

Hallelujah, praise the Lamb,  
Hallelujah, praise the Lamb,  
I will sing His praise again,  
Hallelujah, praise the Lamb.

**MY HOPE IS IN THE LORD**

*My hope is in the Lord,  
From this time on and evermore.  
Oh, my hope is in the Lord forevermore.*

*I stand in awe  
Within the presence of the Lord.  
In Whom the wisdom of the ages lies.  
For whom the raging of the seas subsides  
The living sacrifice, the only source of life.*

*My hope is in the Lord,  
From this time on and evermore.  
Oh my hope is in the Lord forevermore*

*His tender mercies  
Come with every rising sun.  
To meet the sinner in his brokenness.  
To offer healing and forgiveness.  
And those who trust in Him  
Will find their hearts at rest.*

*My hope is in the Lord,  
From this time on and evermore.  
Oh my hope is in the Lord forevermore.*

## **MY EMMANUEL**

*1. If I ascend up to heaven  
Or make my bed below.  
I know Your hand will hold me  
Wherever I may go.  
Before I was formed,  
You already knew my days.  
Lord, I have no secrets,  
You know every path I take.*

### **CHORUS**

*My Emmanuel,  
You are with me.  
Oh, Emmanuel, there's nowhere  
You won't be  
If I take the wings of the morning  
Or fall into the deepest sea,  
Even there, even there,  
You are with me.*

*2. Lord, I'm always in your presence  
I cannot run from your love.  
You're behind me and before me,  
Underneath and up above.  
The darkness and the light,  
Are both the same to You.  
I couldn't hide from Your spirit,  
Even if I wanted to.*

### **BRIDGE**

*How precious are Your thoughts  
Oh, God, they're always of me.  
More in number than the sand,*

**I NEED YOU MORE TODAY**

*There are decisions I can't make on my own  
And there are trials I can't face all alone  
But you said you'd walk with me  
Down life's troubled road  
And you said, "Come unto Me,  
I'll bear your heavy load."*

**CHORUS**

*I need you more today  
Then I did yesterday  
Mountains are higher  
Rivers are wider  
I need you more today  
Then I did yesterday  
Help me remember  
I need you more today*

*When I wake up in the morning  
And I fear to face the day  
Let me feel your gentle hand  
Leading the way  
Yesterday has come and gone  
With those trials far behind  
But I'm ever learning, Lord,  
And every day I find*

*I need you more today  
Then I did yesterday  
Mountains are higher  
Rivers are wider  
I need you more today  
Then I did yesterday  
Help me remember  
I need you more today  
Help me remember  
I need you more today*

I needed you this week more than I did last week if the truth be told, He has been there for us, it was touch and go there for a while, but the Lord always has our back if we put our trust in Him, because there were decisions that we could not make on our own, there were trails like never before. It is a good journey, but I tell you, you have to give the Lord you're all, if you hold back one little sliver the devil will take that sliver and I tell you he will completely cripple you. Just surrender everything don't give the devil anything.

I had an experience some years and years ago when I was a 13-14 year old, there were four of us boys and there were these two girls who were walking on the ice and this one girl broke through the ice. This one girl started screaming to help her, she needs help. This one guy went straight to the bush and I wondered what is he doing over in the bush. What he did is he went for a stick, a branch, when he found this stick in the bush we walked over to where that girl broke through and we all laid down on the ice. This girl was screaming she was desperate, sometimes she was even under the ice and then her head would pop up again so he gave this girl one end of the stick to grab a hold off. Then we held on to his leg and someone held onto my leg, all four of us lay on the ice, and then that girl was pulled out of the water by that stick. I remember that as if it was yesterday. The Lord was teaching me a lesson there are people that are drowning and that stick represents Jesus. You cannot give them your hand because they will take you right down with them.

We read quite a few stories where this guy jumped into the water to save someone and then both of them ended up drowning, or this one guy that tried to save that person would end up drowning. You can read these stories, but seeing this taught me a lesson. How did this one guy know enough to go and get a stick and give the girl the stick and thereby everyone was saved. If he would have given her his hand she could have dragged everyone down with her because she was desperate, because she was drowning.

That is how it is along the road of life there are people that are drowning but do not give them your hand, don't get too close to them, and make sure that Jesus Christ is in-between you and that drowning person. Then the only thing that you can give that drowning person is Jesus Christ and it is the very last thing that people want, they do not

want to surrender to Jesus, yet it is the very thing that can save them. If you give them your hand, and if you allow yourself to be moved by emotions they will take you down, believe me, desperation is powerful. People have to get so gut-wrenchingly desperate before they will reach out to Jesus, I have seen it. I was one of them, I tried for two years to bypass Jesus, and the more I tried the more I failed, then one day I realized I need this Jesus. It takes the pride out of you, you need this lowly Jesus that is the bottom line. That is why people find it so hard to come that way, Jesus is the only go-between between God and us. That is why when He was asked - Teach us how to pray, Jesus said, Our Father. Jesus made it possible to say - Our Father. Before Jesus came you could not identify with God, but now we can. We have family and we care about family we have friends and we care about friends, but you cannot help them you have to give them Jesus He is the go-between guy.

### **ARE YOU WASHED IN THE BLOOD**

*Have you been to Jesus for the cleansing power?*

*Are you washed in the blood of the Lamb?*

*Are you fully trusting in His grace this hour?*

*Are you washed in the blood of the Lamb?*

#### **CHORUS**

*Are you washed in the blood,*

*In the soul cleansing blood of the Lamb?*

*Are your garments spotless?*

*Are they white as snow?*

*Are you washed in the blood of the Lamb?*

*Are you walking daily by the Saviour's side?*

*Are you washed in the blood of the Lamb?*

*Do you rest each moment in the Crucified?*

*Are you washed in the blood of the Lamb?*

*When the Bridegroom cometh*

*Will your robes be white?*

*Are you washed in the blood of the Lamb?*

*Will your soul be ready  
For the mansions bright,  
And be washed in the blood of the Lamb?*

*Lay aside the garments that are stained with sin,  
And be washed in the blood of the Lamb;  
There's a fountain flowing for the soul unclean,  
O be washed in the blood of the Lamb!*

### **BIST DU REIN**

*Ist getilgt die Sünde, bist du hell und neu  
Bist du rein durch des Heilandes Blut  
Bist du neugeboren,  
von der Knechtschaft frei  
Bist du rein durch des Heilandes Blut?*

#### **CHOR**

*Bist du rein (bist du rein)  
Durch das Blut (durch das Blut)  
Rein durch Jesu erlösendes Blut  
Ist dein Kleid schon helle,  
ist es weiss wie Schnee  
Bist du rein durch des Heilandes Blut?*

*Hältst du treulich wachend bei dem Kreuze Stand  
Bist du rein durch des Heilandes Blut  
Gehst du kindlich gläubig stets an Jesu Hand  
Bist du rein durch des Heilandes Blut?*

*Wenn der Bräut'gam kommet,  
ist dein Herz bereit  
Bist du rein durch des Heilandes Blut  
Stehst im heil'gen Schmuck du, und im weissen Kleid  
Bist du rein durch des Heilandes Blut?*

*Drum leg' ab die Sünde und der Sünde Pein  
Werde rein durch des Heilandes Blut*

*Sieh' der Brunnen fliesset, tauch' dich froh hinein  
Werde rein durch des Heilandes Blut.*

I was wondering now that the Grace Age is over is this song now invalid, I believe it is more valid than ever, the Grace Age is over and we are in the week of Daniel but what was done under the Grace Age is still valid, it is not obsolete, it served a purpose up to a point. It is not null and void, there is still grace.

Lorraine speaks: The names under the seals, Jesus interceded for those names under the seventh seal they are already under the blood, and that blood is still valid.

Sam speaks: It is a done deal for whoever Jesus interceded for while he was on that seat of mercy, and on October 15th, 2021, He went off that seat of mercy, it has served its purpose. He was on that seat of mercy forever, and forever in God is until it has served a purpose and it has now served its purpose. Jesus interceded for all those that are going to come to Him. It says everyone that my Heavenly Father has given me will come to me because He interceded for them. We do not know who they are but as we were singing this song - *Have you been washed in the blood of the Lamb*, the blood is still valid but it is now going into a different phase, it has evolved into something even better. Now all you have to do is like Peter said - *establish yourself in the present truth*. What is the present truth: The invitation to the marriage supper of the Lamb. That is it, that is all you have to do, and it is for whosoever will. That is the best that I can put it.

### **TO THE RIVER**

*To the river I am going, bringing sins I cannot bear;  
Come and cleanse me, come, forgive me;  
Lord, I need to meet You there.  
In these waters, healing mercy  
flows with freedom from despair; I am going to that river;  
Lord, I need to meet You there.*

*Precious Jesus, I am ready  
To surrender ev'ry care;  
Take my hand now, lead me closer;  
Lord, I need to meet You there.*

*Come and join us in the river;  
Come find life beyond compare;  
He is calling, He is waiting;  
Jesus longs to meet you there;*

What this world needs is Jesus, He is the only go-to guy, if people only knew that, it is not a commune, it is not a dress code, it is not religion. Religion is satan's counterfeit, at the end of the day, there is not going to be any religion. That Babylon that we talk about going down it is those religious systems. It is a wonderful world to be living in without religion. The world is full of religions, the Muslims have to follow their religion, the Hindus, and so on, they are trapped in this religious thing, they have this shroud on their head, and what for, why not just be normal. Over in Iran, they kill these women simply because they didn't have their sleeves long enough, or their hair is showing, see that is religion for you, they trap you in. Those religions are on their way out, in seven years and you will see no trace of them.

Lorraine speaks: In the song: The Love of God, it says earthly thrones and kingdoms fall and you will see these kingdoms fall.

### **THE LOVE OF GOD**

*The love of God is greater far  
Than tongue or pen can ever tell;  
It goes beyond the highest star,  
And reaches to the lowest hell;  
The guilty pair, bowed down with care,  
God gave His Son to win;  
His erring child He reconciled,  
And pardoned from his sin.*

*Chorus:*

*Oh, love of God, how rich and pure!*

*How measureless and strong!  
It shall forever more endure—  
The saints' and angels' song.*

*When hoary time shall pass away,  
And earthly thrones and kingdoms fall,  
When men who here refuse to pray,  
On rocks and hills and mountains call,  
God's love so sure, shall still endure,  
All measureless and strong;  
Redeeming grace to Adam's race—  
The saints' and angels' song.*

*Could we with ink the ocean fill,  
And were the skies of parchment made,  
Were every stalk on earth a quill,  
And every man a scribe by trade;  
To write the love of God above  
Would drain the ocean dry;  
Nor could the scroll contain the whole,  
Though stretched from sky to sky.*

You cannot even begin to describe the love of God, like the song says, *until you know that loving hand that reaches down to fallen man and picks him up above the plane where he has trod, until you know the love of God you know nothing at all.*

**UNTIL YOU KNOW**

*Until you know that loving hand  
That reaches down to fallen man  
And picks him up above the plan  
Where he has trod  
Until you know just how it feel  
To know that God is really real  
You know nothing  
Until you know the love of God*

The love of God is not judgemental, a lot of people are very judgemental. The love of God does not judge you for who you are, He will pick you up above the plan where you have trod, and He will make a way for you.

Sam speaks: I had a first-hand experience, I've shared it some time ago, I was driving through Winnipeg and there was this girl standing there at the corner, she was smoking a cigarette, and I stopped and I asked her to get in the car, I wanted to visit with her. I didn't know that she was a prostitute. So she got in the car and I told her I'll give her \$20 an hour just to drive around with her. So we drove around and we talked, she did most of the talking, I just let her talk and she told me about her experience of being on the street. She said, she has been living on the street since she was six years old, and that her dad abused her. I just listened because I knew that the Lord was in this somehow, but I didn't know what the connection was. So I let her talk and I guess she thought I am just picking her up to have sex with her like everyone else.

We drove around and she told me to go to a certain place to park so I went there to park and she takes her top off, and she takes her clothes off. I was kind of ignorant and was wondering why she was doing that for. I told her that is not what I am about, and she said, why did you pick me up. I told her I just wanted to talk to her and visit with her. So she proceeded to undress and I told her I could never do that to you, I could never take advantage of you, let's say that I did what you want me to do, give you money and pay for it, what is in it for you and what is in it for me. In five minutes it is all over and done and then what. I said I could never take advantage of you, you have a soul, you are more than just a sex object you have a soul, you are a person. Then she got dressed and I kept driving then she told me about a movie that she went to watch about Hell, and she said I don't what to go to Hell, she told me about her girlfriend that she grow up with, that her boyfriend killed her, and she said, she knows that her friend is not at a good place, and we just talked and I asked her to give me her hand. She gave me her hand and I felt the love of God, I felt it going into the top of my head, you cannot describe that feeling, you would spend two lifetimes in prison just to have that moment of that feeling of the love of God that He felt for that girl because I could feel it, it

flowed into my head, I could feel it flowing from the throne of God and I could feel it flowing through my hand and right into her hand. She said you make me very emotional and I told her that is God, the love that God has for you. I don't know how long it lasted all of a sudden she told me to go to the store she wants to buy some liquor. I told you I don't want you to buy liquor, so she said, what are going to do preach to me. I said, no I don't want to preach to you, but see for a moment there that love of God went right through from me to her. It was not judgemental it was just the genuine love of God.

I dropped her off at her house what she did and where she is at today I don't know but something happened to that girl there. She was not being judged, she was not being preached to, it was just a genuine love of God. That is why I can really sing that song - until you know that loving hand that reaches down to fallen man and picks him up above the place where he has trod, until you know just how it feels to know that God is really real, you know nothing until you know the love of God. It was a living experience for me.

Lorraine speaks: I experienced that song, that song is personal to me, because when we first started trucking together and we got all these text messages accusing us of all kinds of things and the Lord put that song on my heart - Until you know the love of God you know nothing. They can pass judgment and accuse you of all kinds of things but until you know the love of God you know nothing, you don't even know what life is all about. If you do not know the love of God you don't know anything, it is not passing judgment on people and accusing them of all kinds. People misunderstand the love of God in this day and age. It is very misrepresented the love of God, but it is real. People think when you tell the truth that you are out to get them but that is part of God's love, correction is part of God's love, and God always corrects. Why would God chasten you, why would a loving God chasten you, because He wants what is best for you. Why do we tell people the truth, sometimes it would seem harsh, but it is correction, it is all about wanting your expected end, so you can somehow make it.

Sam speaks: They mix it with religion and religion is very judgemental. I get asked many times who is Jesus Christ. In fact, that is what got me to start up this website. This Hutterite preacher called

me up about 10 o'clock at night and asked me who is Jesus Christ. I don't know if he asked me to really know what I had to say or if it was just a trap. The Pharisees and the religious leaders many times asked Jesus a question and it was just to trap Him to see what He was going to say. I honestly took the man as being serious and that he really wanted to know who Jesus is. So I said, I cannot tell you who Jesus is until I first tell you who God is, and I went on to tell him that God is that great eternal spirit, He has always been and always will be, He fills all time and space. That is God, He is not a person, He is a spirit, then I went on to the best that I know how to explain who Jesus is. I said God is everywhere present and nowhere absent. If you take the wings of the morning God is there, Jesus is not everywhere present and nowhere absent, only God can be everywhere present and nowhere absent. Jesus Christ can only be in one place at one time. Jesus was sent, He is the only begotten son of God, and He is the go-between us and God.

That is who Jesus is, Jesus came and made it possible that we can say - Our Father. I tried my level best for half an hour to explain to him who Jesus is. He didn't say much I don't know if he knew what I was talking about or not. I don't even know if he was sincere in asking that question or not. Anyway, we hung up, after trying to explain for about half an hour. I could not sleep, I thought Lord here I have all this information, all that you have shown me since as far back as I can remember You have taught me your Word and you let me see who You are and here I have no way of executing the things that you have taught me. I was tossing and turning all night long, and around 4 o'clock I dozed off and went to sleep, and around five I got up and the first thing that the Lord said to me was, Sam, why don't you start up a website. I didn't know anything about a website and that is how this website came to be because that person asked me - Who is Jesus Christ. It is a question that a lot of people ask me.

Lorraine speaks: It is, a lot of people are confused about how to look at Jesus. Even my dad always asked me who do you pray to, do you pray to God or do you pray to Jesus. If you go to the disciples, they asked Jesus to teach them how to pray, and Jesus said, Our Father who art in Heaven. So we pray to our Father who art in Heaven, our heavenly Father, but we know that Jesus bridged that gap from us

to the Father. So all glory goes to Jesus for what He did at Calvary, but we pray to our Heavenly Father. God is the one that created us, Jesus did not create us, but Jesus made it possible for us to reach God again.

Sam speaks: It can be very confusing to some people because some will say that Jesus is God, and it confuses the picture, how can Jesus be God. When Jesus was born He was born into the human family, just like you and me.

Lorraine speaks: He was perfect without sin because He didn't have that fallen sinful nature that was inherited through the Adam race, He was conceived by the holy spirit.

Sam speaks: That is why He had to bypass the sex act, He was conceived by faith, when Mary said to the angel Gabriel, here I am let it be as you have said. He was conceived by the Holy Spirit and born through the virgin birth, born without sin.

Lorraine speaks: He was a perfect son of God, but it was not until His baptism that God invested who He is and all of his attributes into Jesus Christ. God is a healer, God is a redeemer, all these attributes that Jesus portrayed throughout His 3.5 years of His journey on earth. That is why He said in *John 14*:

*9. Jesus saith unto him, Have I been so long time with you, and yet hast thou not known me, Philip? he that hath seen me hath seen the Father; and how sayest thou then, Shew us the Father?*

He was showing them through His works and through His Words, He was trying to direct people to the Father. God invested in Jesus all of His characteristics, we have them by measure. Like with gifts some people have a gift of discernment, some a gift of healing, and gifts are without repentance. God gives it in a measure, but Jesus had it in full.

Sam speaks: It is very confusing when the religious world use 'in the beginning was the Word,' and they say that everything was created by Jesus. You have to go back to the original Greek where it says - In the beginning, was the thought. In the beginning, was the logos. In the beginning, back in the eternities past, that thought had not yet come up in the mind of God and then the circumstances arose that Jesus came up, God wanted a son for Himself, He wanted Jesus, it was just a thought in the mind of God, in the mind of that great eternal spirit that thought arose about having a son.

Then 2000 years ago, that thought that God had eons and eons of ages in His great mind, that thought became flesh. That is as simple as I can put it before that Jesus only lay in the bosom of the Father, in His mind. He lay there for thousands, of thousands, and even millions of millions of years, but see in order for God to bring Jesus on the scene He had to build an infrastructure. First He created these angels. See that is why I could not sleep that time when that guy asked me this question. I said, Lord, I have all this information I know that it is true and I know that it is right, I know that it is backed up by your Word. In the beginning, was the thought, and then the thought became flesh and He dwelled among us. John said we touched Him. See before a thought can become a Word, it first has to be a thought and then you bring in the Word, you speak it. That thought did not become a Word until the fullness of time came and that angel came to Mary and conception took place, then that thought became a Word, and 9 months later you could see it, and you could touch Him. You could touch His little fingers and there was that thought, but see, the religious world confuses it, they don't interpret the Bible right. It was translated by Trinitarians but see you and me have the picture. Jesus did not come on the scene until 2000 years ago, before that He was just a thought in the mind of God. You have to see it as such otherwise you are just going to get confused, you will have too many scriptures that will bump into each other. Like when it says before Abraham was I am, before Abraham was the thought existed in the mind of God.

Lorraine speaks: When you look at it this way that an all-powerful, all-knowing God, He is nowhere absent and He is everywhere present, He is that great eternal spirit, He wanted to share Himself, and how can He fully share Himself, the thought of having a Son was so crucial, the reason being before you can have a family you have to have a son. That son is going to help us relate to God because when you look at God, if He would have created a robot you would only see one side of God. You could never understand who God is, the fallen nature of man brought that out, and through the redemptive process, we get to really know and understand the love of God. How He set out a plan to redeem the fallen man, and how He loves the fallen man, He does not condemn us, He wants to draw us

to Him, and I don't know why people are so hellbent to bypass that channel that God has established for us to come to Him, and that is Jesus. All of His attributes of who God is were invested in Jesus so that we could get to know who God is. Redemption, the full process of that redemption and His love was invested in Jesus Christ.

Sam speaks: That is all you and I ever wanted was to get to know this God, it is like a well, you can't pump that well dry. In God is so much, that is why I say, that is what got me to start up this website. I tried to write a book and write my testimony, but I got about halfway through and then I had to throw it away, the Lord had something more for me, this here will take a lifetime to express what the Lord has put in me to express to the people and to show people. First of all, who is this God, who is this Jesus, what is the difference between God and Jesus, among all this confusion that this religious world can give you saying we are created by Jesus. No, Jesus was not there in creation, Jesus to this day cannot create anything, everything was created with Jesus Christ in mind, and because of Jesus Christ.

What you see out there those trees, those birds in the morning when they sing they were put there because of Jesus Christ, not by Jesus, when you see the picture you can see what the Bible means. Then you can see what John meant when he said Jesus was preferred before me. John was older than Jesus, and here John comes along and says He was preferred before me. Jesus goes back to the mind of God before the foundation of the world, that God, first of all, had to have this Jesus, this is the thought that came up, God knew that He would have to have a John the Baptism to forerun Jesus, it was all in that blueprint. For you and me it is so simple, here I was all night long tossing and turning until about 4 o'clock I fell asleep, and then I got up around 5 am and the Lord spoke to me, Sam, why don't you start up this website and that is how this website came to be. We have been doing this for 10 years now, I can finally express what Paul meant when he said, *O that I might know Him the power of His resurrection, and the fellowship of His suffering*. That is all we have ever wanted in life to get to know this God, and that we can be able to share this God with people, and be able to relay to people who Jesus really is. Jesus is the son of God, He came into being 2000 years ago, and that Word

became flesh, and when He was born you could touch His little finger. As John said in *1 John 1*:

*1. That which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked upon, and our hands have handled, of the Word of life.*

It is so very simple if only you can get down to the place of simplicity. How can Jesus always have existed and be a son, where in the Bible can you find where He had His beginning, you can only find where He had His beginning and that is when that angel came down and told Mary in *Luke 1*:

*35. And the angel answered and said unto her, The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee: therefore also that holy thing which shall be born of thee shall be called the Son of God.*

He was born in Bethlehem and you could actually see a living being, that God had in His mind way back before time and here you were able to look right at it, that thought that God had in His mind way back before He created anything, and here Jesus was born, He was a Human Being but He had no sin, and then when He went to be baptized in the Jordan River by John, the Holy Ghost came upon Him and all the attributes of God were invested into Jesus. That is why God said this is my beloved son in whom I am pleased to dwell. When He came up out of the water the spirit of God came and God that great eternal spirit was pleased to live in that Human being. That is what He was, He was a Human Being, and then as you go on you can see how the devil tried to pervert things, back in the days of John, they were trying to make Jesus into a deity, and John came hard against that spirit. He said if they do not bring that with them, don't even wish that person God speed, because back then they were trying to make Jesus into deity, that He was not born in the flesh. *2 John 1*:

*7. For many deceivers are entered into the world, who confess not that Jesus Christ is come in the flesh. This is a deceiver and an antichrist.*

*8. Look to yourselves, that we lose not those things which we have wrought, but that we receive a full reward.*

*9. Whosoever transgresseth, and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son.*

*10. If there come any unto you, and bring not this doctrine, receive him not into your house, neither bid him God speed: For he that biddeth him God speed is partaker of his evil deeds.*

Lorraine speaks: That is what the enemy likes to do he distorts the picture, he will take some things and capitalize on it, so you can't see the real picture, and people fall for his lies.

Sam speaks: Like try to explain a trinity, I could never explain a trinity, there is only one God and in a trinity, there are three gods. They will say I baptize you in the name of the father, in the name of the son, and in the name of the holy ghost. Then they added to that, I baptize you in God the father, God the son, God the Holy Ghost. There is only one God so that is contradictory. That trinity baptism has a stronghold on people and people miss the picture it is all confusing. There is only one God, and then Jesus is the son of God, and then the holy spirit is the power that goes out from God to get us through this jungle that we are living in.

This is not my thought for today, I just wanted to go over this here first. I guess last Sunday night the Lord dealt with me on this topic, see what we say here it does not come from a seminar it comes from God. I read this here, I have this Bible on my phone, I have this app where you can read the Bible through once a year every year, and I read here where Paul went to say that he did not receive His revelation from man, He did not go to a seminar he speaks on it in *Galatians 1*:

*11. But I certify you, brethren, **that the gospel which was preached of me is not after man.***

*12. **For I neither received it of man, neither was I taught it, but by the revelation of Jesus Christ.***

*13. For ye have heard of my conversation in time past in the Jews' religion, how that beyond measure I persecuted the church of God, and wasted it:*

*14. And profited in the Jews' religion above many my equals in mine own nation, being more exceedingly zealous of the traditions of my fathers.*

*15. But when it pleased God, who separated me from my mother's womb, and called me by his grace,*

*16. To reveal his Son in me, that I might preach him among the heathen; immediately I conferred not with flesh and blood:*

*17. Neither went I up to Jerusalem to them which were apostles before me; but I went into Arabia, and returned again unto Damascus.*

He got his revelation from the Lord, all throughout his epistle you can read how he got it from the Lord, he did not get it from no seminary. In fact, He said at one time in *Philippians 3*:

*7. But what things were gain to me, those I counted loss for Christ.*

*8. Yea doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord: for whom I have suffered the loss of all things, and do count them but dung, that I may win Christ.*

He had to reprogram his mind, all that he knew previously was all nothing but dung, and what he learned after was not from a seminar but was taught by the Holy Spirit.

Lorraine speaks: Is it not amazing how the Holy Spirit works, what He received did not contradict what Peter received, and how they fell parallel to each other. It was not until after those years that he went to see Peter. See how the Holy Spirit can teach, and you can see the picture it is not man that gives you a revelation, a revelation comes from God.

Sam speaks: I did not go looking for this job, I did not get it from a Sears catalog or an Eaton catalog like back in the day when you ordered stuff. I did not go somewhere and order this job I did not even know that it was available, it was given to me before the foundation of the world what we are doing here. All my life I prayed - Lord, help me find my place in Christ because I knew what those angels did in Jude when they left their estate, they had their place in God, and everyone was happy the whole universe was in harmony and for eons of ages and until those angels decided we are not happy with that program, with that estate that they went out on their own, and we lost that place

in God, that place in Christ and that is why it has been my prayer, Lord help me find my place in Christ, use us for your glory, because we have nothing, the natural man cannot produce anything.

I want to read something here to you it is in Titus it says at the top of the heading - Teach sound doctrine. You can read that whole chapter if you want to. It is all sound doctrine if you read it in its entirety, that is the subject that the Lord has been dealing with me on since Sunday night, and I went over and over this whole thing. What I saw was how close it is to changing sound doctrine to false doctrine, and it is just by omitting one word. I will read *Titus 2*:

*11. For the grace of God that bringeth salvation hath appeared to all men.*

I will stop here, for now, you would think that the grace of God has appeared to all man, and became the grace of God has appeared to all man that everyone is saved now. You know that song - His grace and mercy will see me through, and if you sing it over often enough you will begin to believe that it is so, that all you need is grace and mercy. In German they say - *miho wer duhet onkumma aus gnade und barmherzigkeit*: The only way we will get to Heaven is because of grace and mercy. They tell themselves, that no matter what they do, I will just enter into Heaven because of grace and mercy, and they take away every responsibility that they have, and that is what they tell each other, with no accountably and only His grace and mercy will see us through.

Like that brother from Cartersville, that Jacoby he sang that song - His grace and mercy will see us through and you listen to him and he gets all excited, you know how those black people are they have a lot of soul and he sings it over and over and by the time he is done you get to kind of believe it a little bit, but see for me I blocked it out, because I know there is more involved than that. You can almost let your guard down that all you need is His grace and mercy that will see you through. It will be out of His grace and His mercy that we will appear before Him. They make it a lifestyle thing and in it, there is absolutely no responsibility. I will read it in German now it comes out better in German.

*11 Denn es ist erschienen die heilsame Gnade Gottes allen Menschen*

*12 und züchtigt uns, daß wir sollen verleugnen das ungöttliche Wesen und die weltlichen Lüste, und züchtig, gerecht und gottselig leben in dieser Welt.*

It's in that word UND, in other words, it would say for the grace of God that bringeth salvation hath appeared unto all men but, or and, there is a conjunction here that is not there in Kings James version. It should read - The grace of God that bringeth salvation hath appeared unto all men but, or and, that grace is what teaches us. That is how the antichrist spirit works it will take only part of it but all night over and over until I got it, that is how that word is changed from being sound doctrine, just by that one word, omitting that one word, and it turns into a false doctrine. That is how that antichrist spirit works by taking half-truths. The grace of God has appeared bringing salvation to all people then it comes full stop, period, but what does that grace do - It trains us to reject ungodliness. This translation is a little bit better because it says it trains us to reject ungodliness, but in some translations, it is not there. like in the Kings James it goes on to a completely different phrase, it those not combine those two verses. What I want to bring out is what that grace does and what role it plays so that it will flush out that His grace and mercy will see us through, and people just sit back and they have this false security thinking that His grace and mercy will see us through. I could mention names of people that I know are caught up in this false doctrine, it is brought on by an antichrist spirit. That is what the devil does he takes scripture and he gives it only a half-truth and he does not combine it with that whole chapter. You can read that entire chapter, you have to read it in its entirety to get the full picture.

Anyway, I'll continue reading here - ***For the grace of God has appeared unto all men, but what the grace of God does is simply this - It teaches us that by denying ungodliness and worldly lust we should live soberly, righteously, and godly in this present world.*** See that is what that grace of God does, that grace is not just some empty thing. That grace of God is why you and I have to go through so much, that is why you and I are fasting because it teaches

us to present our bodies as a living sacrifice, that is what the Lord has been dealing with me for the last 10-15 years to lose weight. I still have some pounds to lose but it is always on my radar, it is always there because of that teaching us that denying ungodliness and ungodly lust, ungodly lust is food too period, and it trains us to reject godless ways and worldly desires and to live self-controlled. That is when it comes to the table, and upright and godly lives in the present age. That is what that grace does it is not that that grace and mercy will see you through, what that grace does is it teaches you and it admonishes you, and it advises us that we should live self-controlled, upright, and godly life's in this present age. In German it says - ***und züchtigt uns, daß wir sollen verleugnen das ungöttliche Wesen und die weltlichen Lüste, und züchtig, gerecht und gottselig leben in dieser Welt.***

That is what His grace is and does, why do you think the Lord has been dealing with me ever since I'm a Christian, convicting me - Sam, you need to get up before 6 am. I have not always been doing it but that grace of God is what has been convicting me, I felt guilty every time that I didn't get up, like when I was single, once I got married I was a backslidden bum, but back in the early 90's the Lord tapped me on my shoulder and said - Sam, let's go, I have some work to do. The Lord began to deal with me, once the Lord tapped me on my shoulder - Sam, I want you to go and speak for me, I was up before 6 am on my knees praying because the Lord had convicted me way back then when I first became a Christian to get up before 6 am. Like I said I didn't always obey it, I didn't always do it, but see that is the grace of God, it continues even though you are not always obedient, it still teaches us and it taught me all these years, it was there, the requirement was still there. God didn't pull away that requirement it was teaching me to get up every morning and now here we are doing this, I cannot sleep after 6 am, I want to be up before 6 am, it is not a burden, I'm looking forward to being up and thinking about Heavenly things or praying. See that is what the grace of God has done in my life, I am not saying everybody should get up at 6 in the morning and pray in the day like we are doing, those are our convictions, and that is what the Lord has convicted me to do. I don't

want this to be a, do this, do that, kind of thing, this is what God requires me to do. Why, simply because, walk in the spirit and you will not fulfill the lust of the flesh. That is what the Lord wants me to do, get up in the morning so that I don't succumb to the flesh because if you are not on the ball that's what happens. I am speaking for myself now, people should have their own convictions from the Lord out there, I don't expect everyone that listens to us that you have to, you have to, you have to do what I am doing, no, I am telling you what the Lord has convicted me of doing because He wants us to make it, He wants me to make it even more than I want to make it. He wants me to have a kingdom even more than I actually want to have that kingdom. It says, it is the father's great pleasure to give us a kingdom. Well, I am not going to get a kingdom if I disregard what it says here.

Lorraine speaks: When the Lord saved me what the Lord was convicting me was to live a holy life, I always felt that is what God required and you can read it in the scripture in *Ephesians 1*:

*4. According as he hath chosen us in him before the foundation of the world, **that we should be holy and without blame before him in love:***

That is what my heart's desire was to live holy before God, I guess for everyone it is a little different what God will require but all in all, it will line up to the same place that we should be holy without blame because that is the requirement and that is what He created us to do.

Sam speaks: You can read it in Ephesians and that is basically what we are doing, there is nobody that we have animosity towards. Just because we tell people the truth does not mean that we do not care about them.

Lorraine speaks: I want to read this here it really stood out to me when you were reading here in *Titus 2*:

*8. Sound speech, that cannot be condemned; that he that is of the contrary part may be ashamed, having no evil thing to say of you.*

When we bring this out and we know that there are a lot of people that say grace and mercy will see me through and it is a cop-out really. When people say that, you have to realize that grace has an obligation, there is a responsibility for that grace here, and it says what

it does, it denies ungodliness, and worldly lusts and that we should live soberly and righteously and godly in this present world. When you contradict that word by saying His grace and mercy will see me through, that assumption has to be put to shame, because it is not true, it is not the full truth and that contrary part may be put to shame because it is not the full truth, and therefore when you give the full council, no evil thing can be said because you are presenting them with the full truth.

Sam speaks: As I said before, Sunday night the Lord dealt with me on that, and when the Lord does that it is important, and He did that right after Sunday's service, and all week this subject goes over and over in your mind because there is so much in it, that He would go over it with me for 3-4 hours at night. It was just like I was engulfed into a different dimension and it came to me the grace of God has appeared unto all men, and there it can be either sound doctrine or false doctrine just by not combining verse 11 with verse 12. He showed me how it works, how that antichrist spirit works, and only in German did I find that conjunction - and. If I put that conjunction in the King James version it would say but what that grace of God does it teaches us. You can't separate verse 11 from 12, it is combined together. In another translation, it says it trains us to reject godless ways. What are ungodly ways, there is a lot in that, and worldly desires, that we should live self-controlled, upright, and godly lives in the present age.

Like you were saying back in Ephesians one, God created us that we should live holy, and blameless before Him in love. Just look what a wonderful world we would have if everyone would do that. You would not have this fighting going on in Washington and all around the political world if everyone would just live, holy and blameless before Him in love.

Like you were reading here we are combatting that spirit. That is why all night long the importance of combatting that in the spirit world, in the Heavenly realm, in that demonic world to come against that spirit that tries to brainwash people into thinking that His grace and mercy will see us through, His grace and mercy will see us through, His grace and mercy will see us through. I don't have to present my body a living sacrifice because His grace and mercy will

see us through. These people in these pulpits are all overweight simply because they take this scripture and they take it that His grace and mercy will see us through. They just take verse 11, and they don't combine it with verse 12 and that is why you see the problem that we are in, and in this world. Like you and I, it is 24/7 on my radar, I have to get my weight down to a weight that God is pleased with, it is always there, it is my battle, my fight is to present my body as a living sacrifice. Now if I just believed that the grace of God that bringeth salvation has appeared to all men and then come full stop and just relax and just repeat His grace and mercy will see me through, and keep saying it His grace and mercy will see me through, like this one guy and he has a lot of soul in it and after you listen to him for a period of time you start to believe it - His grace and mercy will see me through but it disconnects you from the truth. Like you were just reading it here.

*8. Sound speech, that cannot be condemned; that he that is of the contrary part may be ashamed, having no evil thing to say of you.*

Lorraine speaks: It's like when you go into a battle, a Christian life is portrayed in many ways as a soldier in the battle, it's a spiritual battle. Let's say soldiers in the army would say by the grace of God I'm not going to get killed here, everything is going to go good, by the grace of God I'm not going to be shot His grace and mercy will see me through and keep me from the enemy line, and the enemy comes you are unprepared and he has you just like that, he's got you because you let down your guard.

That is contrary to what you do when you are in the army. You are on guard you are sober, you are vigilant and you are on the watch for the enemy, and you learn the enemy's tactics, you study them to see how the enemy engages in the battle so you can be on top of the game. How do you think a Christian life is, do you not think that God requires the same skills, you have an enemy out there and you have to be alert 24/7.

Sam speaks: In this translation it says: and a sound message that cannot be criticized so that any opponent will be at a loss because he has nothing evil to say about us.

What we are saying here today cannot be criticized because it is sound, I know that there are people that steal our content, they steal

our titles they steal our messages, and they go out and preach as if it was their message so now let them preach this, and they have nothing to criticize. It says a sound message that cannot be criticized. It's a good thing you brought that out here.

Lorraine speaks: As you were reading verse 11 this verse jumped out at me.

Sam speaks: See we are an asset to each other. We are in this together there's the two of us, this is not a one-man show. When the Lord dealt with me on the Ernie episode - Have you been to Jesus, the Lord let me know that when He brings someone in that person will be an asset, and you are actually the only person that I could trust that has actually been an asset towards this journey. I have had a lot of people along this journey. The first one was when the Lord first tapped me on the shoulder, Sam, we have a work to do, I got involved with that John Froese, a Mennonite preacher and he fell by the wayside, and then I got involved with that Heartland group with that Danny. We saw eye to eye at one time, we even went down to the Supreme Court together and there for a while they were a tremendous asset to me but they could not give up their alcohol. The Lord 2-3 years prior to that had weaned me off that alcohol thing and here they could not wean themselves off of it and pretty soon they fell by the wayside. I went through it the other night and all these people that came across my path. Then I got involved with that Danny Funk and I guess early on he was wondering what I'm all about, if I'm just in for the ride, or whatever and the Lord gave him a scripture over in *Mark 10*:

*29. And Jesus answered and said, Verily I say unto you, There is no man that hath left house, or brethren, or sisters, or father, or mother, or wife, or children, or lands, for my sake, and the gospel's,*

*30. But he shall receive an hundredfold now in this time, houses, and brethren, and sisters, and mothers, and children, and lands, with persecutions; and in the world to come eternal life.*

So the Lord came down and answered his question because he was pondering and he has every right to ponder what is this guy all about, and the Lord gave him that scripture because he knew that this is my journey because I forsook everything and I lost everything because of the Word of God. These people were instrumental along my journey, I could go on with a long list. Back in the day when Joe

Waldner was instrumental then things arose and I had to hoof it alone after a while, and then that Dave Waldner for a while we were on the same page at one time. There again, he fell by the wayside and I had to hoof it alone. Then there was Ken, he was an asset there for a while and then something came up, and all these people started to work against me, there came a place where they started to work against me, either jealousy came in and competition, trying to compete whatever it was that came in between us the Lord had to take them out, a lot of people are dead now, like those two Heartland boys we were on the same page at one point. They knew 100% what these Hutterite preachers were all about, we were on the same page, I knew what they were about, like I said, we walked side by side up to a point, and then they started to work against me. He would call me up sometimes when he was drunk and would ask me how it feels to be out on the frontline. I told them they were out on the frontline at one time when they fought that court case. So I had to tell him, well I guess you are not faithful you let it get to your head and the Lord had to put me out on the frontline. So when they would get to drinking then they would phone me up in their drunken stupor - How does it feel like to be out in the frontlines. They were kind of mocking it. I told them, I am doing ok, I have my head above the water, I'm still fighting the fight. I asked what about you, well it was pretty obvious, they are both dead now, they both died they started working against me, then they started making a mockery of things. I went over it all last night and I was actually shocked and surprised at how many people were with me for a bit. That Josh up from Lethbridge, and that Leonard, these people were instrumental they were with me at one time.

Like when Jesus was here there were multitudes that followed Him, and at the end, there were only a few left. He asked Peter are you going to leave too. Peter said, where shall we go you have words to eternal life. He was there for the right purpose. I can't help who I am, I did not decide one day to pick up an Eaton's catalog, like back when we were children we would get this catalog. I didn't order this job it was ordained to me before the foundation of the world, I just happened to find my job, as I said, I didn't order this, it is not something that you order, it is something the Lord, that great eternal spirit way back before there was a star, before there was an angel;

before there was anything, when He had that council, and established this. Go read Ephesians 1 over and over until it hits you who God is, and what that great eternal spirit did. He made a council, He made a blueprint, everything was planned out back before the foundation of the world and when He was finished planning it out He set it into motion and the first thing that He did was He created an angel, but all in all everything was a done deal in that predestinated mind of God, I was a done deal back before the foundation of the world to do this very thing that we are doing here. It is the foreknowledge of God, He planned it all out and only He knows the beginning to the end. There is nothing hidden from God. That is why when He first saved me back in 1971, one of the first things that He told me was - Sam, I am only rewarding you for what you have allowed me to do through you. So you get out of the way and I will use you, and for some reason, I started praying every morning when I got up and every night when I went to bed, I prayed, Lord, use me for your own glory. I didn't know what it all pertained to, I just know something was driving me to do that. When He told me, Sam, I can only reward you for what you have allowed me to do through you. Of course, I'm going to pray Lord, use me for your own glory. Not knowing what it means or anything like that, or not knowing the full scope of it. That was in 1971 and now finally after all these years of going through a backslidden stage, going through this and that rigmarole, up and down, back and forth, and now here I am doing exactly what the God of Heaven created me to do back before the foundation of the world. Just like He created John the Baptist to be a forerunner for Jesus Christ way back before the foundation of the world everything was a done deal in God. He is going to get you there somehow. If He has to He will break a foot, I can show you the scars on my foot when He had to break it to get my attention, to get me to wisen up - come on Sam, let's go. I was not paying attention and bingo there was my foot. You are either going to surrender or you are going to be just a casualty along the road of life, but see in His foreknowledge He got this job for me.

Like I said before, I didn't get it from a catalog. That is what brother Jackson used to mention in a Sears Roebucks radio or a Sears catalog. I guess back then that is what they had. I heard this one preacher saying - I want to be a thunder. Like come on, give me a

break, you want to be a thunder, it's not up to you to want to be a thunder. Every job is assigned before the foundation of the world what you are going to be. I can prove it to you when this woman came to Jesus and she said I want one of my sons to sit on your right side and the other son to sit on your left side. In other words, I want John sitting on the right and James on the left side when you get to be in power and when you get your kingdom established. Jesus told her you don't know what you are asking, can you drink the cup. In it He said something that people read over, He said, that is not for me to give *but it shall be given to them for whom it is prepared of my Father*. When did that happen - back before the foundation of the world.

You can read about Ezekiel when God told Ezekiel I have made you a watchman. When did He do that - before the foundation of the world. Ezekiel just happened to find his place in God. However God got him there - Ezekiel, I have made you a watchman for the house of Israel and I am going to make sure that your forehead is a lot stronger than these bullies, and they couldn't combat him. When did God do it - before the foundation of the world, just like I said, he just happened to find his place in God. That is all we are doing we just happened to find our place in Christ, we just happened to be out here to express the passion of the Christ that He has for a lost and dying world. We tell people the truth and some people think it is pure hate, they read the books and they come back and they said it is hate. No, it is the passion of Christ that He would take time out and tell you the truth. A lot of people do not like to hear the truth, so what do they do, they hate you for it. It was like that in Jesus time too they didn't like what Jesus told the scribes, they did not like that Jesus was exposing them. When he told His disciples in Matthew 5:

*20. For I say unto you, That except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no case enter into the kingdom of heaven.*

The scribes had this political thing all wrapped up, they would rob and steal from the people's money and all that stuff and Jesus came to expose them and He told them this, and that shocked them that they asked - who then can be saved. They thought that they are the people with their long coats and all that fancy stuff. That is how

they deceived the people and then at the end of it all, Jesus exposed them. When you go through Matthew, Mark, Luke, and John through the life of Christ how bit by bit He slowly took the wraps off and He slowly bit by bit exposed them to who they are. They even went after His parents, and His family, you better reign that guy in He is exposing us. They didn't say it in those words but they tried to tell His parents and His family that He has a devil and His mother and brother came to Jesus and it was told to Jesus that His mother and His brothers want to talk to you. Jesus knew what they were after, Jesus knew that the scribes and the Pharisees went to see His family and told them you have to reign Jesus in. It is the same thing today, Jesus came to expose them, and bit by bit He did that, they wanted to keep that lid on. Just like those politicians, they do not want to be exposed, here Jesus was taking the wraps off who they really were, you can read it in Matthew 23:27

Woe unto you, scribes and Pharisees, hypocrites! for ye are like unto whited sepulchres, which indeed appear beautiful outward, but are within full of dead men's bones, and of all uncleanness.

He finally came out and just blasted them. He started slowly. That is what we are doing, we are telling people the truth because we know at the end of the day it is the truth that sets you free. For me to tap you on the back and tell you that everything is honky-dory, when it is not; when I know very well I am sending you to Hell if I'm not telling you the truth and things that will tickle your ears. We are here to tell people the truth, if you like it fine, absorb it, pray about it, take it in, and ask the Lord to forgive you, and then do whatever it takes once He forgives you.

As I said, I am not telling everybody to get up before six and pray in the day and sing in the day, some people have a different battle to fight. That is my battle, these are my convictions, they have always been my convictions. I have not always followed through with it, but just like this here says in Titus God didn't remove it just because I didn't do it. It still kept teaching me, and maybe someday it will hook in, and finally, eventually, it did. Like when I said, the Lord one day tapped me on the shoulder and said - Sam, I have work for you to do, then desperation, it was out of desperation that I got up at 6 am and prayed in the day. All day long I would get these attacks and the only

way out was to spend time in prayer, fasting out of desperation but here the Lord has been advising me all along to do that.

Lorraine speaks: It is contrary to when you look at being a soldier in the battle like there are a lot of songs written about being a soldier in the battlefield and it is contrary to you actions that are required from you in the field of battle, saying His grace and mercy will see me through, it is contrary to the actions that you have to portray in the field of battle. If it would be right why would it contradict it, why would it contradict being a soldier for Christ and what you have to do on a physical battlefield? We have an enemy and you better be on guard, he is out there to destroy. There are many snares out there, that is why you have to be up and pray and be sober and vigilant so that you can be on guard and aware of what is going on. You are not going to get the job done by sleeping it away.

Sam speaks: That song came to me here - *Before the first round started, I said I'll fight until I win. Why fight when His grace and mercy will see you through, I may get knocked down but I'll get up again, I control this temple.* I control my appetite, it sure does not look like it with a lot of people, *I can't afford to lose, I made up my mind to make it through.* See there is a battle there is a fight to the finish, you have to always have it on your radar.

Lorraine speaks: Why else would Jesus warn us to Take Heed, for eating and drinking and the cares of this world that these things do not succumb you?

Sam speaks: Like on the way out the last chapters of Matthew 24, Luke 21, and Mark 13, but in Luke, it really specifies it Luke 21:

*34. And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares.*

This is the enemy number one that the devil has in this age you just drive down the street here and you see a picture of this great big juicy hamburger advertised on the billboards or this Tim Hortons sandwich, you have to kind of block all this junk out because right here it says crucify the flesh and teaching us to deny these things. So when we go through town and we see these things we deny these things and we don't stop in at these McDonalds and at Tim Hortons, it is denying this worldliness these fleshly desires, and these lust. That is

our battle that is why we have our heads above the ground and above the water still. We are in this truth and we are holding on to this truth that we have been taught by these people that have gone on before us, brother Branham, and brother Jackson that is why we are holding down the fort. That is why the Lord let you know that He put us together to persevere this truth. It didn't look so back then, everyone was accusing us of shacking up and all kinds of wicked stuff, and now here it is all coming to fruition, that is exactly what the Lord brought us together for. I was all worn out when He brought you on board, I was tired of fighting. I had this guy with me for a while then after a while I could not go on because He was dragging me down, but here we are we are just doing what the Lord created us to do.

Like I was saying this past week we went through quite a rollercoaster. Like the song says - I need you more today than I did yesterday. I needed you more this week Lord, to come through unscathed from these diabolical sleazy talking points and somehow we make it through because the Lord has our backs. Simply because we are doing our part we are walking in the spirit so that we don't fulfill the lust of the flesh. These are all tactics, as I said, all night long last Sunday the Lord was dealing with me on this subject, it is very serious that I don't let that go, all night long it was consuming me. For the grace of God that bringeth salvation hath appeared to all men, and He showed me that anti-christ spirit and how it works, and the world is polluted with it, when they claim His grace and mercy will see me through, **aus gnode und barmherzigkeit wern mihr dort onkummen.** Then they make it juicy and they believe it and they figure that they can just go down the road of life with no responsibility and nothing, it is going to be by His grace and mercy anyway. Then they refer to Esau have I hated and Jacob have I loved, what is the point in me doing anything about it, but they neglect the part where God told Cain - If you do good you will be accepted. It is just that simple, regardless of His grace and mercy, Cain if you do good you will be accepted, that is the message that I have today for people, just do good and you will be accepted somehow.

Lorraine speaks: People have certain talking points and they are very deceptive; like the Hutterites will say gnode und barmherzigkeit,

by His grace and mercy we will appear before Him, as we are and not having done anything. That is deception, what also is a deception that is out there is this Charismatic deception - Oh Jesus saved me, I'm saved, I'm saved, Jesus saved. It is also very deceptive, they now have an ideology that they are saved and there is nothing more that they need to do.

Sam speaks: Just the word in itself kind of leaves an impression well I'm saved. I don't like it myself because it does not run in continuation with enduring to the end.

Lorraine speaks: To me, it is always very shallow because it does not go to the requirements of that salvation. There is a requirement for that salvation. I know that by grace we are saved it is a gift from God, and salvation is a gift because Jesus paid the price for our sins and it is God's gift to us, Paul said in *Romans* :

*1. Shall we continue in sin, that grace may abound?*

*2. God forbid. How shall we, that are dead to sin, live any longer therein?*

*3. Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death?*

*4. Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life.*

That is the mercy of God that He had mercy and He offered to us the gift of salvation but there are requirements.

Sam speaks: Like enduring to the end, you can read it over quickly, by grace are you saved through faith, but you have to combine everything together what does His grace do it admonishes us and it teaches us to deny ungodliness. If you read it in other translations it lets us know that that grace begs us, it pleads with us - *er ruft, er lockt, er schreit*. He is bending over backward pleading with mankind because it is the passion of the Christ, He is going out of His way; He wants us to make it. Even though we drift but it is His passion for a lost and dying world, and all we are trying to do is we are trying to express how Jesus feels toward a lost and dying world. The first thing that He does is He tells them the truth.

I was thinking about John the Baptist when he told Herod it is not right what you are doing taking your brother's wife. He had a love for

the man. I don't know what he saw in the guy but when he told him the truth it cost him his life. You cannot help but see the love that John had for Herod, He had a love for the Herod family. When you read it over in the epistle, Paul goes on to say - Greet the house of Herod. Somehow because John had a proper feeling for the Herod family and God honored that. It somehow had an effect because John had the proper feeling towards him, he did not condemn him. See these are the little things, these little nuggets that give you an insight. He cared for those Pharisees that came down and he told them you generation of vipers, it was the only way that he could shock him into reality, and we have to do the same thing we have to call some things out and we have to say it the way it is, and shock people into reality. Like the very thing that you read here that when it is the truth and the whole council people cannot really criticize it, the truth will snuff everything out. The earth is full of this false teaching of His grace and mercy, the Heavens are full of it, and the demonic world they love that false doctrine, that is how easy it is to take sound doctrine and turn it into false doctrine. Now Satan has to hear us having this conversation and he knows that we are on to it, and we have his number. That is why we are saying these things and it goes into the heavenly realm, and what it does it proves to the principalities and the heavenly realm the manifold wisdom of God. Whether it is the demonic realm, or it is the heavenly realm, they get it through the church, and the church gets it by revelation.

All night Sunday, for hours over and over again, and what for, to prove to the heavenly realm the manifold wisdom of God. To combat this deception that is being used from being sound doctrine it's being converted it into false doctrine. People don't know it, they believe it, I know a lot of people like that Lawrence from Riverdale I can still hear it ringing in my ears, we will appear before him only by grace and mercy. That is the way that he lived his life no responsibility, not taking on responsibility for anything. He has convinced himself, I will just enter before God by His grace and mercy, but he didn't read on to what his grace and mercy does. It admonishes us, it teaches us, it begs with us so that we should deny these fleshy things, your own ideas, and your own interpretation.

Lorraine speaks: Then we can say as Paul says in *Acts 20*:

*27. For I have not shunned to declare unto you all the counsel of God.*

That is the full counsel of God, what He requires of us.

Sam speaks: I am not omitting myself, we know the battles that we are going through, especially me, just a daily battle with food. It is always on my radar to keep my body under subjection from this food battle. You are always in battle. That is what I saw all week long.

Lorraine speaks: That is the truth, you can compare it with a visual picture of being in the army and what is required of you when you go out to the battle. You are trained, you are equipped and you have a duty or you just become a casualty.

Sam speaks: Like this attack that we went through during the week, it looked good, it sounded good, and your passion for people but there is something not sitting right, all night long the Lord would deal with me, and then last night again and then finally we won by being upfront and truthful. We were clear about it, we did everything that we needed to do. We saw it from the face of reality.

Lorraine speaks: We saw the spirit behind it, using a substitute for the real thing.

Sam speaks: That is why I told that story about that stick, to make sure you have compassion on people but make sure that your compassion does not get you into trouble. Make sure that you have that stick in between you and that drowning person, and that stick is none other than Jesus Christ.

Lorraine speaks: It reminds me of a story in the Bible, where people want to use you as a substitute instead of going to Jesus. It reminds me of the story in 2 Kings 5. When this captain of the Syrian army Naaman, he was a highly regarded man, he was a great man. Now he had a little servant girl that they had taken from Israel a little Hebrew girl and she was their servant, and she told Naaman's wife there is a man in Samaria that can heal her husband and his wife told Naaman. When he heard that he was set to go to Samaria, first of all he wrote the King of Israel a letter letting him know he is coming and he is expecting this healing from him. The king when he read that letter go mad, he was furious that someone would come to him and expect to be healed, he ripped his clothes and he said *Am I God, to kill and to make alive, that this man doth send unto me to recover a*

*man of his leprosy? wherefore consider, I pray you, and see how he seeketh a quarrel against me.*

Sometimes that is how I feel when people think that we are their saviour. See Elijah heard about it and said - *And it was so, when Elisha the man of God had heard that the king of Israel had rent his clothes, that he sent to the king, saying, Wherefore hast thou rent thy clothes? let him come now to me, and he shall know that there is a prophet in Israel.*

So Naaman ended up going to Elijah, there was a channel for healing, there is a channel that people have to go in our age you need to go to Jesus. We are not Jesus we can direct you to Jesus.

Sam speaks: There are a lot of people that would like to drag us down to get us to agree with their evil deeds and their crookedness. See that is why we have to be sober and vigilant and we cannot let our compassion and our feeling for people and allow it to drag us down into their gutter, and that is what the devil would like to do, is drag us down, and have sympathy and before you know it you are in the same trap that they are in. This king got mad, he has every right to get mad, that king was saying I'm not your go-between, the king didn't know about Elijah. Elijah heard about it and he told the king to send Naaman to him, and you know the rest of the story of how Elijah told his servant to tell Naaman to go down to the Jordan and dip in seven times and he will be clean. There again Naaman didn't want to do that, he said, come on, give me a break, seven times in this dirty water, are the waters at home not a lot cleaner than this. Then his servant persuaded him to go ahead - *2 Kings 5:*

*13. And his servants came near, and spake unto him, and said, My father, if the prophet had bid thee do some great thing, wouldest thou not have done it? how much rather then, when he saith to thee, Wash, and be clean?*

Finally, he swallowed his pride and went and dipped in seven times and he come out clean. We are not your source, only Jesus you have to go to Jesus, people want to bypass Jesus and they want to drag us down instead of going to Jesus. They know very well that is what they need to do but they won't do it. You can't latch on to a person and think that person is going to save you, you are going to

destroy the person and yourself. You need to latch on to Jesus and find your place in Him.

That is why for two years before Jesus came by my way this scripture was before me - *He will send the comforter and he will reprove the world of sin, and of righteousness, and of judgment:* I tried to bypass Jesus, but I could not even quit smoking. Then I tried again and then I got religious, then I tried this and the other, and all the while the Holy Spirit was convicting me of sin, of righteousness, and of judgment. The very last thing that I wanted was this Jesus, it is your pride, you don't want to be identified with this lowly Jesus. What do you want with Him. Then one day I came to the end of myself I can't do it anymore. Like the prophet said, I tried not to speak for you but you became too strong for me. I thought I'm not going to speak in His name anymore but it burned in me like fire and he had to surrender. The same with me, one day I came to the end of myself and Jesus came by my way and I surrendered. It was just like a big stone rolled off me, I quit fighting and I had to do what the Lord wanted me to do. The Lord had a road hued out for me, a channel and I had to come His way.

Just like the song goes - *I failed Him so often that sometimes I get faint in my heart.* Really there are times when I get faint in my heart, but He has always been faithful, He has always done more than His part. He keeps on chipping away at me, lets go, we have some work to do, but I can truly say it's a good journey. His grace and mercy but His grace and mercy over the years have been admonishing me - Sam, you need to lose weight, Sam, you need to do this, you need to get up in the morning, you need to pray in the day, you need to sing some songs. Not everybody has to sing these songs because not everyone knows about these German songs, but he has required it from me because He wants me to make it. It is the Father's great pleasure to give us a kingdom. How is He going to do it. Jesus said, - as the Father gave me my kingdom, that is how I am going to give you your kingdom.

As I said, it is a battle and I've failed him so often but He is faithful. I was reading this morning, His mercies are new every day. Every time the sun comes up it is a new day you can start all over again because His mercies are new every day and if you missed

yesterday let's try again today. That is what I saw during the week, I can't add something that I didn't see. I saw Titus 2, and people need to read the entire chapter, even if it hurts, read it and read it until it flushes out these delusions. That is why we are having these conversations, it is a deluded world out there, if you tell them the truth that the Vatican is the problem in America, and all around the world, behind is the spirit of the Vatican, the pope and it is going to affect who ever is not on this train to glory, to the marriage supper of the lamb. If you are not in this chapter; if you are not in the present truth like Peter was saying, to be established in the present truth. That present truth will take you right to that table, to the marriage supper of the lamb, and if you take it seriously Jesus the king comes in and He checks through the guest to see if you are dressed according to the Word of God, and if you have on the proper garment you will not be terminated. You will be sitting there because you have taken the time out and prepared yourself for that invitation. Not only that once you heard it and in your heart you understand it then you have an obligation, that is why it says, him that hearth say come, but you also go and tell other people of this living water. It is then your duty to go and tell, if you hear what we are saying it is your duty to go and tell, believe me, it is going to get you there because it is the only thing that is left in this world. How God has poured all His grace into this final chapter, the invitation to the marriage supper of the lamb. You can go and read it in Matthew 22, and throughout the Bible, it talks about it time and time again about that feast that the King has prepared for His son.

After all these years, all these eons and eons of ages, way back before there even was a year, years only came when God created the planets, before God created the planets there was no time everything was in eternity, and there was nothing to keep time with. It was once He created the planets that time began but the angels God created before time. I don't know how many angels God created and how long it took, He didn't create them all in one puff. One by one, He created them until that last angel sealed up the sum, Lucifer was that last angel that God created. See we have all this information and it is all in these messages. Sometimes I don't fall asleep right away, so I listen to a message, or I'll get up in the morning and I will listen to a

message. I learn more from these conversations than anybody because I sometimes don't know what I was talking about because it comes from God, it comes from Heaven, and sometimes I will be surprised at what I said. It is living water, it keeps you going, you can listen to the same message over and over again and it stimulates you, it gives you understanding, it gives you direction on how to stay on track. I'm not this holy guy, I am just struggling along like everybody else, I just know that the Lord wakes me up, He wants me up before 6 am, and these are my convictions. You don't have to stress yourself if I don't get up at 6 that I'm going to miss the rapture and all that stuff. You just do what the Lord convicts you of, He does not require from everybody what He requires from me. Like you were saying sometime back what the Lord dealt with you on.

Lorraine speaks: That is something that the Lord let me know very early on there are certain people that He has working in the shadows, while some Christians can make a name for themselves He was telling me that I will not be able to make a name. Others can do certain things but He has me in the background unnoticed. Then through that, He can produce choice fruit for eternity.

Sam speaks: Sam speaks: It makes sense, we have a tree out there, that tree tells me a lot of things. The tree is there because of the root but you never see the root, yet that tree would not be there if it was not for the root. That is how we are, we are the root, and the tree is there because of the root, we are doing this unseen, unnoticed, like the natural types the spiritual, and I am ok with it. Sometimes you see a tree and the root stands out, and people keep stumbling over the root, and they swear over that root, dumb stupid root and they hurt their foot. I have had that happen to me for example, when you take a walk through the forest and there is a tree whose roots stand out above the ground and you stumble over it. That is our job we want to stay underground and not stick out and go unnoticed. To some people we are irrelevant, this one guy said, throw him in an inapplicable box, I am not offended by that, let them say it if they want to but in that he is passing the wrong judgment.

Lorraine speaks: You were mentioning this story here this week and it is true. When David was still alive he said to Bathsheba that Solomon will inherit his kingdom when he passes away, but David had

a young girl that help keep him warm in his old age because of his lack of circulation. Then one of his sons, inspired by the devil, the devil is very subtle in how he will create a tactic to steal something, and that is what this Adonijah did. He went to Solomons's mother saying that he wants to marry this young girl, and in marrying her he would have received half of the kingdom if he would have married that girl that had taken care of David. Solomon was on to his tactics though. That is how the devil works in such subtle ways, and he has these same tactics going on today. How he wants to take away what God has given you and use a subtle way to get in on it, and that is what this Adonijah did.

Sam speaks: See he didn't care about the girl he wanted the kingdom. That is what you see a lot of people doing today, they don't care about having compassion on them, this way, that way, or the other, I'm not going to mention names, but there was a situation that we went through this very instance how they were using this girl to try to get to us. I know that the devil did not have good intentions. The very thing that this Adonijah was up to, he didn't care about the girl but in a very sleazy way, he wanted to get that kingdom. Like you said Solomon was on to him and he had him killed after that.

Lorraine speaks: That was the second attempt on it and Solomon gave him grace the first time, and at the second attempt Solomon had him killed. Adonijah was the one that they were anointing to be King then Nathan and Beersheba when to see David and inquired what was going on and told him that he and promised to make Solomon king. So they told David what was going on, that they were anointing this Adonijah to be king, so David quickly made arrangements and they anointed Solomon to be King in his place. He still did not give up after that and he was scheming out another way to get the kingdom then he used this young lady, the one that kept David warm in his old age and he wanted to marry her, and in doing that he would have gained access to half of Solomons kingdom, but Solomon was on to him. So the Bible is such a beautiful book when you walk in the present truth and you can walk through and you experience the tactics of the devil and how he works. These stories in the Bible are not just stories they because alive and real in your own life. They are not just stories in the Bible they are a reality when you walk with Him.

Sam speaks: They are to us anyway, that is why we are sober, we are vigilant, we are on to things, what is the catch here, what is this all about. Lord, what do you say. It is very important to go and take it to the Lord, and the Lord has you up at night and lets you know things. With certain things, He is ok with, but certain things the Lord will alert you on. It might look good and in your compassion, you might think it sounds good, but you inquire of the Lord and He will let you know that the guy has evil intentions like this Adonijah, and he had evil intents to take the kingdom he didn't care about the girl.

*Heavenly Father, we just had a conversation around your Word we just pray from the debt of our soul that you will take what has been said and take it into the heavenly realm Lord, and ignite it in the principalities, in the power of the heavenly realm the manifold wisdom about this delusion that is brought on by these seducing spirits, by these doctrines of devils, by this antichrist spirit to get people to believe that all people have to do is believe that His grace and mercy will see us through. What His grace and mercy do, it ignites in us a passion and a desire to do what is right, to live a godly life to crucify the flesh, to present our bodies a living sacrifice. We just pray Lord that it will bear fruit, and most of all we pray that you will give that increase, there are forces out there that are trying to destroy and combat us. We come against every weapon of every high thing that will come and raise itself up over the knowledge of God and bring every thought under the obedience of the Lord Jesus Christ. That nothing outside of the obedience of Christ will flourish in this country and throughout the world and only that which is ordained in your Word Lord. We just pray once again that you will give that increase in Jesus Christ name we pray, Amen.*
