

THE GLORIOUS CITY

*There is a place I read about in God's holy Word
It's built upon the mountainside, the New Jerusalem
The walls around that city are in layers of pure jewel
Twelve gates along the walls and every one a single pearl.*

Chorus:

*The glory of that city would blind these human eyes
More glorious still will be the face of Jesus Christ the King
In garments pure and white as snow we'll gather 'round the throne
And join the saints of yesterday in singing Home, sweet Home'.*

*Inside the city walls I'm told are mansions of pure gold
Where death is vanished for all time, we'll never more grow old
We'll walk beside the river with the lion and the lamb
All worries will be gone and every pain be left behind.*

THERE'S A BRIGHTER DAY

*Shadows all, all around us,
Darkness has come to hide our way;
Don't despair soon night is ending,
The clearest sky will greet the day.*

*There's a brighter day a-coming,
Soon our heartaches will be gone;
Sorrow won't be a memory,
In the light of heaven's dawn*

*Even in the blackest midnight,
I have a lamp to guide my way;
For the light of God's love,
Shining in my heart;
Turns the darkness into day.*

*There's a brighter day a-coming,
Soon our heartaches will be gone;*

*Sorrow won't be a memory,
In the light of heaven's dawn.*

THIS WORLD IS NOT MY HOME

*This world is not my home
I'm just passing through
My treasures are laid up
Somewhere beyond the blue
The angels beckon me
From Heaven's open door
And I can't feel at home
In this world anymore*

CHORUS

*O Lord you know I have no friend like you
If Heaven's not my home
Then Lord what will I do?
The angels beckon me
from Heaven's open door
And I can't feel at home
In this world anymore*

*They're all expecting me
And that's one thing I know
My savior pardoned me
And now I onward go
I know He'll take me through
Though I am weak and poor
And I can't feel at home
In this world anymore*

*Just up in Glory Land
We'll live eternally
The Saints on every hand
Are shouting victory
Their song of sweetest praise*

*Drifts back from Heaven's shore
And I can't feel at home
In this world anymore*

THERE'S SOMETHING GOING ON

*There's somethings going on,
Going on in Mt. Zion
What that song their sing,
What's that song.
There's somethings going on,
Going on in Mt. Zion
The saints are coming home
There's something going on.*

WHERE WOULD I BE

*Where would I be without Jesus
Where would I spend eternity
Lost in a world full of sorrow
Without Jesus were would I be*

WE'RE NOT HOME YET CHILDREN

*This old world is filled with disappointments
and trouble every day
Many times I get discouraged and I almost lose my way
Then I remember I'm just a pilgrim, in this troubled world below
That's the reason I keep singing as I go*

*We're not home yet children
So keep your eyes on the savior
Just a few more days to labor
And we'll sit down beside the river
How we long to be with Jesus
And our loved ones gone before us
There's a better day a comin'
We're not home yet
VERSE 2*

*There's a land filled with milk and honey, just waiting for me
Someday Jesus will come and take me over that sea
Then I must keep watching and waiting
In this troubled world below
There's one thought that keeps me singing as I go*

UNTIL THEN

*But until then my heart will go on singing
Until then with joy I'll carry on
Until the day my eyes behold that city
Until the day God calls me home*

I guess everyone is having their Easter Sunday today, they call it Passahfest in Israel but we don't do the Easter Sunday today we are going to do the real one. The Bible says the first New Moon after the Spring Equinox and that determines the outcome for 2021. That is what we go by, we try to stick with the Word. You know what I'm saying, once you drift off on one place you are going to drift off someplace else and you are going to end up doing the New Year in January.

Lorraine speaks: If you look at the days of winter they are growing shorter and there comes a time where it resets. There will be the same daylight as there is night time so that lets you know it is now spring. Spring is now here and it begins a new cycle. God established it, the first New Moon after the Spring Equinox is the beginning of months: Exodus 12:2.

Sam speaks: As I said, we try to stay as close to the Word of God as we can, otherwise you get caught celebrating New Year January 1 in the dead of winter, which is completely contrary to scripture. It is not just the scripture it is the precepts of God, the principles. That is why we don't do the celebrating Easter Sunday today. You either have it right on or do it the way the world does it. They have their reasons, I guess, but we have our reasons, we want to stay within the confines of scripture; we want to stay within the principles of God so we can work in harmony with Him. God's New Year is after the Spring Equinox, and that determines the events for the year. When the

Passover will be and the Yom Kippur, and all these feasts. They are determined by that Spring Equinox. That is what we go by and if you want to jump on the wagon that is what you will have to do and that is what we go by, we stay within the confines, the principles, and the precepts, and the balance, everything that goes with God. God has His things in line. If you veer off then you live in confusion city, and you end up celebrating New Year in the dead of winter, when everything is dead frozen. You want a New Year and a new beginning is in the spring, that is when everything comes back to life, the buds are coming out and the birds are chirping and the cycle of life begins and that is God's New Year. We will do our New Year on April 12/ for 2021. *Ein Jahr geht nach den andren hin, and Nun laßt us gehn und treten.* We are still en route.

As you know if you have been listening to these conversations we have been trucking, long-distance trucking and when you get up to my age you have to take a medical every year. That is what I had to do. They have to keep you in check so that you are safe out on the road so you don't have a heart attack or a diabetes attack so what they do they make you go and do a physical check-up once a year, do a blood test, and check your blood pressure type of thing. First, it is every 5 years but when you get up in age they require you to do it every year. I had to get one done every year, then they send you down to get some blood work done, and that is what they did with me and they noticed that my blood sugars are higher than they should be. So they called me up and they wanted to give me some pills, and I told them that I would do it with changing my diet. So I got my sugar levels down just by watching what I eat. That way I don't have to take pills, eventually, if it gets out of range they will not let you drive anymore. Then the next year when I went they let me know my sugar levels are down but they came up with another problem my hemoglobin is way down. So they called me to see if I was ok and told me that I will have to go down and take a scope, to check to see if I have colon cancer. Well, I didn't want to do that, they made an appointment for me so I canceled my appointment and I disregarded the doctor's advice to go get a scope. I know what the scope is they check to see if you have cancer.

Anyway, I thought about it, everyone has cancer cells, but the God that I serve is bigger than cancer, and I could not see myself going through that rigamarole, through the doctor channel. If I have cancer then so be it. God is bigger than cancer it never scared me. So I canceled the appointment and of course the next year it came around pretty quick again, and sure enough, he tells me to go do some blood work, and he asked me why I didn't do the scope last time. So I asked him you can't make me do it can you, and he goes, No. We can't force you, but he more or less let me know that he can choose not to be my doctor anymore. So he almost persuaded me to go and do the scope thing. He made it look pretty scary like an emergency thing - He said, he was going to send me to the hospital yesterday when he saw it. I guess I was way down at 70 when the normal range is 120. He said, there are a lot of doctors that are concerned about you.

Well, I know what I believe and if I go down that doctor's path it is contrary to my conviction, to what I believe, I believe God is bigger than cancer. I kind of knew that I had cancer but I didn't have a certificate that tells me that I do. According to the doctor and the blood count, everything was geared towards cancer. It has to be because your blood count is down. Then we went to see that Vern guy, he has a different way of telling. He told me that I have 2 cancers one in the colon and one in my stomach. He more or less made light of it and told me to take salt and it will eventually just wash out. When people hear that they have cancer they get scared and the scaring part that what makes the cancer really take over, but I found out with my blood type A that I can't eat beef or pork, and if you do eat beef and pork it works against your system and it activates cancer cells because we all have cancer cells. I found out all these things as I am going through this thing, going to the clinic and going to the doctor and he makes it seem like an emergency that I need to go like now and do this thing, that we have to get it in time and eventually if you don't get it, it will go into your bones and you will have terrible pain and eventually death. I just thought just let myself out of this clinic one more time and I am not coming back.

Anyway, that is the verdict of the doctor. Like I said, I didn't have a written account saying that I have cancer but I knew that I had

cancer, I felt it sometimes but it never did scare me. Like I say, I always figured God is bigger than cancer and I will put my trust in Him. I heard a lot of testimonies about people getting healed. So I told the Lord if that is what He has for me that's fine but if not that's fine but I am not going to go to no doctor. I am not going via the clinic, I'm going to go via what I believe and what I stood for all these years. If there is cancer there which I knew there was, I am going to go God's way. That is by faith, that is what I believe, it would be contradictory if I am saying one thing and then go and get operated on and all that stuff after all that I believe in. It would be hypocritical and I would be contradicting myself and go contrary to what I believe.

Anyway, as this went on and I am minding the Lord on it, and I know it's there but what am I going to do. Then the other day I had stomach pain for about 3 days and I told you that maybe you should check to see if there is a blockage in my stomach because I had been fasting for 9 days, I had not eaten anything I had just been drinking water and I started having a stomach ache. Then you checked to see if you can find a hard spot and you found it and you started massaging it and praying for over it, and I could feel something moving in my stomach there. I didn't know what this was about, and I told you I need a pail I feel like bringing up, and here I almost brought up half a gallon of stuff. Here I had been fasting for 9 days, drinking only water, I had half a gallon of black soupy stuff coming up. I didn't know what was going on.

Like I say I don't know what is going on here. My body is acting up and I'm bringing up this black stuff, nothing really fizzed on me I was just trying to process everything that was going on. I finally make it to the couch, I was so weak I almost couldn't walk, but as I said, my mind was sharp as a whip. I remember trying to pray but it didn't mean anything, I'm in the dark, I don't know what is going on. All I knew I went into shock and when I got a little strength once I came to I made it over to the couch. I didn't leave the house for the rest of the day and the next day. I was too weak to do much of anything, I am trying to process this thing through in my mind, why is it so black. I kind of thought that it could be cancer moving but I didn't have enough knowledge to know to say it. I could assumed it but then as time went on I got better and then the next day was Sunday. I didn't

leave the house all day Saturday I was still too weak, then Sunday we had service then after service we went to town. We went to Winnipeg to pick up some things and you wanted to return some items. Then you saw this Ice-Cream machine on sale. We went in and we picked it up. I was still a little bit weak, but we bought the ice cream machine. I am still trying to process this whole thing what is going on here. I still couldn't get the whole scope of it yet.

When we came home we made some ice cream, then the next morning getting up, there was Monday morning now, and waking up there was this homosexual spirit. I woke up in the morning and there was thing homosexual spirit that was invading this house, and I was wondering how did this homosexual spirit come into this house here. We had a lovely Sunday, I was still recuperating, but Monday morning I was surrounded with a homosexual spirit. It was almost as if that spirit was invading me that it is an okay lifestyle but throughout the day it was such an awful horrible atmosphere to be in, this homosexual dimension. I just could not figure out how that thing got in here. All I could figure out was maybe that guy that we bought that ice-cream machine from maybe he was gay, and maybe that is how it came in here. I didn't know I was trying to figure this out and make sense of this whole thing. I was exhausting all my energy and I thought well I am not coming up with no answer so I thought, well I know the Lord He knows what is going on here. In God, there is an answer if I just ask the Lord what is going on He will let me know what is going on, there is an answer in God. So I went to bed Monday night, and I want to read you something here. I knew that God knows; In God there is an answer to all this, and I want to walk you through this. It is in *Hosea 11*:

1. *“When Israel was a child, I loved him,
and out of Egypt I called my son.*
2. *But the more they were called,
the more they went away from me.
They sacrificed to the Baals
and they burned incense to images.*
3. *It was I who taught Ephraim to walk,
taking them by the arms; but they did not realize*

it was I who healed them.

Here is the thing they did not realize that God healed them, and I want to contribute that to me. I want to go back and forth here. I didn't realize all day Sunday and Monday when that Homosexual spirit was here, I did not realize that God had healed me, and I fall into that same category. Israel did not realize that God had healed them. I didn't realize that God healed me. The Lord has shown me nothing but goodness mercy and grace throughout the years and here I didn't even realize that He healed me. I am going over this slow because there is something in here that many people miss.

*4. I led them with cords of human kindness,
with ties of love. To them I was like one who lifts
a little child to the cheek, and I bent down to feed them.*

*5. "Will they not return to Egypt
and will not Assyria rule over them
because they refuse to repent?"*

*6. A sword will flash in their cities;
it will devour their false prophets
and put an end to their plans.*

*7. My people are determined to turn from me.
Even though they call me God Most High,
I will by no means exalt them.*

See that was the direction that I was heading down I didn't know that God had healed me from cancer. You are going to see the pattern what caused that homosexual spirit to invade this place. It seemed like I was living in a homosexual environment. I am going to show you what happened, I want to bring something out so you can understand what is going on in everyday life. I want to go to *Romans 1:*

18 *The wrath of God is being revealed from heaven against all the godlessness and wickedness of people, who suppress the truth by their wickedness,*

19. *since what may be known about God is plain to them, because God has made it plain to them.*

20. *For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse.*

21. *For although they knew God, they neither glorified him as God nor gave thanks to him, but their thinking became futile and their foolish hearts were darkened.*

22. *Although they claimed to be wise, they became fools*

23. *and exchanged the glory of the immortal God for images made to look like a mortal human being and birds and animals and reptiles.*

24. *Therefore God gave them over in the sinful desires of their hearts to sexual impurity for the degrading of their bodies with one another.*

25. *They exchanged the truth about God for a lie, and worshiped and served created things rather than the Creator—who is forever praised. Amen.*

See that is what they did back in the days they worshipped everything from images to reptiles after all that God has done for them, brought them out of Egypt, and just bend over backward to bring them to a place of safety, to the promised land and here they do all these stupid things making idols, and *exchanged the glory of the immortal God for images made to look like a mortal human being and birds and animals and reptiles.* Here I was walking down that direction because I did not realize that God healed me and that is why that Homosexual spirit was here. Here in Romans it is on a big scale a lifestyle thing, here it was just momentarily I could feel that spirit was here because the Lord was showing me something here because I didn't know that He healed me then that spirit was right there trying to invade. As I said, I didn't know what is going on here but I knew that God knew. I thought it was that ice-cream machine how that homosexual spirit got in here but I am just surmising.

26. *Because of this, God gave them over to shameful lusts. Even their women exchanged natural sexual relations for unnatural ones.*

27. *In the same way the men also abandoned natural relations with women and were inflamed with lust for one another. Men*

committed shameful acts with other men, and received in themselves the due penalty for their error.

28 Furthermore, just as they did not think it worthwhile to retain the knowledge of God, so God gave them over to a depraved mind, so that they do what ought not to be done.

You can go back to Nimrod it is the same cycle, Satan wants to suck you into the same cycle away from the knowledge of God.

29 They have become filled with every kind of wickedness, evil, greed and depravity. They are full of envy, murder, strife, deceit and malice. They are gossips,

30 slanderers, God-haters, insolent, arrogant and boastful; they invent ways of doing evil; they disobey their parents;

31 they have no understanding, no fidelity, no love, no mercy.

32 Although they know God's righteous decree that those who do such things deserve death, they not only continue to do these very things but also approve of those who practice them.

You see that is the direction that you go down when you are ungrateful. The children of Israel they were ungrateful. They didn't even stop and think what God had done bringing them out of Egypt out of bondage, through the wilderness journey to the land of promise, and what did they do - They turned their backs on Him and spit Him on the face. That is where I was going, the Lord let me see this so we could have this conversation about how easy it is with an ungrateful heart after all the Lord has done for us, after going through years with this cancer thing, I am fighting this cancer thing, the doctor he wants to operate this and that and finally the Lord does come down and heals me and I just go my merry way the next day as if nothing had happened.

Like I say, I was ignorant but there is no excuse for ignorance God expects us to have a knowledge of Him. He wants us to give thanks with a grateful heart. Here I was just delivered from this cancer, all I would have had to do is use a few brains. How can I have half a gallon filled with dark black stuff other than it being cancer because I had not eaten for 9 days just drinking water. That should have rung a bell and then I did a bowel movement, and I had not done that for a week and here again, it was black stuff. This guy told me I had two

cancers one in my colon and the other in my stomach. The stomach one came out first and then the colon and the cancer is removed and instead of giving God the glory, I am trying to recover, and in it all God was wanting to teach us something so that we can have this conversation.

Lorraine speaks: I know I prayed for you I was down on my knees and I was praying I was asking God why can't I pray for Sam and he will be healed. I know he had some issues and stuff, but I didn't know quite what to do. I was praying that God should heal you I was wondering if there was something that I could do to somehow touch God's heart to come through so that God could heal you.

Sam speaks: This is it, this is that generation, this is why the Lord back in the early nineties woke me up - Sam I am coming soon, I want you to prepare yourself for that day when I am coming. That is what I have been doing ever since. Sam, I have set you as a watchman I want you to warn these people. That is what I am doing 24/7. Then some send the books back. They don't want to hear this warning, to some it is - I wish that that guy would shut up, but I keep going on. That is my job because I know what it is going to be like when that time is over. I want to know that I did everything that I possibly could do to warn people.

Like when I heard you praying I felt that it was not going anywhere, that is the horror and the nightmare what these people will have to go through having missed it; having had the opportunity. There was somebody out there warning, screaming for 30 years and it is falling on deaf ears. That baptism in the trinity, father, son and holy ghost is a diabolical baptism, a counterfeit baptism and all you are doing is coercing these young people to make a pact with the devil, and then they wonder why they have all these issues, abortions and sex issues with the young people because you closed the door to Him and you coerced them into making a pact with the devil. Here I am trying to warn them for 30 years already and it falls on deaf ears. What I am trying to get to here is the horror that nightmare that it is going to be when they know that the grace age is over, and it is no use screaming because there is nobody there to hear you. In *Sprüche 1:*

23. Kehret um zu meiner Zurechtweisung! Siehe, ich will euch meinen Geist sprudeln lassen, euch meine Worte kundtun!

24. Darum, weil ich rufe und ihr mich abweiset, weil ich meine Hand ausstrecke und niemand darauf achtet.

23. Repent at my rebuke! Then I will pour out my thoughts to you, I will make known to you my teachings.

24. But since you refuse to listen when I call and no one pays attention when I stretch out my hand,

25. since you disregard all my advice and do not accept my rebuke,

26. I in turn will laugh when disaster strikes you; I will mock when calamity overtakes you—

27. when calamity overtakes you like a storm, when disaster sweeps over you like a whirlwind, when distress and trouble overwhelm you.

28. “Then they will call to me but I will not answer; they will look for me but will not find me,

29. since they hated knowledge and did not choose to fear the Lord.

30. Since they would not accept my advice and spurned my rebuke,

31. they will eat the fruit of their ways and be filled with the fruit of their schemes.

32. For the waywardness of the simple will kill them, and the complacency of fools will destroy them;

33. but whoever listens to me will live in safety and be at ease, without fear of harm.”

That is not just words, reality will set in when this scripture will become a living reality and then behind it finding Jesus mocking because it says He will I will mock at you, I will laugh at your calamities when they come like a storm; like a whirlwind.

Like when the destruction of Jerusalem came there was no God, there was no Jesus anywhere in sight, destruction came in 69 AD and because they didn't take the opportunity they could not hear the warning when Jesus said - When these things happen then flee, if you are on the rooftop flee, not to get something out of your home just get out. That was their only way to escape to get out of Jerusalem. The Christians, they heard it and there is not one Christian that died in

there. Here again, there are Christian who will hear it and they will know that it is true. We put that message out - Sometimes I have to eat crow. I put myself out, I tell on myself and that is the only way sometimes that I get a message through if I tell on myself. I am this douchebag like back it the days of Hosea, I didn't know that God had healed me. I am just as guilty as they were but by God's grace He was showing me something so I can speak this thing out now and make it become a reality what it is going to be like for those people that did everything that they could to throw me under the bus.

We were talking about that Shiemi guy, he thought he had a freebie and thought now that things are looking bad for David I can do whatever I want, I can curse him because he has to flee for his life. The same back then when I was terminated from the colony they figured we have been wanting to get rid of this guy now for a long time and here is our chance, and they just piled on everything that they could. All of that worked for my benefit, why would I be mad at them but see God is going to hold them accountable because of what they did. He is looking for a heart of repenting, He is giving them that opportunity that is why we are putting this thing out there in the airwaves, they will hear it one way or the other. If not it will be the convicting power, I know how God works, He puts it on our hearts, He walks us through this thing, and then He has us have a conversation on it and it goes into the Heavenly realm and that conviction power begins to activate with each and everyone that is guilty. All they need to do is repent that is what I had to do. Here the Lord has healed me, I was not better than them, I really had to stop and for days just repent - Lord, I'm blind as a bat, here you have done so much for me and you come down and you healed this cancer. It was all supernaturally, He even took the odor away, I couldn't smell anything. He supernaturally took the stomach cancer out and the colon cancer and here I am just like everybody else forgetting the goodness of God until I repented. I had to tell the Lord I'm sorry. I didn't realize that He had healed me. The Lord knew all of that and was using that to send a message out.

There is coming a day when people will be wishing that they would have taken that opportunity while Jesus was still on the seat of mercy. There are still 6 months for them to repent, Nineveh only had 40 days, and people might as well do whatever they can to move the

heart of God and the only thing that I know, I think we already went through that, Jesus said, the Comforter will come to convict the world of sin, and of righteousness and of judgment. That's what He did with me back in the early '70s when He began to convict me for 2 years, the Holy Spirit was convicting me of sin. I'm a sinner, I'm headed for Hell - Of sin, of righteousness, and of judgment, and if I don't clean up my act and live a holy life I will have to face that judgment one day.

For two years I was consumed in trying to live a righteous life. It says, He will convict you of sin, of righteousness, and of judgment, and if I don't do anything about it, if I don't try to cultivate a contrite heart and a broken spirit then He is going to pass me by. It says, He has never rejected a contrite heart and a broken spirit, and in these two years, I was activating a contrite heart and a broken spirit, and one day Jesus came by my way and He made me whole that day He gave me eternal life. He forgave me of my sin, simply because of that convicting power. I could not even convict myself on my own, because I didn't even know that I was a sinner. I was a happy-go-lucky guy, and then one day I realized that I've come to the age of accountability and the Lord is going to hold me accountable for what I do with Jesus, what I do with His Word, there was that conviction power. I was afraid of judgment, and about going to Hell. I knew that I needed someone to wash my sins away; I knew I needed a saviour but I didn't know how to go about it. Like I said, all I could do is cultivate a contrite heart and that is all these people can do. See if they can get God's heart moving with a contrite heart and a broken spirit because there is absolutely no way that God will go against His Word. There is no way that He is going to reject you if you have a broken spirit and a contrite heart. It is impossible because it would be going against the Word, God cannot go against the Word. *Psalms 51:*

*17. The sacrifices of God are a broken spirit:
a broken and a contrite heart, O God, thou wilt not despise.*

That is all a person has to do, everything is in God, God even has to bring that convicting heart to you so that you can repent. You can't do it without Him it is impossible. God had to put the spotlight on - Sam, it has nothing to do with that ice-cream machine. We didn't even know if that man was a gay or not, that spirit does not come in here through an ice-cream machine it comes through ungratefulness.

Forgetting what God has done, like in the days of Herod, when he got up and had a speech and the spirit of God smote him because he did not give God the glory. That is all that God is asking for, that is all that He is asking for me - Sam, I healed you can't you at least stop and think a bit, give me a little bit of gratitude.

Then there are the ten lepers that Jesus healed and there is only one that came back to thank Jesus and He asked where are the other nine. God expects a little bit of gratitude, that is all He expected from me. I went back and I expressed my gratitude for what He has done, that is how ignorant I am, that is all part of the human nature. You have to put in a little bit of an extra effort to be grateful. Like the one leper, he stopped and went the extra mile and went back to Jesus to thank Him. That is what he did, and he was made whole the rest they were just healed and they just went their merry way, and if the truth be told the nine will turn against the one that healed them because they were not grateful, and here it is the same thing. If God does something for you and you are not grateful you are going to turn against the very one that healed you because of your ingratitude and that is in the Human race, that is the way the Human race is.

That's what they did back in the days of Hosea they did everything that they could, they thought up ways where they could irritate God. That is just the Human nature, that is why I say you have to put in a little bit of an effort just to give the Lord thanks, look for ways that you can be grateful, there is so much one can be grateful for, for one living in a country second to none. Here's what the Lord was doing with this whole episode He knows we are human; He knows we are flesh; He knows if He does not touch us we are all doomed but what He is trying to use this conversation for is for people to know the seriousness of the hour that we are now living in. People have six months to repent take it or leave it, I know it is true, and let's assume that it is not, you have nothing to lose, you are going to get blessed. What God is going to do is He is going to convict you, He will lead and guide you into all truth, and guess where He is going to lead you to, He is going to lead you to Act 2:38. The beginning of Christianity is Acts 2:38.

That other baptism is the beginning of the Dark Ages, Nicaea Roman, that phony baptism, that diabolical baptism of Father, Son,

and Holy Ghost. That leads you into the dark ages, and eventually, it will lead you into Hell and death but this Acts 2:38 it leads you and guides you exactly what the Bible say, the holy spirit will lead and guide you into all truth. Then you are created unto good works, and now you can go and do good works for the Lord. *Ephesians 2:10 For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them.*

Then when you continue and endure to the end you will be ready when the rapture comes and have a reward on the other side. That is where that leads to from here to October you have these months to do something about it. God had Joseph in Egypt to prepare for the 7 years of drought. Joseph was kind of a type of what we are doing, we are warning people and Joseph was prepared to save Egypt; to save a nation. Here it is basically the same thing, I am not mad at nobody, as I have said, how can I be mad at someone when they contributed to our blessings. If you look in every direction He has taken care of our health, finances, safety we have nothing but the blessings of the Lord. I just hope and pray that they will find a place of repentance. That is it, that is all I care about. Who cares what they did to me it was a low-down thing to do, why would anybody at the best of going do something like that. I could never do that at the best of going, I could not even do it to my worse enemy just shoot out the lights on their car, and do all these stupid things. No matter how I hate a person I could still not do that.

Lorraine speaks: All it takes is a fear of God, that should be in people, from doing that because it is not your property. What gives you a right to even consider touching another person's property.

Sam speaks: It is like wishing bad on a person, like the disciples they wanted to call fire down from Heaven but Jesus told them do you know of what spirit you are off. They will have to repent that is all I see, I don't have anything against them. They are probably pretty good people but when you take the wraps off they will do low-down things because they are not born-again. Low-down people do they do lowdown things, it is the unregenerate man that is what he does. If the grace of God does not touch them then they are doomed.

When the Lord told me I want you to go speak for me and when you do here is what they will do to you - They will take your wife, your children and everything and that is exactly what happened and for 20 years I was on this journey by myself. Ever so often I had someone for a little season until they couldn't make the journey; couldn't take the ridicule; they couldn't take the heat of persecution, then I was on my own again. Then 10 years ago when the Lord got me to take you along trucking then they really thought that they had the freedom now to kill us with the tongue. It started with the church group that we came out of we could not even go near there, then the family started to pile on. It was like open season for everybody. Come let us kill them with the tongue, their smirks, their mocking, but every time the Lord sent us a blessing. They don't know their Bible we are on this journey it is a spiritual journey, we are on this journey because of the Word of God and here they thought that they had one on us. Like Jesus says in *Mark 10*:

29. And Jesus answered and said, Verily I say unto you, There is no man that hath left house, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my sake, and the gospel's

*30. But he shall receive an hundredfold **now in this time**, houses, and brethren, and sisters, and mothers, and children, and lands, **with persecutions**; and in the world to come eternal life.*

We can talk about the goddess of the Lord have fellowship around the Word of God and walk this journey together what a blessing, the joy it is to serve the Lord and be on the winning side, but for those people that are on the other side of the spectrum they need to repent or it will not be a good outcome for them.

I have seen it and I experienced it what it will feel like to pray and there is nobody there to receive your prayers. That is what happens when Jesus is off the mercy seat, that mercy seat is right now occupied. He still hears the cry, He can still hear a broken spirit, when that time period is over then you can have a broken spirit all you want but it will be over. Today is the day of salvation, this is why the Lord pulled us through this thing, I could never figure this thing out, but the Lord walked me through it, and it's all about being ungrateful, and that is what brings about that homosexual lifestyle.

You can go and read Romans 1, and you can read where God smote Herod because he did not give God the glory. All God asks is for people to stop and show some gratitude, give thanks with a grateful heart. That is all He asks, He does not ask for much. He allowed us to walk through all this. He healed me from cancer and He will do the same for you, if you need a set of lungs just trust Him and He will come by and touch you. Like that lady over in Westview colony that we sent that cloth to all she has to do is believe God. It is not the cloth it is the believing in what God can do for you. He does not want you to walk around like that, and those preachers, they have her convinced that it's the cross of Christ going around with this oxygen tank, with ruined lungs.

Lorraine speaks: That's what the Hutterites believe, they believe it is the cross of Christ when somebody does you wrong, or being sick, the devil has it all hijacked and twisted up.

Sam speaks: If she can trust the Lord, the Lord can come on the scene and put in a new set of lungs. He did it for me He just took that cancer out, and in two-three days I was back to business again. Whereas, if I would have done the scope thing gone to the doctor, then they start cutting at you and once you start there is no end to what they will find. The Lord just comes in, in a sovereign way, He does not ask anybody and when the timing is right, when He wants this thing out there He does it. He keeps me blindsided until I realize what it is and all it was it was ungratefulness, I was not grateful. I didn't realize that God healed me. My sister over there has been fighting cancer for 10 years and here the Lord fixes me in half an hour. It took a day to recuperate, to get my strength back, but look what she has to go through compared to what I had to. I'm off to the races now. I saw that how horrible of a nightmare that it is going to be when the grace age is done and people did not take advantage of it. Jesus is still on the mercy seat He loves to forgive people of their sins, He is in the forgiving business, that is what He came to do, He longs for a broken spirit and a contrite heart. He longs to forgive the Human race, forgive people of their sins.

I said this before, I remember driving through San Fransisco and I was kind of scared, there were a lot of gays and lesbians out there and I said - Lord maybe we should sink that place. He said with all the

compassion in Him - Sam, I would gladly forgive them if they would only ask me. That is the heart of Jesus towards the Human race, but He knows that He has only been allotted so much time on the seat of mercy, He knows that after that it is over. That is why He is putting in so much emphasis and effort; that is why He is getting us to speak out about these things; that is why He is getting us to warn wherever we can, we try to warn people of the coming doom and gloom. Isaiah 65 - my servants will eat and you will go hungry. This is the reality, it has happened in history, go see in history, read what happened, calamity after calamity and wars came in, destruction, and thousands of people got killed. He takes the Christians out and calamity hits, and here it is going to be the same thing the rapture is going to come before the tribulation sets in, and then people will wish that they would have listened, they will be wishing that they would have done something. Today is the day of salvation, *Hebrews 3:15*

While it is said, To day if ye will hear his voice, harden not your hearts, as in the provocation.

When you kick the can down the road what happens your heart becomes harder, another layer of lacker is added on your heart. The next time He has to come with a bigger sledgehammer to try to soften you up, so if you hear Him speaking to your heart today you need to surrender and trust Him. Nothing but goodness and mercy will follow you if you do. Look how good we have it surely goodness and mercy will follow me all the days of my life.

If I spent 10 lifetimes trying to make this thing work any better I could not do it any better because I couldn't, we have joy unspeakable and full of glory, we have safety, we have everything that the Lord could possibly give us and then some, over and above, because you can't buy happiness you can't buy peace, you can't buy joy, you can't buy safety. You could maybe buy yourself an army but you still won't have a guarantee.

That is what I saw and it all runs simultaneously with being ungrateful, and by being ungrateful you invite that homosexual spirit into your home, in your life, in your dwelling, and then you are going to spiral downhill. Just like the Israelites did and then they ended up in captivity and to this day they are still in captivity; 2000 years of captivity simply because they were ungrateful, they took Satan's

advice. Here it is the same thing all you have to do is try to find a place to repent. I am not mad because of what they did to me, the Lord had a plan to bring me to this truth. Just like He had a plan with Joseph. Everyone with one hand signed me away, like I said, it worked for my benefit, *all things work together for good to them that love God. Romans 8:28*

I told my father-in-law when he came into my house and told me as of tomorrow if you don't recant you don't have a wife, you don't have any children, you have nothing you don't even have a name. I said - You will only do what the Lord allows you to do, and one thing about it at the end of the day it will all work for my benefit and it did. Ya, I was not a happy camper, believe you me, not by any stretch of the imagination, but I remember the times that one individual that did you well, that spoke well for you, that was good to your children, and you remember that individual he shines like a star. That is the one when you are down in the dumpster, when someone is there for you you remember that person, no matter how bad a person he may be, but he was there in your greatest of need, and he did what he could under the circumstances and God remembers that. He also remembers that other guy that did everything that he could to throw you under the bus, that person he is going to have to repent. God will have to give him the grace to repent. That is what I saw I don't know if you can add to that I am sure you experience the same thing it was something that was out of our control here.

Lorraine speaks: When you realize that there is no more grace to repent you felt that, you are trying to break through; you are trying to pray but there is no one there to receive the prayer. It is like when you plug in an electric unit and you plug it into the outlet you have electricity, you have a current coming in. You have power but here it was like you could pray all you want and there is no one there to listen. You knew that you are a sinner and you have done wrong but there is no-one there to repent to anymore; there is no-one there to pray to anymore, and you were powerless and you felt helpless, and you didn't know what to do - *Auß ist auß, und hin ist hin*. That is what will happen when Jesus will be of the mercy seat and people will cry out, it says many will come but the door will be closed for that salvation. Sure God will have other means and outlets because He is a

merciful God, but the thing of it is if God calls you to repentance now, what makes you believe that He will have a different outlet for you. If He is knocking at your heart for repentance now and you are not doing it you are going to miss whatever opportunity that God has. There are going to be different categories. For example, once the week of Daniel starts something else is going to kick in, in the first part of the seven years, there will be silence for about the space of three and half years because Jesus will be off the mercy seat, during that time there will be a temporary peace and safety because the winds of conflict are being held back. Then in the last part of the week the 144,000 that will preach the everlasting gospel, that is when Satan is cast out of Heaven and he comes with great wrath because he knows his time is short. It is totally a different environment during that time. That is why you don't want to miss what God has for you today, *Hebrews 3:*

8. Harden not your hearts, as in the provocation, in the day of temptation in the wilderness: They had to die in the wilderness because of their unbelief that is the same with people who harden their hearts when today is the day of opportunity the day that Jesus is calling for repentance and if you are not taking that opportunity, then that opportunity will one day be over for you and you will have missed it. That is what we experience what God was showing us what it will be like for people that have missed that opportunity. They will want to cry out to God because now they are in this dilemma. It is the goodness of God that brings people to repentance. Now is the time to repent not when a dilemma strikes, because when a dilemma strikes then it is over. So now is that time. We were in this dilemma and we were trying to call out to God and He is not hearing us because that time is over. They have missed that opportunity.

Sam speaks: It's like plugging into the circuit when the breaker is off you have no power. There is to guarantee that He is going to call again. I see it clearer every day He was pulling us through this dilemma, so we could feel what people will have to go through when that time comes and happens and it will happen for some people because the Bible says it will happen.

Lorraine speaks: It is not a good experience, in your state of mind, you have no assurance, nothing to hold onto it is like everything

is being taken from you, and you are left on your own, and you don't know what is going to become of you.

Sam speaks: It is a disaster upon disaster, catastrophe upon catastrophe I can't put it into word. I lived through it and I can't fully express it, I am trying but I am not even tapping the surface, now you multiply that by a million and you might get a bit of what it will be like. What is going to be worse is having been warned, I have been warning for 30 years imagine what people will have to go through that have made their ears deaf, saying we don't need to listen to this idiot we don't need him around but see that is my job. In the day of calamity, it is not going to bother us and that is what we are trying to do to protect these people when that day of calamity comes that it is not going to touch them either. Having repented, made everything right, being baptized in Jesus name and allowing the holy ghost to lead and guide you into all truth then up to that glorious rapture to that Heavenly Kingdom.

Lorraine speaks: It is only the devil that prevents people from repenting, we are who we are, and God knows that, that is why He sent Jesus to calvary, that is why He had that provision made because He knew we are fallen creatures and there is no way we could help ourselves. No way at all, we were all headed for Hell, but He knew that, so He provided a way, He provided a way through Jesus Christ there at Calvary the true sacrificial lamb of God came. All the other Passover feasts were all just pointing to Jesus, down through time all the prophets, the offering of sin sacrifices that they made, the holy of holies, and the temple, it was all pointing to Jesus Christ, that He once and for all will scarifies His life there at Calvary for mankind for all of creation. All a person needs to do is repent because that is who we are nobody is exempt. All you have to do is accept it by faith and repent, and do what the scripture says - Repent and be baptized in the name of Jesus Christ for the remission of sins, and then you're a vessel unto God.

Sam speaks: I tell you if you desperately want to get right with God, with the scripture you will get baptized in Jesus name. I had to drive all the way out to Vancouver to be baptized. I say this if you have a creek on your colony, go and get your uncle George and get him to baptize you, and then you can baptize him. Don't wait for a preacher

to do it, that preacher will not baptize you unless he is convicted himself, but don't wait around if you want to get right with God you will find a way. Then you did the best you could under the circumstances. I did the best I could, I went out to Vancouver and my son Samuel he did the best he could he went down to Indiana. If you are desperate enough you will do whatever you can even if it takes digging a hole and filling it up with water, and then be baptized but a person has to be desperate. In your desperation, God will make a way it is the only right thing to do. Just take advantage of the summer months to do it, you don't have to be a preacher to baptize anybody, don't let that fool you, in fact, a preacher will do what he can to keep you away from this because many of them are not of God. I have a number on them.

Lorraine speaks: There are only three people that I really ever trusted when it comes to the Word of God, Brother Branham, brother Jackson, and Sam. You have to accept the channel that God is working through.

Sam speaks: When I heard brother Jackson preach I knew there is a man that I can trust with my soul. That's what it is all about. Jesus is on the seat of mercy for 2000 years, you kind of get depressed knowing that it is only 6 months, and here is the other thing it has done served its purpose. Everything is in God and God knows who will and who won't. Jesus said, everyone that my Heavenly Father gives me will come to me. When that time will come - the fulness of the gentile will have come in. It will have done served its purpose, the Grace Age will have done served its purpose. God's count will be full. It says the fulness of the Gentiles has come in. In the meantime, we can't just sit back and not do our part. We are doing everything that we can, I get accused of trying to twist people's arms.

If you don't stop and think about what God has done and be grateful and give Him thanks for what He has done for you, you are going to slip into a homosexual lifestyle, it is like a vacuum, it is waiting for you to be ungrateful so it can suck you in. I think about that Jeremy guy that came through here, our mission here is to help people spiritually that is what God put us here for, and he was the first one that really texted us and I could feel in my heart that that guy is serious. His spirit and his soul was crying out - I don't want to go to

hell. We took it to the Lord and the Lord gave us that scripture in *Jude 1*:

23 Rescue others by snatching them from the flames of judgment. Show mercy to still others, but do so with great caution, hating the sins that contaminate their lives.

22. Be merciful to those who doubt;

23. save others by snatching them from the fire; to others show mercy, mixed with fear—hating even the clothing stained by corrupted flesh. f

Snatching them out of the fire, that is what we did with Jeremy, I could just hear his spirit and soul crying to snatch him from the fires of Hell. To others show mercy, that is what we did, mixed with fear, hating even the clothing stained by corrupted flesh. In other words, by his former lifestyle. Don't get too close to him, do with the upmost of caution, at the end of the day we did everything that we could, snatch him out of the fire, cast the devils out of him. He could not do anything with that devil on his case and we set him free. The Lord did something for the man, I know He did, he was laying her for a day or two under that glory, bathing himself. The Lord washed everything away from him, forgave him of his sins, cast the devil out, took that former lifestyle wiped away, drug addiction and alcohol, smoking, He instantly completely wiped away. What does he do, he was barely on his feet, on his way home under the idea I don't need them suckers, that is the attitude that he left with here.

Lorraine speaks: I actually felt that the night before he left I felt that spirit of rejection and from that time on I felt something is not right. Then that is what you saw when he left here I don't need you I can do this on my own and he said as much here when he came back - I experienced that before I even came here kind of downplaying what he experienced here.

Sam speaks: We only had one ambition and that is to help the man we didn't know anything about his lifestyle, we didn't know anything and neither did it matter to us, and the bottom line is he was very ungrateful for what we did for him. That is the thing, the Lord let me see how he took off here pedal to the metal I don't need you guys I can do it myself now I am on a roll. I thought to myself you will run into a brick wall and 5-6 days later he came back saying I ended up

on my ass pretty quick. Well, I saw that coming, I said. What we should have done is not let him back in again go and do your thing do whatever, that was my mistake, did I want to take credit for something, I just wanted to help the guy. If we don't help him he can't be helped, show a little gratitude, some appreciation and he didn't, and he is not going anywhere with that attitude and he kept coming back he wanted that social lifestyle; these freebies.

The Lord had dealt with me early not to get involved with his finances and the Lord reminded me of that. He is not this smooth guy now, the Lord told me - I'll deal with him my way, don't you get involved. I was ready to give him whatever he wants, give him a bed here, I was bending over backward, I should have taken the warning God gave us more seriously to do so with the utmost of caution. God knew he will not be grateful. Where is he now, I don't know, he needs to turn around if he hears this and spend the next 10 months being grateful, and cultivate a grateful heart. Thank God with a grateful heart, be grateful for what the Lord did for him. He was living in that Hell with those demonic forces for so long and he wanted deliverance the Lord heard his cry and came by his way, and what those he do - can't wait to throw us under the bus.

It wasn't until he put out his testimony that the Lord told me now you can baptize him. Now he is under God's jurisdiction it is a terrible thing to fall into the hands of the living God. You are not going to get away with things with God. He can drive a pretty tough ship if you don't pull your weight, believe you me. I learned that over the years He is not going to spoil you. That's what I saw on him, ungrateful and look what the Lord did for the man. The Lord can bless a grateful heart and He can move with that person from glory to glory, but if you are ungrateful He can't do nothing. You can look into Bible history what happened to those nations, to the Israelite, to the individuals that were ungrateful, to the nine lepers, what happened to the one that came back to thank Jesus - he was made whole. You want to be made whole you want to put in a little bit of an effort to be grateful. That is all you can do at the end of the day. You can't do anything towards your salvation you can't even cultivate a repenting heart, God has to do that by the Holy Spirit. All you can do is yield, just show some gratitude that is all God requires, don't think that the world owes you a

living, don't think you are this special guy there is nothing special about anyone. The only special thing is if we can tap into that we are not special.

In closing, I just want to make it abundantly clear if God chooses to heal you don't be like those 9 lepers that Jesus healed and they didn't even have enough in them to be grateful and go back and thank Jesus. Be like that one that took time out to go back to Jesus and was grateful and thanked Jesus and he gave God the glory, and through that, he was made whole, he was made complete forgiven of all sins. God healed me from cancer and He allowed me to walk through this ordeal here, as an example of what happens when people are ungrateful so that people can be informed, that they need to give God thanks and glorify Him as God so that nothing worse will befall them, and as a warning and as a lesson for all. May God Bless all those that put their trust in Him.

Heavenly Father, we had a bit of a conversation around Your Word. I just pray Lord, take what has been said, I know it is all chopped up, in bits and pieces but Lord you put it together that it may become alive in the hearts of the people the seriousness of the hour that we are living in, that they have only so much time that you are on the seat of mercy, then it will be all over but the crying. I pray that you will wake up the people. That is all that we are trying to do but if you don't give that increase then all these words are just in vain so I pray, give that increase, work in the hearts of the people, in Jesus Christ Name we pray, Amen.

It says in scripture in **Mark 16:**

17. And these signs shall follow them that believe; In my name shall they cast out devils; they shall speak with new tongues;

18. They shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover.

**"It's a good life living for the Lord,
It's so wonderful just knowing my reward,
Every day His precious love I can enjoy
It's a good life living for the Lord" Hallelujah Amen**
