he would have known that it was the Lord that got me up there and he would have sat back and listened to what the spirit of the Lord was saying, and they would have realized that there is something there. He is like the 600,000 that left Egypt they did not hear a word that Moses was saying just two of them, his stuff was not mixed with faith. Then what happened was one day you were on the internet and you heard that Boyd had passed away. That was God's judgment he got sick and died within a week or so, apparently he had a bacteria in the brain or something. God was so broken up that he would shut that testimony down about the midnight cry, and he didn't last that much longer after that. That is God's judgment for shutting it down for not letting it go out on air waves and letting the world know, the biblical

world know, the people that are in this message, to let them know the hour we are living in by giving them the understanding the importance of that midnight cry. There would have been people that would have stepped back and realized that there is something there, but he and those preachers robbed them of that. I shared it with Tim Reliford that is the worst of it. The worst from that crowd was Tim Reliford, I had shared it with Tim Reliford, I don't know what motivates that guy, is it jealousy or what but he didn't promote it. See you either promote it or demote it. I know that they talk behind my back and they have their own opinion about me, but see I was just following the Lord, I was just doing what the Lord wanted me to.

Lorraine speaks: It is very sad that God has to go about it that way, if they would have been sensitive to the spirit, they would have said does anyone here have anything to share, come up and share what the Lord has put on your heart. Instead, it is about controlling everything, making it a controlled environment so that the spirit of the living God could not move, it was that Nicolaitian spirit all over again. I know how much it grieved the Lord with what they did down there. The Lord showed me how much it grieved Him what they did at Cartersville, and it is sad because they had everything so organized and so controlled that the Holy Spirit was no longer able to move there, and therefore shutting out the very essence of the end-time. It falls into the same category just as what those ten spies did, they caused a division, by not promoting faith to the people so that they could enter into that rest, instead they use their natural instincts to create disarray in the camp and by not believing the report of the two spies that told them with God we can do this. God is on our side we can do it, but they missed the opportunity. That is why you see people in this truth have not advanced because they rejected what God had for them, and they are still doing their spiel now.

Sam speaks: One after another God hits them Boyd, Bud, and they don't even realize that it is God's judgment; it is the judgment seat of Christ. There was the key component that the church needed to move on ever since brother Jackson left, there was only one component left, the day and the hour that you are living in, and here it was delivered to them. The Lord through a strong and mighty arm got me down there. It was all God, I had no business being there because

I was just down there the week before to unload a load, so it is pretty tough legally to make it back again and be down there again. I had given up, I was supposed to pick this load up Friday to go down again, I came back Wednesday and they had the load ready. I called up the dispatch and he said the load is ready I can pick it up and go down there. So I left here and I got to be down there it was a miracle, everything was divinely put together. I got to be there and as I was sitting there I could see the hand of God, and you can only sit back and analyze everything now it was the Lord that got me up to the pulpit. Then you had this prophecy about how it grieved the Lord that they would reject the very truth that would move them on. I remember coming over Mounteagle when the Lord told me that they are not going to put it on the internet, there was a sadness in His voice when He spoke to me - Sam, they are not going to put it on the internet. God does not twist arms, He just puts it out there, take it or leave it, and they missed it.

Lorraine speaks: It just reminds me so much of those 10 spies, and then I was reminded of the incident when I came home from work, I worked days, but that night they called me if I could work the night shift, I guess someone called in sick. I agreed to work the night shift, so in the morning I came home, and it was Sunday morning. I thought it will be a long day if I don't watch the service, so I watched Neil Connolly, and he already knew about that whole incident but he knew it in a deceptive way like those 10 spies, how they brought in a false report. That is what happened there somebody brought him a false report and he put it all out on the internet and everything you said was twisted. He said, that you had said, that the Lord is coming in 2020, and you never said that. He had a list of things that he rambled off on, and then he went on to say these things you put into an inapplicable box. As if to say that guy is inapplicable so whatever he has to say is inapplicable as well.

Sam speaks: He did everything he could to add to the pain, add to the suffering that the Lord has to put up with now because they rejected that and now he gets a false report. From the time it left my lips and I'm sure Sammy Logans brought a false report to his church and then it went to Brent and then it would have gone to Marie Towers and by the time he got it to his ears it is already twisted up, and he

would have twisted it some more. I am not assuming it, I am just saying it, if he didn't or did, I just know from the time it left his lips and we taped it off where he said - This guy got up in church and said that the Lord is coming in 2020. That's a lie, a flat-out lie. That is a false report, and yes, it is like those 10 spies, and what happened to those 10 spies, they were not heard of again, they got destroyed when that plague came, and everything just got destroyed with them, here it is the same thing. It is still the same God just because He lets people get away with it that does not change His attitude towards them. Judgment is going to come on them.

Lorraine speaks: It is because it was not mixed with faith they are not going to be able to enter into that rest. I know with Roy Mimms the Lord showed him that he is not going to go via the rapture that he is going to go to the grave and he did pass away. See they did not move on, I don't know if God is going to do something for them. I don't know what God is going to do.

Sam speaks: They keep rejecting, they are out of touch, like those 600,000 they were out of touch, they did not know what is going on, to them it was just another day at the park. Another day of grumbling, another day of this, another day of *Numbers 11*:

5. We remember the fish, which we did eat in Egypt for nought; the cucumbers, and the melons, and the leeks, and the onions, and the garlic.

They were not like Joshua and Caleb those two they had a different spirit they were respectful and had a reverence for what God was doing, they were not part of that crowd. Here, it grieved the Lord so tremendously, the Lord is going to get the job done. He always gets the job done, He just goes a different route just because King Herod was trying to kill all these babies, God just went a different route, in Egypt. You can go throughout history people could have the benefit, that whole church, that whole congregation, that whole brother Jackson movement could have had the benefits of that midnight cry had they put it out there. God was so grieved with it that He just took Benjamin Boyd off the scene He was so disappointed in that man, He strictly just took him off the scene, that is the judgement seat of Christ.

Lorraine speaks: It's like a stream when you block it off it will find a path, it will find a path to run along.

Sam speaks: When you build a dam it will find a path it will go by the overflow and it will get the job done.

Lorraine speaks: You are not going to handcuff the Holy Spirit.

Sam speaks: The Lord gave me a promise He that began a work in you will finish, He will get the job done. Here He takes me out from the colony, and they thought that they have me shut down, but God finds a way. Like this one guy he said, Sam, whenever people think you are done you come up somewhere else. Just when they think you are done you come up with something else. That's the way the Holy Spirit works you can't shut God down. They thought: we have this guy shut down by taking his family away, but he would not bend, he would not bow, and he would not break and the Lord blessed him more than ever before. That is how cruel that false religion is and the tactic these people use. Then the Lord gets me to pick you up and they figure they have the right to demoralize us. They are like those brute beasts in Jude, they don't know that God is hiding us away in the cleft of the rock and He is using this for His glory, and here they go, like over in Jude, like those brute beasts speaking evil of things that they are completely clueless of and thereby they defile themselves.

See how it works and we are just having a great time, and we are putting it out there for whosoever will. It is a new chapter, whosoever will let him come and drink out of the water of life freely. Everyone wants the glory and all we ever want is to be faithful to what God has called us to do. That is what He has given us to do, that living water, that meat in due season. We don't have any other job. Where else are you going to hear it except here, if we don't say it then nobody is going to hear it. They are going to be in the dark just like those people that never heard of brother Branham, and they are just going to be in the same darkness as those branhamites are that never heard about brother Jackson, and they are just going to be just as in the dark as those that are under brother Jackson's umbrella if they don't accept this midnight cry. They don't know the day and the hour that they are living in just go and ask them, of course, they are going to say we are living in the end, but give me the specifics. Give me the day and the

hour when He is going to restore Israel we have it right down to the day. It is October the 15th, 2021.

Lorraine speaks: That is what the Lord showed me, because we had the miracle war and the Ezekiel war before the week of Daniel, and things were not lining up. I was wondering about these events, just like Daniel was wondering about the 70 years of their captivity, they were coming to completion and he was wondering what is going to happen. It reminded me just as Daniel was pondering on these things, I was wondering about these events and as I was wondering the Lord came on the scene and He took those two events and put them where they rightfully belonged, He placed them in the week of Daniel. When He did that I instantly went, yes, that makes sense, why didn't I think about that before. It was like a lightbulb went on and I went, that is where they belong in the week of Daniel with the restoration. The miracle war, the building of the Temple, Ezekiel war 38 & 39 war, and then I could see that scripture - Arise and shine. When Israel will rise and shine in the week of Daniel.

Sam speaks: It is a process. The deadline for the Grace Age came and now it is about the restoration of Israel, it is on and it is not going to stop until that decree is far removed and that Temple will be built. Like you were reading today about those 6 points that it talks about in Daniel *to finish the transgression, and to make an end of sins, and to make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the most Holy.* These things are in route they are in the making, Babylon is coming down, and it is just going to be one heap of rubble, and it is that religious system and everything that is tied to it.

Lorraine speaks: Then I could see how in the Laodicean church age the grey horse rider was riding and it was riding to deceive people and now that we are in the week of Daniel, as we progress into the week people's eyes will be opened and it will all play in part with God famishing those gods, and He is going to sanctify His great name. It will be a different world, and you will see wrongs starting to surface and people will see the wrong for wrong and right from right.

Sam speaks: You are going to see Hilary Clinton behind bars, up until now they had the legal system so tied up and now it is all coming to daylight.

Lorraine speaks: Then after the Lord showed me all of that I could literally see myself crowning Jesus King of Kings and Lord of Lords because when that Grace Age ended He is no longer on the mercy seat as an intercessor, He is no longer doing the intercessory work, those names that are written in those seals are now interceded for, and He is now King of Kings and Lord of Lords. He is in a different position now, it is not an overnight occurrence it will be gradual occurrences.

Sam speaks: The process has begun, don't look for no big sign out there. See we believe it, and because you and I believe it, we believe it without a shadow of a doubt. As we went out there to sharpen this blade and we noticed a difference in Dave's wife from night to day. That grey horse rider is not riding anymore. I was actually surprised and she was actually very friendly and talkative. See we can see the effects of that grey horse rider being gone. God will from time to time prove to us that. Like this lady, all of a sudden she is warming up, up until now she could not get away from us fast enough, and now the influence of that grey horse rider is gone. I did see the grey horse rider he was being put in his pen, it has done served its purpose, and they took the saddle off him and there is no more grey horse rider, it has done served its purpose. It is all in God all that had to be.

Lorraine speaks: Like they are always talking about that great reset but you have to apply it to the Bible and with what God is doing and then people will realize what God is doing. There is a reset but not the way the devil would like it to be, the only reset we see is the week of Daniel.

Sam speaks: We are doing this for people, we are not doing this for us, God cares for people so much He would even risk being crucified, He would even risk putting us out there knowing that the very people that we are trying to help are going to do everything they can to try and destroy us, to try to make us look like garbage. I don't mind at the end of the day all things work together for good. What you mean for our harm will be for our good. You can go ahead and try to destroy us if you want to but you are only destroying yourself. It is just the way it works in God. People have to get the main ingredient if you don't have that you are going to be like in the days of Noah they didn't have that ingredient. Noah had it, he got that ark built and he got into

that ark and when all Hell broke loose when those flood waters came he was in that ark safe. Then as it was in the days of Lot, Lot was down in Zoar while Sodom was being destroyed.

Just like at the destruction of Jerusalem the Christians were out of there, they were running up to the mountains, exiting as the destruction of Jerusalem was going on. They believed, they had faith, they knew, they had that main ingredient. All night long and all week I could not get away from that main ingredient if you do not have that main ingredient. That main ingredient is knowing that beyond a shadow of a doubt that you know the day and hour that you are living in. You just have to believe what we are saying here just keep listening to these messages and you will see how one ties together with the next one. That is all I can say, I have only one mission and that is the coming of the Lord.

Then the Lord gave me this key. I had this dream, I came across brother Jackson and he was trying to open that door with that ring of keys that he had, but see the Lord was saying brother Jackson it is not permitted for you to know. Like it was to Daniel, like it was to these disciples it was not permitted. Brother Jackson, you can try but it is not given to you, and in my dream, I came along, and I told him brother Jackson I have the key here do you want me to open the door. He never preached on it maybe eventually he might have but he was not living in that time frame the Lord kept it from him.

Lorraine speaks: There is an ingredient in a person and when the time is right that person picks it up when you come to the proper time when God can open it up. Like God put it in you for the midnight cry, it was you that He gave the key to, and when the time was right you picked it up and that is how God hides things. When it is not in its time and it is not lined up with the right person then it is not going to happen.

Sam speaks: I can still see him frantically trying to open that door because, by that time we already knew that he is missing something, he knew beyond a shadow of a doubt that he is missing something because he was very troubled he knew that he is going to have to retract some things. He was bragging that he never had to retract anything, and as the time came closer he was starting to be very troubled and very worried that he didn't know the hour we are living in.

I am going to paraphrase - Brother Jackson it is forbidden for you to know. It was forbidden for Daniel to know, and for the apostle and it is also for most people but for you and I, it is allowed because we are living in that time frame. That should be another encouragement for people that they need to believe what we are saying here when we say we know the day and the hour that we are living in. Once the miracle war is over and Israel builds their Temple then their eyes will open up, He said he is going to do a quick work, all God has to do is change the tide of events. Right now they are still living under the effects of the Grace Age. It is not until Israel has that siege and then you will see how they are going out there and you will see Isaiah 60:

1. Arise, shine; for thy light is come, and the glory of the LORD is risen upon thee.

Then you will see the reality of *Isaiah 63*:

2. *Wherefore art thou red in thine apparel, and thy garments like him that treadeth in the winefat?*

They are going to see all that happening and the proof is going to be in the pudding even the blind will see, and they will say, he has been saying this for 30 years he has been beating the drums. Well, I don't mind beating the drums because God gives you the grace to keep beating the drums. We like it, we like being rejected, it does not bother us, it has become a way of life. There was a time when it bother me, just like it bothered brother Jackson when the branhamites would not have anything to do with him. I had a conversation with him one time, he said, I had to give up on them, every move I made they would just call me a blackbird, and he had to go it alone.

Lorraine speaks: You have to otherwise it is going to wear you down.

Sam speaks: The Lord had to come on the scene and tell him - How long are you going to doubt my Word. It was like He was saying - I have a work for you to do brother Jackson don't worry about these branhamites they are going to do what they are going to do. It is the same with us don't worry about these people that we come out of. We see them sometimes and maybe someday it will be for them, but now if you talk to them it will just be a mockery.

Heavenly Father, we just had a conversation around your Word, I just pray that you will take what has been said and put it together Lord,

and allow it to be a spark in the hearts of the people for whosoever will, we just pray that you will give that increase, in Jesus Christ name we pray, Amen.

Throughout the week the Lord just let me know that people do not have that main ingredient and if you don't have that main ingredient, the ingredient is to know that day and hour that you are living in. I have actually been consumed with that for the last 5 years. They knew not, they knew not, and we have a few messages on it. It was the heart of Jesus, He knew that He has only a few days to live and he was weeping simply because they did not know. All the work that he had done was all in vain. Back in the days of Noah, it was all in vain, and now here is the culminating of the ages. I firmly believe God is going to open it up to them because that's what it's all about, you have to know the hour that you are living in, because if you don't you are going to miss that main ingredient and you are going to be left without and you are going to have to go through that tribulation hour, you are going to have missed the marriage supper of the lamb. I don't know how many tables there are and how many chairs are sitting there, but the Bible says, my tables will be full.

We have one job, the Lord told us 10-15 years ago to do this website and that is what we did, then He woke me up and told us to sing these songs, these German songs. We are doing everything the Lord told us to, and here we are just trying to be faithful. Who then is that faithful and wise servant. The Lord puts the brand on us - Faithful and wise. Heaven declares us wise, and rightly so because we sit back and we observe things we don't take everything hook, line, and sinker. We go out and do things, like the wise man that built his house upon a rock. We say and we do them. It is a good journey, it is a good job because this is what we were hewn out to do. Nobody else could do this because they don't know. Where are you going to find this, you can go all around the world and ask someone how the grand canyon came to be. Well, you are going to find it on this website, go and find someone that will give you the answers to how that oil comes out of the ground and it is accumulating more and more, not less and less. Well, we have it, we know how these things came to be because we are in touch with the greatest scientist that there ever was. It comes about because the planet is a recycling system, that great Grand

Canyon came about during that first destruction, that judgment that came on the planet. God and to blow up the planet, where else are people going to hear this, they can look at that ditch even brother Jackson said, I don't know how it got there but it is big. Well it got there because God blew up this planet, and He made room for Hell, first those angels in Jude, and then there is another set of mountains that were pushed up.

Lorraine speaks: You have to realize that when God created this planet there was no Hell in the center, it was created for the devil and his angels, so it was not something that God initially put there. It was put there because of the result of judgment for what those angels did.

Sam speaks: There was no devil, so why make a Hell when there is no devil.

Lorraine speaks: So you have to put all that into perspective, that God and to create Hell and with creating that the Grand Canyon was formed.

Sam speaks: That is where these canyons and these mountains come from. The prophet said I saw the mountains move, and one place says Hell widened its borders.

Lorraine speaks: The planet had to expand and then you will see how the continents divided.

Sam speaks: You are not going to hear it anywhere else but you are going to hear it here, it is all in here how the oil came to be, how the grand canyon was formed and you sit back because you are created in the image of God and it all makes sense, it will be like Trump everything that he says makes sense.

Lorraine speaks: When you think about how God does things, God does not do things just for the fun of it.

Sam speaks: No, He would not just go down and destroy a planet, and the animal kingdom.

Lorraine speaks: Exactly, so there is a reason why judgement came, and why Hell was created, and why you see mountains and canyons that when you would put them together again they would perfectly fit together like a puzzle. The same with the mountains they are pushed up when you would put a mountain down it would be a level plane again. When you drive through the canyons and the

mountains you see how they are pushed up. You see the formation and the layers.

Sam speaks: To us, it is so simple, why do people not know, the reason we know is that we are created in the image of God and it is all about humility.

Lorraine speaks: It is, God wants to share Himself with His creation and He can't share himself with proud people, it has to be in humility and in simplicity, and He opens it up and He shares Himself with these people.

Sam speaks: That is why we can enjoy God, that is why Jesus said, He came to show us the Father. This is eternal life that you may know God and Jesus Christ whom He sent. When I saw these scriptures I wanted to know God - Oh, that I might know Him, the power of His resurrection, and the fellowship of His suffering. That is all I ever wanted to know and here God rich in mercy allowed us to see things that nobody else sees. He has allowed us to do things that nobody else can do, He allowed us to roll out that living water. Why, because when you go back to the days of Solomon he just prayed for wisdom that he could serve such a great people and be able to judge them rightly. It pleased God that he asked that insomuch that He also give him riches, more than anyone before or after. Now here all we have ever asked of the Lord is to be found faithful and God saw that and He said Sam I will give you a platform and that platform will go all around the world, I will give you that living water, I will give you that meat in due season. I never even dreamt that it is available. I never knew that this is going to come about, that has never been my ambition.

This one guy once told me you could have used this to make a name for yourself, that has never been my motive. Do you know how much effort goes into trying to make a name for yourself. You have to measure up to their standards, and then you have to try to keep it at that plateau, and here we can just be ourselves. We can go down the store and do our shopping and nobody knows us, we are just nobodies. I told this one guy, it is sure good to be a nobody, that is where it is at.
