

AS A DEER

*As the deer panteth for the water
So my soul longeth after Thee
You alone are my heart's desire
And I long to worship Thee*

*You alone are my strength, my shield
To You alone may my spirit yield
You alone are my heart's desire
And I long to worship Thee*

*You're my friend and You are my brother
Even though You are a King
I love You more than any other
So much more than anything*

*I want You more than gold or silver
Only You can satisfy
You alone are the real joy giver
And the apple of my eye*

I'VE GOT SO MUCH TO THANK HIM FOR

*When I look around and see
All the good things God's done for me,
I know, I'm not worthy of them all.
For His good pleasure He truly gives,
I owe my life to Him,
Because, I have so much to thank Him for.*

CHORUS

*And I've got so much to thank Him for,
So much to praise God for, you see,
He has been so good to me.
When I think of what He's done.
And where He's brought me from
I've got so much to thank Him for.*

*Sometimes, while I'm on my way,
I'll stop, I'll kneel and I'll say
Thank you, Lord, for all you've done for me
And when I reach sweet Heaven's shore.
Oh please, let me kneel ones more,
Cause, I've got so much to thank Him for.*

IS THAT WEDDING MUSIC THAT I HEAR

CHORUS

*Is that wedding music I hear?
The bride's adorned and ready to appear
There's Heavenly preparation
For the wedding celebration
Is that wedding music that I hear?*

*The family is preparing for a wedding
All have been invited to attend
The bride is standing ready,
waiting for the signal
When the Groom says,
"Rise, my children, come on in*

*Soon we'll rise to leave this land of sorrow
For that ceremony in the air
The Father then will lead us
Through the holy land of splendor
Have you made your preparation to go there?*

I NEED NO MANSION HERE BELOW

*When burdens come so hard to bear
That no earthly friend can share
Tears drive away the smiles and leave my heart in pain.
Then my Lord from heaven above
Speaks to me in tones of love
Wipes the tears away and makes me smile again.*

Chorus

*I need no mansion here below
For Jesus said that I could go
To a home beyond the clouds not made with hands.
Oh won't you come and go along
We will sing the sweetest song
Ever played upon the harps in glory land.*

*Oh the thought to me is sweet that my loved ones I shall meet.
At the ending of the journey here below
Seems I hear their voices blend
In a world without an end
I won't worry when the time shall come to go.*

*When Jesus comes to claim his own
I will move to my new home
I'll walk and talk with him upon the streets of gold.
A mansion is waiting me, soon it's beauty I will see
In that city where we never shall grow old.*

THIS WORLD IS NOT MY HOME

*This world is not my home
I'm just passing through
My treasures are laid up
Somewhere beyond the blue
The angels beckon me
From Heaven's open door
And I can't feel at home
In this world anymore*

CHORUS

*O Lord you know I have no friend like you
If Heaven's not my home
Then Lord what will I do?
The angels beckon me
from Heaven's open door
And I can't feel at home
In this world anymore*

*They're all expecting me
And that's one thing I know
My savior pardoned me
And now I onward go
I know He'll take me through
Though I am weak and poor
And I can't feel at home
In this world anymore*

*Just up in Glory Land
We'll live eternally
The Saints on every hand
Are shouting victory
Their song of sweetest praise
Drifts back from Heaven's shore
And I can't feel at home
In this world anymore*

This world is not my home, you can't really sing that song in spirit and in truth if you don't know that this planet earth is a laboratory, to test each one of us, that goes through this life, through this laboratory to see if they qualify to go into that Millennium reign. That is what this is all about and if you don't see it as such you will be sucked into the things of this world. On a day-to-day basis, you have to see this as a laboratory it has always been one.

Lorraine speaks: Just like the angels they were tested too, to do what, to be ministering spirits to them that are heirs of salvation. To help the human family make it through.

Sam speaks: God re-created and now God can say to the angels - let us. Who is this us? It is these angels that now qualify to be part of us. They are tested, they are tried, they are proven, and they now qualify and now they are part of the plan and the family of God. Here we are going through the same thing, God is looking for a people that will be beneficial for Him in that Millennial reign. Then He will say let's rejuvenate the planet and He will include those that will be found worthy to inherit or go into the age of regeneration, and that means

going into and renewing this planet for a thousand years. We will be working with the Lord and working with these angels that have passed the test as we came through this laboratory and we came out the other end to be faithful tried and true. Then we qualify to regenerate the planet. It is so simple but you can't really sing that song, this world is not my home, unless you have a vision of what we are about here. We can't go out and build a mansion because then this world is our home. It is a very simple picture.

Lorraine speaks: It is and it is all a picture of faith just like Abraham he was looking for a city whose builder and maker is God, it wasn't about these earthy things he had a vision, he had a promise from God.

Sam speaks: That's why they lived in tents. They were pilgrims here. That is why we have this lowly setting here, we don't have a mansion with ceramic tiles and all that we are just going through this laboratory thing.

Lorraine speaks: Like it says *Hebrews 11*:

8. By faith Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went.

9. By faith he sojourned in the land of promise, as in a strange country, dwelling in tabernacles with Isaac and Jacob, the heirs with him of the same promise:

10. For he looked for a city which hath foundations, whose builder and maker is God.

That's what Abraham was looking for, by faith he sojourned in the land of promise. That is what our journey is all about.

Sam speaks: It makes it pretty simple when you see what this is all about. I was thinking during the week why we were put here, there are many times I see people asking a question like on the internet - Why are we here, what is the purpose of us.

Well, you have to go to Ephesians God put us down here to live holy blameless before Him in love. That is it, that is a pretty easy program. So when you get up in the morning it is all about, to live holy and blameless before Him in love. That is the crux of it all, that is not that hard to do. Some people have no love.

Lorraine speaks: Their qualification of love is so carnal.

Sam speaks: It is just spoiling people, we love people, we don't agree with them, but that does not stop us from telling them the truth. That is why we tell them the truth, that is why we have this website to tell people the truth that is it. We don't want people to come on board and to debate and all that, we are just simply putting it out there for whosoever will. If it is for you, then fine, if not, then just go on to the next chapter, just go out to these prostitute churches and there are tons of them, we are not here to debate or to convert people to our way of thinking it is just something that the Lord gives us to do when He told me to start up this website. You know the story if you have been listening and that is all we are doing we are just putting it out there for whosoever will. If you don't agree with it then just leave it alone. We are not into the debating business our words are yea and amen. Once you get into the debating thing it is a never-ending thing, and nobody wins.

Lorraine speaks: In the Word of God there is no debate it is just like debating if Martin Luther was an anti-semite or if he went to the bar and this, and that and other. The end of the story is God spoke to Him and he received a revelation by faith - The just shall live by faith and that is all that matters.

Sam speaks: It does not matter what he did, anti-semite or if he did go to the bar.

Lorraine speaks: Like you were saying today what Paul said - I know no man after the flesh.

Sam speaks: I know only one thing about Martin Luther he was that church age messenger of Sardis, and he received a revelation - The just shall live by faith. That put that whole Catholic thing out of commission, it was no more having to pay for your sins, and give the money to the priest and pay yourself out of purgatory. He completely nipped that thing and it was all about the just shall live by faith. It's just a little verse and that completely put the catholic church out of business.

Lorraine speaks: Then God just continued on with Wesley to live a holy life, a sanctified life. Then with brother Branham which was the era of glorification the baptism of the holy spirit, baptizing in the name of the Lord Jesus Christ that is all part of the glorification process.

Sam speaks: It is all a journey to bring the church back, that kernel to bring it back to the original.

Lorraine speaks: If you look at the man sure you are going to find some flaws, but if it is mixed with faith you can see the message behind the man and that is all that matters.

Sam speaks: We know that brother Branham had his faults and so did brother Jackson and so do we, but we have to see the essence of the thing. It is all to take the church back to its original blueprint to that kernel, and before this is all over that is where it will end up. Like we said last week, here we do not celebrate Christmas and it is because it was not in that original church, we do not celebrate New Year on January one, we do it when the Bible says, at the first New Moon after the Spring Equinox. We do it the way the scripture says and that this here church, this is the church of the true and living God these two people here this nucleus of a message here, I know that there are going to be people that will come on board and they are going to see the same thing. They will want it.

Lorraine speaks: That is what God is doing right now in the land He is creating a hunger for the Word of God, for things that are real, not this entertainment and all that stuff all that will be shaken off and the only thing that will remain that cannot be shaken is the Word of God. That is what God is going to vindicate.

Sam speaks: God is good, I tell you what you appreciate Him more and more every day. When He looked down and He saw that lamb that Abel brought He looked down and He liked that. That is what God required is a lamb, and He ignited it. Then when Noah came out of the ark he brought the Lord a sacrifice and it was a sweet-smelling aroma. Insomuch it pleased Him so much that He said to Noah and to His sons that no more will I ever destroy the earth with a flood, and He kept His promise. There is that rainbow out there when it rains.

That is what we want to do we want to please the Lord. How can we please Him - by believing His Word. Saying it the way He wants us to say it, seeing it the way He sees it. It is good stuff but that half-hearted stuff doesn't work. We are not in this for competition, we are not in it to play church. We are in it for the simple reason - Oh that I might know Him. A desire to know this God. I didn't know Him back

30-40 years ago I knew about Him but I really did not know Him until the Lord put me through the wringer through that big fiery furnace of tribulation. Then I got to know Him down in that valley.

GOD WILL MAKE THIS TRIAL A BLESSING

*I've just come into a valley
one like I've never been before
I keep searching for a way out
Seems like padlocks are on the doors
Oh there must be another sunrise
Another sunset that I'll see
God will make this trial a blessing
That's the love He has for me*

CHORUS

*God will make this trial a blessing
Though it sends me to my knees
Though my tears flow like a River
Yet in Him, there's sweet relief
There's no need to get discouraged
There's no need to talk defeat
God will make this trial a blessing
And the whole wide world will see*

*2. I was not the first one
To come into this place
You see every child of God
This test he must face
It is here that God will mold you
And make you what you ought to be
God will make this trial a blessing
Just be patient you will see*

*3. Now I'm standing on the mountain
Looking back and I can see
When I was in that lowest valley*

*His strong hand was leading me
Oh it's good to see the sunshine
And to taste sweet victory
God has made this trial a blessing
Oh the grace He gives to me*

HIGHER GROUND

*1 I'm pressing on the upward way,
New heights I'm gaining ev'ry day;
Still praying as I'm onward bound,
"Lord, plant my feet on higher ground."*

Refrain:

*Lord, lift me up, and let me stand
By faith, on heaven's tableland;
A higher plane than I have found,
Lord, plant my feet on higher ground.*

*2 My heart has no desire to stay
Where doubts arise and fears dismay;
Though some may dwell where these abound,
My prayer, my aim, is higher ground. [Refrain]*

*3 I want to live above the world,
Though Satan's darts at me are hurled;
For faith has caught a joyful sound,
The song of saints on higher ground. [Refrain]*

*4 I want to scale the utmost height,
And catch a gleam of glory bright;
But still I'll pray till heav'n I've found,
"Lord, lead me on to higher ground."*

This song means more than what meets the eye, when you have exhausted all your efforts and all of your energy, and then you come to the place where you realize, Lord, plant my feet on higher ground. It says - A higher plane than I have found, your own ambitions and your plans and your own desires and everything and then you feel

challenged, Lord, let's go up a nudge higher, only You can take me there because I don't know what is up there. Then you just say Lord plant my feet on higher ground, because you can't muster that higher ground it has to be the Lord taking you there.

PLEASE LET ME WALK WITH YOU JESUS

1. *I've been up in Mountain with Jesus
I've been down in the valley so low
And If ever a time He deserts me
Wherewith my troubles I'd go.*

chorus

*So please let me walk with you Jesus
Don't ever leave me alone.
For without you Lord I could never
No never make Heaven my home.*

2. *You found me when no one could help me
You found me when I was so low
You found me when no one could save me and
I did not know what to do*

3. *If I had all the wealth of this old world
If I had all that money could buy
If I had not the love of my saviour
I would rather be dead than alive.*

UNTIL THEN

*But until then my heart will go on singing
Until then, with joy I'll carry on
Until the day my eyes behold that city
Until the day God calls me home*

I want to go to Philippians, A good way to find it is General, Electric, Power, Company = Galatians, Ephesians, Philippians, Colossians. Let's read from *Philippians 3*:

7. *But what things were gain to me, those I counted loss for Christ.*

8. *Yea doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord: for whom I have suffered the loss of all things, and do count them but dung, that I may win Christ,*

9. *And be found in him, not having mine own righteousness, which is of the law, but that which is through the faith of Christ, the righteousness which is of God by faith:*

10. *That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death;*

11. *If by any means I might attain unto the resurrection of the dead.*

The scripture that I want to talk about here is:

10. *That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death;*

After Paul was done everything that he had done up until here he still realized that there is something missing - Oh that I might know Him. He wanted to get to know Him on a different level, He knew of Him but He wanted something deeper he wanted to go into that higher ground. Lord, take me to that higher ground - **oh that I might know Him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death.** It ties together with what Jesus said and why Jesus came that we may know God and Jesus Christ whom He sent. *In John 17:*

3. And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent.

He wanted really from the heart from his soul he wanted to know this God, and that has been our prayer and our desire. That is all I wanted and at the end of the day, that is my longing. It has always been our desire - Oh, that I might know Him. That I might know this God. I know about Him, I read the Bible but I didn't really connect with Him. I could not really say who this God was, I knew about Him, and I knew from reading the scripture kind of what I knew but I didn't really

know Him at a personal level - Oh that I might know Him the power of his resurrection and the fellowship of his sufferings and become part of Him.

That has always been my desire, the bottom line at the end of the day that is all I care about - Oh that I might know Him. Paul wanted that too, David wanted that when he wrote - *As the deer panteth for the water, So my soul longeth after Thee.* He had such a gut-wrenching desire to know this God, insomuch that he prayed one day for God to show him the hidden things of his heart, he wanted God to show him who he really is. Then God comes on the scene - Ok, David, and David sees that woman down there that's taking a sunbath, and God allowed him to go through this thing with this Beersheba. I am going to show you who you really are David, so He let him fall into this thing with Beersheba. You asked to reveal the hidden things of you heart, so God let him fall into this Beersheba ordeal and he was able to see who he really is. You are nothing but a douchebag David, but see when God came and confronted him with it he owned up. He had such a passion and a desire to know this God he didn't care what people thought. He lay there and he confessed his sin before the Lord just as long as he can get to know this God.

You can go back and throughout the Bible, you can see how these people like Paul - Oh that I might know him. At the day end of the day, Paul said, I stood alone, no man stood with him and that is when you really gut-wrenchingly cry out to the Lord - Oh, that I might know him. I wanted to know this God and He will separate you from the masses and He will simply have you walk along. You have to walk that lonesome valley you have to walk it by yourself. That is the bottom line that we were put here for that we may know God and Jesus Christ whom He has sent. At the heart of it all, at the bottom of it all, there is a heart-wrenching desire to get to know this God.

Heavenly Father we just read your Word, I just pray that you will help us to expound on this very important message Lord. There are people out there that want to get to know this God but they don't know how to go about it Lord, help us to realize Lord that we have to put everything on the line, to completely submit everything to You to get to know You, Lord. We see throughout the scripture there were people that wanted to know this God and it cost them everything. It

says in your Word those that are willing to lose their life for your sake and the gospel are the ones that will find it. We are willing to lose our life Lord. I just pray that you will help us Lord with this very important conversation, in Jesus Christ's name we pray, Amen.

That is what I saw all week, it is quite a challenge that I may know God. If you want to get to know God there is going to be persecution and there is going to be that lonesome valley you are going to lose everything you are going to go back to where that song says - I have been looking for a way out. I want to know this God but I don't know if I want to pay this price, going through this fire, through this purging, through this place where you cry out and you don't know if you want that part but you want to get to know Him over everything and that overrides everything just to get to know this God. I wanted to know this God, like David said, as a deer panted for the water, for that water brook, so my soul longs after you.

That is exactly where I was 30 years ago I wanted to get to know this God and I didn't care what I had to do to get to that place. I was a Christian since 1971, I was born again, the Lord forgave me for my sin but coming up to the 90s and stuff I realized that there is something, I still did not have this something, and I didn't know what this something was. There was such a hunger in my soul and like I said you don't know. Like we were singing Lord plant my feet on higher ground. Everything that I could muster up still amounted to nothing it still did not satisfy that inner thing in my soul - oh that I might know Him. I read my Bible but in my heart, there was something that was missing I did not know this God I knew about Him, I heard people's testimony and I read a lot of things where people were willing to lay down their lives, but I wasn't there yet, I know that there was still something that was missing and I just could not go on anymore I came to a crossroad. I remember I was all night in prayer beside the bed, until 5 o'clock in the morning. There was something missing I wanted that something and I didn't care what it cost. At 5 o'clock in the morning, the Lord came on the scene, He just filled that room. If you test God long enough He will show up. It says - Seek and ye shall find, knock and He will answer. That is what I did, I knew that God is the only one that can fill that void, that can satisfy that inner - Oh that I might know Him. So He came on the scene around 5 o'clock, and He

was saying, I heard you, I heard your passion, I heard your desire.

That is actually where the Lord was trying to lead me to, to cry out to Him unconditionally. The first thing that He said was, ok, here is what it will cost you, it will cost you everything. Then He said I want you to go and speak for me; I want you to go and speak to these Hutterite preachers, and speak what I put on your heart. I was so hungry I didn't care, I agreed right away because this hunger inside of my soul was so desperate I couldn't care less if they would shoot me. That is how hungry I was for this something this thing that I didn't have. Then like I said, He came on the scene and He said, go speak for me, I said no problem, but it got to a point where I thought, I don't know Lord, I didn't know that it was going to be that hefty a price. When they come into your home you have a perfect family, the very people that are supposed to lead you to that glorious city are the very people that come in and tell you, you don't have a wife, you don't have any children but see that Lord had warned me that that is what it would cost me, take it or leave it.

Well, I agree right away, but time went on, that has been thirty years since I have been put into exile. Like I was saying brother Jackson had that same desire, brother Branham had that same desire, Paul had that same desire, and at the end of the day, he said, I stood alone. I have been standing alone since back then, when I went up against them and no man stood with me for the last 20 years since the Lord brought you along and He told me to pick you up and go trucking and that is how long it has been. It might have been a little bit sooner we went together for coffee a little bit before that but you have been the only person that I can truly say that has agreed with me that the Lord brought on board so to speak. For 20 years I was all by myself, of course, you mingle with people but they don't agree with you, they pretend that they do but in reality, they don't. It wasn't until the Lord brought you on board and now it is the 2 of us. He told me to pick you up and go trucking and that is when He said, Sam without Lorraine there is no program. In other words, He was saying whatever you have done up until now is all good and well but if you don't take her along trucking because this is the mystery of my will, you have to move onto higher ground and you cannot go on to that higher ground without her on board because you are going to need each other.

Now it is starting to pay off, now it is starting to see some daylight. All I ever wanted was someone to fellowship with and get to know this God, and between the 2 of us, we got to know this God. We got to feel His heartbeat and understand His Word. It took 30 years, in the early 90s when He tapped me on the shoulder and told me I have a work for you to do. I am coming in your lifetime and things started to make sense I was 20 years by myself. Everyone thought that I was crazy, and thought that I was out to lunch, don't have anything to do with him don't speak to him, but in my heart of hearts, I knew I had this hunger for God and I didn't cave. I just cared about one thing, that I may know this God. Then I got into the Word I fasted and I prayed I spent many nights in prayer for the next step. Everyone was against me the people that I thought that I could trust are the very people that stab you in the back but in it all at the bottom of it all, at the end of the day I wanted to get to know this God - Oh that I might know Him. I am sure that you had the same desire. That is why the Lord told me to pick you up because deep in your soul and your heart that is all you wanted, and now we can fight this fight the two of us together.

Lorraine speaks: With me, it worked a little different because when I was a young girl, I was probably 7-8 years old, I felt the presence of God, I experienced God who He was. I felt His love and sometimes it would be all around me. I can never express the love of God and what I felt as a young child, and I knew that the God that I felt and the Hutterite god is not the same God. I felt the oppression in people I felt the pain, I don't even know if they themselves felt it. It almost looked like I was separate from that whole system and I could feel what that whole system was about as a young girl I felt that. I attribute it a lot because when you see suffering and you go through suffering you feel a lot. What I went through when my mom got ill, it devastated me, and I think that your senses and your feeling towards people your compassion is amplified. Something like that. When I grew up the Lord saved me when I was 21, that was the process of Him taking me on this journey because I remember looking out my window one day and it was as if I could hear the Lord speak to me, just like Abraham had to leave his home that is what I am going to require of you. When I accepted the message for my day and hour brother William Marrion Branham that is when the Lord took me off the

colony, and that is when my journey continued with brother Branham and brother Jackson and He led me right where we are at today. All these things are just a way that the Lord has led my life now, for the next person it will be different but that is what He did for me. A lot of people, they think that you are strange, you are weird, you are crazy, and all that. Just like they thought brother Branham was crazy but people don't understand the convicting power of the Holy Spirit. When you are a child of God there is a convicting power and your only theme and glory in life is to satisfy this God, and you want your life to be in touch with Him, to line up with Him, in tune with Him. That is the only thing that gives your soul and spirit in you that satisfaction. That is what that verse is all about - oh that I might know Him, the fellowship of His suffering. That is what it all boils down to, that conviction power of the Holy Spirit, and the Holy Spirit convicts of sin, and you want to live a life that is pleasing to God, and you want your whole life to reflect that. What is pleasing to God is not what men see your life to be as and that is where there is a conflict of spirits there, the natural and the spiritual. They will always fight against each other. What man has planned out for your life, like what my family had planned out for my life was now what God had planned for my life, I wanted to do what God wanted me to do. I wanted to be in that perfect will of God. So that my soul and my spirit can be at rest and HE takes you through that journey. Is it an easy journey - no, it is not, you go through hardship, you go through that lonesome valley, you have to walk it alone. I remember when I was at Myrna's and the Lord gave me this song to me - This Valley is for me, the waters have been made so sweet. It was through that song that the Lord was letting me know that this is what I need you to go through.

*As I look down this mountain side
I can see where this road goes
The shepherd is leading me
To a place where I can grow
Tho' it seems to be a trying test
I have no doubt he knows what's best
It just might be a place of perfect rest
This valley is for me*

*This valley is for me
The waters have been made so sweet
A pleasant rest for my weary feet
This valley is for me
A far cry from the mountain scene
The grass here has been made so green
My shepherd chose this route
So I can say without a doubt
This valley is for me*

*Standing here beside still water
I know why I am here today
This place of restoration
Will strengthen me along the way
Thru the valley i can feel
His presence here is so real
And now i know it was his perfect will
This valley is for me*

That is where He becomes so sweet to you, in your hardship, in your pain, and that is when you get to know Him. You get to know His attributes and you develop character. God wants to express His attributes, that is why He had Israel go through in Egypt so He can be known to them as Jehovah, He is a deliverer, He is a healer, He is the God of peace. That is the God that we want to know, all of His attributes and His characteristics.

1. Jehovah-Jireh You are my Provider
2. Jehovah-Shammah You are Present with me.
3. Jehovah-Shalom You are my Peace.
4. Jehovah-Nissi You are my Victory.
5. Jehovah-Roi You are my Shepherd
6. Jehovah- Tsidkenu You are my Righteousness
7. Jehovah-Rapha You are my Healer

Those are the seven redemptive names of Jehovah. That is the God that we wanted to know and the way we got to know Him was

through Jesus through the valley you go through, He saves you through the Lord Jesus Christ, through Calvary. That is how He can redeem you back to Him, and that is through Calvary.

Sam speaks: So you had a pretty good head start as a child, you kind of felt God, but there were still a lot of things that you still didn't know about this God as you journeyed through life and then He brought you to this truth, and He is shedding more and more light but at the heart of your whole complete life and if you had to be honest with yourself all you wanted was this God, to get to know this God and God heard that cry. It's like He is saying you want to get to know me then let's go through the fire and when you are done gone through that you will know me. Here I was just thinking about it, at the end of the day God knows that we care about people so what does He do He gives us this website the 2 of us. Sam, you want to get to know me more I'll let you know how I feel towards the human race, towards mankind, you just put this website out and tell people the truth. That is how you care for people what we are telling people is the truth but with God, you multiply that by a million. That is how much God cares for the Human race. So He gives us this job He gives us all we ever wanted besides knowing God to care about people. You don't care about people by rolling out the red carpet and giving them all kinds of finances and all that kinds of things. That is not how you care about people, it is by telling them the truth because it is the truth that will set you free. That is why the Lord got us to put this website out, this is not our website this is not our idea, this is simply the heart and the cry of our soul - Oh that I might know Him, the power of His resurrection, and the fellowship of His suffering. That is it but in all of that just like He did with David, ok, do you want to know what is in your heart there you are David, you asked me and David found out the secret things of his heart. All we ever asked of God was to get to know Him the power of His resurrection, the fellowship of His suffering so He gives us the job so to speak, the responsibility to roll out this truth, that is it. Simply from the bottom of our heart, we wanted to get to know this God, ok, I will give you the job, you got it now so roll it out there, that meat in due season and He has given us the rights to that living water. All we did was we had a desire to get to know Him the power of His resurrection and the fellowship of His suffering, and we were honest

we were not playing the game. I was serious and you better be serious when you cry out to the Lord because when He lets you know what you will have to go through because it is not going to be an easy road. You have to be gut-wrenchingly serious you can't be playing the game because you will get into a place and you will spend all night in prayer waiting for the next step, and to make it through the next persecution the next fire.

As I said, it was 2005 when we started fellowshipping a little together but it was not until He told me to pick you up to go trucking that is when it really got into the meat of the thing. That is when we started this website and we haven't looked back since He has been taking us from glory to glory and now it is getting clearer and clearer every day what our job is because one of the first scriptures the Lord gave me back then is in *2 Peter 1*:

*10. Wherefore the rather, brethren, **give diligence to make your calling and election sure:** for if ye do these things, ye shall never fall:*

You have got to know what God has called you to be, way back there before the foundation of the world He gave us all of these utensils, all of those tools to do exactly what He created us to do, and that is to deliver that meat in due season and to roll out this living water. He did all that back there, all we had to do was come to our place where we were so hungry for God. I did not care what it cost me, I didn't care what they do to me, if they would have shot me, I would have said go for it. That is how desperate I was to get to know this God if I had to be killed to find out then so be it. I could not have cared less, but this hunger and this thirst for this living God was so strong. Like the deer panted for the water brook so my soul longeth after you, and now we qualify. I didn't qualify myself and you didn't qualify yourself, the God of Heaven the Creator of the universe qualified us for this job here.

Finally, we got to that place that He created us for. That is what we are doing here. What I am trying to say is there is no point in being jealous of us, would you have wanted to go through what we had to go through, you want to go through 20 years by yourself not knowing if you are crazy and your own family wants to take you to the mental home because you are a little bit different than they are, you don't

allow yourself to be brainwashed into their way of thinking but you know God touched me, I know God told me to go speak for Him. I did and guess what, like that song says, I have just come into a valley, one like I have never been before.

Believe me, I was looking for a way out but there was no way out, there were padlocks on every door. Wherever there was an exit route there was a padlock on the door. I had to go down that deep valley. That is when the Lord gave me that dream, I saw myself kind of jogging down this deep dark valley, I didn't know what was down there I could not go back I could not go to that side or to that side, where the doors were barred. There were padlocks on the door. You can only go one way and that is to pray my way through this thing, whatever it was, and whatever was down in that valley I know that I had to go down that valley. That was the only exit route that I had.

There were 10-20 years of persecution and being alone, whenever you thought that you had somebody the first thing that they would do is they would stab you in the back. That is how my journey has been, it has been a good journey simply because I wanted to know this God the power of His resurrection, the fellowship of His suffering. It is simply that persecution, that cross of Christ. That is what it is and that is what we have gone through and now we are standing on the mountain and we are looking back and we can thoroughly see all this has been for our blessing to prepare us for this job here that we are doing. Like I was saying, it was not our choosing, we didn't choose that because I didn't even know that it was available, I just know one day I was so hungry for God that I didn't care what it cost and here we are we have this website. He even gave me what to call it - Let the truth be told. In this hour of time, people do not want to hear the truth but yet the Lord gave me the title - Let the truth be told.

Then we get this email, we don't get that many emails because somehow the Lord protects us from it. We got his email and you told me last night there is an email here and I just said is it positive or a negative and you said it is negative. So you read it, see I don't live in a negative world kind of thing, so when you read it I kind of just listened at it, I didn't listen to it with my whole heart. I listened with one ear, and I picked up a few things but when he called brother Branham a

con man, and he called us a cult, and then I knew that email it was not something that was of the Lord. That guy that sent that email, that Jim Barber, I know of only one Jim Barber, I don't know if it is the same Jim Barber it is brother Jackson's son-in-law. He married his oldest daughter that is the only Jim Barber that I know I don't know if it is him that send that email or not, but apparently, it is somebody that knows about brother Branham. It is somebody that knows about 2004.5, it is somebody that is acquainted with this truth.

As I have said, I don't listen to negativity, I try to find the mind of the Lord in everything. Like Paul said, I know no man after the flesh. I just wanted to feel the Lord's heartbeat in that email. Lord what are you saying, I went to bed and I couldn't get a grip or anything, I got up with a terrible headache, I could not even think straight anymore, I don't know why maybe it was an attack. Then this thing came to me about brother Branham, about calling him a con man and calling us a cult. This is not our thing this is the Lord's thing. Apparently, this person that sent us an email just does not get it, he does not believe what we are doing here what we are saying, he does not believe a thing what we are saying. When you can call brother Branham a con, then you might as well call the whole Bible a con because brother Branham was that 7th Church Age Messenger. He was that voice of that angel - *Revelation 10*:

7. But in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants the prophets.

Brother Branham was the key to this end-time, without brother Branham who was that Laodicean church age messenger the mystery of the grace age is incomplete. If you cannot accept the fact that brother Branham was exactly who we say he is you are not going to understand this end-time, and here this guy is sending an email trying to convince me that brother Branham was a con. I don't know if that is that Jim Barber, brother Jackson's son-in-law, if it is, see I was always wondering what that garment is, that wedding garment that it speaks of in *Matthew 22*:

11. And when the king came in to see the guests, he saw there a man which had not on a wedding garment:

If you would have asked me yesterday, what is that wedding garment, then I would have had to tell you I really don't know what that wedding garment is, I was still trying to find the heart of God, the mind of the Lord to what that wedding garment is for the hour that we are now living in. I didn't know last night, I was clueless, but this morning when I got up the Lord began to bring these things to me, man if you can say that Brother Branham was a con then you are not connected to this end-time message. You don't believe a word we are saying and I know that he listens and he looks at our charts and he finds fault with kind of everything that we are saying and doing. Like I was saying, I was always wondering what is that wedding garment and I found out today, if you ask me today what is that wedding garment I would tell you that it is this end-time message, this website here, if you do not believe what we are saying here then you don't have on that wedding garment.

The last month or the last 2 months I went over this whole thing, it may actually be the last 5 years that I was wondering who that person is when Jesus comes in and He taps that guy on the shoulder and asks him how did you get in here and why don't you have on a wedding garment. I visualize a lot of things, will Jesus be here but in the last year or so the Lord has been really straightening out the furniture so to speak with my thinking. Jesus is not literally going to come down here and walk among these tables. That is how I had imagined it walking up and down the tables and I had envisioned I would be sitting and Jesus would be walking up and down the tables and I would be hoping that He is not going to tap me on the shoulder, I hope He is going to leave me sitting here. That is how I had envisioned it with my natural thinking, so in the last year or two, that Lord has been coming on the scene and He actually shows me how it is actually going to work. It is not going to be Jesus Himself, it is going to be us that is going to test these people if they are qualified to be going to the marriage supper of the lamb. If you would have asked me that yesterday I could not have answered it but today the Lord began to reveal to me, that man that sent me that email, he does not believe one word that we are saying, he does not believe one word that the Bible says because he does not believe that brother Branham was

that Elijah. He believes that brother Branham was a con, and he was not a con man.

Lorraine speaks: If he was not this prophet of this age what then, because when the Lord saved me on the colony I was 21 on the colony, and I listened to a lot of preachers on the radio and I bought a lot of books and I read through these Christian books, and I had a whole shelve full of them, and I kept buying more and my spirit and my soul was looking for something and you don't really know what you are looking for until you find it. One of my brothers even asked me on day what I am going to do with my life, are you going to get married or what. I told him, I am going to see what Jesus has for my life. I wanted what Jesus had from me.

Sam speaks: That is where that - Oh that I might know Him comes in.

Lorraine speaks: I was looking and searching for the truth and it was not until I was given the book - The Seven Church Ages by William Branham. I felt that book in my hand, it was alive it was like the Holy Spirit was unctioining me this is the book. When I read it I took it to the scripture and I was so excited I could line everything up with the Word of God. That is what I was looking for everything thing that could line up with this Word. I was excited finally here I have a book that was telling me what my spirit and my soul were searching for and all these other books on my shelf, they became obsolete. In one second I never looked at them again they were all obsolete. Here was the book that I was wanting and what my soul was searching for.

Just like Martin Luther was searching for something, he was a theologian he was learned in the scripture but he was missing something there was something that was missing and there was that hidden treasure that he found. That hidden treasure in all of this Catholicism teaching it was hidden there - The just shall live by faith. God revealed it to him and there was that hidden treasure coming back, God was restoring that hidden treasure that was hiding in the 3rd Century through that Catholic church. That is what he lived for, that revelation, the just shall live by faith. That is what his soul and spirit were looking for. That is how it worked with me on the colony I was searching for something and it brought me right to brother Branham. That guy can call brother Branham a con man then

everything in this world is a con. People have no fear of God when they say these things. They have no convicting power, the Holy Spirit does not convict them and why is it, it is because they are still living in sin.

Sam speaks: That is what came to me during the night about this email they fear not God. How can you fear God and say that brother Branham is a con, especially if you know the 2004.5 time chart and you know all these things. It looks like he knows a little bit, and here he goes out and calls brother Branham a con, and then he calls us a cult. He downplays everything that we are saying and he takes everything out of context, but to sum it all up, he does not believe this last-day message, he does not believe the day and hour that we are living in. Whoever he is he does not have on that wedding garment and I have to say, I will have to tap him on the shoulder buddy Mr. Jim, out.

There is no other way of saying it because I remember back in the day when brother Jackson had to deal with Tim McKay and Ralph Strommen and brother Jackson told Tim McKay I don't want you to be preaching here at Faith Assembly anymore, I don't want you to go to these different churches to preach, what you do in your home church that is your business I have no jurisdiction over that but I do have the jurisdictions here and I don't want you in this pulpit. He was bringing in teachings that were contrary to what was being taught. You have to know brother Jackson, he was under the anointing to deal with that Tim McKay issue and that Strommen issue. Anyway, the convention was coming up so Tim McKay calls up brother Jackson and asks him if it would be okay if he would come to Convention, and you know brother Jackson he does not like to rock the boat so he told him it is okay. Then he asked him if it would be okay if he would sit up at the pulpit and you know brother Jackson, he said okay. We all thought what is he doing up there, he was just terminated but he had gotten the go-ahead from brother Jackson to be able to sit up behind the pulpit. I know the character of brother Jackson he does not like to offend anybody he wants to be a friend to everybody but sometimes you just can't but anyway, Tim McKay sits at the pulpit when the Convention starts, and some of us looked up and wondered what was

going on and why was he was sitting up there but be as it is, he was up there sitting there.

Anyway, after the service, all these people went up for prayer and the ministers they go over to pray for the people, Tim McKay also gets up out of his chair and he goes over to pray for people. Now it was not just coming to the Convention and sitting up at the pulpit now he thinks he is part of this and he starts to go over to pray for people and I watched it all. I saw it all with my own eyes and Allen was like a bullet he gets up and goes over there and taps him on his shoulder and probably just about knocked his shoulder out as he was tapping him on his back and he was motioning him to go back and sit down in his chair. That is the tap that Jim Barber is getting you don't believe this truth here, it is not our truth, it is the Biblical truth of how the Lord has led us to where we are today, the fellowship of His suffering, what we had to go through 20 years by ourselves. My own family wants to take me to the mental home. If I would not have gotten out I would be in the mental home today. All that we had to go through and he comes and calls us a cult and tries to find fault to everything that we are saying here and he calls brother Branham a con. Sorry boy, you are getting a tap on your shoulder - out to outer darkness. It is obvious you don't believe a word we are saying and obviously, you don't know the day and the hour that we are living in and obviously nothing we are saying means nothing, and when the things that we are saying means nothing, then nothing that anyone has ever said means anything, and everything is a con, then whole Bible is a con.

Lorraine speaks: It always reminds me of Elijah, the people were so steeped in apostasy and worshipping Baal. When you read *1 Kings 18*:

21. And Elijah came unto all the people, and said, How long halt ye between two opinions? if the LORD be God, follow him: but if Baal, then follow him. And the people answered him not a word.

Elijah went over what they are going to do and God was going to vindicate who His prophet is and who is God, He had to vindicate by the word of Elijah who God is. It is not Baal and all these false teachers out there it will have to be God that will vindicate the truth because we are living in such a dark hour.

Sam speaks: Somehow God is going to have to vindicate that we are right on track; that we are that. He will have to vindicate that in the hearts of people, like in my heart He vindicated who brother Branham is and that is why I would have never even thought about letting it cross my mind to think that he is a con. I knew it, the Lord let me know this is my prophet, no matter what Lance Leroux says or that Jim Barber out there and no matter what all these high up preachers say, God's prophet to this age was brother William Marrion Branham and he was the voice of that angel, the beginning of that voice nobody can take that away from me, and I know that brother Jackson was that second face and this here is the third phase. What we are saying here is not to lift us up, we have to say it because we care about people, we have got to tell people the truth because if we don't we are neglecting our job and God will count us as unfaithful. We care about people and the only way we can care about people is you tell them the truth for your day and hour. This here is the truth for your day and hour I could not say it so bluntly a year ago. I could not even say last night what that wedding garment is. Now I can say, Jim Barber, whoever he is, he didn't leave us any address, whoever he is he bought himself a ticket to outer darkness. I can't speak any other way because in the course of the last 6 months or so the Lord let me know that it is not going to be literal Jesus that is going to go down there and tap that guy on the shoulder we are going to have to do that, by the inspiration of the Lord Jesus Christ and He will show us exactly what is going on.

Like I said yesterday I did not know what that wedding garment is, but I know today. Today I know that Jim Barber does not have a wedding garment on, and I know today that that wedding garment that is going to take you to the wedding supper of the lamb is if you believe this here truth. It is just that simple I can't put in any simpler, because I have been searching for years what that wedding garment is. Is it a dress code, is it this, that or the other and I found out during the night what that wedding garment is. I found out this morning what it is and it is believing the truth for your day. It all interconnects, it is all zeroing in to that funnel here, how everything all throughout the Bible, you can go right from the beginning of Adam and Eve, He gave them His Word to partake of the tree of life, and don't eat from the tree of the knowledge of good and evil and if they would have believed God

and stayed with the Word that when that serpent came to deceive all they would have had to do is believe God. You can walk right through the Bible, Abel believed God, and he brought a righteous sacrifice, he brought the real one. You walk right throughout the Bible and it is all about believing, now here in this end-time God does not change, His precepts it is still all about believing.

When He wept over Jerusalem because they did not recognize the day of their visitation. It is still about believing they did not believe Jesus, they did not believe in Jesus. I was reading this morning, all that God required of them is to just believe, if you can just believe that Jesus Christ is that then you have eternal life. It is all about believing, how do you get through to a people in a generation where it is all about works, trying to please God with their works and their dress code, with living in a commune and thinking that that will get them into eternal life. Eternal Life is simple to believe the message for your day, and here this Barber guy comes along and he does not believe one word, he even goes back and says that brother Branham was a con man. When actually the end-time hinges on the ministry of brother Branham. We would know nothing about no midnight cry, we wouldn't know anything about the seals, everything hinges and goes back to William Marrion Branham. Before we put these messages on the USB stick the Lord burned it into my DNA, about 2 0'clock in the afternoon, you make sure to put the life story of William Branham on the headlines and that stick that we are sending out begins with brother Branham life story. He is the kingpin to this end-time without brother Branham you are never going to understand this end-time, you are blind as a bat and here he tries to convince us that he is a con. I do not believe that he is a con, I believe he is that Laodicean's church-age messenger.

Lorraine speaks: He is that church age messenger, that Elijah messenger, and anyone that can listen to that life story of brother Branham and not cry, it just melts my heart every time that I hear it because I can identify with the man. Anyone that can just listen to it and not get anything out of it must not be a child of God. He is that spirit of Elijah that will turn us back to the faith of the early church as it says in *Malachi 4*:

5. Behold, I will send you Elijah the prophet

before the coming of the great and dreadful day of the LORD:

6. And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.

Sam speaks: That person is not in touch with reality I was thinking about 6 months ago, we were fasting and we had a burden, and you said something about brother Jackson's family, we had a burden for his family, we realized that brother Jackson, may have, I don't know if he did or not but he was so into the Word, to deliver a people to the Lord, like Paul said, a chaste bride unto the Lord. That was his passion to preach and to be in this Word, and I am sure I know how it is there were times that he would have neglected his family. His family grew up without that real thing because brother Jackson was so into the Word that it took up a lot of his energy and it took up a lot of his time. His passion was to deliver a bride for the Lord Jesus Christ. At the end of the day that is what his passion was, and like I say, after the split not one of brother Jackson's children came out and stood and supported brother Jackson. They allowed Allen to mutilate everything that he said, I could not understand why that is and as time went on the Lord got us to pray. I was just getting ready for bed and the Lord pressed on us to pray for his immediate family members. The Lord moved on us to pray for them. That is just the immediate family now, we prayed and somehow God is going to see to it that they are going to make it to the marriage supper of the lamb. He is going to see to it because we prayed under the inspiration under the anointing, we prayed for the immediate family.

When I heard that from that Barber, I don't know if it is that Barber but let us assume that it is him, hopefully, it is not him, but the in-laws and all, they were not involved in that prayer, it was just the immediate family. What their husbands do and so on that is up to them all they have to do is believe this message just like everyone else. If that is the same Jim Barber he just disconnected himself from this very nucleus of people that is going to go to the marriage supper of the lamb, that is going to be found worthy, because we prayed under the inspiration of the Lord Jesus Christ to pray for that family. God knows the ins and outs, He knows everything that brother Jackson went through, He knows what his family went through and He

got us to pray for them, and somehow they are going to be there. It does not matter what they do or what they don't do, but the prayer was not delegated to their husbands. They are going to have to find their own way through somehow, but that is what I see, that man just got a tap on the shoulder, Jim Barber whoever you are, out to outer darkness. I can't speak any other way but plain and simple I have to tell people the truth.

Back in the day, the Lord spoke to me, make you're calling and your election sure. Make sure that you burn it into your DNA what you're calling is. I didn't know at the time that it involves all of this here, but here now in this end-time the Lord brings it back to my remembrance - make your calling and your election sure. Sam, you have got to know what you have been called to do. Paul knew what his calling was, Peter knew what his calling was, and Jesus knew what He was called to be the Son of God, He knew that He had to go to calvary. He knew that beyond a shadow of a doubt. I know that this is our job here, I knew when the Lord told me to pick you up, and a thought came to me, what are people going to say, do and think, then the Lord came on the scene without you there is no program, it stops right here, Sam. You might as well never have been born nothing that you do from here on in, without Lorraine it is obsolete, you are just wasting your time.

That is the way it is today, this is not our program, this is the Lord's program. What people say, do, or think does not really matter to us. That is one thing that the Lord has trained me over the years it does not matter what people think. We know what the natural man thinks. They found fault with Jesus, they will find fault with you. The same with this website they are going to find fault with it, of the many millions of people in this world don't expect everyone to believe you. Look at everything that I have had to go through and you are the only person, from my family and on, you are the only person that agrees with me. We are the only two people that agree with each other. If somebody comes along and does not agree why would he, if even our own family do not agree why would he whoever he might be.

That's why we are here where we are at simply because as a deer panted for the water brook. That is the only crime that I committed I wanted to get to know God. Oh, that I might know Him

and the fellowship of His suffering. The rest of it does not really matter God satisfied my soul, and He let me get to know Him, and to feel His heartbeat. He said I will guide you with my eyes, He is doing this whole thing, this is His website, this is His living water, this is His meat in due season. He just found us to be faithful and wise to deliver meat in due season, as it says in *Matthew 24*:

45. Who then is a faithful and wise servant, whom his lord hath made ruler over his household, to give them meat in due season?

It does not say who is that faithful and wise servant that James Allen has found worthy to give them meat in due season. No, it says who God has found to be faithful and true to give them meat in due season. I for myself don't find myself worthy to do anything, but God found us faithful likewise to do what - To deliver that meat in due season, and then to deliver that living water. Then to tap that person on the shoulder - out. Whoever it may be, all I know is if you do not believe this here truth, the final chapter, it is not the end of grace, you can still get saved by other means. Like the 144,000 they are going to be preaching the everlasting gospel in the last part of the week of Daniel and a lot of them will be saved through them prophesying.

There are a lot of people that will go to Heaven by not accepting the Mark and by not caving it the image of the beast. It says, blessed is he who dies in the Lord from henceforth. Then there is that woman that represent the Israeli people that will believe the message of the two prophets, that will warn them to flee to America, away from that man of sin, that pope that will go after the Jewish people to kill them in the last part of the week, for 3.5 years, and they will flee to the wilderness (America). Then there are those sheep people that will go into the Millennium reign, but this here channel is the only way to get into the marriage supper of the lamb. If you don't have on that Wedding garment and that wedding garment is to believe this end-time truth here. It is just that simple I can't put it any other way. I know what I am saying, and I know what I saw. I know what the Lord has pulled me through, and I am not complaining about what He pulled me through. He had to pull us through whatever we went through to prepare us for this hour. Nothing is going to move us, after years and years of searching for what is that wedding garment, and I listened to what brother Jackson said about that wedding garment and I listened

to what brother Branham said, but nothing resonated with my spirit until this morning. That Jim Barber does not believe the message for his day, and it disqualifies him from going to the marriage supper of the lamb it is just that simple. He does not have on the wedding garment, the wedding garment is to simply believing the message for your day.

That is what it has always been, go back and walk through the Bible it has always been that way and it is all about believing the message for your day. It is all about believing the Word that God gave to you. He gave Abraham a word, let's go, I will show you a land and he believed it, and it was reckoned to him as righteousness. Even though his family didn't think too much of it, they probably mocked him, he does not even have a son, he is 100 years old, and here he is going around bragging that his descendant will be like the sand of the sea, and here he has nothing so they make fun of him. It is just the way people are, people don't change, and finally when he was 100 years old that promised seed comes along. To their dismay and now they have to change their tune, and it was all about getting that promised land. It was all about land back then, he knew God promised and he staggered not at the promise. Now here all these years later God is going to give them back that land. God is true to His promise.

Look what He has done for us, how faithful He has been to us. He said - Seek ye first the kingdom of God and His righteousness and all these things will be added unto you. That is what we have been doing for the last 30 years, I look at how much He has given us over and abundantly more than we can handle. He has been faithful He took us off the truck because He saw what is coming, 2 years ago He got us off the truck told us to sell it, and you can see why now, with all the storms and this Covid thing. The Lord knew all of that was coming, He takes us off and tells us to go home. This is my judgment out there don't worry about what is going on out there that is not our mission. That is not our calling, our calling is to do exactly what we are doing here we are telling people the truth. God cares about people and He is letting us feel His heartbeat. Sam, I care about people and I am going to give them this truth, tell them the truth. That is what will set them free. That is all we are doing here telling people the truth if

they want it fine it is not up for debate. You don't debate with God, it is yea and amen. What we are saying here are yea and amen. If you don't agree with it go somewhere else. We are not in the debating business. If you don't believe this here truth then I'm sorry into outer darkness and it is already beginning to happen. I was wondering how will I know who that guy is when I didn't even know what that wedding garment is, but I know today. I could not have had this conversation yesterday because I didn't know what that wedding garment is. The Bible backs it up the wedding garment is the truth for your day and hour - oh that I might know Him. Jesus wept over Jerusalem because they did not know the hour of their visitation. I am heartbroken how people reject and reject, but I can't allow myself to be like Samuel over Saul, he was lamenting over him and God came on the scene and asked him how long are you going to lament over him I have discarded him as king now let's go, I have found myself another king, a person after my own heart. Let's go, let's go onto the next chapter. I can't take time out to feel sorry for people because they have rejected the truth, even my own children reject everything that I say. You have to leave them with the Lord, you can't let that burden you down because what the devil does he will use that very thing to get you to a state of depression. You are no good in a state of depression. It says, the joy of the Lord is your strength, you have to believe the message for your day even if your whole family turns against you. God wants you to be free, rejoice in the Lord and again I say rejoice. That is where we are at, I am not going to lament over this Jim Barber or whoever he might be, he just got a tap on his shoulder out. It is not a game this is serious. He is the one that is spreading lies, and then he gossips with his friends turns people against us and sends them out in the wrong direction.

Lorraine speaks: That is what I mean he is the one spreading lies.

Sam speaks: All the people that he affects by doing that, you could lament over it but that is not our job. Our job is just to present the truth, to give people the truth. That is what the gospel is the truth, and there will be people out there that are going to grab it. Like when you saw The Seven Church Age book, that book had been floating out there for years, and it wasn't until you held it in your hand that it did something to you. That prophet has been around back in the 60's I

was only 40 years old when I came to the ministry of Brother Branham but he was out there before then. I just came in contact with his ministry in the 90's and I believed it. There he was all along all these years he had been out there preaching his heart out and I didn't even know that he existed. There came a time when it crossed my path and I grabbed it. That is it that is what I have been looking for. I just emerged myself into it, and I went from glory to glory and I have been going ever since.

Then it talks about these fatted calves like it says in *Malachi*. That is what you and I have been doing for the last 20-30 years since we came into contact with the message for our day brother Branham and then to the ministry of brother Jackson even more pasture. In *Malachi 4*:

2. But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall.

That is this truth here all you have to do is tap in and become part of these fatted calves. There is good stuff on there and not just because I say it. I don't even know sometimes what I am saying the Lord lets me see a picture, and I just try my very best to express the picture that I see hanging on the wall. Oh that I might know Him, and then I go and see David was saying the same thing, the apostle Paul was saying the very same thing. Is it what you want to know, then you will have to stand alone, and he came out and he said - I stood along, no man stood with me. That is how he got to know God, that is where I have been for the last 20 years until you came on board nobody ever agreed with me. Everyone just thought that I am crazy, but I knew what I saw.

Lorraine speaks: That is what I knew, the God that I knew and experienced growing up, and then coming into the ministry of brother Branham and brother Jackson and when I heard you it bore witness with my spirit that that is true. It bore witness how I knew and got to know God. What you were saying bore witness in my spirit of the very same God.

Sam speaks: It is not only that when you were in trouble one time you called me up to asked me - why am I crying all the time. I told you I don't know but I will see what the Lord says. I had barely hung up

the phone and the Lord let me know it is because you had gone out and dyed your hair. She is not content with the way I made her she wants to change that and dye her hair black. So I called you back and let you know that it is because you went and dyed your hair black and the Lord is not impressed with it, and there it was. I am in contact with God and He let me know and you know that it is true, because your brother told you the same thing. I guess it didn't register, but I guess it just goes to show what the Lord was doing He was building a trust in us that we can trust each other. That is what the Lord was doing and to this day He is still working on us to take out stuff. We are not perfect, we are en route to that city.

Heavenly Father we just had a conversation around your Word, we just want to give you thanks for allowing us to see this wedding supper and this wedding garment and to finally come out and say what it really is, and what qualifies people to have on that wedding garment and what makes people go out to outer darkness. What qualifies people to stay the course, and that is to simply believe this truth, the truth for their day and hour and it backs it up with the scripture, and your characteristics. It has always been that way to believe the message for your day Lord, and here you have it and if they believe it you will take them right on to the marriage supper of the lamb. That glorious hallelujah time, and we just want to give you thanks that you would find us worthy to do that. I just pray that you will continue to lead and guide us by that of your spirit we asked these things in Jesus name, Amen.
