

**The handwriting is on the wall**

A King made a feast for a banquet  
Invited all his men to come and play  
But he didn't know before the night was over  
That the kingdom that he held would pass away  
As the crowds began to roar in their drunkard slumber  
A worried look soon took his smile away  
As he looks he said behold I see a finger  
And it's writing something on the wall today

Chorus

The handwriting is on the wall  
Can't you see it  
The message tells a story again today  
Don't be weighed in the balance  
And found wanting  
Don't turn down the truth for your day  
I've sent warning and now I'm sending judgment  
On a nation that's forgotten how to pray  
And there is no way to escape it  
The handwritings on the wall again today

Now this world is getting closer to destruction  
As you walk the streets  
you can hear the words doomsday  
And we all know that something soon to happen  
For wicked men refuse to stop and pray  
Soon their laughter will one day turn to mourning  
And the cries for help will be heard far away  
Like the king when he finally saw the message  
It was then that he realized he waited too late.  
The handwritings on the wall

**I keep coming back to the well**

*Jesus made a well at Calvary  
for healing, cleansing, and victory  
How its joy over flows, no tongue can tell;  
I thank God for the well*

*Oh, I keep comin' back to the well of Grace,  
great is its power, sweet is it's taste  
Whenever temptations and trials I face,  
I keep comin' back to the well*

*Blessed is the fountain in a barren land  
that satisfies the thirst of the inner man  
No better place could be found to dwell;  
oh, won't you come to the well*

*Oh, I keep comin' back to the well of Grace,  
great is its power, sweet is its taste  
Whenever temptations and trials I face,  
I keep comin' back to the well*

**God wil make this trial a blessing**

*I've just come into a valley  
one like I've never been before  
I keep searching for a way out  
seems like padlocks are on the doors  
Oh there must be another sunrise  
another sunset that I'll see  
God will make this trial a blessing*

*that's the love He has for me*

**CHORUS**

*God will make this trial a blessing  
though it sends me to my knees  
Though my tears flow like a river  
yet in Him there's sweet relief  
There's no need to get discouraged  
there's no need to talk defeat  
God will make this trial a blessing  
and the whole wide world will see*

**VERSE 2**

*I was not the first one to come into this place  
You see every child of God this test he must face  
It is here that God will mold you  
and make you what you ought to be  
God will make this trial a blessing  
just be patient you will see*

**VERSE 3**

*Now I'm standing on the mountain  
looking back and I can see  
When I was in that lowest valley  
His strong hand was leading me  
Oh it's good to see the sunshine  
and to taste sweet victory  
God has made this trial a blessing  
oh the grace He gives to me*

## **BATTLE SCARRED SOLDIER**

*Open your eyes you battle scarred soldier  
We're closer than ever before  
He may appear before a new dawning  
His coming is nigh at the door  
Men will be lovers of self  
More than lovers of God  
Filled with faint pride  
Worldly pleasures have drawn them away  
But if we're his children  
We must feel the chastening rod  
For those that he loves  
He will teach them to trust and obey*

*Some people believe  
That his coming is still far away  
They often grow weary  
And so often they lay down their load  
But just up ahead are the signs  
Of a much brighter day  
Don't lay down the cross child  
We're too near the end of the road*

*While it is said, To day if ye will hear his voice,  
harden not your hearts, as in the provocation.  
Today, if you hear his voice, do not harden your hearts  
as in the rebellion. Hebrew 3:15*

We are still on the same topic that we were on last week. If the Lord doesn't give you a new subject He

wants you to go over the same thing. If disaster hits you, when everything comes against you, and you have nowhere to go, there comes a time when you can turn to the Lord.

*Rufe mich an in der Not so will ich dich erretten  
und du wirst mich preisen.*

I want to get where the mind of God is. There comes a time when you can still call on the Lord.

*Offer unto God thanksgiving;  
and pay thy vows unto the most High:  
And call upon me in the day of trouble:  
I will deliver thee, and thou shalt glorify me.*

*Psalm 50:14-15*

Then there also comes a time where you can call all you want and nothing is going to happen. Now is the time to call on the Lord. This is something that the Lord wants me to zero in on. I don't like to talk about myself. We all like to pretend like we don't have any faults and we all have faults. There was a day when my whole world started to cave in on me. Back in the late '80s to early '90s, the Lord had been trying to get my attention over the years and I kept pushing Him off: maybe tomorrow I will do something about it. I knew what the Lord wanted for me and I knew if I did what the Lord wanted from me I am going to lose everything because I knew how these Hutterite leadership treat people that profess to be a Christian and eventually you are going to do either one of these two things: You

are either going to buckle; compromise and give in or you are going to stand your ground and suffer the consequences.

So for years, the Lord was dealing with me to do what He wants me to do. I knew what the consequences were going to be - *today if you hear His voice harden not your heart*. You can only push it off so long and I knew if I kept pushing this thing off, then I am done. I knew that there comes a time when the Lord stops dealing with you because it says here in *Proverbs 1: Weil Ich denn rufe, und ihr weigert euch; ich recke meine Hand aus, und niemand achtet drauf: Because I have called, and ye refused; I have stretched out my hand, and no man regarded;*

There was a time that God was stretching out His hand and I didn't regard it, but praise God I did finally, eventually, surrender to the Lord, and I did not care what it cost me. I had come to a place in my life where I did not want to live another day, I just could not go on living like this. The Lord wanted me to speak up and I knew what it would cost me if I do speak up. I disregarded what the Lord wanted me to do. He stretched out His hand I could feel deep in my soul the Lord trying to get my attention. I could only ignore the Lord so long, but I kept ignoring Him and ignoring Him and then my whole world came caving in and I knew that I could not ignore Him anymore.

Things started to happen, I broke my foot, my son lost his fingers, and Steven got lost in the woods.

You see my whole world came caving in, and I knew that I had better start being serious with the Lord and that I can't keep pushing Him off. I had to do whatever it takes. When all these calamities start coming against you there is nothing that you can do to stop it. You start to pray and you realize that you are really alienated from God. You are not in touch with that Heavenly realm. You try to pray but you can't because your prayers don't mean anything, and you realize that - I am not where I need to be, but praise God I was still at that place where it says: *To day if ye will hear his voice, harden not your hearts.* I could not keep hardening my heart and I could not keep pushing the Lord off any longer without suffering the consequences. Proverbs 1:20

*Wisdom without;  
she uttereth her voice in the streets:  
She crieth in the chief place of concourse, in the  
openings of the gates:  
in the city she uttereth her words, saying,  
How long, ye simple ones, will ye love simplicity?  
and the scorers delight in their scorning,  
and fools hate knowledge?  
Turn you at my reproof:  
behold, I will pour out my spirit unto you,  
I will make known my words unto you.*

*Because I have called, and ye refused;  
I have stretched out my hand, and no man regarded;  
But ye have set at nought all my counsel,  
and would none of my reproof:  
I also will laugh at your calamity;  
I will mock when your fear cometh;  
When your fear cometh as desolation,  
and your destruction cometh as a whirlwind;  
when distress and anguish cometh upon you.  
Then shall they call upon me, but I will not answer;  
they shall seek me early, but they shall not find me:  
For that they hated knowledge,  
and did not choose the fear of the Lord:  
They would none of my counsel:  
they despised all my reproof.  
Therefore shall they eat of the fruit of their own way,  
and be filled with their own devices.  
For the turning away of the simple shall slay them,  
and the prosperity of fools shall destroy them.*

The Lord will keep calling, it says: *I have called, I have stretched out my hand and no man regarded, But ye have set at nought all my counsel, and would none of my reproof: I also will laugh at your calamity; I will mock when your fear cometh.*

Today is still an acceptable time. I want to bring out what the heart of God is with this message when your whole world starts caving in, there is something

that you can do while that opportunity is still here. Somewhere up the road that opportunity closes.

*2 Corinthians 6:2 We then, as workers together with him, beseech you also that ye receive not the grace of God in vain. (For he saith, I have heard thee in a time accepted, and in the day of salvation have I succoured thee: behold, now is the accepted time; behold, now is the day of salvation.)*

There comes a day where there is no more time of acceptance. I thank God that I took that window of opportunity when it was still there. Sure my whole world came caving in, but it made me to cry out to the Lord and I said: Lord I will do what ever it takes. The Lord came to my rescue. How do I know that: The minute I said - Yes, Lord, like that song goes: *I'll say yes Lord, Yes to your will and to your way, Ill say yes Lord I will trust you and obey*, the instant that you do that when you are serious, you can give lip service but God knows your heart, and I said: Lord I don't care what they do to me; I don't care what it costs me I'm going to speak up and I am going to do whatever it takes.

Then I started to pray and it was around that time where my daughter had that ear infection, a girl from Riverbend had died of ear infection around that time. The Lord saw my determination and He answered my prayers. My wife wanted me to take her up to the clinic, so I went into the bedroom and I said Lord is

there anything that you can do for me and He told me to go and lay hands on her and I will heal her. God told me to call my wife down and let her experience it. I call her down and I laid my hand on her I could feel healing going through my hands and I knew she was instantly healed.

Then one morning I when I was working at this farmer I felt that there was something majorly wrong at home I was about 4 miles from the colony, so I drove home and when I walked into the house my dad was just walking out all pale and nervous and my wife met me at the door and told me that there was something wrong with Jennifer she was laying completely limp, completely lifeless she was maybe a year or two years old, so the Lord told me to go lay hands on her and He will heal her.

That is exactly what the Bible says to do, and the signs shall follow them that believe - in my name they shall lay hands on the sick and they shall recover. Then 10 minutes later she was up and eating breakfast. If you really care about your children you are going to do whatever it take to get connected to the Heavenly realm because God is the only one that can help you in your time of trouble. The only way you truly care about your children is to follow Jesus and accept the message for your day. All other love is a carnal love and has no eternal benefit.

Just because you are connected to the Heavenly realm does not mean that you will not have trials and tribulation but at least you will have someone that will help see you through it. Now I am connected with God and my prayer meant something. I was connected with the Lord, because I had determined in my heart: I am going to do whatever it takes, even if they kill me, if I had ten heads and they would chop them off one at a time I could not care less. I was like a doberman. I did not care what they do to me, and the 'THEY' happened to be my dad, my father-in-law, and these religious leaders. I grew up not knowing this but all of sudden I realized this is who the problem is: these religious leaders. These are the people that I've had to fight with all my life - this religion.

They are like that song says: *Es liegen tausend Hüter hier.* They are the ones that are holding you back from going on to this intimacy with the Lord. They are the ones. Yes, they get up and preach, and they tell you what you need to do, but the minute you do it they are the first once there to terrorize you. It took a long time for me to realize that. The way they treat Christians and how they terrorize them. I knew that I will have to go up against that Gestapo, this whole diabolic organized religious thing. I knew what the cost will be and I didn't care what it would cost me. I'm determined and I am not going to back down. That is how determined you have to be. Like our fore-fathers,

if I had 10 head and everyone would have to come off, and that is how determined you have to be.

I had determined that that was what I was going to do - whatever the Lord wants me to do, and that is for everyone. If you are serious with the Lord, He will make a way somehow. If I would have just done this haphazardly the Lord would have known. There are a lot of people that do the lip service thing, *be not deceived, God is not mocked.*

Like I said, my whole world came caving in, I did not know where to go. Your son gets lost and you realize that you have no control over your son getting lost. You hear a lot of horror stories, where people get lost or they just disappear with the water current and you can't find them anymore. All kinds of thoughts go through your head.

Eventually, I found him in the woods standing beside a tree crying, he was only about 4 years old. When those thoughts go through your mind and you realize that you are not in control of your life, and what can happen to your children, but if I am in touch with the Lord, He can control a young child's destiny. He can control all. He can take care of your children. He can protect but if I'm not in touch with the Lord then I don't have control over things. You can have 10,000 bodyguards, that is no protection whatsoever, but I do if I put the Lord first. When my world started caving in on me I realized I am alienated from God. Your prayers

don't mean anything somehow you have to touch the heart of God. Of course, once I made up my mind that that was what I was going to do no matter what, then things began to change.

Then you can guess what these preachers do, they come in and try to tell you that you are off course. Then they start threatening you with '*außchloß*' with excommunicating you, you have no wife, you have no children, but I knew if they kick me out that they are in God's hands. God can keep them here if I do what the Lord wants me to do and that is the only thing that matters. That is the only thing that mattered to me.

The Lord warned me: They are going to take your wife your children and you become a vagabond, a nothing. That is exactly what they did. My father-in-law said you have nothing you don't even have a name you are just a number. One day I came home, I had not seen my children for 2 months, I arrived when they were at their church service and after the service my dad called me up and asked what I was doing there and I told him: I'm here to see my children. Then he told me real nasty and mean: they are not your children they belong to the church. I don't like to talk about my dad like that but I have to let people know the truth about the religious system.

Then that young upstart preacher there one day I came home and he told me that is not your wife she belongs to us. What was I to do? The Bible has an

answer for everything. The Bible says: vengeance is mine I will repay. So I left it alone. Through all that, I found out what that religious system does. You will find it in Isaiah 59:5, you step on that egg, then you know what that system that religion is all about. The Bible talks about it - spiritual wickedness in high places the only thing that saved me is I knew my Bible. If I would be in leadership position in that system I would probably do the same thing, that is what that system that religion does. I am thankful that the Lord took me out of there with a strong and mighty arm. The Bible says: *have no fellowship with the unfruitful works of darkness but rather expose it.* When you are honest with God He will always have an open door. He has opened up a lot of doors for me and has taken me from glory to glory.

You see, it is not us that they hate it is Jesus that they hate and what we stand for - Like Jesus said, they hated me before they hated you, Religion and Christianity does not mix. You see I was determined to do what the Lord wanted me to do. When your whole world comes caving in and all of a sudden you realize you have nothing if you do not have the Lord, you don't even have a family. If you don't have the Lord you have less than nothing. At least if I had the Lord I could trust Him that He could somehow take care of business in His own time and in His own way.

When your world caves in and you call on Him - *'Rufe mich an in der Not so will Ich dich erhoren und du wirst mich preissen*, there is a time were you can still call on the Lord.

Thank God I took that opportunity. Like I say, there comes a time when that calling will pass and your prayers are not going to go anywhere it will all be in vain. You can reject Him only so long and I knew that the Lord was dealing with me for a long time to get the show on the road.

First He gave me a warning, I cut my finger, the Lord does not want to bring calamity in your life, He wants you to surrender and be obedient to what He has for you. I always wondered why it reads about Jesus that He had no broken bones. Jesus was so sensitive to the spirit, to His Heavenly Father, He allowed Himself to be guided by His Heavenly Father. Like it says in the Psalms: *I will guide you with my eye*. That is how sensitive Jesus was. He allowed Himself to be lead in the wilderness and He fasted for 40 days. That is the way the Lord wants us to be. He does not want to bring destruction and calamity into our lives, and break our legs but He will if He has to and if you still will not take heed He will just let you drift down the road of life.

I can think of a lot of people that the Lord was dealing with over the years. I could talk to them about the Lord and have good conversations. Like that Jerry

from Northern Breeze. I have known him over the years, he was electrician, there were a bunch of girls that got killed one day from that colony and one of them was his daughter and I could tell that the Lord was dealing with the man over the years. I would go visit with him over the years and talk to him about the Lord, but you see he could not let go of that Hutterite life. The last time I saw him was here in town. He had had a stroke and he was recovering from it and I told him the Lord is trying to get your attention. He was literally shaking. He did not want to surrender to the Lord, and eventually he died. The Lord was trying all these years for him to surrender to give up that Hutterite thing; that materialism. That's all it is. He was driving a brand new SUV and I could tell that that thing was his pride and joy. Even-though it belonged to the colony you could tell that it was part of his possession. You can pretty much tell where a persons heart is *'this is my 'koralala'*. He could not give up this luxurious life style: this materialism. The Lord had something better for him if he could only trust in Him

That is where I was but praise God, I liked the things on the colony, but really they are not yours. The Lord wants to take you into something that is a lot better. He wants to take you to a place in Him where all things are possible. *Seek ye first the Kingdom of Heaven and all these things will be added unto you.* You have to have your priorities right. It's wanting that

heavenly kingdom, that intimacy with the Lord Jesus Christ and wanting that above anything else. I was holding back, I didn't want to let go and I came to a point where I knew I had to do something, I can't continue like that. Once your whole world comes caving in you realize just how powerless you really are, about calamities.

Like that Hurricane in Texas, and then one coming in to Florida they are realizing just how helpless they are with these massive hurricanes that our coming in, it's 150 miles wide. It covers that whole state and then some. There is nothing they can do all they can do it evacuate, and sometimes that's not possible with the road and having the fuel to get out. First they thought that it's going to hit the East coast but now it's going west. The people from the East went to the West now they are both stuck. Then if it hits they probably will come home to nothing, their houses demolished. Its judgement on America: *Himmel Erde Ruft und Meer, machen sich also Gottes Heer, auf zur Rache sondern Schonen, uber die im Finstern wohnen.*

The way America has treated God over the years - homosexuality, gay marriage immigrants, rejecting the Constitution, a law-less society. God can only take so much and He has to show up. In Ephesians it says that that council that God had is going to be brought to pass right to the T, and all God requires is: *According as he hath chosen us in him before the foundation of*

*the world, that we should be holy and without blame before him in love:* If we don't live according to that then we have to suffer the consequences. God can only take so much: *O grosser Gott von macht, wenn ja das Maß erfüllt der Sünden, und aus Zorn uns gar verderben willt.*

God is responsible for this planet, He is responsible for how far He lets things go. Like it was in the days of Sodom He could only allow it to go so far, and He had to bring destruction. You can see the things that are going on in America and He can only let things go so far. Through that 8 years of that disastrous Obama administration; If you think the Hurricanes are a disaster, 8 years of his policies brought more disasters to America than anything else. Now you see what is happening its judgment on America. The Bible talks about it: *und Seine Hand läst doch nicht ab.* We do know at the end of the day America is going to be back to their Constitution and God only knows what all they are going to have to go through for them to get there. They have rejected God, they have rejected His Word. They have done and pushed God to the limit. God has to do something and there is no stopping it.

I want to stay focus on this topic, that there comes a day where your whole world comes caving in. The day of Grace is still open. *Jetzt ist die angenehmen Zeit, jetzt ist der tag des Heils, da uns kann und mag*

*geholffen sein.* Today God can still help us, back in the late 80's to early 90's God was calling on me and one can promise one will do it but God knows your heart. We have had experiences with people like that, they are not serious, they say 'yes' today and then it's forgotten the next day. When you are gut wrenchingly serious, then God will hear you and He will open up this canopy. Knowing that you are going to pull this through no matter what.

Like I have said before, I didn't know that it will cost me this much, I had thought maybe in 3 months or so then these Hutterite leaders will smarten up, but it has been 25 years and I am still alienated from my family; they still have them captive, but I know that they are in the hands of God and that God is going to take care of things in His own time.

In the mean time I have to be about my Fathers business, I have no other option I have nothing that I can come up with; I have no program and agenda. I have no direction for myself to where all this will lead to, all I can do is to trust the Lord. I know He told me to start a website because He knew I will not be able to do it by myself so He brought you on board and if we look back, like it says in this song: *Now I'm standing on the mountain looking back I can see when I was in that lowest valley His strong hand was leading me.* We can look back upon our lives at the valley we had to go through and wonder how did I make it and

the song tells us it was by His Grace He has seen us through, because we were obedient to what He had for us. We were sensitive to His spirit. We still had to do our part. He is not dragging you in, He just allows circumstances to develop in your life that you will make up your mind. Like with me my whole world came caving in, and there are a lot of people that have their world come caving in but they blame other people. I turned to the Lord: *Rufe mich an in der Not*. The Word of God is preeminent over everything. There is a time where God will hear you and there also comes the time when God will no longer hear and you can scream and holler all you want to it will do you no good. I believe a good percentage of America have rejected the Lord long enough where He will have no other choice but to have destruction come. Whatever it will take to bring them back to the Constitution because that is the only thing that God is looking at.

We have to see what God is looking at in our hour. In Israel He is looking at their borders and He will do whatever it takes to establish those borders. It does not matter what the UN says; it does not matter what the government says; what the prime minister says; it does not matter what anyone says, He is looking at those borders, and He will establish them. For us He is looking to bring us to that marriage supper of the lamb; that rapture. He is going to do whatever it takes to bring us there as long as He can work with us. We

have to do our part. When my world came caving in God knew He has to prepare me for that marriage supper, because He has a place for me; He has a throne that is set for me. If I don't do anything He will create a situation that you will have to do something about it.

Like I say, when you realize that you don't have nowhere to go, if you don't have the Lord, its like a telephone system when you are out of range with your cellphone, and there is no tower, you have no connection, this is how it is with God when you are not where you need to be. You are not connected to that heavenly realm and many times you don't realize it until calamity hits and you try to pray and all of a sudden your whole family is in dire straits, and there is nothing that the doctors can do. Even if you have a dozen bodyguards that does not mean a thing if you are not in touch with the Lord, He has the angels at His charge that can protect them.

All you and I have to do is stay in touch with Him; stay in tune with Him and do our part. We have experienced it when even your family comes against you and thinks you are crazy. That does not intimate us we are well aware of satan's tactics. He will use your family to try to get to you and once you realize it, we can shake that off, so Satan cannot have a hold on us.

We are on a journey to that heavenly city, to the rapture. The devil will throw everything at you that he

possibly can, he will use your natural family to try to harass you. He knows we are human beings we have human feeling, but we have to learn to shake that off and keep looking to Jesus the author and the finisher of our faith. We are not responsible for what they do.

We were brought up in a Hutterite system where you had to promise to warn, and discipline others. Everyone is responsible for his own salvation. They have the Bible just like we have; they have a set of knees just like we have, they can go down and pray their way out of their situation, that they find themselves in, just like we had too. We cannot save our family, they have to come to that place themselves and when they do you will know, if they have made a decision to follow the Lord.

Right now, what they are doing is they are trying to use you as a stepping stone, that you are responsible for their salvation and that is not how it works. The Bible says: *Seek out your own salvation with fear and trembling*. They want to make you feel as if you are responsible, they can feel the pressure.

I had this experience once where this girl she was drowning and I didn't know this until years after. There were three of us boys and this one girl and she broke through the ice and she was drowning. There was a guy there he went into the bushes, and I thought to myself: What is he doing can't he see that this girl is drowning why is he going in the bush for. He goes over

and gets a branch about three feet long and he gave her the branch to hold onto and that is how he got her out of the water. If he would have given her his hand, that is what I would have done because I was immature how this works, what she would have done is she would have dragged me under. When you are drowning you are desperate and you can see what is going on these people are desperate and they are trying to get you as if you are their safety net and that is not so, only Jesus Christ can save them. Like this guy he knew not to give this girl his hand - If I will she is going to drag me under. That is what would happen to you they would drag you under because Jesus Christ is the only means of salvation, you are not their means of salvation.

When Ernie used to come here he was wanting to come with all his garbage he didn't want to give up his lifestyle but he could feel the peace and the serenity that we have here the joy and the Lord meets our needs, but he did not want to give up his lifestyle. He wanted to bring his lifestyle here and what he was doing he was wanting to come in the back door and in the meantime he was dragging you down. Then we had that meeting and we went over it and it's in the book: Have you been to Jesus. It explains it perfectly in there he was trying to come in here without the Lord Jesus Christ and I picked it up. The Lord began to deal with me to deal with that situation and anyone

that is going to come in here they will come in the right way. They are not going to come in here and be a thief.

My dad tried all his life to live a community lifestyle with people that are not even born again and I saw that. Let me tell you this here and now my dad was the best there was in that system. He tried everything and did everything that he possibly could do within the system. He would have done a lot more if he could have but there were always the opposing forces. They had him on their hit list. He didn't support that JK guy, and he went over to that other group and there came a day where he could not support that other group either because they did not listen to what he had to say. One day he got up and said: If I am just here to keep the bench warm, you are not listening to a word that I am saying I might as well just resign. He put in his resignation from the committee that he was on. They did not want anything to do with his advice. They will not tell you that but that is exactly what happened. I heard it from very reliable sources. I believe he is going to be on the right side, I have no reason not to believe that. He did everything that he knew to do and that is the reason I see what I see, and I am doing everything that I know to do he had to fight with unbelievers all his life. The only difference is I am free to do what is right. I am not under their jurisdiction anymore we can do what God wants us to do.

I have no animosity toward any of them that took everything away from me. I got up every morning and prayed: Lord is there anything that you want me to say and pray for. I remember I was over at Washington State staying at my cousin Jake. The Lord woke me up at 6 in the morning. I took my car and when on the ferry and as soon as I got off that Ferry the Lord spoke to me: Pray for your dad that I will give him a repenting heart.

The last think he spoke to me before he got Alzheimer was: God be merciful to me a sinner. This is the truth.

I also told my father-in-law one day: I have no animosity towards you or anyone, you have done me a lot of wrong, I just let the Lord take care of things, its written: Vengeance is my I will recompense. I went to see my father-in-law a year before he passed away and he said: Sam everything that you said about that Hutterite system is true it is all built on hate and striving for a position. I thought to myself why tell me why not tell that to your preacher friends. There was no point in telling me all that I already knew all that.

There is no salvation in that Hutterite thing. There is no salvation community living. Don't fool yourself in thinking that being a preacher and that living in a community will give you a ticket to glory. That is all deception. There is only salvation in Jesus Christ and in Him alone and the shed blood of Calvary.

*On calvary hill of sorrow where sins demands where paid.*

There is one thing for sure anyone coming in here is not going to be a phoney or a want-to-be, I will see to it and the Lord will not allow it. He lets us know if that guy is just playing the game and that is the way it works here. This is where the Lord has brought us from. He brought us out of that system to teach us and brought us together and this is His program. I have nothing to do with it. All that I have to do day by day is to do my utmost to live for Him. To live upright, holy and without blame before him in love. That is what He created us for - Ephesian 1:4. He will make a way. There are a lot of dangers, you and I are aware of what is going on. We get these text messages from your sister and you realize what they are after, they want to drag you down and they want to make you feel like you are responsible for their salvation. I can see that the Lord is pressuring them to bow their knees to Him. They are trying to go around that. People will do that. They will do anything but to accept the Lord Jesus Christ. They will do anything but go His way. They will spend millions and millions and spend their whole life trying to evade the Lord Jesus Christ.

I was talking about this Jerry guy how he tried all his life trying to get by the Lord Jesus Christ and then there is another guy, Solomon from Baker Colony. I would run into him from time to time, that is how the

Lord does this, he would be right in front of me or beside me, and I would tell him the Lord is dealing with you, you need to surrender, and give in. There he was holding onto that Baker thing, thinking that it was his. Just give it up the Lord will give you more than they ever have. Then he lost his only son Garry. If you don't move when God wants you to move you are not under His protection and neither are your children. God cannot help you if you don't do your part. I gave up that whole 7 million dollars worth of assets and gave them all up and look at what we have today. We have unlimited resources and most important of all we have a crystal clear picture of the end-time and the day and the hour that we are living in. God said: *He is going to give us all our needs according to His riches in glory in Christ Jesus.* He is not going to give us a million dollars but He is going to meet all our needs according to His riches and glory, and we know that His riches and glory it is an unlimited source. He has given us actually over and above what we really need. He gives us pressed down and running over and that is what He is doing in our midst, because back there we decided to go the Lord's way no matter what. We left with \$10 dollars to our name and the Lord told me to go and work for that farmer and he let me use his truck and from there I worked my way up, and look what we have now, how the Lord has blessed us and most importantly He has blessed us with His Word. With the

knowledge of this end-time truth and He lets us see what He is looking at.

He let us see that Constitution in the States. He lets us see what will happen in Israel and He has put us on a journey; on a pathway. We are going to sit at that wedding supper of the Lamb, because we see it in the Word and we believe His Word. Abraham believed God and it was reckoned unto him for righteousness. We see that channel that God is working through with those seven golden candlesticks, we see a crystal clear picture of the end-time and we can back it all up with the scripture, that God sent a prophet, to every church age He sent a message. We are living in the age of Laodicea. We are not living in the Philadelphia or Ephesian church age, we are living in the Laodicean church age and you and I have to recognize who the messenger is. If you don't recognize that you can't even get to the marriage supper. It's the revelation that God gave to Jesus, to give to the angel, to give to the church age messenger, to bring to the people of the Laodicean church age, those are the 7 candlesticks that Jesus is standing in the midst of with the seven stars in His hand.

We can weave our way back to the scripture and know that they are spot on. We see the unleavened Word of God and we are still staying with that undefiled Word of God. It says: *for whosoever eateth*

*leavened bread from the first day until the seventh day, that soul shall be cut off from Israel Exodus 12:16.*

We are led by the spirit of God we are still on course and we are not obligated to anyone but the Lord. He is the one that set this up, they look at us as if we are playing a game because we are not part of the Gestapo thing - this ministry. We have not been laid hands on. Can you see anyone from this ministry laying hands on me and allowing me to speak in their pulpit knowing the things that I say. I shoot from the hip; I say things that they don't like to hear. We are hired by the Lord. He established this and we are not answerable to a man. With paying tithes all our money goes to the Lord, He is the one that blesses us; He is the one that is in charge of us. We don't charge people for what the Lord gives. I get paid by working for a living and the money that I make goes in for what the Lord wants me to do: These books and our website.

Jesus, when He sent out His disciple out said: *freely ye have received, freely give.* Don't charge people for healing and these things that the Lord has given. It was never on my radar to charge people and I have been working for the Lord for many years. He sends me to places and I use my own money. Whenever He would send me somewhere, I would work until I had enough money, He would send me to Vancouver to see people. This the way I have always done it, all our resources go in to work for the Lord. He

pays us good, we have it very good. I don't know of anyone that has it better than we do. The Lord is good. Its better than a million dollar jackpot, He gives us contentment and joy. You can't even begin to scrape the surface to how good He has been to us. All we have to do is do our part, Sunday morning we get together and expound on the things that He puts on my heart. I don't like to talk about myself but I was at that place where I just kept pushing the Lord off. I was at the place where I could have hardened my heart to the point where I knew if I keep doing that the Lord is going to move on, and at the end of the day He would simply let me go like that Jerry, like that Solomon, they are gone now.

I saw him somewhere and I told him the Lord is dealing with you, you need to surrender, this Baker thing is not everything and he was literally shaking he was under such conviction because he knew I was right. I don't think he ever surrendered to the Lord or at least I didn't hear anything. Usually, when someone surrenders to the Lord, it creates shock waves. Like when you throw a stone in the water you see the ripples. When I said: *Yes Lord to your will and to your way, I say, yes Lord I will trust you and obey, when your spirit speaks to me, with my whole heart I'll agree and my answer will be, yes Lord, yes.* Then all of a sudden the shock waves went through the colonies. Everyone knows about me, because I made my mind up to go

and follow the Lord. Had these two people done that, you would have heard shock waves, you would have at least heard and seen a ripple effect.

When the Lord dealt with the Apostle Paul and He didn't persecute Christians anymore, there were rippling effects throughout the nation, and they all heard about this Paul, now he is the one that is going to be persecuted. That is how you can know in today's world when someone wants to go and serve the Lord. I know where I would be if I would not have surrendered to the Lord, I would have no hope, I would be lost and my family would be lost. They would be without a blessing, now I can trust the Lord that He will somehow take care of things. They are not where I would like them to be, that is for sure, but they are going to have to give an account for their own salvation. I am not responsible for their salvation, I am responsible for what the Lord wants me to do. Like for yourself, you are not responsible for your family all you can do is go on in the Lord and hopefully they will see your steadfastness and your commitment to the Lord, and take that journey too. They are responsible for their own salvation they may want to put you on a guilt trip. They would rather sit down and talk bad about you, even my own family they just sit down and talk bad about me.

That is my thought for today, you have to have scripture: *To day if you hear His voice harden not your*

*heart: Heute, so ihr Seine Stimme hören werdet, so verstocket eure Herzen nicht.*

I have seen it in people where they can harden their heart to the point where they would rather eat fire than to surrender to the Lord. They would rather do anything but come face to face with Jesus Christ.

I read a story about the Captain from the Titanic, the Lord was dealing with him all his life, and the more he hardened his heart to the point that he made a statement - that neither God nor man could sink that ship. This is where a person comes to who thinks that he can defy God. The minute that he said that the Lord allowed an iceberg to be formed up in the North Atlantic. The author was a man from Montreal, Mordecai Richer a very good writer. He wrote a documentary on how this captain defied God and then when he made that statement God allowed this iceberg to be formed to have this rendezvous with the Titanic. At the end of the day that Captain gave orders to sing that song: Nearer my God to thee. One can only defy God for so long. The men on the lookout tower, they told him that there are icebergs and he gave orders to go straight ahead. Some people harden their hearts so much that they will eventually defy God.

I was reading on twitter today, about these ungodly libs, this Hurricane is coming so what they are doing is they are shooting at this Hurricane. They think the can actually shoot this Hurricane, this is how

stupid people get. The governor told them not to do that they might shot someone. Do they have any idea how powerful this thing is, tomorrow they could wake up and that whole state could be destroyed if God should so choose.

Praise God we surrendered you broke your foot and you could have blamed everyone else but you didn't. The same with me when my whole world came caving in and these Hutterite preachers they would come and try to persuaded me to go back, so eventually one day I did go back and told them I'll accept that *außschloß* thing. They kind of goaded me and told me that I would not have to answer all those questions, and I said: yes, under those conditions I will and I let them know the conditions.

I'll tell you what happened: I saw this cable, God can speak to you in a way that you can understand, at that time I was an electrician and at the time I was hooking up the telephone system, this cable that I saw had about 50 wires and I had a direct connection with Heaven and that is the way God showed me and along came this invisible hand and cut the cable off. The message was clear to me what the Lord was saying: If you go their way you are not in communication with me. That *außschloß* is diabolic, it is not God's way. That is not a word of a lie, He came and clipped them off and right then and there I knew what I had to do. In the morning the first thing I did I called my dad up and

told him I am not going back to that system. This thing is not going to happen so these two preachers that persuaded me to go back into that system, they came over to my home and they sat there until one o'clock in the morning. It was still my home I was living there while I was on probation there. They came over and asked what was going on, saying that I had agreed that I would go through this rigmarole. I told them, 'I did too, I remember that, but I'll tell you what happened': During the night the Lord came and He clipped this cable off, I have an open line to heaven, I talk with the Lord, I communicate with Him, I don't do anything without Him, and during the night and invisible hand came and cut those wires off, and I had no more communication with Heaven until I decided that I'm not going to go that route. I had this conversation with them and they looked at each other and I truthfully told them this is what happened and now I am back in communication with Heaven again. When I called my dad up that I am not going to go that route that invisible hand came and connected the wires up again and now I'm in communication with Heaven again. They thought I was crazy but that is exactly what happened.

That *außchloß* and that Hutterite thing is not of God it part of the Catholic Church. There are people in there that maybe the Lord will do something for them. There is only one way that they can go and that is this

way: Water baptism in the name of the Lord Jesus Christ, accepting the fact that God sent a prophet. I saw it so clearly during the week, when we were in Israel everywhere they were selling these 7 golden candlesticks, and they are clueless to what they represent. It is important that we understand what the meaning of those candlesticks is. They are the seven church ages, you can't continue in the Lord without recognizing that. There are a lot of people that believe in Jesus but they don't know what these candlesticks represent. They are the 7 Church Ages and each church age had an angelic messenger and these messengers did not speak on their own accord they spoke what that angel told them. When Brother Branham went off the scene that voice continued with Brother Jackson that angel was speaking through his vocal cords. Revelations 10: *in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished.* When you listen to his messages you are amazed at how a human being can speak these things that he was speaking. How could anyone not recognize that that is supernatural. The things that he brought out, from the pre-historic world and the two laws of Eden. Everything ties together and makes sense. We have to know that within the message of Brother Jackson there is still incorporated that separating fan. We still have to go back to the Word and line everything up. We always

have to go back to that foundation that the early church had - Jesus Christ being the chief cornerstone. We have to be so acquainted to what the early church preached. Paul said, *But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed.*

Saying we are after the two days, or that we are in the third day is preaching another gospel, saying that the rapture will happen before those two witnesses will be killed is preaching another gospel. If people believe that they are believing a lie. In 2 Thessalonians it says they will be damned if they believe the lie: *And with all of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. And for this cause God shall send them strong delusion, that they should believe a lie. That they all might be damned who believed not the truth, but had pleasure in unrighteousness*

We were listening to the conversation we had about - The Sniper. It is all in that message. We have to go back to that Word.

That's basically what my topic is on: When calamity hits there is still a chance, a time to call on the Lord, only God knows when that window will close. I knew in my heart, in my spirit, that somewhere up the road, I was coming very close to where that calling on the Lord will all be in vain. God knows He has so much

time to prepare me to where we are today and if I would have gone past that time frame because He knows how much it is going to take to educate us. He knows when the starting point is. He can't begin the process ten years from the time that it is going to take because we would never be ready. He has to start at a certain time frame and I knew I was coming up to the deadline, and I said: Yes Lord. I could not care less if they would have shot me, I was that determined. The Lord will always have a way if I put my trust in Him. I realize that not too many people are going to believe us, in fact, some will even mock us, but they are not mocking us but what we stand for. Jesus said, blessed is he who is not offended in me. We are not ashamed of what we believe. We are not ashamed of Christ. You may not have to go through what we've had to go through, all you have to do is believe it, and always remember this we are right and they are wrong. *Amen*

## **No Other Fountain**

*I will put my trust in Jesus,  
As I lay upon His breast.  
I will take my comfort from him,  
I will find in him sweet rest.*

*All pain will leave my aching body,  
As His sweet, healing flows.  
Demons tremble in His presence,  
In Jesus name, they have to go.*

*On some morning in that yonder city,  
I will awake to sleep no more.  
In God's presence live forever  
All sin and pain will be o'er*

*For there is no other fountain,  
Where I can be more satisfied,  
Then in the arms of Christ my Saviour  
No blessings I will be denied.*
