

I'VE GOT SO MUCH TO THANK HIM FOR

*When I look around and see
All the good things God's done for me,
I know, I'm not worthy of them all.
For His good pleasure, He truly gives,
I owe my life to Him,
Because I have so much to thank Him for.*

CHORUS

*And I've got so much to thank Him for,
So much to praise God for, you see,
He has been so good to me.
When I think of what He's done.
And where He's brought me from
I've got so much to thank Him for.*

*Sometimes, while I'm on my way,
I'll stop, I'll kneel and I'll say
Thank you, Lord, for all you've done for me
And when I reach sweet Heaven's shore.
Oh please, let me kneel once more,
Cause, I've got so much to thank Him for.*

HE'S IN THE MIDST OF OUR STORM

*As you travel down life's road
He is with you every day
With every step that you take
He's walked ahead of you
and every night as you lay down
Angels are camping all around
You'll never be alone
For He is in the midst*

CHORUS

He's in the midst of our storm

*He's in the valley we walk through
Where two or three are gathered in His name
He'll be there too
When you feel so all alone
He'll be standing next to you
He's with us now
Our Lord is in the Midst.*

*Into a prison, they were thrown
Paul and Silas weren't alone
They knew their God was there
And He would see them through
As the walls began to shake
And their chains just fell away
They cried behold our God
For He is in the midst*

IT'S NEVER GONE OUT

*I cannot forget the day
When I heard my Saviour say
Come to me my child and be made whole
Then I let my Saviour in
He forgave me all of my sin
He started a fire burning so bright
Way down in my soul
Chorus
It's never gone out.
It's never gone out
Though Satan has tried
Many times to make me doubt
But when I feel that warmth inside
I know that my soul is satisfied
The flame has flickered but
The fire has never gone out*

*Since Jesus kindled the flame
Things have been changed
No, I'm not the same
He lite the fire with His Great Eternal Love
Down in my soul now There is peace
A joy that will never, never cease
Thank God for Holy Fire From Heaven above*

O HERR JESUS DU BIST WERT

*O Herr Jesu, Du bist's wert,
Dass man Dich im Staube ehrt
Dass man Dich beständig lobt und ehrt
Niemand ist so gut wie Du,
Meine Seele jauchzt Dir zu
Meine Seele jauchzt Dir freudig zu.*

Chorus:

*Von der Erde reiss mich los
Mache meinen Glauben gross
Gib mir einen treuen Sinn
Nimm mich ganz, mein Jesus, hin.*

*Deine Hand hat mich gemacht,
Wunderbar ans Licht gebracht
Wunderbar ans helle Licht gebracht
Und Dein Blut hat mich erlöst,
Dass ich ewig sei getröst't
Dass ich nun auf ewig sei getröst't.*

*Huldreich blickest Du mich an,
Sagst mir, dass ich kommen kann
Sagst mir, dass ich zu Dir kommen kann
Und dass Du der Sünden Schuld*

*Nicht gedenkst nach Deiner Huld
Nicht gedenkst nach
Deiner Gnad' und Huld.*

LIFE'S RAILWAY TO HEAVEN

*Life is like a mountain railroad,
With an engineer that's brave;
We must make the run successful,
From the cradle to the grave;
Watch the curves, the fills, the tunnels;
Never falter, never quail;
Keep your hand upon the throttle,
And your eye upon the rail.*

Refrain:

*Blessed Savior, Thou wilt guide us,
Till we reach the blissful shore,
Where the angels wait to join us
In Thy praise forevermore.*

*2 You will roll up grades of trial;
You will cross the bridge of strife;
See that Christ is your conductor
On this lightning train of life;
Always mindful of obstruction,
Do your duty, never fail;
Keep your hand upon the throttle,
And your eye upon the rail.*

[Refrain]

*3 You will often find obstructions,
Look for storms and wind and rain;
On a fill, or curve, or trestle
They will almost ditch your train;
Put your trust alone in Jesus,
Never falter, never fail;*

*Keep your hand upon the throttle,
And your eye upon the rail.*

[Refrain]

*4 As you roll across the trestle,
Spanning Jordan's swelling tide,
You behold the Union Depot
Into which your train will glide;
There you'll meet the Sup'rintendent,
God the Father, God the Son,
With the hearty, joyous plaudit,
"Weary pilgrim, welcome home."*

That is the truth: You will often find obstructions. Some people think when they are Christians, that they have it made, they can sit back and relax, but believe me, that is not the case - Look for storms and wind and rain. Those storms are not snow storms, that is where you find reality - those of your own household they will almost ditch your train, they will ditch you every turn of the road if you are not careful. You have to be sober and vigilant - Keep your hand upon the throttle, And your eye upon the rail. That means, being sober, always looking for dangers. When people come through here what is his game plan, then you just take it to the Lord. Lord what is with him, you will never falter when you do that. Lord this guy wants to come by what say you. Just talk to Him like we talk to each other, and He will give you a scripture, He always works through His Word.

This one guy, He let us know to pull him out of the fire, he has one foot in Hell already yank him out, yank him out of the fires of Hell. The Lord gave me that scripture over in Jude 1: 23, for that one guy. Pull him out hating even his garments, he is so stained with sin and with filth and with all kinds of sin, his lifestyle has been such a bottomless pit. The Lord said to pull him out of the fire hating even his garments that are stained with his former lifestyle. So we did and the Lord got us out of that one just like the song says - Blessed Savior, Thou wilt guide us. That is where the battle starts, you can't relax.

In the other song, we sang: I cannot forget the day when I heard my Saviour say. I heard the Lord say Sam start up this website. I tell

you ever since then there have been a lot of bumps along the road. The first thing the Lord tells me is to take you on board and the bumps we had to endure, but as the song says - Keep your hand upon the throttle and your eye upon the rail. I know what I heard, and I just have to leave it with the Lord, and let the Lord deal with it. He told me to start up this website to put it out there and if there is a hungry soul out there he will get it and if not, it was there just like the Bible. The Bible is there for everybody and here too this website is here for everybody and it is the Lord's business. He told us to have a conversation every Sunday, we are not preachers we are just having a conversation, and we tape it off and we put it on the website. They can't accuse us of preaching, we are just having a conversation. Like everyday normal living people have conversations, this is just the way the Lord set it up, and let the chips fall where they may. If somebody wants it fine we are just doing our job, but see we are consistent, we are persevering, just because we get knocked and we get beat up and shunned we just kept right on going. That is what the Lord told us to do 10-15 years ago, we are not looking for results we are just following instructions, what the Lord told us to do, and someday it will pay off because He told us to do it.

That is life, a mountain railroad, the song tells you the whole story, and then finally you can roll across the trestle, spanning Jordan's swelling tide, but we are not there yet we are still chipping away we have a few more enemies to conquer but it is good it is a good fight, but you have to lay aside these unnecessary weights, you can't carry other peoples burdens. I have five children and I am concerned, I am not worried about them, but I could be if I let myself do that, but you cannot give salvation to your own children all you can do is walk on with the Lord, and the Lord will have an expected end for them. How He does it I don't know but people have a freedom of choice, they have to make their own decision, we are just walking on with the Lord and He is going to look after that part. I tried it already and all I did was get shipwrecked trying to help them out. So we are just doing our job week after week and if someone wants to come on this train to glory, to the marriage supper of the Lamb here it is. I am not ashamed to say it, five years ago I might have walked on eggshells but now I can't care what people think. This is that train to that

marriage supper, come on and you will find out, if you are not on it there will be consequences and it will be Katie bar the door.

I know what happens after the middle of the week because I read the Bible, and I saw the blueprint, it says He will send out His servants and they will burn down their cities and kill these murders that rejected the invitation to the marriage supper of the Lamb, Matthew 22:7. It is real, it is not a game, it is reality, the reality is starting to sink in as we are getting closer and closer. Right now people think that they can still flirt, they can still play the game but I tell you as we get closer and closer they will find out, and reality will sink in what we are telling people is the truth - about the midnight cry, about the cut off for the Jews, and then October 15/ 2021 was the ending of the Grace Age and the beginning of the week of Daniel, that silence in Heaven, all of these things are 100% accurate.

To us it is so simple and so real, it is more real than anything else, to us it has already happened because it is so real to us because of the Word. Somewhere there had to be the Yom Kippur somewhere there had to be the Passover right to the very second, these 7 feasts tell you everything, just like those trumpets that sounded at the turn of the century and somewhere we hit that Yom Kippur spot on. You cannot put it anywhere else you have no other scripture to put it in anywhere else, the way that the events are transpiring around the world it will self-destruct, if the world would be allowed to go on like it is going on right now there would be nothing left it is pretty bad as it is already.

We are chugging along, but some people are easily diverted they get a little bit of a whiff and they cut and run, and they give up, you can see it right on our website where people all over the world tap in and then they tap out, then after a while, they tap in again, well you have to be consistent, we are consistent because I know what I heard when the Lord instructed me to start up this website at 5 am. I know what I heard when He told me to take you on board and you get it up and running and we have been consistent ever since. As I said, we hit many bumps along the road, are you going to give up, are you going to pack it in, no, this is our job and somewhere it will pay off. We have it so good, it is a really easy job, but it is only easy when you get rid of all the obstacles, lay aside every weight, and don't think that you can

be a burden bearer to everyone that comes through here. We just do our job take it or leave it. God gave mankind the freedom of choice, you choose this day what you want in life - I want eternal life above anything else and I don't care what it costs. I was always concerned about my eternal destiny, I was always concerned deep down in my soul about where am I going to spend eternity, and here we are.

UNTIL THEN

*My heart can sing when I pause to remember
A heartache here is but a stepping stone
Along a trail that's winding always upward,
This troubled world is not my final home.*

Chorus

*But until then my heart will go on singing,
Until then with joy I'll carry on,
Until the day my eyes behold the city,
Until the day God calls me home.*

*The things of earth will dim and lose their value
If we recall they're borrowed for awhile;
And things of earth that cause the heart to tremble,
Remembered there will only bring a smile.*

Chorus

*But until then my heart will go on singing,
Until then with joy I'll carry on,
Until the day my eyes behold the city,
Until the day God calls me home.*

*This weary world with all its toil and struggle
May take its toll of misery and strife;
The soul of man is like a waiting falcon;
When it's released, it's destined for the skies.*

Chorus

*But until then my heart will go on singing,
Until then with joy I'll carry on,*

*Until the day my eyes behold the city,
Until the day God calls me home.*

WOUNDED SOLDIER

*Wounded soldier pick up your weapons
Lets fight the battle, we're not alone
For the angels are camped around us,
We're not defeated, we'll soon be home*

I have a thought here 1 Corinthians 3:

1. *And I, brethren, could not speak unto you as unto spiritual, but as unto carnal, even as unto babes in Christ.*

2. *I have fed you with milk, and not with meat: for hitherto ye were not able to bear it, neither yet now are ye able.*

3. *For ye are yet carnal: for whereas there is among you envying, and strife, and divisions, are ye not carnal, and walk as men?*

4. *For while one saith, I am of Paul; and another, I am of Apollos; are ye not carnal?*

5. *Who then is Paul, and who is Apollos, but ministers by whom ye believed, even as the Lord gave to every man?*

6. ***I have planted, Apollos watered; but God gave the increase.***

7. ***So then neither is he that planteth any thing, neither he that watereth; but God that giveth the increase.***

8. *Now he that planteth and he that watereth are one: and every man shall receive his own reward according to his own labour.*

9. *For we are labourers together with God: ye are God's husbandry, ye are God's building.*

10. *According to the grace of God which is given unto me, as a wise masterbuilder, I have laid the foundation, and another buildeth thereon. But let every man take heed how he buildeth thereupon.*

11. ***For other foundation can no man lay than that is laid, which is Jesus Christ.***

12. *Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble;*

The people in the Corinthian church were carnal, they were trying to mix the spiritual with the carnal. In the Ephesian church Paul, could give meat but with the Corinthians, he could only give them milk. Paul was saying: **I have planted, Apollos watered; but God gave the increase. So then neither is he that planteth anything, neither he that watereth; but God that giveth the increase.** That is key - if God does not give the increase we can yap away and it amounts to nothing. So you have to make sure that what you do say is of the Lord so that God can give the increase. He is not going to give the increase if you are out here doing your own thing. He can only give that increase if you are planting with the Lord. In it all you have to be very careful because people always want to lift you up, people want to be lifted up, they want that recognition, and they want to be the big guy on the block, it is all here in a nutshell - Who is Paul, Paul is nothing. Who is Apollos, Apollos is nothing but God that gives the increase. At the end of the day, you can preach for 10 lifetimes if God does not give the increase it is all in vain you are just wasting your time, you are just building up your ego, and it is just an ego trip. It says: **For other foundation can no man lay than that is laid, which is Jesus Christ.** There are a lot of people out there who have ministries and a lot of them are doing their own thing. It says here to be careful how you lay - *For other foundation can no man lay than that is laid, which is Jesus Christ.* We know that that foundation is **Acts 2:38.**

13. Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.

14. If any man's work abide which he hath built thereupon, he shall receive a reward.

15. If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire.

That it the key when you do something make sure that your foundation is right - For other foundation can no man lay than that is laid, which is Jesus Christ.

Heavenly Father, we just read your Word here, and I will need your grace to express the things that I have seen over the weeks, Lord, I know that I do not have the ability to say it in such a way that it will

become a reality in people, that is why I ask for the grace to say it in a way that you will be glorified therein Lord. I just pray Lord that you will give that increase in Jesus Christ name we pray, Amen.

I don't know if I will be able to say what I see, I had a dream Wednesday night about his guy. You know I get lots of dreams but they are not all of God. You can tell if a dream is of the Lord. There is something that consumes you day in and day out. So I had a dream about this guy, about this Hutterite I grew up with him, that Mike from Mayfair, and in a dream, it does not tell you everything but you try to find the mind of the Lord - Lord, why did you give me that dream about that man. The Lord is concerned about people, people don't realize how much God loves them, and they can't identify in that system with the love of God. All week long the Lord was trying to show me something. That Mike from Mayfair, he is 4-5 years older than me, I didn't grow up with him, but I grew up in the same community as he did. I know that whole family and they are pretty sharp and they are pretty good at what they are doing. They were smart in what they were doing, and very thorough, there is something unique about them.

The Lord let me see how He looks at these people, but they cannot identify with the love of God. See with you and I the love of God is shed abroad in our hearts by the Holy Ghost, Romans 5:5. We can love people, but we don't agree with what they are doing. The love of God is not the way a lot of people think, that you are to supposedly embrace everybody and pull them all into your circle. Jesus said - *John 14:27, Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.* I don't give it the way the world gives it. It is the same with this love, the love that we have for people is we try to set them free. We try to set them on a course, we try to set them on the original blueprint which is Acts 2: 38. That Hutterite system is not built on Act 2:38. It is built on Nicaea Rome, and Nicaea Rome is pure unadulterated hate, that is all that it is built on. It is built on satanism. Nicaea Rome is Satan's artificial church, artificial phoney baptism. I know when people hear me say these things they think that I am blaspheming but it is the truth. Satan was waiting until he can destroy that real baptism, Act 2: 38, when he succeeded and what did

it do - It injected the whole world into the Dark Ages, just because of that diabolical Nicaea Rome baptism.

In 325 AD Constantine made it a law that from now on the mode of baptism will be father, son, and Holy Ghost, and it affected thousands of thousands and millions of people for the last 2000 years. I saw all of that when the Lord give me that dream about this man, he is 82 years old, and he is not that healthy anymore but he wants to go to Heaven. He was pretty thorough in his work but he and I did not get along too well. I remember we were down in Mayfair, and the Lord saved me in 1971, I think a lot about things, and I thought about this, we would get our equipment ready in the morning to take out in the field for the day, he was the shop manager, so every morning he would be there trying to harass me and I just ignored him, and then finally about a week I told him - Mike, you have been trying to harass me for about a week and you are not going to succeed, you might as well give up, you are not going to get me into an argument. He looked at me kind of funny and he never harassed me after that, then throughout life, he had it in for my dad; that family had it in for my dad. I don't want to say that their dad was a drunk but he had a drinking problem, but the children were pretty good, that Danny guy that sometimes stopped in here, I grew up with him. They were very smart in school, and they had a lot of good qualities, now if they would be in the right environment they would shine; they would be all right.

So when I had this dream all of this lingered with me, it would be too bad if that guy would have to go to Hell. That whole system through the forefathers through Nicaea Rome gave it the wrong foundation, as it says here make sure to build on the proper foundation. That is why I need the Lord's grace to help me get this thing out to get it across how serious it is. There is this Mike, as I said, he is 82 years old and he is not that healthy anymore, he is feeble but how does the Lord think towards these people. How does the Lord see these people and how do you get through with the love of God. As I said, for you and me the love of God is shed abroad in our hearts by the holy ghost. We can have a love for these people but how do you identify with them, and how do you tell them that. They are brought up in this commune and this commune is not gemeinschaft it is built on hate. Let's face it Nicaea Rome baptism is strictly satanic

no matter how you paint it, and no matter how nice of a color you give it, at the heart of it all it is pure satanic, pure hate, absolutely zilch for love. They have love but it is not a heavenly love, there is another kind of love a natural kind of love that people have toward each other, but that is not the love that God has. That Nicaea Rome baptism can never produce that love of God no matter how hard you try and no matter how you paint it up at the end of the day it is pure hate, and you don't know that until you challenge it.

I think about my dad and the effort that he put in, where did he get all that energy from. He was a preacher for 40-50 years and on Sunday he would have to preach for an hour and a half, and then between 2-3 they would have Sunday school, and then between 5:30-6 pm he would have church again, and for a good part of his life, he did it by himself. Then there are those religious holidays and there would be 3 in a row and he would repeat that for 3 days, each day an hour and a half in the morning and then half an hour in the evening, and in between that Sunday school. Where he got that energy from I don't know, he tried his utmost to get that ship going, to get that ship out of the harbor and keep it afloat. All it did was people started hating him, like that Danny when he was here the first thing he said - your dad. They have this number against my dad, my dad tried to help them as best as he could, but the foundation is rotten. He could never get that ship to float, and yet he tried. He had a very tender heart toward that family and he saw the talent that they had. I was thinking about this Mike, he would have his side whiskers like those Elvis Presley sideburns, and my dad would harass him every Sunday school to cut them off - Don't come here next Sunday with those sideburns. Next week he would show up again, so there was this rift between my dad and him. Eventually, he cut them off a little bit, otherwise, he could not come to Sunday school anymore. See what all that did was it built up animosity, and built up hatred toward my dad and then they took it out on me, I happened to be at the cross-fires. Every morning when I would go to work there he was trying to take it out on me, but I knew what it was all about, I was born-again and I just let him yap away, but through it all, I had no hate toward the man I could kind of identify because I was born-again. I was not baptized in

Jesus name but there was something inside of me that I did not get into an argument with him, because I knew what it was about.

I was thinking about all this throughout the week, how do you talk to these people, they are good people to be around. In German it is called menschenfreund, I guess in English it would be they are very sociable kind of people. They are smart every one of them, they are kind of good people to be around, and very talented. Then there is that Paul that lives in Brandon, he was working for Simplot and before you know it he was pretty much the top guy there. There is a way about that family that is very unique, but see, how do you get in there. How do you talk to them in a way that they would understand, it is impossible because the foundation is rotten to the core. It is diabolic and satanic, the only thing that they know they have a drink and then they socialize. They have a drink and they talk about this that and the other, and usually, I am the talking piece in a negative way or my dad. That is what the talk of the town is.

As I said, my dad spend 40 years trying to get that ship out of the harbor and keep it afloat. I never heard him say anything bad about these guys, he tried his level best to do his job, but see he did not even realize what the problem was. It is under that diabolic Nicaea Rome water baptism. That is what I saw during the week. That is why I said, if God does not give that increase, and God cannot give the increase on that diabolical baptism. That is why we have to go back to the root of things and get the foundation right, if you understand what I am trying to say. I like that guy and I hope that he makes it to Heaven somehow, that is why I got up the next morning and told you - We have to pray for that guy. Somehow God will understand what they are into. It is not that guy's fault that that baptism got introduced to the Human race, and that it yanked the Human race right into the Dark Ages. That was the beginning point, and that is what drove them into the Dark Ages, and then from 325 right up to 1520, that is what people knew that satanic water baptism, but then 1520 God sent in the Reformation and through Martin Luther, God was slowly yanking people out from this diabolical situation and yanked them back into reality. Now it is already 2023, that is already 500 years and this ship is now slowly being turned around. We are just doing our part to finish off the finishing touches, and trying to tell people that the water

baptism that that tree cannot bear good fruit. God cannot put His blessing on that tree, and He let me see that during the week. Like I was thinking about Mike, he is 82 years old and I asked his brother here a year ago how he is doing and he said he can't walk too well, they have to have someone there to look after him. There is nothing he can really do. We talked about Ezekiel the other day about the birth and nobody could help that girl that was born and God had mercy, being rich in mercy He reached down and said - You shall live, you shall live. It is the same thing here that guy cannot do anything, he can live another 10 lifetimes in a commune, the foundation is rotten and nothing can come of it, because it is all one big mess.

As I said the Lord gave me that dream and I felt for the guy and we prayed for him, and then throughout the week I meditated on that whole thing about how God gives the increase, as Paul said otherwise all is in vain. Then I saw how my dad labored for 40 years trying to keep that ship afloat, he could not even get that ship out of the harbor and he tried his level best. As I said, I don't know where he got the energy from.

Lorraine speaks: I don't know myself, because I was a German school teacher for about 7 -10 years and it does take a toll on you. See I was a Christian and you are fighting against that system.

Sam speaks: ...and you don't know what you are fighting with.

Lorraine speaks: No, you really don't and it takes a toll on you, so I really do not know how he found the energy for all that. Like having service every day during the week and being a German school teacher. He must really have believed in that system, but see I didn't believe in that system, I know that system had a lot of holes in it, so I didn't believe in that system, so it was hard for me to try to teach those children something that is real when you are working against the system. Like this one time, I was going over the song with the children: *Ich bin ein Hirt spricht Gottes Son*, and I told the children that the Shepherd is Jesus. The next day one of the children came and told me his mom told him that the shepherd is the Hutterite preachers. See I differ with that, the Hutterite preacher, they are not even Christians how can they lead people to the Lord Jesus Christ, it is contradictory.

Sam speaks: I forgot about that, where from 7:30 - 8 am, they would have a meeting where the deacons get together and then 8 am sharp he had to be over at German school teaching German school for an hour, and then after the regular school was over he had to teach German school again from 4-5 pm. Then he was going over to church for evening service. As I said, where he got all the energy to do that from I don't know and I am sitting back and I am seeing all of that growing up I am observing everything, and like I said, I became a Christian when I was 23 years old, I would sit back and I would observe all of these things. I saw the labor that he would put in there and I thought where is he getting the energy from. One day, I realized that is not a good tree, that the Hutterite tree is not a good tree because of its foundation. What he is trying to do is he is going against nature. We have these apple trees out in the backyard and they bring forth pretty good apples, now you try to go out there and make it grow something else, or let's say that there is an oak tree out there and you are trying to make it bear apples. Imagine the energy that you would have to put in there. Here he is trying to make that Hutterite tree, which is not a good tree, it is rotten to the core, bear good fruit, it is diabolic, when push comes to shove they are just as ruthless as the Catholic Church was in the Dark Ages. I can prove it to you.

My dad tried, bending over backward, to try to make that Hutterite system work, and one day I told him, Dad it is not going to work because it is not a good tree. If it would be a good tree it would bring forth good fruit, and he could not even raise any money to help missions to India, he could not even raise one cent a person, it would have just taken \$1 a day, and he could not even do that. He almost had a stroke because of that, I think, he really tried to put his heart into trying to do something for God with that system. I told him it is impossible because it is not a good tree. If it was a good tree you could pull it off, but because it is not a good tree he could not do it, he could not persuade anyone to put in \$1 a day for missions to India. Then I saw how it works, you have to plant a good tree. How do you plant a good tree you have to demolish that rotten tree that Nicaea Rome foundation. That is the first thing that the Lord dealt with me on in *Ephesians 4*:

5. One Lord, one faith, one baptism.

Then He set me on a journey in finding that one God, one faith and one baptism and He brought me to the ministry of brother Branham and I found out that before I can do anything and be of any value I have to get baptized in Jesus name for the remission of sin, and that is that one baptism. Now you are planting a good tree, now the foundation is good, at least I got baptized in the proper baptism Acts 2:38.

Anyway, I went to my dad and I told him it is not a good tree, that tree is just not good it is a rotten tree, and it is impossible to make a rotten tree bear good fruit. It says to plant a good tree and the fruit will be good, here all your life you have been trying to make that bad tree produce something and it is impossible. I guess the hardest part was that he could not accept that all of his life he was trying to make this tree produce. He wanted me to follow in his footsteps to hold up that rotten tree, so the day came and the Lord wanted me to go and exposed that system for what it really is. The first one, of course, was my dad, I had to tell him I can't support you anymore, I have lost my respect for you guys, you are trying to make the Word of God say something that it is really not saying. You have to use the Word of God to try to make that system flourish. This thing that they call gemeinschaft, they got this idea from the book of Acts the Ananias and Sapphira how they sold all of their property. I was thinking about that yesterday they would like people to believe that they sold everything, like some of these people had houses, it is plural, this one guy was well-to-do, and he had 5 houses so he becomes a Christian and he does not need 5 homes so what he does he sells 4 of them and he gives the money to the apostle and then they distribute to wherever there was a need. The Bible clearly says no one had any lack simply because the people that were rich give away what they did not need, and just kept what they needed.

I was thinking about you and me, you had your house on this end of town and I had my house on the other end of town. I thought it was a good house, a good place to retire, and the Lord began to deal with me to sell my house. So I sold my house and I rented a room from you. Now instead of having two mortgages, two water bills, and two hydro bills, you had your lawn to cut and I had my lawn, and now we

just have the one. I pay you the rent and I don't need the second house. That is what they did they did not need more than one house, probably a cabin out of town and a house in town and probably one in another country so he got rid of them, so what he did was sell it and give the proceeds to the apostle and they distributed it to where there was a need. It says that no one had a need because they balanced everything out, but the guy that had 5 houses he did not sell all 5 houses he still kept one because that is all that he needed. It is not like the Hutterites like you to believe that they sold everything and give it all to the community. That is how they trap people, it is not even a commune, they are not born-again.

Lorraine speaks: They really don't have a love for one another when push comes to shove there are actually a lot of animosities. Even though there are two types of love. There is the Phileo love and then there is the Agape love. The agape love is a divine love that you have for people when you are born-again. My mom had tough love, but I knew that she wanted the best for her children there was a divine love there that I always felt even though she pushed you to the limit in many ways. You want the end results, that your children will thrive, and that something will become of them. When I look at the Mike family from Skyview, they had Phileo love about them they stuck like glue to each other when it came to ganging up on another family. There are different types of love but those are the two main types that people have, but if you have the Holy Spirit you will have that agape love for the Human race, a divine love for people to reach their potential and be their best. That trinity water baptism will not get you there.

Sam speaks: It will do the very same thing that they did in the Dark Ages, I can prove it when I told my dad I can't support you anymore and of course they shun you. Like you have your family, I have 5 children and it was nothing to them to come into my house and tell me those are not your children. One time, I had not seen my children for a couple of months, I came home and he calls me up to ask me what I was doing there. I told him, I came to see my children, and he told me very mean - those are not your children. Here my dad was preaching for 40 years and he said that to me. When I was finished with him he didn't say that to me anymore, but when push

comes to shove there is no mercy there whatsoever because it is built on that Nicaea Rome baptism, and when you challenge them that is what comes out - Those are not your children. Then this other time I had not seen my wife for maybe a year and I was told - That is not your wife she belongs to us. So it is religion; it is cult-like. That is why we are trying to expose that system for what it is. There is nothing there, it is diabolic, at the end of the day it is just a road to Hell and death.

That is why the Lord had us pray for that Mike guy it is really not his fault he is just caught up in that web, he does not know where to go and what to do, he has very little wiggle room left, and the preacher there he does not know either. So he has no place to go, there is only one place that he can go if we do not pray for him, he does not have a prayer. As we did with that Nathan guy, we went up to visit him and there he was completely out of it, clueless, but the Lord moved on us to pray for him. The Lord put him on my heart and we went to visit him, and we prayed for him, and through those merits, he will not have to go to Hell, because it really was not his fault what his parents did. The poor guy gets caught up in all that and he does not know what he is caught up with. The same with that Mike, people do not know how it works because they are brainwashed living in that commune and getting baptized in this rigamarole, baptized in this trinity baptism. They are deceived that it is going to take them to Heaven, but it is designed to take people out to Hell and death. I know the Lord allowed all of that but let's say that there were people that did not go for that Nicaea baptism they had to go underground, and they got slaughtered and butchered by the millions, but some just fell for that lie. The government took care of you as long as you got baptized in the titles and you did what the Catholic church told you to do then you were ok, but the minute that you did what was right in the eyes of God then you were killed. It is the same with you and me, we are not going along with that system, we could go along with it up to a point but there came a day when my eyes got opened, I saw the light, I saw the reality for what it was. It is not a good tree, it is not a good well. So why would I put in all of my energy for the rest of my life and waste my life away and become like my dad when he was up in age and all he did was try to get that ship going, trying to make a bad tree

bear good fruit when it is impossible. As I said, I sat back and I observed all of it, I fasted and wanted to know and one day the Lord let me know just like you are talking to me - It is because of that baptism.

Lorraine speaks: It is so hard to come through to people, when I was young I felt the love of God, I know the difference between God, the real living God, and that Hutterite god. I could feel the difference and I knew the difference. I never promoted that system and I never believed in that system, and I was only there temporarily until the Lord took me out. The Lord saved me when I was 21, there were some red flags for me when I got baptized in the colony. When I was baptized in the colony that is when reality hit me that there is something diabolically wrong with that baptism, I could not stop crying, it was like I was placed into bondage. I went home after being baptized and I could not stop crying and I looked over all the people that I knew and there was no one that I could look up to as an example. It was not until 7 years later that God gave me the desire to know what happened in the garden of Eden and why we are sinners, when I read the book, - The seven church ages, in it were my answers about what happened in the Garden and why we are sinners and why it is necessary to be baptism in the name of the Lord Jesus Christ by immersion for the remission of my sins. Then I realized what it was all about, why I could not stop crying for hours when I was baptized on the colony, why I could not find anyone that I could look up to as a standard, it's like you always say you are coerced into being baptized, and really into making a pact with the devil. That is really what happened to me looking back now, you are silently being coercing into it, and it was all because of that baptism, that trinity Nicaea Rome counterfeit baptism by sprinkling that they call baptism. They don't know that baptism means immersion. Now here in a few weeks, they are going to baptize all these young people, and all it is they are being coerced into making a pact with the devil, and they don't even know it themselves, the young people don't know it, and the preachers don't know it that is why we are exposing it for what it is.

After I read The seven church age book I was so convicted to be baptized in that baptism according to Acts 2:38 the way the early church baptized. I was so convicted I was on my knees praying all

night and then in the early morning the Lord gave me peace about it all and that He is going to make a way for me, and He did He took me off the colony, miraculously with strong and might hand He led me off that place, and only because I believed. If I would not have believed there would have been no point in me leaving the colony because there is nothing different out here with the trinity idea. It is difficult to come through to people that the foundation of that trinity baptism was instituted by these seducing spirits that came in after the early church apostle fell asleep and they started coming in and taking over, and then when Constantine came along and all these bishops were in such disarray he implemented that trinity water baptism. That trinity baptism is a pagan model. Satan has been wanting that model for a long time. He had that same model down at Babylon with Nimrod. How do you come through to people that it is actually satanic.

There will be people that say why didn't I experience that when I got baptized in that trinity Roman Catholic baptism. See, as a child of God, I'm responsible to tell people the truth about what the Lord has shown me in His Word, how He has dealt with me, and where He has led me, I can't make people believe it but I'll be held responsible if I don't tell people, but what they do with it they will be responsible for.

Sam speaks: It is like Jesus said in *John 15*:

22. If I had not come and spoken unto them, they had not had sin: but now they have no cloke for their sin.

They think that we are actually blaspheming the Holy Ghost when you talk about the community, they say he blasphemed the colony. They don't know that it is of Satan, no matter how you paint it up, and I didn't know about all of this when I first started to challenge it. When I asked to rejoin them the Lord allowed all of that just to expose it all, the majority decided to put me through this ausschloss rigamarole. I mentioned this before, my mom knew about that whole schmür and she asked my dad - what are you going to tell to the community what the reason is that you want to put him into ausschloss. He had to come up with some kind of an answer because I didn't go to the bar, I was not found messing with women, they had nothing to put me into this ausschloss thing, I just quit supporting them just like they did, I went away from that Jacob Kleinsasser which they did too, but here they decided that they are going to put me into this ausschloss, yet

they get away scot-free for doing the very thing. So anyway, my dad had to come up with some explanation and what he came up with was: I had no business challenging them. They don't want to be challenged, they don't want to be exposed like he is going to put me into that ausschloss for exposing them for what that system really and truly is about. It is nothing but diabolic. Well, I didn't accept it so I was put into the outs again and I had until sundown to get out of there. I would rather get out of there than be found compromising. My whole mission was to expose that system. That is what the Lord said: Sam, I have a work for you to do, I want you to go speak for me to these preachers and when you do it will cost you everything. In it all He wanted me to expose that Hutterite thing to what it really is, and today we can freely say the things that we are saying because at the end of the day, we are right and that is part of that Babylon and it is coming down. It is part of where it says - *Revelation 18:20*

20. Rejoice over her, thou heaven, and ye holy apostles and prophets; for God hath avenged you on her.

That is all part of that Nicaea Rome baptism everything that is under that Babylonian tree 6 years from now there is nothing left, it is all going to go, and none of that stuff is going to go into the Millennium. What we are trying to do is tell people the truth, we don't want to see people going down the road to Hell and death, that is where that thing is taking them, and we have our radar on 24/7 trying to help people, but we can't help people the way that they think that we should help people, we have to tell them the truth. We have been telling them this for the last 10 years, ever since you came on board and we have been having these conversations. The Lord has a unique way of setting this up. As I said, they can't accuse us of preaching, we are just having a conversation every Sunday and we tape it off and put it out on the website on the internet, and it goes out all over the world.

Like this guy that the Lord put on my heart, how the Lord is going to do it I don't know, I can't drive down there because I am shunned. I am like this Amish girl, they are not allowed to talk to me, and if they are seen talking to me they are going to be shunned too. So the door is locked for us to go there. I can't even see my family, I can't even see my grandkids, I could not even see my children get married because you are shunned. It is not that we don't care about them, it is

just part of the program. It is not our doing it is just the way that that diabolical system works, that is the only weapon that they have, they shun you, they put you in the outs, and if you are seen talking to Sam you are put in the same boat he is in. So we are between a rock and a hard place, so we are trying to make the best of a bad situation.

Lorraine speaks: It is difficult to come through to these people. I knew this woman for seven years and she would always come to me with her aches and pains. If there was one ache then there was another ache and then another pain. I was wondering why that is, I have no aches and pains, God has been good to me, when I look over my life God has been so good to me, and the reason why is because I followed His Word, I did not fight against His Word thinking that I knew better. When He dealt with me on something I realized that the Lord is right - I need to change this. When I was confronted with the water baptism in Acts 2: 38, the way the early church apostle baptized I had no problem with that, I wanted to be baptized in that baptism.

Anyway, I knew this woman she came to me with her aches and her pains and I was wondering what is wrong with that woman, I even thought maybe there is a Chromosome missing from her, something is really off, but the Lord said - No, there is no chromosome missing it is that water baptism, that trinity Nicaea Rome water baptism that was instituted in Rome by that Nicaea Council. The Council of Nicene in 325 AD, that is what is wrong with her. So the next time I saw her I told her, and she got all worked up and said she has her own convictions. Well, you can have your own convictions but what about what the Word of God says. It says the Holy Spirit will lead and guide you into all truth, and if you are not led and guided into all truth that lets me know that you don't have the Holy Spirit leading you. That is why the Comforter was sent to convict us of sin, not to have our own convictions, if you have your own convictions 10 people can have a different belief structure altogether but if you line up with the Word of God that is what you need to tune up to.

Like brother Jackson said so beautifully they had a lot of instruments in their church but there was one instrument in their church the organ and that instrument, for the most part, was guaranteed to be in tune. So all of the other instruments were tuned to the organ. That is the way we have to tune up to the Word of God, not

according to our own convictions. Like this one lady, she said, Jesus, or an angel came to her and told her she should wear a head covering. I thought the Bible does not instruct me to do that. It tells me that because those women back in the days of Paul had been part of that goddess Diana worship, and they had their hair shaven off, and then they were converted to Christianity. Then because they had no hair at that point Paul told them to cover their head for the sake of the angels. Then the next scripture Paul said, your hair is given as a covering, and not a head-covering.

Anyway, this woman would come to me with her aches and pains and I said - You know what your problem is it is water baptism in the name of the Lord Jesus Christ, that is your problem, she said she has her convictions. Time and time again she would come to me with her issues and I would tell her - You know my answer what I am going to give you so don't start with me because you know what I am going to tell you. Then an animosity started festering in her and hatred towards me until one day that hatred could no longer be bottled up inside of her and she started letting me know, and she quoted me this scripture in *1 John 4: because many false prophets are gone out into the world*. Then she said the more and more she reads it the more she believes that it is talking about us because she said the water baptism that we say in *Acts 2: 38 Repent and be baptized in the name of the Lord Jesus Christ for the remission of your sins*, is not even scriptural. Well, what happened to that verse in Act 2: 38, is it not there for her, what is happening. She goes on to say that we worship a dead man, meaning brother Branham. We do not worship brother Branham but I know who that man was, when I heard that man something in my spirit resonated. The Lord saved me in 1999, He came by my way and He opened up His Word to me, then He opened up water baptism to me, I didn't fight it, I wanted that water baptism. So He led and guided my life, and He lead me to the ministry of William Branham and something in my soul and spirit resonated when I heard Him speak, what He was saying lined up with the Word of God, and I knew this is that prophet that it speaks of in *Malachi 4:5 Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD*: I knew that the ministry of brother Branham was that spirit of Elijah that is going to forerun Jesus Christ's second coming, the return

of Jesus. See I am not fighting these scriptures I am embracing them and believing.

Sam speaks: All you have to do is embrace them, and be guided by that unseen hand, by the Word of God. That is why I read this today, God cannot give that increase if it is not built on the right foundation, you can talk until you are blue in the face. That is why when I had that dream about that guy, all week long I came back to the foundation it is not scriptural. No matter how hard that guy is trying to produce it cannot produce good fruit. He is good at his job that is their religion is to be good at his job, to try to do the best that they know how. Especially at Mayfair, you can't find an empty gum wrapper there on the yard that is their religion, everything has to be so perfect and up to snuff. That is who they are that is how they figure is the way to glory but it is not.

The Lord has a feeling for these people, for that Mike. As I said he is 82 and does not have that much life left. Hopefully, the Lord will somehow open it up to him. As I said, I can't go up there and talk to them and even if I could there would be that Hutterite shunning thing in between, he would be afraid to express himself, he would be afraid to talk because he does not understand the love of God. They can't understand that God wants them to be free from that religious bondage. That is what we are doing here. It started with Martin Luther - The just shall live by faith. Then in continued with Wesley - Holy living. Then brother Branham turned us back to the faith of the early church. For the last 500 years, this has been moving forward rapidly to bring us back to the original faith of the apostles. It all leads back to that water baptism to the Lord Jesus Christ. How do you tell these people that, they think that as long as they are baptized in that trinity baptism they are good but that ship is not leaving any harbor. It is just not going to float, it is not going anywhere, that tree can't produce anything good, because it is not a good tree. It says - Plant a good tree and then the fruit will be good. We have enough messages here if people only want to know the truth. It is all out there it is there for the taking, but how do you get through to people it is pretty tough for us, and that is why I say when the Lord told me to start up this website we have been pretty consistent nothing can move us because it is established in the Word of God. When a wind comes along and tries

to discourage us or this person comes along and he is with us for a year or two or three and then he turns his back on us that does not rear us off course. We are just constantly chipping away week after week we are doing our thing and in the meantime, the Lord blesses us with the natural things.

The scripture says - Seek ye first the kingdom of God and His righteousness and all these things will be added unto you. Everything for daily living over and abundant, pressed down shaking down, and running over. That is why we can sing that song I have so much to thank Him for. We can sing it in spirit and truth and mean it, and not just sing it, and here we are trying to get a handle on this thing. We have it here, we have that water baptism in Jesus name. When we heard it and we saw it we embraced it with a passion and we just took a beeline for it nothing could stop us. Then when the Lord saw our faithfulness towards His Word He would give us something else.

You were saying something the other day something you read in the Martyrs Mirrors about this water baptism. I know a lot of people the Branhamites and the Jacksonites, they all got baptized in Jesus name and here a few years back they all got re-baptized at Faith Assembly and they live in the same gutter, and I sometimes wonder what is it that they all got baptized in Jesus name but it does not cut it. In fact, it would probably be better if they never have gotten baptized. For the people that we baptized, Jeremy and Randy it probably would have been better if they would never have got baptized. They got baptized in Jesus name but there is no life change, somewhere there has to be scripture for that. It says - He that believes and is baptized. If they don't believe what good is it to get baptized it is just water running over you, they say if you put the whole Jordan River on top of you it does not mean anything if you don't believe. It all goes back to the scripture - He that believes and is baptized. If you just get baptized because I told you to get baptized that is not going to do it, you have to believe and then be baptized.

Lorraine speaks: It says in the Martyrs Mirrors: He that is washed unto salvation receives the water and the Holy Ghost. That Simon wanted to buy the Holy Spirit. It says - *Simon was not washed unto salvation he received the water and not the Holy Ghost for he thought he could purchase the gift of the Holy Ghost with money whereas he*

was not washed unto salvation. There are a lot of people who just do it because they see other people do it or they are told that is what they should do but there has to be something more as it says in the scripture: *Mark 16:*

16. Whoever believes and is baptized will be saved, but whoever does not believe will be condemned.

You have to believe and be washed unto salvation.

Sam speaks: A lot of people have received that water but they were not washed unto salvation, there is a big difference. That is why that belief concept is so important.

Lorraine speaks: So not everyone that is baptized in Jesus name is on the way to Heaven, it just does not work that way there has to be a life change.

Sam speaks: You have to believe unto salvation, get baptized unto salvation. I know a lot of people that got baptized but it does not do anything for them. They want the movement this hallelujah stuff. The reason I got baptized is that I saw it in the scripture, and I believed it, dose that makes me holy, no, but it put me on a route. I honored that Word, and God saw that I honored that Word and then He leads you on, He keeps leading you on. Then He gives me this job to do and then He trusts me with this website, and then He trusts me in delivering this meat in due season, then He trusts me to bring you on board and hang out together and deliver this living water. At the end of the day, it is His living water, we just happened to be found worthy because it says in *Revelation 22:*

17. And the Spirit and the bride say, Come. And let him that heareth say, Come. And let him that is athirst come. And whosoever will, let him take the water of life freely.

It is not our water it is His water, it has nothing to do with us we are just vessels that He found, we made ourselves available to Him, and now He can use us for His glory, and it is a good job, but you have to be 100% sold out.

Lorraine speaks: Going back to this woman that I knew, this Dorthy, calling us false prophets because we believe God sent brother Branham to restore these truths, to bring us back to the faith of the early church with water baptism in the name of the Lord Jesus Christ for the remission sins and all these truths that brother Branham

brought out. Then she said what he taught is garbage and also, and that Acts 2:38 is not scriptural. So when she finished with her spiel, I said, Lord what is this all about. See I felt it coming, I knew it was coming because I could feel something was bottling up and one day it is going to explode. I just did not know when, I just didn't know how but one day it is going to explode, and one day it exploded. So I went before the Lord and asked Him, what is this all about, is there something wrong in my life, Lord I want you to show me. Then the Lord gave me this scripture in *1 John 4*:

6. We are of God: he that knoweth God heareth us; he that is not of God heareth not us. Hereby know we the spirit of truth, and the spirit of error.

Now I know that not everyone can claim this scripture just to claim it, God gave me that scripture, it was in 2019 when He gave me that scripture. *We are of God: he that knoweth God heareth us; he that is not of God heareth not us.* There are two categories here: *he that knoweth God heareth us; he that is not of God heareth not us.* Then it tells you the difference here: *Hereby know we the spirit of truth, and the spirit of error.* The spirit of truth is water baptism according to Acts 2:38. That is what was instituted by the Lord Jesus Christ when He gave Peter the key, and then on the day of Pentecost Peter used those keys. Peter received a revelation of who Jesus was when Jesus asked who do you say that I am and Peter said: *Thou art the Christ, the Son of the living God.* God knew the make-up of Peter, he was a bold man and God used his makeup on the day of Pentecost before all people he stood up as bold as bold can be and he said: *Repent and be baptized in the name of the Lord Jesus Christ for the remission of your sins.* When you read throughout the epistles it says they were baptized in the name of Jesus Christ. When you go to Matthew 28, says, to be baptized **in the name** of the father, son, and holy spirit. It says, '**the name,**' it does not say names. The apostles knew who that name was. Jesus Christ is that name, and on that merit, because of the price He paid at Calvary we are saved and that is the name that you are baptized in. Any other name is a false baptism and that is the spirit of error, that trinity baptism is the spirit of error. That is the

scripture that the Lord give me it was not me going to the Bible looking that scripture up.

Sam speaks: It is right on, at the end of the day she will be found coming up short.

Lorraine speaks: The spirit of error is what happened there at Nicaea Rome, the error came in and the church went into the Dark Ages. Then God started yanking the church back out when Martin Luther came on the scene and dealt that beast system a deadly wound and slowly bit by bit God was restoring truths. He was restoring all these biblical truths that were lost and now here in the last century, God was restoring water baptism in the name of the Lord Jesus Christ to pull us back to the faith of the early church. Not our own convictions, but the convictions of the Word. Everyone can have a conviction, it is according to the Word of God that we need to tune our life to.

Sam speaks: That is why we are where we are today, I was not going to do my own thing, all night I could not sleep and then I dozed off for a bit, and then 5 in the morning He woke me up and He said - Sam, why don't you start up a website. See it is His website, that is why we are so consistent, we persevere, we are consistent, and we have not missed a beat, because I know, that I know that it was the Lord that brought me into this. The waves came, this, that and the other, that does not matter, let them come, we are not like some of these people they listen in for maybe a month and then we say sometimes that is not up to their idea, like that Matthew Cox, he was really into it then all of a sudden there he goes down to these hewn out cisterns that have no water, but see we just keep on going. What the Matthew Coxes of this world do is their business. What the Randys do, what the Jeremys do of this world that is their business, we can only help so much. What those 9 lepers did that Jesus healed is their business, but I know that one that went back to thank the Lord he is going to be in glory. I don't know about the rest of them. The same thing today if you are really grateful for what the Lord has done for you, if you believe and are baptized unto salvation and you are not in it for your own ego, you are in it for the real thing to find your place, because there is something inside of you, you want to make it to

Heaven, you want to see that Word and you want to make it to the marriage supper of the Lamb.

I have been saying it over and over again this is that channel, this is that chapter that will take you there, there is nothing else out there. Believe me, if there would be I would be tapped into it, but it is nothing but tables of vomit, a waste of time. Imagine, the world is on fire and people talk about things that are immaterial for the hour that we are living in. We are talking about things that will build up your faith to get you out of here, to get you prepared for the marriage supper of the lamb. You have to do certain diligence, you have to clean up your life, and you have to have a life that is above reproach. As it says you have to be ready as children going to a wedding. You can't just coast along, and be halfway into this world, and halfway into Heaven, not knowing if you are coming or going, and you have not made up your mind yet. I didn't like what he said the other day. So they chill out but see we are consistent with the Word of God. If we say something wrong the Lord will convict us of it, but see it is all in believing. He that believes and is baptized will be saved. It is not that you are automatically saved but the Lord will put you on a course, He will continue to lead and guide you into all truth.

As the Bible says, you have to take the whole counsel of God, you can't just take bits and pieces of it and try to paste it together somehow, you have to take the whole counsel of God, and you have to endure until the end. That is what we are doing here we have no intention of letting the pedal off the metal. It is pedal to the metal, we have no intention of slowing down. We just keep on going like this week after week. I am really concerned about that guy, but not to the point that it will bring me down, I can identify with the man if he would be in a proper environment to socialize with, but we are shunned because of what we believe, but he would love to have what we have, how do we relate to him when their foundation is corrupt; it is rotten.

When you believe and be baptized in the name of Jesus Christ something will take over. It is just something that will happen in your life when you get baptized in Jesus name. How do you tell that to 600 colonies, probably 66000 people, how do you tell them that. That is why the Lord did not give us all the information, He just let us know to put it out there, if there is somebody out there I'll bring them to it, and

that is what we have been doing. You can't allow yourself to be burdened down, just do it and have a good time at it. That is why we are so consistent we persevere.

Lorraine speaks: We are not doing our own thing.

Sam speaks: We could never get this off the ground for love or money if that would be the case. I would not want to do my own thing, when it comes to spiritual things, we see so many people doing their own thing. At the end of the day, you have nothing but wood, hay, and stubble. All they would have done is used up all their energy and used 60 -70 years of their lives doing nothing, at the end of the day, it will be nothing but wood, hay, or stubble. It will be all in vain, I just read it here. All their work will be burned up. The things that we do and say here are not our own thing and they will bear fruit somehow.

As I said, I need the Lord's input in all of this, in this chapter, in these conversations, because I don't know how to go about it. I know that it comes from the Lord and it all hinges back to that Nicaea Rome baptism and I know that that guy would really want to be in touch. Like I said, they took it out on my dad, they hated my dad and then they took it out on me, I didn't allow myself to be intimidated. I let him know that I didn't hate the guy by not getting into an argument. I told him, you have been trying for a whole week to get into an argument with me but it is not going to work you might as well pack it in, and it built up a respect, and to this day he knows that I am on course. I think that we sent him some books here sometime back, hopefully, the Lord will do something for him. Unless the Lord reaches down like He did over in Ezekiel and helps - you shall live, you shall live. When the Lord does not take it upon Himself to help him, by helping I mean giving him an eternal abode, and I do believe that we touch the heart of God.

Lorraine speaks: That is true, it says in *2 Corinthians 4*:

1. Therefore seeing we have this ministry, as we have received mercy, we faint not;

2. But have renounced the hidden things of dishonesty, not walking in craftiness, nor handling the word of God deceitfully; but by manifestation of the truth commending ourselves to every man's conscience in the sight of God.

3. But if our gospel be hid, it is hid to them that are lost:

4. In whom the god of this world hath blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them.

5. For we preach not ourselves, but Christ Jesus the Lord; and ourselves your servants for Jesus' sake.

Sam speaks: We are not doing our own thing but what the Lord deals with us on. I could never come up with this, even if I could I would not be able to administer it and the Lord would not give the increase. It is up to God to give the increase. We just put it out there in the heavenly realm, and He will give the increase because it comes from Him, and something will come of it. As I said, we are shunned from these colonies, we can't even go in there. It is like when we were supposed to wear a mask to go into the store, and by not wearing a mask we were putting these places into jeopardy, when you go into the Sobeys and these places the government has it set up so that when you go into the Sobeys or you go to Honey Bee without a mask then they would go after them and it would affect their business. We are putting them on the spot that way, the same way here if we would go to these colonies we are putting them on the spot because they are not willing to pay the price. We would if we could go in there, they have us shunned and they have us barred. So we are just doing it from here, and nobody bothers us from here. It is more effective than all of their preaching, their preaching does not amount to anything and at the end of the day it is just a waste of time. They go there for half an hour of preaching after that they are the same old person as before they went there and they didn't learn a thing because it is out of season. This here is in the season to prepare the people for the marriage supper of the Lamb, because that is all that is left. There are only 2 years left before the middle of the week and then there are going to be catastrophes Satan gets kicked out of Heaven. We just go over these things time and time again so that people get it, and still, they don't seem to get it. They don't see the seriousness of it, we are just doing our part, if we could do more we would do more. We can only do what the Lord inspires us to do.

Lorraine speaks: It is like you said if God does not give the increase, if God does not open up their understanding then you are just talking in vain.

Sam speaks: ...and He cannot give the increase if it is not from Him if I would be doing my own thing. When you read that whole chapter, you have to read it about 5 times before it comes alive, that is where the wood, hay, and stubble come in. That is where the gold, silver and precious stone are and come together. You do it in such a way that God gives the increase. It talks about maturity, to going on from just drinking milk. We are mature to the point that we know what he is talking about. Don't be this follower of Sam or this guy or want to lift this person up. They are all just doing their job, and trying to get through this jungle we are in without having all of this idol worshipping. People want to be worshipped, well we just want to do our job and be free to do our job, and all people have to do is not follow us, just listen to what we have to say and follow through and do your own thing at home.

Lorraine speaks: Like Brother Branham, a lot of people follow the natural man they practically worship him, I saw beyond the man and what he labored and brought out. I know what he said was scriptural.

Sam speaks: I know, I went down to these people at Gruntal, there were some that broke away from that church group and when I found out about it I ask them if I could join them some Sunday morning, so I went over there and there were these 40 - 50-year-old people and they are big, they are over 6 feet tall. They go out into the bush. So this guy goes out in the bush and he pretends that he is brother Branham and they are all doing the same thing. So they worship brother Branham that way by wearing the same boots, the same kind of boots that he wore, with the same type of gun, I think he had a Browning gun, and the same cowboy hat and that suede jacket. That is how they figure out how to do it. They are grown men all four of them. See that is being immature, like this being a follower of Apollos, and things after that sort. God is not going to increase that kind of foolishness, but see I made a full circle. I have been out there, I know what is going on. That is why I can say this here is it, that chapter will take you right to the marriage supper of the Lamb. It has nothing to do with us, we just want to at the end of the day be sitting

there with you. That is all that we care about, and we are having fun getting there. There is no room for the flesh.

Lorraine speaks: I don't know how these people will be able to stand when they are preaching we are in the 3rd day, or the midnight cry has not happened yet. One day brother Branham was laying there and was wondering if everything is all right, and he was caught up in Heaven and there was this lady there that greeted him and he asked who she was, and they told him she was that old lady that he led to the Lord right before she passed away. They were cheering him on and saying we are counting on you brother Branham because they believed what he taught. The same way those that believed what Paul taught. Then he said I only preached what Paul preached so he was able to find comfort in that. He didn't preach contrary to the apostle Paul, and we know that Paul said in *2 Timothy 1:12*

For the which cause I also suffer these things: nevertheless I am not ashamed: for I know whom I have believed, and am persuaded that he is able to keep that which I have committed unto him against that day.

When we will appear before the Lord, is what we are saying according to the Word of God, or was it our own idea. See brother Branham found comfort that he did not preach anything against what Paul taught, and against what was scriptural so he found comfort in that just like Paul he only preached what was given to him, so he is able to stand against that day. That is what God is going to require, are you in tune with the Word of God, that is what will be required when Jesus comes in and He checks out the guests, are you going to be lining up with God's Word, or do you have your own convictions.

Sam speaks: That 3rd-day teaching is not going to fly, neither will the after-two days fly, or the midnight cry has not happened yet. Those things are not going to go anywhere. That is why we are so careful. The Lord put us through that schooling, to stay away from these false teachings. That is why He dealt with us when we were seven years old. We spent a lot of time in the Bible, and I was ever so careful not to say something that is contrary to scripture. I have done it and I have had to go back and correct it, and I have learned over the years not to be hypothetical, and to be consistent with the Word of God.

We just pray that God will do whatever the intention was with the dream that He gave me. As I said, some dreams don't amount to a hill of beans but when you have a dream from the Lord, even when you fall asleep your spirit is still connected to that dream it is so real. Sometimes you pray for a person your spirit is praying when you are sleeping and you come up in the morning, and you are completely exhausted because the Lord used you for His glory whether you are sleeping or awake.

That is what happened, and I began to see things and it all triggers back to Nicaea Rome versus Acts 2:38, and then you see the birth of the Dark Ages. Then Martin Luther comes along and he yanks people back into reality. It is still a 500-year process, we are still working at it, and the building is still not complete, but I tell you what we can see a lot more clearly than they did in Martin Luther's day because a lot more revelation came through brother Branham and brother Jackson. There is no end to the things that you and I understand. I was thinking if you really want to get a big head we would sit down and we would brag about ourselves. As Paul said, I'm going to be stupid here for a bit and brag about myself. It is stupid to brag about myself because we did not get this from our own because everything that we got was by being soft before the Lord. We got it taught to us by brother Branham, we got it taught to us by brother Jackson. Why? Because we are babes such as would learn. It is all in Jesus at the end of the day. There is nothing that you can take credit for, you can do it if you want to but what good would it do to take the glory for something that is not yours. Then you have your reward here, if you want to go that route we are not. We are just living for that kingdom.

Heavenly Father we just had a conversation around your Word, I just pray once again that you will take what has been said and use it for your honour and for your glory, give that increase Lord. I just pray once again we come against every weapon to every word or deed that is spoken against us in a negative way Lord, and we bring everything under the obedience of the Lord Jesus Christ where everything is glorious under the obedience of Jesus Christ, we ask these things in Jesus name, Amen
