

WHEN HE SEES ME

When He sees me
He sees the blood of the Lamb
He sees me as worthy and not as I am
He views me in garments
As white as the snow
For the lamb of God is worthy
And He loves me this I know

TO BE LIKE JESUS

To be like Jesus, to be like Jesus
On earth, I've long just to be like Him
All through life's journey
From earth to glory
I only ask, Just to be like Him

Now if that would be everybody's prayer, then there would be no problems in this world, can you imagine a world where everyone just wants to be like Jesus, what a glorious place it would be.

PITY THE MAN

*I guess we should pity the man
in this world,
Who must use the earth for a bit.
And I guess we should pity
the man who must toil,
From dawn to dusk for his bread.
But these can be rich if they have contentment,
And share in God's salvation plan.
But if you know any
Who though they have plenty,
Are lost, then pity the man.
Chorus*

*Pity the man who has treasures to hold.
And holds not the pearl of great price,
Pity the man though he lives long on earth,
Yet he knows not the Giver of life.
Doctor, or lawyer, traveler, or merchant,
Or builder who builds on the sand.
Pauper or king to be saved is the thing,
If he's lost then pity the man.*

*And I guess there are those
who pity the saved,
As though we were missing life's best.
Oh, they're forgetting the treasures
Of earth pass away,
And heaven is the place to invest.
Their meanwhile esteeming,
The man who is scheming.
To hold all the wealth that he can.
But if while he's living,
To God, he's not giving
His soul, then pity the man.*

*Pauper or king to be saved is the thing,
If he's lost then pity the man.*

There are lots of people living like that, and like that song says, all you can do is pity the man, and they look at us as if we are lost; as if we are missing lives best, they have their wealth, but I tell you what, it says, pity the man who has riches untold but holds not the pearl of great price. What good is it, if you gain the whole world and lose your soul.

Lorraine speaks: It's rust and the moth, you build yourself up treasures in Heaven where the thief cannot break through and steal.

These earthly goods, they can hack your software, they can hack this that, and the other, but there is safety in God if you live in His will.

Sam speaks: When you have Jesus you have all that stuff, people cannot tap into seek ye first the kingdom of God and His righteousness, because they have other priorities. They have the cart before the horse. What a blessing we have been blessed with.

Lorraine speaks: When you look at all these rich people they are miserable, Gates and the rest. The only happiness is in Christ Jesus.

Sam speaks: They even want what we have. They want to steal the little that we have. If they could they would.

Lorraine speaks: They are miserable and their only aim and goal in life is to make everybody else miserable...

Sam speaks: ...and to accumulate more in life that song tells it all - pity the man. We have seen them this week three of them are very rich but it's all in the mind.

IT'S ALMOST TIME TO SAY GOODBYE

*Perilous times will surely come
That great Apostle Paul declared
Men loving pleasure more than God
Apostasy is everywhere
and if you look around you'll see
God-fearing men are hard to find
And though it breaks the heart in me
I know by the signs it's almost time*

Chorus

*It's almost time to say goodbye
to a world that's vexed this heart of mine
trials faced on every hand
Brought on by the curse of sin
I feel it won't be very long
'Til Jesus comes to claim His own.
We must keep this thought in mind
By His Word, it's almost time*

*Now there are those who have no hope
Our Saviour died but He arose
As living proof appeared to men
He walked with His chosen ones again
He led them out to Bethany
Then on a cloud He went away
And as they gazed up in the sky
The angels said He's coming back*

It will be a great time for me adios to this old world, it will be a glad goodbye because I have pulled my stakes out of this world, my roots are not in this world, but pity the man if they are. Perilous times are here. Paul talks about perilous times they will surely come, well they are here we are right in the middle of them, you see all that apostasy out there it is a Christ-less religion. That is apostasy, a religion without Jesus, apostasy is everywhere but you just have to carry on. There are even religions out there that preach that there is no resurrection, that Jesus was not resurrected and then they preach that HE is not coming back, that is all apostasy it just goes deeper and deeper into apostasy. We believe He resurrected and we believe that He is coming back just like it says in the Bible, we are sticking with the Word. Every avenue that we can we are staying as close to the Word as we can. That is why we are not celebrating these pagan holidays. We are not celebrating New Year on January one because it is anti-Word, the closest we can find where the New Year is and this year it is April the 1st, it depends on the New Moon. God told the Israelites the first New Moon after the Spring Equinox is the New Year, and then 15 days later that is when you have your Passover. It changes every year, it is the first New Moon after that Spring Equinox and that determines the New Year for the whole year. Then you wait for the next year. It is never the same from one year to the other. That is why we celebrate New Year this year on April the 1st. That is the New Year this year we are staying close to the Word. If you knowingly rear off then you are going off the Word, if people don't know about it that is up to them but we know, and now for us to go and celebrate New Year in the dead of winter, knowing what we know, would be foolish. We have not kept ourselves ignorant of these things. We could go along with the trend

and go and celebrate New Year in the dead of winter but we are sticking with the Word. Neither do we celebrate Christmas on the sun worshippers day which is on December 25 that is when the sun worshippers worship the sun. We did the math and went into History and it comes to October when Jesus was born around October 3 that's as close to the birth of Christ that we know. Now if we want to sing all these good songs we will do it in October. That is what we do here in this chapter we try to stay with this Word, we have no traditions here. We try to keep it simple, and clean, we have no rules and regulations, we have none of that, we try to make it simple, be led by your conscious, and live by the Word.

Lorraine speaks: When you are a Christian the law has no dominion over you because as a Christian you live above the law, now I am not saying that you are above the law, no, a Christian's conduct should be in such a way it exceeds the law of the land.

Sam speaks: We don't do the things that the heathen do, it is not even a blip on our radar, in fact, it is the opposite, it makes you sick what people get involved with, so we try to live a simple life. Then when April the 1st will come around we will sing some New Year songs. *Nun last uns gehen und treten.* We try to stay with the Word.

HE LEADETH ME

*He leadeth me: O blessed thought!
O words with heavenly comfort fraught!
Whate'er I do, where'er I be,
Still 'tis God's hand that leadeth me.*

Refrain:

*He leadeth me, He leadeth me;
By his own hand he leadeth me:
His faithful follower I would be,
For by his hand he leadeth me.*

*Sometimes mid scenes of deepest gloom,
Sometimes where Eden's flowers bloom,
By waters calm, o'er troubled sea,*

Still 'tis God's hand that leadeth me.

Refrain

Lord, I would clasp thy hand in mine,

Nor ever murmur nor repine;

Content, whatever lot I see,

Since 'tis my God that leadeth me.

Refrain

And when my task on earth is done,

When, by thy grace, the victory's won,

E'en death's cold wave I will not flee,

Since God through Jordan leadeth me.

UNSEEN HAND TO ME

There is an unseen hand to me

That leads through ways, I cannot see

While going through, this world of woe

This hand still leads, me as I go

CHORUS

I'm trusting to the unseen hand

That guides me through, this weary land

And some sweet day, I'll reach that strand

Still guided by, the unseen hand

This hand has led through shadows drear

And while it leads I have no fear

I know t'will lead, me to that home

Where sin nor sorrow ere can come

I long to see, my Saviours face

And sing the story saved by grace

And there upon that golden strand

I'll praise him for his guiding hand

FARTHER ALONG

1 *Tempted and tried we're oft made to wonder,
Why it should be thus all the day long;
While there are others living about us,
Never molested though in the wrong.*

Refrain:

*Farther along we'll know all about it,
Farther along we'll understand why;
Cheer up, don't worry, live in the sunshine,
We'll understand it all by and by.*

2 *When death has come and taken our loved ones,
It leaves our home so lonely and drear;
Then do we wonder why others prosper,
Living so wicked year after year. [Refrain]*

3 *Faithful till death said our loving Master,
A few more days to labor and wait;
Toils of the road will then seem as nothing,
As we sweep through the beautiful gate. [Refrain]*

4 *When we see Jesus coming in glory,
When He comes from His home in the sky;
Then we shall meet Him in that bright mansion,
We'll understand it all by and by. [Refrain]*

I KEEP COMING BACK TO THE WELL

*Jesus made a well at Calvary
For healing, cleansing, and victory
How its joy over flows, no tongue can tell;
I thank God for the well*

*Oh, I keep comin' back to the well of Grace,
Great is its power, sweet is it's taste
Whenever temptations and trials I face,
I keep comin' back to the well*

*Blessed is the fountain in a barren land
That satisfies the thirst of the inner man
No better place could be found to dwell;
oh, won't you come to the well*

We will read from *Hebrews 3*:

7. Wherefore (as the Holy Ghost saith, **To day if ye will hear his voice,**

8. Harden not your hearts, as in the provocation, in the day of temptation in the wilderness:

9. When your fathers tempted me, proved me, and saw my works forty years.

7. Darum, wie der heilige Geist spricht: "Heute, so ihr hören werdet seine Stimme,

8. so verstocket eure Herzen nicht, wie geschah in der Verbitterung am Tage der Versuchung in der Wüste,

9. da mich eure Väter versuchten; sie prüften mich und sahen meine Werke vierzig Jahre lang.

15. While it is said, **To day if ye will hear his voice, harden not your hearts, as in the provocation.**

15. Indem gesagt wird: "Heute, so ihr seine Stimme hören werdet, so verstocket eure Herzen nicht, wie in der Verbitterung geschah":

Hebrews 4:

7. Again, he limiteth a certain day, saying in David, **To day, after so long a time; as it is said, To day if ye will hear his voice, harden not your hearts.**

*7. bestimmt er abermals einen Tag nach solcher langen Zeit und sagt durch David: "Heute," wie gesagt ist, **"so ihr seine Stimme hören werdet, so verstocket eure Herzen nicht."***

We want to talk about how people harden their hearts to the ways of God. It is going on in full-scale today, in this hour, and people don't even know it. God is trying to deal with people and what do they do, they harden their hearts.

Heavenly Father, I just read your Word, I just pray that you will help us to expound on this very thought here, what you allowed us to see during the week that we can bring it into today's language with all the rampage around us. Lord, I just pray that you will give that increase in Jesus name I pray, amen.

We are all guilty of that, there comes a time when we rebel and then the Lord comes around and He breaks down that rebellion in us. It didn't take me long back in the day, I knew I needed a savior and I can't see why people don't get it when you come to the age of accountability there is one thing that you have to deal with where are you going to spend eternity. Back when I was 23, I had come to the age of accountability I was troubled for 2-3 years as to where am I going to spend eternity. I knew that I needed to settle that score where am I going to spend eternity and I couldn't stop until I had a full package, and Jesus came by my way He made me whole that day, just a sinner was I when Jesus came by, and I invited Him in. I have mentioned it over and over again and if you have listened to any of these conversations that we are having I dealt with my eternal destiny back when I reached the age of accountability. It took me a while a year or two, it says in John the holy spirit will reprove the world of sin, and of righteousness, and of judgment.

I was being convicted and as time went on I settled that score between me and the Lord. I needed this Jesus to save me from my sins, I was rotten to the core and I needed a saviour. I have said it over and over again and I don't know why people don't get it, that is the very first thing that people need to deal with: your salvation; your eternal destiny. That is why we are where we are today because back in 1971 I was serious and the Lord led and guided me just like these songs are saying: *He leadeth me, He leadeth me; By his own hand he*

leadeth me: He led and guided me by His Spirit, by His unseen hand, He has brought us to where we are today, to the highest form where we can be qualified to be part of the bride of Jesus Christ, to be qualified to deliver that meat in due season, to qualify to deliver that living water. There is nothing higher we went through a lot and if you look at your own life back in the day when you were coming up and you decided that you want this Jesus above anything else that is why we are here where we are today.

I don't want to get off the topic, I want to stay with what the Lord by His spirit has allowed us to experience throughout the week. This very thing, the hardening the heart, don't push it off don't keep fighting because every time you do you harden your heart, we know it from our very own family members we know how the Lord is dealing with them and what they do they harden the heart and then that heart gets harder every time. Then the Lord might wait for 2-3 years and He will come along through a situation or a circumstance that will happen and then He deals with that individual again and what does he do, he continues to harden the heart, and then he puts on another layer of lacquer around that heart and eventually it becomes so hard that hardly anything can penetrate it. Like we are going to go over the experience that we had this week with these 2 guys that came in here last Sunday night, that Elie and that Danny from Bloomfield. There is so much that you can talk about concerning this situation it has been consuming me all week, the spiritual condition that these two people are in it is not good, and all you can do is pity the man. In their own eyes, in their eyes, I am going to tell you where they are as we go into this conversation. We met three people this week, people that I grew up with, Elie, and Danny my cousin, we were both born in the same colony, and Levi, with whom I have been in communication with forever. These are the three people that God brought our way this week and we are going to talk about these three people. The Lord brought them here with a strong and mighty arm, I just have to say it the way it is they don't know that but they were brought in here by the God of Heaven, and there was a reason that He brought them here, and I am going to tell you here. I want to go to *Revelations 3*:

15. I know thy works, that thou art neither cold nor hot: I would thou wert cold or hot.

Now that is the natural physical condition of these 3 people that we experienced throughout the week and you will look at their condition in broad daylight here via the scripture.

16. So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth.

The Laodicean church is spued out, there is no life in Laodicea. We are going to touch on that Danny first, in his own mind he is very rich. Sometimes we drive through these colonies and this Bloomfield colony they have a lot of wealth, he is not the senior preacher but he is the brains behind that Bloomfield colony, the buildings, and everything, he does all the blueprints. In fact, he is also the blueprint maker of that Westroc colony, when they split up he moved back to Bloomfield but that Danny, that you saw here, he is the brains behind it all, and in his own mind it is all his, and he says to himself as it says here, I am rich, and rightly so becomes he has put in a lot of effort. When he goes around the place and makes his rounds he sees it as his, he is the preacher there, the second one, but in his mind, he is behind it all and you have to see it in the light of reality how they see themselves as being rich and in need of nothing. He goes down that big shop, we saw that massive shop, and then the feed mill and these houses and all that and he is the brains behind it all. We are just talking reality here now and how he sees himself being rich, increased with good, and in need of nothing.

17. Because thou sayest, I am rich, and increased with goods, and have need of nothing; and knowest not that thou art wretched, and miserable, and poor, and blind, and naked:

18. I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see. As many as I love, I rebuke and chasten: be zealous therefore, and repent.

What I saw here I saw a man that has deteriorated so much from the last time that we have seen him and that is about 4 years ago. It was pretty much the same scenario that happened here the Lord brought them by here, to allow us to see the spiritual condition that he is in. Like 4 years ago we ran into him out there on the street, the Lord stopped them right there, we were out walking and it was at dusk and

there was absolutely no way that they could have recognized us had not the Lord put the spotlight on it. They stopped and we talked and the first thing that he did was he accused me of being an infidel, accusing me of being worse than an infidel not taking care of my family. Like I said sometime back, he has me terminated, he has me shackled and handcuffed and then he accuses me of not looking after my family, it is stupid doing that.

Then that other guy, that Elie he still goes down the road of life accusing me of leaving my family. In fact, the last conversation that I had was when my dad was still in charge of that Riverside colony somehow I was sitting there and Elie was there and Elie accused me of leaving my family. Then I heard my dad say, no, he didn't leave, we chased him away. Something to that extent but he heard my dad say - No, he didn't leave, we chased him away we got rid of him. He heard that but he goes down the road of life hardening his heart going against all reasoning being in denial that they didn't chase me away just because I exposed them.

That is how it goes and what the Lord has been trying to do for the last 30 years is breaking them down so that they can do exactly what you told him to do when he was here the other day. He was already out the door and he came back saying - I did not chase you away. See he is fighting God, he is not fighting me. I left it with the Lord, like we had that conversation vengeance is mine I will repay. What the Lord is doing He is trying to break them down because He does not operate like the disciples said in *Luke 9*:

54. And when his disciples James and John saw this, they said, Lord, wilt thou that we command fire to come down from heaven, and consume them, even as Elias did?

55. But he turned, and rebuked them, and said, Ye, know not what manner of spirit ye are of.

God tries to work at them and break them down, I want to keep focused on this Danny guy and then go to this Elie after. When he was standing here, I was shocked how he has aged. The Lord saw its time to bring them around again, and here he stood but this time he didn't accuse me of being worse than an infidel this time he couldn't get over trying to get me to go down to visit my daughter in Huron.

Anyway, he sees himself as wealthy, in need of nothing but what I saw here last Sunday night was a man wretched, and miserable, and poor, and blind, and naked: It is beyond wretched, I saw his face and it has aged since I have last seen him. I could see the spiritual aspect of it, his physical expressed his spiritual. I saw his spiritual condition, that is what we are trying to do here today, we are trying to help these people. We are trying to help people and the only way that you help people is by telling them the truth. I was thinking about John the Baptist he didn't have it in for Herod he wanted to help him and told him what he is doing is wrong, he told him you took your brother's wife it is a wrong thing to do, and he got his head chopped off. Here when we say these things they are not going to roll out the red carpet for us but we are telling people the truth as the Lord showed it to us, the Lord brought it to our attention 4 years ago, and then this Sunday night He brings them in here and He lets us know what their condition is.

Lorraine speaks: It's true, I tried to talk to him on a spiritual level and we could not see eye to eye, I had to tell him we don't see eye to eye.

Sam speaks: That is because he is wretched, he is miserable, he is poor, he is blind, and he is naked. See they don't know that and if we don't tell him that because it says here - **and knows not. *Because thou sayest, I am rich, and increased with goods, and have need of nothing; and knowest not that thou art wretched, and miserable, and poor, and blind, and naked:*** They don't know that, They think that they are riding high, they have all this wealth and they are hardening their hearts for years, and I will get into the heavier thing but he is miserable times 35, I don't know why I came up with 35, but he is more than miserable he is wretched, he is more than wretched, he is poor, ya he has all this wealth physical, but he is blind and naked spiritually.

About 5-6 years ago I heard he had an accident so I went up to the hospital to see him and I prayed before I went up about what I should say and what to do. So I went up to see him and I believe he was laid up for 2-3 months but he had an accident he fell off a ladder and he just about killed himself. I know that there is a reason when

accidents happen, I know when I practically chopped my foot off, I didn't have to go digging through an encyclopedia to find out what happened and I didn't have to go and ask anybody. First, I practically chopped off my finger, and then the next warning was a practically lost my foot. I knew why because the Lord had a work for me to do and I was not doing what the Lord was wanting me to do. I wanted to do it my way but the Lord said no, let's go, I have a work for you to do.

After that, I set my face, like a flint, towards the heavenly, see these things don't just happen, and you know that for your own self but just for the sake of the conversation as to why we are together I broke my left foot and you had right foot broken. We needed to be thought a lesson, He was saying you need to learn a lesson I am dealing with you guys and you need to move. You need to do what I am telling you to do, you are no more your own I bought you with a price, I saved you and you belong to me now let's go and do this work and let's get it over with. That is why we are here where we are today, that is why He found us faithful and true to deliver that living water to the thousands upon thousands of millions of people around the world that are going to have access to it. That is why He broke my foot to bring us to where we are today.

Now I want to go back to when I went to visit Dan in the hospital 5 years ago or sometime back he had this accident and I went up to see him. The Lord asked me to ask him - What is the way to Heaven is it the gemein, the commune, or is it Jesus. So when I got there I said, I have a question to ask you what is the way to Heaven is it through Jesus or is it through living in the commune, and he could not answer me, he was hewing and hawing. It depends and all that. Well, I'll tell you that the way to Heaven is Jesus and that is it, and then the conversation wore on, we kept talking and I asked him why did this accident happen, I said, when I broke my foot I know why it happened, so I asked him, why did this happen you falling off a ladder and all. I didn't know at the time why it happened but I do know now because I found out during the week why it happened. Anyway, he told me it happened to show the people at Bloomfield that they need to respect me more, I could be gone tomorrow and it would be their loss. I didn't buy into that, I said, that is your take but why did it really

happen, and at that time I really didn't know I might have had my thoughts I knew that the Lord was trying to get his attention. I knew that the Lord had a work for him to do and he was not doing it, so the Lord allowed that accident, to kind of what He did with us to shake us up a bit. Let's yank you back into reality. I know that the Lord is dealing with him and I kind of knew back then what the Lord requires of him and throughout the course of the conversation I don't know how it came to be but he said something. This is what he said - I suppose you think that we should believe what you are saying. I said, I didn't say that you did, but see that is why I can say that is exactly what the Lord required of him and he is fighting it, he does not want to come under this Sam and Lorraine chapter and yet that is why he had his accident and that is why he has aged so much since the last time we saw him 4 years ago and from that time on he is rebelling against it, and fighting the truth.

We know the story about Rehab how she believed and because she believed in the God of the Jews she and her household got saved, everyone under her watch was saved from the fall of Jericho. That same concept applies here, now if Danny would do what he should do and stand for truth everyone under his watch would be saved, they would have an expected end, but because he is not yielding and is fighting against it, and is fighting against the message for his day and to what God would have him do, everyone under his watch will be affected. Like the examples in the scripture where it says: If you believe you and your whole household will be saved, Acts 16:31. That is why whenever we try to reach out to people that God has put under his watch it backfires on us because it is really not our job it, it is his duty.

A year ago or so his brother-in-law got killed, what the Lord is trying to do is trying to show them you can be next and they don't have that ticket to glory. They are fighting God and they are rebelling against God and what God has for them in this hour of time. It's not to build up that place, I used to think that too, until the Lord got a hold of me, and I had to lose my grip from that Riverside corporation. It was not easy at first, I knew that if I speak up and do what the Lord wants me to do then I am toast, I am history as far as ever being a Hutterite is concerned but it is the very thing that the Lord wanted me to do. It

is the very thing that the Lord had for me. Of course, I was chafing at the bit and rebelling a bit until he broke my foot. First, it was my finger and then the foot, and after that, I knew I had better yield to God and do it the way He wants it to be done.

Lorraine speaks: Then they think that they should have their cake and eat it too when the scripture says that you can't serve God and mammon, they want to have this material world and then they want to get to know God. It is impossible to do that, they think God is going to reveal himself to people that hold unto the things of this world.

Sam speaks: It is either or, so anyway, like I said 4 years ago we saw him over there. We didn't get into why he had the accident part of it but he is rebelling against this very thing. Then he feeds my family that I am responsible for all of that, he is doing exactly what that Elie guy does. Here he comes and he is standing right there about 6 feet from where I am sitting and I could not get over how he has aged and of the mess he is in spiritually speaking. The Bible lets us know and it says wretched and miserable, I don't know how he can function, spiritually he is done, he is toast if he does not stop and do what God wants him to do, here is exactly what I found out during the week exactly what he said up there in that hospital 10 years ago when he had his accident. I don't know exactly how long ago it was but he is rebelling, rebelling, it was 4 years ago when we ran into them on the avenue and I imagine it took about 2 years to recuperate. Even before he had that accident he already knew what he needs to do because he told me - I suppose you think we should drop everything and come and follow what you say. That is exactly what you need to do you need to come and support what God is doing, what God has for you in this hour.

Lorraine speaks: They are actually in a very dire-straits manner because if they have already convinced themselves that nobody can know God and you don't need to understand the hour and time that you are living in and they have already convinced themselves that it is not important in order to promote their agenda.

Sam speaks: They are hanging on a thread he is just about done physically and spiritually. If he keeps rebelling and he does not come under the message for the hour and promotes it like he is promoting his stuff then he will not have an end. God requires a lot for him

because God knows what he is capable of doing. God is saying, ok Danny, let's change the tide of events here, you need to go and stand with Sam because you know that Sam is right. See deep in their hearts they know that we are right, maybe 10-15 years ago they might have had a question this way or that but today they all know just like Nicodemus told Jesus concerning that whole Pharisaical council we know that you are sent from God. They all know that we are about the Lord's business because they all know me, I grew up with them, and before they were preachers, we saw eye to eye, and when they get to be a preacher they have to support that system.

What happens that preacher thing in that colony they want me to respect them, and I am going to respect them as much as when they came down to see John the Baptist when he was Baptizing at the River Jorden, and he called them out and he said you vipers. It is the same spirit that is on these Hutterite preachers, Jesus said you go all over proselyting somebody, and once you proselyted someone you make out of him a two-fold child of Hell. I am now putting it into today's language, today it would say you go from colony to colony to make a preacher and once you made a preacher out of him you make out of him a two-fold child of Hell, twice as bad as you are. That is what these Hutterite preachers are two-fold children of Hell. I have to say it the way I do, it is the same spirit that was on these Pharisees that came down to John, and John called them a brood of vipers who warned you to escape the wrath to come, and you can tell it to these two cowboys that came in here.

They are worried because last time they just came from a funeral, that is when you get moved a bit and you start to think I could be the next one that could be in the ground. Here again, they came from a funeral and they stopped in and we are just trying to help them and tell them the truth but you are not going to hear it anywhere else except here. When they come in here we let them know to quit rebelling come on board and with the little energy that you have left, maybe God is going to revive you. Otherwise you are done, spiritually he is done because he has nothing and he said as much and you told him that we are not on the same page.

When I was talking to them I knew they didn't hear us, we know what the scripture says, they hear us not because they are not of God,

the Bible says so. Jesus said it to people in His hour, you don't hear me because you are of your father the devil. That is the program that they are driving, it is satan's agenda, and it has nothing to do with God. This materialistic agenda had nothing to do with God's agenda. The Lord took us out of that Hutterite agenda because it is not of God, Jesus came to destroy the works of the devil. That is all it is the works of the devil. It is Roman Catholicism, it is a prison, it is a Hutterite prison, they call it gemeinschaft but I am saying it the way it is, now everyone knows that it is just a religious prison and we can tell them that, it is all Roman Catholicism and it all originated from Nicaea Rome it has nothing to do with the kingdom of God. It is a materialistic environment and it leads back to Roman Catholicism.

Lorraine speaks: That is really who they belong to is to that system and at the end of the day that is who is going to take it because it is theirs through that trinity water baptism.

Sam speaks: It belongs to them through that Roman Catholic diabolical baptism that is how Satan has them trapped in it, it is a prison.

Lorraine speaks: If they serve that Roman Catholic spirit that is what they are part of it and at the end of the day it belongs to Rome. Like Jesus told them to give to Caesar what is Caesar and to God what is God. If you have the baptism right, the foundation right then God is going to supply what you are in need of but if you don't then you are serving mammon.

Sam speaks: All that guy has to do is say - Sam, I want you to come down and baptize me in Jesus name the rest will take care of itself. They will come and threaten him, he will lose his job but it is a good thing at least he is going to be connected to the right source, he is no more going to be connected to that demonic satanic infrastructure because that is all it is. I could not speak so plainly last week but now I can speak like that because during the week the Lord let me know the reason that Danny had that accident is that God has been trying to woo him to support this truth. He knows I'm right, I grew up with them and they know that I am right. They are like Nicodemus, we know it is not a question of that we think we know, but on the contrary - we do know, we know that you are right. All you have to do is come on board and support it. Now he has worn himself

out. I was in cahoots with him when he was over at Westroc doing the blueprints and everything, I admired that, I was an electrician at that time, and I was involved with my expertise and he with his. I didn't know about this truth back then and the Lord was okay with it. I was an electrician at Riverside and I wanted to be left alone and to do my expertise with the electrical work. I never had the ambition to be anything more. See these two guys are very competitive that Elie and that Danny and finally he somehow managed to get the preacher job. There are a lot of people that think that it is a good thing but it is a trap.

Lorraine speaks: If you are not willing to lose your life for the sake of Jesus, and the gospel then in the end you are going to lose it, but if you lose it for His sake then you are going to gain it. God is going to give you something, but with this material stuff at the end of the day when you die, you will have nothing. It is gone, you have nothing, it is just a material life that you have worked for and labored all these years for nothing, but if you are willing to lose it and put your life on the line then you are going to gain something, a treasure in Heaven, and God is going to reward you for it. At least you will have something but you can't serve God and mammon, it is impossible, you either serve God or this material stuff, and don't pretend that you know God and Jesus because you don't, you can't know Jesus when you don't do His will.

Sam speaks: He told me up at the hospital that he is studying the book of Revelations. I told him you are never going to understand the book of Revelations until you come under the umbrella of the ministry of Brother Branham. I asked him the same thing when he was here how far he got with studying the book of Revelations and he didn't want to talk about it. See the book of Revelation the more you stir it the muddier it becomes, John was told to seal it up, and Daniel said the wise shall understand. Why will they understand - Because God is going to send a prophet to unseal it, it is just that simple and then brother Branham came along in 1963 and God gave him the key to open up the book of Revelation, it is for those babes that are willing to be taught, God hid these things from the wise and the prudent, and He has revealed them unto babes such as would learn and that is where you and I came in we were teachable and we were able to understand the book of Relations, the seals, the church ages and

everything in the book of Revelations. It is a love letter to the bride. He can study it all he wants he is never going to understand it, in fact, he didn't even want to talk about it.

Lorraine speaks: I told him it's what you people don't understand you will only understand it if you follow God's stream and that is brother Branham and brother Jackson.

Sam speaks: That is something too that they keep asking me - Are you still with this Branham thing. Branham is the essence of this church age and we say it enough in these conversations. Branham is that key, Branham is that first chapter, God used William Branham to open up the book of Revelation, and the age of Laodicea, he is a gold mine to us. Like the Bible says, if you search for me as you search for silver and as a treasure you are going to find me. I search and I search and the Lord brought me to the ministry of brother Branham because I was searching for it, that very thing. When they told me about it I told them I will have to hear from the Lord. The Lord told me in an audible voice this is my prophet if you believe you will be blessed and if you don't believe he is still my prophet, and of course, I want to be blessed and I choose to believe it, and these people keep asking me are you still with that Branham. Of course, I am with that Branham but it has gone on from brother Branham to brother Jackson it has moved on from there up a notch. The reason why we are where we are at, and there is nothing going to move us away from brother Branham like that Lance Leroux, he took a 90-degree turn.

Lorraine speaks: It is like a foundation with Jesus Christ being the cornerstone. In Ephesians 2:

19. Now therefore ye are no more strangers and foreigners, but fellowcitizens with the saints, and of the household of God;

20. And are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner stone;

21. In whom all the building fitly framed together groweth unto an holy temple in the Lord:

22. In whom ye also are builded together for an habitation of God through the Spirit.

That is all part of that building process, brother Branham we will never ever divorce ourselves from brother Branham, he is that Laodicean messenger.

Sam speaks: He is the foundation for Laodicea, the essence. He is part of that building,

Lorraine speaks: If you take a wall out of the building, the building will collapse so if we take brother Branham out of life we have nothing, we don't have anything. Then we continued with brother Jackson and then it is all about continue thou on. That is God, a building fitly framed together as it says in *Isaiah 28*:

10. For precept must be upon precept, precept upon precept; line upon line, line upon line; here a little, and there a little.

It does not miss a step, it is not an incomplete thing that God does, it is complete when it will be finished, and when God will be finished it will be the New Jerusalem coming down.

Sam speaks: It will continue throughout the Millennium even throughout the eternal age there will be things to do, God never stops.

Lorraine speaks: So how do you come across to people that do not even know the ABCs of Christianity. They have like you were saying a rehearsed Christianity, the Lord gave you this word rehearsed, and that is what it is a rehearsed Christianity.

Sam speaks: Concerning that Danny that is what that Danny is fighting the very thing that concerns his eternal destiny and his eternal reward, go and be identified with Sam, baptism in Jesus name, then you start your journey. Your journey begins towards that holy city and New Jerusalem until then all you have is an old piece of garbage there which at the end of the day the moth and the rust will get it. That big shop will become nothing and that feed mill and all the things that are over there are just material things. Back in the day the Jews thought that that Temple was it, that they had Abraham to father, here is the same thing the Hutterites they think that commune is going to get them a ticket to glory, when in this hour it is getting on the Sam train, water baptism in Jesus Name, the message of your day, brother Branham and brother Jackson and from there it continues on.

Lorraine speaks: When they cannot measure up to what God is requiring such as go and stand with Sam and because they don't want to do that then they justify themselves with nobody is going to understand the book of Revelations. When it's because they can't meet the conditions for God to open up His Word to them, God is not

going to open up His Word if you don't meet the conditions that God is requiring.

Sams speaks: See both of them are standing right on a crevice on the one side is Heaven and on the other side is Hell and Death. That is why when it says, today if you hear His voice harden not your hearts as in the rebellion, today is the day of salvation. Then they die and what is it that they have accumulated for eternity. It's like John the Baptist said, who had warned you to flee from the wrath to come. It is the same spirit, that is why we are talking so plain. They want us to respect him, like this Elie guy he wanted me to say - Elie Vetter. He was very offended that I said, that Elie guy, but let me tell you I have about as much respect for that office, for that Hutterite colony, for these preachers, as John had for them in his hour. If you want to know more then go and read Matthew 23 about what Jesus thought about these tugs - Woe, woe, woe, one after another.

Lorraine speaks: The Lord dealt with me early on about those preachers, when I first became a Christian I had a run-in with that Mike from Skyview and after that run-in, I knew I could not trust any preacher. He said because I came against him because I told him he is not being fair what he was doing was causing division and because of that, he said I was cursed. I told him he was wrong and he said I am cursed because I am coming against him. Then I realized that I cannot trust those preachers, and the scriptures even confirmed it with seek out your own salvation with fear and trembling. At the same time I was reading something that even confirmed it and it said - Trust nobody when it comes to your salvation. I knew one thing I could not trust any of these preachers and I went out and I searched out my own salvation with fear and trembling. I respect them as human beings but as a preacher and as someone who pretends to know the Word of God, I am sorry I don't respect them. I didn't even trust Lyle Cook as a preacher I respected him as a leader, nobody can ever accuse me or fault me for that but when it came to the Word of God I had very few people that I trusted. I trusted brother Branham, the same spirit that I knew God as that same spirit when I read the book - The Seven Church Ages, it bore witness with my spirit, it resonated. Those two connected with my spirit and the spirit of the living God, the same with brother Jackson. When I came to the ministry of brother Jackson my

soul and my spirit was at rest. I trusted him, I know he said some things that are not scriptural sound but the thing of it is there is a difference between having a motive, he did not have a wrong motive. God allowed him to say these things because of the separation process. You have to understand what God is doing in the hour and time we are living in. Then I also trusted you with the Word, other than that I didn't trust any preachers with my salvation and when it came to the Word.

Sam speaks: They are created in the image of God, like I respect that Elie we grew up together I don't dislike them, but when they become preacher something takes them over, I have no respect for that office. Why should I have respect for the devil's office, I know that it is the devil's office.

Lorraine speaks: When you tell them the hour and time that we are living in they don't like it, like Danny was saying time is short and the hour is late. I said that's not saying much. I would have to say if you have a job on the colony, other than reading sermons that are 500 years old, and you are not telling people the hour and time they are living in and the truth for their day and hour you are really not a preacher, then you should go back to doing that job.

Sam speaks: Exactly.

Lorraine speaks: The Bible even confirms that, for example, if you are a Beekeeper then go tend the bees, if you cannot tell people the truth and the hour of time they are living in and what they need to know to get ready, to have that wedding garment on, if you cannot prepare people for that wedding garment you should not be up there preaching it even says so in *Zachariah 13*:

4. And it shall come to pass in that day, that the prophets shall be ashamed every one of his vision, when he hath prophesied; neither shall they wear a rough garment to deceive:

*5. But he shall say, **I am no prophet, I am an husbandman; for man taught me to keep cattle from my youth.***

So these people all of sudden will realize we don't have anything to offer the people. I am just going to go back to what I did before I was a preacher.

Sam speaks: That scripture is going to be fulfilled, it is going to happen up the road here. Then it says God will famish the gods of this earth and that is just up the road here. All the religions that Hutterite religion is a god, back then they called them gods but in this hour it is a religion. That Muslim religion is going to be famished, there will be no Muslims around. That Hindu is going to be famished, that Hutterite will be famished, when God famishes those spirits, right now it is a demonic, diabolical spirit that is driving them on and feeding them, but when God will famish those gods then guess where they are going to be at, they are not going to have anything. Like I literally saw it through the eyes of the spirit, that Danny has nothing, he is blind and naked. Jesus said in *Revelation 3*:

18. I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see. Get in with this message and that is that gold for your day and hour that you are living in. It has always been the message for your day believe in the message for your day and this is it for this day and all people have to do is get on board and somehow God is going to get rid of this wretchedness because right now you are standing before God naked. In Revelation it says Revelation 3:

18. I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see.

What do you think that He is going to do with a naked person He is going to get them out.

Lorraine speaks: Saying the hour is late and the time is short is like saying when someone asks how do I get to Winnipeg and you tell them it's in southern Manitoba. That is not giving me the directions on how to get to Winnipeg.

Sams speaks: Here we are giving you everything, we are giving you the midnight cry, the Yom Kippur and we have scriptures to back it up. We have about 3.5 years from October 15/21 to the marriage supper of the lamb. Then there are another 3.5 years for the day of the

Lord. I tell you it is getting pretty close, and the planet is going to reel to and fro like a drunkard. *Isaiah 24:*

20. The earth shall reel to and fro like a drunkard,

We didn't go study this out it was given to us according to the Word of God, that midnight cry and that Yom Kippur, and also getting to know God, His principles, His statutes with those feasts and getting to understand who God is by getting to know His ordinances. His laws, and through that you get to know how He works, how beautifully He set those feasts there for us to understand them and to be able to apply them and to know the hour and the time that we are living in.

Sam speaks: The Lord knew that I could not do this alone so He brings you onboard and He tells me without Lorraine there is no program. They look at us as if we are some kind of loser. I was going to say this place that we are in, this dimension that we are at, our conversation is pure spiritual it has nothing to do with the things of this world, the Lord supplies our needs. We had a conversation - Seek ye first the kingdom of God, and His righteousness. He supplies everything we are in need of for our daily living and extra the Lord supplies. He gives us more than we need, we don't need anything more. We don't hate these people we knew them before they became proselyters before that diabolical spirit came on them. We don't have any respect for that spirit, but as Human Beings we do, as created beings, created in the image of God, but we have no respect for that office that Hutterite preacher office.

That takes care of that Danny all he has to do, he has been fighting it and fighting, all he would have had to do, back then already, is admit that I am right and now he is all depleted. It almost looks like he is going to have a nervous breakdown because he is fighting God, when you fight God your end is not good.

It reminds me of that couple that accused me of attempting rape, they went down the road of life and eventually they convinced themselves that they are right and I am wrong, all they would have had to say is say - We framed him. Then they would have had an expected end but what happened was she died from cancer, all she would have had to do is somewhere along the road of life is admit - We framed him. Then God would have reversed it all, that cancer would have had to go, but if you rebel against God then disease takes over.

The same with this Danny he is rebelling and you can tell his health is deteriorating it shows on his face, and eventually, if he keeps it up he is going to have a nervous breakdown, you can only defy God so long, or the Lord will just take him off the scene. Then it will be - *Was hindert er daß land*. If he keeps rebelling what good is he. Now that takes care of this Danny guy, all he has to do, and I can say that now I didn't know that at the time the reason that he is going through that, is all he has to do is go and stand with Sam. The very thing that he is fighting against. Never mind that shop and that colony it has nothing, it is just materialism and it is all going up in smoke, Babylon is on its way to destruction, 7 years from now there is not going to be any more of this Babylon stuff. Like it says in that song: *Mein Jesus der du mich*. We are going into eternal bliss and Babylon is being destroyed right in front of everybody's eyes she is going up in smoke. That is 7 years from now until it will reach its full end.

I want to go to that Elie guy, there are a few things that stuck out he didn't come out and really say it but I could see the way I said that Elie guy, he wanted me to say that Elie Vetter, he wants the respect, he wants me to respect him. Well I just said that I have no respect for that proselyte regime, that Roman Catholic thing, because that is all under that delusion and he is fighting the same thing. He is fighting the same thing with the conversation that I had between him and my dad and I don't know how it came up but he said that we didn't chase Sam away and my dad said, yes, we did. I believe he said it twice, yes, we did. See at least my dad owned up to it but he to this day has not owned up and he is going down the road of life justifying himself. The last time we met out on the road we talked about that policeman, in fact, we touched on it here a little bit too. That policeman bent over backward to try to make it available so that I could at least spend 2 days out of the week with my family, and he is still fighting it. Then he has the sequence of events mixed up to try to justify himself. That letter that I wrote, that he said he still has, he is trying to piece that together with when that policeman was there and between those two events there was a two-year interval in-between. He is going down the road of life doing exactly what the Bible warns us not to and that is when the Lord talks and deals with him not to harden his heart.

It is the same thing here they are hardening their hearts now, for 20-30 years they are hardening their hearts, and eventually, it comes to a point where God can no longer deal with you. That is why God brought them in here, I believe we even prayed for them that God will do something for them because I can see that they are dead, they are as good as dead spiritually speaking. They are not going to a good place, they are going to go down to Hell and death. It is just that simple because they are naked, poor, and blind. They are everything that is not good and if they continue that way they will not have an expectant end. It is amazing that both encounters have been after a funeral and the Lord gets them to connect with us because they could be next, they don't have a lease on life. They don't know when they are going to go, nobody knows.

Then they went on about what they should do with me when I die, so I told them that I am not going to die I am going via the rapture, that is where we are at in time that is why the Lord woke me up at 2 o'clock in the morning, Sam, I am coming soon, I am coming in your lifetime, prepare yourself. Had I ignored that, I could be 6 feet under by now, but I set my face as a flint when I heard that voice to prepare myself for the day and hour that we are living in. That is why we are here where we are, that is why we can say the things that we are saying.

Back to that Elie guy he wants respect, well he is not getting respect for that office here in this chapter because there is nothing there to respect. Go read Matthew 23 to see what Jesus said about that spirit. It is the same spirit, it is a religious spirit unless you are willing to come and quit fighting against the truth. The fact is you chased me away and that you are responsible for that. Then what do they do they go and tell my children that I am responsible for that when they know very well the truth. There they go down the road of life rebelling, they hardening their hearts some more, and then rebelling some more.

Lorraine speaks: Of course, the devil will help them at it by mixing up the two episodes to try to justify themselves. That is listening to the voice of the devil by doing that. God wants him to own up to that so he can move on in life but if you can't then God can't move you on, and he can't be set free.

Sam speaks: They were already out the door and he came back saying I want you to know that I didn't chase you away.

Lorraine speaks: I told him, you know what, admit it, own up to it and get it over with.

Sam speaks: Then I was wondering what is he going to do with the conversation that we had, and I saw him in the spirit, he was pondering a bit because he knows that it is true, I would say for about 40 minutes he was battling. See we know all things, we know what is going on they were 30-40 miles up the road and I know exactly what is going through his heart, you told him just give in and admit it. The spirit of God was trying to get him to a place where he can own up. Then I saw him, he goes crazy with rebelling, I am not going to do it, that's his fault, I am not responsible for that. That is how they do it they work themselves into a frenzy and then the devil just drives in the spurs, and there is the hardening of the heart again, instead of listening to the advice you gave him to admit it and give in. Like I said there for a while he was battling with it and we know these things because the Bible says in *1 Corinthians 2*

9. But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him.

10. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God.

1 Corinthians 2:16

*For who hath known the mind of the Lord, that he may instruct him? **But we have the mind of Christ.***

When Naaman came to Elijah to be healed that Gehazi wanted that money, his motive was wrong and you can say that about a lot of people, they have the wrong motive, he was a servant to Elijah, and here he was letting that money slip through his fingers. So he privately goes after Naaman and goes after that money and he said the prophet changed his mind. When Gehazi came back Elijah asked him where have you been, and he replied, your servant was neither here nor there. Elijah said unto him, *Went not mine heart with thee, when the man turned again from his chariot to meet thee? Is it a time to receive*

money, and to receive garments, and oliveyards, and vineyards, and sheep, and oxen, and menservants, and maidservants?

It is the same thing today we know what is going on we know what is going on in their heart, I've known it for 20 years how the Lord has been dealing with them to break these cowboys down and how they want this glory. Well they are not getting it from us, and how from time to time the Lord is trying to break them down. It says vengeance is mine I will repay says the Lord. If they don't repent up the road here, if you don't repent, if you don't give in, if you don't yield to what we are trying to say here and come under this chapter I am afraid there is only one thing open and that is death and Hell. That is it when you rebel against God, do you think He is going to let a rebellious people into His glory. It says those that are found worthy to escape and stand before the son of man. We are doing everything on a day-to-day basis to bring us to a place where we have no debt to pay.

Lorraine speaks: You have to give God something to work with like I went to sleep and at night I woke up during the night and I thought about those two and an emptiness and a sadness came over me.

Sam speaks: See, God gave him about 20-30 minutes, maybe when he dropped his passenger off and he was on his own. To me I saw him rebelling, like I said, they go crazy rebelling against God, they think that it is me that they are rebelling against. We don't care, it is either way, you are welcome on board, or if not, Hell is wide open and there is nothing I can do for you.

Just like that couple that accused me of attempted rape, I treated them like royalty every chance I got. See it was not my problem because I gave it to the Lord what they do with it that is their business, Hell and death are open, and here all they would have had to do is admit - We framed him. Be honest and here it is the same thing is he going to take your advice when you said why don't you give in and own up. There for a while he pondered on it then he went ballistic. When I got up in the morning I didn't know what decision was made and you told me that you experienced a sadness coming over you. There was his answer he decided he is not going to give in, he is going to continue to harden his heart to fight and justify himself. That way he is getting nothing Hell and death awaits him. He does not

know how long his days are on earth. I just know what I saw and what you felt when you said a sadness come over you and the only reason you would feel that is if he rejected the Lord, and there is only one place you go when you reject the Lord then Hell and death awaits. I believe that takes care of this Elie character. I don't have any respect for them as far as their office is concerned, don't expect me to tip my hat for that office I am not, Matthew 23 if you want to know what I think of that system nothing but snakes and vipers. Why should I respect what the Bible calls a two-fold child of Hell because that is what they become. In *Matthew 23*:

15. Woe unto you, scribes and Pharisees, hypocrites! for ye compass sea and land to make one proselyte, and when he is made, ye make him twofold more the child of hell than yourselves.

That is the bottom line, that is the way it is, it might look good but it is not, that is the thing that you have to give up and walk away from. It has nothing to do with the Heavenly treasure, pity the man that is all we can do. Like the song goes - *Pity the man who has treasures to hold but he holds not the pearl of great price*. I could go on and on about how this materialism has captivated their hearts and there is nothing in it. They want this life, that Danny he wants this life but is he willing to pay the price, well Danny I tell you it is worth it, you have nothing to lose. You have everything to gain just gave it up and tell them that you are identified with Sam that is all you have to do. It has nothing to do with us, I just happen to be the vessel, the vehicle that the Lord is using in this end-time. Come on board, come and drink out of the water of life freely you are not going anywhere without that, you are not going to no marriage supper unless you are coming to this chapter here. This goes around the world to all 7 continents and they all know we don't have too many followers but I know as time goes on there are a lot of people going to come through this chapter, through this channel. It has nothing to do with us, we have had enough conversations to let people know that we are just doing our job, we are just doing what God created us to do back before the foundation of the world, and with that comes a responsibility we have to stay above board. We have to make sure we don't get a high head and things of that nature. Then people try to compete against me how can you compete against God. The only competition that I have is I want

to find my place in Christ, and if everyone did that it would be one big happy glorious earth to live on. If everyone would try to find their place in Christ. That is the only ambition that we have.

Anyway, that takes care of these 2 characters and that is what they are characters, as I said, I grew up with them, and I have nothing against these people, but it is when that spirit takes over and they get wild. Then we were out taking a walk Tuesday or Wednesday and we went down to Tim Hortons and we saw this girl go to this vehicle and we said that's a Hutterite and she is driving and when we came back this guy rolls down his window from that vehicle and calls us over, and I recognized him it was Levi from Valleyview. He had promised me a month ago that he would call me when he comes to town, so we happened to run into him there. There again, he is another one that I have been associated with since way back but knowing me is not going to do anything for you on the scale of eternity. They have to come and be identified and bare that cross and be willing to be persecuted for His sake and the gospel. We had that conversation and he even rebuked me, you better be careful what you say in front of my daughter and wife, and I said to him, do you think that I am going to walk on eggshells with the way I talk when you have them deceived into thinking that everything is ok, when I know that it is not and you want me to walk on eggshells and pretend that it is ok. I said, not on my watch it is not going to happen, I will tell you exactly the way it is, you guys are nothing but deceivers.

He said something about the young people and how they are really trying, and I told him then you coerce them into making a pact with the devil that is all your baptism is all about. You coerce the young people into making a pact with the devil. That baptism that you have is a Catholic baptism, that is Satan's counterfeit baptism and you are coercing them once they are 18 years old, or they get up to age and they want to get married, they are coerced into this baptism and all it is a pact with the devil. I was not mincing any words and then I could tell he was starting to fidget and that he wants to leave. I said, Lord is there a word, there has to be a word that one can say that would resonate and I didn't get anything, then as we were walking back the Lord gave me one word, and that word was rehearsed. All they do is a rehearsal.

Then talked about that sea of glass and how people will have to give their lives if they don't accept what God has, and he was going on about how he would give his life, why won't I, he said, when Jesus gave his life for me. He was just rehearsing something. It was just a rehearsal that is the word the Lord gave me, and they have been rehearsing these sermons for 600 years. This generation rehearses it, and then the next, and on and on and on it goes, all it is a rehearsal program.

Lorraine speaks: That is all it is, like when they go on about how they would be willing to give up their lives, Jesus did it and why should I not do it. What I have to say to that is what makes you think that God is going to give you the grace to that. What makes you think that God will give you the grace to do that if he has put this in your path and you reject what God puts in your path then there is no more grace. He is not going to give you the grace to chop off your head, He is not going to do that because you rejected the very thing that God had for you. So people when they say these things it is just a rehearsed thing. They don't know what they are saying, they have no inkling of what they are saying. It does not even go into their thinking cap to process what they are actually saying they just rehearse it. It does not even go into the thought process like when a thought comes into your head you process it over in your mind, is it logical, does it make sense, will the outcome produce that or is God going to give me that outcome where it will produce that or is this what God is requiring from me. They don't even process what they are saying they are just wording something. You get really frustrated with people that you cannot rationalize with, there is a spirit there that blinds them. I told him what Isaiah said in *Matthew 13*:

15. For this people's heart is waxed gross, and their ears are dull of hearing, and their eyes they have closed; lest at any time they should see with their eyes, and hear with their ears, and should understand with their heart, and should be converted, and I should heal them.

They are missing the picture and I told him what his problem was he is not willing to pay the price.

Sam speaks: They are not willing to pay the price and stand with Sam, there is a price to pay. You get excommunicated, and you are

getting pegged and put out of the synagogues. Back then it was Christ, today it is if you want to be identified with Sam, if you can, then I tell you then you are done with that system. That is the price you have to pay that is the persecution.

Lorraine speaks: I asked him what is so hard for them to admit that Sam is right. Then they will say, I just want to walk through these talking points, baptism is not important, your faith is. There are two sides to faith, there is faith like Abraham believed in God and it was accounted to him for righteousness. He had faith in what God had spoken to him is going to happen and he by faith acted on it. Now the other side of faith is having the faith for your day and hour, what is it. You have to line up with the kingdom of Heaven for your day and hour. If you don't line up with the kingdom of Heaven for your day and hour then you are going to miss it. That is the faith that he was referring to and was talking about. There is only one faith, one Lord, one baptism, now you have to make sure you line up with that. Their 'glaum' is a rehearsed glaum, they go and rehearse these sermons that were written 500-600 years ago year after year after year. They don't fill your soul and spirit and they will not inform people of the day and hour that we are living in.

Sam speaks: I told him to go and put a match to them.

Lorraine speaks: It's like going out to the barn and tending the horses when there are no horses in the barn because there is no barn because we have already advanced to the 21 century, we have automobiles now. That is what they are doing they are still back in the 15 century trying to feed horses when there are no horses and no barn when there is a garage with a car. They cannot feed meat in due season, they cannot feed their people for their day and hour.

Sam speaks: There again in his mind he owns that place, he sees that place as his and that he is rich and he figures that everyone should come under his umbrella. He complains that the people don't believe and they're going in a different direction. Well, they are not interested in your trash that is all it is, it's trash and he needs to jump on board here. We met these three people and it was all set up by God, all these three people think that they own that place. That Elie thinks that he owns Riverside in his mind, and nobody owns anything, it is all gelichenes gut, it is all borrowed stuff. God borrowed it to us to

see if we are going to be faithful with it and to see if we will allow it to steal our hearts, and see if we will allow it to become our god, and idol. It was not for me, God took it away from me praise God. I like this here better this heavenly kingdom we have more than enough. Everything that we have is for daily living, and God supplies it, and then some.

That explains these three cowboys that we ran into during the week, the Lord brought them our way, and all week the Lord put them in front of me. The word the Lord gave me with that Levi was rehearsal. His whole life is a rehearsal, that whole sermon thing is rehearsed, year after year for 600 years of rehearsal, the same sermon that was meant for the people in their hour, we are not living in that time anymore we are living in the 21 century. If you want to rehearse something rehearse this message here that we have on this website. The Lord told us to set it up and there it is, if there is someone that has a hunger he will bring them to it and millions of people around the world have access to it. We don't know who they are and it is not our business our business is to be found faithful and to be true and to do what we can, because like we said last week to whom much is given much is going to be required, there is a lot going to be required from us.

Another thing as we were standing there talking I could see that he was getting fidgety, I guess we were saying things that were really hitting a nerve. He was talking about the young people and how they were searching. I said, ja, they are searching but you coerced them into making a pact with the devil. I could tell he was getting a little bit hot under the collar and he put this Hutterite hat on as if to say, I have this Hutterite hat on now you need to start showing a little bit more respect for me. Well, he is going to hear here how much respect I have for that preacher business and that is less than nothing. Like that hat is going to do it, that special Hutterite hat. Did you see the look he had when he put it on. Then you mentioned something about it.

Lorraine speaks: For some reason, we happened to be on that subject of Skyview, and all of a sudden when I looked at him I noticed this hat and I was wondering where did this hat come from all of a sudden. It's almost like a spirit takes over and demands respect here. It's a little bit comical in a way.

Sam speaks: From where we are sitting at it is, then you said you even look like a Skyviewer with that hat on.

Lorraine speaks: Yes, I did. It gives the impression of a little Pharisee and all.

Sam speaks: We make fun of it, we have nothing against the person but I tell you don't try to feed me your ideology, it has no respect here in this chapter, in this dimension, this preacher thing is of the devil, it is not of God. When you have them cornered they have nothing to say. I told him I have you in the first line, because it says, alle die gläubig waren geworden waren beieinander. You are beat right there I said, you have no foot to stand on, all those that believed had all things common and had fellowship and were together. They have people there that don't even believe, and they are stuck and they know that to be true.

Lorraine speaks: They don't like to be confronted with the truth. That is why I always say go to history, if you find the right history that is true. Go and study the history of how they lived back in the day when Paul went and evangelized and evangelized all these churches in Asia Minor, and they just fellowshiped amongst themselves as God added to the church daily and they became part of that group of people that believed that Jesus died for our sins and they accepted God's gift of salvation and they believed and were baptized in Jesus name. These people got together in their homes, it was not like the big building that they call a church nowadays. These people think being born into the Hutterite colony and that makes them part of that gemeinschaft that it talks about in Acts that fellowship of believers. It is really a business, and if you look at the wealth that they have the buildings the equipment you will see that it is a business.

Sam speaks: It is a deception of such magnitude, and Satan has succeeded in deceiving them.

Lorraine speaks: Jesus said He came to destroy the works of the devil.

Sam speaks: That is what we are doing, then He told us to have nothing to do with them, but rather expose them that is all we are doing we are exposing these things and bringing them to light. That is what the scripture says in *Ephesians 5*:

11. And have no fellowship with the unfruitful works of darkness, but rather reprove them.

I was thinking back in the day when I was on probation and I was supposed to go up for review and they were supposed to put me into this ausschloß thing to fix me back up to put me back into the system. Then my mom asked my dad what they have on me to put me in this ausschloß for. What is the reason that they'd have, because they have to have some reason to do that, what I did to be worthy of this ausschloß and all. He had to come up with something, and guess what he came up with - He had no business challenging us. You see, all they could find was that I challenged them and with that, it exposed them to what they are all about. Like Trudeau, he does not like anybody challenging them and he goes ballistic. So they wanted to put me into this ausschloß to terminate me because I challenged them. Get rid of the opposition. When you sit back the only thing that kills that system is opposition the minute you oppose them it exposes them. They don't like opposition the devil does not like to be exposed that is what I did I exposed them. I stepped on that egg like it says over in *Isaiah 59*:

5. They hatch cockatrice' eggs, and weave the spider's web: he that eateth of their eggs dieth, and that which is crushed breaketh out into a viper.

What I did was I stepped on that egg and out came the viper. That is what I did I stepped on that egg and wow their real true nature and what they are capable of doing. They go into a man's house, I had a perfect family, and everything going good and they come in there and treat you worse than animals, you are out of here at 30 below out, those children are not your children. I challenged them and here is what came out. They were ashamed of themselves, they did not want to be found out. They were ok as long as they could keep the lid on who they really are. Then guess what, along comes Sam and challenges and exposes them and then they have one thing against me - He had no business challenging us, but here we keep on going destroying the works of the devil by exposing them and then destroy it. That is what God told Jeremiah I set you to tear down and to root out and then to build and to plant. *Jeremiah 1*:

10. See, I have this day set thee over the nations and over the kingdoms, to root out, and to pull down, and to destroy, and to throw down, to build, and to plant.

Right now we are in the building and the planting process we are giving them this meat in due season, we are giving them this living water. A beautiful picture of eternity beyond recognition the marriage supper of the lamb, the millennium, nothing but goodness and mercy, good stuff, and the sad part of it is they don't want it. We just keep chipping away. It has nothing to do with us we just keep chipping away. Then the Lord dealt with me during the night to go up and visit that Nathan that is what we do here. We are just walking with the Lord being guided by that unseen hand.

Lorraine speaks: That is right that is the scripture that the Lord gave me when we left that Levi in *Romans 11*

33. O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out!

34. For who hath known the mind of the Lord? or who hath been his counsellor? Or who hath first given to him, and it shall be recompensed unto him again?

God works in mysterious ways, that is what people are missing when they claim this preacher job and have power over people and prestige and they think that they have control over them they are missing what God has for them, and how He can lead and guide their lives, and being part of the depth and the wisdom and the knowledge of God. They are missing the beauty of God.

Sams speaks: We can never fathom it and figure it out we just walk with Him day by day, I just went to sleep and I was wondering what I will do tomorrow and He gave me this message throughout the week. I am open to what He would have for me to do, and I was reminded of that Nathan in that Care Home and I didn't fight it. That is how we operate and that is how we function. It is an exciting thing and it is available for everyone these young girls think that getting married is it, but we are living in an age where this marriage thing is pretty much closing out.

Lorraine speaks: Well right now, in the spirit it is not about getting married and being fruitful and multiplying because this age as we

know it is closing out. Now once we get into the Millennium it will once again be fruitful and multiply it will totally be a different era.

Sam speaks: See this age that we are living in it is a past era, it is like when Noah built that ark and they went into the ark there was no be fruitful and multiply going on. We are in the same situation we are getting ready for the coming of the Lord you want to prepare yourself for that. That is not in our chapter here if you feel the Lord is leading you that way then go for it, nobody will forbid you, but you are missing out. Paul said four times in Corinthians it is better to be as I am and he was single. He said, it is better to be as I am, I spare you. He wants what is best for you and he wants to take you into that Heavenly glory, look at how good you have it. I bet millions of girls would want what you have all your needs met, everything your wealth, and your wellbeing. You can't even begin to count all the blessings that the Lord has for us simply because we put Jesus first.

Lorraine speaks: Then He can give you all these encounters.

Sam speaks: It is exciting and I count it as a tremendous blessing. All week long I was wondering, I wonder what I find to be the greater blessing, the fact, that I am persecuted or salvation. I tell you without this persecution salvation is incomplete. This is where the exciting life is, the abundant life, that's what I am trying to say this abundant life. This day to day persecution is where it is at like it says in *Mark 10*:

29. And Jesus answered and said, Verily I say unto you, There is no man that hath left house, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my sake, and the gospel's, 30. But he shall receive an hundredfold now in this time, houses, and brethren, and sisters, and mothers, and children, and lands, with persecutions; and in the world to come eternal life.

God gives you all that here in time a house second to none, a sister that I can trust, then it says with persecution, I love that word persecution within that word persecution is a treasure Paul even talks about in *1 Corinthians 1*:

18. For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God.

I would not want to live without this persecution chapter, to me it is a heavenly realm. He has promised in return a hundredfold and a hundredfold simply means a true sister and true house that we will be content with. Can you think of any other 2 people that are more content with this humble little setting. It is a hundredfold, He said, He will give us back a house that is a hundredfold, and a sister that is a hundredfold but with persecution. Thank God for that word persecution. Like I was saying all week long, I was going over I love the persecution part that is where it is at.

It says in *2 Timothy 3:12*

Yea, and all that will live godly in Christ Jesus shall suffer persecution. People shy away from persecution but to us, it is the power of God unto salvation. It would be a boring life, that is why we have all these tremendous experiences. Especially in this end-time you will tap into it. Daniel talks about it how people that know their God will do exploits. I love exploits, in one place it says mighty exploits. All you have to do is get to know God and you will do them. That has been our chapter all of our life we wanted to get to know this God. Oh, that I might know Him, the power of His resurrection and the fellowship of His suffering. Then you will do these mighty exploits, cast out devils, and lay hands on the sick and that cancer had to go. When you prayed for me that cancer could not come out fast enough, I barely made it to the washroom. When I cast that demon out of that Jeremy in Jesus name he could get out fast enough he was looking for an exit route. These are these mighty exploits that the Bible talks about and we happened to tap into them. I would not want all these headaches running those big colonies it wears you out and it is all for nothing. At the end of the day, it is Hell and death, and here they could have the glory of God. All they have to do is hop on board. I'll believe what he is saying I might not like it, I may not agree with it but that is where it is at, and they know that that is where it is at.

When you asked that guy what is so hard to accept that Sam is right. There has to be a right somewhere. Well, it is right here. There is a lot that a guy can say but see God has to give that increase, He has to draw the picture we are saying it to the best we know-how. He brought these guys in here.

Heavenly Father, we just want to give you thanks for another day of life, another opportunity to sit around your Word for the things that you do for us, and all the things that you do for us on a day to day basis that you allowed us the walk through this episode and bring it out via the scripture and most of all Lord I pray that you will draw a picture. I pray that you will give that increase in Jesus Christ name we pray, Amen.

If God does not come down and put something in their heart that this is it, but they know. I say 15 years ago they might have found some kind of an excuse not to know, but now there is no more excuse it is out in the heavenly realm. We have had conversations already that God gives it to the church to express to the heavenly realm the manifold wisdom of God. I know exactly what happened to that Elie when you told him to give in and admit it and what is so hard in doing that. He goes home and fights with it and then all of a sudden he goes ballistic. I didn't know what the outcome was and then you told me you felt a sadness come over you that they would reject this very thing, and that is what happened. See we know all things because we have the mind of Christ, and Christ reveals to you what is going on, I could be 10000 miles away and the Lord could decide to show me what is going on in Africa right now, or wherever. He could show you in a heartbeat if it is beneficial for the kingdom.
